(c) *Restrictions on purchase, acceptance of delivery, and use of closures*—(1) *Closures made of tinplate.* No person shall use any glass container closures made of tinplate to pack any of the following products:

Alcohol; rubber cement of solvent type; acetone; amyl acetate; carbon bisulfide; triethanolamine; sodium silicate; benzol, including but not limited to naptha; dyes (paste or liquid); fire extinguisher fluid; graphite; liquid glues and pastes; glycerine; polish; waxes (emulsion type); and paints, including but not limited to shellac, varnish, lacquer, enamel, turpentine, linseed oil, and paint thinners.

The foregoing prohibition shall not apply to the use of glass container closures for packing any of the following products where chemical purity is required:

Alcohol; acetone; amyl acetate; carbon bisulfide; turpentine; and glycerine; or closures to be used on glass containers for paste and liquid dyes for certified food colors.

(2) *Closures made of tinplate or terneplate.* No person shall use any glass container closures made of tinplate or terneplate to pack any of the following products:

Coffee; tea and teaballs; dry spices (except those containing salt, onion salt or garlic); candy; butter; peanut butter, lard, shortening, and edible oils; baking powders; tobacco and tobacco products, including cigars and cigarettes, smoking and chewing tobacco, and snuff; cements, including linoleum, radiator, shoe, and belting cements; radiator antirust compounds, carbon removers, and knee-action or brake fluids; lighter fluids; oleic acid; dry cleaners and dry cleaning fluids; dry solvents; insecticides and agricultural disinfectants; printing, duplicating, and lithographing ink; lubricating oil and cutting oil; medicinal oils, ointments, and petroleum jelly; graphite (where no water is present); and paste type waxes.

(3) *Closures made of tinplate, terneplate, or blackplate for malt beverages or non-alcoholic beverages.* During any calendar month, beginning June 1, 1942, no person shall use any closures made of tinplate, terneplate, or blackplate, to be affixed to glass containers for malt beverages or non-alcoholic beverages, in excess of 60 percent of the tonnage of such glass container closures made of tinplate, terneplate, or blackplate which he used for such purposes during the corresponding month of 1941: *Provided,* That such person shall be allowed to use an additional tonnage of such closures, equal to 60 percent of the tonnage of such closures made from 90 pound per base box blackplate which he would have used for packing in glass containers of equivalent capacity the malt beverages which he packed during the corresponding month in 1941 in flat-top cans and cap-sealed cans made of tinplate, terneplate, or blackplate. To the extent that a person uses lighter weight closures than he did in 1941, the number of closures which he may use is increased, since the quota shall be calculated upon the basis of the total weight of blackplate to be used. For the purpose of calculating the tonnage of finished closures in the possession of the user on or before June 1, 1942, all such closures may be considered as having been made from 90 pound per base box blackplate.

No person shall purchase or accept delivery of closures made of tinplate, terneplate, or blackplate to be affixed to glass containers for malt beverages or non-alcoholic beverages, when the effect of such purchase or delivery will be to increase his inventory of such closures beyond 20 percent of the number of such closures for glass containers, which he used during the calendar year 1941, plus 20 percent of the number of such closures he would have used for packing in glass containers of equivalent capacity the malt beverages which he packed during the calendar year 1941 in flat-top cans and cap-sealed cans made of tinplate, terneplate, or blackplate.

(4) *Closures for waters.* No closures made of tinplate, terneplate, or blackplate shall be affixed to glass containers smaller than 12 fluid ounces, for packing unflavored carbonated, natural or mineral waters, unless such glass containers were manufactured on or before June 1, 1942.

(5) *Closures for wine or distilled spirits.* Until August 1, 1942, no person shall purchase or accept delivery of any closures made of tinplate, terneplate, or blackplate to be affixed to glass containers for wine or distilled spirits when the effect of such purchase or delivery will be to increase his inventory of such closures made of tinplate, terneplate, or blackplate beyond a quantity equal to the tonnage of such closures which he used during the months of May, June, and July, 1941. Beginning August 1, 1942, no person shall purchase or accept delivery of such closures except those which were completely manufactured or in process of manufacture on or before the effective date of this order and which cannot be used for products other than wine or distilled spirits by reason of private lithographic design or other special construction.

(d) *Exceptions*—(1) *Closures for malt beverages or non-alcoholic beverages.* The quota restrictions specified in paragraph (c) (3) relating to the use of closures for malt beverages or non-alcoholic beverages shall not apply to closures which are used for the sale and delivery of malt beverages or non-alcoholic beverages to or for any of the following persons or agencies:

(i) To any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), to the Army or Navy of the United States or such other governmental agency as the Director General for Operations may designate.

(ii) To any person, for retail sale through concessions at restaurants at Army or Navy camps or through outlets not operated for private profit and established primarily for the use of Army or Navy enlisted personnel within Army or Navy establishments or on Army or Navy vessels, including posts exchanges, sales commissaries, officers' messes, servicemen's clubs and stores.

(iii) The American Red Cross or the United Service Organizations.

(2) *Certain closures on hand or in process of manufacture.* In respect of closures for glass containers other than for malt beverages, non-alcoholic beverages, wine, and distilled spirits, nothing in this order shall be construed to prevent the completion of closures made of tinplate, terneplate, or blackplate which was already lacquered, varnished, or lithographed on or before April 3, 1942, or to prevent the sale, delivery, and use of such closures so manufactured, or the sale, delivery, and use of completely manufactured closures in inventory on such date; provided that such closures cannot be used for purposes permitted by this order, by reason of private lithographic design or other special construction.

(e) *Miscellaneous provisions*—(1) *Applicability of Priorities Regulation No. 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944) as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case provisions of this order shall govern.

(2) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of material conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense work, may appeal to the War Production Board by letter or other written communication, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(3) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Washington, D. C. Ref.: M-104.

(4) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance. [1] This document is a restatement of Amendment No. 1 to M-104, as Amended May 30, 1942, which appeared in the FEDERAL REGISTER of September 29, 1942, page 7660, and reflects the order in its completed form as of September 26, 1942.

PART 1176—IRON AND STEEL CONSERVATION

[Conservation Order M-126 as Amended October 2, 1942[1]]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of iron and steel for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1176.1 *General Conservation Order M-126*—(a) *Restrictions with respect to List A products.* Except as provided in paragraph (c):

(1) *Raw material deliveries and fabrication.* From and after May 20, 1942, no person shall deliver or accept delivery of any iron or steel which he knows or has reason to know will be used to make any item on List A or part thereof, and from and after June 19, 1942, no person shall put into process or process any iron or steel to make any item on List A or part thereof.

(2) *Assembly.* From and after August 3, 1942, no person shall assemble any item on List A or part thereof containing any iron or steel.

(3) *Finished item deliveries.* No person shall deliver or accept delivery of any item on List A or part thereof which he knows or has reason to know was fabricated, assembled or delivered in violation of any applicable provision of this order as amended from time to time.

(b) *Restrictions with respect to Supplementary List A products.* Except as provided in paragraph (c):

(1) *Raw material deliveries.* From and after the applicable governing date (as hereafter defined) of any item on Supplementary List A, no person shall deliver or accept delivery of any iron or steel which he knows or has reason to know will be used to make any item on Supplementary List A, or part thereof.

(2) *Fabrication*—(i) *Limitation.* During the 30 days next following the applicable governing date of any item on Supplementary List A, no person shall put into process any iron or steel to make any item on Supplementary List A, or part thereof, in an aggregate weight greater than 75 percent of the average monthly weight of all metals put into process by him during 1941 in the making of such items and parts, and no person shall put into process any iron or steel in the making of any such item or part unless processing thereof will be completed within such 30 day period.

(ii) *Prohibition.* From and after the date 30 days after the applicable governing date of any item on Supplementary List A, no person shall process any iron or steel to make any item on Supplementary List A, or part thereof.

(3) *Assembly.* From and after the date 60 days after the applicable governing date of any item on Supplementary List A, no person shall assemble any item on Supplementary List A, or part thereof, containing any iron or steel.

(4) *Finished item deliveries.* No person shall deliver or accept delivery of any item on Supplementary List A, or part thereof, which he knows or has reason to know was fabricated, assembled or delivered in violation of the provisions of this paragraph (b).

(c) *Exemption for Army-Navy-Maritime orders.* The provisions of paragraph (a) shall not apply to Army-Navy-Maritime orders for any item on List A or part thereof until August 4, 1942; and the provisions of paragraph (b) shall not apply to Army-Navy-Maritime orders for any item on Supplementary List A or part thereof for a period of 60 days after its governing date. From and after the expiration of the applicable exemption period, no person shall deliver, accept delivery of, put into process, process or assemble any iron or steel for the making of any item on List A or Supplementary List A, or part thereof, unless such item or part is on List C. The provisions of paragraphs (a) and (b) shall not apply to Army-Navy-Maritime orders for any item on List C or part thereof.

(d) *Restrictions with respect to other products*—(1) *Roofing and siding.* No person shall manufacture any iron or steel into roofing or siding except:

(i) For delivery to or for the account of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development; or

(ii) For delivery on a preference rating of A-1-k or higher assigned by a PD-3A preference rating certificate or by a preference rating order in the P-19 series; or

(iii) For defense housing, as permitted by the Defense Housing Critical List; or

(iv) For the manufacture of railroad freight cars, street cars, busses, trucks or trailers; or

(v) For delivery to an ultimate purchaser for maintenance and repair purposes regardless of rating. With respect to this paragraph (d) (1) (v), no person may manufacture from May 5, 1942 to December 31, 1942, more than 20 percent of the roofing and siding made by him from iron or steel during the calendar year 1940; or in the calendar year 1943 and subsequent calendar years, more than 25 percent of the roofing and siding made by him from iron or steel during the calendar year 1940.

Any person manufacturing or selling any such roofing or siding may rely on the certificate of his customer that such roofing or siding will only be sold or used as permitted by this paragraph (d) (1).

(2) *Other products.* From and after May 5, 1942, no person shall use any iron or steel to make any article not on List A or Supplementary List A, or any part thereof, where and to the extent that the use of other material (excluding material on List D) is practicable. Alloy steel shall not be used when the use of carbon steel is practicable, and no more iron or steel shall be used in connection with the manufacture of any such article than is essential. The provisions of this paragraph (d) (2) shall not apply in the case of articles or parts to be purchased by or for the account of the Army or Navy of the United States or the United States Maritime Commission, or to be physically incorporated into products to be so purchased to the extent that the use of iron or steel is required by the specifications (including performance specifications) of the Army or Navy of the United States, the United States Maritime Commission applicable to the contract, subcontract or purchase order.

(e) *Restrictions with respect to other scarce materials.* No person whose use of iron or steel is restricted by paragraphs (a), (b), (c) or (d) shall use as a substitute therefor any material on List D.

(f) *Disposition of frozen and excessive inventories.* The disposition of frozen and excessive inventories containing iron or steel shall be subject to the applicable provisions of Priorities Regulation No. 13 (§ 944.34).

(g) *Miscellaneous provisions*—(1) *Applicability of Priorities Regulation No. 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(2) *Appeal.* Any appeal from the provisions of this order must be made on Form PD-500 and must be filed with the field office of the War Production Board for the district in which is located the plant to which the appeal relates.

(3) *Applicability of order.* The prohibitions and restrictions contained in this order shall apply whether the items are ordered or manufactured pursuant to a contract made prior to, on or subsequent to May 5, 1942 or pursuant to a contract supported by a preference rating. Insofar as any other order of the Director General for Operations may have the effect of limiting or curtailing to a greater extent than herein provided the use of any material in the production of any item, the limitations of such order shall be observed.

(4) *Intra-company deliveries.* The restrictions of this order with respect to deliveries prohibit or restrict deliveries not only to other persons, including affiliates or subsidiaries, but also from one branch, division, or section of a single enterprise to another branch, division, or section of the same or any other enterprise under common ownership or control.

(5) *Violations.* Any person who wilfully violates any provision of this order or who wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

[1] This document is a restatement of Amendment 7 to M-126 which appeared in the FEDERAL REGISTER of October 3, 1942, page 7833, and reflects the order in its completed form as of October 2, 1942.

(6) *Installation.* The restrictions of this order with respect to putting into process, processing, and assembling shall not apply to the installation of an item or part for the ultimate consumer on his premises when any putting into process, processing or assembling of such item or part is incidental to such installation and is done on such premises.

(7) *Repair.* The restrictions of this order (other than those contained in paragraph (d) (2)) shall not apply to a person repairing a used article on or off the premises of the owner, if the person making the repair does not use steel or iron weighing in the aggregate more than 25 pounds and if any putting into process, processing or assembling done by such person is for the purpose of making the specific repair.

(8) *Definitions.* For the purposes of this order:

(i) With respect to any item on Supplementary List A, or part thereof, "Governing date" means the date set forth opposite such item in Column 2 of Supplementary List A.

(ii) "Army-Navy-Maritime order" means an order for material to be purchased (or physically incorporated into material to be purchased) by or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration, where the use of iron or steel is required by the specifications (including performance specifications) of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration, applicable to the contract, sub-contract or purchase order.

(iii) The terms "iron" and "steel" shall not be deemed to include screws, nails, rivets, bolts, or wire, strapping or small hardware for joining or other similar essential purposes.

(iv) "Process" means cut, draw, machine, stamp, melt, cast, forge, roll, turn, spin, or otherwise shape.

(v) "Put into process" means the first change by a manufacturer in the form of material from that form in which it is received by him.

(vi) The term "assemble" shall not be deemed to include the putting together of an article after delivery to a sales outlet or consumer in knockdown form pursuant to an established custom. The term "assemble" shall also not be deemed to include adding finished parts to an otherwise finished article when the placing of one or more finished parts or the size or type of one or more finished parts is determined by the use to which the ultimate consumer is to put the article. PART 1198—GLASS CONTAINER AND CLOSURE SIMPLIFICATION

[Schedule C to Limitation Order L-103, as Amended September 30, 1942 [1]]

GLASS CONTAINERS FOR PRESERVES AND JELLY

§ 1198.4 *Schedule C to Limitation Order L-103*—(a) *Definitions.* For the purposes of this schedule:

(1) "Preserves and jelly," means the following:

(i) The product made from fruits, berries, fruit and berry juices and sugar by evaporation according to standards of identity established by the Food and Drug Administration;

(ii) The food products commonly known as preserves, conserves, jams, jellies, marmalades, fruit butters and imitations although same may deviate from the Food and Drug Administration standards;

(iii) The term shall not include aspic or meat jellies.

(2) "Standard glass container for preserves and jelly" means any of the following:

(i) A tumbler with a finish not larger than 68 mm. and with an overflow capacity of 9.4 fluid oz.

(ii) A tumbler with a finish not larger than 73 mm. and with an overflow capacity of 12½ fluid oz.

(iii) A glass container described in Exhibits 10, 14, 18, 22, and 23 of Limitation Order L-103, which possesses the finish prescribed for the respective container in the said Exhibits or any other Glass Container Association standard finish which is interchangeable therewith without alteration of the specified body mold.

(b) *Restrictions on use.* With the exceptions set forth in paragraph (c) of this schedule, on and after September 12, 1942:

(1) No person shall use a glass container other than a standard glass container as herein defined for the packaging of preserves and jelly for sale.

(2) No person shall use the standard glass container described in subparagraph (a) (2) (i) of this schedule for the packing for sale of any commodity herein described as "preserves and jelly," except jelly.

(3) No person shall use the standard glass container having a capacity of one quart and described in Exhibit 18 of Limitation Order L-103 for the packaging for sale of any commodity herein

---

[1] Maintenance and repair excepted.

[1] This document is a restatement of Amendment 1 to Schedule C to L-103 which appeared in the FEDERAL REGISTER of October 1, 1942, page 7775, and reflects the order in its completed form as of September 30, 1942.

defined as preserves and jelly, except fruit butter.

(c) *Exceptions.* (1) Nothing in this schedule shall prevent the use for the packaging of preserves and jelly of any non-standard glass containers which were

(i) Completely manufactured on or before the 12th day of September, 1942, or

(ii) Which have the same capacity as any standard glass container described in this schedule, and were completely manufactured prior to January 1, 1943, from a mold actually in existence prior to September 12, 1942.

Provided, however, That no person shall use for the packaging of preserves and jelly for sale any glass container purchased or delivered on or after September 12, 1942, which has a capacity differing from those established for standard glass containers by this schedule, unless and until he shall have received from his seller a certificate or certificates covering all such containers so used, manually signed by such seller, or by an individual authorized to sign for such seller, in the following form:

> The undersigned hereby certifies to his vendee and to the War Production Board that those containers covered by the annexed purchase order which have capacities differing from those established for standard glass containers in Schedule C to Limitation Order L-103 were completely manufactured on or before September 12, 1942.

And no person shall use for the packaging of preserves and jelly for sale any non-standard glass container purchased or delivered after January 1, 1943, unless said certificate, in addition to the foregoing, shall state:

> And those non-standard containers covered by the annexed purchase order having the same capacities as those established for standard glass containers in Schedule C to Limitation Order L-103 were completely manufactured on or before January 1, 1943, from a mold actually in existence prior to September 12, 1942.

And provided further, That no person shall be entitled to rely on any such certificate if he knows or has reason to believe it to be false.

(2) Nothing in this schedule shall restrict the sale, delivery, use or manufacture of glass containers larger than one gallon capacity, of designs that existed on May 11, 1942.

(3) Nothing in this schedule shall be deemed to prevent or restrict the use for the packaging of preserves and jelly of any non-standard glass containers by a person who packed less than 1000 pounds of preserves and jelly for sale during the twelve months' period beginning September 1, 1941, and ending August 30, 1942.

(4) Except as specifically permitted by the exhibits referred to in paragraph (a) (2) (iii) of this schedule, lettering on standard glass containers for preserves and jelly shall be limited to the manufacturer's identification (which may include trademark, name, symbol), place of manufacture, date of manufacture by year, design number, and mold or cavity number.

(d) *Manufacture.* On and after September 12, 1942 no molds may be manufactured for a preserves or jelly jar or finish which does not conform to the specifications of a standard glass container for preserves and jelly, nor may any mold for a glass container for preserves or jelly be replaced—whether because of wear or for any other reason—except by a mold which conforms to the said specifications.

PART 3022—SILVER

[Conservation Order M-199 as Amended September 28, 1942[1]]

The fulfillment of the requirements for the defense of the United States has created a shortage in the supply of silver for defense, for private account, and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3022.1 *Conservation Order M-199*—(a) *Definitions.* For the purposes of this order:

(1) "Silver" means silver bullion, silver scrap and other secondary forms of silver, and any alloy, compound, salt, or mixture containing more than one-half of one per cent of silver by weight. The term does not include alloyed gold produced in accordance with U. S. Commerce Standards CS 51-35 and CS 67-38.

(2) "Foreign silver" means any silver except that which has been produced since July 1, 1939, from mines situated inside of the territorial limits of the United States, its territories and possessions. It also includes foreign silver scrap and other secondary forms of foreign silver, and any alloy, compound, salt, or other mixture containing more than one-half of one per cent of foreign silver by weight. *Provided, however,* That scrap and other secondary forms of silver resulting from the processing of silver produced since July 1, 1939, from mines situated inside of the territorial limits of the United States, its territories and possessions, shall be considered as excepted from the category of "foreign silver," as such term is used herein, only as long as such scrap and secondary form of silver remains in the ownership of the person whose processing operations produced it.

(3) "Restricted use" means a use of silver in the manufacture of a product or part thereof or in any other use appearing upon List A hereto attached.

(4) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of or under common control with or available for the use of such person.

(5) "Manufacturer" means any person who uses silver by incorporating it physically in the products or parts thereof which he manufactures or who uses or consumes silver in any manufacturing, testing, laboratory, plating, or repairing process.

(6) "Supplier" means any person who imports, smelts, alloys, melts, rolls, or refines silver, or who sells silver to manufacturers. The term includes distributors.

(7) "Process" means cut, draw, machine, stamp, melt, cast, forge, roll, turn, spin, or otherwise shape. It also means assemble. The term does not include sand-bobbing, buffing, or polishing an assembled article.

(8) "Put into process" means the first change by the manufacturer in the form of material from that form in which it is received by him.

(9) The term "assemble" shall not be deemed to include the putting together of an article after delivery to a sales outlet or consumer in knockdown form pursuant to an established custom. The term "assemble" shall also not be deemed to include adding finished parts to an otherwise finished article when the placing of one or more finished parts or the size or type of one or more finished parts is determined by the use to which the ultimate consumer is to put the article. In all other cases, the term "assemble" shall be deemed to include adding parts, whether of silver or of any other material, to an article of silver, where such article is not deemed complete and ready for immediate sale or use until such parts have been added, including adding gems, stones, or glass jewels or beads to articles or parts of silver, and adding brushes, combs, knives, forks, or other utensils to backs or handles of silver.

(10) The term "deliver" shall not be deemed to include a redelivery of silver to the owner thereof, who is a manufacturer, by a person to whom such owner delivered such silver to be alloyed or processed and returned to such owner for further processing; nor does it include the delivery under the same circumstances by the owner to the person who alloys or processes the silver for the owner.

(11) The term "receive" shall not be deemed to include a receipt of silver by the owner thereof, who is a manufacturer, from a person to whom such owner delivered such silver to be alloyed or processed and returned to such owner for further processing; nor does it include the receipt under the same circumstances from the owner by the person who alloys or processes the silver for the owner.

(b) *Restrictions upon sale or delivery of foreign silver for restricted uses.* No supplier shall sell foreign silver except to a supplier or a manufacturer. No

manufacturer shall sell foreign silver in the form of raw material, semi-processed material, or scrap except to a supplier or to fill orders bearing a preference rating of A-3 or higher or to Metals Reserve Company or any other corporation organized under section (5) (d) of the Reconstruction Finance Corporation Act as amended. Between July 29, 1942, and October 1, 1942, except to fill orders bearing a preference rating of A-3 or higher, no supplier shall sell or deliver foreign silver to any manufacturer for restricted uses in excess of one-twelfth of the aggregate amount by weight of such foreign silver sold or delivered by him to such manufacturer for restricted uses during the calendar year 1941 or in excess of one-sixth of the aggregate amount by weight of such foreign silver sold or delivered to him by such manufacturer for restricted uses during the period from January 1, 1942, to July 1, 1942, whichever is greater; and after October 1, 1942, except to fill orders bearing a preference rating of A-3 or higher, no supplier shall sell or deliver any foreign silver to any manufacturer for restricted uses. No supplier shall sell or deliver foreign silver to any person if he knows, or has reason to believe, such silver is to be received or used in violation of the terms of this order.

(c) *Restrictions upon purchase or receipt of foreign silver for restricted uses.* Between July 29, 1942, and October 1, 1942, except to fill orders bearing a preference rating of A-3 or higher, no manufacturer shall purchase or receive foreign silver for restricted uses in excess of one-twelfth of the aggregate amount by weight of such foreign silver purchased or received by such manufacturer for restricted uses during the calendar year 1941 or in excess of one-sixth of the aggregate amount by weight of such foreign silver purchased or received by such manufacturer for restricted uses during the period from January 1, 1942, to July 1, 1942, whichever is greater; and after October 1, 1942, except to fill orders bearing a preference rating of A-3 or higher, no manufacturer shall purchase or receive any foreign silver for restricted uses.

(d) *Restrictions upon manufacture of foreign silver for restricted uses.* Between July 29, 1942, and October 1, 1942, except to fill orders bearing a preference rating of A-3 or higher, no manufacturer shall put into process foreign silver for restricted uses in excess of one-twelfth of the aggregate amount by weight of such foreign silver put into process by such manufacturer for restricted uses during the year 1941 or in excess of one-sixth of the aggregate amount by weight of such foreign silver put into process by such manufacturer for restricted uses during the period from January 1, 1942, to July 1, 1942, whichever is greater. Except to fill orders bearing a preference rating of A-3 or higher, no manufacturer shall put into process any foreign silver for restricted uses, nor shall he process further any partially processed products or parts thereof of foreign silver on List A, unless the foreign silver was put into process prior to October 1, 1942, and unless the products or parts will be finished by November 15, 1942. After October 1, 1942, except to fill orders bearing a preference rating of A-3 or higher, no manufacturer shall put into process any foreign silver for restricted uses; and after November 15, 1942, except to fill orders bearing a preference rating of A-3 or higher, no manufacturer shall process any foreign silver for restricted uses.

(e) *Delivery certificate for foreign silver.* No supplier shall deliver foreign silver to any manufacturer and no manufacturer shall receive foreign silver from any supplier unless the manufacturer shall make and deliver to the supplier, or endorse on the purchase order, a certificate, manually signed by the manufacturer or a responsible official thereof, in substantially the following form, to-wit:

> The undersigned hereby certifies that he is familiar with the terms of Conservation Order M-199; that he is a manufacturer as such term is used in such order; and that the foreign silver covered by the accompanying order of even date shall be received and used as permitted by said Order M-199.

Dated ----------------------
Name ----------------------
By ----------------------

Such certificate shall constitute a representation by the manufacturer to the supplier and the War Production Board of the facts stated therein. The supplier shall be entitled to rely on such representation unless he knows or has reason to believe it to be false.

(f) *General exception.* None of the restrictions in this order as to sale, purchase, delivery, receipt, or use of foreign silver shall be applicable to the United States or any of its departments or governmental agencies.

(g) *Repair exception.* The restrictions of this order shall not apply to a person repairing a used article on or off the premises of the owner, if the person making the repair does not use foreign silver weighing in the aggregate more than 5 ounces and if any putting into process or processing done by such person is for the purpose of making the specific repair.

(h) *Limitations of inventories.* No manufacturer shall receive delivery of foreign silver, in the form of raw materials, semi-processed materials, finished parts, or sub-assemblies, nor shall he put into process any raw material, in quantities which in either case shall result in an inventory of raw, semi-processed, or finished material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the use of foreign silver by this order.

(i) *Reports.* Each supplier and each manufacturer and every other person affected by this order shall file such reports as may be requested from time to time by the Director General for Operations.

(j) *Miscellaneous provisions*—(1) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of silver conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the War Production Board by letter or other written communication, in triplicate, setting forth the pertinent facts and the reasons he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(2) *Applicability of order.* The prohibitions and restrictions contained in this order shall apply to the use of material in all items manufactured after July 29, 1942 irrespective of whether such items are manufactured pursuant to a contract made prior or subsequent to July 29, 1942. Insofar as any other order of the Director General for Operations may have the effect of limiting or curtailing to a greater extent than herein provided, the use of foreign silver in the production of any item, the limitations of such other order shall be observed.

(3) *Applicability of Priorities Regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Miscellaneous Minerals Branch, Washington, D. C. Ref.: M-199.

(5) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 28th day of September, 1942.

ERNEST KANZLER,
Director General for Operations.

LIST A

RESTRICTED USES OF FOREIGN SILVER UNDER CONSERVATION ORDER M-199

1. Silverware, including, without limitation, knives, forks, spoons, plates, platters, dishes, pitchers, vases, cups, candlesticks, and all other kinds of flatware and holloware and table, kitchen, and decorative utensils and objects.

2. Watch cases and jewelry, including, without limitation, costume jewelry, blackout jewelry and other articles of personal adornment.
3. Badges and insignia.
4. Church goods as defined in General Limitation Order L-136.
5. Slide fasteners, hooks and eyes, snaps, fasteners, and buttons.
6. Closures for containers.
7. Pens and pencils.
8. Toilet sets and picture frames.
9. Musical instruments.
10. Electroplating not necessary for operational purposes, except for use in the manufacture and repair of dental, surgical, and veterinary instruments, appliances and equipment.
11. Silverclad metal, except for use in the manufacture and repair of dental, surgical, and veterinary instruments, appliances, and equipment.
12. Insulated wire for electrical conductors.

INTERPRETATION 1

Conservation Order M-199 imposes certain limitations upon the amount of foreign silver which a manufacturer may put into process for restricted uses. In many silver manufacturing processes, a manufacturer starts with a certain amount of silver in primary shapes and ends the operation with a large part of such silver in the form of scrap. It is customary for the manufacturer in these cases to have this scrap melted, rolled, or otherwise processed so as to return it to a primary shape in which it can again be subjected to manufacturing processes. This reforming of the silver scrap in some instances is done by the manufacturer himself, in other instances the work is done by others under toll agreement. The question has been presented as to whether the processing of this reformed scrap must be considered as coming within the meaning of the term "put into process" or whether such processing of reformed scrap shall be considered as only the continuation of a processing operation which began when the manufacturer processed for the first time in any form for a restricted use the specific amount of silver from which such scrap was produced.

It is hereby determined that for the purposes of Order M-199, the term "put into process" shall be deemed to cover only the manufacturer's first processing for a restricted use of a given amount of silver. It shall not be deemed to cover the subsequent processing of reformed scrap produced therefrom, whether such reforming is done by the manufacturer himself or by others for him under toll agreement. The term shall be deemed to cover, however, the processing for a restricted use of reformed scrap which was produced in a manufacturing operation which is not restricted under the order.

PART 3042—PILCHARD

[Conservation Order M-206 as Amended September 30, 1942 [1]]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of pilchard for defense, for private account and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3042.1 *General Preference Order M-206*—(a) *Definitions.* For the purposes of this order:

(1) "Delivery" means the transfer of pilchard to a processing plant, for canning or reduction, or to a place of storage, whether or not the same person owns or controls the vessel from which it is transferred, the plant, or the fish.

(2) "Pilchard" means raw, unprocessed pilchard (Sardinia caerulea), by whatever name known, including sardines.

(b) *Restrictions on delivery.* Unless authorized by the Director General for Operations, on and after September 1, 1942:

(1) No contract or agreement shall be entered into or carried out which directly or indirectly operates to place "limits" on the amount of pilchard which may be caught by any fishing vessel nor the frequency with which any pilchard fishing vessel shall leave port for or return from the fishing grounds.

(2) No fishing vessel with a cargo of pilchard aboard shall remain, or be required to remain, for more than twelve hours at a processing plant for unloading.

(3) No processing plant shall accept delivery of more pilchard than can be processed, by canning or reduction, in such plant within 48 hours after receipt of such pilchard.

(4) On and after September 30, 1942, no person shall make delivery of, or use or process such pilchard in violation of orders of the Director General for Operations issued pursuant to this paragraph. The Director General for Operations may from time to time allocate the supply of pilchard and specifically direct the time, manner and quantities in which deliveries to particular persons shall be made or withheld. He may require fishing vessels delivering pilchard to deliver part or all of such pilchard to particular ports or to particular persons. The Director General for Operations may also direct or prohibit particular uses of such pilchard.

(5) Orders given by the Director General for Operations pursuant to paragraphs (b) (1) through (b) (4) must be carried out without regard to inconsistent provisions in any contract or agreement.

(c) *Applications and reports.* (1) On and after September 1, 1942, no person owning or operating a fishing vessel shall make delivery of any pilchard to any person unless on or before the date of first delivery he files with the War Production Board a statement substantially in the form of Exhibit A attached hereto, certifying that he has not entered into any contract or agreement placing "limits" on his catch of pilchard, or if he has done so, that such "limits" are not now effective. Failure on the part of any person owning or operating a fishing vessel to file such statement may be construed as notice to the Director General for Operations that such person does not desire to make delivery of pilchard to any person.

(2) On and after September 1, 1942, no person shall accept delivery of pilchard unless on or before the date on which delivery is desired, he shall have filed with the War Production Board a statement substantially in the form of Exhibit B, attached hereto, certifying that he has not directly or indirectly caused "limits" to be placed upon the catch of any vessel fishing for pilchard, or if he has done so, that such "limits" are not now effective. Failure by any person to file such statement may be construed as notice to the Director General for Operations that such person does not desire to accept delivery of pilchard.

(d) *Appeals.* Any person affected by this order who considers that compliance herewith would work an exceptional or unreasonable hardship upon him may appeal to the War Production Board, by letter, setting forth the pertinent facts and reasons such person considers that he is entitled to relief. The Director General for Operations may take such action as he deems appropriate.

(e) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(f) *Audit and inspection.* All records required to be kept by this order or by any rule, regulation or order of the Director General for Operations, shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(g) *Communications to War Production Board.* All reports and certifications required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Food Branch, San Francisco, California. Ref.: M-206.

(h) *Violations.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to the Director General for Operations in connection with this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(i) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 30th day of September, 1942.

ERNEST KANZLER,
Director General for Operations.

PART 3058—USED CONSTRUCTION EQUIPMENT

[Limitation Order L-196, as Amended September 28, 1942 [1]]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of rubber and other materials used in the production of construction equipment for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3058.1 *Limitation Order L-196*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(b) *Inapplicability of this order.* This order shall not apply to the Army, Navy, Maritime Commission or to any person or agency who has acquired used construction equipment for export outside the continental limits of the United States.

(c) *Definitions.* (1) "Person" means any individual, partnership association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not, except those excluded by paragraph (b) hereof.

(2) "Construction equipment" means any of those products listed in Schedule A attached hereto and made a part of this order.

(3) "Used" when applied to construction equipment, means any construction equipment which has been delivered to an ultimate consumer.

(d) *Registration of used construction equipment.* Any person owning used construction equipment purchased prior to October 1, 1942, shall on or before October 31, 1942, register such equipment by completing, signing and returning by mail WPB Form 1159 to Used Construction Equipment Regional Specialist in the War Production Board Regional Office in the region in which such equipment is located.

(e) *Registration of change of status of used construction equipment.* Within one week after any used construction equipment (1) is moved from the project on which it is being used; (2) becomes idle after completing its work on that project even if not moved from the project; (3) not being on a project is put into use on a project; or (4) has had its ownership changed, any person owning such equipment shall register such change of status by completing, signing and returning by mail WPB Form 1333 or such other form as may be in the future specified by the Director General for Operations to Used Construction Equipment Regional Specialist in the War Production Board Regional Office in the region in which such equipment is located.

(f) *Records* All persons affected by this order shall keep and preserve for not less than two (2) years accurate and complete records concerning the movement of used construction equipment from projects.

(g) *Audit and inspection.* All records required to be kept by this order, shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(i) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may apply for relief by addressing a letter to the War Production Board Regional Office in the region in which the equipment is located setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action, if any, as he deems appropriate by the amendment of this order or otherwise.

(j) *Communications.* All communications concerning this order shall be addressed to Used Construction Equipment Regional Specialist in the War Production Board Regional Office in the region in which the equipment is located. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. PART 1010—SUSPENSION ORDERS

[Suspension Order S-114]

U-NEED-A-PAK PRODUCTS CORPORATION

U-Need-A-Pak Products Corporation, 135 Plymouth Street, Brooklyn, New York, is a manufacturer of cigarette vending machines, the manufacture of which is governed by General Limitation Order L-27. Despite the fact that since December 31, 1941, the effective date of this order, the company was familiar with the restrictions contained therein, during the period of January through April, 1942, the company wilfully violated General Limitation Order L-27 by using a large amount of iron, steel, and other metals in the manufacture of cigarette vending machines in excess of the quantity which it was permitted to use for such purpose. Because of its violation of General Limitation Order L-27 the company produced 1,247 more cigarette vending machines than it should have produced.

These violations of General Limitation Order L-27 have impeded and hampered the war effort of the United States by diverting scarce materials to uses unauthorized by the War Production Board. In view of the foregoing facts,

It is hereby ordered:

§ 1010.114 *Suspension Order S-114.* (a) For a period of six months from the effective date of this order, deliveries of material to U-Need-A-Pak Products Corporation, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned or applied to such deliveries by means of preference rating certificates, preference rating orders, general preference orders, or any other orders or regulations of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(b) For a period of six months from the effective date of this order, no allocation shall be made to U-Need-A-Pak Products Corporation, its successors and assigns, of any material the supply or distribution of which is governed by any order of the Director of Industry Operations, or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) U-Need-A-Pak Products Corporation, its successors and assigns, shall not sell, transfer or deliver any cigarette vending machines, whether in semi-finished form or in finished form, except as specifically authorized by the Director General for Operations: *Provided, however,* That the company may deliver or transfer such machines for the purpose of storing the same for its own account.

(d) Nothing contained herein shall be deemed to relieve U-Need-A-Pak Products Corporation, its successors and assigns, from any restriction, prohibition or provisions contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on October 13, 1942, and remain in effect until revoked.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 12th day of October 1942.

ERNEST KANZLER,

PART 965—IRON AND STEEL SCRAP

[General Preference Order M-24, as Amended to October 13, 1942]

Section 965.1 *General Preference Order M-24* [1] is hereby amended to read as follows:

§ 965.1 *General Preference Order M-24*—(a) *Definitions.* For the purposes of this order:

(1) "Scrap" means all ferrous materials, either alloyed or unalloyed, of which iron or steel is a principal component, which are the waste of industrial fabrication, or objects that have been discarded on account of obsolescence, failure or other reason.

(2) "Producer" means any person who produces scrap in the conduct of a business or other enterprise.

(3) "Dealer" and/or "broker" means any person who, as principal or as agent, buys and sells scrap in the regular course of his business.

(4) "Consumer" means any person who uses scrap in the production of iron, steel, or ferroalloy material or products.

(b) *Special instructions.* The Director General for Operations may from time to time issue specific directions to any person as to the source, destination, or amount of scrap to be delivered or acquired by such person.

(c) *Inventory restrictions suspended.* Subject to the provisions of paragraph (b), delivery of scrap to, or acceptance of such delivery by a consumer is specifically authorized until further order of the Director General for Operations, without regard to the restrictions set forth in § 944.14 of Priorities Regulation No. 1, as amended.

(d) *Reports.* Producers, dealers, brokers, and consumers shall file such reports as may be prescribed by the Director General for Operations. Until further notice such reports shall be filed on or before the 10th day of each month, by producers on forms PD-149 and 149A, by brokers and dealers on form PD-151, and by consumers on form PD-150.

---

[1] Except when owned by mines operating under a serial number assigned by P-56.

[1] 6 F.R. 5217, 7 F.R. 3878.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(f) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

PART 965—IRON AND STEEL SCRAP

[Amendment 1 to Supplementary Order M-24-c]

ALLOY SCRAP SEGREGATION

Section 965.4 *Supplementary Order M-24-c* [1] is amended by substituting for Classification 16 of Schedule A the following classifications:

16 Chromium 16%-20% inclusive, and Nickel 8%-10% inclusive, except as included in Classification 16A or 16B.

16A Turnings—Chromium 16%-20% inclusive, Nickel 8%-10% inclusive, Phosphorus up to and including .04%, Sulphur .18%-35% inclusive.

16B Turnings—Chromium 16%-20% inclusive, Nickel 8%-10% inclusive, Sulphur up to and including .04%, Phosphorus .12%-.17% inclusive, Selenium .15%-.35% inclusive.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 13th day of October 1942.

PART 982—MINES

[Amendment 4 to Preference Rating Order P-56, as Amended March 2, 1942]

Section 982.1 *Preference Rating Order P-56* [2] is hereby amended as follows:

1. Paragraph (c) is amended to read as follows:

(c) *Assignment of preference ratings.* Subject to the terms of this order, the following preference ratings are hereby assigned to deliveries to operators, but nothing herein contained shall prevent the use of any other or higher rating to which any person may be entitled by reason of any other preference rating certificate or order.

(1) AA-2X to deliveries of material for maintenance and repair. This rating may be applied by an operator to deliveries in any calendar quarter only up to the amount of the operator's quota of such material for such quarter as established by the Director General for Operations after application by the operator. For metals as listed on the Metals List of Priorities Regulation No. 11, the Director General will establish quotas in terms of amounts of material; for repair parts for machinery and equipment of the types listed in Schedule A to this order, and for other material for repair and maintenance, the Director General will establish quotas in terms of dollar value.

(2) A-1-a to deliveries of material for operating supplies.

2. Paragraph (d) is amended to read as follows:

(d) *Other preference ratings assignable.* The Director General may also upon written, telegraphic, or telephonic request assign such preference ratings as he deems proper to deliveries to operators:

(1) In case of actual or threatened breakdown or suspension of operations. Requests for preference ratings in such cases must describe the material needed and the nature of the emergency.

(2) Of essential material and equipment, whether or not listed in Schedule A. Requests for preference ratings in such cases must describe the material needed and the reasons why it is essential for the proper operation of the mining enterprise.

3. Paragraphs (e) and (f) are redesignated (f) and (g) respectively.

4. A new paragraph (e) is adopted as follows:

(e) *Standards.* In establishing quotas under paragraph (c) and in assigning preference ratings under paragraph (d) the Director General will consider the importance to national defense of each operator's production and of the materials required to meet the operator's needs.

(P. D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 13th day of October 1942.

PART 1024—PIGS' AND HOGS' BRISTLES

[General Preference Order M-51, as Amended October 13, 1942]

Section 1024.1 *General Preference Order M-51* is hereby amended to read as follows:

§ 1024.1 *General Preference Order M-51*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to the provisions of priorities regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purposes of this order:

(1) "Bristles" shall mean pigs' or hogs' bristles of the lengths of two inches and longer, whether new or reclaimed and whether imported or not, but not including unturned riflings imported as such.

(2) "Dealer" shall mean any person engaged in the business of purchasing and reselling bristles without changing the condition thereof.

(3) "Dresser" or "reclaimer" shall mean any person grading, sorting, dressing or reclaiming bristles and reselling to a dealer or to other dressers or reclaimers.

(c) *Restrictions of deliveries to defense orders.* Notwithstanding the provisions of Priorities Regulation No. 13, as amended, no person shall sell, deliver, or transfer title to any person other than the Defense Supplies Corporation, and no person, other than the Defense Supplies Corporation, shall buy, take title to, or accept delivery of bristles except upon defense orders, unless specifically authorized by the Director General for Operations: *Provided, however,* That sales, deliveries, and transfers of title to bristles may be made to the person importing the same, either directly or through an agent, if each person participating in the transaction shall report to the War Production Board on or before the close of the next business day following such participation, the amount, origin, size, color, number of cases, and identifying case numbers of any bristles so sold, delivered, or to which title has been so transferred, and the extent of such person's participation in such transaction: *Provided, further,* That nothing contained in this paragraph shall prevent purchases or sales, deliveries or acceptance of deliveries, or transfers of title to fill orders in accordance with the provisions of paragraphs (d) (3) (i), (d) (3) (ii), (d) (3) (iv).

(d) *Restrictions on use of bristles.* (1) No person shall hereafter boil, steam, sterilize, cut, trim, or mix any bristles, or otherwise commence the manufacture of any product of which bristles are a component part except upon defense orders, unless specifically authorized by the Director General for Operations.

(2) No person shall hereafter open any cases containing bristles or remove any bristles from cases, opened, broken or otherwise, except upon defense orders, unless specifically authorized by the Director General for Operations, or unless necessary to preserve such bristles from deterioration. Any action taken to prevent bristles from deterioration shall be reported at once to the War Production Board, together with a complete description of the bristles so saved from deterioration, and the location thereof after such action, together with a statement of the reasons why such action was necessary. Such bristles shall not thereafter be sold, delivered or title thereto

transferred unless specifically authorized by the Director General for Operations.

(3) Notwithstanding the foregoing, nothing in this order shall prevent:

(i) Dressers or reclaimers from removing bristles from cases, performing their operations thereon, and reselling, delivering or transferring title to them upon orders placed by dealers for inventory.

(ii) Dealers from placing orders for delivery of, buying, taking title to, or accepting delivery of bristles for inventory.

(iii) The opening of cases for inspection as to quality and condition, verification of sizes and weights, and removal of the bristles of less than two inches in length.

(iv) The opening of cases, removal of bristles, deliveries and transfers of title, upon orders for shoe bristles.

(v) The manufacture, subject to the limitations of paragraph (e), of the minimum commercially practicable amounts of finished products when the manufacture of additional amounts of such products is required in order to fill defense orders: *Provided, however,* Any excess so manufactured shall be sold only on defense orders.

(4) Notwithstanding the foregoing, nothing in this order shall prevent any manufacturer of products containing bristles from placing purchase orders for or accepting delivery of such amounts of bristles as may be necessary to enable him to manufacture, for inventory, subject to the limitation in paragraph (e), an amount of his finished products not in excess of the amount of his finished products delivered by him upon defense orders in the calendar month preceding the date on which the purchase order is placed: *Provided,* That his inventory is not in excess of a practicable minimum working inventory at the time the order is placed and that to the best of his knowledge and belief, it will not become so at the time the bristles are scheduled to be delivered, *And provided, further,* That delivery may not be accepted at any time when acceptance would bring his inventory above a practicable minimum working inventory. Such finished products shall be only of the kind and type suitable for delivery upon defense orders. No person shall make delivery of bristles unless each such order shall have endorsed thereon a certificate from such manufacturer, signed by an individual authorized to sign for such manufacturer, and in substantially the following form:

> The undersigned manufacturer hereby certifies to his vendor and to the War Production Board, subject to the provisions of section 35 (A) of the Criminal Code (18 U. S. C. 80) that the bristles to be delivered on this purchase order are required by the undersigned to enable the undersigned to manufacture, for inventory, an amount of the undersigned's finished products not in excess of the amount of the undersigned's finished products delivered upon defense orders in the calendar month preceding the date on which this purchase order is placed; that the undersigned's inventory is not in excess of a practicable minimum working inventory, and, to the best of his knowledge and belief, it will not become so at the time the bristles are scheduled to be delivered; and that delivery will not be accepted at any time when acceptance would bring the inventory of the undersigned above a practicable minimum working inventory.

(e) *Conservation of bristles.* No person shall use in the manufacture of any product a bristle mixture containing less than 45% of material other than pigs' or hogs' bristles of any length whatever: *Provided, however,* That this restriction shall not apply to the manufacture of any product purchased by or for the account of the United States Army, Navy, Maritime Commission or the War Shipping Administration where a contracting or inspecting officer of the department or agency concerned shall, after reviewing the applicable Emergency Alternate Federal Specification, certify in a signed certificate furnished to the manufacturer that a bristle mixture of a content different from that provided in this paragraph is necessary for military or naval uses, or to the manufacture of any product made in accordance with applicable State, County or Municipal health regulations or orders in effect September 7, 1942.

(f) *Restrictions on importation and disposition of bristles.* In addition to all other requirements of this order, the importation and disposition of bristles shall be made in conformity with the provisions of General Imports Order M-63, as amended from time to time.

(g) *Reports and communications.* (1) Each person participating in any transaction involving bristles shall execute and file with the War Production Board such reports and questionnaires as may be requested by the Board from time to time.

(2) All reports required to be filed under, and all communications concerning, this order shall be addressed to War Production Board, Textile, Clothing and Leather Branch, Washington, D. C., Ref.: M-51.

(h) *Records and inspection.* (1) Each person participating in any transaction involving bristles shall keep and preserve for a period of not less than two years accurate and complete records of his inventories, production, sales and transactions in bristles.

(2) All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(i) *Appeals.* Any person affected by the order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board, setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The War Production Board may thereupon take such action as it deems appropriate.

(j) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

PART 1050—DISTILLED SPIRITS

[General Preference Order M-69, as Amended Effective November 1, 1942]

Sections 1050.1, 1050.2, 1050.3 and 1050.4 *General Preference Order M-69* and orders supplemental thereto[1] are hereby amended to read:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of distilled spirits, as hereinafter defined, for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1050.1 *General Preference Order M-69*—(a) *Definitions.* (1) "Distilled spirits" means ethyl alcohol of 190 proof or higher produced from corn or grain.

(2) "High wines" means spirits distilled at less than 190 proof from corn or grain.

(3) "Producer" means any person engaged in the operation of a distillery.

(4) "Distillery" means any distillery which has equipment and facilities to convert corn or grain into distilled spirits or high wines.

(b) *Restrictions on operations of distilleries.* No producer shall, except as specifically authorized or directed by the Director General for Operations, operate any part of his distillery except for the production of distilled spirits: *Provided, however,* That the Director General for Operations, on a proper showing by a producer that the equipment and facilities of his distillery, or of any part of his distillery, cannot be converted or adapted to the production of distilled spirits, may authorize the operation thereof for the production of high wines.

---

[1] 7 F.R. 224, 655, 903, 1128, 3081.

(c) *Restrictions on use.* No producer, except as specifically authorized or directed by the Director General for Operations, shall use, bottle or barrel for beverage purposes or otherwise allocate or appropriate to such purposes any distilled spirits produced on or after February 20, 1942 or any high wines produced on or after November 1, 1942.

(d) *Directions and restrictions respecting delivery.* (1) The Director General for Operations will from time to time issue authorizations or directions to each producer to deliver specified quantities of distilled spirits to designated persons for designated non-beverage purposes. Except as specifically authorized or directed by the Director General for Operations, no producer shall deliver to any person distilled spirits produced on or after February 20, 1942: *Provided, however,* That if at any time all deliveries theretofore authorized or directed by the Director General for Operations have been made or provided for, a producer many deliver such distilled spirits for non-beverage purposes to the persons and in the quantities permitted by General Preference Order M-30, as amended from time to time.

(2) The Director General for Operations will from time to time issue authorizations and directions to each producer to deliver specified quantities of high wines to designated persons for redistillation into distilled spirits. Except as specifically authorized or directed by the Director General for Operations, no producer shall deliver high wines produced on or after November 1, 1942 to any person for any purpose. No producer shall deliver high wines produced before that date unless all deliveries theretofore directed by the Director General for Operations shall have been made or provided for.

(3) No person shall accept delivery of distilled spirits or high wines if such person knows or has reason to believe that the said delivery is made in violation of the restrictions of this paragraph (d).

(e) *Alterations of existing equipment and facilities.* Except as specifically authorized or directed by the Director General for Operations, no producer whose distillery has equipment and facilities for the production of distilled spirits shall alter such equipment and facilities in any way so as to impair the capacity of such distillery to produce distilled spirits.

(f) *Notification of customers.* Producers of distilled spirits and high wines shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any such person from complying with the terms hereof.

(g) *Miscellaneous provisions*—(1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of the War Production Board priorities regulations, as amended from time to time.

(2) *Intra-company transactions.* The prohibitions and restrictions of this order with respect to deliveries of distilled spirits and high wines, shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of material conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the Director General for Operations by addressing a letter to the War Production Board, Chemicals Branch, Washington, D. C., Ref: M-69, setting forth the pertinent facts and the reasons he considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(5) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C. Ref: M-69.

This amendment shall take effect November 1, 1942.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 13th day of October 1942.

PART 1222—EXPORTS UNDER LICENSES ISSUED BY THE BOARD OF ECONOMIC WARFARE

[General Exports Order M-148, as Amended September 28, 1942—Supplement 1]

STEEL

Pursuant to the provisions of § 1222.1 *General Exports Order M-148,*[1] it is hereby ordered:

§ 1222.2 *Supplement 1 to General Exports Order M-148*—(a) *Establishment of export quotas.* An export quota system is hereby established for producers of the steel products listed in Schedule A hereto. Such export quotas will be established by the Director General for Operations within the quantities for which the Board of Economic Warfare is authorized to assign preference ratings pursuant to paragraph (a) of Order M-148. No such producer shall export or accept an order for export of such steel products under export license granted by the Board of Economic Warfare unless an export quota has been so established for him, or in excess of such quota, except on specific authorization of the Director. Requests for such authorization shall be made to the Iron and Steel Branch, War Production Board, Washington, D. C., Reference: M-148.

(b) *Reports.* In addition to the reports required by paragraph (b) of Order M-148, each producer who fills a purchase order for export of such steel products under export license granted by the Board of Economic Warfare shall file with the Iron and Steel Branch, War Production Board, Washington, D. C., Reference: M-148, immediately upon shipment, a copy of form BEW-138 covering the material shipped, with date of shipment, car number, routing, destination, and ODT permit number (if issued) noted thereon.

PART 3087—COMBAT MEASURING INSTRUMENTS

[General Limitation Order L–203]

The fulfillment of requirements for the defense of the United States has created a shortage in the production of combat measuring instruments for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3087.1 *General Limitation Order L–203*—(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(2) "Manufacturer" means any person who fabricates or assembles combat measuring instruments, and includes sales and distribution outlets controlled by such person.

(3) "Combat measuring instrument" means any new measuring mechanism of the kind or type listed on List A and used on or in the operation of any vessel built for the Army, Navy, Maritime Commission, or War Shipping Administration, any aircraft, or any combat equipment. "Combat equipment" means any combat end product (including, but not limited to, ammunition and other ordnance, warships, and tanks) prescribed for field or combat use by the Army or Navy of the United States.

(4) "Approved order" means:

(i) Any order for the direct use of the Army, Navy, Maritime Commission, or War Shipping Administration, including orders for that purpose placed with subcontractors;

(ii) Any order for combat measuring instruments to be used in the operation of any aircraft; and

(iii) Any order authorized by the Director General for Operations as provided in paragraph (c) below.

(b) *Restrictions on acceptance and delivery of orders.* Regardless of the terms of any order, contract of sale or purchase or other commitment, or of any preference rating certificate or blanket preference rating order, or of any rule or regulation applicable thereto:

(1) No person shall accept any order for combat measuring instruments of the kinds listed in List A hereto, unless such order is an approved order; and

(2) No person shall deliver, and no person shall accept delivery of, any combat measuring instruments of the kinds listed in List A hereto, in fulfillment of any order placed hereafter, unless such order is an approved order.

(c) *Authorization of the Director General for Operations.* Application for the authorization of the Director General for Operations to render any order (except an order described in paragraphs (a) (4) (i) and (a) (4) (ii)) an approved order shall be made by the purchaser on Form PD–674, in triplicate. The Director General for Operations may grant such application unconditionally or upon specified conditions, including the requirement that the order be placed with the supplier named by the Director General for Operations. Any order so authorized shall be placed only with the supplier, if any, so named.

(d) *Delivery schedules.* (1) On and after November 1, 1942, no manufacturer shall deliver any combat measuring instruments of the kinds listed on List A hereto, except pursuant to a delivery schedule thereof approved by the Director General for Operations, as provided below.

(2) On or before the 25th day of October and the fifteenth day of each succeeding calendar month, every manufacturer shall file with the Director General for Operations, on Form PD–675, his proposed delivery schedule, for the following month, for combat measuring instruments of the kinds listed in List A hereto, and a monthly operations report on Form PD–676, giving shipments and such other data as shall be required by said form. The delivery schedule for the calendar month following the filing shall be deemed to be approved by the Director General for Operations upon receipt thereof by the War Production Board, unless and until the Director General for Operations shall otherwise direct. Regardless of the terms of any other order or rule or regulation of the War Production Board, or of any commitment by the manufacturer or any customer, the Director General for Operations may at any time change any schedule; direct the cancellation of any order held by the manufacturer, whether or not included or reflected in any schedule; prescribe any other schedule for deliveries; allocate any order theretofore received by the manufacturer to any other manufacturer; or direct the delivery of any combat measuring instrument in production or completed to any person, at the established price and terms. No manufacturer shall alter any approved or prescribed delivery schedule unless authorized or directed to do so by the Director General for Operations; except that delivery of an order may be made to any new destination specified by the same purchaser, without such authorization.

(e) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(f) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board setting forth the pertinent facts and the reasons he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who wilfully furnishes false information to the Director General for Operations in connection with this order is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priorities control and may be deprived of priorities assistance by the Director General for Operations.

(h) *Records and reports.* All manufacturers and dealers affected by this order shall keep and preserve for not less than two years accurate and complete records concerning production, deliveries, and orders for combat measuring instruments. All manufacturers and dealers affected by this order shall execute and file with the War Production Board, such reports and questionnaires as the War Production Board shall from time to time request.

(i) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, General Industrial Equipment Branch, Ref.: L–203.

PART 3092—STEATITE TALC

[Conservation Order M–239]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of steatite talc for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3092.1 *Conservation Order M–239*—(a) *Definitions.* For the purposes of this order:

(1) "Steatite talc" means naturally occurring magnesium silicate, both crude and beneficiated, suitable for use in the manufacture of electrical insulators and containing not to exceed one and one-half per cent (1½%) lime (CaO) and one and one-half per cent (1½%) ferric oxide (Fe_2O_3).

(2) "Permitted use" means a use in the manufacture of a product or in a process appearing upon List A hereto attached.

(3) "Producer" means a person who mines, mills, treats, or classifies steatite talc or otherwise prepares or beneficiates steatite talc for use by consumers.

(4) "Supplier" means a person who imports steatite talc into the United States or who offers steatite talc for sale to consumers. A producer may also be a supplier.

(5) "Consumer" means a person who uses steatite talc by incorporating it physically in a product he manufactures or who uses or consumes steatite talc in any other commercial or laboratory process.

(6) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of, or under common control with, or available for the use of such person.

(7) "Minimum practicable working inventory" means a three months' supply.

(b) *Restrictions on use of steatite talc.* (1) Between October 13, 1942, and November 15, 1942, no consumer shall use or consume steatite talc, except for permitted uses, in excess of 50 per cent of the average monthly weight of steatite talc used or consumed by him during the year 1941 for other than permitted uses; and, during such period, except for permitted uses, no consumer shall put into process any steatite talc in the manufacture of any product, or commence any process in which steatite talc is used or consumed, unless the product or the process will be completed by November 15, 1942.

(2) After November 15, 1942, no consumer shall use or consume any steatite talc except for permitted uses.

(c) *Restrictions on sales or deliveries of steatite talc.* No person after October 13, 1942, shall sell or deliver (including a delivery under toll agreement) steatite talc to any person if he knows or has reason to believe such material is to be received or used in violation of the terms of this order.

(d) *Limitations of inventories.* No person, other than a producer, shall accumulate an inventory of steatite talc in the form of raw materials, semi-processed materials, finished parts, or sub-assemblies in quantities in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the uses of steatite talc by this order. Any person, other than a producer, who has an inventory in excess of a minimum practicable working inventory is prohibited from receiving any additional steatite talc until his inventory thereof has been reduced below a minimum practicable working inventory.

(e) *Production of steatite talc.* Each producer shall conduct his operations so as to produce the largest possible amounts of steatite talc in relation to the amounts of other grades of talc produced by him. The mines, mills, and plants of all producers shall be open for inspection at all reasonable times by agents or representatives of the War Production Board.

(f) *Reports.* On or before the 10th day of each month, each producer shall file with the War Production Board, in duplicate, Form PD–678 and each supplier shall file with the War Production Board, in duplicate, Form PD–679. All persons affected by this order shall file such other reports as may be requested from time to time by the Director General for Operations.

(g) *Miscellaneous provisions*—(1) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of steatite talc conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the War Production Board by letter or other written communication, in triplicate, setting forth the pertinent facts and the reasons he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(2) *Applicability of order.* The prohibitions and restrictions contained in this order shall apply to the use of steatite talc in all items hereafter manufactured irrespective of whether such items are manufactured pursuant to a contract made prior or subsequent to the effective date hereof. Insofar as any other order of the Director General for Operations may have the effect of limiting or curtailing to a greater extent than herein provided, the use of steatite talc in the production of any item, the limitations of such other order shall be observed.

(3) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Miscellaneous Minerals Branch, Washington, D. C. Ref: M–239.

(5) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 13th day of October 1942.

ERNEST KANZLER,
Director General for Operations.

LIST A—PERMITTED USES OF STEATITE TALC

1. Steatite insulators for use in communications, radio, radar, and underwater sound instruments.

2. Spark plugs being produced or purchased under specific contract, subcontract, or purchase order for delivery to or for the account of the Army, the Navy, or the Coast Guard of the United States, the United States Maritime Commission, the War Shipping Administration, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, or any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), or being produced in accordance with Limitation Order L–158.

3. Filtering of foods, flavoring extracts, and medicines.

4. Medicinal preparations and health supplies, not including talcum powder or cosmetic preparations.

Chapter XI—Office of Price Administration

PART 1300—PROCEDURE

[Procedural Regulation 10]

DISQUALIFICATION OF BOARD MEMBERS AND REVIEW OF BOARD ACTION

Pursuant to the authority conferred upon the Administrator by Executive Order 9125 and by War Production Board Directive No. 1, the following procedure is prescribed for the disqualification of Board members and the review of Board action.

AUTHORITY: §§ 1300.851 to 1300.854 issued under Pub. Law 507, 77th Cong., WPB Directive No. 1, 7 F.R. 562; E.O. 9125, 7 F.R. 2719.

§ 1300.851 *Scope of regulations.* Procedural Regulation No. 10 shall apply to all ration orders. Its purpose is to provide for the disqualification of Board members in certain types of cases and to establish a procedure for review of Board action where a member is disqualified.

§ 1300.852 *Disqualification of Board members.* No Board member shall act officially in connection with any matter arising in the administration of any ration order:

(a) Where such matters concern an application made by such Board member for a rationed commodity; or

(b) Where such Board member has any interest in such matter by reason of business connection or relationship by blood, marriage or adoption.

§ 1300.853 *Procedure where Board member is disqualified.* In the event a Board member is disqualified to act under § 1300.852 the remaining members of the Board shall constitute a quorum to act as the Board. If the Board takes favorable action upon the application made by the disqualified member or in which he has an interest described in § 1300.852, the application, together with all pertinent records, shall be forwarded to the State Director on or before the tenth day of the following month. The State Director shall review the matter and shall either confirm, modify or reverse the action of the Board. The State Director shall direct the Board to take such action as may be necessary to give effect to his decision.

§ 1300.854 *Effective date of Procedural Regulation No. 10.* Procedural Regulation No. 10 (§§ 1300.851 to 1300.854, inclusive) shall become effective October 17, 1942.

Issued this 12th day of October 1942.

LEON HENDERSON,
Administrator.

PART 1367—FERTILIZERS

[Maximum Price Regulation 240]

FLORIDA LAND PEBBLE PHOSPHATE ROCK AND TENNESSEE BROWN PHOSPHATE ROCK

In the judgment of the Price Administrator it is necessary and proper to establish maximum prices for sales by miners of Florida land pebble phosphate rock and Tennessee brown phosphate rock. Sales by others than miners, and all sales of other kinds of phosphate rock are subject to the General Maximum Price Regulation.[1] The maximum prices established by this Maximum Price Regulation No. 240, are, in the judgment of the Price Administrator, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942. The Price Administrator has ascertained and given due consideration to the prices established by the General Maximum Price Regulation, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250 this Maximum Price Regulation No. 240 is hereby issued.

AUTHORITY: §§ 1367.101 to 1367.114, inclusive, issued under Pub. Law 421, 77th Cong., Pub. Law 729, 77th Cong., E.O. 9250, 7 F.R. 7871.

§ 1367.101 *Maximum Prices for Florida land pebble phosphate rock and Tennessee brown phosphate rock.* On and after October 19, 1942 regardless of any contract, agreement or other obligation, no miner of Florida land pebble phosphate rock and Tennessee brown phosphate rock shall sell or deliver such phosphate rock, and no person in the course of business shall buy or receive such phosphate rock from a miner at prices higher than prices set forth in Appendix A and Appendix B, respectively, incorporated herein as §§ 1367.113 and 1367.114; and no person shall agree, offer, solicit or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of such phosphate rock to a purchaser if prior to October 19, 1942 such phosphate rock had been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

§ 1367.102 *Less than maximum prices.* Lower prices than those set forth in Appendix A and Appendix B (§§ 1367.113 and 1367.114) may be charged, demanded, paid or offered.

§ 1367.103 *Export sales.* The provisions of the Revised Maximum Export Price Regulation[2] thereto shall be applicable to every sale of Florida land pebble phosphate rock and Tennessee brown phosphate rock to be shipped for export.

§ 1367.104 *Conditional agreements.* No miner of Florida land pebble phosphate rock or Tennessee brown phosphate rock shall enter into an agreement permitting the adjustment of the prices to prices which may be higher than the maximum prices provided by §§ 1367.113 and 1367.114, in the event that this Maximum Price Regulation No. 240 is amended or determined by a court to be invalid or upon any other contingency: *Provided*, That if a petition for amendment (or for exception) has been duly filed, and such petition requires extensive consideration, and the Administrator determines that an exception would be in the public interest pending such consideration, the Administrator may, on application, grant an exception from the provisions of this section permitting the making of contracts adjustable upon the granting of this petition for amendment (or for adjustment or exception, as the case may be). Requests for such an exception may be included in the aforesaid petition for amendment (or for adjustment or for exception).

§ 1367.105 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 240 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to Florida land pebble phosphate rock and Tennessee brown phosphate rock, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding or otherwise.

§ 1367.106 *Records and reports.* (a) On and after October 19, 1942 every miner of Florida land pebble phosphate rock and Tennessee brown phosphate rock who offers, agrees to sell, sells, or delivers such phosphate rock shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942 remains in effect, a complete and accurate record of every such offer, agreement, purchase, sale or delivery, showing the date thereof, the name and address, the amount of the transportation charges paid by the miner and the quantity, grade and size sold.

(b) Persons affected by this Maximum Price Regulation No. 240 shall submit such reports to the Office of Price Administration as it may from time to time require.

§ 1367.107 *Licensing*—(a) *License required.* A license is hereby required of every miner now or hereafter selling to any person Florida land pebble phosphate rock or Tennessee brown phosphate rock, or both, for which maximum prices are established by this Maximum Price Regulation No. 240.

(b) *License granted.* Effective October 19, 1942, every miner now or hereafter selling to any person Florida land pebble phosphate rock or Tennessee brown phosphate rock, or both, for which maximum prices are established by this Maximum Price Regulation No. 240, is hereby granted a license as a condition of selling any such phosphate rock. The license hereby granted shall, unless suspended as provided by the Emergency Price Control Act of 1942, continue in force so long as and to the extent that this Maximum Price Regulation No. 240 remains in force.

§ 1367.108 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 240 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 240 or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute a violation, are urged to communicate with the nearest district, state or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1367.109 *Petition for amendment.* Persons seeking any modification of this Maximum Price Regulation No. 240 or an adjustment or exception not provided for therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1 issued by the Office of Price Administration.

§ 1367.110 *Applicability of the General Maximum Price Regulation.* Except as provided in § 1367.111 (b), this Maximum Price Regulation No. 240 supersedes the provisions of the General Maximum Price Regulation with respect to sales and deliveries for which maximum prices are established by this regulation.

§ 1367.111 *Definitions.* (a) When used in this Maximum Price Regulation No. 240 the terms:

(1) "Person" includes an individual, corporation, partnership, association, or other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Miner" means a person who mines or recovers from the soil, phosphate rock and who may process the same to whatsoever extent before shipment.

(3) "Phosphate rock" means rock composed of mixtures of phosphate minerals the chief of which is tricalcium phosphate or tribasic phosphate of lime, a compound of phosphoric acid and lime chemically described as $CA_3(PO_4)_2$.

(4) "Florida land pebble phosphate rock" means phosphate rock of pebble-like formation mined and recovered in the State of Florida from land as distinguished from river beds.

(5) "Tennessee brown phosphate rock" means phosphate rock brown in color mined and recovered in the State of Tennessee.

(6) "B. P. L." means bone phosphate of lime a commercial description of phosphate rock based upon the content tricalcium phosphate or tribasic phosphate of lime ($CA_3(PO_4)_2$).

(7) "Kind" means a phosphate rock described by the name of the state in which it is mined, the basic substance of which it is composed and may include the color of its appearance as for example "Florida land pebble phosphate rock"; "Tennessee brown phosphate rock".

(8) "Grade" means the percentage of phosphorus content expressed in units of bone phosphate of lime or phosphorus pentoxide (P_2O_5).

(b) Unless the context otherwise requires, the definitions set forth in § 1499.20 of the General Maximum Price Regulation and the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to the terms used herein.

§ 1367.112 *Effective date.* This Maximum Price Regulation No. 240 (§§ 1367.101 to 1367.114 inclusive) shall become effective October 19, 1942.

§ 1499.856 *Adjustment of maximum prices through package weight reductions for "Dean's" Potato Chips manufactured by Dean's Chip Company.* (a) Dean's Chip Company of 217 South Sherman Street, Spokane, Washington may sell and deliver and any person may buy and receive from Dean's Chip Company packages of reduced weight of "Dean's" Potato Chips at prices no higher than those charged during March 1942 for corresponding packages of higher weight of "Dean's" Potato Chips as follows:

(1) 14 ounce packages at the maximum prices for the 16 ounce package.

---

[2] 7 F.R. 5059, 7242.

(2) 8 ounce packages at the maximum prices for the 9 ounce package.

(3) 4 ounce packages at the maximum prices for the 5 ounce package.

(4) 2½ ounce packages at the maximum prices for the 3 ounce package.

(b) Distributors and retailers may sell and deliver and any person may buy and receive from distributors and retailers packages of reduced weight of "Dean's" Potato Chips at prices no higher than those set forth below:

(1) The maximum prices established for the particular seller during March 1942 for corresponding packages of higher weight of "Dean's" Potato Chips as stated in paragraph (a) of this order.

(2) If no maximum prices have been established for the particular seller for the former size packages of "Dean's" Potato Chips, such maximum prices as may be established for such seller under § 1499.2 of the General Maximum Price Regulation.

(c) Sellers shall give the same or greater customary allowances, discounts or other price differentials for the new sizes of "Dean's" Potato Chips as they gave on the corresponding larger sizes of potato chips.

(c) The adjustments granted to Dean's Chip Company, to distributors and to retailers in paragraphs (a) and (b) are subject to the condition that before or at the time of each initial sale of new reduced weight packages of "Dean's" Potato Chips, Dean's Chip Company shall distribute or cause to be distributed to each distributor and to each retailer written notice as follows:

> The Office of Price Administration has authorized us to sell 14 ounce, 8 ounce, 4 ounce and 2½ ounce packages of "Dean's" Potato Chips at maximum prices established for 16 ounce, 9 ounce, 5 ounce and 3 ounce packages respectively.
>
> You are authorized by the same Office of Price Administration Order to sell the reduced weight packages at your maximum selling prices established by the General Maximum Price Regulation for the corresponding packages of higher weight.
>
> You are required to keep this notice for examination.

(e) All prayers of the application not granted herein are denied.

(f) This Order No. 56 may be revoked or amended by the Price Administrator at any time.

(g) This Order No. 56 (§ 1499.856) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(h) This Order No. 56 (§ 1499.856) shall become effective October 14, 1942.

PART 1499—COMMODITIES AND SERVICES

[Order 90 Under § 1499.3 (b) of General Maximum Price Regulation]

KRAFT CHEESE CO.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

§ 1499.954 *Authorization of a maximum price for sales of Phenix Mushroom Soup, 2 ounce package of dehydrated soup mix, by Kraft Cheese Company of Chicago, Illinois and by retailers.* (a) On and after October 14, 1942, the maximum price for sale by Kraft Cheese Company, having its principal place of business in Chicago, Illinois, of Phenix Mushroom Soup, a dehydrated soup mix, shall be a gross list price to retailers of $1.19 per dozen of 2 ounce packages subject to the customary trade discount of 20% or a net price of 95¢ for one dozen of 2 ounce packages.

(b) A seller at retail shall determine his maximum selling price of Phenix Mushroom Soup by adding to his net cost of this product a margin of profit of 33⅓% of his net cost, except that the maximum selling price at retail so determined shall not exceed 11¢ per 2 ounce package. If the price so determined is a fractional cent price and the fraction of a cent is less than one-half of a cent, the price shall be lowered to the next lower cent. If the fraction is one-half cent or larger, the retailer is permitted to increase his maximum price to the next higher cent.

Net cost as used in this paragraph shall be the retailers' invoice cost for Phenix Mushroom Soup delivered at his customary receiving point less all discounts, allowances and free deals, except cash discounts for prompt payment. Net cost shall not include unloading charges or charges for local cartage.

(c) All other customary discounts allowed by any seller from his prices for dehydrated soup mixes shall be deductible from the maximum price prescribed for his sales of Phenix Mushroom Soup.

(d) Kraft Cheese Company shall distribute at the time of or before the initial sale to each purchaser of Phenix Mushroom Soup from said company written notice as follows:

> The Office of Price Administration has authorized us to sell Phenix Mushroom Soup at a maximum gross ceiling price of $1.19 per dozen of 2 ounce packages subject to our customary trade discount of 20%, making a net price of 95¢ for one dozen of 2 ounce packages. This net selling price is subject to our other customary discounts and allowances applying to dehydrated soups.
>
> As a retailer, you are to determine your maximum selling price of Phenix Mushroom Soup by adding to your net cost of Phenix Mushroom Soup a 33⅓% margin of profit on your net cost. Your maximum selling price so determined cannot exceed 11¢ per 2 ounce package. If your maximum selling price so determined results in a fractional cent price and the fraction of a cent is less than one-half of a cent the price shall be lowered to the next lower cent. If the fraction is one-half of a cent or larger, you are permitted to increase your maximum price to the next higher cent.
>
> Your "net cost" of Phenix Mushroom Soup is described by the Office of Price Administration Order as your invoice cost less all discounts, allowances and free deals other than a cash discount for prompt payment. Net cost shall not include unloading charges or charges for local cartage.
>
> You are required to keep this notice for examination.

(e) This Order No. 90 may be revoked or amended by the Price Administrator at any time.

(f) This Order No. 90 (§ 1499.954) shall become effective as of October 14, 1942.

[Order 91 Under § 1499.3 (b) of General Maximum Price Regulation]

P. D. RIDENOUR SALES CO.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

§ 1499.955 *Authorization of maximum prices for sales of "Little Major" Dehydrated Carrot Juice Cocktail Mix, ¾ ounce packages of dehydrated vegetable product, by the P. D. Ridenour Sales Company of Chicago, Illinois, by wholesalers and by retailers.* (a) On and after October 14, 1942, the maximum price for sale by P. D. Ridenour Sales Company of Chicago, Illinois, of "Little Major" Dehydrated Carrot Juice Cocktail Mix, a dehydrated vegetable product, shall be 75¢ per dozen of ¾ ounce packages F. O. B. Chicago.

(b) The maximum price for sales at wholesale of "Little Major" Dehydrated Carrot Juice Cocktail Mix shall be 20¢ per dozen of ¾ ounce packages.

(c) A seller at retail shall determine his maximum selling price of "Little Major" Dehydrated Carrot Juice Cocktail Mix by adding to his net cost of this product a margin of profit of 33⅓% of his net cost, except that the maximum selling price at retail so determined shall not exceed 10¢ per ¾ ounce package. If the price so determined is a fractional cent price and the fraction of a cent is less than one-half of a cent, the price shall be lowered to the next lower cent. If the fraction is one-half cent or larger, the retailer is permitted to increase his maximum price to the next higher cent.

Net cost as used in this paragraph shall be the retailer's invoice cost for "Little Major" Dehydrated Carrot Juice Cocktail Mix delivered at his customary receiving point less all discounts, allowances and free deals, except cash discounts for prompt payment. Net cost shall not include unloading charges or charges for local cartage.

(d) Sellers shall give the same or greater customary allowances, discounts or other price differentials on the price of the new dehydrated product as they gave on the canned product.

(e) The P. D. Ridenour Sales Company shall distribute or cause to be distributed at the time of or before the initial sale to each purchaser of "Little Major" Dehydrated Carrot Juice Cocktail Mix from this company written notice as follows:

> The Office of Price Administration has authorized us to sell "Little Major" Dehydrated Carrot Juice Cocktail Mix at a maximum price of 75¢ per dozen of ¾ ounce packages f. o. b. Chicago, subject to our customary discounts, allowances and other price differentials.
>
> The same Office of Price Administration Order authorizes a maximum price for sales at wholesale of 90¢ per dozen.
>
> The order requires us to print on, securely attach to or include in each shipping case of "Little Major" Dehydrated Carrot Juice Cocktail Mix a written notice informing retailers of the method for determining their maximum selling prices at retail. This makes unnecessary your providing retailers with any additional notification with full shipping case sales. However, you will be required to send copies of this retailer notification to each purchaser of less than a full shipping case of this product before or at the time of making a broken case sale if such sale constitutes an initial sale to that purchaser.
>
> You are required to keep this notice for examination.

(f) The P. D. Ridenour Sales Company shall for a period of three months starting with the first offering of "Little Major" Dehydrated Carrot Juice Cocktail Mix print on, securely attach to or include in each shipping case of this product written notice as follows:

> The Office of Price Administration has authorized maximum selling prices for "Little Major" Dehydrated Juice Cocktail Mix including a maximum selling price for wholesalers of 90¢ per dozen of ¾ ounce packages.
>
> As a retailer, you are to determine your maximum selling price by adding to your net cost of "Little Major" Dehydrated Carrot Juice Cocktail Mix a 33⅓% margin of profit on your net cost. Your maximum selling price so determined cannot exceed 10¢ per ¾ ounce package. If your maximum selling price so determined results in a fractional cent price and the fraction of a cent is less than one-half of a cent the price shall be lowered to the next lower cent. If the fraction is one-half of a cent or larger, you are permitted to increase your maximum price to the next higher cent.
>
> Your "net cost" of "Little Major" Dehydrated Carrot Juice Cocktail Mix is described by the Office of Price Administration Order as your invoice cost less all discounts, allowances and free deals other than a cash discount for prompt payment. Net cost shall not include unloading charges or charges for local cartage.
>
> You are required to keep this notice for examination.

(g) This Order No. 91 may be revoked or amended by the Price Administrator at any time.

(h) This Order No. 91 (§ 1499.955) shall become effective as of October 14, 1942.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[Service Order 88]

PART 96—JOINT USE OF TERMINALS

PORTIONS OF TERMINALS AT MEMPHIS, TENN.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 12th day of October, A. D. 1942.

It appearing that, due to the existing state of war, an emergency exists which, in the opinion of the Commission, requires immediate action to prevent delay in the movement of railroad equipment, troops and war materials, and to prevent congestion of traffic; and

It further appearing, that the present operation of certain portions of the railroad terminals in Memphis, Tenn., described in the succeeding paragraphs of this order, results in serious delays in the movement of locomotives and cars and in congestion of traffic:

It is ordered, That:

§ 96.1 *Portions of terminals at Memphis, Tennessee.* (a) The Chicago, Rock Island & Pacific Railway Company (Frank O. Lowden and Joseph B. Fleming, trustees), Illinois Central System, Louisville & Nashville Railroad Company, Missouri Pacific Railroad Company (Guy A. Thompson, trustee), Nashville, Chattanooga & St. Louis Railway, St. Louis-San Francisco Railway (J. M. Kern and John G. Lonsdale, trustees), St. Louis Southwestern Railway Lines (Berryman Henwood, trustee), and Union Railway Company of Memphis are hereby required to make such joint or common use of railroad yards and tracks owned or used by them, extending between Main Street Crossing, Memphis, Tenn., and the Harahan Bridge and the Frisco Bridge across the Mississippi River, a distance of approximately four thousand (4,000) feet, within the Memphis, Tenn., switching district, as will result in the best and most expeditious movement of locomotives and loaded and empty cars with the least delay to locomotives and cars and congestion of traffic, and upon such terms between said carriers as they may agree upon, or, in the event of their disagreement, as this Commission may after subsequent hearing find to be just and reasonable.

(b) The Chicago, Rock Island & Pacific Railway Company (Frank O. Lowden and Joseph B. Fleming, trustees), Illinois Central System, Louisville & Nashville Railroad Company, Nashville, Chattanooga & St. Louis Railway, and Southern Railway System are hereby required to make such joint or common use of railroad yards and tracks owned or used by them, including tracks owned by the Nashville, Chattanooga & St. Louis Railway, and the double-track line owned by the Southern Railway System extending between Tower "B" and Kansas City Junction, a distance of approximately two and seven-tenths (2.7) miles, within the Memphis, Tenn., switching district, as will result in the best and most expeditious movement of locomotives and loaded and empty cars with the least delay to locomotives and cars and congestion of traffic, and upon such terms between said carriers as they may agree upon, or in the event of their disagreement, as this Commission may after subsequent hearing find to be just and reasonable.

(c) This order shall take effect 12:01 A. M., October 23, 1942, and remain in force until further order of the Commission. (Issued under 40 Stat. 101, 41 Stat. 476, 49 Stat. 543, 54 Stat. 901, 49 U.S.C. 1-(10)-(17).)

It is further ordered, That copies of this order and direction be served upon the above-named carriers, the Association of American Railroads, Car Service Division, as agents of the carriers subscribing to the car service and per diem agreement under terms of that agreement, and that notice of this order be given to the general public by depositing a copy of this order in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director of the Division of the Federal Register, The National Archives.

By the Commission, Division 3.

[SEAL] W. P. BARTEL,
Secretary.

HOLMES-DARST COAL CORPORATION

ORDER GRANTING ORAL ARGUMENT

In the matter of the application of Holmes-Darst Coal Corporation to secure a determination as provided by Rule 10, section II of the Marketing Rules and Regulations, and by subsection (b) (8), section 304.12 of the Rules and Regulations for the Registration of Distributors.

Holmes-Darst Coal Corporation, petitioner herein, having filed exceptions to the Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations of the Examiner, dated August 6, 1942, and petitioner having requested oral argument;

Now, therefore, it is ordered, That oral argument on the exceptions to the Examiner's Report be held at 10 a. m., on Wednesday, October 21, 1942, in the offices of the Division, at Washington, D. C.

Dated: October 10, 1942.

NEW BLACK DIAMOND COAL CO.

ORDER DISMISSING PETITION

In the matter of the petition of the New Black Diamond Coal Co. for the establishment of price classifications and minimum prices for the coals of its new Black Diamond Coal Co. mine in District No. 10.

In an order issued August 31, 1942, in the above-entitled matter, temporary and conditionally final relief was granted as sought in the original petition and the relief previously granted the original petitioner by order issued February 17, 1941, in Docket No. A-1079 was revoked. Subsequently, petitioner filed a motion to withdraw its petition in the above-entitled matter and requested the reinstatement of the relief previously granted it in Docket No. A-1079, alleging that the necessity for a different shipping point for the coals of its mine, the relief granted by the order issued August 31, 1942, in the above-entitled matter, no longer existed.

No petitions of intervention in opposition to this motion have been received and good cause has been shown why it should be granted.

Accordingly, *It is ordered*, That the original petition in the above-entitled matter be, and the same hereby is, dismissed without prejudice.

It is further ordered, That the temporary relief heretofore granted in the above-entitled matter by order issued August 31, 1942, be, and the same hereby is, revoked.

It is further ordered, That the portion of the order dated August 31, 1942, in the above-entitled matter terminating the relief heretofore granted the coals of Mine Index No. 1190, in Docket No. A-1079, be, and the same hereby is, revoked.

Dated: October 10, 1942.

ORDER RESCHEDULING HEARING AND REDESIGNATING TRIAL EXAMINER

The hearing in the above-entitled matter having been postponed by an order issued herein on September 24, 1942, to a time and place to be thereafter designated by an appropriate order; and

The Director deeming it advisable that said hearing should now be rescheduled;

Now, therefore, it is ordered, That the hearing in the above-entitled matter shall be held on October 19, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at Room 118, Colonial Hotel, Altoona, Pennsylvania; and

It is further ordered, That W. A. Cuff shall preside at said hearing vice Charles S. Mitchell; and

It is further ordered, That the Notice of and Order for Hearing issued herein on July 24, 1942, shall, in all other respects, remain in full force and effect.

Dated: October 10, 1942.

SHERWOOD-TEMPLETON COAL CO., ET AL.

MEMORANDUM OPINION AND ORDER

In the matter of the application of Sherwood-Templeton Coal Company, Inc., and Linton-Summit Coal Company, Inc., for a determination of the status of the waste slurry coal produced at Mine Index Nos. 63, 101, 108, and 112 in District No. 11, pursuant to the second paragraph of section 4-A of the Bituminous Coal Act of 1937.

On August 21, 1942, 7 F. R. 6690, an order was issued in the above-entitled matter denying the application for exemption filed by Sherwood-Templeton Coal Company, Inc., and Linton-Summit Coal Company, Inc., applicants therein and providing that such denial was to become effective at the end of 60 days from the date of said order. Findings of Fact, Conclusions of Law and an Opinion in this matter were filed simultaneously with the said order and explained that the 60-day period was allowed as a reasonable time within which to file a petition pursuant to section 4 II (d) of the Act requesting the establishment of minimum prices for the coals involved in this proceeding.

On October 6, 1942, the applicants filed a motion requesting that the effective date of said Order dated August 21, 1942, be extended to 120 days from the date thereof on the ground that they have made formal application to District Board No. 11 to file a 4 II (d) petition proposing minimum prices for such coal but that they have been advised that the District Board will be unable to complete its investigations and tests within the 60-day period established by the Order of August 21, and that "because of the unusual circumstances existing in connection with classifying and pricing said coal, an additional period of 60 days will be required before such price . . . can be proposed." On September 30, 1942, District Board No. 11 filed a verified statement of facts substantiating the allegations of the aforesaid motion.

It appears that a reasonable showing has been made for an extension of time as requested.

Now, therefore, it is ordered, That the Order dated August 21, 1942, 7 F.R. 6690, in the above-entitled matter be, and it hereby is, modified to the extent that the effective date of the said order shall be 120 days from the date thereof.

Dated: October 12, 1942.

[Docket No. A-1212]

DISTRICT BOARD 11

MEMORANDUM OPINION AND ORDER RESUMING HEARING

In the matter of the petition of District Board No. 11 for revision of the schedules of minimum prices applicable to coals shipped from District No. 9 and District No. 11 to Charlestown and Speed, Indiana, Market Area No. 31, for a recoordination of the delivered price relationships of such coals at said destinations, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

This proceeding was instituted upon a petition filed with the Bituminous Coal Division on December 9, 1941, by District Board 11, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. As amended at the hearing, the petition requests that the f. o. b. mine prices of District 9 coals be increased for delivery at Speed,[1] Indiana, and Charlestown, Indiana, including Watson or Watson's Siding,[2] Indiana, so as to effectuate the same delivered price relationships between the coals in Districts 9 (West Kentucky) and 11 (Indiana) at said destinations as exist between said coals in Market Area 29 (Chicago). The petition requests that such recoordination be accomplished by increasing the f. o. b. mine prices of the coals of District 9 by the following amounts per ton in the size groups indicated:

Size groups:	*Cents*
1, 3 to 12, 17 to 21	40
2	35
13, 15, 22, 23, 25, 26	30
14, 24, 27 to 29	20

Temporary relief pending final disposition of this proceeding was requested but has not been granted.

District Boards 8 and 9 filed petitions of intervention and the Bituminous Coal Consumers' Counsel ("Consumers' Counsel") filed notice of appearance. Pursuant to appropriate orders, a hearing was held on April 1 and 2, 1942, before Charles O. Fowler, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. Interested persons were afforded an opportunity to be present and participate fully in the hearing. District Boards 8, 9, and 11 and Consumers' Counsel appeared.

Briefs were filed by District Board 11 and Consumers' Counsel.

On July 20, 1942, the Examiner submitted his Proposed Findings of Fact and Conclusions of Law, and upon the basis thereof recommended that the f. o. b. mine prices of District 9 coals should be increased for delivery at Speed, Charlestown, and Watson, Indiana, so as to effectuate the same delivered price relationship between Districts 9 and 11 coals at said destinations as between said coals in Market Area 29. This would necessitate increases of District 9 f. o. b. mine prices, for shipments over the Illinois Central ("IC") of 40 cents per ton in Size Groups 1, 3 to 12, and 17 to 21; 35 cents per ton in Size Group 2; 30 cents per ton in Size Groups 13, 15, 22, 23, 25, and 26; and 20 cents per ton in Size Groups 14, 24, and 27 to 29. It would also require an additional 10 cents per ton increase of these amounts for shipments over the Louisville and Nashville ("L&N") to Watson.

An opportunity was afforded to all parties to file exceptions to the Examiner's Report and supporting briefs. Exceptions were so filed by Consumers' Counsel on August 7, 1942, and by District Board 9 on August 20, 1942.

The Examiner pointed out that no price adjustments were made in General Docket No. 15 to reflect freight rate differentials by lowering District 11 delivered prices for shipments to Speed, Charlestown, and Watson, because to have done so would have allowed mines with higher freight rates than Indiana a competitive opportunity at these destinations not previously enjoyed.

Stated succinctly, the situation here is this: Under the prices established in General Docket No. 15, District 11 coals delivered at Charlestown, Speed, and Watson, Indiana, in Market Area 31, at prices somewhat below those at which District 9 coals delivered in the same destinations. By virtue of certain freight rate changes effective in February, April, and November 1941, the delivered price relationship at these destinations between the District 9 and 11 coals have changed to the disadvantage of District 11. Since General Docket No. 15 the market conditions in these destinations have changed considerably. The amount of coal consumed at these destinations has increased greatly. The cement plant at Speed, the government-owned Indiana Ordnance Works at Charlestown, and the government-owned bag loading plant at Watson are all intimately related to the war program. Freight rate reductions have eliminated the differentials in the base sizes between District 9 Ninth Vein and District 11 Standard Fifth Vein coals from the Princeton-Ayshire, Boonville, Brazil-Clinton, and Lynton-Sullivan Subdistricts. These coals now deliver at Speed and Charlestown at a parity when District 9 shipments originate on the Illinois Central Railroad and District 9 Ninth Vein coals deliver at Watson from mines on the Louisville and Nashville at a price 10 cents below that at which District 11 Standard Fifth Vein coals deliver.

District Board 9 complains of the Examiner's recommendation upon the ground that it is based on a mere apprehension of a future loss of business by District 11. The Bituminous Coal Consumers' Counsel takes a broader position and urges, as it has urged in the past, that producers and consumers should have the advantage of altered market conditions brought about by freight rate changes and that such advantages should not be cancelled by recoordination of price relationships in order to maintain former competitive opportunities.

We are here presented, then, with the important issue of whether a change in freight relationships should be the basis for a corresponding change in f. o. b. mine prices. That issue has been presented in previous cases and from time to time resolved in the light of the record facts. For the most part those decisions have been made in cases involving small adjustments and relatively small tonnages. But always it has been recognized that the resolution of the issue was not to be taken lightly for there is always present the interplay of many and sometimes conflicting considerations and interests. There is the problem of preserving fair competitive opportunities in the coordination of prices; there is the problem of satisfying the interests of consumers; and there is the problem of determining the extent to which the minimum price structure for bituminous coal should be modified or altered by reason of the action of another regulatory body which is charged with the task of regulating freight rates.

---

[1] So in the freight schedules; referred to in the petition and transcript as "Speeds."

[2] In the freight schedules as "Watson."

I have canvassed this record with care and I am not satisfied with the showing that has been made. We are here dealing with an important market area in which the coals of several districts are in active competition. Since General Docket No. 15 significant changes in the market conditions have taken place. Freight rate changes have been permitted by the regulatory body intrusted with that task. That action may have been taken upon some showing of necessity therefor. Nevertheless, while I am asked to take steps to counteract that action, I am presented with a record that fails to disclose adequately that the freight rate changes warrant the relief requested. This I refuse to do. Whatever may have been the administrative practice heretofore, I shall not hereafter effect a recoordination of mine prices in order to offset freight rate changes unless the petitioner makes a full and complete showing as to the effects of the rate changes upon a reasonable opportunity to compete on a fair basis, the effect thereof on the movement of coal, the relative market value of the various coals involved, taking into account uses, demand, etc., the propriety of re-establishing the coordination that existed or, as in the case here, a coordination which exists in another market area in which the same coals compete, and all circumstances surrounding the freight rate changes.

Because of the deficiencies of this record in the light of the importance of the issue, I have concluded to take no action in this case at this time but to order the hearing reopened. At the reopened hearing I will expect the parties to develop a full and adequate record in the light of the considerations expressed above. The order resuming the hearing will direct that the Examiner file a supplemental report unless the parties elect to waive it.

Now, therefore, it is ordered, That the hearing in this cause be resumed on December 10, 1942, at 10 A. M. at a hearing room of the Division in Washington, D. C., to be designated on the day of the hearing by the Chief of Records Section in the Offices of the Division, and that Charles O. Fowler, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter, shall exercise such powers as were conferred upon him by the initial Notice of and Order for Hearing in this proceeding, and shall prepare and submit a supplemental report in this matter.

Notice of such hearing is hereby given to all parties herein and to persons or instrumentalities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Division for proceedings instituted pursuant to section 4 II (d) of the Act, stating further the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Division on or before December 1, 1942.

The matter concerned herewith is in regard to the petition of District Board 11 for revision of the schedules of minimum prices applicable to coals shipped from District 9 and from District 11 to Charlestown, Speed, and Watson, Indiana, in Market Area 31, for the purpose of effecting the same delivered price relationships of such coals at said destination as currently exist between such coals in Market Area No. 29.

FRANK YASBEZ, CODE MEMBER

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 2, 1942, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), having been duly filed on October 6, 1942, by Bituminous Coal Producers Board for District No. 17, complainant, with the Bituminous Coal Division (the "Division"), alleging wilful violation by Frank Yasbez, Raton, New Mexico, (the "Code Member"), of the Bituminous Coal Code (the "Code"), or rules and regulations thereunder:

It is ordered, That a hearing in respect to the subject matter of such complaint be held on November 19, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Court House, Trinidad, Colorado.

It is further ordered, That Charles O. Fowler or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, to take evidence, and to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said code member and to all other parties herein and to all persons and entities having an interest in this proceeding. Any person or entity eligible under section 301.123 of the Rules and Regulations Governing Practice and Procedure

Before the Division in proceedings instituted pursuant to sections 4 II (j) and 5 (b) of the Act, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the Code Member; and that failure to file an answer within such period, unless otherwise ordered, shall be deemed to be an admission of the allegations of the complaint herein and a consent to the entry of an appropriate order on the basis of the facts alleged.

Notice is also hereby given that if it shall be determined that the Code Member has wilfully committed any one or more of the violations alleged in the complaint, an order may be entered either revoking the membership of the Code Member in the Code and the Code Member's right to an exemption from the taxes imposed by section 3520 (b) (1) of the Internal Revenue Code, or directing the Code Member to cease and desist from violating the Code and regulations made thereunder.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Notice is also hereby given that any application, pursuant to § 301.132 of the Rules of Practice and Procedure Before the Division for the disposition of this proceeding without formal hearing, must be filed not later than fifteen (15) days after receipt by the Code Member of the complaint herein.

The matter concerned herewith is in regard to the complaint filed by said complainant alleging that the Code Member, whose Code Membership became effective as of May 5, 1938, operator of the Franks Mine, Mine Index No. 418, and Franks No. 2 Mine (for which no mine index number had been assigned) located in Colfax County, New Mexico, Subdistrict No. 10 of District No. 17, has wilfully violated Order of the Division dated October 9, 1940, entered in General Docket No. 19, by selling and delivering by truck subsequent to October 14, 1940, coal produced at the aforesaid Franks No. 2 Mine for which minimum prices temporary or final had not been established by the Division including sales during the period December 12, 1941 and March 27, 1942, both dates inclusive, to the Bin to User Coal Company at Raton, New Mexico, of approximately 170.0775 net tons of 1½" x ½" nut coal at a delivered price of $2.50 per net ton f. o. b. the mine.

SONCHAR BROTHERS

NOTICE OF AND ORDER FOR HEARING

In the matter of Joe Sonchar and Victor Sonchar, individually and as copartners doing business under the name and style of Sonchar Brothers, Code Member.

A complaint dated October 2, 1942, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), having been duly filed on October 6, 1942, by the Bituminous Coal Producers Board for District No. 17, a District Board, complainant, with the Bituminous Coal Division (the "Division"), alleging wilful violation by Joe Sonchar and Victor Sonchar, individually and as copartners doing business under the name and style of Sonchar Brothers, (the "Code Member"), of the Bituminous Coal Code (the "Code"), or rules and regulations thereunder:

It is ordered, That a hearing in respect to the subject matter of such complaint be held on November 20, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Court House, Trinidad, Colorado.

It is further ordered, That Charles O. Fowler or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, to take evidence, and to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said Code Member and to all other parties herein and to all persons and entitles having an interest in this proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Division in proceedings instituted pursuant to sections 4 II (j) and 5 (b) of the Act, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the Code Member; and that failure to file an answer within such period, unless otherwise ordered, shall be deemed to be an admission of the allegations of the complaint herein and a consent to the entry of an appropriate order on the basis of the facts alleged.

Notice is also hereby given that if it shall be determined that the Code Member has wilfully committed any one or more of the violations alleged in the complaint, an order may be entered either revoking the membership of the Code Member in the Code and the Code Member's right to an exemption from the taxes imposed by section 3520 (b) (1) of the Internal Revenue Code, or directing the Code Member to cease and desist from violating the Code and regulations made thereunder.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Notice is also hereby given that any application, pursuant to § 301.132 of the Rules of Practice and Procedure before the Division for the disposition of this proceeding without formal hearing, must be filed not later than fifteen (15) days after receipt by the Code Member of the complaint herein.

The matter concerned herewith is in regard to the complaint filed by said complainant alleging that the Code Member located at Raton, New Mexico, whose Code Membership became effective as of April 15, 1938, operator of the Sonchar Brothers Mine, Mine Index No. 392, located in Colfax County, New Mexico, Subdistrict No. 10 of District No. 17, has wilfully violated:

1. DEPARTMENT OF AGRICULTURE.

Agricultural Marketing Administration.

DUBUQUE, IOWA, MARKETING AREA

NOTICE ON HANDLING OF MILK

Notice of report and opportunity to file written exceptions with respect to a proposed marketing agreement, as amended, and a marketing order, as amended, regulating the handling of milk in the Dubuque, Iowa, marketing area, prepared by the Administrator of the Agricultural Marketing Administration.

Pursuant to § 900.12 (a) of the General Regulations of the Agricultural Marketing Administration, United States Department of Agriculture, governing proceedings to formulate marketing orders and marketing agreements, notice is hereby given of the filing with the hearing clerk of this report of the Administrator of the Agricultural Marketing Administration, with respect to a proposed marketing agreement, as amended, and to a marketing order, as amended, regulating the handling of milk in the Dubuque, Iowa, marketing area. Interested parties may file exceptions to the report with the Hearing Clerk, Room 1019, South Building, United States Department of Agriculture, Washington, D. C., not later than the close of business on the 10th day after publication of this notice in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

Preliminary Statement

The proceeding was initiated by the Agricultural Marketing Administration upon receipt of a petition dated June 10, 1942, received from the Dubuque Cooperative Dairy Marketing Association of Dubuque, Iowa, for a public hearing to receive evidence on several changes they proposed in the marketing agreement and order. Dubuque handlers then submitted one proposal for amendment and the Dairy and Poultry Branch of the Agricultural Marketing Administration suggested changes in the regulations pertaining largely to administrative matters. Notice of hearing was issued on August 12, 1942, and the hearing was convened on August 19, 1942.

The major issues developed at the hearing were concerned with (1) the changes in the program made desirable by the operation of the health regulations of the city of Dubuque, (2) revision of the classes of milk, and (3) the specification of administrative practice in greater detail.

With respect to these issues it is concluded from the record that:

1. Provisions of the order should cover all milk received at handlers' plants, with the exception that the market pool should include only that milk meeting the requirements of the health regulations;

2. The classes of milk should be revised; and

3. It is desirable to revise the administrative provisions of the order in keeping with accepted principles, present

practice, and a clear specification of detail.

The proposed marketing order, as amended, which follows is the detailed means by which these conclusions may be effectuated. The proposed marketing agreement, as amended, is not included in this report because the provisions thereof will be the same as the provisions of the proposed marketing order, as amended, set forth below.

PROPOSED MARKETING ORDER, AS AMENDED

It is found upon the evidence introduced at the public hearing held in Dubuque, Iowa, on August 19, 1942:

Findings

1. That the order, as amended, regulates the handling of milk in the same manner as, and is applicable only to handlers defined in, a marketing agreement, as amended, upon which a hearing has been held; and

2. That the issuance of this order, as amended, and all of its terms and conditions, tends to effectuate the declared policy of the act.

Provisions

§ 912.3 *Definitions*—(a) *Terms.* The following terms shall have the following meanings:

(1) The term "Dubuque, Iowa, marketing area," hereinafter called the "marketing area," means the territory within the corporate limits of the city of Dubuque, Iowa, the township of Dubuque, Iowa, sections 1, 2, 3, 11, and 12 of the township of Table Mound, and sections 5 and 6 of the township of Mosalem, all in the county of Dubuque in the State of Iowa.

(2) The term "person" means any individual, partnership, corporation, association, or any other business unit.

(3) The term "producer" means any person who produces milk which is received at the plant of a handler from which Class I or Class II milk is disposed of in the marketing area.

(4) The term "graded producer" means any person who, in conformity with the requirements of the Dubuque health authorities for milk disposed of for consumption as milk, produces milk which is received at the plant of a handler from which Class I or Class II milk is disposed of in the marketing area, or which a cooperative association causes to be delivered to a plant from which no Class I or Class II milk is disposed of in the marketing area.

(5) The term "handler" means any person who, on his own behalf or on behalf of others, purchases or receives milk or cream and who disposes of Class I or Class II milk in the marketing area. This definition shall include any cooperative association with respect to milk caused to be delivered from a graded producer to a plant from which no Class I or Class II milk is disposed of in the marketing area.

(6) The term "producer-handler" means any person who is both a producer and a handler and who receives no milk from other producers: *Provided*, That (a) the maintenance, care, and management of the dairy animals and other resources necessary to produce the milk is the personal enterprise of and at the personal risk of such person in his capacity as a producer, and (b) the processing, packaging, and distribution of the milk is the personal enterprise of and at the personal risk of such person in his capacity as a handler.

(7) The term "market administrator" means the person designated pursuant to § 912.4 as the agency for the administration hereof.

(8) The term "delivery period" means the current marketing period from the first to and including the last day of each month.

(9) The term "act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended.

(10) The term "Secretary" means the Secretary of Agriculture of the United States or any officer or employee of the United States Department of Agriculture who is, or who may hereafter be, authorized to exercise the powers and to perform the duties of the Secretary of Agriculture of the United States.

(11) The term "cooperative association" means any cooperative association of producers which the Secretary determines (i) to have its entire activities under the control of its members, and (ii) to have and to be exercising full authority in the sale of milk of its members.

§ 912.4 *Market administrator*—(a) *Designation.* The agency for the administration hereof shall be a market administrator who shall be a person selected by the Secretary. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

(b) *Powers.* The market administrator shall: (1) Administer the terms and provisions hereof; and (2) Report to the Secretary complaints of violation of the provisions hereof.

(c) *Duties.* The market administrator shall: (1) Within 45 days following the date upon which he enters upon his duties, execute and deliver to the Secretary a bond, conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the Secretary.

(2) Pay, out of the funds provided by § 912.11, the cost of his bond, his own compensation, and all other expenses necessarily incurred in the maintenance and functioning of his office.

(3) Keep such books and records as will clearly reflect the transactions provided for herein and surrender the same to his successor or to such other person as the Secretary may designate.

(4) Publicly disclose to handlers and producers, unless otherwise directed by the Secretary, the name of any person who, within 10 days after the date upon which he is required to perform such acts, has not (i) made reports pursuant to § 912.7, or (ii) made payments pursuant to § 912.10.

(5) Promptly verify the information contained in the reports submitted by handlers.

§ 912.5 *Classification of milk*—(a) *Basis of classification.* All milk or cream purchased or received by a handler or caused to be delivered by a cooperative association to a plant from which no milk is disposed of in the marketing area shall be reported by the handler and shall be classified by the market administrator in the classes set forth in (b) of this section: *Provided*, That (1) any milk moving as fluid milk from any handler's plant to a plant of a nonhandler who distributes fluid milk shall be classified as Class I milk and any cream moving as fluid cream to a plant of such nonhandler shall be classified as Class II milk; (2) any milk or cream moving from a handler's plant to a plant of a nonhandler who does not distribute fluid milk or cream shall be classified as Class III milk, subject to verification by the market administrator; and (3) any milk moving as fluid milk from any handler's plant to a plant of another handler shall be classified as Class I milk, and any cream moving as fluid cream from any handler's plant to a plant of another handler shall be classified as Class II milk: *Provided*, That if the selling handler, except for milk and cream moving to the plant of a producer-handler or to the plant of a handler who is also a producer, on or before the 5th day after the end of the delivery period during which such milk or cream was moved, furnishes to the market administrator a statement which is signed by the buyer and the seller that such milk or cream was utilized in a lower classification, such milk or cream shall be classified accordingly, subject to verification by the market administrator.

(b) *Classes of utilization.* Subject to the conditions set forth in (a) of this section, the classes of utilization of milk shall be as follows:

(1) Class I milk shall be all milk disposed of as milk except such milk as is classified as Class II milk and as Class III milk pursuant to (2) and (3) of this paragraph and all unaccounted for milk in excess of 3 percent of the total receipts of butterfat from producers converted to 3.5 percent milk equivalent.

(2) Class II milk shall be all milk disposed of as cream, for consumption as cream including any cream product in fluid form which contains 6 percent or more but less than 18 percent butterfat, flavored milk, creamed buttermilk, and creamed cottage cheese.

(3) Class III milk shall be all milk accounted for as used to produce butter, cheese other than creamed cottage cheese, evaporated milk, condensed milk, powdered whole milk, ice cream mix, and ice cream and all unaccounted for milk not in excess of 3 percent of the total receipts of butterfat from producers converted to 3.5 percent milk equivalent.

(c) *Responsibility of handlers in establishing the classification of milk.* In establishing the classification of milk as required in (b) of this section, the burden rests upon the handler who receives milk from producers to account for the milk and to prove to the market administrator that such milk should not be classified as Class I milk.

(d) *Computation of milk in each class.* For each delivery period, the market administrator shall compute, in the case of each handler, the amount of milk in each class, as defined in (b) of this section, as follows:

(1) Determine the total pounds of milk received from (i) producers, (ii) handler's own farm production, (iii) other handlers, (iv) other sources, and (v) add together the resulting amounts.

(2) Determine the total pounds of butterfat received as follows: (i) multiply the weight of the milk received from producers by its average butterfar test; (ii) multiply the weight of the milk received from handler's own farm production by its average butterfat test; (iii) multiply the weight of the milk received from other handlers by its average butterfat test; (iv) multiply the weight of the milk received from other sources by its average butterfat test; and (v) add together the resulting amounts.

(3) Determine the total pounds of milk in Class I as follows: (i) convert to pounds the total quantity of milk disposed of in the form of milk on the basis of 2.15 pounds per quart; (ii) multiply the result by the average butterfat test of such milk; and (iii) if the quantity of butterfat so computed when added to the pounds of butterfat in Class II milk and Class III milk, computed pursuant to (4) (ii) and (5) (iv) of this paragraph, is less than the total pounds of butterfat received, computed in accordance with (2) of this paragraph, an amount equal to the difference shall be divided by 3.5 percent and added to the quantity of milk determined pursuant to (i) of this subparagraph.

(4) Determine the total pounds of milk in Class II as follows: (i) multiply the actual weight of each of the several products of Class II milk by its average butterfat test; (ii) add together the resulting amounts; and (iii) divide the result obtained in (ii) of this subparagraph by 3.5 percent.

(5) Determine the total pounds of milk in Class III as follows: (i) multiply the actual weight of each of the several products of Class III milk by its average butterfat test; (ii) add together the resulting amounts; (iii) subtract the total pounds of butterfat in Class I milk and Class II milk, computed pursuant to (3) (ii) and (4) (ii) of this paragraph, and the total pounds of butterfat computed pursuant to (ii) of this subparagraph, from the total pounds of butterfat computed pursuant to (2) of this paragraph, which resulting quantity shall be allowed as plant shrinkage for the purposes of this paragraph (but in no event shall such plant shrinkage allowance exceed 3 percent of the total receipts of butterfat from producers by the handler); (iv) add the result obtained in (iii) of this subparagraph (but not to exceed 3 percent of the total receipts of butterfat from producers by the handler) and the result obtained in (ii) of this subparagraph; and (v) divide the result obtained in (iv) of this subparagraph by 3.5 percent.

(6) Determine the classification of milk received from producers as follows: (i) subtract from the total pounds of milk in each class the total pounds of milk which were received from other handlers and used in such class; (ii) subtract from the remaining pounds of milk in each class the total pounds of milk which were received from sources other than producers and handlers and used in such class; (iii) subtract pro rata from the remaining pounds of milk in each class the total pounds of milk which were received from the handler's own farm production; and (iv) except as set forth in (e) of this section, the result shall be known as the "net pooled milk" in each class.

(e) *Reconciliation of utilization of milk by classes with receipts of milk from producers.* In the event of a difference between the total quantity of milk utilized in the various classes as computed pursuant to (d) of this section and the quantity of milk received from producers, except for excess milk or milk equivalent of butterfat pursuant to § 912.8 (d), such difference shall be reconciled as follows:

(1) If the total utilization of milk in the various classes for any handler, as computed pursuant to (d) of this section, is less than the receipts of milk from producers, the market administrator shall increase the total pounds of milk in Class III for such handler by an amount equal to the difference between the receipts of milk from producers and the total utilization of milk by classes for such handler, which result shall be known as the "net pooled milk" in each class.

(2) If the total utilization of milk in the various classes for any handler, as computed pursuant to (d) of this section is greater than the receipts of milk from producers, the market administrator shall decrease the total pounds of milk in Class III for such handler by an amount equal to the difference between the total utilization of milk by classes for such handler and the receipts of milk from producers, which result shall be known as the "net pooled milk" in each class.

§ 912.6 *Minimum prices*—(a) *Class prices.* Each handler shall pay, at the time and in the manner set forth in § 912.10, not less than the prices set forth in this paragraph per hundredweight of milk received during each delivery period at such handler's plant or caused by such handler to be delivered to a plant from which no milk is disposed of in the marketing area, on the basis of milk of 3.5 percent butterfat content:

(1) For Class I milk—the price shall be the price determined and announced pursuant to (5) of this paragraph, plus 70 cents per hundredweight.

(2) For Class I milk disposed of under a program approved by the Secretary for the sale or disposition of milk to low-income consumers, including persons on relief—the price shall be the price determined and announced pursuant to (5) of this paragraph, plus 23 cents per hundredweight.

(3) For Class II milk—the price shall be the price determined and announced, pursuant to (5) of this paragraph, plus 25 cents per hundredweight.

(4) For Class III milk—the price shall be the result of the following computation by market administrator: multiply by 2.4 the average weekly prevailing price per pound of the cheese known as "Twins" during said delivery period on the Wisconsin Cheese Exchange, Plymouth, Wisconsin (or in the absence of such prices, the prices of such "Twins" at Chicago, as reported by the United States Department of Agriculture), and multiply such result by 3.5.

(5) Computation of foundation price for Class I and Class II milk—the market administrator shall determine and announce the average of the basic or field prices per hundredweight, ascertained to have been paid for milk of 3.5 percent butterfat content received during the period beginning with the 16th day of the previous month and ending with the 15th day of the then current month at the plants listed in this subparagraph: *Provided*, That if the price so determined is less than the price computed by the market administrator in accordance with the following formula, such formula price shall be announced: multiply by 0.4 the average weekly prevailing price per pound of the cheese known as "Twins" during said delivery period on the Wisconsin Cheese Exchange, at Plymouth, Wisconsin (or in the absence of such prices, the prevailing prices for such "Twins" at Chicago, as reported by the United States Department of Agriculture), add the average wholesale price per pound of 92-score butter at Chicago for said delivery period as reported by the United States Department of Agriculture, and multiply such result by 3.9.

§ 912.7 *Reports of handlers*—(a) *Periodic reports.* On or before the 5th day after the end of each delivery period each handler, with respect to milk or milk products which were during such delivery period (1) received from producers, (2) received from handlers, (3) received from such handler's own production, (4) received from any other source, or (5) caused to be delivered to a plant from which no milk is disposed of in the marketing area, shall report to the market administrator, in the detail and form prescribed by him, as follows:

(1) The receipts at each plant from producers who are not handlers;

(2) The receipts at each plant from any other handler, including any handler who is also a producer;

(3) The receipts at each plant from such handler's own production;

(4) The receipts at each plant from any other source;

(5) The respective quantities of milk and milk products disposed of or on hand; and

(6) The respective butterfat content of each of the above.

(b) *Reports as to producers.* Each handler shall report to the market administrator as follows:

(1) Within 10 days after the market administrator's request, with respect to any producer and with respect to a period of time designated by the market administrator, (i) the name and address, (ii) the total pounds of milk received, (iii) the average butterfat test of milk received, and (iv) the number of days upon which milk was received; and

(2) Within 5 days after first receiving milk from any producer, (i) the name and address of such producer, (ii) the date upon which such milk was first received, and (iii) the plant at which the milk of such producer was received.

(c) *Reports of payments to producers.* On or before the 20th day after the end of each delivery period each handler shall submit to the market administrator his producer pay roll for such delivery period which shall show for each producer (i) the net amount of such producer's payment with the prices, deductions, and charges involved, and (ii) the total delivery of milk with the average butterfat test thereof.

(d) *Reports of producer-handlers and handlers whose sole sources of supply are receipts from other handlers.* Producer-handlers and handlers whose sole sources of supply are receipts from other handlers shall report to the market administrator at such time and in such manner as the market administrator may request.

(e) *Verification of reports and payments.* The market administrator shall verify all reports and payments of each handler by audit of such handler's records, and of the records of any other handler or person upon whose disposition of milk such handler claims classification. Each handler shall keep adequate records of receipts and utilization of milk and shall, during the usual hours of business, make available to the market administrator or his representative such records and facilities as will enable the market administrator to:

(1) Verify the receipts and disposition of all milk required to be reported pursuant to this section and, in case of errors, or omissions, ascertain the correct figures;

(2) Weigh, sample, and test for butterfat content the milk received from producers and any product of milk upon which classification depends; and

(3) Verify the payments to producers prescribed in § 912.10.

§ 912.8 *Application of provisions*—(a) *Producer-handlers.* (1) §§ 912.6, 912.9, 912.10, 912.11, and 912.12 shall not apply to the handling of milk by handlers (i) whose sole sources of supply are receipts from other handlers or (ii) who are also producer-handlers pursuant to § 912.3 (a) (6), as verified by the market administrator in the manner provided in (2) of this paragraph.

(2) Handlers shall furnish to the market administrator for his verification, subject to review by the Secretary, evidence of their qualifications as producer-handlers pursuant to § 912.3 (a) (6), as of the effective date of the provisions hereof, and they shall furnish evidence of subsequent changes made in the manner of producing or distributing their milk that affects their qualification as producer-handlers; such verification by the market administrator shall be made within 15 days of the date of receipt of the evidence and shall be effective retroactively to the effective date of the provisions hereof in cases verified within 45 days of such effective date and shall be effective retroactively to the first day of the delivery period during which verification is made in subsequent cases.

(b) *Milk received by a handler from another handler who is also a producer or a producer-handler.* If any handler has purchased or received milk or cream from another handler who is also a producer or a producer-handler, such milk or cream shall be considered as Class III milk. If such receiving handler disposes of such milk or cream for other than Class III purposes, the market administrator in computing the net pool obligation of such handler pursuant to § 912.9 (a) shall add an amount equal to the difference between (1) the value of such milk or cream in accordance with its actual utilization by such handler and (2) the value at the Class III price.

(c) *Payment for milk received by a handler from sources determined as other than producers or other handlers.* If any handler has purchased or received milk or butterfat from sources determined as other than producers or other handlers, such milk or milk equivalent of such butterfat shall be considered as Class III milk. If such receiving handler disposes of such milk or butterfat for other than Class III purposes, the market administrator in computing the net pool obligation of such handler pursuant to § 912.9 (a) shall add an amount equal to the difference between (1) the value of such milk or milk equivalent of such butterfat in accordance with its actual utilization by such handler and (2) the value at the Class III price. This provision shall not apply to such milk or butterfat if such handler can prove to the market administrator that such milk or butterfat was used for purposes which did not violate any regulations issued by the health authorities in the marketing area.

(d) *Payment for excess milk or butterfat.* If a handler, after subtracting receipts from his own farm production, receipts from other handlers, and receipts from sources determined as other than producers or other handlers, has disposed of milk or butterfat in excess of the milk or butterfat which, on the basis of his reports, has been credited to his producers as having been delivered by them, the market administrator in computing the net pool obligation of such handler pursuant to § 912.9 (a) shall add an amount equal to the value of such milk or milk equivalent of such butterfat in accordance with its actual utilization by the handler.

§ 912.9 *Determination of uniform prices to producers*—(a) *Net pool obligation of handlers.* Subject to the provisions of § 912.8, the net pool obligation of each handler for milk received from producers during each delivery period shall be a sum of money computed for such delivery period by the market administrator as follows: multiply the "net pooled milk" in each class, computed pursuant to § 912.5, by the class price pursuant to § 912.6, and add together the resulting values.

(b) *Computation and announcement of the uniform price.* For each delivery period the market administrator shall compute and announce the uniform price per hundredweight of milk as follows:

(1) Combine into one total the net pool obligations of all handlers, computed pursuant to (a) of this section, who made the reports pursuant to § 912.7 (a) for such delivery period and who made the payments to the market administrator pursuant to § 910.10 (d);

(2) Subtract the total amount to be paid pursuant to § 912.10 (a) (2) (ii) and (iii);

(3) Add the amount of cash balance in the producer-settlement fund less the amount due handlers pursuant to § 912.10 (f);

(4) Divide the result obtained in (3) of this paragraph by the total hundredweight of milk of graded producers, other than that represented by the amount subtracted in (2) of this paragraph;

(5) Subtract not less than 4 cents nor more than 5 cents per hundredweight of milk for the purpose of retaining in the producer-settlement fund a cash balance to provide against errors in reports and payments or delinquencies in payments by handlers. This result shall be known as the uniform price for such delivery period for milk of graded producers containing 3.5 percent butterfat; and

(6) On or before the 10th day after the end of such delivery period notify all handlers and make public announcement of these computations, of the uniform price per hundredweight of milk, of the Class I, Class II, and Class III prices, and of the butterfat differential computed pursuant to § 912.10 (b).

§ 912.10 *Payments for milk*—(a) *Time and method of payment.* Each handler shall make payment, subject to the butterfat differential set forth in (b) of this section, for milk purchased or received from producers by such handler during each delivery period, as follows:

(1) To producers, for milk which was caused to be delivered to such handler from such producers by and for the account of a cooperative association, on or before the 12th day after the end of the delivery period during which such milk was purchased or received, through such cooperative association of a total amount equal to but not less than the sum of the individual payments otherwise payable to such producers.

(2) To producers for milk which was not caused to be delivered to such handler from such producers by and for the account of a cooperative association, on or before the 15th day after the end of the delivery period during which such milk was purchased or received, (i) to graded producers, except as set forth in (ii) of this subparagraph, at not less than the uniform price per hundredweight computed pursuant to § 912.9 (b); (ii) to graded producers from whom milk was not regularly purchased or received by a handler or who did not distribute milk in the marketing area during a period of 30 days prior to the effective date hereof, for all the milk received from such producers during a period beginning with the date of the first regular receipt of milk from such producers and continuing through the first 2 full calendar months following the date of such first receipt of milk, at the price per hundredweight computed for Class III milk pursuant to § 912.6 (a) (4); and (iii) to producers other than graded producers at the price per hundredweight computed for Class III milk pursuant to § 912.6 (a) (4).

(b) *Butterfat differential.* If the milk of any producer, received by a handler or caused by a cooperative association to be delivered to a plant from which no milk is disposed of in the marketing area during the delivery period, has an average butterfat content other than 3.5 percent, such handler shall add to the prices for such producer, for each one-tenth of 1 percent of average butterfat content in milk above 3.5 percent, not less than, or shall deduct from the prices for such producer, for each one-tenth of 1 percent of average butterfat content in milk below 3.5 percent, not more than, an amount which is one thirty fifth of the price per hundredweight for Class III milk.

(c) *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund, known as "the producer-settlement fund," into which he shall deposit all payments made by handlers pursuant to (d) and (f) of this section and out of which he shall make all payments to handlers pursuant to (e) and (f) of this section.

(d) *Payments to the producer-settlement fund.* On or before the 12th day after the end of each delivery period, each handler shall pay to the market administrator, for payment to graded producers through the producer-settlement fund, the amount by which the net pool obligation of such handler including the payments required to be made pursuant to § 912.8 is greater than the sum required to be paid producers by such handler pursuant to (a) (1) and (2) of this section.

(e) *Payments out of producer-settlement fund.* (1) On or before the 15th day after the end of each delivery period, the market administrator shall pay to each handler for payment to graded producers the amount by which the sum required to be paid producers by such handler pursuant to (a) (1) and (2) of this section is greater than the net pool obligation of such handler including the payments required to be made pursuant to § 912.8.

(2) If the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available. No handler who, on the 15th day after the end of each delivery period, has not received the balance of such reduced payment from the market administrator, shall be deemed to be in violation of (a) of this section if he reduces his payments to graded producers by not more than the amount of the reduction in payment from the producer-settlement fund.

(f) *Adjustment of errors in payments.* Whenever verification by the market administrator of reports or payments of any handler discloses errors in payments to the producer-settlement fund made pursuant to (d) of this section, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 5 days of such billing, make payment to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler pursuant to (e) of this section, the market administrator shall, within 5 days, make such payment to such handler. Whenever verification by the market administrator of the payment by a handler to any producer discloses payment to such producer of an amount which is less than is required by this section, the handler shall make up such payment to the producer not later than the time of making payment to producers next following such disclosure.

§ 912.11 *Expense of administration*—(a) *Payment by handlers.* As his pro rata share of the expense of the administration hereof, each handler who received milk from producers, with respect to all milk received, including such handler's own production, and each cooperative association with respect to all milk which it caused to be delivered to a plant from which no milk is disposed of in the marketing area, during the delivery period, shall pay to the market administrator, on or before the 15th day after the end of such delivery period, an amount not to exceed 4 cents per hundredweight, the exact amount to be determined by the market administrator, subject to review by the Secretary.

(b) *Suits by the market administrator.* The market administrator, with the approval of the Secretary, may maintain a suit in his own name against any handler for the collection of such handler's prorata share of expenses set forth in this section.

§ 912.12 *Marketing services.* In making payments to producers pursuant to § 912.10 (a) (2) each handler shall, with respect to all milk received at such handler's plant during such delivery period from each such producer, deduct 5 cents per hundredweight, or such lesser amounts as the market administrator shall determine to be sufficient and shall, on or before the 15th day after the end of such delivery period, pay such deductions to the market administrator. Such money shall be expended by the market administrator only in providing for market information to such producers and for verification of weights, samples, and tests of milk received by such handler. The market administrator may contract with a cooperative association or cooperative associations for the furnishing of the whole or any part of such services.

§ 912.13 *Effective time, suspension, or termination of order, as amended*—(a) *Effective time.* The provisions hereof, or any amendment hereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated pursuant to paragraph (b) of this section.

(b) *Suspension or termination.* The Secretary may suspend or terminate this order, as amended, or any provision hereof, whenever he finds that this order, as amended, or any provision hereof, obstructs, or does not tend to effectuate the declared policy of the act. This order, as amended, shall terminate in any event, whenever the provisions of the act authorizing it cease to be in effect.

(c) *Continuing power and duty of the market administrator.* If, upon the suspension or termination of any or all provisions hereof, there are any obligations arising hereunder the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided,* That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

(1) The market administrator, or such other person as the Secretary may designate, shall (i) continue in such capacity until removed by the Secretary; (ii) from time to time account for all receipts and disbursements, and, when so directed by the Secretary, deliver all funds or property on hand, together with the books and records of the market administrator, or such person, to such person as the Secretary may direct; and (iii) if so directed by the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

(d) *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions hereof, the market administrator, or such person as the Secretary may designate, shall liquidate, if so directed by the Secretary, the business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions hereof, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

§ 912.14 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States, or name any bureau or division of the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions hereof.

This report filed at Washington, D. C., this 12th day of October 1942.

ROY F. HENDRICKSON,
Administrator.

CUMBERLAND, MARYLAND, MARKETING AREA

NOTICE ON HANDLING OF MILK

Notice of report and opportunity to file written exceptions with respect to a proposed marketing agreement, and to a proposed marketing order regulating the handling of milk in the Cumberland, Maryland, Marketing Area, prepared by the Administrator of Agricultural Marketing Administration.

Pursuant to § 900.12 (a) of the General Regulations of the Agricultural Marketing Administration, United States Department of Agriculture, governing proceedings to formulate marketing orders and marketing agreements, notice is hereby given of the filing with the hearing clerk of this report of the Administrator of the Agricultural Marketing Administration, with respect to a proposed marketing agreement and to a proposed marketing order regulating the handling of milk in the Cumberland, Maryland, marketing area. Interested parties may file exceptions to the report with the Hearing Clerk, Room 1019, Department of Agriculture, Washington, D. C., not later than the close of business on the 7th day after publication of this notice in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

Preliminary Statement

The proceedings were initiated by the Agricultural Marketing Administration upon receipt of a petition from the Tri-State Milk Producers Association of Cumberland, Maryland, for a public hearing on a marketing agreement and marketing order program which it proposed. Following this request, and after consideration of the proposal, notice of the hearing was issued on July 30, 1942, and the hearing was convened on August 17, 1942. The time for filing briefs was set at the close of the hearing, to expire at midnight September 1, 1942.

The underlying issue in this proceeding is whether or not the Secretary shall issue a marketing order. It is concluded from the record that an order should be issued and that a marketing agreement should be offered to the handlers who regularly sell milk in the prescribed marketing area to be known as the Cumberland, Maryland, marketing area, irrespective of the original source of the milk sold. By this means orderly marketing conditions will be promoted and preserved and the policy of the act will be effectuated.

From the conclusion on the underlying issue, several principal issues pertaining to certain features of the proposed program assume prominence from the record, as follows:

1. What constitutes the most practical marketing area, and what constitutes its supply of milk which should be regulated?

2. At what level shall the minimum class prices be fixed?

3. By what method shall the proceeds of these minimum prices be distributed to producers?

On these issues, it is concluded that:

1. The marketing area should include the territory within 18 miles of City Hall, Cumberland, Maryland, and that the supply to be regulated should be that handled by plants from which fluid milk is regularly used as Class I milk in the marketing area.

2. Parity prices calculated from the period August 1919–July 1929 are unreasonable in view of present conditions and that it is necessary to fix prices, under section 8c (18) of the act, such that farmers will receive a price for milk produced for sale in the marketing area sufficient to maintain an adequate supply of pure and wholesome milk for such area and to be in the public interest.

3. Payment should be made to all producers delivering milk to all handlers of uniform prices for all milk so delivered, or on any uniform basis approved by the market administrator, irrespective of the uses made of such milk by the individual handler to whom it is delivered;

4. The purchasing power of milk in the Cumberland, Maryland, marketing area specified in section 2 of the act cannot be determined satisfactorily from available statistics of the Department of Agriculture for the period August 1909–July 1914, but can be determined satisfactorily from available statistics of the Department of Agriculture for the post-war period August 1925–July 1929 and the post-war period should be the base period to be used in determining the purchasing power of milk sold in the Cumberland, Maryland, marketing area.

The following proposed marketing order prepared by the Administrator pursuant to § 900.12 (a) of the General Regulations, as amended, Agricultural Marketing Administration, is recommended as the detailed means by which these conclusions may be carried out. The proposed marketing agreement is not included in this report because the provisions thereof will be the same as the provisions of the proposed marketing order.

PROPOSED MARKETING ORDER REGULATING THE HANDLING OF MILK IN THE CUMBERLAND, MARYLAND, MARKETING AREA

It is found upon the evidence introduced at the public hearing held in Cumberland, Maryland, August 17 and 18, 1942:

Findings

1. That all handling of milk sold or disposed of by handlers as defined in § 967.3 (6) of this order is in the current of interstate commerce, or directly burdens, obstructs, or affects interstate commerce in milk or its products, and that handlers so defined are engaged in the handling of milk which is in the current of interstate commerce or which directly burdens, obstructs, or affects interstate commerce in milk or its products;

2. That the order regulates the handling of milk in the same manner as, and is applicable only to handlers defined in, a marketing agreement upon which a hearing has been held;

3. That a pro rata assessment, on handlers receiving milk from producers, not to exceed 4 cents per hundredweight, as provided by § 967.11 of this order, on all milk received of producers or produced by such handlers, during each delivery period, plus 4 cents per hundredweight of milk and cream sold directly for fluid consumption in the marketing area, by handlers buying their milk from farmers who are not producers, will provide funds necessary to pay such expenses as necessarily will be incurred by the market administrator under such order for the maintenance and proper functioning of his office; and

4. That orderly conditions for milk flowing into the Cumberland, Maryland, marketing area are so disrupted as to result in the impairment of the purchasing power of such milk and that the issuance of this order and all of its terms and conditions, will tend to effectuate the declared policy of the act.

Provisions

§ 967.3 *Definitions.* As used herein the following terms shall have the following meanings:

(a) "Act" means Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 (50 Stat. 246 (1937), 7 U. S. C. 1940 ed. 601 et seq.), as amended.

(b) "Secretary" means the Secretary of Agriculture of the United States or any officer or employee of the United States Department of Agriculture who is, or who may hereafter be, authorized to exercise the powers and perform the duties of the Secretary of Agriculture of the United States.

(c) "Cumberland marketing area," hereinafter referred to as the "marketing area," means the territory included within 18 miles of the City Hall, Cumberland, Maryland.

(d) "Person" includes any individual, partnership, corporation, association, or any other business unit.

(e) "Producer" means any person, irrespective of whether such person is also a handler, who produces milk which is delivered direct to a milk plant approved or licensed for the sale of milk for fluid consumption in the marketing area: *Provided,* That "producer" shall not include a person who delivers milk to a milk plant from which during any delivery period less than 5 percent of the milk received at such plant is disposed of in the marketing area.

(f) "Handler" means any person, irrespective of whether such person is a cooperative association of producers, who engages in the handling of milk or cream for fluid consumption in the marketing area.

(g) "Producer's milk plant" means any milk plant currently used for any or all of the handling functions of receiving,

weighing (or measuring), sampling, cooling, pasteurizing, bottling, or other preparation of milk of producers for fluid sale or disposition in fluid form in the marketing area.

(h) "Farmer's milk plant" means any milk plant other than a "producer's milk plant" currently used for any or all of the handling functions of receiving, weighing, (or measuring), sampling, cooling, pasteurizing, bottling, or other preparation of milk of persons who are not producers as defined in (e) of this section.

(i) "Market administrator" means the person designated pursuant to § 967.4 as the agency for the administration hereof.

(j) "Delivery period" means the current marketing period from the first to the last day of each month, both inclusive.

§ 967.4 *Market administrator* — (a) *Designation.* The agency for the administration hereof shall be a market administrator who shall be a person selected by the Secretary. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal or suspension at the discretion of, the Secretary.

(b) *Powers.* The market administrator shall have power:

(1) To administer the terms and provisions hereof; and

(2) To receive, investigate, and report to the Secretary complaints of violation of the terms and provisions hereof.

(c) *Duties.* The market administrator shall, in addition to the duties hereinafter described:

(1) Keep such books and records as will clearly reflect the transactions provided for herein and surrender the same to his successor or to such other person as the Secretary may designate;

(2) Submit his books and records to examination by the Secretary at any and all times;

(3) Furnish such information and such verified reports as the Secretary may request;

(4) Within 45 days following the date upon which he enters upon his duties, execute and deliver to the Secretary a bond, conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the Secretary;

(5) Publicly disclose to handlers and producers, unless otherwise directed by the Secretary, the name of any person who, within 20 days after the date upon which he is required to perform such acts, has not (i) made reports pursuant to § 967.7 or (ii) made payments pursuant to § 967.10;

(6) Employ and fix the compensation of such persons as may be necessary to enable him to administer the terms and provisions hereof;

(7) Pay, out of the funds provided by § 967.11 (i) the cost of his bond, and of the bonds of such employees as handle funds entrusted to the market administrator; (ii) his own compensation; and (iii) all other expenses which will necessarily be incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(8) Promptly verify the information contained in the reports submitted by handlers;

(9) Check weight and butterfat test of milk received from producers by each handler each delivery period and report the results of the butterfat tests to producers and handlers or to their cooperative associations. The market administrator may designate an independent agency to check the weight and butterfat test of milk received by handlers; and

(10) Publicly disclose to consumers, handlers, and producers the average butterfat test of each of the principal products made from milk delivered by producers to each handler.

§ 967.5 *Classification of milk*—(a) *Milk to be classified.* All milk, skim milk, and cream handled by each handler in his producers' milk plant shall be classified in the classes set forth in (b) of this section, subject to (c) of this section.

(b) *Classes of utilization.* The classes of utilization shall be as follows:

(1) Class I–A shall be all butterfat in milk, skim milk, and cream received by a handler that is not classified as Class II–A and Class III–A.

(2) Class I–B shall be all skim milk in milk, skim milk, and cream received by a handler, disposed of for human consumption in fluid form, such as fluid milk, fluid cream, skim milk, buttermilk, and flavored milk drinks, and all skim milk the utilization of which is not classified in Class II–B and Class III–B.

(c) Class II–A shall be all butterfat in milk, skim milk, and cream received by a handler that is used in the manufacture of butter and for animal feed, and any actual plant loss not in excess of 2 percent of the amount of butterfat contained in such products.

(4) Class II–B shall be all skim milk in milk, skim milk, and cream received by a handler and used for animal feed and in the manufacture of products not disposed of for human consumption in fluid form, and any actual plant loss not in excess of 2 percent of the amount of skim milk contained in such products.

(5) Class III–A shall be all butterfat in milk, skim milk, buttermilk, flavored milk drinks, and cream on hand at the end of a delivery period.

(6) Class III–B shall be all skim milk in milk, skim milk, buttermilk, flavored milk drinks, and cream on hand at the end of a delivery period.

(c) *Transfers of milk and cream.* (1) Milk, skim milk, and cream received at a producer's milk plant from another producer's milk plant shall be allocated to Class I–A and Class I–B: *Provided,* That it may be allocated to Class II–A and Class II–B, if such classification is agreed upon in writing between the receiving handler and the selling handler and is submitted to the market administrator: *Provided further,* That the amount so allocated to any class shall not be greater than the amount used in that class by the receiving handler after deduction of any butterfat and skim milk classified pursuant to (2) of this paragraph.

(2) Milk, skim milk, and cream received at a producer's milk plant from a farmer's milk plant shall be allocated to Class II–A and Class II–B.

(3) Milk, skim milk, and cream received at a producer's milk plant from a farmer's milk plant under another Federal milk order issued pursuant to the act shall be allocated to each class in accordance with its use as determined by the market administrator under the latter order.

(4) Milk, skim milk, and cream moved directly from a producer's milk plant to a farmer's milk plant shall be allocated to the different classes on the following basis:

(i) The butterfat shall be allocated to Class II–A if 80 percent or more of the butterfat received at the farmer's milk plant is used in the production of butter and to Class I–A if less than 80 percent of the butterfat received at the farmer's milk plant is used in the production of butter.

(ii) The skim milk shall be allocated to Class II–B if 80 percent or more of the skim milk received at the farmer's milk plant is used for animal feed or in the manufacture of products which are not disposed of in fluid form and to Class I–B if less than 80 percent of the skim milk received at the farmer's milk plant is used in the manufacture of products which are not disposed of in fluid form.

§ 967.6 *Minimum prices.* Each handler who receives milk from producers shall pay producers, at the time and in the manner set forth in § 967.10, not less than the following prices per pound of product in each class:

(a) Class I–A (butterfat)—Add all market quotations (using midpoint of any weekly range as one quotation) of prices for a 40-quart can of sweet cream approved for "Pennsylvania only," and for "Pennsylvania, Newark, and lower Merion Township," in the Philadelphia, Pennsylvania, market, reported by the United States Department of Agriculture for each week ending within the month, divide by the number of quotations, subtract 28 cents, divide by 33.48, and subtract 6.375 cents;

(b) Class I–B (skim milk)—Subtract 4 times the price of Class I–A determined pursuant to (a) of this section from $3.40 and divide by 96;

(c) Class II–A (butterfat)—Multiply the average of the highest prices for 92-score butter at wholesale in the New York market for the month for which payment is to be made by 1.2 and subtract 5 cents;

(d) Class II–B (skim milk)—Subtract 6 cents from any plus amount which is equal to 7.5 times the average of all the hot roller process dry skim milk quotations for "other brands, animal feed" and for "other brands, human consumption," carlots, bags, or barrels, in both cases (using midpoint of any range as one quotation) as published for such month in the "Producers' Price Current," less 4.5 cents, and divide by 96;

(e) Class III–A (butterfat)—Same as Class II–A; and

(f) Class III–B (skim milk)—Same as Class II–B.

§ 967.7 *Reports of handlers*—(a) *Reports to market administrator.* Each handler, under his own signature or under that of a person certified by such handler to the market administrator as being authorized to sign the reports required by this section, shall report to the market administrator, in the detail and on forms prescribed by him, as follows:

(1) On or before the 6th day after the end of each delivery period, each handler who handled milk of producers shall report the following information with respect to all milk, skim milk, and cream handled by him during such delivery period:

(i) The quantity of milk of each producer (including that of such handler's own production), the butterfat content thereof, and the number of days on which such milk was handled;

(ii) The milk, skim milk, and cream, with its butterfat content, received from producers' milk plants;

(iii) The milk, skim milk, and cream, with its butterfat content, received from farmers' milk plants;

(iv) The utilization of all butterfat and skim milk in milk, skim milk, and cream handled;

(v) The name and address of each producer whose milk had not been handled during the previous delivery period; and

(vi) The names of handlers from whom or to whom milk or cream was received or delivered.

(2) Within 10 days after the market administrator's request each handler who handled milk of producers shall report with respect to any producer from whom such information is not in the files of the market administrator, and with respect to a period or periods of time designated by the market administrator, (i) the name and address, (ii) the total pounds of milk delivered, (iii) the average butterfat test of milk delivered, and (iv) the number of days upon which deliveries were made.

(3) On or before the 15th day after the end of each delivery period, each handler who handled milk of producers shall report his producer pay roll for such delivery period, which shall show for each producer (i) the total pounds of milk delivered with the average butterfat test thereof and (ii) the net amount of such handler's payment to such producer with the prices, deductions, and itemized charges involved.

(4) Each handler who receives milk at a farmer's milk plant shall report to the market administrator at such time and in such manner as the market administrator may request.

(b) *Verification of reports.* (1) Each handler shall make available to the market administrator, his agent, or such other person as the Secretary may designate, (i) all records and facilities necessary for the verification of the information contained in the reports submitted pursuant to this section and for the accounting of the usage of all milk, skim milk, and cream handled, and (ii) those facilities which are necessary for weighing, sampling, and testing of the milk of each producer.

(2) If the market administrator finds that, subsequent to the delivery period for which such verification is being made, any milk, skim milk, or cream handled during such delivery period was used in a class other than that in which it was first reported, such milk, skim milk, or cream shall be reclassified accordingly, and the adjustments necessary to reflect the reclassified value of such milk, skim milk, or cream shall be made.

§ 967.8 *Application of provisions.* No provision hereof shall apply to a handler who is also a producer and who purchases or receives no milk from producers or an association of producers, except that such handler shall make reports to the market administrator at such time and in such manner as the market administrator may request.

§ 967.9 *Determination of uniform prices to producers*—(a) *Computation of the value of milk for each handler.* The net obligation of each handler for milk received from producers shall be a sum of money computed for each delivery period by combining in one sum the value obtained by multiplying the pounds of product in each class, computed pursuant to § 967.5, by the prices applicable pursuant to § 967.6 and subtracting therefrom the corresponding values of Class III–A and Class III–B for the preceding delivery period.

(b) *Computation and announcement of uniform prices for each handler.* The market administrator shall announce for each delivery period the uniform prices per pound of butterfat and skim milk and per hundredweight of milk containing 4 percent butterfat computed as follows:

(1) Butterfat—From the combined value of Class I–A, Class II–A, and Class III–A subtract the value of Class III–A for the preceding delivery period and divide by the pounds of butterfat received from producers, including his own production;

(2) Skim milk—From the combined value of Class I–B, Class II–B, and Class III–B subtract the value of Class III–B for the preceding delivery period and divide by the pounds of skim milk received from producers including his own production.

(3) Milk containing 4.0 percent butterfat—Add together the value of 4 pounds of butterfat and 96 pounds of skim milk at the uniform prices computed pursuant to (1) and (2), respectively, of this paragraph;

(4) The results obtained pursuant to (1), (2), and (3) of this paragraph shall be known as the uniform prices for butterfat, skim milk, and milk containing 4.0 percent butterfat, respectively; and

(5) On or before the 9th day after the end of each delivery period notify each handler and publicly announce the uniform prices computed for each handler pursuant to this section.

§ 967.10 *Payments to producers*—(a) *Time and method of payments.* On or before the 12th day after the end of each delivery period each handler shall make full payment, subject to (b), (c), and (d) of this section, to each producer for the total value of milk received from such producers, during such delivery period, at not less than the uniform prices per pound of butterfat and skim milk contained in such milk, computed pursuant to § 967.9.

(b) *Butterfat content of milk received from producers.* The butterfat content of milk received shall be determined by taking the average of not less than 5 separate butterfat tests made from fresh samples during each delivery period. The market administrator may designate an independent laboratory to make these tests. If such a laboratory is designated by the market administrator, handlers shall pay their producers the butterfat differential in accordance with such test. If no such laboratory is designated by the market administrator, these tests may be conducted by an independent laboratory agreed upon by the handlers and the producers, in which case the expense of such butterfat testing shall be borne jointly and equally by each handler and each producer delivering to him, and the producers' share may be deducted from the amount paid them by handlers, but the handler shall be responsible for any errors in these tests.

(c) *Errors in payments.* Errors in payment prescribed in this section shall be corrected not later than the date for making payment following the determination of such errors.

(d) *Distribution of payments.* Handlers may distribute the payments they are required to make to producers for milk received by them on any uniform basis other than that specified above in this section that is approved by the market administrator.

§ 967.11 *Expense of administration*—(a) *Payments by handlers.* As his pro rata share of the expense of the administration hereof, each handler, except those handlers exempted pursuant to § 967.8, shall pay to the market administrator, on or before the 12th day after the end of each delivery period, an amount equal to 4 cents per hundredweight with respect to all milk received by him from producers, or produced by him during such delivery period, or such lesser amount which may be determined by the market administrator subject to review by the Secretary: *Provided,* That all handlers buying their milk from farmers who are not producers shall pay 4 cents per hundredweight of milk and cream sold directly for fluid consumption in the marketing area.

If the market administrator designates an independent agency to determine the butterfat content of milk received by handlers from producers, as permitted under § 967.10 (b), each handler shall pay to the market administrator, on or before the 12th day after the end of each delivery period, an amount equal to not more than 20 cents per test, the exact amount to be determined by the market administrator.

(b) *Marketing services.* If the market administrator designates an independent agency to determine the butterfat content of milk received by the handler from producers, as permitted under § 967.10 (b), each handler may deduct from his payments to each producer one-half of any amount paid to the market administrator for such tests pursuant to (a) of this section. Such moneys shall be used by the market administrator to pay the independent laboratory for the verification of weight, sampling, and testing of milk received from producers.

§ 967.12 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States, or name any bureau or division in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions hereof.

§ 967.13 *Effective time, suspension, and termination*—(a) *Effective time.* The provisions hereof, or any amendment hereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated, pursuant to paragraph (b) of this section.

(b) *Suspension and termination.* Any or all provisions hereof, or any amendment hereto, shall be suspended or terminated as to any or all handlers after such reasonable notice as the Secretary may give, and shall, in any event, terminate whenever the provisions of the act authorizing it cease to be in effect.

(c) *Continuing power and duty.* If, upon the suspension or termination of any or all provisions hereof, there are any obligations arising hereunder the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided,* That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

The market administrator, or such other person as the Secretary may designate, shall (1) continue in such capacity until discharged by the Secretary; (2) from time to time account for all receipts and disbursements and deliver all funds or property on hand, together with the books and records of the market administrator, or such person, to such person as the Secretary shall direct; and (3) if so directed by the Secretary execute such assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant hereto.

(d) *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions hereof, the market administrator, or such person as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid and owing at the time of such suspension or termination. Any funds collected pursuant to the provisions hereof, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

AMENDMENT OF LEARNER REGULATIONS

NOTICE OF HEARING

Notice of hearing on amendments of Learner Regulations and Determinations applicable to the hosiery industry, women's apparel industry, single pants, shirts and allied garments industry, sportswear and other odd outerwear divisions of the apparel industry, belts division of the apparel industry, textile industry, knitted and men's woven underwear and commercial knitting industry, knitted outerwear industry and gloves and mittens industry to provide for an increase in the number of percentage of learners in such industries to meet conditions of abnormal labor turnover resulting from the war emergency, and to provide for increases in the minimum wage rates applicable to such learners.

Whereas written requests have been received setting forth reasonable grounds for amendments to Learner Regulations and Determinations applicable to the above industries to meet conditions of abnormal labor turnover in individual plants in these industries resulting from the war emergency, and

Whereas it appears to the Administrator that reasonable grounds exist for reconsidering the rates for learners established in the Learner Regulations and Determinations applicable to these industries;

Now, therefore, notice is hereby given of a public hearing to commence at 10:00 A. M. on October 26, 1942, at the Hotel Astor, 44th Street and Broadway, New York, New York, before Merle D. Vincent, hereby authorized as presiding officer to conduct said hearing and to take testimony for the purpose of determining whether the regulations or determinations which apply to the employment of learners in the above industries shall be amended to provide for (1) an increase in the number or percentage of learners which may be authorized in individual plants under special learner certificates to meet the needs of abnormal labor turnover resulting from the war emergency, and (2) increases in the wage rates below which no learner may be employed under such certificates. At this hearing, opportunity to present evidence on the above questions will be afforded any interested person provided the presiding officer shall have received at the National Office of the Wage and Hour Division, 165 West 46th Street, New York, New York, from such person, prior to October 24, 1942, a notice of intention to appear, setting forth his name and address, the company or organization which he represents, and the approximate length of time required for such presentation. Any interested party unable to appear in person may file a brief or a statement which will be considered if received by October 26, 1942.

Appearances for employers and labor from these industries will be scheduled insofar as possible in the order in which they are listed herein.

The industries referred to in this notice are defined in the following wage orders:

Hosiery Industry, Regulations, Part 551.

Women's Apparel Industry, Regulations, Part 605.

Single Pants, Shirts and Allied Garments Industry, Regulations, Part 606.

Sportswear and Other Odd Outerwear Divisions of the Apparel Industry, Regulations, Part 561.

PRINTING AND PUBLISHING AND ALLIED GRAPHIC ARTS INDUSTRY

NOTICE OF HEARING ON MINIMUM WAGE RECOMMENDATION

Notice of hearing on the minimum wage recommendation of Industry Committee No. 49 for the Printing and Publishing and Allied Graphic Arts Industry, to be held November 9, 1942.

Whereas, the Acting Administrator of the Wage and Hour Division of the United States Department of Labor, acting pursuant to section 5 (b) of the Fair Labor Standards Act of 1938 on September 2, 1942, by Administrative Order No. 156, appointed Industry Committee No. 49 for the Printing and Publishing and Allied Graphic Arts Industry, composed of an equal number of representatives of the public, employers in the industry and employees in the industry, such representatives having been appointed with due regard to the geographical regions in which the industry is carried on; and

Whereas, Industry Committee No. 49, on September 29, 1942, recommended a minimum wage rate for the Printing and Publishing and Allied Graphic Arts Industry and duly adopted a report containing such recommendations and reasons therefor and filed such report with the Administrator on October 1, 1942, pursuant to section 8 (d) of the Act and § 511.19 of the regulations issued under the Act; and

Whereas, the Administrator is required by section 8 (d) of the Act, after due notice to interested persons and giving them an opportunity to be heard, to approve and carry into effect by order the recommendation of Industry Committee No. 49 if he finds that the recommendation is made in accordance with law and is supported by the evidence adduced at the hearing and taking into consideration the same factors as are required to be considered by the industry committee, will carry out the purposes of section 8 of the Act; and, if he finds otherwise, to disapprove such recommendation;

Now, therefore, notice is hereby given that:

I. The recommendation of Industry Committee No. 49 is as follows:

Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the Printing and Publishing and Allied Graphic Arts Industry (as defined in Administrative Order No. 156) who is engaged in commerce or in the production of goods for commerce.

II. The definition of the Printing and Publishing and Allied Graphic Arts Industry as set forth in Administrative Order No. 156, issued September 2, 1942, is as follows:

The impressing, stamping, or transferring on paper or other materials, of any mark, character, or delineation, through the use of ink, color, or graphic art processes, as well as any preparatory or finishing operations related thereto.

1. It includes, but without limitation, the printing and publishing of newspapers, books, periodicals, maps, music, and all other products or services of typesetters and advertising typographers, electrotypers and stereotypers, photo-engravers, steel and copper plate engravers, commercial printers, lithographers, gravure printers, letter shops, decalcomania manufacturers, private printing plants of concerns engaged primarily in other business, book and pamphlet binders, trade binderies, and news syndicates.

2. The printing of printed forms, blank books, stationery, tablets, calendars, announcement cards, greeting cards, and the like is included within this definition only when performed in "job printing establishments" (as this term is used in the wage order for the Converted Paper Products Industry).

Provided, however, That this definition shall not include the manufacture of products which are covered by a wage order heretofore issued by the Administrator of the Wage and Hour Division, business service establishments not engaged in printing or publishing operations, nor the production of motion pictures, blueprints or photographs, except photographs made in establishments engaged in the production of the articles or services covered by this definition.

The definition of the printing and publishing and allied graphic arts industry covers all occupations in the industry which are necessary to the production of the products or services specified in the definition, including clerical, maintenance, shipping and selling occupations: *Provided, however,* That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

III. The full text of the report and recommendation of Industry Committee No. 49 is and will be available for inspection by any person between the hours of 9:00 a. m. and 4:30 p. m. at the following offices of the United States Department of Labor, Wage and Hour Division.

IV. A public hearing will be held on November 9, 1942, before Major Robert N. Campbell, Presiding Officer, at 10:00 a. m. in Room 1610, Wage and Hour Division, United States Department of Labor, 165 West 46th Street, New York, New York, for the purpose of taking evidence on the following question:

Whether the recommendation of Industry Committee No. 49 should be approved or disapproved.

V. Any interested person supporting or opposing the recommendation of Industry Committee No. 49 may appear at the aforesaid hearing to offer evidence, either on his behalf or on behalf of any other person: *Provided,* That not later than November 4, 1942, such person shall file with the Administrator at New York, New York, a notice of his intent to appear which shall contain the following information:

1. The name and address of the person appearing.
2. If such person is appearing in a representative capacity, the name and address of the person or persons whom he is representing.
3. Whether such person proposes to appear for or against the recommendation of Industry Committee No. 49.
4. The approximate length of time requested for his presentation.

Such notice may be mailed to the Administrator, Wage and Hour Division, United States Department of Labor, 165 West 46th Street, New York, New York, and shall be deemed filed upon receipt thereof.

VI. Any person interested in supporting or opposing the recommendation of Industry Committee No. 49 may secure further information concerning the

aforesaid hearing by inquiry directed to the Administrator, Wage and Hour Division, United States Department of Labor, 165 West 46th Street, New York, New York, or by consulting with attorneys representing the Administrator who will be available for that purpose at the Office of the Solicitor, United States Department of Labor, in Washington, D. C. and New York, New York.

VII. Copies of the following document relating to the Printing and Publishing and Allied Graphic Arts Industry will be made available on request for inspection by any interested person who intends to appear at the aforesaid hearing:

Report entitled, *Economic Factors Bearing on Minimum Wages in the Printing and Publishing and Allied Graphic Arts Industry,* prepared by the Economics Branch, Wage and Hour Division, United States Department of Labor, September 1942.

VIII. The hearing will be conducted in accordance with the following rules, subject, however, to such subsequent modifications by the Administrator or the Presiding Officer as are deemed appropriate.

1. The hearings shall be stenographically reported and a transcript made which will be available to any person at prescribed rates upon request addressed to the Administrator, Wage and Hour Division, United States Department of Labor, 165 West 46th Street, New York, New York.

2. In order to maintain orderly and expeditious procedure, each person filing a Notice to Appear shall be notified, if practicable, of the approximate day and the place at which he may offer evidence at the hearing. If such person does not appear at the time set in the notice, he will not be permitted to offer evidence at any other time except by special permission of the Presiding Officer.

3. At the discretion of the Presiding Officer, the hearing may be continued from day to day, or adjourned to a later date, or to a different place by announcement thereof at the hearing by the Presiding Officer, or by other appropriate notice.

4. At any stage of the hearing, the Presiding Officer may call for further evidence upon any matter. After the Presiding Officer has closed the hearing before him, no further evidence shall be taken, except at the request of the Administrator, unless provision has been made at the hearing for the later receipt of such evidence. In the event that the Administrator shall cause the hearing to be reopened for the purpose of receiving further evidence, due and reasonable notice of the time and place fixed for such taking of testimony shall be given to all persons who have filed a notice of intention to appear at the hearing.

5. All evidence must be presented under oath or affirmation.

6. Written documents or exhibits, except as otherwise permitted by the Presiding Officer, must be offered in evidence by a person who is prepared to testify as to the authenticity and trustworthiness thereof, and who shall, at the time of offering the documentary exhibit, make a brief statement as to the contents and manner of preparation thereof.

7. Written documents and exhibits shall be tendered in duplicate and the persons preparing the same shall be prepared to supply additional copies if such are ordered by the Presiding Officer. When evidence is embraced in a document containing matter not intended to be put in evidence, such a document will not be received, but the person offering the same may present to the Presiding Officer the original document together with two copies of those portions of the document intended to be put in evidence.

8. Subpoenas requiring the attendance of witnesses or the presentation of a document from any place in the United States at any designated place of hearing may be issued by the Administrator at his discretion, and any person appearing in the proceeding may apply in writing for the issuance by the Administrator of the subpoena. Such application shall be timely and shall identify exactly the witness or document and state fully the nature of the evidence proposed to be secured.

9. Witnesses summoned by the Administrator shall be paid the same fees and mileage as are paid witnesses in the courts of the United States. Witness fees and mileage shall be paid by the party at whose instance witnesses appear, and the Administrator before issuing subpoena may require a deposit of an amount adequate to cover the fees and mileage involved.

10. The rules of evidence prevailing in the courts of law or equity shall not be controlling.

11. The Presiding Officer may, at his discretion, permit any person appearing in the proceeding to cross-examine any witness offered by another person insofar as is practicable, and to object to the admission or exclusion of evidence by the Presiding Officer. Requests for permission to cross-examine a witness offered by another person and objections to the admission or exclusion of evidence shall be stated briefly with the reasons for such request or the ground of objection relied on. Such requests or objections shall become a part of the record, but this record shall not include argument thereon except as ordered by the Presiding Officer. Objections to the approval of the Committee's recommendation and to the promulgation of a wage order based upon such approval must be made at the hearing before the Presiding Officer.

12. Before the close of the hearing, the Presiding Officer shall receive written requests from persons appearing in the proceeding for permission to make oral arguments before the Administrator upon the matter in issue. The requests will be forwarded to the Administrator by the Presiding Officer with the record of the proceedings. If the Administrator, in his discretion, allows the request, he shall give such notice thereof as he deems suitable to all persons appearing in the proceedings, and shall designate the time and place at which the oral arguments shall be heard. If such requests are allowed, all persons appearing at the hearing will be given opportunity to present oral argument.

13. Briefs (12 copies) may be submitted to the Administrator following the close of the hearing, by any persons appearing therein. Notice of the final dates for filing such briefs shall be given by the Administrator in such manner as shall be deemed suitable by him.

14. On the close of the hearing, the Presiding Officer shall forthwith file a complete record of the proceedings with the Administrator. The Presiding Officer shall not file an intermediate report unless so directed by the Administrator.

15. No order issued as a result of the hearing will take effect until after due notice is given of the issuance thereof by publication in the FEDERAL REGISTER.

Signed at New York, New York, this 10th day of October 1942.

L. METCALFE WALLING,
Administrator.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket 6410]

MIAMI BROADCASTING COMPANY (WQAM)

NOTICE DENYING PETITION

In re application of Miami Broadcasting Company (WQAM), dated March 9, 1942, for modification of construction permit; class of service, broadcast; class of station, broadcast; location, Miami, Florida; operating assignment specified: frequency, 560 kc.; power, 1 kw. night; 5 kw. day; hours of operation, unlimited.

You are hereby notified that the Commission on August 18, 1942, denied the petition of the applicant filed pursuant to the memorandum opinion of the Commission of April 27, 1942, and designated the above-entitled matter for hearing upon the following issues:

1. To determine whether the operation of Station WQAM as proposed would be consistent with the Standards of Good Engineering Practice particularly as to the population residing within the predicted 250 mv/m contour (section 4, Standards of Good Engineering Practice).

2. To determine the availability of other transmitter sites which would comply with the Standards of Good Engineering Practice.

3. To determine the cost of completing the construction authorized in permit No. B3–P–2597, and the financial outlay, if any, incurred in connection therewith by the applicant prior to April 27, 1942.

4. To determine when the construction heretofore authorized in permit No. B3–P–2597 was actually commenced.

5. To determine what materials and equipment the applicant has on hand or available for the construction authorized in permit No. B3–P–2597 and the additional materials and equipment, if any, necessary for the completion thereof.

6. To determine whether the granting of this application would be consistent with the policy announced by the Commission in its memorandum opinion of April 27, 1942.

7. To determine whether, in view of the foregoing, public interest, convenience and necessity would be served through the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows: Miami Broadcasting Company, Radio Station WQAM 327–329 N. E. First Avenue, Miami, Florida.

Dated at Washington, D. C., October 8, 1942.

By the Commission,

[SEAL] T. J. SLOWIE,
Secretary.

INDEPENDENCE BROADCASTING COMPANY

NOTICE OF HEARING

In re application of Independence Broadcasting Company (WHAT), dated May 25, 1942, for modification of license; class of service, broadcast; class of station, broadcast; location, Philadelphia, Pennsylvania; operating assignment specified: frequency, 1550 kc.; power, 100 w.; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above-described application and has designated the matter for hearing for the following reasons:

1. To determine the extent of interference which would result from the simultanous operation of Station WHAT as proposed and Station CKTB, St. Catherines, Ontario.

2. To determine whether the operation of Station WHAT as proposed would be in compliance with the provisions of the NARBA (Appendix I, Table III, NARBA).

3 To determine whether the granting of this application would be consistent with Standards of Good Engineering Practice particularly in view of the expected nighttime interference limitation to the service of Station WHAT operating as proposed.

4. To determine the areas and populations which would lose service should Station WHAT operate as proposed and what other broadcast services are available to these areas and populations.

5. To determine whether the proposed radiating system of Station WHAT complies with the Standards of Good Engineering Practice particularly as to height.

6. To determine whether the granting of this application would be in compliance with §§ 3.22 (b) and 3.25 (b), Federal Communications Commission Rules.

7. To determine whether the granting of this application would be consistent with the Commission's memorandum opinion of April 27, 1942.

8. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radiobroadcast service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

9. To determine whether in view of the foregoing, the granting of this application would serve public interest, convenience and necessity.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. OFFICE OF ALIEN PROPERTY CUSTODIAN.

[Vesting Order 129]

PATENTS OF ENEMY NATIONALS

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

> All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in the patents the numbers of which are listed in Exhibits A, B, C, D, E and F attached hereto and made a part hereof, and the titles to which stand of record in the United States Patent Office in the names of the persons appearing at the respective tops thereof,

is property in which nationals of a foreign country or countries have interests, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

Executed at Washington, D. C. on August 28, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

EXHIBIT B

Patents the titles to which stand of record in the United States Patent Office in the name of G. Polysius A. G., and the numbers of which are as follows:

Patent No.	Patent date	Inventor	Title
1, 640, 528	8/30/27	B. Bruhn	Regulating discharge from containers.
1, 650, 508	11/22/27	P. Goebels	Compound mill.
1, 671, 243	5/29/28	J. Ihlefeldt	Rotary mill.
1, 673, 051	6/12/28	F. Luther	Rotary kiln for burning, roasting, and sintering of mineral materials.
1, 675, 717	7/3/28	F. Luther	Drying apparatus for rotary kilns.
1, 677, 182	7/17/28	A. Hasselbach	Method of manufacturing cements rich in alumina.
1, 698, 313	1/8/29	F. Luther	Device for utilizing the heat radiated from kilns.
1, 700, 667	1/29/29	A. Bues	Grinding body for tube and drum mills.
1, 717, 564	6/18/29	J. Ihlefeldt	Apparatus for weighing continuously-moving granular material.
1, 719, 979	7/9/29	J. Ihlefeldt	Crushing machine for hard materials.
1, 733, 302	10/29/29	H. Horn	Blowing-out nozzle for conveying plants operated with compressed air.
1, 741, 973	12/31/29	B. Bruhn	Process of making fused cement.
1, 744, 547	1/21/30	A. Hasselbach	Refractory material.
1, 751, 898	3/25/30	R. Uhlig	Device for weighing material during its motion through a conveyer.
1, 755, 779	4/22/30	P. Goebels	Conveyer for pulverized material.
1, 757, 832	5/ 6/30	P. Goebels	Conveyer.
1, 762, 982	6/10/30	A. Hasselbach	Apparatus for burning coal dust.
1, 773, 619	8/19/30	P. Goebels	Method of and apparatus for mixing powdered material.
1, 788, 839	1/13/31	F. Luther	Cooling apparatus for rotary kilns.
1, 797, 831	3/24/31	F. Luther	Rotary-kiln cooler.
1, 801, 741	4/21/31	A. Hasselbach	Method of reducing gypsum.
1, 815, 403	7/21/31	P. Goebels	Apparatus for conveying bulk-goods.
1, 869, 237	7/26/32	B. Bruhn	Method of producing a lining for a rotary furnace.
1, 935, 843	11/21/33	P. Goebels	Apparatus for conveying pulverulent material.
1, 957, 138	5/ 1/34	A. Hasselbach	Apparatus for treating cement slurry and the like.
1, 971, 852	8/28/34	P. Goebels	Process for stirring up farinaceous materials in receptacles of any kind by compressed air, compressed gas or the like.

EXHIBIT B—Continued

Patent No.	Patent date	Inventor	Title
1, 971, 853	8/28/34	J. Ihlefeldt	Apparatus for conveying powdered material.
2, 031, 710	2/25/36	J. Ihlefeldt	Pulverizing apparatus.
2, 033, 506	3/10/36	A. Barenyi	Photographic camera.
2, 035, 684	3/31/36	A. Barenyi	Photographic shutter.
2, 073, 105	3/ 9/37	J. Hoffmann	Heat exchange apparatus.
2, 087, 344	7/20/37	A. Hasselbach	Heat exchange apparatus.
2, 112, 492	3/29/38	J. Hoffmann	Apparatus for use in the manufacture of cement.
2, 112, 566	3/29/38	A. Hasselbach	Process and apparatus for the production of metallic iron in the rotary tube kiln.
2, 128, 166	8/23/38	T. Schmidt	Centrifugal separator.
2, 190, 234	2/13/40	A. Hasselbach	Heat exchange apparatus.

EXHIBIT C

Patents the titles to which stand of record in the United States Patent Office in the name of Fried. Krupp A. G., and the numbers of which are as follows:

Patent No.	Patent date	Inventor	Title
1, 551, 874	9/ 1/25	E. Hagenbucher	Locomotive tender.
1, 557, 545	10/20/25	W. Akemann	Fire-control apparatus for naval guns.
1, 561, 389	11/10/25	G. Wollers	Reflex oven.
1, 574, 272	2/23/26	W. Akemann	Apparatus for determining the time of flight of a projectile.
1, 585, 101	5/18/26	P. Kruger	Underframe for railway cars.
1, 602, 028	10/ 5/26	R. Klingelhoffer	Condensing steam locomotive.
1, 609, 515	12/ 7/26	R. Klingelhoffer	Locomotive.
1, 617, 057	2/ 8/27	R. Klingelhoffer	Recooling device for condensing locomotives.
1, 630, 214	5/24/27	J. Pfretzschner	Electric overload protective system.
1, 631, 141	6/ 7/27	R. Lorenz	Surface condenser.
1, 638, 032	8/ 9/27	K. Himmelsbach	Fuel-injection device for internal-combustion engines.
1, 643, 570	9/27/27	M. Bartholdy	Implement for testing cones.
1, 648, 138	11/ 8/27	K. Lauer	Precision indicator.
1, 658, 994	2/14/28	K. Lauer	Feeling-bolt-hole gauge.
1, 664, 535	4/ 3/28	M. Bartholdy	Method of testing taper holes.
1, 670, 968	5/22/28	R. Klingelhoffer	Condensing locomotive.
1, 671, 220	5/29/28	M. Bartholdy	Precision indicator for gauge measuring.
1, 676, 719	7/10/28	O. Von Eberhard	Milling cutter.
1, 676, 721	7/10/28	M. Bartholdy	Gauge with a precision indicator for testing the flank diameter of external threads.
1, 683, 776	9/11/28	H. Herrmann	Power-driven vehicle.
1, 684, 700	9/18/28	F. Hauptmeyer	Casting article of corrosionproof steel.
1, 688, 111	10/16/28	K. Bohle	Manufacturing kettle-shaped hollow bodies.
1, 690, 953	11/ 6/28	L. Schon	Alternating-current induction motor.
1, 700, 674	1/29/29	A. Fry	Method of treating low-carbon steel and the like.
1, 701, 233	2/ 5/29	E. Hagenbucher	Desuperheater.
1, 707, 267	4/ 2/29	K. Himmelsbach	Piston for internal-combustion engines.
1, 711, 733	5/ 7/29	E. Houdremont	Steel alloy.
1, 712, 719	5/14/29	L. Schon	Converting multiphase current into single-phase current and vice versa.
1, 712, 992	5/14/29	H. Herrmann	Turbine locomotive.

EXHIBIT D

Patents the titles to which stand of record in the United States Patent Office in the name of Fried. Krupp Grusonwerk, A. G., and the numbers of which are as follows:

Patent No.	Patent date	Inventor	Title
1,565,038	12/ 8/25	G. Ullrich	Zone pole for magnetic separators.
1,576,690	3/16/26	G. Ullrich	Process and apparatus for wet magnetic separation.
1,601,658	9/28/26	G. Ullrich	Magnetic separator.
1,617,971	2/15/27	G. Ullrich	Magnetic separator.
1,618,204	2/22/27	F. Johannsen	Treatment of ores and metallurgical products.
1,628,816	5/17/27	P. Wieghardt	Platen Printing Press.
1,654,109	12/27/27	A. Born	Extrusions Press.
1,661,594	3/ 6/28	A. Born	Extrusion press.
1,661,614	3/ 6/28	P. Kutschbach	Liquid-expressing apparatus.
1,663,331	3/20/28	A. Born	Extrusion press.
1,663,363	3/20/28	P. Wieghardt	Platen printng press.
1,670,336	5/22/28	A. Born	Extrusion press.
1,672,659	6/ 5/28	K. Sohler	Straining press.
1,685,534	9/25/28	C. Drahn	Apparatus for the separation of oil from oil-containing substances.
1,689,552	10/30/28	E. Kastel	Hotbed.
1,689,572	10/30/28	P. Wieghardt	Lead-cable press.
1,689,573	10/30/28	P. Wieghardt	Vertical lead-cable press.
1,697,375	1/ 1/29	G. Ullrich	Process and apparatus for the wet-magnetic separation of ores and other mixtures of materials on drum separators.
1,705,128	3/12/29	C. Matzel	Process of producing zinc.
1,720,974	7/16/29	K. Sohler	Apparatus for heating materials.
1,725,815	8/27/29	F. Mertz	Machine for decorticating fibrous parts of agaves and other plants.
1,725,865	8/27/29	F. Johannsen	Method of producing metallic sulphates.
1,728,681	9/17/29	F. Johannsen	Treatment of sulphide ores or sulphidic metallurgical products.
1,729,396	9/24/29	F. Mertz	Cleaning plant fibers.
1,730,906	10/ 8/29	A. Voegel	Roller mill.
1,731,898	10/15/29	H. Heine	Treatment of ores and metallurgical products.
1,736,665	11/19/29	H. Pape	Process of extracting volatilizable metals from ores and metallurgical products.
1,737,071	11/26/29	S. Birnie	Process and apparatus for stripping the kernels of coffee berries and other similar fruits.
1,737,773	12/ 3/29	K. Schrott	Lead cable press.
1,743,298	1/14/30	P. Wieghardt	Multiple-tape-winding machine.
1,753,685	4/ 8/30	P. Bodenstein	Discharge means for tube or ball mills.
1,754,169	4/ 8/30	F. Johannsen	Method of recovering gasifiable metals as oxides.
1,754,170	4/ 8/30	F. Johannsen	Process for treating ores and metallurgical products, slags, and the like.
1,755,712	4/22/30	H. Stephani	Process of recovering volatilizable metals from ores or the like.
1,762,867	6/10/30	F. Johannsen	Process for working up complex ores and metallurgical products.
1,769,658	7/ 1/30	G. Veenhuyzen	Press for the treatment of moist materials.
1,786,102	12/23/30	P. Wieghardt et al	Machine for winding or covering cables or the like with tape or strip material.
1,787,841	1/ 6/31	E. Schulze	Rotary tubular furnace.
1,794,075	2/24/31	M. Hesse	Shaking sifter.
1,797,597	3/24/31	G. Ullrich	Magnetic separating machine.
1,798,826	3/21/31	P. Wieghardt	Apparatus for vulcanizing tires and other rubber articles.
1,806,226	5/19/31	A. Voegel	Apparatus for grinding the rolls of ore crushing or like mills.
1,814,908	7/14/31	E. Edwin	Packing.
1,816,305	7/28/31	G. Ullrich	Magnetic separating machine.
1,840,263	1/ 5/32	K. Sohler	Press for moist material.
1,842,851	1/26/32	G. Ullrich	Magnetic separation and discharge of bulk goods.
1,844,660	2/ 9/32	E. Kastel	Rotary cutter.
1,844,782	2/ 9/32	C. Mittag	Apparatus for cooling loose material.
1,857,785	5/10/32	K. Holzapfel	Rotary drum.
1,864,542	6/28/32	K. Holzapfel	Grinding body.
1,866,781	7/12/32	G. Ullrich	Charging device of the hopper type.
1,890,551	12/13/32	G. Ullrich	Apparatus for magnetic separation of materials.
1,895,201	1/24/33	C. Mittag	Apparatus for evaporating cement slurry.
1,895,390	1/24/33	F. Helmrich	Eccentric or draw rod for stone crushers.
1,896,712	2/ 7/33	G. Linke	Oscillation generator for sieves, troughs, and like apparatus.
1,899,470	2/28/33	F. Mertz	Machine for decorticating fiber-containing foliate plants.
1,921,825	8/ 8/33	F. Johannsen	Process for the recovery of metal values.
1,927,625	9/19/33	B. Baumann	Conveyer.
1,935,286	11/14/33	A. Born	Extrusion press for the production of rod or tube-shaped bodies.
1,936,861	11/28/33	A. Schmid	Apparatus for the treatment of raw cement sludge.
1,941,147	12/26/33	H. Johlige	Classifying apparatus.
1,951,935	3/20/34	F. Johannsen	Process for sintering fine ores or the like.
1,955,914	4/24/34	K. Holzapfel	Apparatus for producing cement and similar substances.
1,964,917	7/ 3/34	F. Johannsen	Process of directly producing wrought iron.
1,966,627	7/17/34	F. Johannsen et al	Distillation apparatus for the production of zinc or similar volatilizable metals.
1,968,946	8/ 7/34	F. Johannsen et al	Furnace for the production of metal sponge.
1,968,960	8/ 7/34	H. Resow	Heat treatment of manganese hard steel objects.
1,973,002	9/11/34	W. Kroepfle	Apparatus for mixing materials.
1,974,617	8/28/34	K. Schon	Roller weir.

EXHIBIT D—Continued

Patent No.	Patent date	Inventor	Title
1,981,411	11/20/34	A. Fritz	Annealing and pickling plant.
1,985,171	12/18/34	F. Johannsen	Distillation of metals.
1,985,872	12/25/34	K. Schon	Sluice weir.
1,995,992	3/26/35	G. Linke	Screening apparatus.
1,997,314	4/ 9/35	K. Schon	Emergency sluice.
1,997,499	4/ 9/35	H. Schieferstein et al	Oscillating sieve.
2,000,140	5/ 7/35	A. Leysner	Process for the distillation of zinc and similar metals.
2,005,917	6/25/35	G. Linke	Means for the production of circular or elliptical oscillations.
2,007,121	7/ 2/35	F. Johannsen	Roasting furnace.
2,007,332	7/ 9/35	F. Johannsen	Apparatus for the distillation of zinc and other volatile metals.
2,013,179	9/ 3/35	E. Gerasch	Grinding mill.
2,013,486	9/ 3/35	G. Brunkow	Rotary furnace.
2,021,365	11/19/35	A. Leysner	Apparatus for the fractional condensation of metal vapors in a condenser rotating about a horizontal axis.
2,026,656	1/7/36	K. Schon	Sluice weir.
2,026,683	1/7/36	F. Johannsen	Treating ferriferous ores.
2,035,833	3/31/36	F. Peilert	Sluice gate.
2,043,409	6/9/36	H. Heitmann	Apparatus for the continuous extraction of material.
2,047,562	7/14/36	F. Johannsen	Process of producing wrought iron.
2,049,818	8/4/36	K. Meister	Jaw crusher.
2,054,984	9/22/36	H. Kohler	Scraper for classifying grates.
2,123,017	7/5/38	K. Meister	Jaw breaker.
2,124,856	7/26/38	H. Kohler	Disk roller classifying grate for coal.
2,127,299	8/16/38	F. Johannsen et al	Treating lumped iron.
2,130,673	9/20/38	K. Meister	Crusher.
2,130,744	9/20/38	W. Reintrock	Rotary drum.
2,139,089	12/6/38	H. Linke	Vibrating screen.
2,139,458	12/6/38	F. Peilert	Sluice gate.
2,150,248	3/14/39	K. Rosenbaum	Rolling mill.
2,208,077	7/16/40	G. Linke	Grinding mill.
2,211,386	8/13/40	K. Rosenbaum	Rolling mill.
2,219,592	10/29/40	H. Kohler	Ring type roller press.
2,222,776	11/26/40	G. Linke et al	Scrubbing machine.

EXHIBIT E

Patents the titles to which stand of record in the United States Patent Office in the name of Fried. Krupp Germaniawerft, A. G., and the numbers of which are as follows:

Patent No.	Patent date	Inventor	Title
1,567,748	12/29/25	E. Oehler	Device for relatively propping piston engines on ships.
1,567,750	12/29/25	W. Profitlich	Piston for high-pressure compressors and the like.
1,581,553	4/20/26	F. Soltau	Drive for ships' propellers by means of internal-combustion engines.
1,581,554	4/20/26	F. Soltau	Method of eliminating dangerous vibration periods in ships' propeller shafts.
1,585,095	5/18/26	E. Herkt	Internal-combustion engine.
1,587,585	6/8/26	A. Hansen	Scavenging internal-combustion engines.
1,611,040	12/14/26	G. Jahn et al	Steam boiler heated by the waste gases of internal-combustion engines.
1,614,839	1/18/27	W. Hopf	Water-tube boiler.
1,621,560	3/22/27	C. Regenbogen	Cooling arrangement for internal-combustion engines.
1,627,549	5/10/27	H. Becker	Cylinder for internal-combustion engines.
1,645,574	10/18/27	H. Becker	Valve gear for power engines.
1,645,575	10/18/27	H. Becker	Cylinder for two-stroke internal-combustion engines with scavenging ports.
1,645,595	10/18/27	E. Herkt	Internal-combustion engine.
1,649,356	11/15/27	M. Louis	Pump.
1,649,440	11/15/27	H. Becker	Internal-combustion engine.
1,656,249	1/17/28	H. Techel	Underwater torpedo tube.
1,664,817	4/ 3/28	E. Herkt	Scavenging internal-combustion engine.
1,665,664	4/10/28	W. Hopf	Water-tube boiler.
1,668,886	5/ 8/28	H. Becker	Compressed-air starting device for internal-combustion engines
1,680,380	8/14/28	G. Jahn et al	Horizontal waste-gas steam boiler.
1,684,693	9/18/28	G. Bohm	Thrust bearing with fluid friction.
1,688,519	10/23/28	G. Bohm	Thrust bearing with fluid friction.
1,698,161	1/ 8/29	M. Louis	Diesel engine.
1,703,381	2/26/29	H Becker	Safety governor for two-stroke engines designed for the propulsion of vehicles.
1,712,963	5/14/29	M. Louis	Two-stroke internal-combustion engine.
1,721,040	7/16/29	H. Rohwer	Diesel engine.

EXHIBIT E—Continued

Patent No.	Patent date	Inventor	Title
1,743,606	1/14/30	W. Hopf	Waste-heat boiler plant for industrial furnaces.
1,750,403	3/11/30	E. Herkt	Device for operating internal-combustion engines with an ignition chamber.
1,752,082	3/25/30	E. Herkt	Internal-combustion engine.
1,766,383	6/24/30	E. Herkt	Bed for vertical internal-combustion engines.
1,773,226	8/19/30	E. Herkt	Internal-combustion engine.
1,776,812	9/30/30	M. Louis	Fuel atomizer for Diesel engines with air supply.
1,779,596	10/28/30	W. Heydemann	Internal-combustion engine.
1,784,354	12/ 9/30	K. Haussmann	Drive for motor boats.
1,808,120	6/ 2/31	A. Runkwitz	Pulverized fuel furnace.
1,809,481	6/ 9/31	K. Haussmann	Cam shaft drive for internal combustion engines.
1,819,744	8/18/31	H. Dunkelmann	Internal combustion engine cooling system.
1,836,119	12/15/31	A. Huster	Water tube boiler.
1,836,635	12/15/31	A. Welling	Internal combustion engine.
1,839,576	1/ 5/32	K. Mohr et al	Scavenging two-stroke cycle internal combustion engine.
1,840,256	1/ 5/32	H. Rohwer	Fuel feeding valve.
1,847,610	3/ 1/32	E. Herkt	Two-stroke internal combustion engine.
1,851,842	3/29/32	A. Huster	Water tube boiler.
1,853,757	4/12/32	H. Behrens	Elastic shaft coupling.
1,911,876	5/30/33	H. Behrens	Synchronizing prime movers.
1,942,861	1/ 9/34	A. Huster	Producing high-pressure steam.
1,950,249	3/ 6/34	F. Johannsen	Distillation of readily volatilizable metals.
1,953,695	4/ 3/34	H. Walter	Rotary piston engine.
1,987,849	1/15/35	A. Hanschke	Thrust bearing with fluid friction.
2,061,902	11/24/36	A. Hanschke	Turbine plant.
2,063,094	12/ 8/36	A. Hanschke	Turbine plant.
2,112,090	3/22/38	A. Hanschke	Turbine plant.
2,119,226	5/31/38	F. Ernst	Internal combustion engine.
2,130,339	9/20/38	H. Dunkelmann	Fuel-injecting pump for internal combustion engines.

EXHIBIT F

Patents the titles to which stand of record in the United States Patent Office in the name of Rheinische Metallwaaren—Und Maschinenfabrik, and the numbers of which are as follows:

Patent No.	Patent date	Inventor	Title
1,599,093	9/ 7/26	A. Kottmann	Key canceling and locking mechanism.
1,633,256	6/21/27	A. Kottmann	Key mechanism for calculating and adding machines.
1,637,827	8/ 2/27	A. Kottmann	Coupling device for calculating machines.
1,647,529	11/ 1/27	A. Kottmann	Total and subtotal mechanism
1,786,164	12/23/30	A. Kottmann	Drive for the stepped drums of calculating machines.
1,791,675	2/10/31	A. Kottmann	Drive for the stepped drums of calculating machines.

[Vesting Order 141]

PATENTS OF ENEMY NATIONALS

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

> All right, title, interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in and to the patents, the numbers of which are listed in Exhibits A, B and C attached hereto and made a part hereof, and the titles to which stand of record in the United States Patent Office in the names of the persons appearing (a) in the cases of the aforesaid Exhibits A and B at the respective tops thereof, and (b) in the case of said Exhibit C opposite the respective numbers listed therein,

is property in which nationals of a foreign country or countries have interests, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

Executed at Washington, D. C., on September 8, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

EXHIBIT A

Patents the titles to which stand of record in the United States Patent Office in the name of Robert Bosch, A. G., and which are identified as follows:

Patent No.	Patent date	Inventor	Title
1,558,095	10/20/25	F. Kratz et al	Dynamo-electric machine.
1,558,101	10/20/25	G. Lieb	Automatic circuit-breaking device.
1,574,646	2/23/26	W. Hahnle	Magneto-electric ignition machine.
1,574,647	2/23/26	W. Hahnle et al	Dynamo machine.
1,584,162	5/11/26	L. Bech	Impulse starter for ignition apparatus.
1,586,390	5/25/26	H. Steinhart	Dynamo-electric machine.
1,589,071	6/15/26	W. Hahnle	Electric signaling system.
1,602,114	10/ 5/26	A. Kazenmaier et al	Signaling instrument of power vehicles.
1,603,073	10/12/26	A. Diemer et al	Electromagnetic sounding device.
1,650,879	11/29/27	M. Schafer et al	Magneto-electric and the like machine.
1,659,596	2/21/28	O. Fischer et al	Ignition coil for combustion motors.
1,688,951	10/23/28	W. Walther et al	Ignition device.
1,694,118	12/ 4/28	F. Ehrmann	Casting apparatus.
1,694,276	12/ 4/28	A. Mohrle	Electrical condenser.
1,696,102	12/18/28	A. Schmid et al	Continuous-current dynamo-electric machine.
1,720,561	7/ 9/29	R. Maier et al	Internal-combustion engine.
1,721,454	7/16/29	K. Kleinert	Searchlight.
1,739,179	12/10/29	R. Rassler	Headlight.
1,740,360	12/17/29	P. L'Orange	Fuel pump for internal-combustion engines.
1,757,393	5/ 6/30	A. Schmid	Commutator.

1,831,212	11/10/31	J. Voss et al	Shrinkable capsule and processes for making it.
1,844,986	2/16/32	E. Siemers	Apparatus for developing photoprints.
1,857,920	5/10/32	R. Lantz	Light sensitive papers and other bases and light sensitive layers therefor.
1,861,329	5/31/32	C. Uhlich et al	Apparatus for developing light-sensitive material.
1,892,247	12/27/32	W. Neugebauer	Process of preparing proteinases free from peptidases.
1,897,422	2/14/33	A. Dulitz et al	Capsule made of cellulose esters and process for preparing it.
1,906,240	5/2/33	M. Schmidt et al	Photographic process.
1,917,646	7/11/33	O. Herrmann	Method of making viscose.
1,929,003	10/3/33	W. Neugebauer	Process for preparing proteinases and carboxy-polypeptidases of the pancreas.
1,932,680	10/31/33	A. Schade	Method and apparatus for feeding sheets.
1,940,265	12/19/33	W. Neugebauer	Agent and process for drenching skins.
1,943,346	1/16/34	W. Schwalbe et al	Method or preparing regenerated cellulose structures.
1,943,486	1/16/34	U. Ostwald	Planographic printing base and process of preparing it.
1,966,412	7/10/34	W. Krieger	Multicolor film and process of preparing it.
2,006,661	7/ 2/35	J. Voss	Process of treating regenerated cellulose articles.
2,016,527	10/ 8/35	W. Voigt	Device for storing and affixing adhesive strips.
2,081,676	5/25/37	W. Neugebauer	Preparation of starch-degrading enzymes.
2,119,163	5/31/38	O. Herrmann et al	Roll of adhesive strip.
2,238,862	4/15/41	W. Neugebauer	Desizing agent.
2,286,656	6/16/42	O. Sus	Photographic printing material and developer.
2,286,701	6/16/42	G. Werner	Diazotype printing material.

EXHIBIT C

Patents which are identified as follows and the titles to which stand of record in the United States Patent Office in the names of the persons indicated, respectively:

Patent No.	Date	Record owner	Inventor	Title
Des. 105, 838	8/31/37	W. Heraeus G. m. b. H	H. Bruning et al	Design for warming ovens or the like.
1, 552, 345	9/1/25	Deutsche Werke Kiel A. G	V. Rembold	Frame standard for upright engine cylinders.
1, 554, 812	9/22/25	Quarzlampen G. m. b. H	F. Girard	Electric heat radiator.
1, 556, 859	10/13/25	Motoren-Werke Mannheim A. G. Vorm. Benz Abt. Stationarer Motorenbau.	P. L'Orange	Internal combustion engine.
1, 566, 534	12/22/25	W. Heraeus G. m. b. H	E. Haagn	Alloys and articles partially composed of same, and process for producing the alloys.
1, 568, 404	1/5/26	O. Junghans	O. Junghans	Clockwork-testing machines.
1, 574, 966	3/2/26	W. Heraeus G. m. b. H	E. Haagn	Osmium alloy.
1, 576, 005	3/9/26	I. G. Farbenindustrie A. G	W. Schrauth	Decomposing fats, oils, and waxes.
1, 579, 065	3/30/26	Krupp Patent-Platten-Gussform-Vertrieb G. m. b. H.	C. Betterman	Mold for producing molded stone slabs.
1, 580, 973	4/13/26	V. Rembold	V. Rembold	Compressor.
1, 580, 974	4/13/26	Deutsch Werke Kiel A. G	V. Rembold	Air preheater.
1, 582, 343	4/27/26	B. Roos & Co	K. Muller	Method of manufacturing mold powder.
1, 586, 689	6/1/26	Actien-Gesellschaft "Weser"	H. Muller	Engine governor.
1, 591, 763	7/6/26	Zeiss Ikon A. G	J. Happacher	Film-feeding device.
1, 603, 339	10/19/26	Electricitatsgesellschaft, "Sanitas" G. m. b. H.	H. Herrmann	System for unipolar high-frequency treatment.
1, 608, 932	11/30/26	J. Fischer	F. Fischer	Dyeing and similar machines.
1, 622, 805	3/29/27	Bergmann-Elektricitats-Werke A. G.	W. Pape	Steam turbines.
1, 660, 094	2/21/28	J. Scheiber et al	J. Scheiber et al	Process for the preparation of a new type of shellac substitutes.
1, 660, 159	2/21/28	W. Heraeus G. m. b. H	E. Haagn	Production of alloys of the platinum group.
1, 662, 681	3/13/28	Hohenzollern Aktiengesellschaft fur Lokomotivbau.	W. Lindner	Friction wheel gear.
1, 665, 666	4/10/28	O. Junghans	S. Junghans	Percussion fuse.
1, 668, 115	5/1/28	Deutsche Atlantische Telegraphengesellschaft.	E. Gumlich	Magnetizable material.
1, 669, 434	5/15/28	Elektrizitaets-Gesellschaft, Richter, Dr. Weil & Co. A. G.	G. Werner	Switching device.
1, 682, 017	8/28/28	The Firm Johann Carl Muller	H. Muller	Machine for mechanically mixing tobacco leaves.
1, 689, 456	10/30/28	The Firm Meier & Weichelt	E. Schuz	Metallurgical product and process of producing same.
1, 693, 516	11/27/28	O. Junghans A. G	O. Junghans	Mechanical time fuse.
1, 695, 410	12/18/28	Lorenz-Zeiss-Zugsicherungs G. m. b. H.	W. Baseler	Train controlling means by light rays.
1, 697, 692	1/ 1/29	Siemens-Reineger-Velfa Gesellschaft fur Medizenesche Technik m b. H.	M. Pohlmann	X-ray system.
1, 709, 442	4/16/29	W. Lehmann	H. Schulz	Journal bearings.
1, 710, 857	4/30/29	Maschinenfabrik Augsburg-Nuernberg A. G.	H. Becker	Cylinder for double-acting two-stroke Diesel engines with slotted exhaust opening and divided cylinder liner.
1, 716, 999	6/11/29	Maschinenfabrik Augsburg-Nuernberg A. G.	H. Becker	Maneuvering device with valve gear.
1, 724, 666	8/13/29	G. Kogel	G. Kogel	Process of preparing pictures from light-sensitive layers containing organic colloids.
1, 732, 718	10/22/29	Gesellschaft fur Electrisch Apparate m. g. H.	B. Gluer	Devices for controlling the firing of ordnances or the like when firing at a moving target.
1, 740, 342	12/17/29	I. G. Farbenindustrie A. G	C. Hansen	Recovery of sulphurous acid from waste gases.
1, 745, 464	2/4/30	C. Lorenz A. G. & Siemens & Halske A. G.	F. Wever	Process for the purification of metals.
1, 750, 198	3/11/30	I. G. Farbenindustrie A. G	W. Schrauth	Cleaning, wetting, and emulsifying.
1, 753, 708	4/8/30	E. Lehmann	E. Lehmann	Sensitized element, process of making same, and process for producing photographic images thereon.
1, 761, 864	6/3/30	Maschinenfabrik Augsburg-Nuernberg A. G.	H. Becker	Piston-cooling device for internal combustion engines.
1, 767, 831	6/24/30	E. Leitz Optische Werke	M. Berek	Polarimetric apparatus.
1, 770, 578	7/15/30	Seyfert & Donner	M. Lohs	Flat knotting frame.
1, 772, 772	8/12/30	I C A, Aktiengesellschaft	O. Fischer	Cinematographic camera.

EXHIBIT C—Continued

Patent No.	Date	Record owner	Inventor	Title
1, 773, 611	8/19/30	Ruhrchemie	M. Banck	Preparation of acetylene a hydrogen.
1, 776, 010	9/16/30	K. Schrader	E. Schulze	Manufacturing permanently-stele injection liquids.
1, 777, 709	10/7/30	Telephon-Apparat-Fabrik E. Zwertusch & Co. G. m. b. H.	F. Appelius	Telephone systems.
1, 779, 112	10/21/30	Maschinenfabrik Augsburg-Nuernberg A. G.	H. Becker	Double-acting two-stroke combustion engine with slot scavenging.
1, 787, 430	1/ 6/31	Telephon-Apparat-Fabrik E. Zwertusch & Co.	F. Appelius	Telephone systems.
1, 788, 996	1/13/31	Gesellschaft Für Electrische Apparate G. m. b. H.	O. Gaedke	Apparatus for evaluating rangetable functions of two independent variables.
1, 789, 733	1/20/31	W. Heraeus G. m. b. H	O. Feuszner	Thermo-electric generator.
1, 795, 120	3/ 3/31	I. G. Farbenindustrie A. G	C. Hansen	Process for the simultaneous absorption of ammonia and hydrogen sulfide from industrial gases.
1, 795, 121	3/ 3/31	I. G. Farbenindustrie A. G	C. Hansen	Process for the absorption of hydrogen sulfide and ammonia from gases.
1, 797, 514	3/24/31	Deutsche Werke Kiel A. G	O. Richter	Starting device for aeroplanes.
1, 812, 740	6/30/31	Allgemeine Elektricitäts Gesellschaft.	W. Ehlers	Magnetic cores.
1, 814, 246	7/14/31	Siemens-Schuckertwerke A. G.	F. Doring	Electric switch.
1, 815, 876	7/21/31	Siemens-Bauunion G. m. b. H. K. G.	M. Muller	Process of chemically solidifying earth.
1, 818, 781	8/11/31	Deutsch Hydrierwerke A. G	S. Bakonyi	Method of carrying out biochemical processes.
1, 820, 722	8/25/31	Siemens-Bauunion G. m. b. H. K. G.	C. Zemlin	Process of solidifying layers of ground and similar masses.
1, 822, 989	9/15/31	W. Heraeus G. m. b. H	O. Feussner	Instrument control apparatus.
1, 823, 056	9/15/31	Telefon-Apparate-Fabrik E. Zwetusch G. m. b. H.	H. Marburg	Cartridge Separating Device for pneumatic tube plants.
1, 826, 779	10/13/31	I. G. Farbenindustrie A. G	C. Hansen	Process for the absorption of hydrogen sulphide and ammonia from gases.
1, 827, 238	10/13/31	Tiefbau-und Kalteindustrie Akt., Vormals Gebhardt & Koenig & Siemens-Bau-union Gesellschaft m. b. H. K. G.	H. Joosten	Process of solidifying permeable rock, loosely spread masses or building structures.
1, 829, 594	10/27/31	Zeiss-Aerotopograph G. m. b. H.	R. Hugershoff	Devices for continuously recording the path of flight of aircraft.
1, 829, 950	11/3/31	Meutsch Voightlander & Co. Vormals Gewerkschaft Wallram.	H. Voightlander et al	Process for the manufacture of difficultly melting heavy metals.
1, 836, 435	12/15/31	Maschinenfabrik Augsburg-Nurnberg A. G.	H. Becker	Fuel pump for engines having a plurality of injection valves in the cylinder.
1, 838, 208	12/29/31	Telephon-Apparat-Fabrik E. Zwietusch & Co. G. m.b.H.	F. Appelius	Switching or control mechanisms for dispatch systems.
1, 840, 427	1/12/32	Ernst Leitz Optische Werke	O. Barnack	Device for developing film rolls.
1, 843, 220	2/2/32	Heinrich Koppers Akt	C. Hansen	Method of decomposing sulfur-oxygen compounds.
1, 843, 456	2/2/32	August Thyssen-Hutte A. G	H. Meyer	Manufacture of steel.
1, 846, 815	2/23/32	Siemens-Bauunion G. m. b. H. K. G.	W. Sichardt et al	Process for fastening solidified foundation soil to building structures and the structure produced thereby.
1, 849, 445	3/15/32	Ernst Leitz Optische Werke	O. Barnack	Adjusting device for the part of optical instruments.
1, 862, 206	6/ 7/32	Telephon-Apparat-Fabrik E. Zwietusch & Co.	G. Tauchmann	Ring winding machines.
1, 864, 090	6/21/32	Schloemann A. G	P. Muller	Drive mechanism for the rolls of rolling mills.
1, 873, 126	8/23/32	Zeiss-Aerotopograph G. m. b. H.	R. Hugershoff	Apparatus for continuously recording the path of flight of aircraft
1, 873, 812	8/23/32	Maschinenfabrik Augsburg-Nurnberg A. G.	H. Becker	Pump.
1, 874, 987	8/30/32	Fried. Krupp A. G. Friedrich-Alfred-Hutte.	F. Hartmann	Iron sleeper.
1, 877, 962	9/20/32	Deutsch Edelstahlwerke A. G	F. Polzguter	Steel alloy.
1, 885, 831	11/1/32	Siemens-Elektro-Osmose G. m b. H.	K. Illig	Process for the separation of rubber.
1, 890, 293	12/6/32	Gesellschaft Fur Elektrische Apparate m. b. H.	H. Hort	Steering gear for water and air vehicles.
1, 890, 821	12/13/32	Degea A. G	H. Meyer	Pressure reducing valve.
1, 894, 272	1/17/33	Gesellschaft Fur Elektrische Apparate.	H. Hort	Ship stabilizer.

Patent No.	Date	Record owner	Inventor	Title
1, 902, 210	3/21/33	Telefon-Apparate-Fabrik E. Zwietusch & Co.	G. Biniek	Paystation apparatus.
1, 903, 598	4/11/33	Walter Dux	J. Scheiber	Shellac substitutes.
1, 904, 546	4/18/33	Deutsche Hydrierwerke A. G	W. Schrauth	Method of producing stearine.
1, 905, 454	4/25/33	Zeiss Ikon A. G	M. Engelmann	Cinematographic apparatus.
1, 908, 043	5/9/33	Projector G. m. b. H	K. Morsbach & H. Schulz.	Optical projection system.
1, 909, 215	5/16/33	Gutehoff-Nungshutte A. G	P. Nashan	Process for the manufacture of formaldehyde from methane.
1, 911, 220	5/30/33	Maschinenfabrik Augsburg-Nurnberg A. G.	H. Becker	Internal combustion engine.
1, 915, 284	6/27/33	Maschinenfabrik Augsburg-Nurnberg A. G.	H. Becker	Cooled piston rod for double acting engines.
1, 915, 655	6/27/33	Eisemann-Werke A. G	E. Eisemann	Magneto electric ignition device.
1, 915, 890	6/27/33	Helmut Junghans and Gebruder Junghans A. G.	H. Junghans	Mechanical time fuses for artillery projectiles.
1, 918, 430	7/18/33	Gutehoffnungshutte Oberhausen A. G.	J. Schlotmann	Means for uniformly cooling hot blast and hot gas gate valve disks.
1, 921, 898	8/8/33	I. G. Farbenindustrie A. G	H. Tonnies	Focusing device for photographic cameras.
1, 926, 596	9/12/33	Voigtlander & Sohn A. G	A. Naumann	Arrangement for printing photographs.
1, 926, 597	9/12/33	Voigtlander & Sohn A. G	A. Naumann	System for visually testing photographic negatives.
1, 927, 746	9/19/33	Helmut Junghans and Gebruder Junghans A. G.	H. Junghans	Mechanical time fuse.
1, 927, 884	9/26/33	Voigtlander & Sohn A. G	A Barenyi	Photographic camera.
1, 930, 210	10/10/33	Gutehoffnungshutte A. G	P. Nashan	Process for preparing hexamethylene tetramine from methane.
1, 935, 327	11/14/33	Projector G. m. b. H	K. Morsbach & K. Cousin.	Motion picture film camera.
1, 938, 468	12/ 5/33	Walter Dux	J. Scheiber	Process of preparing shellac-like resins from agatho-copal resins.
1, 941, 753	1/ 2/34	Ernst Leitz Optische Werke G. m. b. H.	H. Plies	Holder for microscopes.
1, 941, 784	1/ 2/34	Voigtlander & Sohn A. G	A. Barenyi	Photographic camera.
1, 943, 051	1/ 9/34	Jenaer Glaswerk Schott & Gen	E. Berger	Optical glass.
1, 943, 385	1/16/34	Gutehoffnungshutte Oberhausen A. G.	W. Heckel et al	Process for production of oxidation products of acetylene.
1, 956, 359	4/24/34	Projector G. m. b. H	K. Morsbach & O. Steiner.	Centrifugal governor.
1, 958, 679	5/15/34	Voigtlander & Sohn A. G	F. Reiss	Photometer and method of operating same.
1, 964, 629	6/26/34	I. G. Farbenindustrie A. G	H. Grimm et al	Vitreous composition.
1, 967, 649	7/24/34	Chinoin Gyosgyszer is Vegyeszeti Termekek Gyara R. T. (Dr. Kereszti and Dr. Wolf).	E. Wolf	Tasteless basic aluminum acetylsalicylate and method for producing same.
1, 969, 222	8/7/34	Helmut Junghans and Gebruder Junghans A. G.	H. Junghans	Fuses for aeroplane defense projectiles.
1, 970, 084	8/14/34	W. Heraeus G. m. b. H	O. Feussner	Electrical resistance thermometer.
1, 971, 215	8/21/34	W. Heraeus G. m. b. H	O. Feussner	Apparatus for testing by spectrum analysis.
1, 972, 971	9/11/34	Voigtlander & Sohn A. G	A. Barenyi	Retarding device for gears.
1, 978, 535	10/30/34	Anker-Werke A. G	M. Jacob	Check printing mechanism for cash registers.
1, 990, 034	2/5/35	H. Junghans	H. Junghans	Mechanical time fuse.
1, 991, 442	2/19/35	Voigtlander & Sohn A. G	A. Barenyi	Photographic roll-film.
1, 992, 696	2/26/35	Franz Braun A. G	H. Gastrow	Electric drive for die casting machines for plastic masses.
1, 996, 608	4/ 2/35	Wilhelm Beck	K. Beck	Soot separator.
1, 998, 568	4/23/35	Voigtlander & Sohn A. G	A. Barenyi	Photographic camera.
2, 000, 555	5/ 7/35	Maschinenfabrik Augsburg-Nurnberg A. G.	H. Becker	Drive for fuel pumps for combustion power engines.
2, 002, 800	5/28/35	Deutsche Hydrierwerke A. G	W. Schrauth	Plastic materials.
2, 003, 930	6/ 4/35	Siemens Apparate und Maschinen G. m. b. H.	E. Fischel	Automatic rudder control device.
2, 008, 536	7/16/35	Chinoin Gyogyszer is Vegyeszeti Termekek Gyara R. T. (Dr. Kereszty & Dr. Wolf).	E. Wolf	Process for the production of hydrogenat benzo-iso-tetrazoles.
2, 010, 257	8/ 6/35	Vereinigte Lausitzer Glaswerke A. G.	A. Fehse	Process for producing the fitting surfaces involved in the case of glass bottle necks fitted with glass stoppers.
2, 011, 002	8/13/35	Ernst Leitz Optische Werke G. m. b. H.	E. Leitz Jr	Concentrically adjustable objective diaphragm.
2, 011, 432	8/13/35	Voigtlander & Sohn A. G	A. Barenyi	Photographic film camera.
2, 013, 600	9/ 3/35	Kohle und Eisenforschung G. m. b. H.	K. Carius	Articles which must have a reduced tendency to rust.

EXHIBIT C—Continued

Patent No.	Date	Record owner	Inventor	Title
2, 014, 965	9/17/35	Siemens-Apparate und Maschinen G. m. b. H.	E. Fischel	Regulating device.
2, 016, 857	10/ 8/35	Siemens Apparate und Maschinen G. m. b. H.	E. Fischel	Self-steering arrangement.
2, 020, 937	11/12/35	Chinoin Gyogyszer is Vegyeszeti Termekek.	Z. Foldi	Methods for producing cyclical disubstituted tetrazoles.
2, 024, 822	12/17/35	Siemens Apparate und Maschinen G. m. b. H.	H. Hort	Stabilization of ships by means of liquid filled tanks.
2, 025, 413	12/24/35	Junkers & Co., G. m. b. H	G. Hegwein et al	Controlling device for gas burners.
2, 025, 616	12/24/35	Heraeus-Vacuumschmelze A. G.	W. Rohn	Process for producing beryllium alloys.
2, 026, 084	12/31/35	E. Elster	E. Elster	Automatic snap fastener for skis.
2, 027, 351	1/ 7/36	Deutsche Hydrierwerke A. G	W. Schrauth	Procedure for the manufacture of condensation products.
2, 029, 776	2/ 4/36	Anker-Werke A. G	M. Jacob	Cash register.
2, 030, 802	2/11/36	Deutsche Hydrierwerke A. G	W. Schrauth	Method of catalytic oxidation of turpentine oils.
2, 030, 921	2/18/36	Heraeus-Vacuumschmelze A. G.	W. Hessenbruch	Copper beryllium alloys.
2, 037, 223	4/14/36	Wilhelm Dreusicke & Co., G. m. b. H.	O. Fischer	Tongs for removing and putting in place the key rings of typewriting machines and the like.
2, 037, 360	4/14/36	Voigtlander & Sohn A. G	A. Barenyi	Shutter for photographic cameras.
2, 037, 684	4/14/36	Junkers & Co., G. m. b. H	G. Hegwein	Safety control apparatus for gas burners.
2, 039, 000	4/28/36	Kurt Lange	H. Hesse	Hemadynamometers operating according to the compensation method.
2, 040, 604	5/12/36	Heraeus-Vacuumschmelze A. G.	H. Gruber et al	Method of manufacturing low carbon iron and steel alloys.
2, 040, 683	5/12/36	Telefon-Apparate-Fabrik E. Zwietusch & Co. G. m. b. H.	G. Biniek	Electric safety razor.
2, 040, 972	5/19/36	Maschinenfabrik Augsburg-Nurnberg A. G.	H. Becker	Piston.
2, 041, 333	5/19/36	Heraeus-Vacuumschmelze A. G.	H. Gruber et al	Apparatus for producing carbon-free metals, alloys and the like.
2, 042, 293	5/26/36	Telefon-Apparate-Fabrik E. Zwietusch & Co.	G. Biniek	Safety razor with rotary drive.
2, 044, 257	6/16/36	Siemens-Reiniger Werke A. G	J. Patzold	Apparatus for electromedical treatment.
2, 045, 415	6/23/36	W. Schrauth	W. Schrauth	Salves, creams, soaps, and the like.
2, 045, 769	6/30/36	H. Geffcken & H. Richter	H. Geffcken et al	Electrical control circuit.
2, 046, 852	7/7/36	Deutsche Hydrierwerke A. G	W. Schrauth	Cellulose derivative.
2, 047, 662	7/14/36	Voigtlander & Sohn A. G	A. Barenyi	Photographic shutter.
2, 048, 647	7/21/36	W. Heraeus G. m. b. H	O. Feussner et al	Process of producing hard alloys.
2, 048, 648	7/21/36	W. Heraeus G. m. b. H	O. Feussner et al	Alloy and process of making same.
2, 050, 874	8/11/36	Voigtlander & Sohn A. G	A. Barenyi	Roll film camera.
2, 051, 837	8/25/36	Siemens Apparate und Maschinen G. m. b. H.	E. Fischel	Automatic control arrangement for aircraft.
2, 055, 237	9/22/36	Ernst Leitz Optische Werke G. m. b. H.	E. Lietz, Jr	Projection and reproduction system.
2, 057, 945	10/20/36	Franz Braun A. G	H. Gastrow	Heatable mass cylinder of die casting machines for plastic masses.
2, 060, 081	11/10/36	W. Heraeus G. m. b. H	A. Jedele	Point for gold pens and method of producing the same.
2, 062, 130	11/24/36	Heraeus-Vacuumschmelze A. G.	W. Hessenbruch	Heat treatable nickel-beryllium alloys.

[Vesting Order 151]

PATENTS OF ENEMY NATIONALS

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

> All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in and to the patents, the numbers of which are listed in Exhibits A, B and C, attached hereto and made a part hereof, and the titles to which stand of record in the United States Patent Office in the names of the persons appearing at the respective tops of such Exhibits,

is property in which nationals of a foreign country or countries have interests, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on September 17, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

EXHIBIT A

Patents the titles to which stand of record in the United States Patent Office in the name of Askania-Werke A. G. Vormals Centralwerkstatt-Dessau und Carl Bamberg-Friedenau, and which are identified as follows:

Patent No.	Patent date	Inventor	Title
1,550,410	8/18/25	E. Wunsch	Apparatus for controlling processes of combustion.
1,558,529	10/27/25	G. Wunsch	Gas-mixture regulator.
1,558,530	10/27/25	G. Wunsch	Device for increasing small pressure differences.
1,583,040	5/ 4/26	G. Wunsch	Dry gas meter.
1,585,210	5/18/26	M. Roux	Navigation apparatus.
1,591,118	7/ 6/26	H. Friess	Positive film band strip and method of manufacturing it.
1,620,707	3/15/27	G. Wunsch	Device for regulating gas pressure.
1,632,770	6/14/27	E. Von Schubert	Device for taking photographs.
1,639,394	8/16/27	E. Wunsch	Retort and gas-flow regulating apparatus.
1,656,542	1/17/28	J. Stoecker et al	Burner for air heaters.
1,708,087	4/ 9/29	H. Friess	Cinematographic exposing apparatus.
1,712,128	5/ 7/29	E. Wunsch	Apparatus for regulating the gas mixture in gas-fired furnace installations.
1,721,800	7/23/29	G. Wunsch	Apparatus for regulating combustion.
1,726,463	8/27/29	E. Wunsch	Apparatus for measuring the quantity of steam, gas, air, water, or like medium flowing through a pipe.
1,729,850	10/1/29	G. Wunsch	Steering indicator for aircraft.
1,737,487	11/26/29	E. Wunsch	Lateral-reading compass.
1,737,660	12/3/29	E. Kogbetliantz	Three-weighted torsion balance.
1,747,651	2/18/30	W. Schweydar	Torsion balance for measuring the gravitation.
1,752,135	3/25/30	G. Wunsch	Apparatus for the regulation of driving engines for electric-current generators.
1,757,051	5/6/30	C. Klopfer	Apparatus for the regulation of combustion in furnaces.
1,768,726	7/1/30	E. Wunsch	Gas-flow-regulating apparatus.
1,776,240	9/16/30	G. Wunsch	Thermostats.
1,778,303	10/14/30	E. Wunsch	Compass.
1,782,860	11/25/30	E. Reipert	Apparatus for making exposures of the path or route of flying machines or the like.
1,822,184	9/8/31	E. Wunsch	Device for the conversion of mechanical measuring values into corresponding electrical measuring values.
1,844,905	2/9/32	W. Schweydar	Planimeter for computing forces.
1,920,827	8/1/33	G. Wunsch	Method of and apparatus for regulating or governing physical conditions.
1,938,492	12/ 5/33	W. Moller	Fluid pressure governing device for measuring systems.
1,944,339	1/23/34	G. Wunsch	Proportional gas meter.
1,967,155	7/17/34	W. Moller	Aircraft control-system.
1,967,156	7/17/34	W. Moller	Apparatus for the automatic control more particularly of aircraft.
1,967,214	7/24/34	H. Acht	Photographic lens system.
1,967,215	7/24/34	H. Acht	Photographic lens system.
1,972,054	8/28/34	W. Moller	Fluid meter.
1,976,636	10/ 9/34	E. Roux	Magnetic balance for the measurement of intensities.
1,980,926	11/13/34	W. Moller et al	Remote revolution indicating and recording apparatus.
1,986,761	1/ 1/35	W. Moller	Controlling apparatus for aircraft.
2,007,515	7/ 9/35	G. Wunsch et al	Method of and apparatus for automatic aircraft-control.
2,011,453	8/13/35	W. Moller	Compressed fluid operated apparatus.
2,025,629	12/24/35	G. Wunsch	Method of and apparatus for controlling marine boilers.
2,042,374	5/26/36	G. Wunsch et al	Apparatus for regulating and/or measuring the flow of fluids.
2,052,375	8/25/36	G. Wunsch et al	Combustion regulator.
2,062,922	12/ 1/36	G. Wunsch	Paper machine control.
2,068,458	1/19/37	W. Moller	Bearing.
2,074,882	3/23/37	G. Wunsch	Proportioning control apparatus and method of controlling the operation thereof.
2,074,883	3/23/37	H. Ziebolz et al	Method of and apparatus for controlling the flow of fluids.
2,077,849	4/20/37	W. Moller et al	Compass follow-up.
2,089,106	8/ 3/37	F. Beck	Moving picture camera.
2,089,164	8/ 3/37	H. Imhof	Suspension for Eotvos balance.
2,089,745	8/10/37	A. Graf	Gravity instrument.
2,090,564	8/17/37	A. Zimmermann	Suspension for compasses and other instruments.
2,095,404	10/12/37	C. Wurr	Servomotor.
2,098,917	11/ 9/37	W. Gunther	Optical instrument.
2,100,706	11/30/37	G. Wunsch	Altitude measuring apparatus.
2,100,978	11/30/37	P. Rheinlander	Apparatus for measuring and delivering gas quantities reduced to a normal condition.
2,104,627	1/ 4/38	G. von Manteuffel	Steering device.
2,105,146	1/11/38	H. Haalck	Gravitation measuring instrument.
2,107,971	2/ 8/38	G. Wunsch et al	Jet pipe relay.
2,107,976	2/ 8/38	K. Blasig	Measuring and indicating apparatus.
2,111,466	3/15/38	G. Wunsch	Fluid operated relay mechanism.
2,126,855	8/16/38	G. Wunsch et al	Direction maintaining means for use on dirigible craft.
2,126,935	8/16/38	G. von Manteuffel	Direction maintaining means for use on dirigible craft.
2,129,613	9/6/38	G. Wunsch et al	Apparatus for controlling the fuel feed in internal combustion engines.
2,161,732	6/6/39	G. von Manteuffel	Clutch.
2,175,165	10/3/39	W. Heinrich	Remote control device.
2,206,618	7/2/40	P. Rheinlander	Apparatus for measuring and delivering gas quantities reduced to a normal condition
2,227,371	12/31/40	G. von Manteuffel	Gyroscopic apparatus.
2,230,217	1/28/41	G. Rathke	Magnetic compass for current meters.
2,242,806	5/20/41	G. Wunsch	Gyroscope.
2,248,141	7/8/41	G. von Manteuffel	Directional gyroscope.
2,293,311	8/18/42	H. Schuchardt	Electrically driven gyroscope.

EXHIBIT B

Patents the titles to which stand of record in the United States Patent Office in the name of Askania-Werke A. G., and which are identified as follows:

Patent No.	Patent date	Inventor	Title
1,763,994	6/17/30	H. Thoma	Frictionless sliding valve for self-acting regulators or governors.
1,900,516	3/7/33	W. Moller	Steering apparatus for aircraft.
1,905,401	4/25/33	W. Moller	Measuring apparatus.
1,929,230	10/3/33	G. Wunsch	Art of regulating combustion in furnaces or the like.
1,959,890	5/22/34	G. Wunsch	Means for liquid level control.
1,963,010	6/12/34	G. Wunsch	Art of mixing gas and air for high-power burners.
1,978,502	10/30/34	W. Moller	Means for producing movement at a distance by fluid pressure.
1,982,564	11/27/34	G. Wunsch	Apparatus for regulating the operation of conveyers.
2,010,245	8/ 6/35	E. Roux	Magnetic balance.
2,038,465	4/21/36	G. Wunsch	Temperature measuring and/or recording apparatus.
2,075,625	3/30/37	E. Roux et al	Torsion balance.
2,134,745	11/ 1/38	H. Ziebolz et al	Method of and apparatus for proportioning the flow of fluids.
2,169,174	8/ 8/39	H. Ziebolz et al	Method of and apparatus for controlling the flow of fluids.
2,169,175	8/ 8/39	H. Ziebolz et al	Method of and apparatus for controlling the flow of fluids.

EXHIBIT C

Patents the titles to which stand of record in the United States Patent Office in the name of Felten & Guilleaume Carlswerk A. G., and which are identified as follows:

Patent No.	Patent date	Inventor	Title
1,640 744	8/30/27	G. Zapf	Means for protecting cables from kinking at the point where they emerge from junction boxes or casings.
1,753,079	4/1/30	G. Zapf	Submarine cable with pressure-protecting covering.
1,798,298	3/31/31	G. Zapf	Pressure-protecting covering for submarine cables.
1,808,444	6/2/31	G. Zapf	Manufacture of wire cables.
1,838,606	12/29/31	G. Zapf	Press for metal tubes or sheathings.
1,888,753	11/22/32	G. Zapf	Method and means for anchoring the cable ends of suspension bridges.
1,893,119	1/3/33	G. Zapf	Cable for comparatively deep seas.

[Vesting Order 152]

PATENTS OF ENEMY NATIONALS

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in and to the patents, the numbers of which are listed in Exhibits A and B, attached hereto and made a part hereof, and the titles to which stand of record in the United States Patent Office in the names of the persons appearing at the respective tops of such Exhibits,

is property in which nationals of a foreign country or countries have interests, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

Executed at Washington, D. C., on September 17, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

EXHIBIT A

Patents the titles to which stand of record in the United States Patent Office in the name of Siemens & Halske, A. G. Wernerwerk, and which are identified as follows:

Patent No.	Patent date	Inventor	Title
Des. 85,679	12/1/31	O. Weeber et al	Design for a desk telehpone.
1,572,859	2/9/26	E. Horn et al	Telephone system.
1,572,860	2/9/26	E. Horn	Telephone system.
1,578,417	3/30/26	G. Frubing	Automatic telephone-exchange system.
1,609,985	12/7/26	K. Bohme et al	Electromagnetic switch.
1,615,206	1/18/27	E. Horn	Telephone system.
1,620,090	3/8/27	A. Flad	Telephone system.
1,627,206	5/3/27	W. Setzepfand	Telephone system.
1,632,010	6/14/27	F. Lubberger	Automatic telephone system.
1,632,343	6/14/27	F. Lubberger et al	Automatic telephone system.
1,646,387	10/25/27	A. Preuss	Automatic telephone system.
1,647,966	11/1/27	M. Mathias	Automatic telephone-switching system.
1,653,931	12/27/27	A. Schlurmann	Telephone system.
1,657,117	1/24/28	A. Flad	Telephone system.
1,672,990	6/12/28	A. Scheunert	Telephone system.
1,674,413	6/19/28	A. Preuss	Selecting device for telephone systems.
1,677,325	7/17/28	H. Beckerath	Telephone system.
1,678,301	7/24/28	P. Quassowski	Selecting device for telephone systems.
1,682,055	8/28/28	A. Waschnack	Telephone system.
1,687,117	10/9/28	O. Weeber	Telephone desk set.
1,688,477	10/23/28	O. Weeber	Hand telephone.
1,689,213	10/30/28	A. Scheunert	Telephone system.
1,690,464	11/6/28	G. Tauchmann	Telephone-meter unit.
1,693,927	12/4/28	W. Kroll	Telephone system.
1,697,221	1/1/29	K. Bohme	Switch-bank contact.
1,697,222	1/1/29	K. Bohme	Multiple contact bank
1,699,415	1/15/29	G. Wetzel	Telephone system.
1,705,732	3/19/29	M. Langer	Telephone system.
1,714,881	5/28/29	M. Langer	Circuit arrangement for automatic telephone systems.
1,721,625	7/23/29	C. Hartmann	Acoustic diaphragm.
1,728,779	9/17/29	K. Bohme et al	Switching mechanism.
1,729,852	10/1/29	F. Lubberger	Telephone system.
1,729,855	10/1/29	F. Lubberger	Alternate trunking director system.
1,730,617	10/8/29	M. Mathias	Telephone system.
1,734,729	11/5/29	A. Horn	Measured service telephone system.
1,737,554	12/3/29	A. Auteri	Coin box station.
1,745,999	2/4/30	M. Langer	Automatic telephone system.
1,746,327	2/11/30	H. Beckerath	Telephone system.
1,747,405	2/18/30	H. Beckerath	Impulse correcting repeater.
1,750,848	3/18/30	F. Lubberger et al	Automatic telephone system.
1,752,500	4/ 1/30	W. Munchenhagen	Multioffice telephone system.
1,756,540	4/29/30	F. Doring et al	Electromagnetic switch.
1,757,753	5/ 6/30	F. Thiery et al	Cartridge fuse.
1,771,657	7/29/30	W. Schulz	Telephone system.
1,783,312	12/ 2/30	W. Schulz et al	Telephone system.
1,785,994	12/23/30	M. Auteri	Coin-collecting apparatus.
1,792,651	2/17/31	M. Mathias	Class signaling for telephone systems.
1,795,339	3/10/31	M. Langer	Circuit arrangement for automatic telephone systems.
1,796,209	3/10/31	M. Mathias	Automatic telephone system.
1,798,495	3/31/31	G. Radke	Automatic telephone system.
1,798,507	3/31/31	H. Tatzl	Telephone system.
1,809,046	6/ 9/31	R. Kruse	Telephone system.
1,812,114	6/30/31	E. Nolke	Cheek microphone.
1,812,222	6/30/31	J. Stich	Telephone system.
1,832,657	11/17/31	H. Rassow	Double contact relay.
1,836,092	12/15/31	M. Siede et al	Relay system.
1,838,787	12/29/31	A. Preuss	Electromagnetic relay.
1,843,137	2/ 2/32	F. Lubberger et al	Repeater
1,844,256	2/ 9/32	M. Langer	Circuit arrangement for relay selectors in telephone systems.
1,845,215	2/16/32	K. Ballhorn	Telephone system.
1,858,464	5/17/32	R. Schaumberger	Switch key.
1,858,562	5/17/32	H. Schedlabuer	Electromagnetic relay.
1,858,832	5/17/32	W. Kusche	Circuit arrangement for stepping switches.
1,862,689	6/14/32	F. Lubberger et al	Telephone system.
1,865,156	6/28/32	F. Wolf	Telephone system.
1,865,187	6/28/32	E. Horn	Telephone system.
1,866,597	7/12/32	R. Hoefert et al	Automatic telephone system.
1,866,639	7/12/32	W. Feind	Intercommunication telephone system.
1,867,791	7/19/32	G. Zapf et al	Automatic telephone system.
1,868,036	7/19/32	A. Waschnack	Telephone system
1,871,080	8/ 9/32	A. Peissner	Telephone system.
1,872,842	8/23/32	P. Storch et al	Call recording and charging system.
1,901,133	3/14/33	J. Stich	Automatic telephone system.
1,901,179	3/14/33	M. Mathias	Automatic telephone system.
1,902,613	3/21/33	G. Blumberg	Fuse.
1,907,660	5/ 9/33	A. Pfeiffer	Telephone substation circuit.
1,908,365	5/ 9/33	A. Keyser	Telephone system.
1,914,391	6/20/33	R. Wolf	Telephone system.
1,917,403	7/11/33	J. Stich	Repeater
1,920,214	8/ 1/33	A. Preuss	Telephone system.
1,922,199	8/15/33	A. Flad	Telephone system.
1,923,352	8/22/33	A. Wiessner	Telephone system.
1,925,261	9/ 5/33	M. Langer et al	Telephone system.
1,927,512	9/19/33	K. Baloun	Electrical switching device.
1,927,551	9/19/33	L. Linder	Banding for ring-shaped coils.
1,929,587	10/10/33	H. Hopf	Telephone system
1,929,592	10/10/33	M. Langer	Telephone system.
1,930,522	10/17/33	A. Keyser et al	Multioffice automatic telephone system.
1,935,954	11/21/33	W. Pinell	Telephone system.
1,938,433	12/ 5/33	F. Lill	Telephone system.
1,941,237	12/26/33	O. Weeber et al	Hand telephone.

EXHIBIT B

Patents the titles to which stand of record in the United States Patent Office in the name of Siemens & Halske, A. G., and the numbers of which are as follows:

Patent No.	Patent date	Inventor	Title
1,555,291	9/29/25	P. Kaminski	Arrangement for the telecontrol of guns or the like.
1,555,318	9/29/25	H. Sell	Measuring device.
1,557,356	10/13/25	E. Gerlach	Electrodynamic loud-speaking apparatus.
1,557,702	10/20/25	P. Kaminski	Gun-laying apparatus.
1,563,994	12/1/25	P. Kaminski	System for adjusting devices at a distance.
1,567,532	12/29/25	H. Marburg	Telephone switch.
1,567,791	12/29/25	E. Duhme	Electrolytic production of metals.
1,570,212	1/19/26	E. Duhme	Apparatus for the production of electrolytic iron.
1,570,287	1/19/26	H. Sell	Telephone.
1,571,084	1/26/26	M. Hosenfeld	Method for removing silica from ore leaches.
1,573,155	2/16/26	H. Gerdien	Rectifier with a change-over switch.
1,581,268	4/20/26	P. Kaminski	Means for correcting errors in gun-training devices.
1,581,729	4/20/26	H. Gerdien et al	Arc lamp.
1,582,694	4/27/26	H. Riegger	Submarine signaling apparatus.
1,588,764	6/15/26	F. Lubberger	Telephone system.
1,589,341	6/15/26	H. Arndt	Electric signaling system.
1,593,164	7/20/26	E. Ehrhardt	Apparatus for the electric transmission of signs.
1,603,468	10/19/26	R. Jaeger	Method of improving the insulation of vacuum tubes.
1,603,805	10/19/26	H. Riegger	Filter circuits.
1,603,806	10/19/26	H. Riegger	Filter chain.
1,604,532	10/26/26	H. Riegger	Electrodynamic telephone.
1,605,103	11/2/26	F. Eichler et al	Arrangement for the remote transmission of the positions of pointers.
1,606,805	11/16/26	B. Pohlmann et al	Telephone installation.
1,606,807	11/16/26	H. Riegger	Filter chain.
1,607,245	11/16/26	E. Duhme	Manufacture of metal alloys.
1,608,270	11/23/26	L. Friderich et al	Method for the decarbonizing of highly-carbonaceous ferrochromium.

[Vesting Order 153]

PATENTS OF ENEMY NATIONALS

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

All right, title, interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in and to the patents, the numbers of which are listed in Exhibits A, B, C and D attached hereto and made a part hereof, and the titles to which stand of record in the United States Patent Office in the names of the persons appearing (a) in the cases of the aforesaid Exhibits A, B and C at the respective tops thereof, and (b) in the case of said Exhibit D opposite the respective numbers listed therein,

is property in which nationals of a foreign country or countries have interests, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

Executed at Washington, D. C., on September 17, 1942.

LEO T. CROWLEY,
Alien Property Custodian.

EXHIBIT A

Patents the titles to which stand of record in the United States Patent Office in the name of The Firm of Carl Zeiss, and which are identified as follows:

Patent No.	Patent date	Inventor	Title
1,519,105	12/16/24	W. Bauersfeld	Device for making cinematographic exposures.
1,553,786	9/15/25	F. Lowe	Prism for dipping refractometers.
1,559,801	11/3/25	A. Steinle	Cylindrical end-gauge.
1,564,418	12/8/25	A. Konig	Double-image microscope.
1,578,251	3/30/26	H. Arruga	Illuminating device.
1,578,259	3/30/26	H. Boegehold	Group of lenses.
1,579,532	4/6/26	O. Henker	Refractometer.
1,580,751	4/13/26	W. Merte	Lens system.
1,581,883	4/20/26	A. Steinle	Machine for cutting noncircular glasses.
1,584,271	5/11/26	L. Bertele	Photographic lens.
1,584,272	5/11/26	L. Bertele	Photographic lens.
1,588,221	6/8/26	W. Bauersfeld	Method of making mark plates for micrometer oculars and mounting of the same.
1,612,071	12/28/26	A. Steinle	Thread-testing device.
1,613,658	1/11/27	O. Henker	Apparatus for the objective measurement of the refractive value of the principal point of the eye.
1,616,736	2/8/27	W. Bauersfeld	Device for projecting stars.
1,616,751	2/8/27	A. Konig	Telescope objective.
1,616,754	2/8/27	R. Mechau	Galvanometer.
1,616,765	2/8/27	A. Sonnefeld	Photographic objective.
1,618,291	2/22/27	L. Maggiere	Device for determining the field of vision.
1,632,930	6/21/27	H. Siedentopf	Additional device for binocular microscopes with one objective.
1,642,219	9/13/27	A. Steinle et al	Apparatus for testing toothed wheels.
1,649,064	11/15/27	O. Henker	Refractometers.
1,649,068	11/15/27	A. Kohler	Microscope.
1,649,106	11/15/27	O. Eppenstein	Device for testing bolt threads.
1,649,114	11/15/27	O. Henker	Refractometer.
1,651,648	12/6/27	O. Von Gruber	Device for process work and the like.
1,653,426	12/20/27	W. Bauersfeld	Machine for making circle divisions.
1,657,326	1/24/28	A. Steinle	Measuring apparatus.
1,661,279	3/6/28	E. Wandersleb	Mount for photographic objectives.
1,662,836	3/20/28	A. Steinle	Method of and device for testing the position of two axial directions.
1,665,002	4/3/28	O. Von Gruber	Device for tracing cross sections.
1,667,995	5/1/28	A. Steinle	Device for testing the position of driving shafts in piston machines and the like.
1,668,030	5/ 1/28	L. Van Albada	Optical systems of magnifying glasses.
1,671,152	5/29/28	B. Graves	Holding device for an eye-testing apparatus.
1,671,168	5/29/28	A. Steinle	Caliper gauge.
1,671,558	5/29/28	E. Wandersleb	Finder for photographic cameras.
1,673,269	6/12/28	J. Scheid et al	Method of making finely-perforated ceramic plates.
1,674,041	6/19/28	O. Henker	Objective-revolving nose piece for microscopes.
1,678,493	7/24/28	L. Van Albada	Finder for photographic cameras.
1,679,473	8/ 7/28	W. Kabisius	Depth gauge.
1,693,969	12/ 4/28	W. Williger et al	Device for projecting stars.
1,696,777	12/25/28	F. Meyer	Holder for arc-lamp carbons.
1,697,670	1/ 1/29	E. Wandersleb et al	Photographic lens.
1,699,667	1/22/29	A. Kohler	Illuminating device for microscopes.
1,702,258	2/19/29	O. Henker	Device for determining the squint deflection.
1,703,120	2/26/29	A. Steinle	Measuring device.
1,708,863	4/ 9/29	L. Bertele	Photographic objective.
1,715,845	6/ 4/29	A. Konig	Tacheometric telescope.
1,716,512	6/11/29	W. Bauersfeld et al	Photographic shutter.
1,719,443	7/2/29	P. Nichterlein	Reversing prism affording parallel vision.
1,721,081	7/16/29	F. Meyer	Regulating device for arc lamps.
1,723,627	8/6/29	F. Meyer	Regulating device for arc lamps.
1,726,129	8/27/29	A. Steinle	Feeler gauge with handle.
1,740,529	12/24/29	E. Wandersleb et al	Sunshade for photographic objectives.
1,741,526	12/31/29	T. Kuhl	Appliance for photographing the interior of the eye.
1,741,947	12/31/29	W. Merte	Photographic lens, corrected spherically, chromatically, astigmatically and for coma.
1,755,551	4/22/30	F. Meyer	Holder with feeding arrangement for the positive electrode of a searchlight.
1,758,049	5/13/30	A. Kohler	Illuminating device.
1,760,208	5/27/30	F. Pfeiffer et al	Camera for photographing the eyeball.
1,760,209	5/27/30	F. Pfeiffer	Refractometer for liquids.
1,764,870	6/17/30	H. Hartinger	Appliance for examination of the eyes.
1,775,916	9/16/30	R. Richter	Optical system for polaristrobometers.
1,784,675	12/9/30	F. Meyer	Governor switch for electric motors.
1,786,916	12/30/30	W. Merte	Objective corrected spherically, chromatically, astigmatically, and for coma.
1,787,269	12/30/30	G. Hansen	Device for partial deflection of a conical pencil of imaging rays.
1,788,830	1/13/31	J. Grone	Tacheometric telescope.
1,790,926	2/ 3/31	A. Konig	Microscope objective.
1,791,276	2/ 3/31	A. Konig	Microscope objective.
1,792,917	2/17/31	W. Merte	Photographic objective.
1,793,428	2/17/31	A. Konig	Telescope with porro prism system.
1,794,419	3/ 3/31	R. Richter	Magnifier.
1,795,092	3/ 3/31	O. Moller	System of reversing prisms.
1,795,752	3/10/31	W. Bauersfeld et al	Apparatus for testing light sense.
1,795,782	3/10/31	A. Konig	Direct vision, image-reversing prism system.
1,798,396	3/31/31	W. Bauersfeld et al	Stereophotogrammetric measuring appliance.
1,807,613	6/ 2/31	W. Bauersfeld et al	Microscope tube.
1,807,614	6/ 2/31	W. Bauersfeld et al	Apparatus for episcopic projection.
1,821,391	9/ 1/31	R. Mechau	Device for ascertaining the opacity of blackened portions of photographic plates.
1,822,076	9/ 8/31	W. Bauersfeld et al	Illuminating arrangement.
1,825,828	10/ 6/31	A. Sonnefeld	Photographic lens.
1,826,362	10/ 6/31	W. Merte	Photographic lens.
1,836,167	12/15/31	D. Helfer	Line mark for optical measuring instruments.

EXHIBIT A—Continued

Patent No.	Patent date	Inventor	Title
1,843,439	2/2/32	W. Bauersfeld et al	Instrument for observing stereoscopical images.
1,849,681	3/15/32	W. Merte et al	Photographic three-lens objective.
1,861,192	5/31/32	W. Sander	Coordinate transformer.
1,864,576	6/28/32	W. Bauersfeld	Coordinate transformer.
1,865,977	7/5/32	A. Sonnefeld	Optical system.
1,869,366	8/2/32	J. Dallos	Contact glass.
1,877,238	9/13/32	H. Hartinger	Ophthalmic instrument.
1,887,095	11/8/32	H. Hemscheidt	Device for fine focusing of microscope tubes.
1,887,099	11/8/32	P. Kraft	Device providing differently colored illumination for microscopic objects.
1,887,115	11/8/32	G. Braun	Instrument for the examination of the reaction of the eye pupils when different parts of the retina are illuminated.
1,887,121	11/8/32	P. Dietzel	Slide guide for the fine adjustment of microscopes.
1,891,348	12/20/32	P. Ellinger et al	Method and device for microscopically viewing living objects.
1,892,131	12/27/32	M. Berger	Microscope stand.
1,892,162	12/27/32	R. Richter	Photographic three-lens objective.
1,896,828	2/7/33	P. Nichterlein	Device for gauging bolt threads.
1,896,830	2/7/33	F. Scharff	Device for influencing by means of a ray projector a cell sensitive to light.
1,900,241	3/7/33	A. Konig	Reversing prism system affording parallel vision.
1,904,139	4/18/33	W. Henkel et al	Methods of making selenium cells.
1,905,070	4/25/33	A. Steinle	Telescope sight.
1,908,572	5/9/33	H. Straubel	Disk-shaped piezo-electric oscillator.
1,911,986	5/30/33	W. Bischoff	Receiving device for light signals.
1,918,540	7/18/33	H. Hartinger	Instrument for measuring the curvature of the cornea.
1,918,548	7/18/33	A. Konig	Tacheometric telescope.
1,918,556	7/18/33	F. Pfau	Indicating device for measuring instruments.
1,921,647	8/8/33	W. Bauersfeld et al	Image plate holding chamber for apparatus for measuring photograms.
1,921,971	8/8/33	F. Fertsch et al	Contact glass.
1,921,972	8/8/33	F. Fertsch et al	Contact glass.
1,922,434	8/15/33	K. Gundlach	Method of indexing glass photomechanically.
1,927,854	9/26/33	R. Straubel	Device for illuminating microscopic objects.
1,936,923	11/28/33	K. Traenkle	Roll-film case.
1,936,953	11/28/33	R. Richter	Half shade polarizer.
1,943,508	1/16/34	W. Bauersfeld, et al	Instrument for rapid examination of transparent microscopic preparations.
1,943,509	1/16/34	W. Bauersfeld et al	Apparatus for illuminating microscopic objects.
1,943,510	1/16/34	W. Bauersfeld et al	Device for light-field and dark-field illumination of mocroscopic objects.
1,943,511	1/16/34	W. Bauersfeld	Apparatus for projecting luminous dashes and dots on a dark ground.
1,943,533	1/16/34	M. Hubschmann	Object stage for projection apparatus.
1,943,554	1/16/34	R. Richter	Quartz plate for half-shade polarimeters.
1,951,635	3/20/34	R. Straubel	Dark-field condenser for microscopes.
1,951,636	3/20/34	R. Straubel	Illuminating device for microscopes.
1,951,666	3/20/34	H. Martin	Device maintaining automatically the frequency of an oscillator
1,952,759	3/27/34	A. Konig	Telescope.
1,957,299	5/ 1/34	H. Straubel	Piezo-electric oscillator.
1,959,537	5/22/34	K. Kuhne	Instrument for determining the diameter of bodies with curved surfaces.
1,959,538	5/22/34	E. Langenhagen et al	Prismatic telescope with right-angled isosceles reflecting prisms.
1,959,549	5/22/34	H. Sauer	Polarization photometer.
1,959,551	5/22/34	W. Schubert	Device for testing the positions of the driving shafts of locomotives.
1,960,554	5/29/34	H. Siedentopf	Illumination device for microscopes.
1,961,601	6/5/34	A. Sonnefeld	Biprism for spectroscopes.
1,964,188	6/26/34	H. Von Karabetz	Device for controlling a movable machine part.
1,964,239	6/26/34	W. Bauersfeld	Microscope.
1,964,712	7/3/34	W. Bauersfeld	Instrument for rapid examination of transparent microscopic preparations.
1,964,967	7/3/34	L. Van Albada	Range finders for photographic purposes.
1,965,506	7/3/34	F. Montauti	Optical instrument for determining the gun firing and torpedo launching data.
1,966,784	7/17/34	W. Bauersfeld	Ocular tube attachment for monocular microscopes.
1,967,541	7/24/34	C. Schoute	Balloon theodolite.
1,967,836	7/24/34	W. Merte	Photographic lens.
1,968,011	7/31/34	H. Beck	Ignition device for high-power arc lamps.
1,968,202	7/31/34	G. Hansen	Refractometer.
1,968,232	7/31/34	R. Richter	Converging achromatic eyepiece.
1,968,263	7/31/34	H. Sonnberger	Control device for following mechanisms.
1,969,206	8/ 7/34	R. Castendijk	Device for giving luminous signals, particularly adapted for aviation purposes.
1,970,728	8/21/34	W. Bauersfeld	Microscope having an inclined ocular tube and a revolving nose piece.
1,973,066	9/11/34	F. Hauser et al	Microscope for examining the profiles of surfaces.
1,975,302	10/ 2/34	L. Van Albada	Finder for photographic cameras.

EXHIBIT A—Continued

Patent No.	Patent date	Inventor	Title
1,975,629	10/ 2/34	W. Bauersfeld	Adjusting device for a pair of objectives of binocular microscopes.
1,980,492	11/13/34	F. Meyer	Diaphragm restricting the image field in apparatus for projection with transmitted light.
1,980,657	11/13/34	W. Bauersfeld	Apparatus for plotting maps from photographs.
1,983,328	12/ 4/34	O. Von Gruber et al	Image-plate holding chamber for image-measuring devices.
1,983,356	12/ 4/34	H. Eisenhut	Device for signal purposes.
1,985,061	12/18/34	E. Scheller	Measuring drum for screw micrometers.
1,985,066	12/18/34	O. Von Gruber	Projection screen.
1,985,067	12/18/34	A. Wandersleb	Stereoscopic rangefinder for photographic purposes.
1,985,072	12/18/34	W. Bauersfeld	Device for illuminating microscopic objects with incident light.
1,985,073	12/18/34	W. Bauersfeld	Nose-piece for microscope objectives.
1,985,074	12/18/34	W. Bauersfeld	Illumination system.
1,986,004	1/ 1/35	O. Mackensen	Engraving machine.
1,987,765	1/15/35	E. Wandersleb	Range finder for photographic purposes.
1,987,773	1/15/35	O. Eppenstein	Instrument for measuring parallel coordinates.
1,987,776	1/15/35	F. Hauser	Microscope having a deviated path of imaging rays.
1,987,786	1/15/35	O. Meisser	Pendulum for gravity determination.
1,988,946	1/22/35	F. Hauser et al	Diaphragm system for microscope condensers.
1,988,952	1/22/35	F. Meyer	Mirror for astronomical purposes.
1,991,997	2/19/35	W. Bauersfeld et al	Device for connecting an illumination apparatus to a microscope.
1,991,998	2/19/35	H. Beck	Negative electrode for high current arc lamps.
1,995,599	3/26/35	W. Bauersfeld	Illuminating device for microscopes.
1,996,920	4/ 9/35	F. Hauser	Revolving nose-piece for microscopes.
1,998,216	4/16/35	W. Bauersfeld	Microscope stage.
1,999,236	4/30/35	G. Hess	Instrument for plotting maps from photographs.
1,999,240	4/30/35	P. Kraft et al	Dark-field condenser for microscopes.
2,000,737	5/ 7/35	W. Bauersfeld	Microscope stand.
2,000,768	5/ 7/35	R. Lincke	Method of making contact glasses for eyes.
2,004,225	6/11/35	A. Steinle	Instrument for testing the pitch of threads.
2,005,240	6/18/35	R. Richter	Optical system for instruments reproducing sounds with the aid of light.
2,010,301	8/ 6/35	D. Helfer	Device for examining the diameter of bores.
2,013,165	9/ 3/35	F. Meyer	Measuring device.
2,014,161	9/10/35	W. Bauersfeld	Substage for microscopic condensers and the like.
2,014,188	9/10/35	F. Pfeiffer et al	Apparatus for taking series of photographs.
2,014,538	9/17/35	G. Reinert	Photographic camera.
2,014,874	9/17/35	W. Bauersfeld	Pillar bracket for monobjective microscopes.
2,015,491	9/24/35	W. Merte	Photographic objective having an iris diaphragm.
2,016,780	10/ 8/35	H. Hartinger	Instrument for examining convexly curved surfaces.
2,026,374	12/31/35	K. Buttner	Supporting gage-plate for the measurement of dimensions of bodies bounded by parallel surfaces.
2,029,806	2/4/36	L. Bertele	Objective.
2,031,792	2/25/36	R. Richter	Anastigmatic objective for photography and projection.
2,034,096	3/17/36	F. Hauser	Microscope for the examination of surfaces.
2,034,110	3/17/36	R. Mechau	Linear guide.
2,036,457	4/7/36	G. Calsow	Photoelectric cell.
2,039,355	5/5/36	A. Tschermak-Seysenegg	Spectroscopic monochromator.
2,050,024	8/4/36	A. Sonnefeld	Microscope objective.
2,055,680	9/29/36	C. Buchele et al	Tiltable searchlight having a high power arc lamp.
2,055,684	9/29/36	O. Eppenstein	Optical device for the examination of axial directions and the like.
2,055,705	9/29/36	C. Prinz	Thermostat device controlling the correct position of a source of radiation, especially of the arc of an arc lamp.
2,063,178	12/6/36	W. Merte	Photographic objective.
2,068,829	1/26/37	L. Van Albada	Reducing telescopic view finder for photographic cameras.
2,070,037	2/9/37	W. Bauersfeld	Micro-manipulator.
2,078,586	4/27/37	R. Richter	Device for illuminating microscopic objects.
2,079,090	5/ 4/37	O. Von Gruber	Camera bearing in apparatus for photogrammetrically plotting oblique photographs taken from aircraft.
2,082,232	6/1/37	C. Traenkle	Roll-film magazine.
2,100,442	11/30/37	C. Herrmann	Reflecting system for objectives of reproduction cameras.
2,114,793	4/19/38	W. Bauersfeld	Curved tooth for bevel gear wheels.
2,116,323	5/3/38	K. Papello	Camoid gearing.
2,121,081	6/21/38	O. Von Gruber	Stereophotogrammetric plotting apparatus.
2,124,286	7/19/38	M. Burckhardt	Polarization device for cameras having a linearly polarizing foil.
2,124,297	7/19/38	C. Herrmann	Polarization device for cameras.
2,124,301	7/19/38	S. Huber	Photographic objective.
2,126,126	8/9/38	W. Merte	Photographic objective.
2,135,835	11/8/38	K. Papello	Device for transmitting electric currents.
2,136,081	11/8/38	W. Kern	Stereophotogrammetric plotting apparatus.
2,136,082	11/8/38	W. Krieg et al	Electrode feeding mechanism for arc lamps.
2,137,081	11/15/38	E. Franke	Cam follower mechanism.
2,137,615	11/22/38	S. Huber	Photographic objective.
2,140,024	12/13/38	W. Merte	Photographic objective.

[Vesting Order 197]

3,211 SHARES OF THE CAPITAL STOCK OF CENTRAL AMERICAN PLANTATIONS CORPORATION

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

(a) 1,222 shares (which, together with the 1,989 shares referred to in subparagraph (b) and the 12,152 shares vested by the undersigned pursuant to Vesting Order Number 104 issued under date of August 17, 1942, constitute a substantial part of the outstanding capital stock) of $100 par value common capital stock of Central American Plantations Corporation, a Delaware corporation, which is a business enterprise within the United States, registered in the name of Atlantic Assets Corporation, New York, New York, and held by the latter as nominee under a trust agreement dated October 1, 1933, with Hugo Stinnes, a national of Germany; and

(b) 1,989 additional shares of similar stock of the aforesaid Central American Plantations Corporation, which shares are registered in the name of said Atlantic Assets Corporation and held for the benefit of Heinrich A. Schlubach Gesamtgut of Germany,

is property of nationals and represents an interest in said business enterprise which is a national, of a designated enemy country (Germany), and determining that to the extent that any or all of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of said designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in Section 10 of said Executive Order.

Executed at Washington, D. C. on September 29, 1942.

[File No. 70-611]

ASSOCIATED ELECTRIC COMPANY AND LOUISIANA PUBLIC UTILITIES CO., INC.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 10th day of October, 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Associated Electric Company, a registered holding company, and Louisiana Public Utilities Co., Inc., a wholly owned subsidiary thereof. All interested persons are referred to said document, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Associated Electric Company, a subsidiary of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, proposes to divest itself of its entire interest in Louisiana Public Utilities Co., Inc., to D. Gordon Rupe, Jr., G. C. Hyde, and R. A. Ritchie, all of Dallas, Texas, for a cash consideration of $3,000,000.

The securities and other indebtedness proposed to be sold consisted, as of September 22, 1942, of the following:

11,000 shares of Common Stock, no par value;

$2,892,000.00 principal amount First Mortgage Gold Bonds, Series B, 6% due December 1, 1945;

$1,431,884.49 principal amount 6% Open Account Indebtedness (interest payable when, as and if earned).

Associated Electric Company also proposes, as a necessary step in effecting the sale of its interests in Louisiana, to acquire from Louisiana 1,010 shares of capital stock of Atlantic Utility Service Corporation for a cash consideration of $1.00.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declaration shall not become effective nor said application be granted, except pursuant to further order of this Commission;

It is ordered, That a hearing on such matters, under the applicable provisions of said Act and rules of the Commission thereunder, be held on October 27, 1942, at 10 a. m. in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in room 318 will advise as to the room in which such hearing will be held. At such hearing cause shall be shown why such declaration or application (or both) shall become effective or shall be granted. Notice is hereby given of said hearing to the above named declarants and applicants and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That Charles S. Lobingier, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commisison's Rules of Practice.

It is further ordered, That, without limiting the scope of issues presented by said declaration or application (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the consideration to be received from the sale of the securities of

Louisiana Public Utilities Co., Inc., is fair and reasonable, and how such consideration was determined;

2. Whether the sale of the securities of Louisiana Public Utilities Co., Inc., by Associated Electric Company meets the requirements of section 12 (d) of the Act and Rule U-44 of the General Rules and Regulations;

3. Whether the proposed sale of securities of Louisiana Public Utilities Co., Inc., should be exempt from the competitive bidding requirement of Rule U-50;

4. Whether terms and conditions are necessary to be imposed to insure compliance with the requirements of the Public Utility Holding Company Act of 1935 or any rules, regulations or orders promulgated thereunder;

5. Specifically, whether the public interest or the interest of investors, or other applicable standards of the Act requires that prior to, or in connection with, any such disposition of the Securities of Louisiana Public Utilities Co., Inc., steps should be taken toward the simplification of the corporate structure of Louisiana Public Utilities Co., Inc.;

6. Specifically, whether the public interest or the interest of investors, or other applicable standards of the Act, requires that prior to, or in connection with, any such disposition of the securities of Louisiana Public Utilities Co., Inc., steps should be taken to restate the plant and property accounts, depreciation or retirement reserve, or other accounts of Louisiana Public Utilities Co., Inc.;

7. Generally, whether all actions proposed to be taken comply with the requirements of such Act or rules, regulations or orders promulgated thereunder.

By the Commission.

SAM B. RAITMAN

FINDINGS AND ORDER REVOKING REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 9th day of October, A. D. 1942.

In the Matter of Sam B. Raitman, Olney Trust & Bank Building, Olney, Illinois.

Sam B. Raitman, hereinafter called the registrant, being registered with the Commission as an over-the-counter broker-dealer pursuant to Section 15 of the Securities Exchange Act of 1934;

The commission having issued an order stating that information had been reported to it tending to show that the registrant was convicted on or about March 9, 1942, of a felony involving the purchase and sale of securities, and setting a hearing on the question whether his registration as an over-the-counter broker-dealer should be suspended or revoked;

A hearing having been held after due notice; and the commission having duly considered the matter and being fully advised in the premises, and having found that the said Sam B. Raitman was convicted on March 9, 1942, by the United States District Court for the Southern District of New York of a felony involving fraud in the purchase and sale of securities, and that revocation of his registration is in the public interest;

It is ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the registration of the said Sam B. Raitman as an over-the-counter broker-dealer be, and the same hereby is, revoked.

By the Commission (Chairman Purcell, and Commissioners Healy, Pike, and O'Brien), Commissioner Burke being absent and not participating.

ROCHESTER TRANSIT CORPORATION

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 10th day of October, 1942.

Rochester Transit Corporation, a corporation organized and existing under the laws of the State of New York, having filed an application pursuant to section 2 (a) (8) of the Public Utility Holding Company Act of 1935, for an order declaring itself and all of its subsidiaries not to be subsidiary companies of Associated Gas and Electric Company and Associated Gas and Electric Corporation, registered holding companies, and of Shinn & Company, a subsidiary of the latter two companies; and

It appearing to the Commission that it is appropriate and in the public interest, and interest of investors and consumers, that a hearing be held with respect to said matter;

It is ordered, That a hearing on such application be held on November 16, 1942, at 10:00 o'clock in the forenoon of that day, at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania.

On such day the hearing room clerk in Room 318 will advise as to the room where such hearing will be held. At such hearing cause shall be shown why such application should be granted.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose, shall preside at any such hearing and is hereby authorized to exercise all powers granted to the Commission under Section 18 (c) of the Act and to to a trial examiner under the Commission's Rules of Practice.

Notice of such hearing is hereby given to the applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard in this proceeding shall file a request to that effect with the Secretary of the Commission on or before November 9, 1942, as provided by Rule XVII of the Commission's Rules of Practice.

It is further ordered, That, without limiting the scope of the issues presented by said application, particular attention will be directed at such hearing to the following matters and questions:

1. Whether Rochester Transit Corporation is controlled directly or indirectly by Associated Gas and Electric Company, Associated Gas and Electric Corporation or Shinn & Company (either alone or pursuant to an arrangement or understanding with one or more other persons) either through one or more intermediary persons or by any means or device whatscever.

2. Whether Rochester Transit Corporation is an intermediary company through which such control of another company is exercised.

3. Whether the management or policies of Rochester Transit Corporation are subject to a controlling influence, directly or indirectly, by Associated Gas and Electric Company, Associated Gas and Electric Corporation, or Shinn & Company (either alone or pursuant to an arrangement or understanding with one or more other persons) so as to make it necessary or appropriate in the public interest or for the protection of investors or consumers that Rochester Transit Corporation be subject to the obligations, duties and liabilities imposed by the Act upon subsidiary companies of holding companies.

VIRGINIA ELECTRIC AND POWER CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 10th day of October 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Virginia Electric and Power Company; and

Notice is further given that any interested person may, not later than October 23, 1942 at 5:30 p. m., E. W. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Philadelphia, Pennsylvania.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of transactions therein proposed which are summarized as follows:

Virginia Electric and Power Company, a subsidiary company of Engineers Public Service Company, a registered holding company, proposes to issue $4,000,000 aggregate principal amount of notes to be dated November 2, 1942 to mature $500,000 principal amount on November 1, 1944 and a like principal amount on each May 1 and November 1 thereafter up to and including May 1, 1948 and are to bear interest at the rate of two and one-quarter percentum (2¼%) per annum payable semi-annually. Said notes will evidence borrowings from the following banking institutions in the following amounts:

The First National Bank of Boston, Boston, Mass	$2,872,550
First and Merchants National Bank of Richmond, Richmond, Virginia	263,750
State-Planters Bank and Trust Company, Richmond, Va	281,400

NORTHEASTERN WATER AND ELECTRIC CORP., ET AL.

NOTICE REGARDING AMENDED FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 10th day of October 1942.

In the matter of Northeastern Water and Electric Corporation and Denis J. Driscoll and Willard L. Thorp as Trustees of Associated Gas and Electric Corporation.

Notice is hereby given that an amended declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Denis J. Driscoll and Willard L. Thorp, as Trustees of Associated Gas and Electric Corporation; and

Notice is further given that any interested person may, not later than October 23, 1942, at 5:30 P. M., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pa.

All interested persons are referred to said amended declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

On March 3, 1942, the Commission permitted the declaration to become effective with respect to, among other things, the sale by the Trustees of Associated Gas and Electric Corporation of 155,747 shares of the common stock of Northeastern Water and Electric Corporation, to John H. Ware, Jr. and Penn-Jersey Water Company, for a cash consideration of $3,805,197.14. (Holding Company Act Release No. 3353.) Subsequent orders have been issued extending the time of the consummation of such transaction to December 15, 1942. The Trustees of Associated Gas and Electric Corporation have filed an amended application and declaration whereby the common stock of Northeastern Water and Electric Corporation will be sold to John H. Ware, Jr. and Penn-Jersey Water Company for a total consideration of $3,224,665.77. The purchase price is to be paid as follows:

A minimum of $1,224,665.77 in cash will be paid on the closing date, the balance by a collateral promissory note delivered to the Trustees at the closing date secured by 155,747 shares of common stock of Northeastern Water and Electric Corporation. The note will bear interest at 3% per annum and will mature November 15, 1943. The purchasers will have the right to anticipate payments of principal in whole or in part at any time without premium, and at maturity to apply for a renewal of not more than $1,000,000 of the note for a further period of one year.

(b) The term "field duty" shall mean service, under orders, with troops operating against an enemy, actual or potential.

(c) The term "sea duty" shall mean service at sea by an officer on a vessel under orders (1) requiring the officer to report for duty on board a designated vessel or (2) assigning him to duty in command of vessels or as a member of the staff of an officer in command of vessels: *Provided*, that the officer concerned is not during the same period required to render service on shore of a character determined by the department concerned to be paramount to the duty which he is required to render at sea.

(d) The term "permanent station" shall mean the place on shore where an officer is assigned to duty, or the home yard or the home port of a vessel on board which an officer is required to perform duty, under orders in each case which do not in terms provide for the termination thereof; and any station on shore or any receiving ship where an officer in fact occupies with dependents public quarters assigned to him without charge shall also be deemed during such occupancy to be his permanent station.

(e) The terms "competent superior authority" and "competent authority" shall mean the officer required by regulations of the department concerned to assign public quarters.

(f) The term "dependent" shall include at all times and in all places a lawful wife and unmarried children under twenty-one years of age. It shall also include the father or mother of the person concerned provided he or she is in fact dependent upon such person for his or her chief support: *Provided*, that the term "children" shall be held to include stepchildren and adopted children when such stepchildren or adopted children are in fact dependent upon the person claiming dependency allowance.

II. *Assignment of quarters.*—(a) The assignment of quarters to an officer shall consist of the designation in accordance with regulations of the department concerned of quarters controlled by the Government for occupancy without charge by the officer and his dependents, if any.

(b) No officer who, when adequate quarters are not available for assignment to him at his permanent station, is permitted or required personally to occupy inadequate quarters at such station shall so occupy more than one room and a bath.

(c) Any unassigned quarters at a post, yard, or station may, with the permission of competent superior authority and so long as not needed for assignment to officers on permanent duty thereat, be occupied by officers not permanently stationed thereat, but no officer unaccompanied by dependents shall be permitted to occupy as quarters at a post, yard, or station other than his permanent station more than one room and a bath.

III. *Payments.*—(a) Payment of the money allowance for rental of quarters to the officers entitled thereto shall be made periodically by appropriate disbursing officers upon submission of the evidence necessary to substantiate the payee's right to such allowance.

(b) No officer shall be paid a rental allowance for any period during which he is assigned quarters at his permanent station which have been determined to be adequate in accordance with regulations prescribed by the head of the department concerned.

IV. The head of any department concerned is authorized to prescribe such supplementary regulations not inconsistent herewith as he may deem necessary or desirable for carrying out these regulations.

This order shall supersede Executive Order No. 4063 of August 13, 1924, and shall be effective as of June 1, 1942.

EXECUTIVE ORDER 9256

TERMINATION AND LIQUIDATION OF THE ELECTRIC HOME AND FARM AUTHORITY

By virtue of the authority vested in me by section 1 of the act of Congress approved March 31, 1936, 49 Stat. 1186, as amended, and as President of the United States, it is ordered as follows:

1. The Electric Home and Farm Authority shall cease to be an agency of the United States on the effective date of this order; and proceedings for the dissolution of the Authority shall be instituted in accordance with the laws of the District of Columbia, and the capital stock of the Authority shall be cancelled.

2. For purposes of liquidation and payment of its liabilities, all assets, funds, records, contracts, and property of the Electric Home and Farm Authority and the further administration thereof are hereby transferred to the Reconstruction Finance Corporation. All funds remaining upon completion of the liquidation of the Authority shall be paid by the Reconstruction Finance Corporation into the general fund of the Treasury.

3. All personnel of the Electric Home and Farm Authority are hereby transferred, without change in civil service status, to the Reconstruction Finance Corporation.

4. This order shall become effective as of the close of business October 31, 1942.

APPEALS FOR HIGHER RATINGS

Section 809.8 *Appeals for higher ratings*[1] is hereby amended in the following particulars:

1. Paragraph (a) is amended to read as follows:

(a) Exporters may appeal for a higher rating than that assigned under an individual license, or for a higher rating than those prescribed under § 809.6 (a) for articles and materials under general license, by submitting in triplicate an "Appeal for Higher Shipping Priority Rating". Such appeal shall state, in addition to the name and address of the applicant, the following information relative to the articles or materials to be exported:

Individual or general license number.

Portion of the shipment which is at point of exit from the United States ready to be exported.

Location of goods at point of exit: in railroad cars, in railroad storage, etc.

Portion of the shipment which remains to be forwarded to point of exit.

Where information is available, the stage of manufacture of such portions: completed, in process, not started.

Whether the material or article is manufactured to specifications not normally used in the United States.

Rating originally assigned to the commodity to be exported.

Description of the commodity as it appears on the export license. (If under general license, give brief description and the Department of Commerce Schedule B number).

Specific reasons why the applicant believes that a higher rating is justified.

If an application for freight space has previously been filed, the serial number and the status thereof shall be set forth in the letter of appeal. If an application for freight space has not previously been filed and the shipment weighs over 2240 pounds, the applicant shall submit such application with his appeal, with an acknowledgment card.

2. Paragraph (b) is hereby rescinded.

Chapter XV—Board of War Communications

[Order 20]

Part 1717—Priority for Urgent Telephone Toll Calls Essential to the War Effort or Public Safety

Whereas, the Board of War Communications has determined that the national defense and security and the successful conduct of the war demand that certain telephone toll calls relating to the war effort or public safety be given preferred handling;

Now, therefore, by virtue of the authority vested in the Board by Executive Order No. 8964[1] of December 10, 1941, prescribing regulations governing the preference and priority of communications, and by virtue of the authority vested in the Board by Executive Order No. 9089[2] of March 6, 1942, prescribing regulations governing the use, control, supervision and closing of stations and facilities for wire communications;

It is hereby ordered as follows:

Sec.
1717.1 Priorities.
1717.2 Preferred callers.
1717.3 Records.
1717.4 Reports.
1717.5 Violations.

Authority: §§ 1717.1 to 1717.5 inclusive, issued under E.O. 8964 and 9089; 6 F.R. 6367, 7 F.R. 1777.

§ 1717.1 *Priorities.* On and after November 1, 1942, urgent toll calls placed with commercial telephone systems by the authorized persons or agencies designated in § 1717.2 shall upon request be given priority over all other toll calls in accordance with the provisions of, and in the order set forth in paragraphs (a), (b), and (c) of this section:

(a) Priority 1 shall be given to calls which require immediate completion for war purposes or to safeguard life or property and which relate to one or more of the following matters:

(1) Arrangements for moving armed forces during combat operations.

(2) Extremely urgent orders to armed forces.

(3) Immediate dangers due to the presence of the enemy.

(4) Hurricane, flood, earthquake or other disaster materially affecting the war effort or public security.

Where necessary for the immediate completion of a call having Priority 1, any conversation in process (other than one having Priority 1) may be interrupted.

(b) Priority 2 shall be given to calls which require immediate completion for the national defense and security, the successful conduct of the war, or to safeguard life or property other than those specifically described in § 1717.1 (a).

(c) Priority 3 shall be given to calls which require prompt completion for the national defense and security, the successful conduct of the war, or to safeguard life or property and which involve matters of the following type:

(1) Important governmental functions.

(2) Machinery, tools or raw materials for war plants.

(3) Production of essential supplies.

(4) Maintenance of essential public services.

(5) Supply or movement of food.

(6) Civilian defense or public health and safety.

§ 1717.2 *Preferred callers.* The following persons and agencies are designated as authorized persons or agencies entitled to use telephone toll priorities where such call is required in the manner and for a purpose specified above:

(a) The President of the United States, the Vice President, Cabinet officers, Members of Congress, Army, Navy, Aircraft Warning Service, Federal, State and Municipal Government Departments and Agencies, Embassies, Legations, and Commissions of the United Nations, Civilian Defense Organizations, Red Cross, State and Home Guards, essential war industries, essential services such as communications, transportation, power, water, fuel, press associations, newspapers, and health and sanitation services.

§ 1717.3 *Records.* A record shall be kept by all telephone carriers of all priority calls, which record shall include the priority given and whether a conversation in process was interrupted. Such record shall be kept by the telephone carrier for two years after the date of the call.

§ 1717.4 *Reports.* Within thirty days after the end of each calendar month, the American Telephone and Telegraph Company shall file with the Board a report for the Bell System Companies showing:

(a) The number of calls during the preceding calendar month given Priority 1, 2, and 3, and the number of calls given Priority 1 for which other calls were interrupted;

(b) Periods of time required for completion of each class of priority calls.

§ 1717.5 *Violations.* The telephone facilities of any subscriber who wilfully obtains or attempts to obtain priority for a toll call by fraudulently designating such call as a priority call or by furnishing false information to any telephone carriers for the purpose of obtaining a priority, shall be subject to closure, removal or other appropriate governmental action.

Subject to such further order as the Board may deem appropriate.

By the Board of War Communications.

James Lawrence Fly,
Chairman.

Attest: October 8, 1942.

Herbert E. Gaston,
Secretary.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter II—Office of Defense Transportation

[General Order ODT 18, Revised]

Part 500—Conservation of Rail Equipment

SUBPART C—CARLOAD FREIGHT TRAFFIC

By virtue of the authority vested in me by Executive Order No. 8989 issued December 18, 1941, and in order to make available railway cars and other transportation facilities and equipment for the preferential transportation of material of war, as contemplated by section 6 (8) of the Interstate Commerce Act, as amended; to prevent shortages of equipment necessary for such transportation; to conserve and providently utilize motive power and other transportation facilities and service; and to expedite the movement of freight traffic, the attainment of which purposes is essential to the successful prosecution of the war, Subpart C (General Order ODT 18, as amended),[1] Part 500, Chapter II, Title 49 of the Code of Federal Regulations, is hereby revised and amended to read as follows:

It is hereby ordered, That:

Sec.
500.20 Definitions.
500.21 Loading of carload freight.
500.22 Special and general directions and permits.
500.23 Exemptions.
500.24 Consignor's certificate.
500.25 Stop-offs to complete loading or for partial unloading.
500.26 Consolidation of shipments in a single car.
500.27 Filing rate publications; rates not to be increased.
500.28 Communications.
500.29 Revocation.
500.30 Effective date.

Authority: §§ 500.20 to 500.30, inclusive, issued under E.O. 8989, 6 F.R. 6725.

§ 500.20 *Definitions.* As used in this subpart or in special directions issued hereunder:

(a) The term "person" means any individual, partnership, corporation, association, joint-stock company, business trust, or other organized group of persons, and includes any agency of the United States or of a State or political subdivision thereof, or any trustee, receiver, assignee, or personal representative.

(b) The term "rail carrier" means any person engaged in the transportation of property as a common carrier by railroad, in or between any of the several States of the United States or the District of Columbia;

(c) The term "open freight car" means any railway car not roofed or permanently covered, other than a flat car, used by a rail carrier for the transportation of freight by rail;

(d) The term "closed freight car" means any roofed or permanently covered railway freight car, other than a tank car, used by a rail carrier for the transportation of freight by rail;

(e) The terms "freight car" and "car" mean any open freight car or closed freight car as defined in paragraphs (c) and (d) of this § 500.20;

(f) The terms "carload freight" and "freight" mean property transported by a rail carrier in an open freight car or a closed freight car at other than less-than-carload or any-quantity rates;

(g) The term "bulk freight" means any carload freight consisting of any non-liquid, non-gaseous commodity shipped loose or in mass and which in the loading or unloading thereof is ordinarily shoveled, scooped, forked, or mechanically conveyed or which is not in containers or in units of such size to permit piece by piece loading or unloading;

(h) The term "non-bulk freight" means any carload freight consisting of any commodity which is not included within the term "bulk freight";

(i) The term "point of origin" means a point in the United States at which a rail carrier furnishes an empty car to be loaded with carload freight.

§ 500.21 *Loading of carload freight.* No rail carrier shall accept for transportation at point of origin, or forward therefrom, any carload freight in any freight car unless such freight is loaded in accordance with one of the following requirements:

(a) With a quantity of freight which equals or exceeds in weight the marked capacity (not "Load Limit") in pounds, which is stenciled on such car or is shown under the heading "Capacity" in the Official Railway Equipment Register, Alternate Agent M. A. Zenobia's I.C.C.R.E.R. No. 264, or supplements thereto and reissues thereof; or

(b) With a quantity of bulk freight in a closed freight car, loaded to an elevation not lower than eighteen (18) inches from the roof of the car measured at its side walls, or, if the interior walls of such car are partially sheathed or lined, to the utmost elevation practicable without overrunning the sheathing or lining; or

(c) With a quantity of non-bulk freight in a closed freight car or with a quantity of bulk freight or non-bulk freight in an open freight car loaded so as to occupy and utilize all of the practicable stowage space of such freight car.

(d) Nothing in this § 500.21 shall be construed as requiring (1) that cars shall be loaded to such an extent or in such a manner as to create a transportation hazard, or to cause damage to the lading, or to cause injury to persons engaged in loading or unloading such cars, or (2) that cars containing freight requiring refrigeration, heat, or ventilation in transit be loaded beyond the refrigerating, heating, or ventilating capacity of such cars, or (3) the loading of any freight car in a manner inconsistent with efficient stowage practices.

§ 500.22 *Special and general directions and permits.* The provisions of this subpart shall be subject to any special direction with respect to maximum loading of carload freight consisting of commodities designated in such special direction issued by the Director, Division of Railway Transport, Office of Defense Transportation, and to any special or general permit issued by the Office of Defense Transportation, to meet specific needs or exceptional circumstances, to avoid controversies with respect to when loading will create a transportation hazard, cause damage to lading, cause injury to persons, or is beyond the refrigerating, heating, or ventilating capacity of a car or cars, or to prevent undue hardships.

§ 500.23 *Exemptions.* The provisions of § 500.21 of this subpart shall not apply to:

(a) Freight shipped by or consigned to any establishment of the United States Army, Navy, Coast Guard, or Marine Corps; freight consisting principally of airplanes, armaments, munitions, military vehicles including tanks, and processed parts thereof; and freight consisting of marine equipment consigned to the Maritime Commission or the War Shipping Administration;

(b) A tariff minimum carload shipment of any commodity or commodities which have been allocated or limited by a regulation of an agency of the United States Government in such quantity as to preclude shipment of an amount sufficient to meet the loading requirements of this subpart, or to a tariff minimum carload shipment of any commodity or commodities not so allocated or limited when loaded in the same car with such allocated or limited commodity or commodities: *Provided, however,* That the consignor has first attempted in good faith to avail himself of the provisions of §§ 500.25 and 500.26 of this subpart;

(c) A tariff minimum carload shipment of explosives or other dangerous articles as defined and listed in and transported under "Regulations for Transportation of Explosives and Other Dangerous Articles" adopted by the Interstate Commerce Commission by order of August 16, 1940, effective January 7, 1941, in Docket No. 3666, as amended, pursuant to the provisions of Title 18, sec. 383, U. S. Code, as published in Agent W. S. Topping's Freight Tariff No. 4, I.C.C. No. 4, and supplements

(d) Freight moving under and in accordance with "cleanout" or "remnant rules" or "gathering rates and rules" established in applicable freight tariffs;

(e) Carload freight which is transported over a route of movement authorized in a rail carrier's tariff to a point or points intermediate between origin and destination for consolidation of shipments, or for stopping in transit to complete loading, or for partial unloading, when the car containing such freight is loaded in accordance with the requirements specified in § 500.21 of this subpart during a part of the movement;

(f) Freight loaded in a car, which car, because of construction or design, cannot be interchanged with other carriers under MCB rules;

(g) Freight to be unloaded at points located on railroads in the Republic of Cuba;

(h) Freight consisting of livestock or other live animals or live poultry;

(i) Freight consisting of cotton or cotton linters, in bales;

(j) Freight loaded by a rail carrier when such freight consists of such rail carrier's own material or equipment and is to be moved over its own lines;

(k) Carload shipments of freight when authorized by and made in accordance with any special permit issued by the chief operating officer or division superintendent of the initial line-haul rail carrier, or by the chief operating officer or division superintendent of the initial switching carrier where no line-haul service is to be performed, in a specific case where, in his judgment, because of the unusual character of the lading, or unusual circumstances, or undue car detention, he believes compliance with the loading requirements of this subpart would result in the inefficient use, or unduly retard the efficient use, of cars or locomotives, or, in a specific case, where in his judgment, such permit is required for reasons of military necessity. Weekly reports of all special permits issued by the chief operating officer or division superintendent of each rail carrier shall be made to the Director, Division of Railway Transport, Office of Defense Transportation, Washington, D. C., by the chief operating officer of each such rail carrier upon forms prescribed by the Office of Defense Transportation.

§ 500.24 *Consignor's certificate.* There shall be endorsed on the shipping instructions issued with respect to any carload freight that is loaded other than in compliance with the provisions of paragraph (a), (b), or (c) of § 500.21 of this subpart or any special direction issued by the Director, Division of Railway Transport, Office of Defense Transportation, under the provisions of § 500.22 of this subpart, a certificate specifying the exemption applicable to the shipment or shipments or the number of any special or general permit issued by the Office of Defense Transportation, authorizing the transportation of such freight in a manner other than that required hereunder. Such certificate shall be in such form as shall be prescribed by the Director, Division of Railway Transport, Office of Defense Transportation, and shall be executed by the consignor. Where shipments of more than one consignor are loaded in one freight car at point of origin, the consignor who completes the loading of the car shall execute the certificate. Any agent other than a rail carrier may execute the certificate for the consignor. The failure of a consignor or his agent to endorse or the shipping instructions a certificate specifying the exemption, general permit, or special permit applicable to the shipment covered by such shipping instructions shall constitute a representation by the consignor to the rail carrier that the car containing such shipment has been loaded in compliance with the provisions of paragraph (a), (b), or (c) of § 500.21 of this subpart.

§ 500.25 *Stop-offs to complete loading or for partial unloading.* (a) Each rail carrier, in connection with freight subject to this subpart, shall permit a single stop of any freight car in transit to complete loading or shall permit a stop for partial unloading (but not both) when the stop-off point is intermediate between point of origin and destination over the route of movement: *Provided*, That the provisions of this § 500.25 shall not be construed to require a rail carrier to permit such stops in connection with shipments of:

(1) Bulk freight,

(2) Freight consigned to order, or to order notify, or otherwise so consigned as to require surrender of a bill of lading, written order, or any other document in advance of delivery,

(3) Freight moving without recourse on the consignor or under instructions against its delivery without collection of freight and other lawful charges as provided in the uniform bill of lading,

(4) Freight loaded or unloaded at an intermediate prepay or non-agency station;

(b) Nothing in this § 500.25 shall be construed as limiting or restricting the number of stop-off privileges presently authorized and provided for in rail carrier tariffs, or as affecting the charges to be assessed for stop-off privileges, or as requiring that more than one stop-off privilege be accorded any freight car in transit between point of origin and ultimate destination.

§ 500.26 *Consolidation of shipments in a single car.* (a) Any rail carrier or consignor, or any combination of either or both, but not in excess of three in the aggregate, may consolidate and ship in a single car from one or more points of origin in the United States, but not exceeding three such points, two or more consignments of freight, each of which equals or exceeds the tariff carload minimum weight, to one or more, but not exceeding three consignees, at one or more, but not exceeding three destination points; such consolidation services shall be afforded by each rail carrier and except as to the provisions of § 500.25 of this subpart, each such consignment shall be considered and treated for the purposes of applying rates and charges and rendering transportation services as if it were shipped in a separate car: *Provided*, That nothing in this § 500.26 shall be construed to require the extension or rendering of the consolidation services above provided for in connection with shipments of:

(1) Freight of such a nature as to contaminate or damage other freight in the car,

(2) Freight loaded or unloaded at an intermediate prepay or non-agency station,

(3) Bulk freight,

(4) Freight consigned to order, or to order notify, or otherwise so consigned as to require surrender of a bill of lading, written order, or any other document in advance of delivery,

(5) Freight moving without recourse on the consignor or under instructions against its delivery without collection of freight and other lawful charges as provided in the uniform bill of lading;

(b) No diversion or change of destination or reconsigning in transit shall be allowed with respect to consolidation services provided for herein, except where, under published rules, it may be in the same direction and over the same route as the initial shipment after previous shipments have been unloaded. Movement to final destination will not be considered a reconsignment;

(c) Nothing in this § 500.26, except paragraph (b), shall be construed as limiting or restricting the consolidation services presently afforded by a rail carrier or presently authorized and provided for in rail carrier tariffs, or as affecting the charges to be assessed for such consolidation services.

§ 500.27 *Filing rate publications; rates not to be increased.* Each rail carrier required by law to file tariffs of rates, charges, rules or regulations shall file with the Interstate Commerce Commission in respect of transportation in interstate or foreign commerce and with each appropriate State regulatory body in respect of transportation in intrastate commerce, and publish in accordance with law, and continue in effect only for the duration of the present emergency unless otherwise ordered, tariffs or appropriate supplements to filed tariffs setting forth any changes in the rates and charges, rules, regulations, or practices of such rail carrier which may be necessary to accord with the provisions of this subpart; and shall apply to said Commission and each such regulatory body for special permission for such tariffs or supplements to become effective on the prescribed minimum period of notice. A copy of this subpart shall be filed with said Commission and each such regulatory body. Nothing in this subpart shall be construed as requiring or sanctioning the revision, amendment, or change, or alteration of established carload minima, or as requiring or approving increases in transportation rates or charges.

§ 500.28 *Communications.* Communications concerning this subpart shall be addressed to the Division of Railway Transport, Office of Defense Transportation, Washington, D. C. Such communications shall refer to General Order O.D.T. 18, Revised.

§ 500.29 *Revocation.* Subpart C (General Order O.D.T. No. 18, as amended), Part 500 of Chapter II, of Title 49 of the Code of Federal Regulations, and Subpart C (Suspension Order O.D.T. 18–1),[1] § 500.20 of Chapter II of Title 49 of the Code of Federal Regulations, be and the same are hereby revoked effective as of the date of issuance of this subpart.

§ 500.30 *Effective date.* §§ 500.22, 500.27, 500.29, and 500.30 of this subpart shall become effective upon the date of issuance of this subpart. All other sections and provisions hereof shall become effective November 1, 1942.

Issued at Washington, D. C., this 13th day of October 1942.

SUBPART C—CARLOAD FREIGHT TRAFFIC

TRANSPORTATION OF CERTAIN COMMODITIES

Pursuant to the provisions of General Order O.D.T. 18, Revised,[2] Title 49, Chapter II, § 500.22,

It is hereby ordered, That:

§ 520.477 *Transportation of certain commodities.* Notwithstanding the provisions of § 500.21 of General Order O.D.T. 18, Revised, any rail carrier may accept for transportation at point of origin, or forward therefrom, carload freight consisting of any of the following commodities loaded in a closed freight car when such car is loaded to the extent hereinafter shown:

(a) A straight or mixed carload shipment of:

(1) Seed, grain products, grain byproducts, packaged rice, cereal food preparations, vegetable oil meal, animal and poultry feed, all in containers, and vegetable oil cake, shall be loaded to a minimum weight of 60,000 pounds;

(2) Corn or maize (not popcorn) in the ear (shucked or not shucked), oats, unground screenings, sorghum grains in the heads and unthreshed, shall be loaded to 80 percent of the weight required by § 500.21 (a) of General Order O.D.T. 18, Revised, or to an elevation not lower than 24 inches from the roof of the car measured at its side walls;

(3) Shelled corn or maize, threshed sorghum grains, soy beans, flaxseed, or grains other than those mentioned in the next preceding paragraph shall be loaded to an elevation not lower than 24 inches from the roof of the car measured at its side walls, or up to the lawfully marked grain line of a car so marked;

(4) Coal shall be loaded to 80 percent of the weight required by § 500.21 of General Order ODT 18, Revised, or if the interior walls of the car are partially sheathed or lined to an elevation insufficient to permit such loading without overrunning the sheathing or lining, then to the upmost elevation practicable without causing such overrunning.

(b) A straight carload shipment of:

(1) Liquids in metal drums of not less than 40 gallon capacity each shall be loaded, each drum placed on end, in one tier covering the entire floor space of the car;

(2) Cement in cloth or paper bags, when loaded in a car of 100,000 lbs. capacity or greater, shall be loaded to a minimum weight of 95,000 lbs.;

(3) Dried beans and peas in burlap, cotton, or paper bags shall be loaded to a minimum weight of 80,000 lbs.;

(4) Peanuts (unshelled) in bags shall be loaded to a minimum weight of 40,000 lbs;

(5) Peanuts (shelled) in bags shall be loaded to a minimum weight of 50,000 lbs;

(6) Sewer pipe 4″ to 24″ in diameter shall be loaded to a minimum weight of 35,000 lbs;

(7) Glass (flat, plate, window and laminated) shall be loaded to a minimum weight of 70,000 lbs;

(8) Tobacco in hogsheads, when origin or destination station is not provided with mechanical equipment for double decking, shall be loaded, each hogshead placed upright, in a single tier covering the floor space of the car;

(9) Evaporated milk in cans shall be loaded to a minimum weight of 72,000 lbs;

(10) Lime in containers shall be loaded to a minimum weight of 70,000 lbs;

(11) Lime in bulk shall be loaded to 80 percent of the weight required by § 500.21 (a) of General Order ODT 18, Revised, or to a minimum weight of 80,000 pounds whichever is greater, or if the interior walls of the car are partially sheathed or lined to an elevation insufficient to permit such loading without overrunning the sheathing or lining, then to the upmost elevation practicable without causing such overrunning;

(12) Limestone, ground, in containers shall be loaded to a minimum of 80,000 lbs;

(13) Rosin in drums or barrels shall be loaded, each drum or barrel placed on end, in a tier covering the floor space of the car;

(14) Rosin in bags shall be loaded 8 tiers high, each tier to be the same length and width as the floor space of the car;

(15) Turpentine and pine oil in drums shall be loaded, each drum placed on end, in a single tier covering the floor space of the car;

(16) Turpentine and pine oil in cans or bottles, packed in cardboard containers, shall be loaded to a minimum weight of 40,000 pounds;

(17) Citrus fruit, pre-cooled, in standard boxes, when loaded in cars equipped with circulating fans, shall be loaded, each box placed on end, 3 layers high, each layer to be the same length and width as the floor space of the car;

(18) Citrus fruit pre-cooled, in container No. 5004 described in A.A.R., Perishable Division, Freight Container Bureau tariffs Nos. 2–B, Central West Territory, I.C.C. No. 14, J. J. Quinn, Agent, or F.C.B.–3–a, South East Territory, J. J. Quinn, Agent, or supplements thereto and reissues thereof, when loaded in cars equipped with circulating fans, shall be loaded, each container placed bottom down, 5 layers high, each layer to be the same length and width as the floor space of the car;

(19) Salt in containers shall be loaded to a minimum weight of 60,000 lbs.;

(20) Potash in paper containers shall be loaded to a minimum weight of 80,000 lbs.;

(21) Dry ice (solidified carbon dioxide), when loaded in a car specially prepared for the shipment of such commodity.

§ 520.478 *Effective date.* This special direction shall become effective November 1, 1942.

Issued at Washington, D. C., this 13th day of October 1942.

PART 520—CONSERVATION OF RAIL EQUIPMENT—EXCEPTIONS, PERMITS, SPECIAL DIRECTIONS

SUBPART C—CARLOAD FREIGHT TRAFFIC

TRANSPORTATION OF WATER-RAIL, RAIL-WATER-RAIL SHIPMENTS

Pursuant to the provisions of General Order ODT 18, Revised,[1] Title 49, Chapter II, § 500.22,

It is hereby ordered, That:

§ 520.479 *Transportation of water-rail, rail-water-rail shipments.* Notwithstanding the provisions of § 500.21 of General Order ODT 18, Revised, a rail carrier may accept for transportation and forward from a point where it receives carload freight from a water carrier, for a continuous movement beyond, carload freight moving by rail, thence by water, and thence by rail, or carload freight moving by water and thence by rail, when such freight is loaded to the extent hereinafter shown:

(a) When carload freight moving by rail, thence by water, and thence by rail has been loaded at initial shipping point in accordance with the requirements specified in § 500.21 of General Order ODT 18, Revised, or in accordance with the requirements of a special direction issued pursuant to the provisions of § 500.22 of that order, or when the initial rail movement has been authorized by a general or special permit, such freight may be transported in a car of larger capacity from the point where transfer is made by such water carrier to a rail carrier, when such car is loaded as heavily as the car from which the freight was transferred to a water carrier. When a car of smaller capacity is furnished by a rail carrier for the movement of the freight from the point where transfer is made by a water carrier to such rail carrier, and the car of smaller capacity is not of sufficient size to accommodate the freight which was loaded in a single car at the initial shipping point, the loading requirements of General Order ODT 18, Revised, or of any special direction issued pursuant to the provisions of § 500.22 of that order, will not apply in connection with the loading of such freight from the point where transfer is made by a water carrier to such rail carrier, provided the water carrier has ordered a car of sufficient size to accommodate such freight. When two or more cars have been used in transporting one consignment of freight to the point where transfer has been made by a rail carrier to a water carrier, the same number of cars may be used in transporting such consignment of freight from the point where transfer is made by such water carrier to a rail carrier.

[2] *Supra.*

[1] *Supra.*

(b) When carload freight moving by water and thence by rail is transferred by a water carrier to a rail carrier for movement beyond in a closed car, such closed car shall be loaded in accordance with one of the following requirements; (1) to a net weight of 80,000 pounds, or (2) to the marked capacity of the car, whichever is the lesser, or (3) a minimum of 2,500 cubic feet of loading space in such car shall be utilized.

(c) When carload freight moving by water and thence by rail is transferred by a water carrier to a rail carrier for movement beyond in an open car, such open car shall be loaded in accordance with one of the following requirements; (1) to a net weight of 100,000 pounds, or (2) to the marked capacity of the car, whichever is the lesser, or (3) a minimum of 1,500 cubic feet of loading space in such car shall be utilized.

(d) When a single consignment of carload freight moving by water and thence by rail is tendered by a water carrier to a rail carrier in a quantity which can be loaded in the size of car ordered by the water carrier, but cannot be loaded in a car of the size furnished by such rail carrier, the following will apply; (1) When not more than two cars are used to transport such freight, the loading requirements of General Order ODT 18, Revised, or of any special direction issued pursuant to the provisions of § 500.22 of that order, will not apply to such freight. (2) When more than two cars are used to transport a single consignment of carload freight moving by water and thence by rail, the loading requirements of General Order ODT 18, Revised, or of any special direction issued pursuant to the provisions of § 500.22 of that order, will not apply to the freight loaded in one of such cars: *Provided, however,* That the provisions of this special direction shall not apply to carload freight moving first by water on the high seas and thence by rail.

§ 520.480 *Effective date.* This special direction shall become effective on November 1, 1942.

[Dockets Nos. A-185, A-265, A-857]

ALBUQUERQUE AND CERRILLOS COAL CO., ET AL.

MEMORANDUM OPINION AND ORDER CONCERNING MOTION FOR REHEARING

In the matter of the petition of the Albuquerque and Cerrillos Coal Company, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, applying for relief in making certain prices applicable only to shipments of coal for use by the Federal Government and agencies thereof when shipped from subdistrict 2 of District No. 18 into Market Areas 228 (in New Mexico), 229, 232, and 236.

In the matter of the petition of Bituminous Coal Producers Board for District No. 18 for changes in the classifications and minimum prices for coals produced and sold in District No. 18, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

In the matter of the petition of District Board No. 17 for revision of the effective minimum prices for certain coals produced at the mines in Subdistricts 7, 8, and 9 in District No. 17, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

These proceedings arose upon petitions filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

In Docket No. A-185, Albuquerque and Cerrillos Coal Company ("Albuquerque and Cerrillos"), a code member and operator of the Jones Mine (Mine Index No. 11) in Subdistrict 2 of District 18, requested a revision of the effective minimum prices for its coals for shipment by rail into Market Areas 228, 229, 232, and 236, upon sales to agencies of the United States Government. The petition of Albuquerque and Cerrillos alleged that the effective minimum prices did not properly take into account freight rate differences created by the land grant and land grant equalization rates for shipments to agencies of the United States Government in Market Areas 228, 229, 232, and 236 and prayed, therefore, that the effective minimum prices for the coals produced at its Jones Mine should be reduced to the extent necessary to enable them to deliver at 5 cents less than the coals of Subdistrict 9 of District 17 at destinations in Market Areas 228, 229 and 232 on shipments made pursuant to government contracts, rather than at higher prices as required by the currently effective minimum prices; and that the effective minimum prices for shipments on government contracts to points in Market Area 236 should be reduced by amounts ranging from 50 cents on Size Group 9 to $1.15 on Size Group 2. Albuquerque and Cerrillos further sought a modification of the District 18 price schedule to provide that Size Group 3 coals should include 6″ x 3″ and 1½″ lump in order to make it identical with Size Group 5 of District 17's schedule.

In Docket No. A-265 District Board 18 sought a revision of the effective minimum prices of coals in Size Groups 1 to 9, inclusive, produced in Subdistrict 1 of District 18 for shipment by rail to certain destinations in Market Area 232 upon sales to agencies of the United States Government and a revision in the effective minimum prices of coals in Size Groups 1 to 9, inclusive, produced in Subdistrict 2 of District 18 for shipment by rail into Market Areas 227 and 229, and to certain destinations in Market Area 232 upon sales to agencies of the United States Government.

In Docket No. A-857 District Board 17 sought a revision of the effective minimum prices of the coals in Size Groups 1 to 11, inclusive, produced at the mines in Subdistricts 7, 8 and 9 of District 17 for shipment by rail into Market Area 228 and to certain destinations in Market Area 232 upon sales to agencies of the United States Government.

District Board 17 filed a petition of intervention in Dockets Nos. A-185 and A-265; District Board 18 filed a petition of intervention in Docket No. A-185. Pursuant to an appropriate order, a consolidated hearing in the matters originally involved in Dockets Nos. A-185 and A-265 was held and thereafter temporary relief was granted in part.

Albuquerque and Cerrillos Coal Company filed a statement protesting the temporary relief. District Board 18 filed an amended petition and an amended supplemental petition, averring that conditions had so changed since the original hearing that further evidence should be received. District Board 17 by letter concurred in the request for the reopening of the hearing. In accordance with such request, an order for rehearing and consolidating Docket No. A-857 with the hearing for the consolidated matters in Dockets Nos. A-185 and A-265 was issued. Pursuant to said order, a hearing in these consolidated matters was held before Charles S. Mitchell, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Appearances were entered on behalf of the Albuquerque and Cerrillos Coal Company, District Boards 17 and 18, and the Consumers' Counsel Division (now the Office of Bituminous Coal Consumers' Counsel). A brief was filed by the Bituminous Coal Consumers' Counsel. Thereafter on May 20, 1942, Examiner Mitchell submitted his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation. On June 6, 1942, exceptions to the Examiner's Report were filed by the Bituminous Coal Consumers' Counsel.

On July 17, 1942, I issued a Memorandum Opinion and Order Modifying, and Approving and Adopting as Modified, the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation of the Examiner. My order provided that the proposed findings of fact and proposed conclusions of law of the Examiner should, with some modification, be approved and adopted as my findings of fact and conclusions of law. The order further provided that effective fifteen (15) days from the date of said order the Schedule of Effective Minimum Prices for District No. 18 For All Shipments was to be amended by adding thereto the following Price Instructions and Exceptions:

1. "When coals within Size Groups 1 through 9 from Subdistrict 2 are offered for sale or sold to the United States of America or agencies thereof, for rail shipment to destinations in Market Areas Nos. 227, 228, in New Mexico, 229 and 232, the prices listed herein for such coals may be reduced by an amount necessary to permit such sizes to be delivered in said market areas at prices equal to the delivered price for coals of the comparable sizes of Subdistrict 9 of District 17", and

2. "When coals within Size Groups 1 through 9 from Subdistrict 1 are offered for sale or sold to the United States of America or agencies thereof, for rail shipment to destinations on the Atchison, Topeka and Santa Fe Railway Company in Market Area 232, south of Belen, New Mexico, and to and including Rincon, New Mexico, and all destinations on the Silver City Branch of said railroad west of Rincon, New Mexico, the effective minimum prices listed herein for such coals may be reduced by an amount necessary to permit such sizes to be delivered to these destinations at prices equal to the delivered prices for coals of comparable sizes from Subdistrict 2 of District 18 and Subdistrict 9 of District 17, but in no event shall the reduction be more than 75 cents per ton."

The order further provided that effective fifteen (15) days from the date thereof the Schedule of Effective Minimum Prices for District No. 18 For All Shipments was to be amended by changing the definition of Size Group 3 to read: "Lump and grate 1½″ and 6″ x 3″." The order further provided that effective fifteen (15) days from the date thereof the schedule of effective minimum prices for District No. 17 was to be amended by adding thereto the following Price Instruction and Exception:

"When coals within Size Groups 1 through 11 from Subdistrict 9 are offered for sale or sold to the United States of America or agencies thereof for rail shipment to destinations in New Mexico in Market Area 228 on the Atchison, Topeka and Santa Fe Railway Company and on the Southern Pacific Company, and to destinations in Market Area 232, including points on the Southern Pacific Company in New Mexico except Deming and in Arizona on the line from Mora via Fairbank to and including Nogales, the prices listed herein for such coals may be reduced by an amount necessary to permit such sizes to be delivered in said market areas at prices equal to the delivered price for coals of comparable sizes from Subdistrict 2 of District 18."

The order further provided that the prayers for relief contained in the several petitions filed herein, except as granted above, should in all other respects be denied.

On July 28, 1942, District Board 17 filed exceptions to the Report of Examiner Charles S. Mitchell. Under § 301.110 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 entitled "Exceptions to examiner's report," exceptions to the report, findings and recommendations of the Examiner may be filed not later than fifteen (15) days after such findings and such recommendations are filed, or such other period as is prescribed. The exceptions filed by District Board 17 were therefore tardily filed. Upon being advised to this effect, District Board 17 filed on August 19, 1942, a petition for rehearing and to vacate orders in which it requested that these matters be set for further hearing and that pending decision as a result of the said hearing, the relief granted by me in my order of July 17, 1942, be terminated and that any and all temporary or permanent relief heretofore granted in these matters be terminated.

District Board 17 excepts to the finding[1] that the land grant equalization rates have been discontinued by the Southern Pacific Company and the Atchison, Topeka and Santa Fe except when shipments are made for military or naval use. The District Board states that these land grant equalization rates were discontinued entirely as of December 31, 1941.

---

[1] Exception was taken by the District Board to the "Examiner's Findings." As pointed out above, District Board 17 could no longer file such exceptions. Inasmuch as I approved the Examiner's findings, with some modifications, the exceptions have been considered as directed to my findings.

My findings took notice of section 321 (a) of the Transportation Act of 1940 (54 Stat. 899, 954), which requires the United States to pay the full applicable commercial rates, fares, or charges for transportation of mail, persons, or property, and of action taken by the Southern Pacific on December 28, 1940, and the Atchison, Topeka and Santa Fe on January 17, 1941, pursuant to section 321 (b) of the Transportation Act of 1940, which resulted in a discontinuance of the land grant rates by these two railroads, except when shipments are made for military or naval use. The finding that "the land grant equalization rates have been discontinued by these two railroads except when shipments are made for military or naval use" is, however, incorrect according to information now available to the Division. This information indicates that these land grant equalization rates were discontinued on June 30, 1941, except for shipments consigned to the military or naval branches of the United States Government at Fort Huachuca, Arizona, and Fort Bliss, Marfa and Spofford, Texas. The land grant equalization rates to these four destinations on shipments for military or naval use were discontinued as of December 31, 1941. My findings of fact, in so far as they approve the finding of the Examiner that land grant equalization rates had been discontinued by these two railroads, except when shipments are made for military or naval use, should be modified in conformance with this information. Petitioner fails to show, however, that the modification of the statement excepted to should make a difference in the relief granted, and if so, to what extent.

The District Board excepts also to my finding that "evidence indicates that the Albuquerque and Cerrillos coals and those of District 17 are analytically similar and are generally regarded as qualitatively equivalent for the government business in Market Areas 227, 228, 229, and 232." The District Board claims that this statement was "undoubtedly" based on a comparison of two mines only, the Sugarite Mine in Subdistrict 9 of District 17 and the Albuquerque and Cerrillos Jones Mine in Subdistrict 2 of District 18. The District Board contends that the Sugarite Mine is no longer in operation and that the record shows that the analytical qualities of the Albuquerque and Cerrillos coals are superior to those of the Brilliant, Van Houten and Dawson Mines in Subdistrict 9 of District 17, which results in a competitive disadvantage for the District 17 coals inasmuch as the Government purchases coals on a basis of cost per million B. t. u.'s delivered. The District Board did not support its contention concerning allegedly superior qualities of the Albuquerque and Cerrillos coals by specific reference to the record. The record indicates rather that the analytical qualities of these competing coals in Districts 17 and 18 vary, but generally are similar to each other. In any event, I pointed out in my memorandum opinion and order of July 17 that the parties had not proven their contention that relief should be granted where coordination is sought to be established on a B. t. u. basis.

The District Board excepts to the amendment of the Schedule of Effective Minimum Prices for District No. 18 For All Shipments by changing the definition of Size Group 3 to read: "Lump and grate 1½'' and 6'' x 3''". It states that Subdistrict 9 of District 17 cannot be said to have an advantage over Subdistrict 2 of District 18 in disposing of 1½'' lump coal for government business merely because District 17 1½'' lump is included in the same size group and is priced at a parity with 6'' x 3'' egg, inasmuch as Subdistricts 7, 8, and 9 of District 17 have not shipped any 1½'' lump coal to the Government in the territory involved; and that the size group designations and the minimum price schedules for District 17 and 18 are not the same in all cases.

The amendment of the District 18 Size Group 3 designation to include 1½'' lump with 6'' x 3'' lump was first effected in the order granting temporary relief. No objection to this temporary relief was made by District Board 17 at the rehearing. In any event, at the original hearing the witness McKnight, for the Albuquerque and Cerrillos Coal Company, testified that the Government buys substantial quantities of 1'' lump coal which takes the same minimum price as 1½'' lump coal. In view of the competitive relationship in the market areas involved between Subdistrict 2 of District 18 and Subdistrict 9 of District 17, the amendment of Size Group 3 in the District No. 18 minimum price schedule appears justified.

The District Board contends that an advantage has been given Albuquerque and Cerrillos in permitting it to equalize its delivered prices for its coals within Size Groups 1 through 9 with the delivered prices for coals of comparable sizes from Subdistrict 9 of District 17 for rail shipment to the United States Government to destinations in Market Areas Nos. 227, 228, in New Mexico, 229 and 232, whereas the prices of Subdistrict 9 of District 17 coals in Size Groups 1 through 11 can be equalized with the delivered prices for coals of comparable sizes from Subdistrict 2 of District 18 for rail shipment to the United States Government only to destinations in New Mexico in Market Area 228 on the Atchison, Topeka and Santa Fe Railway Company and on the Southern Pacific Company and to destinations in Market Area 232, including points on the Southern Pacific Company in New Mexico, except Deming, and in Arizona on the line from Mora via Fairbank to and including Nogales. The District Board asks that Subdistrict 2 of District 18 and Subdistrict 9 of District 17 be allowed to equalize delivered prices to all these market areas on government business, if it be assumed that their coals are comparable.

The petitions upon which relief was finally granted, and which at the rehearing were testified to be the joint decision of both District Board 17 and District Board 18, restricted the request for relief for Size Groups 1 through 9 coals of Subdistrict 2 of District 18 when sold to the United States Government to destinations in Market Areas 227 and 229 and part of 232 and for coals of Subdistrict 7, 8 and 9 of District 17 for such shipment to Market Areas 228 in New Mexico and part of 232. The petition of Albuquerque and Cerrillos asked for relief also to Market Areas 228 in New Mexico and 236. Relief was granted to those market areas requested in the several petitions where the record was in support thereof. District Board 17 has not shown that the findings upon which this relief was granted failed to consider all applicable factors.

The District Board contends that the privilege granted to mines in Subdistrict 9 of District 17 to equalize the prices for their coals at prices equal to the delivered prices for coals of comparable sizes from Subdistrict 2 of District 18 on certain shipments should be extended to the Trinidad producers in Subdistricts 7 and 8 of District 17. The record includes a letter of July 2, 1941, from District Board 17 to Director Gray, advising that upon investigation the District Board had found that only mines in Subdistrict 9 of that district had shipped any coal on government contracts to Market Areas 227 to 232, inclusive, during the period June 1, 1939, to June 1, 1941. Although the Bituminous Coal Act of 1937 does not preclude competitive opportunities for mines wishing to ship into market areas where in recent years they have not shipped, the evidence in this record does not appear to warrant relief to Subdistricts 7 and 8.

The District Board requests that judicial notice be taken of the fact that subsequent to the filing of the petitions in these matters and the hearings thereon, there has been a marked change in the whole situation in connection with government business in the market areas involved due to cancellation of land grant rates, closing of the Sugarite Mine, and the extraordinary demands by the Government for fuel requirements due to the tremendous expansion of army camps, etc., and states that at the present time approximately 80 percent of the commercial business other than railroads in New Mexico is for the government. The District Board asks that my Order of July 17, 1942, be terminated and that the minimum prices which became effective on October 1, 1940, be restored. However, that the land grant rates have been discontinued and that the Sugarite Mine had been abandoned was apparent in the record before the Examiner and before me. It may be that since the original hearing in these matters conditions surrounding the shipments of the coals involved have changed markedly. A further rehearing on the petitions in these matters would only prolong an already long and complicated matter. If District Board 17 seeks a revision of the minimum prices now effective for shipments of the coals produced by mines in its district for governmental use, it can file a new 4 II (d) petition. In such manner, interested persons will have an opportunity to present the facts now existent and not be compelled to face issues which are a matter of the past. The request, therefore, for the reopening of these proceedings should be denied.

Now, therefore, it is ordered, That my Memorandum Opinion and Order Modifying, and Approving and Adopting as Modified, the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner, dated July 17, 1942, be, and it hereby is modified to the extent set out above.

It is further ordered, That the motion of District Board 17 for rehearing herein and to vacate orders be, and it hereby is, denied in all other respects.

Dated: October 13, 1942.

TITLE 10—ARMY: WAR DEPARTMENT

Chapter I—Aid of Civil Authorities and Public Relations

PART 12—PRISONERS

CLEMENCY FOR PRISONERS CONFINED AT POSTS

Section 12.1 (c) is hereby amended to read as follows:

§ 12.1 *Clemency.* * * *

(c) *Prisoners confined at posts.* The case of each general prisoner serving sentence of confinement of 6 months or more at a military post will be considered for clemency, by the commanding officer holding general courtmartial jurisdiction over the prisoner, at some time within the first 6 months of the period of confinement and annually thereafter. Report will be made to The Adjutant General after each such consideration in which clemency has been extended. Negative reports are not required. In cases where no report is required, the date 6 months from the date the sentence was adjudged will establish the date for the annual consideration of the case.

Chapter VI—Organized Reserves

PART 61—OFFICERS RESERVE CORPS

AIR CORPS RESERVE; APPOINTMENT AND PROMOTION

Section 61.23 is hereby changed to read as follows:

§ 61.23 *Air Corps Reserve; special limitations relative to appointment and promotion.* (a) Except for aviation cadets enlisted or appointed under section 3 of the Army Aviation Cadet Act of June 3, 1941, appointments to the Officers' Reserve Corps, Air Corps, for the duration of the war and 6 months thereafter, may be made only from persons who have completed the prescribed course of training and instruction as aviation cadets or aviation students and have served in time of war as commissioned officers or flight officers in the Army of the United States, and from current Reserve Officers' Training Corps graduates who, upon graduation, are recommended for appointment as Reserve officers. Selection for appointment will be made by the Commanding General, Army Air Forces, or by such officer or officers as he may designate. Transfers from other sections of the Officers' Reserve Corps to the Officers' Reserve Corps, Air Corps, will be made pursuant to AR 605-145.[1] All other appointments of officers assigned to duty with the Army Air Forces during the present war and for 6 months thereafter are made in the Army of the United States. (See act September 22, 1941 (55 Stat. 728) and act July 8, 1942 (Bull. No. 34, W.D., 1942))

(b) *Length of appointment.* Appointments in the Officers' Reserve Corps, Air Corps, in every case are for a period of 5 years, or until 6 months after the termination of the war, whichever is longer. Appointees must agree to serve at least 3 years on active duty, if the war ends prior to the expiration of such period, unless sooner relieved by competent authority. Time served during the emergency as an officer of the Army of the United States will be credited in figuring this 3-year period of active duty.

(c) Promotions of Air Corps Reserve officers will be made for the period of the war in accordance with War Department and Army Air Forces policies and the laws governing these policies.

Chapter X—Areas Restricted for National Defense Purposes

PART 103—WAR RELOCATION PROJECTS

Headquarters Western Defense Command and Fourth Army, Presidio of San Francisco, California.

JUNE 27, 1942.

To: The people within the States of Washington, Oregon, California, Montana, Idaho, Nevada, Utah and Arizona, and the Public Generally:

Whereas by Public Proclamation No. 1,[1] dated March 2, 1942, this headquarters, there were designated and established Military Areas Nos. 1 and 2, and by Public Proclamation No. 2,[2] dated March 16, 1942, this headquarters, there were designated and established Military Areas Nos. 3, 4, 5 and 6, and

Whereas the present situation within these military areas requires as a matter of military necessity that persons of Japanese ancestry who have been evacuated from certain regions within Military Areas Nos. 1 and 2 shall be removed to Relocation Centers for their relocation, maintenance and supervision and that such Relocation Centers be designated as War Relocation Project Areas and that appropriate restrictions with respect to the rights of all such persons of Japanese ancestry, both alien and non-alien, so evacuated to such Relocation Centers and of all other persons to enter, remain in, or leave such areas be promulgated;

Now, Therefore, I, J. L. DeWitt, Lieutenant General, U. S. Army, by virtue of the authority vested in me by the President of the United States and by the Secretary of War and my powers and prerogatives as Commanding General of the Western Defense Command, do hereby declare that:

§ 103.2 *War Relocation Project Areas: Washington, Oregon, California, Montana, Idaho, Nevada, Utah, and Arizona.* (a) Pursuant to the determination of military necessity hereinbefore set out, all the territory included within the exterior boundaries of each Relocation Center now or hereafter established within the Western Defense Command, as such boundaries are designated and defined by orders subsequently issued by this headquarters, are hereby designated and established as War Relocation Project Areas.

(b) All persons of Japanese ancestry, both alien and nonalien, who now or shall hereafter be or reside, pursuant to exclusion orders and instructions from this headquarters, or otherwise, within the bounds of any established War Relocation Project Area are required to remain within the bounds of such War Relocation Project Area at all times unless specifically authorized to leave as set forth in paragraph (c) hereof.

(c) Any person of Japanese ancestry, both alien and nonalien, who shall now or hereafter so be or reside within any such War Relocation Project Area shall, before leaving said Area, obtain a written authorization executed by or pursuant to the express authority of this headquarters setting forth the effective period of said authorization and the terms and conditions upon and purposes for which it has been granted.

(d) No persons other than the persons of Japanese ancestry described in paragraph (b) hereof, and other than persons employed by the War Relocation Authority established by Executive Order No. 9102,[3] dated March 18, 1942, shall enter any such War Relocation Project Area except upon written authorization executed by or pursuant to the express authority of this headquarters first obtained, which said authorization shall set forth the effective period thereof and the terms and conditions upon and purposes for which it has been granted.

(e) Failure of persons subject to the provisions of this Public Proclamation No. 8 to conform to the terms and provisions thereof shall subject such persons to the penalties provided by Public Law No. 503, 77th Congress, approved March 21, 1942, entitled "An Act to Provide a Penalty for Violation of Restrictions or Orders with Respect to Persons Entering, Remaining in, Leaving, or Committing any Act in Military Areas or Zones."

§ 3.6 (m 10) *Advertising falsely or misleadingly—Manufacture or preparation:* § 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results.* In connection with offer, etc., in commerce, of respondent's radio receiving sets, (1) representing that any of respondent's sets will bring in broadcasts from any foreign radio station "every day", or otherwise representing, directly or by implication, that such receiving sets are capable of providing reasonably audible and distinct reception of foreign broadcasts at all times or under all conditions; and (2) representing, directly or by implication, that any radio receiving set contains a designated number of tubes or is of a designated tube capacity, when one or more of the tubes referred to are tubes or other devices which do not perform the recognized and customary functions of radio receiving set tubes in the detection, amplification, and reception of radio signals; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Zenith Radio Corporation, Docket 4174, October 12, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 12th day of October, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, and testimony and other evidence in support of and in opposition to the allegations of the complaint taken before trial examiners of the Commission theretofore duly designated by it (the report of the trial examiners and briefs and oral argument having been waived), and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Zenith Radio Corporation, a corporation, and its officers, agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of respondent's radio receiving sets in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing that any of respondent's radio receiving sets will bring in broadcasts from any foreign radio station "every day," or otherwise representing, directly or by implication, that such receiving sets are capable of providing reasonably audible and distinct reception of foreign broadcasts at all times or under all conditions.

2. Representing, directly or by implication, that any radio receiving set contains a designated number of tubes or is of a designated tube capacity, when one or more of the tubes referred to are tubes or other devices which do not perform the recognized and customary functions of radio receiving set tubes in the detection, amplification, and reception of radio signals.

It is further ordered, That the respondent shall, within sixty (60 days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

TITLE 29—LABOR

Chapter II—National Labor Relations Board

[Amendment to Rules and Regulations, Series 2, as Amended]

PART 203—PROCEDURE UNDER SECTION 9 (c) OF THE ACT FOR THE INVESTIGATION AND CERTIFICATION OF REPRESENTATIVES

PETITION FOR INVESTIGATION AND CERTIFICATION

By virtue of the authority vested in it by the National Labor Relations Act, approved July 5, 1935, the National Labor Relations Board hereby issues the following amendments to its Rules and Regulations, Series 2, as amended (General Rules and Regulations) which it finds necessary to carry out the provisions of said Act. Said amendments to the Rules and Regulations, Series 2, as amended, shall become effective upon the signature of the original amendments by the members of the Board, and upon the publication thereof in the FEDERAL REGISTER.

Section 203.1, National Labor Relations Board Rules and Regulations, Series 2, as amended, is hereby amended to read as follows:

§ 203.1 *Who may file; where to file; withdrawal of petition; form; jurat; blank forms provided.* A petition to investigate and certify under section 9 (c) of the Act the name or names of representatives designated or selected for the purpose of collective bargaining may be filed by an employee or any person or labor organization acting on behalf of employees, or by an employer. Prior to the issuance of a notice of hearing pursuant to § 303.3 a petition may be withdrawn only with the consent of the Board or of the Regional Director with whom such petition was filed. Thereafter a petition may be withdrawn only with the consent of the Board. Whenever the Board or the Regional Director approves the withdrawal of any petition the case shall be closed. Except as provided in § 303.11, such petition shall be filed with the Regional Director for the region wherein the contemplated bargaining unit exists, or, if the contemplated bargaining unit exists in two or more regions, with the Regional Director for any of such regions. Such petition shall be in writing, the original being signed and sworn to before any notary public or other person duly authorized by law to administer oaths and take acknowledgments or any agent of the Board authorized to administer oaths or acknowledgments. Three additional copies of the petition shall be filed.[2]

(Sec. 6 (a), 49 Stat. 452; 29 U.S.C., 156).

Section 203.3, National Labor Relations Board Rules and Regulation, Series 2, as amended, is hereby amended to read as follows:

§ 203.3 *Same; investigation by Regional Director; definition of parties; notice of hearing; service of notice.* After a petition has been filed, if it appears to the Regional Director that an investigation should be instituted he shall institute such investigation by issuing a notice of hearing, provided that the Regional Director shall not institute an investigation on a petition filed by an employer unless it appears to the Regional Director that two or more labor organizations have presented to the employer conflicting claims that each represents a majority of the employees in the bargaining unit or units claimed to be appropriate. The Regional Director shall prepare and cause to be served upon the petitioners and upon the employer or employers involved (all of whom are hereinafter referred to as "the parties"), and upon any known individuals or labor organizations purporting to act as representatives of any employees directly affected by such investigation, a notice of hearing upon the question of representation before a trial examiner at a time and place fixed therein, provided that when the petition is filed by an employer the Regional Director shall serve the notice of hearing on the employer petitioner and on the labor organizations named in the petition all of whom are hereinafter referred to as "the parties"), and upon any known individuals or labor organizations purporting to act as representatives of any employees directly affected by such investigation. A copy of the petition shall be served with such notice of hearing.

[2] Blank forms for filing such petitions will be supplied by the Regional Director upon request.

tions, Series 2, as amended, are hereby amended in the following manner:

1. By the insertion of a new section to be known hereafter as § 203.4 to read as follows:

§ 203.4 *Appeals to Board by petitioner from action of Regional Director.* If, after a petition has been filed, the Regional Director declines to institute an investigation, the employee, person, labor organization or employer filing the petition may obtain a review of such action by filing a request therefor with the Board in Washington, D. C., and filing a copy of such request with the Regional Director. This request shall contain a complete statement setting forth the facts and reasons upon which the request is based.

(Sec. 6 (a), 49 Stat., 452; 29 U.S.C. 156)

2. By changing the number of the present § 203.4 to § 203.5; by deleting the words "and request for the withdrawal of petitions" in the second sentence thereof; and by inserting the words "and references to the complaint shall for the purposes of §§ 203.1 to 203.11, inclusive, mean the petition" at the end of the first sentence thereof. As amended, the newly numbered § 203.5 shall read as follows:

§ 203.5 *Same; motions; interventions; witnesses; subpenas.* All matters relating to motions, intervention, witnesses and subpenas shall be governed by the provisions of §§ 202.14 to 202.22, inclusive, of these rules and regulations insofar as applicable, except that the references to "the Regional Director issuing the complaint" shall for the purposes of §§ 203.1 to 203.11, inclusive, mean the Regional Director issuing the notice of hearing, and references to the "complaint" shall for the purposes of §§ 203.1 to 203.11, inclusive, mean the petition. Motions to dismiss petitions if made prior to the hearing, shall be filed with the Regional Director, and if made during the hearing, with the Trial Examiner, and shall be referred to the Board for appropriate action.

(Sec. 6 (a), 49 Stat. 452; 29 U.S.C., 156).

3. By changing the number of the present § 203.5 to § 203.6.

4. By changing the number of the present § 203.6 to § 203.7.

5. By changing the number of the present § 203.7 to § 203.8.

6. By changing the number of the present § 203.8 to § 203.9.

7. By changing the number of the present § 203.9 to § 203.10, and by changing therein all references to section numbers in order to correspond and be consistent with the above amendments. As amended, § 203.10 shall read as follows:

§ 203.10 *Election procedure; election report; objections; Report on objections; hearing on objections; contents of record; action of Board on objections and hearing.* Where the Board determines that a secret ballot should be taken, it shall direct such ballot to be conducted by a designated agent upon such terms as it may specify. Upon the conclusion of such ballot the agent conducting the ballot shall prepare an Election Report containing a tally of the ballots, his rulings, if any, upon challenged ballots, and his findings and recommendations, which he shall cause to be served upon the parties. Within five days thereafter the parties may file with the agent conducting the ballot an original and three copies of Objections to the conduct of the ballot or the Election Report. Copies thereof shall be served upon each of the other parties.

If no objections are filed, the agent conducting the ballot shall forward to the Board in Washington, D. C., his Election Report, which, together with the record previously made, shall constitute the record in the case.

If Objections are duly filed, the agent conducting the ballot shall investigate the matters contained in the Objections and shall prepare and serve upon the parties his Report on Objections based upon such investigation which, together with the Election Report and Objections, he shall forward to the Board in Washington, D. C.

If it appears to the Board that any such Objections raise substantial and material issues with respect to the conduct of the ballot, the Board shall direct the agent conducting the ballot to issue and cause to be served upon the parties a notice of hearing on said Objections before a Trial Examiner designated by the Board or the Chief Trial Examiner. The hearing shall be conducted in accordance with the provisions of §§ 203.5, 203.6, and 203.7, insofar as applicable. Upon the close of the hearing, the agent conducting the ballot shall forward to the Board in Washington, D. C., the notice of hearing, motions, rulings, orders, stenographic report of the hearing, stipulations, exceptions, documentary evidence, all of which, together with the Election Report, the Objections, the Report on Objections, and the record previously made, shall constitute the record in the case. The Board shall thereupon proceed pursuant to § 203.9.

(Sec. 6 (a), 49 Stat. 452; 29 U.S.C., 156).

8. By changing the number of the present § 203.10 to § 203.11, a new number, and by deleting, in the last sentence of the present § 203.10 the following words "the Board had originally directed that the investigation be conducted in the region to which the transfer was made", and substituting therefor the words "the petition had originally been filed in the region to which the transfer is made." As amended, § 203.11 shall read as follows:

§ 203.11 *Proceedings before Board; filing petition with Board; investigation upon motion of Board; transfer of petition and proceeding from Region to Board or to another Region; consolidation of proceedings in same region; severance; procedure before Board in cases over which it has assumed jurisdiction.* Whenever the Board deems it necessary in order to effectuate the purposes of the Act, it may:

(a) Permit a petition requesting an investigation and certification to be filed with it, and may upon the filing of such petition proceed to conduct an investigation under section 9 (c) of the Act, or direct a Regional Director, or other agent or agency to conduct such an investigation; or

(b) Upon its own motion conduct, or direct any member, Regional Director, or other agent or agency to conduct an investigation under section 9 (c) of the Act; or

(c) At any time after a petition has been filed with a Regional Director pursuant to § 203.1, order that such petition and any proceeding which may have been instituted in respect thereto:

(1) Be transferred to and continued before it, for the purpose of consolidation with any proceeding which may have been instituted by the Board, or for any other purpose; or

(2) Be consolidated, for the purpose of hearing, or for any other purpose, with any other proceeding which may have been instituted in the same Region; or

(3) Be transferred to and continued in any other Region, for the purpose of consolidation with any proceeding which may have been instituted in such other Region, or for any other purpose,

(4) Be severed from any other proceeding with which it may have been consolidated.

The provisions of §§ 203.1 to 203.11, inclusive, shall insofar as applicable, apply to proceedings conducted pursuant to paragraphs (a), (b), and (c) (1) of this section, and the powers granted to the Regional Director in such provisions shall for the purpose of this section be reserved to and exercised by the Board, or by the Regional Director, or other agent or agency, directed to conduct the investigation. After the transfer of any petition and any proceeding which may have been instituted in respect thereto from one region to another pursuant to paragraph (c) (3) of this section, the provisions of §§ 203.1 to 203.11, inclusive, shall apply to such proceedings as if the petition had originally been filed in the region to which the transfer is made.

(Sec. 6 (a), 49 Stat. 452; 29 U.S.C., 156).

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 1010—SUSPENSION ORDERS

[Suspension Order S-97]

Interstate Electric Company, New Orleans, Louisiana, is a wholesale distributor of automotive parts and electrical supplies. During the period from June 5, 1942 to July 10, 1942, the company made deliveries of 3,805 feet of copper wire and tubing in filling an unrated order and rated orders which did not carry a preference rating of A-1-k or higher. Further, subsequent to May 7, 1942, the company made deliveries of large quantities of copper tubing to fill orders which did not bear any preference rating.

These deliveries constituted violations of General Preference Order M-9-a[1] and have impeded and hampered the war effort of the United States by diverting scarce materials to uses unauthorized by the War Production Board. In view of the foregoing facts: *It is hereby ordered,* That:

§ 1010.97 *Suspension Order S-97.* (a) Deliveries of material to Interstate Electric Company, its successors and assigns shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned or applied to such deliveries to Interstate Electric Company by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(b) No allocations shall be made to Interstate Electric Company, its successors and assigns of any material the supply or distribution of which is governed by any order of the Director of Industry Operations or of the Director General for Operations except as specifically authorized by the Director General for Operations.

(c) Interstate Electric Company, its successors and assigns, shall not accept deliveries of, receive, process or fabricate any copper, copper base alloy, and copper products except as specifically authorized by the Director General for Operations.

(d) Nothing contained in this order shall be deemed to relieve Interstate Electric Company, its successors and assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Director of Industry Operations or of the Director General for Operations except insofar as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on October 17, 1942, and shall expire on January 17, 1943, at which time the restrictions contained in this order shall be of no further effect.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-110]

CONNECTICUT REFINING CO.

The Connecticut Refining Company, West Haven, Connecticut, is a corporation engaged in the distribution of gasoline and oil to service stations and bulk consumers. During the month of June 1942, the Company made deliveries of motor fuel to 38 service stations in excess of the amounts permitted to be so delivered in accordance with Limitation Order L-70.[1] Of the 38 service stations to whom overdeliveries of motor fuel were made, 27 service stations received overdeliveries in excess of 1,000 gallons.

At all times while deliveries of motor fuel were being made, the company was fully aware of the provisions contained in Limitation Order L-70 governing the amounts of motor fuel which may be delivered to each service station, and, therefore, the deliveries of motor fuel in excess of the amounts permitted under the provisions of Limitation Order L-70 constituted a wilful violation of that order.

These violations of Limitation Order L-70 have impeded and hampered the war effort of the United States by diverting motor fuel to uses unauthorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered* That:

§ 1010.110 *Suspension Order S-110.* (a) The Connecticut Refining Company, its successors and assigns, shall not deliver or cause to be delivered, directly or indirectly, in any calendar month, to any of the 27 service stations listed below, any motor fuel as the same is defined in Limitation Order L-70, in excess of 25 per cent of the normal gallonage of such service station for such month, computed in accordance with the provisions of Limitation Order L-70, without the benefit of any adjustments under paragraph (e) of that order:

Joseph Aleria, doing business as Joe's Service Station, 189 Morgan Street, Hartford, Connecticut; Irving Berkowitz, 119 Hartford Avenue, New Britain, Connecticut; Benovenuto Bighinatti, doing business as Venice Filling Station, Newfield Street, Middletown, Connecticut; Frank J. D'Amico, 211 Boston Post Road, Milford, Connecticut; Connecticut Refining Co., Edward Shiner, Treasurer (DeMute station), 299 Franklin Street, Norwich, Connecticut; Joseph Cantor, 351 Connecticut Avenue, Bridgeport, Connecticut; Herman Zamost, doing business as Economy Service Station, Park Road and Fairlawn Street, West Hartford, Connecticut; George French and Harry French, doing business as French Bros., 626 East Main Street, Meriden, Connecticut; Joseph Hirsch, 1147 Campbell Avenue, West Haven, Connecticut; Metro Kociaba, doing business as K & M Service Station, 360 Seymour Avenue, Derby, Connecticut; N. J. Larrivee, doing business as Nap Larrivee, 234 Forbes Avenue, New Haven, Connecticut; Sidney Levinson, doing business as Viaduct Super Service, 74 State Street, New Haven, Connecticut; Conney Pileski, doing business as Maple End Garage, 180 North Street, Bristol, Connecticut; Jack Marsell, College St. & Crown Street, New Haven Connecticut; Ralph C. Miller, doing business as Manor Garage, 356 Savin Avenue, West Haven, Connecticut; Constantino Racine, doing business as Universal Gas Station, 922 Bank Street, New London, Connecticut; William A. Richards, doing business as the R & W Tire Company, 215-217 North Main Street, Bristol, Connecticut; William A. Richards, doing business as Richards Service Station, 22 Main Street, Terryville, Connecticut; Harold Ritchie, 50 Goffe Street, New Haven, Connecticut; Henry L. Spieler, doing business. as Spieler's Filling Station, Queen Street, Southington, Connecticut; Robert A. Lalane, doing business as Shady Grove Service Station, Bristol Road, Farmington, Connecticut; John Simpson, Main Street and Gerrish Avenue, East Haven, Connecticut; Louis Present et al., doing business as State Street Auto Supply, 1519 State Street, Bridgeport, Connecticut; Salvatore Bendott, doing business as Sully's Service Station, 428 New Britain Street, Kinsington, Connecticut; Theodore Tessman, doing business as Tessman Service Station, 335 East Main Street, New Britain, Connecticut; R. E. and Thomas Tomlinson, doing business as Tomlinson Bros., 801 Whalley Avenue, New Haven, Connecticut; Bessie A. Weinstein, doing business as Part Battery Service, 421 Part Street, Hartford, Connecticut.

(b) Nothing contained in this order shall be deemed to relieve The Connecticut Refining Company from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall remain in effect during the calendar months of October, November and December, 1942.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 1222—EXPORTS UNDER LICENSES ISSUED BY THE BOARD OF ECONOMIC WARFARE

[Supplement 2 to Order M-148]

General Exports Order M-148, as amended July 29, 1942,[1] required the completion of certain purchase orders for critical material in preference to all other purchase orders. Said Order M-148, as amended September 28, 1942,[2] provides instead that such purchase orders shall bear preference ratings to be assigned by the Board of Economic Warfare on export licenses issued after September 30, 1942. In order to provide for the completion of deliveries on purchase orders covered by export licenses issued prior to October 1, 1942, the following action is taken:

§ 1222.3 *Supplement 2 to M-148.* (a) A preference rating of AA-2X is hereby assigned to every purchase order heretofore or hereafter placed which both:

(1) Relates to any "critical material" as listed in Exhibit A to General Exports Order M-148, as amended July 29, 1942, and

(2) Calls for delivery to the holder of an expert license covering such material issued prior to October 1, 1942, on which license a delivery date is specified.

Any producer or distributor, as defined in said order, with whom any such purchase order is placed shall make delivery thereon in accordance with such rating pursuant to the provisions of all applicable priorities regulations, unless such order would be in excess of any export quota relating to such material previously established for such producer or distributor by the Director General for Operations. The sequence of deliveries shall be determined as if such rating of AA-2X had been applied or extended to such order on the date when such purchase order was originally placed with such producer or distributor. The effect of any orders of the Director General for Operations restricting transactions in or use of any such material shall be determined by Priorities Regulation No. 15. Such preference rating shall be extendable pursuant to the provisions of Priorities Regulation No. 3, as amended.

(b) Any producer scheduling for production, and any distributor proposing to make delivery on, a purchase order to which a rating is assigned by this supplement shall, promptly after the effective date of this supplement, send to the War Production Board, Washington, D. C., Ref.: M-148, a copy of the purchase order bearing thereon a statement of the expected delivery date and the United States Department of Commerce Export Classification Code Schedule B and F number.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 1389—APPAREL

[Amendment 2 to Maximum Price Regulation 172[1]]

CHARGES OF CONTRACTORS IN APPAREL INDUSTRY

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

In § 1389.59 in paragraph (a), subparagraph (2) is amended and in § 1389.61 a new paragraph (b) is added, as set forth below:

§ 1389.59 *Definitions.* (a) * * *.

(2) "Same percentage margin over direct labor cost" is determined by subtracting the actual cost of direct labor in March from the highest price charged in March for a purchaser of the same class by the contractor for his services, and then dividing the resultant figure by the cost of direct labor in March. If the seller made no charge in March to a purchaser of the same class, then the same percentage margin over direct labor costs obtained from a purchaser of a different class shall be adjusted to reflect the seller's customary differential between the two classes of purchasers.

PART 1499—COMMODITIES AND SERVICES

[Amendment 41 to Supplementary Regulation 14[1] to General Maximum Price Regulation[2]]

FIREWOOD

Subparagraph (8) of § 1499.73 (a) is amended to read as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services, and transactions listed below are modified as hereinafter provided:

* * * * *

(8) *Firewood.* The maximum prices for the sale or delivery of firewood (e. g. cordwood, sawdust, mill ends and shavings and slabwood) may be modified as indicated below:

(i) Wherever any State office of the Office of Price Administration determines, either upon application or its own motion, that the maximum prices established in § 1499.2 of the General Maximum Price Regulation for the sale or delivery of firewood are inadequate to insure a sufficient supply of firewood to meet heating requirements in any locality or localities within its jurisdiction, it may by order adjust such maximum prices to the minimum extent necessary to insure a sufficient supply of firewood therein. Such adjustments shall be made in relation (*a*) to the increased production costs which sellers of firewood in the locality or localities affected must incur in order to produce such firewood, compared with the costs of production in March 1942 (or the nearest earlier month in which firewood was generally produced in such locality or localities), and/or (*b*) the extent of increased transportation costs which must be incurred by sellers of firewood in order to move sufficient supplies thereof to meet the requirements of the locality or localities affected and

MAXIMUM PRICES FOR SPECIAL ASBESTOS TEXTILES

For the reasons set forth in an opinion* issued simultaneously herewith *It is ordered:*

§ 1499.958 *Authorization of maximum prices for special asbestos textiles.* (a) On and after May 11, 1942, regardless of any contract, agreement, lease, or other obligation, no manufacturer of asbestos textiles shall sell and deliver special asbestos textiles, and no person shall buy or receive special asbestos textiles in the course of trade or business, at prices higher than will be determined by the use of the pricing formula or formulas used by said manufacturer in March, 1942, to determine the prices at that time of such items. The values given to the factors used in said formulas shall be no higher than the highest values given to the same factors in the determination of March, 1942, prices under said formulas, and the method used in computing said factors shall be the method used in March, 1942.

(b) On or before October 31, 1942, every manufacturer of asbestos textiles shall file with the Office of Price Administration, Washington, D. C.:

(1) A detailed explanation of the formula or formulas by which it priced its special asbestos textile products during March, 1942;

(2) Calculations setting forth in detail the use of such formulas in determining prices charged for different types of special asbestos textile products actually delivered by it during March, 1942, or, if no such deliveries were made during that month, the application of such formulas to the prices that would have been charged had the first deliveries of such products made subsequently to March, 1942, actually been delivered during March, 1942, as the result of sales made during that month; and

(3) The gross sales value realized from, and the percentage of total sales of asbestos textile products represented by, sales of special asbestos textile products during the second calendar quarter of 1942.

(c) For the purposes of this order asbestos textiles may be classified as special asbestos textiles whenever:

(1) They are made to the specifications of each individual order,

(2) Said specifications differ materially with each order, and

(3) For the reasons set forth in (1) and (2) said "specials" are unable to be included in the manufacturer's price lists.

[1] 7 F.R. 3165, 3749, 4273, 4780, 4853, 5363.

(e) When the maximum price for any grade of motor fuel at a retail establishment as determined by paragraphs (a), (b), (c) and (d) permits the seller a margin for a particular grade of motor fuel below that enjoyed by the seller at that particular retail establishment during the major portion of the period October 1–15, 1941, such seller's maximum price shall be increased to a level which will permit him a margin equal to that enjoyed during the major portion of the above period. In no event, however, shall the seller exceed the price received by him for such grade of motor fuel during the major portion of the period October 1–15, 1941, plus the total of any increases authorized or permitted by the Price Administrator and currently in effect. The maximum price of a seller for a particular grade of motor fuel at the particular retail establishment shall be automatically adjustable as the seller's margin changes. For the purposes of this provision, the margin is deemed to change not at the time the delivered cost changes, but only after the seller has sold an amount equal to that volume on hand at the time the change in the delivered cost occurs.

PART 1341—CANNED AND PRESERVED FOODS

[Maximum Price Regulation 242]

DRIED PRUNES AND RAISINS

In the judgment of the Price Administrator, the maximum prices established for the producers, dehydrators or dry-yard operators for dried prunes and raisins by this regulation are, and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, the Act of October 2, 1942, entitled "An Act to amend the Emergency Price Control Act of 1942, to aid in preventing inflation and for other purposes", and the Executive Order No. 9250, dated October 3, 1942. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

The maximum prices established herein are not below prices wihch will reflect to the producers of dried prunes and raisins prices for their products equal to the highest of the prices required by the provisions of the Emergency Price Control Act of 1942, as amended by the Act of October 2, 1942, and Executive Order No. 9250, dated October 3, 1942.

Therefore, with the concurrence of the Secretary of Agriculture, and under the authority vested in the Price Administrator by the aforesaid Acts and Executive Order and in accordance with Procedural Regulation No. 1,[1] Maximum Price Regulation No. 242 is hereby issued.

AUTHORITY: §§ 1341.501 to 1341.512, inclusive, issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871.

§ 1341.501 *Prohibition against dealing in natural condition unpacked dried prunes and raisins above maximum prices.* (a) On and after October 14, 1942, regardless of any contract or other obligation, no producer, dehydrator or dry-yard operator shall sell or deliver any natural condition unpacked dried prunes or raisins at a price higher than the maximum price established by this Maximum Price Regulation No. 242.

(b) No person in the course of trade or business shall buy or receive any natural condition unpacked dried prunes or raisins from a producer, dehydrator or dry-yard operator at a price higher than the maximum price established by this Maximum Price Regulation No. 242; and

(c) No producer, dehydrator, dry-yard operator or other person shall agree, offer, solicit or attempt to do any of the foregoing.

§ 1341.502 *Maximum prices for dried prunes and raisins sold by producers, dehydrators or dry-yard operators.* (a) The maximum price per ton for producers, dehydrators or dry-yard operators for natural condition unpacked dried prunes shall be as set forth in § 1341.512, Appendix A, of this Maximum Price Regulation No. 242.

(b) The maximum price per ton for producers, dehydrators, or dry-yard operators for natural condition unpacked raisins shall be as follows:

Item	*Maximum price per ton*
Natural Thompson seedless raisins	$110.00
Natural Sultana raisins	105.00
Natural Muscat raisins	110.00
Golden bleached Thompson seedless raisins	132.00

(c) To determine his maximum price each producer, dehydrator or dry-yard operator shall first ascertain the rail shipping point nearest to his ranch or place of business, the delivery point named in this section which is nearest to his ranch or place of business and the location of the purchaser's plant. The maximum price of the producer, dehydrator or dry-yard operator shall include delivery to the purchaser at whichever one of those three points is nearest to the ranch or place of business of the producer, dehydrator or dry-yard operator. No higher price may be charged or received and no additional charge or allowance may be made by the producer, dehydrator or dry-yard operator if he delivers to the purchaser at any other point. No purchaser or packer shall furnish transportation from any other point.

(d) The delivery points shall be as follows:

(1) For prunes:

California: Healdsburg, Calistoga, Suisun, Los Molinos, Marysville, Gilroy, Visalia, Ukiah, Santa Rosa, Vacaville, Chico, Winters, San Jose, Morgan Hill, Benning, Cloverdale, Sacramento, Napa, Colusa, Yuba City, Santa Clara, Hollister, Oakland;

§ 1341.503 *Less than maximum prices.* Lower prices than those established by this Maximum Price Regulation No. 242 may be charged, demanded, paid or offered.

§ 1341.504 *Evasion.* The maximum prices set forth in this Maximum Price Regulation No. 242 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to natural condition unpacked dried prunes or raisins, alone or in conjunction with any other commodity or by way of any commission, or other charge or discount, premium or other privilege, or by tying agreement or other trade understanding, or otherwise.

§ 1341.505 *Records.* Every producer, dehydrator, or dry-yard operator shall preserve for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942 shall remain in effect, all records of the same kind as he has customarily kept, relating to the prices which he charged for natural condition unpacked dried prunes or raisins sold on and after October 14, 1942.

§ 1341.506 *Enforcement.* Persons violating any provisions of this Maximum Price Regulation No. 242 are subject to the criminal penalties, civil enforcement actions and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

§ 1341.507 *Applicability.* The provisions of this Maximum Price Regulation No. 242 shall be applicable only in the United States and the District of Columbia.

§ 1341.508 *Sales for export.* The maximum price at which a person may export natural condition unpacked dried prunes or raisins shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation,[2] issued by the Office of Price Administration.

§ 1341.509 *Applicability of the General Maximum Price Regulation.* This Maximum Price Regulation No. 242 supersedes the provisions of the General Maximum Price Regulation with respect to sales or deliveries of natural condition unpacked dried prunes and raisins for which maximum prices are established by this regulation.

§ 1341.510 *Definitions.* (a) When used in this Maximum Price Regulation No. 242, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, legal successors or representatives of any of the foregoing and includes the United States, any agency thereof, any other Government, or any of its political subdivisions and any agency of any of the foregoing.

(2) "Producer" means one who grows prunes or raisin grapes and dries or dehydrates them or has them dried or dehydrated by another person.

(3) "Dehydrator" or "dry-yard operator" means a person who dries or dehydrates prunes or raisin grapes for other persons or who purchases prunes or raisin grapes and dries or dehydrates them.

(4) "Natural condition unpacked", as applied to dried prunes, means dried prunes in sacks or lug boxes or in bulk as usually delivered by producers to packers for packing; and as applied to raisins, means raisins unstemmed in sweat boxes or picking boxes as usually delivered by producers to packers for packing.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1341.511 *Effective date.* This Maximum Price Regulation No. 242 (§§ 1341.501 to 1341.512, inclusive) shall become effective October 14, 1942.

Part 1394—Rationing of Fuel and Fuel Products

[Amendment 1 to Ration Order 8 [1]]

GASOLINE RATIONING REGULATIONS FOR THE VIRGIN ISLANDS

Rationale accompanying the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Section 1394.4201 (d) is amended and a new § 1394.4402 is added to read as set forth below:

§ 1394.4201 *Restriction on transfer to consumers.* * * *

(d) Nothwithstanding any other provision of Ration Order No. 8, the Director may, whenever, in his opinion, the supply of gasoline on the Virgin Islands becomes or threatens to become so limited that essential functions such as, but not limited to, protection of health, property, and maintenance of other necessary services for the well-being of population may be impaired, take the following emergency action:

(1) *Emergency order.* He may issue an emergency order limiting or prohibiting all transfers of gasoline to consumers in the Virgin Islands. Such order may provide that gasoline may be transferred only to persons presenting an Emergency Gasoline Authorization to be signed by the Director. Such order shall require all dealers and distributors to file with the Director a sworn statement of a quantity of gasoline on hand at the effective time of the order.

(2) Such emergency gasoline authorization shall specify the date on which it is issued, the name of the person to whom issued, and the quantity of gasoline for which it shall be valid. It shall also state the purpose for which it is issued and that the gasoline to be obtained thereby shall be used for no other purpose.

(3) All emergency gasoline authorizations shall be numbered serially, copies thereof shall be maintained at all times in the Office of the Director and shall be used in lieu of the coupons provided for in Ration Order No. 8.

(4) During the period in which such emergency order shall be in effect, such emergency gasoline authorizations shall be issued only for the exclusive use of such essential services and for such quantities as shall, in the exercise of good judgment, maintain such services, giving due consideration to the relative importance of each of such services, the available quantity of gasoline and the anticipated period of the emergency.

(5) As soon as shall be practicable after the termination of the emergency, the Director shall issue an appropriate order which shall contain provisions with respect to the resumption with the use of coupons.

§ 1394.4402 *Effective date of amendments.* (a) Amendment No. 1 to Ration Order No. 8 (§§ 1394.4201 (d) and 1394.4402) shall become effective as of September 11, 1942.

Issued this 14th day of October 1942.

Part 1394—Rationing of Fuel and Fuel Products

[Gasoline Rationing Emergency Order 1]

VIRGIN ISLANDS

It is hereby declared that in the judgment of the Director the supply of gasoline on the Virgin Islands threatens to become so limited that essential functions such as, but not limited to the protection of health, property and the maintenance of other necessary services for the wellbeing of the population may be impaired.

Pursuant to the authority vested in me by Ration Order No. 8: *It is ordered:*

§ 1394.6501 *Gasoline rationing during the emergency.* (a) All transfers of gasoline to consumers are hereby prohibited.

(b) During the period of the emergency, gasoline may be transferred only to persons presenting an emergency gasoline authorization.

(c) Emergency gasoline authorizations will be issued only for the purpose of maintaining essential functions and may be obtained upon application to the Director of the Office of Price Administration.

(d) All dealers and distributors of gasoline shall file before October 8, 1942, with the Director, a sworn statement of the quantity of gasoline on hand at the effective time of this order.

(e) All dealers and distributors are hereby authorized to accept emergency gasoline authorizations in lieu of coupons for the amounts delivered thereunder.

(f) This gasoline rationing emergency Order No. 1 (§ 1394.6501) shall become effective September 11, 1942.

(Pub. Law 671, 76th Cong., as amended by Pub. Law 89, 77th Cong., and by Pub. Laws 421 and 507, 77th Cong., W.P.B. Dir. 1, Supp. Dir. 1-J; 7 F.R. 562, 5043)

Issued this 14th day of October 1942.

Jacob Robles,
Director for the Territory of the Virgin Islands.

Part 1398—Office and Store Machines

[Amendment 1 to Maximum Price Regulation 162 [1]]

SALE AND RENTAL OF USED TYPEWRITERS

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and filed with the Division of the Federal Register.*

Sections 1398.75, 1398.80, 1398.81, 1398.82, paragraph (a) of § 1398.83 and the items appearing under the heading, "electromatics" of paragraph (b) of § 1398.83 and sub-paragraph (1) of § 1398.83 (b) are hereby amended and § 1398.85 is added to read as set forth below:

§ 1398.75 *Evasion.* (a) The price limitations set forth in this Maximum Price Regulation No. 162 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, rental, delivery, purchase or receipt of or relating to used typewriters, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement, or other trade understanding, or otherwise.

---

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 6871, 7100.

[1] 7 F.R. 4484.

(b) Specifically, but not exclusively, the following practices are prohibited, in connection with the sale or rental of a typewriter:

(1) Decreasing cash or quantity discounts or trade-in or exchange allowances below those available during the period October 1 to 15, 1941.

(2) Increasing charges, in effect during the period October 1 to 15, 1941, for deferred payment, or for any other form of instalment, time payment or credit account.

(3) Diminishing the effective period of guarantee or warranty, or the quantity or quality of maintenance or other service, customarily rendered during the period October 1 to 15, 1941, without corresponding reduction in price.

(4) Misrepresenting the state of repair of a used typewriter.

(5) Requiring purchasers to pay a larger proportion of transportation costs incurred in the delivery of used typewriters than the seller required purchasers of the same class to pay during the period October 1 to 15, 1941.

(6) Refusing to permit persons renting typewriters to arrange for delivery from and to the supplier's place of business.

* * * * *

§ 1398.80 *Licensing.* (a) *License required.* A license is hereby required of every person subject to this Maximum Price Regulation No. 162 now or hereafter selling or renting any used typewriters for which maximum prices are established by this Maximum Price Regulation No. 162.

(b) *License granted.* Every person subject to this Maximum Price Regulation No. 162 now or hereafter selling or renting any used typewriters for which maximum prices are established by Maximum Price Regulation No. 162, as now or hereafter amended or supplemented, is hereby granted a license as a condition of selling or renting such used typewriters. The provisions of Maximum Price Regulation No. 162, as now or hereafter amended or supplemented, shall be deemed to be incorporated in the license hereby granted and any violation of any provision so incorporated shall be a violation of the provisions of said license. The license granted by this Amendment No. 1 to Maximum Price Regulation No. 162 shall be effective on October 19, 1942, or when any person becomes subject to the provisions of this Amendment No. 1 and, unless suspended as provided in the Emergency Price Control Act of 1942 shall continue in force so long as and to the extent that such regulation or any applicable part, amendment or supplement remains in effect.

(c) *Registration of licensees.* Every person hereby licensed may be required to register with the Office of Price Administration at such time and in such manner as the Administrator may hereafter by regulation prescribe.

§ 1398.81 *Applicability of the General Maximum Price Regulation.*[2] The provisions of this Maximum Price Regulation No. 162 supersede the provisions of the General Maximum Price Regulation with respect to the sale or rental of used typewriters for which maximum prices are established by this regulation.

§ 1398.82 *Definitions.* (a) When used in this Maximum Price Regulation No. 162, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons or legal successor or representative of any of the foregoing and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing;

(2) "Typewriter" means any portable, office, commercial, noiseless or standard type of manually or electrically operated writing machine designed to be used for writing or copying letters or other documents, and does not include Braille typewriters, Linotype machines, Monotype machines, shorthand writing machines, telegraphically controlled typewriters, toy typewriters, or typewriters with inbuilt continuous forms handling features, or with inbuilt front feed, forms collating or automatic duplicating features;

(3) "Used typewriter" means any typewriter which has been in the physical possession of a user and which has been subjected to use, or any typewriter which has been consistently used for purposes of demonstration; the term includes shopworn, reconditioned and rebuilt typewriters;

(4) "Shopworn typewriter" means a typewriter which has been in the physical possession of a user for a period less than six months, and which has been subjected to use, or any typewriter which has been consistently used for purposes of demonstration for a period less than six months;

(5) "Rebuilt typewriter" means a used typewriter which has been dismantled and inspected since its last use and which meets the following specifications: all internal and external parts clean and free from rust, corrosion and flaws; main and carriage frame never bent nor broken; finish of main frame or mask approximately equivalent to new finish; working mechanism lubricated and adjusted to new-machine specifications; type whole, clear, accurately aligned; ribbon, typebar rest, platen surface, feed rolls, paper-finger or bail rolls new, and adjusted to give maximum performance;

(6) "Reconditioned typewriter" means a used typewriter which has been inspected since its last use and which meets the following specifications: all parts clean; internal parts free from rust, corrosion, flaws; working mechanism lubricated and accurately adjusted; type whole, clear, accurately aligned; ribbon new; platen, feed rolls and paper-finger or bail rolls of size, shaped and adjustment to give positive feed, registration, and manifolding performance;

(7) "Rough typewriter" or "as is typewriter" means a used typewriter which is not a shopworn, rebuilt or reconditioned typewriter;

(8) "Sale at retail" means a sale to an ultimate user or his agent;

(9) "Sale at wholesale" means a sale to any person other than an ultimate user or his agent.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1398.83 *Appendix A: Maximum prices for the rental and sale of typewriters.* (a) The maximum price for the rental of typewriters shall be:

(1) *Typewriters manufactured since January 1, 1935.*

	3 days or less (whether or not a stand is supplied)	One-half month	1 month	3 months
Electromatic typewriters	$2.00	$5.50	$10.00	$25.00

PART 1388—DEFENSE-RENTAL AREAS

[Maximum Rent Regulation 51]

HOUSING ACCOMMODATIONS OTHER THAN HOTELS AND ROOMING HOUSES IN THE FORT WORTH DEFENSE-RENTAL AREA

In the judgment of the Administrator, rents for housing accommodations within the Fort Worth Defense-Rental Area set out in § 1388.231 (a) of this Maximum Rent Regulation, as designated in the designation and rent declaration issued by the Administrator on April 28, 1942, as amended, have not been reduced and stabilized by State or local regulation, or otherwise, in accordance with the recommendations set forth in the said designation and rent declaration.

It is the judgment of the Administrator that by April 1, 1941, defense activities had not yet resulted in increases in rents for housing accommodations within said Fort Worth Defense-Rental Area inconsistent with the purposes of the Emergency Price Control Act of 1942. The Administrator has therefore ascertained and given due consideration to the rents prevailing for housing accommodations within said Fort Worth Defense-Rental Area on or about March 1, 1942. The Administrator has made adjustments for such relevant factors as he has determined and deemed to be of general applicability in respect of such housing accommodations, including increases or decreases in property taxes and other costs.

In the judgment of the Administrator the maximum rents established by this Maximum Rent Regulation for housing accommodations within said Fort Worth Defense-Rental Area will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942.

Therefore, under the authority vested in the Administrator by the Act, this Maximum Rent Regulation No. 51 is hereby issued.

AUTHORITY: §§ 1388.231 to 1388.244, inclusive, issued under Pub. Law 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871.

1388.243 Definitions.
1388.244 Effective date of the regulation.

§ 1388.231 *Scope of regulation.* (a) This Maximum Rent Regulation No. 51 applies to all housing accommodations within the Fort Worth Defense-Rental Area, consisting of the County of Tarrant in the State of Texas, (referred to hereinafter in this Maximum Rent Regulation as the "Defense-Rental Area"), as designated in the designation and rent declaration (§§ 1388.1201 to 1388.1205, inclusive) issued by the Administrator on April 28, 1942, as amended, except as provided in paragraph (b) of this section.

(b) This Maximum Rent Regulation does not apply to the following:

(1) Housing accommodations situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon;

(2) Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part;

(3) Rooms or other housing accommodations within hotels or rooming houses, or housing accommodations which have been, with the consent of the Administrator, brought under the control of the Maximum Rent Regulation for Hotels and Rooming Houses pursuant to the provisions of that regulation: *Provided*, That this Maximum Rent Regulation No. 51 does apply to entire structures or premises though used as hotels or rooming houses.

(c) The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with this Maximum Rent Regulation.

(d) An agreement by the tenant to waive the benefit of any provision of this Maximum Rent Regulation is void. A tenant shall not be entitled by reason of this Maximum Rent Regulation to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to November 1, 1942 (the effective date of this Maximum Rent Regulation).

§ 1388.232 *Prohibition against higher than maximum rents.* (a) Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand or receive any rent for use or occupancy on or after November 1, 1942 (the effective date of this Maximum Rent Regulation No. 51) of any housing accommodations within the Defense-Rental Area higher than the maximum rents provided by this Maximum Rent Regulation; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. Lower rents than those provided by this Maximum Rent Regulation may be demanded or received.

(b) Notwithstanding any other provision of this Maximum Rent Regulation, where housing accommodations are heated with fuel oil the landlord of such accommodations may as hereinafter provided enter into an agreement with the tenant providing for payment by the tenant of part or all of the cost of changing the heating unit to use some fuel other than oil or of installing a new heating unit using some fuel other than oil. Prior to making such agreement the landlord shall in writing report the terms of the proposed agreement to the Area Rent Office. The landlord may enter into the agreement either upon its approval by the Administrator or, unless the Administrator has disapproved the proposed agreement within 5 days after the filing of such report, upon the expiration of such 5-day period.

§ 1388.233 *Minimum services.* The maximum rents provided by this Maximum Rent Regulation No. 51 are for housing accommodations including, as a minimum, services of the same type, quantity and quality as those provided on the date determining the maximum rent. If, on the effective date of this section, the services provided for housing accommodations are less than such minimum services the landlord shall either restore and maintain the minimum services or, within 30 days after such effective date, file a petition pursuant to § 1388.235 (b) for approval of the decreased services. In all other cases, except as provided in § 1388.235 (b), the landlord shall provide the minimum services unless and until an order is entered pursuant to that section approving a decrease of such services.

§ 1388.234 *Maximum rents.* Maximum rents (unless and until changed by the Administrator as provided in § 1388.235) shall be:

(a) For housing accommodations rented on March 1, 1942, the rent for such accommodations on that date.

(b) For housing accommodations not rented on March 1, 1942, but rented at any time during the two months ending on that date, the last rent for such accommodations during that two-month period.

(c) For housing accommodations not rented on March 1, 1942 nor during the two months ending on that date, but rented prior to the effective date of this section, the first rent for such accommodations after March 1, 1942. The Administrator may order a decrease in the maximum rent as provided in § 1388.235 (c).

(d) For (1) newly constructed housing accommodations without priority rating first rented after March 1, 1942 and before the effective date of this Maximum Rent Regulation No. 51, or (2) housing accommodations changed between those dates so as to result in an increase or decrease of the number of dwelling units in such housing accommodations, or (3) housing accommodations changed between those dates from unfurnished to fully furnished, or from fully furnished to unfurnished, or (4) housing accommodations substantially changed between those dates by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, the first rent for such accommodations after such construction or change: *Provided, however*, That, where such first rent was fixed by a lease which was in force at the time of a major capital improvement, the maximum rent shall be the first rent after termination of such lease. The Administrator may order a decrease in the maximum rent as provided in § 1388.235 (c).

(e) For (1) newly constructed housing accommodations without priority rating first rented on or after the effective date of this section, or (2) housing accommodations changed on or after such effective date so as to result in an increase or decrease of the number of dwelling units in such housing accommodations, or (3) housing accommodations not rented at any time between January 1, 1942 and such effective date, the first rent for such accommodations after the change or the effective date, as the case may be. Within 30 days after so renting the landlord shall register the accommodations as provided in § 1388.237. The Administrator may order a decrease in the maximum rent as provided in § 1388.235 (c).

(f) For housing accommodations constructed with priority rating from the United States or any agency thereof for which the rent has been heretofore or is hereafter approved by the United States or any agency thereof, the rent so approved, but in no event more than the rent on March 1, 1942, or, if the accommodations were not rented on that date, more than the first rent after that date.

(g) For housing accommodations constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State or any of its political subdivisions, and owned by any of the foregoing, the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942, as determined by the owner of such accommodations: *Provided, however*, That any corporation formed under the laws of a State shall not be considered an agency of the United States within the meaning of this paragraph. The Administrator may order a decrease in the maximum rent as provided in § 1388.235 (c).

(h) For housing accommodations rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Departments, the rents established on the effective date of this Maximum Rent Regulation by such rent schedule. The Administrator may order an increase in such rents, if he finds that such increase is not inconsistent with the purposes of the Act or this Maximum Rent Regulation.

§ 1388.235 *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required. In those cases involving a major capital improvement, an increase or decrease in the furniture, furnishings or equipment, an increase or decrease of services, or a deterioration, the adjustment in the maximum rent shall be the amount the Administrator finds would have been on March 1, 1942 the difference in the rental value of the housing accommodations by reason of such change. In all other cases, except those under paragraphs (a) (7) and (c) (6) of this section, the adjustment shall be on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942. In cases involving construction due consideration shall be given to increased costs of construction, if any, since March 1, 1942. In cases under paragraphs (a) (7) and (c) (6) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable housing accommodations during the year ending on March 1, 1942.

(a) Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable, only on the grounds that:

(1) There has been on or after the effective date of this Maximum Rent Regulation No. 51 a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) There was, prior to March 1, 1942 and within the six months ending on that date, a substantial change in the housing accommodations by a major capitial improvement as distinguished from ordinary repair, replacement and maintenance, and the rent on March 1, 1942 was fixed by a lease which was in force at the time of such change.

(3) There has been a substantial increase in the services, furniture, furnishings or equipment provided with the housing accommodations since the date or order determining its maximum rent.

(4) The rent on the date determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant and as a result was substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(5) There was in force on March 1, 1942, a written lease, which had been in force for more than one year on that date, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942; or the housing accommodations were not rented on March 1, 1942, but were rented during the two months ending on that date and the last rent for such accommodations during that two-month period was fixed by a written lease, which was in force more than one year prior to March 1, 1942, requiring a rent substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(6) The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a substantially higher rent at other periods during the term of such lease or agreement.

(7) The rent on the date determining the maximum rent was substantially lower than at other times of the year by reason of seasonal demand for such housing accommodations. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(b) If, on the effective date of this section the services provided for housing accommodations are less than those provided on the date determining the maximum rent, the landlord shall either restore the services to those provided on the date determining the maximum rent and maintain such services or, within 30 days after such effective date file a petition requesting approval of the decreased services. Except as above provided, the landlord shall maintain the minimum services unless and until he has filed a petition to decrease services and an order permitting a decrease has been entered thereon; however, if it is impossible to provide the minimum services, he shall file a petition within five days after the change of services occurs. The order on any petition under this paragraph may require an appropriate adjustment in the maximum rent.

(c) The Administrator at any time, on his own initiative or an application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) The maximum rent for housing accommodations under paragraphs (c), (d), (e), or (g) of § 1388.234 is higher than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(2) There has been a substantial deterioration of the housing accommodations other than ordinary wear and tear since the date or order determining its maximum rent.

(3) There has been a substantial decrease in the services, furniture, furnishings or equipment provided with the housing accommodations since the date or order determining its maximum rent.

(4) The rent on the date determining the maximum rent was materially affected by the blood, personal or other special relationship between the landlord and the tenant and as a result was substantially higher than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(5) The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a substantially lower rent at other periods during the term of such lease or agreement.

(6) The rent on the date determining the maximum rent was substantially higher than at other times of the year by reason of seasonal demand for such housing accommodations. In such cases the Administrator's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(d) If the rent on the date determining the maximum rent, or any other fact necessary to the determination of the maximum rent, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Administrator on petition of the landlord filed within 30 days after the effective date of this section, or at any time on his own initiative, may enter an order fixing the maximum

rent by determining such fact; or if the Administrator is unable to ascertain such fact he shall enter the order on the basis of the rent which he finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1942.

(e) Where, at the expiration or other termination of an underlying lease or other rental agreement, housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant, the landlord may rent the entire premises for use by similar occupancy for a rent not in excess of the aggregate maximum rents of the separate dwelling units, or may rent the separate dwelling units for rents not in excess of the maximum rents applicable to such units.

Where housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant, the tenant may petition the Administrator for leave to exercise any right he would have except for this Maximum Rent Regulation to sell his underlying lease or other rental agreement. The Administrator may grant such petition if he finds that the sale will not result, and that sales of such character would not be likely to result, in the circumvention or evasion of the Act or this Maximum Rent Regulation. He may require that the sale be made on such terms as he deems necessary to prevent such circumvention or evasion.

(f) Where a petition is filed by a landlord on one of the grounds set out in paragraph (a) of this section, the Administrator may enter an interim order increasing the maximum rent until further order, subject to refund by the landlord to the tenant of any amount received in excess of the maximum rent established by final order upon such petition. The receipt by the landlord of any increased rent authorized by such interim order shall constitute an agreement by the landlord with the tenant to refund to the tenant any amount received in excess of the maximum rent established by final order. The landlord shall make such refund either by repayment in cash or, where the tenant remains in occupancy after the effective date of the final order, by deduction from the next installment of rent, or both.

§ 1388.236 *Restrictions on removal of tenant.* (a) So long as the tenant continues to pay the rent to which the landlord is entitled, no tenant shall be removed from any housing accommodations, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated, and regardless of any contract, lease, agreement or obligation heretofore or hereafter entered into which provides for entry of judgment upon the tenant's confession for breach of the covenants thereof or which otherwise provides contrary hereto, unless:

(1) The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year but otherwise on the same terms and conditions as the previous lease or agreement except insofar as such terms and conditions are inconsistent with this Maximum Rent Regulation; or

(2) The tenant has unreasonably refused the landlord access to the housing accommodations for the purpose of inspection or of showing the accommodations to a prospective purchaser, mortgagee or prospective mortgagee, or other person having a legitimate interest therein: *Provided, however,* That such refusal shall not be ground for removal or eviction if such inspection or showing of the accommodations is contrary to the provisions of the tenant's lease or other rental agreement; or

(3) The tenant (i) has violated a substantial obligation of his tenancy, other than an obligation to pay rent, and has continued, or failed to cure, such violation after written notice by the landlord that the violation cease, or (ii) is committing or permitting a nuisance or is using or permitting a use of the housing accommodations for an immoral or illegal purpose; or

(4) The tenant's lease or other rental agreement has expired or otherwise terminated, and at the time of termination the housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons who occupied under a rental agreement with the tenant; or

(5) The landlord seeks in good faith to recover possession for the immediate purpose of demolishing the housing accommodations or of substantially altering or remodeling it in a manner which cannot practicably be done with the tenant in occupancy and the plans for such alteration or remodeling have been approved by the proper authorities, if such approval is required by local law; or

(6) The landlord seeks in good faith to recover possession of the housing accommodations for immediate use and occupancy as a dwelling by himself, his family or dependents; or he has in good faith contracted in writing to sell the accommodations for immediate use and occupancy by a purchaser, who in good faith has represented in writing that he will use the accommodations as a dwelling for himself, his family or dependents; or the landlord seeks in good faith not to offer the housing accommodations for rent. If a tenant has been removed or evicted under this paragraph (a) (6) from housing accommodations, such accommodations shall not be rented for a period of six months after such removal or eviction without permission of the Administrator. The landlord may petition the Administrator for permission to rent the accommodations during such six-month period, and the Administrator shall grant such permission if he finds that the action was in good faith and not for the purpose of evading any provision of the Act or this Maximum Rent Regulation.

(b) No tenant shall be removed or evicted on grounds other than those stated above unless, on petition of the landlord, the Administrator certifies that the landlord may pursue his remedies in accordance with the requirements of the local law. The Administrator shall so certify if the landlord establishes that removals or evictions of the character proposed are not inconsistent with the purposes of the Act or this Maximum Rent Regulation and would not be likely to result in the circumvention or evasion thereof.

(c) The provisions of this section do not apply to a subtenant or other person who occupied under a rental agreement with the tenant, where removal or eviction of the subtenant or other such occupant is sought by the landlord of the tenant, unless under the local law there is a tenancy relationship between the landlord and the subtenant or other such occupant.

The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

(d) (1) Every notice to a tenant to vacate or surrender possession of housing accommodations shall state the ground under this section upon which the landlord relies for removal or eviction of the tenant. A written copy of such notice shall be given to the Area Rent Office within 24 hours after the notice is given to the tenant.

No tenant shall be removed or evicted from housing accommodations, by court process or otherwise, unless, at least ten days prior to the time specified for surrender of possession and to the commencement of any section for removal or eviction, the landlord has given written notices of the proposed removal or eviction to the tenant and to the Area Rent Office, stating the ground under this section upon which such removal or eviction is sought and specifying the time when the tenant is required to surrender possession.

Where the ground for removal or eviction of a tenant is non-payment of rent, every notice under this paragraph (d) (1) shall state the rent for the housing accommodations, the amount of rent due and the rental period or periods for which such rent is due. The provisions of this paragraph (d) (1) shall not apply where a certificate has been issued by the Administrator pursuant to the provisions of paragraph (b) of this section.

(2) At the time of commencing any action to remove or evict a tenant, including an action based upon non-payment of rent, the landlord shall give written notice thereof to the Area Rent Office stating the title of the case, the number of the case where that is possible, the court in which it is filed, the name and address of the tenant, and the ground under this section on which removal or eviction is sought.

(e) No provision of this section shall be construed to authorize the removal of a tenant unless such removal is authorized under the local law.

§ 1388.237 *Registration.* Within 45 days after the effective date of this section, or within 30 days after the property is first rented, whichever date is the later, every landlord of housing accommodations rented or offered for rent shall file in triplicate a written statement on the form provided therefor to be known as a registration statement. The statement shall identify each dwelling unit and specify the maximum rent provided by this Maximum Rent Regulation No. 51 for such dwelling unit and shall contain such other information as the Administrator shall require. The original shall remain on file with the Administrator and he shall cause one copy to be delivered to the tenant and one copy, stamped to indicate that it is a correct copy of the original, to be returned to the landlord. In any subsequent change of tenancy the landlord shall exhibit to the new tenant his stamped copy of the registration statement, and shall obtain the tenant's signature and the date thereof on the back of such statement. Within five days after renting to a new tenant, the landlord shall file a notice on the form provided therefor, on which he shall obtain the tenant's signature, stating that there has been a change in tenancy, that the stamped copy of the registration statement has been exhibited to the new tenant and that the rent for such accommodations is in conformity therewith.

No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

When the maximum rent is changed by order of the Administrator the landlord shall deliver his stamped copy of the registration statement to the Area Rent Office for appropriate action reflecting such change.

The foregoing provisions of this section shall not apply to housing accommodations under § 1388.234 (g). The owner of such housing accommodations shall file a schedule or schedules, setting out the maximum rents for all such accommodations in the Defense-Rental Area and containing such other information as the Administrator shall require. A copy of such schedule or schedules shall be posted by the owner in a place where it will be available for inspection by the tenants of such housing accommodations.

The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including any civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

§ 1388.238 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of housing accommodations and any tenant shall permit such inspection of the accommodations by the Administrator as he may, from time to time, require.

§ 1388.239 *Evasion.* The maximum rents and other requirements provided in this Maximum Rent Regulation No. 51 shall not be evaded, either directly or indirectly, in connection with the renting or leasing or the transfer of a lease of housing accommodations, by way of absolute or conditional sale, sale with purchase money or other form of mortgage, or sale with option to repurchase, or by modification of the practices relating to payment of commissions or other charges, or by modification of the services furnished with housing accommodations, or otherwise.

§ 1388.240 *Enforcement.* Persons violating any provision of this Maximum Rent Regulation No. 51 are subject to criminal penalties, civil enforcement actions and suits for treble damages as provided for by the Act.

§ 1388.241 *Procedure.* All registration statements, reports and notices provided for by this Maximum Rent Regulation No. 51 shall be filed with the Area Rent Office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Procedural Regulation No. 3 (§§ 1300.201 to 1300.247, inclusive).

§ 1388.242 *Petitions for amendment.* Persons seeking any amendment of general applicability to any provision of this Maximum Rent Regulation No. 51 may file petitions therefor in accordance with Procedural Regulation No. 3 (§§ 1300.201 to 1300.247, inclusive).

§ 1388.243 *Definitions.* (a) When used in this Maximum Rent Regulation No. 51:

(1) The term "Act" means the Emergency Price Control Act of 1942.

(2) The term "Administrator" means the Price Administrator of the Office of Price Administration, or the Rent Director or such other person or persons as the Administrator may appoint or designate to carry out any of the duties delegated to him by the Act.

(3) The term "Rent Director" means the person designated by the Administrator as director of the Defense-Rental Area or such person or persons as may be designated to carry out any of the duties delegated to the Rent Director by the Administrator.

(4) The term "Area Rent Office" means the office of the Rent Director in the Defense-Rental Area.

(5) The term "person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(6) The term "housing accommodations" means any building, structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all privileges, services, furnishings, furniture, equipment, facilities and improvements connected with the use or occupancy of such property.

(7) The term "services" includes repairs, decorating and maintenance, the furnishing of light, heat, hot and cold water, telephone, elevator service, window shades, and storage, kitchen, bath, and laundry facilities and privileges, maid service, linen service, janitor service, the removal of refuse and any other privilege or facility connected with the use or occupancy of housing accommodations.

(8) The term "landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any housing accommodations, or an agent of any of the foregoing.

(9) The term "tenant" includes a subtenant, lessee, sublessee, or other person entitled to the possession or to the use or occupancy of any housing accommodations.

(10) The term "rent" means the consideration, including any bonus, benefit or gratuity, demanded or received for the use or occupancy of housing accommodations or for the transfer of a lease of such accommodations.

(11) The term "hotel" means any establishment generally recognized as such in its community, containing more than 50 rooms and used predominantly for transient occupancy.

(12) The term "rooming house" means, in addition to its customary usage, a building or portion of a building other than a hotel in which a furnished room or rooms not constituting an apartment are rented on a short time basis of daily, weekly, or monthly occupancy to more than two paying tenants not members of the landlord's immediate family. The term includes boarding houses, dormitories, auto camps, trailers, residence clubs, tourist homes or cabins, and all other establishments of a similar nature.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used in this Maximum Rent Regulation.

§ 1388.244 *Effective date of the regulation.* (a) All the provisions of this Maximum Rent Regulation No. 51 except §§ 1388.231, 1388.236 and 1388.243 shall become effective on November 1, 1942.

(b) The provisions of §§ 1388.231, 1388.236 and 1388.243 shall become effective on October 15, 1942.

Issued this 15th day of October 1942.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 10—INSURANCE

PREMIUM WAIVERS AND TOTAL DISABILITY

Revision of §§ 10.3440, 10.3441, 10.3442, 10.3446, 10.3447 and 10.3448.

AUTHORITY: §§ 10.3440 to 10.3442, inclusive, and §§ 10.3446 to 10.3448, inclusive, issued under sec. 608, 54 Stat. 1012; 38 U.S.C. 808.

§ 10.3440 *Requirements for waiver of premiums.* Upon written application by the insured payment of premiums may be waived during the continuous total disability of the insured which continues or has continued for six or more consecutive months, provided such disability commenced (1) subsequent to date of application for insurance, (2) while the insurance was in force under premium-paying conditions, and (3) prior to the insured's sixtieth birthday: *Provided,* This paragraph shall not apply to any premium waiver authorized under subsection 602 (D) (3) of the Act, as amended. The insured shall be required to furnish proof satisfactory to the Administrator showing continuous total disability for at least six consecutive months, and may be denied benefits for failure to cooperate. (October 16, 1942)

§ 10.3441 *Effective date of premium waiver.* The waiver of premiums may be made effective as of the date such six months continuous total disability commenced, but, except as hereafter provided the waiver shall not be effective as to any premium which became due more than one year prior to receipt in the Veterans' Administration of application for waiver of premiums: *Provided,* That the Administrator may grant waiver of premiums more than one year prior to date of application therefor in any case in which the Administrator finds that failure to submit timely application or satisfactory evidence to show the existence or continuance of total disability was due to circumstances beyond the control of the insured. Premiums tendered to cover a period during which the waiver is effective shall be refunded without interest. (October 16, 1942)

§ 10.3442 *Discontinuance of premium waiver.* The Administrator may require proof of continuance of total disability at any time when he may deem same necessary. In the event it is found that an insured is no longer totally disabled the waiver of premiums shall cease as of the date of such finding; (or in the event a finding that the insured is no longer totally disabled is made at the same time a finding is made of total disability entitling the insured to a waiver of premium while so disabled, the waiver of premiums shall cease as of the date on which total disability ceased.) After a waiver of premiums has ceased the insurance may be continued by payment of premiums, the due date of the first premium payable being the next regular monthly due date of the premium under the policy; however, the insurance shall not lapse prior to date of expiration of the grace period allowed for the payment of such premium, or prior to the expiration of thirty-one days after date of notice to the insured of the termination of the premium waiver, whichever is the later date. Such notice shall be sent by registered mail, return receipt requested, advising of the due date of the first premium payable after termination of the waiver and of the amount of premiums payable. Sufficient notice within the provisions of this regulation will be deemed to have been given when such letter reaches the insured's last address of record, and the failure of the insured to furnish a correct current address at which mail will reach him promptly shall not be grounds for a further extension of time for payment of premiums under this paragraph: *Provided,* That in cases wherein delivery of notice at the last address of record is impossible because of suspension of mail service and other usual means of communication, a grace period of not more than one year may be granted, computed from the due date of the first premium payable after termination of the waiver, and if premiums be not paid within such period the insurance shall lapse effective as of the due date of such first premium.

If the insured shall fail to cooperate with the Administrator in securing any evidence he may require to determine whether total disability has continued, the premium waiver shall cease effective as of the date finding is made of such failure to cooperate, and the insurance may be continued by the payment of premiums within the thirty-one day period provided above. (October 16, 1942)

BENEFICIARIES

§ 10.3446 *Beneficiary designations.* The insured shall have the right to designate a benefiiciary or beneficiaries, but only within the following classes to be known as the permitted class of designated beneficiaries:

Wife (husband), child (including an adopted child, stepchild, illegitimate child), parent (including parent through adoption, and persons who stood in loco parentis to the insured for a period of not less than one year prior to entry into active service), brother or sister (including those of the half blood) of the insured.

---

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 7748, 7967.

A beneficiary designation shall be made by notice in writing to the Veterans Administration signed by the insured. An original beneficiary designation may be made by last will and testament duly probated, but no change of beneficiary may be made by last will and testament. A stepchild or illegitimate child cannot be paid under the act unless specifically designated as a beneficiary by the insured. A designation of beneficiary need not be made in the application for insurance, but may be made at a later date. (October 16, 1942)

§ 10.3447 *Beneficiary changes.* The insured shall have the right at any time, and from time to time, and without the knowledge or consent of the beneficiary to cancel the beneficiary designation, or to change the beneficiary within the class of beneficiaries set forth in § 10.3446. A change of beneficiary to be effective must be made by notice in writing signed by the insured and forwarded to the Veterans Administration by the insured or his agent, and must contain sufficient information to identify the insured. Whenever practicable such notices shall be given on blanks prescribed by the Veterans Administration. Upon receipt by the Veterans Administration, a valid designation or change of beneficiary shall be deemed to be effective as of the date of execution: *Provided,* That any payment made before proper notice of designation or change of beneficiary has been received in the Veterans Administration shall be deemed to have been properly made and to satisfy fully the obligations of the United States under such insurance policy to the extent of such payments. (October 16, 1942)

§ 10.3448 *Class and order of payment to other than designated beneficiary.* If no beneficiary is designated by the insured, or if the designated beneficiary or beneficiaries should not survive the insured, or should die prior to completion of payment of the instalments certain payable under the provisions of the Act and the terms of the policy, the instalments of insurance remaining unpaid shall be paid to persons in the permitted class of beneficiaries and in the order named:

(a) Widow (widower) of the insured,

(b) Child or children of the insured (including adopted children), in equal shares,

(c) Parent or parents who last bore such relationship to the insured (including parent through adoption and persons who stood in loco parentis to the insured for a period of not less than one year prior to entry into active service) in equal shares,

(d) Brothers and sisters of the insured (including those of the half blood), in equal shares. (October 16, 1942)

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[Service Order 89]

PART 95—CAR SERVICE

USE OF REFRIGERATOR CARS FOR CAR PEDDLING

At a Session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 14th day of October, A. D. 1942.

It appearing, that due to the present state of war an emergency exists which in the opinion of the Commission requires immediate action to prevent delay in the movement of refrigerator cars and congestion of traffic; and

It further appearing, that the prompt release of refrigerator cars used in the transportation of wine grapes and juice grapes is retarded by the practice commonly known as "car peddling;" *It is ordered:*

§ 95.300 *Prompt release of cars; car peddling prohibited (wine and juice grapes).* (a) The operation of the practice of common carriers by railroad subject to the Interstate Commerce Act of allowing or permitting the use of refrigerator cars for car peddling (which for the purpose of this order is defined as the vending of freight directly from the car to consumer by retail sale) of wine grapes and juice grapes, is hereby suspended and prohibited.

(b) This order shall become effective October 19, 1942, and continue in effect until the further order of the Commission.

(40 Stat. 101, 41 Stat. 476, 49 Stat. 543, 54 Stat. 901; 49 U.S.C. 1 (10-17))

And it is further ordered, That a copy of this order be served upon the Car Service Division, Association of American Railroads, as Agent of the railroad carriers subscribing to the Car Service and Per Diem Agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director of the Division of the Federal Register, the National Archives.

By the Commission, division 3.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1572]

ONTARIO GAS COAL CORP. OF VIRGINIA

MEMORANDUM OPINION CONCERNING, AND ORDER GRANTING, TEMPORARY RELIEF

In the matter of the petition of Ontario Gas Coal Corporation of Virginia for the establishment of price classifications and minimum prices for the coals of its Tidewater No. 2 Mine, Mine Index No. 316 in District No. 7.

This proceeding was instituted upon an original petition filed with the Bituminous Coal Division (the "Division") on August 1, 1942, by the Ontario Gas Coal Corporation of Virginia, a code member in District No. 7, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 (the "Act").

Petitioner requested the establishment of price classifications and minimum prices for the coals of its Tidewater No. 1 Mine, Mine Index No. 289, in District No. 7. It appears from the records of the Division that Mine Index No. 289 is a deep mine. The mine for which petitioner proposed price classifications and minimum prices, however, is a strip operation. It is therefore identified as a separate operation, designated Tidewater No. 2 Mine, Mine Index No. 316.

As amended on August 20 and September 17, 1942, the petition requests the establishment of classifications and minimum prices for the coals in Size Groups 1-6 for shipment by truck, and in Size Groups 1-3 and 5-8 for shipment by rail into Market Area 100.

On August 29, 1942, petitioner was granted temporary relief under an Order of the Acting Director establishing minimum prices in Size Groups 1 to 6 inclusive, for truck shipment, and in Size

---

[1] 7 F.R. 3046, 3213, 3753.

Group 8 for rail shipments to the switching limits of Richmond, Virginia.

Pursuant to appropriate orders and after due notice to interested persons, a hearing in this matter was held on September 18, 19 and 21, 1942, before Charles S. Mitchell, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. Appearances were filed by petitioner, intervenor District Board 7 and Bituminous Coal Consumers' Counsel.

On September 24, 1942, shortly after the hearing and prior to the filing of the report of the Examiner, petitioner filed a motion for the establishment of immediate temporary prices for all shipments except truck and for truck shipments as prayed for in the amended petition. In support of its motion for further temporary relief petitioner alleged, *inter alia,* that the temporary prices established under the Order of August 29, 1942, are wholly inadequate to meet the requirements of section 4 II (a) and (b) of the Act. The question of immediate temporary relief is now before the Director on the basis of the record made before Examiner Mitchell.

It appears to the Director that a reasonable showing of necessity has been made for the immediate temporary relief pending final disposition of this proceeding.

The record shows that at the time of the hearing, petitioner had stored a considerable amount of coal at its mine pending the final disposition of this proceeding. Petitioner alleges that although there is a probable market for its coal, the amount so stored, which is steadily increasing to the disadvantage of petitioner, cannot be marketed for the reason that temporary minimum prices have not been established as requested in petitioner's amended petition. The record discloses no opposition by interested persons to petitioner's request for the establishment of temporary prices.

Petitioner requested temporary prices of $4.50 per net ton for its coals in Size Group 1 and $3.00 per net ton for those in Size Group 8, for rail shipments. These prices, as requested, should be increased in accordance with the Order of the Acting Director in General Docket No. 21, dated August 28, 1942, and as so increased, established. It would appear from the record that in so far as petitioner's coals are analogous to coals already classified in District 7, they may be related to Classification "A" coals. Accordingly, the price differentials among size groups which apply to the Low Volatile Classification "A" coals of that district should be maintained in establishing prices for petitioner's coals. This principle is not followed in connection with the temporary pricing of Size Group 8 coals, however, since to do so would be to price such coals higher than petitioner itself requests.

Though petitioner made no request for a price for its Size Group 4 coals, a temporary minimum price for that size group has been established, in the event coals in that group are shipped in the future.

Temporary minimum prices for truck shipment have been established at the same levels as for rail shipment.

All prices established should be made applicable, however, only for shipments into Market Area 100, in light of petitioner's request in that respect.

Now, therefore, it is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 7 for All Shipments except Truck and for Truck Shipments is supplemented to include the price classifications and minimum prices set forth in the schedules marked "Supplement R" and "Supplement T" annexed hereto and hereby made a part hereof.[1]

It is further ordered, That nothing herein contained shall be construed as a ruling or expression of the Director's views concerning the final disposition of this proceeding.

It is further ordered, That the temporary minimum prices established by the Order of the Acting Director of August 29, 1942, establishing minimum prices for the coals of the Tidewater No. 2 Mine, Mine Index No. 316 be, and they are hereby, cancelled.

It is further ordered, That the temporary prices established herein are applicable only for shipments into Market Area 100.

Notice is hereby given that applications to stay, terminate, or modify the temporary relief herein granted may be filed pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: October 8, 1942.

DISTRICT BOARD 14

ORDER CANCELLING HEARING AND DISMISSING PETITION

In the matter of the petition of District Board No. 14 for revision of price classifications and minimum prices for certain mines in District No. 14.

The original petitioner having moved that its petition in the above-entitled matter be dismissed without prejudice, and it appearing that there is no objection thereto;

Now, therefore, it is ordered, That the hearing scheduled to be held in the above-entitled matter on October 21, 1942, at a hearing room of the Bituminous Coal Division at Fort Smith, Arkansas, be, and it hereby is, cancelled.

It is further ordered, That the original petition in the above-entitled matter be, and it hereby is, dismissed.

PROCEEDING FOR REVOCATION OF LICENSE

To: Sandy Market, Inc., Sandy, Oregon; specification of charges and notice of hearing.

You are hereby charged with violations of the Federal Explosives Act in:

(1) That on May 5, 1942, and at other times thereafter until and including September 15, 1942, you stored explosives of a quantity greater than 25 pounds, not in the process of manufacture, otherwise than in a magazine which was properly constructed, safely located and securely locked or otherwise protected against theft;

(2) That you have not kept a complete, itemized, and accurate record showing the persons to whom, the dates on which, the amounts in which, and the purposes for which you sold, issued, or otherwise disposed of explosives.

Each of the two items set out above constitutes, if true, a violation of the Federal Explosives Act (55 Stat. 863), or the regulations pursuant thereto. Item (1) constitutes a violation of section 17 (a) of the regulations, item (2) a violation of section 5 of the Act and section 14 (d) of the regulations.

Unless by letter postmarked not more than 15 days from the date of this notice (1) you deny each and every one of the charges specified above or set out a legal excuse for those that are admitted or deny that the acts charged constitute violations of the Federal Explosives Act or of the regulations issued pursuant thereto and (2) demand that you be heard on your answer to those charges, I shall forthwith revoke the vendor's license heretofore issued to you under the Federal Explosives Act.

If, after denying each and every one of the charges specified above or after setting up a legal excuse for those charges that are admitted or after denying that the acts charged constitute violations of the Federal Explosives Act or of the regulations issued pursuant thereto, you demand that you be heard on your answer to those charges, you will be heard on November 16, 1942, at 10 o'clock in the morning before J. Howard Bird, Mining Engineer, United States Bureau of Mines, Seattle, Washington, or by such other representative of the Director of the Bureau of Mines as he shall designate, at the office of the Bureau of Mines in the Federal Building, Seattle, Washington, or on the same date and at the same time before me or my representative at the office of the Bureau of Mines in the Interior Building, Washington, D. C. Your choice between Seattle, Washington and Washington, D. C. as a hearing place must be clearly indicated in the letter in which you demand a hearing. The hearing will be informal but you may appear with counsel if you so choose.

LABOR DEPARTMENT.

Children's Bureau.

OPERATION OF POWER-DRIVEN WOODWORKING MACHINES

PROPOSED AMENDMENT OF HAZARDOUS OCCUPATIONS ORDER

OCTOBER 14, 1942.

Whereas the Chief of the Children's Bureau, United States Department of Labor, issued Hazardous-Occupations Order No. 5 (6 F.R. 3149, June 28, 1941), effective August 1, 1941, declaring that certain occupations involved in the operation of power-driven woodworking machines are particularly hazardous for the employment of minors between 16 and 18 years of age, and

Whereas a supplementary investigation has been made which reveals that the employment in such occupations of apprentices in certain apprenticeable trades that are nonhazardous as a whole for such apprentices, is incidental to their apprentice training, is intermittent and for short periods of time, and is under the direction and supervision of an instructor, and

Whereas experience under the order mentioned above has revealed the need of clarifying certain language used in said order, and

Whereas the Chief of the Children's Bureau proposes to issue an order amending Hazardous-Occupations Order No. 5,

Now, therefore, notice is hereby given that any interested person may, within twenty days from the date of publication of this proposed order in the FEDERAL REGISTER, file with the Chief of the Children's Bureau, United States Department of Labor, Washington, D. C., written objections thereto, together with a memorandum or brief in support of such objections. Any interested person may secure a copy of the report of the Children's Bureau entitled "Occupational Hazards to Young Workers: The Use of Power-Driven Woodworking Machines in Apprentice Training" upon request made to the Chief of the Children's Bureau, United States Department of Labor, Washington, D. C.

Proposed Order

It is ordered, That § 422.5 of Part 422 of Chapter IV, Title 29, Code of Federal Regulations, is hereby amended so as to read as follows:

§ 422.5 *Occupations involved in the operation of power-driven woodworking machines*—(a) *Finding and declaration of fact.* The following occupations involved in the operation of power-driven woodworking machines are particularly hazardous for minors between 16 and 18 years of age:

(1) The occupation of operating power-driven woodworking machines, including supervising or controlling the operation of such machines, feeding material into such machines, and helping the operator to feed material into such machines but not including the placing of material on a moving chain or in a hopper or slide for automatic feeding.

(2) The occupations of setting up, adjusting, repairing, oiling, or cleaning power-driven woodworking machines.

(3) The occupations of off-bearing from circular saws and from guillotine-action veneer clippers.

(b) *Definitions.* As used in this order:

(1) The term "power-driven woodworking machines" shall mean all fixed or portable machines or tools driven by power and intended for cutting, shaping, forming, surfacing, nailing, stapling, wire stitching, fastening, or otherwise assembling, pressing, or printing wood or veneer.

(2) The term "off-bearing" shall mean the removal of material or refuse directly from a saw table or from the point of operation. Operations not considered as off bearing within the intent of this order include (a) the removal of material or refuse from a circular saw or guillotine-action veneer clipper where the material or refuse has been conveyed away from the saw table or point of operation by a gravity chute or by some mechanical means such as a moving belt or expulsion roller, and (b) the following operations when they do not involve the removal of material or refuse directly from a saw table or from the point of operation: the carrying, moving, or transporting of materials from one machine to another or from one part of a plant to another; the piling, stacking, or arranging of materials for feeding into a machine by another person; and the sorting, tying, bundling, or loading of materials.

(c) This order shall not apply to the employment of apprentice pattern makers, cabinet makers, airplane-model makers, ship joiners, and moldloftsmen in the occupations declared particularly hazardous in § 422.5 (a) hereof, if such employment is incidental to their apprentice training, is intermittent and for short periods of time and under the direction and supervision of an instructor as a necessary part of such apprentice training, and is carried on in accordance with a written apprenticeship agreement that has been approved by the Federal Committee on Apprenticeship of the Apprentice-Training Service, War Man Power Commission, or by a State apprenticeship council or other authority recognized by the Federal Committee on Apprenticeship.

(d) This order shall not justify noncompliance with any Federal or State law or municipal ordinance establishing a higher standard than the standard established herein.

(c) This amendment shall become effective upon publication in the Federal Register.

[SEAL] KATHARINE F. LENROOT,
Chief of the Children's Bureau.

FEDERAL POWER COMMISSION.

[Docket No. G-141]

CITIES SERVICE GAS COMPANY

ORDER FIXING DATE OF HEARING

OCTOBER 13, 1942.

Commissioners: Leland Olds, Chairman, Claude L. Draper, Basil Manly, John W. Scott and Clyde L. Seavey.

It appearing to the Commission that:

(a) On October 20, 1939, the Commission entered an order instituting an investigation to determine whether, with respect to any transportation or sale of natural gas by Cities Service Gas Company subject to the jurisdiction of the Commission, any rates, charges or classifications demanded, observed, charged or collected, or any rules, regulations, practices or contracts affecting such rates, charges or classifications are unjust, unreasonable, unduly discriminatory or preferential;

(b) The said order of October 20, 1939, provided, further, that if the Commission, after hearing has been had, shall find that any such rates, charges, classifications, rules, regulations, practices, or contracts are unjust, unreasonable, unduly discriminatory, or preferential, to determine and fix by appropriate order or orders, just and reasonable rates, charges, classifications, rules, regulations, practices, or contracts to be thereafter observed and in force;

(c) The investigation conducted by the Commission's staff pursuant to such order of investigation, now substantially completed, discloses conditions, facts and circumstances which warrant a public hearing with respect to the matters set forth in paragraphs (a) and (b) hereof;

The Commission orders that:

(A) A public hearing be held with respect to the matters under investigation, commencing on November 30, 1942, at 10 a. m., in the Federal Building, Kansas City, Missouri, and continuing thereafter at such other times and places as the presiding Trial Examiner may designate;

(B) Interested State commissions may paritcipate in said hearing as provided in § 67.4 of the Provisional Rules of Practice and Regulations under the Natural Gas Act.

By the Commission.

OFFICE OF ALIEN PROPERTY CUSTODIAN.

[Vesting Order 226]

ESTATE OF WILLIAM GASPAR, DECEASED

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

> All right, title and interest and claim of any name or nature whatsoever in and to the Estate of William Gaspar, deceased, of John Gaspar and Mrs. Elena Gaspar Cornea, and each of them, the last known address of both of whom was represented to the undersigned as being in Chisindia, Rumania, and both of whom are nationals of a designated enemy country (Rumania),

is property which is in the process of administration by a person (namely, the Special Administrator of the aforesaid Estate) acting under judicial supervision (namely, that of the District Court of the Fourteenth Judicial District of the State of Montana, in and for the County of Meagher) and which is payable or deliverable to, or claimed by, the aforesaid nationals of a designated enemy country (Rumania), and determining that to the extent that such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Rumania), and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C. on October 10, 1942.

Southern Natural Gas Company

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 14th day of October, 1942.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Southern Natural Gas Company; and

Notice is further given that any interested person may, not later than October 27, 1942, at 5:30 p. m., E. W. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Philadelphia, Pennsylvania.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Southern Natural Gas Company, a registered holding company and a subsidiary of Federal Water and Gas Corporation which is also a registered holding company, proposes to acquire from H. L. Hunt of Dallas, Texas, gas and oil leases covering approximately 10,000 acres of land located in Bienville Parish, Louisiana, and certain wells, gathering lines, distillate tanks, and other facilities appurtenant thereto. The leases will be acquired subject to (a) an overriding royalty in favor of Hunt Oil Company of one-eighth of all oil and of certain hydrocarbons which may be produced therefrom, and (b) a gas sales contract expiring June 2, 1944, providing for the sale of gas produced from such leases to Arkansas Louisiana Gas Company. For all the assets to be acquired, Southern Natural Gas Company will pay Hunt, in cash, $1,700,000 plus certain contingent and assumed payments, the aggregate amount of which is estimated at $98,800.

The application recites that sections 9 and 10 of the Act are applicable to the proposed transaction.

By the Commission.

National Power & Light Company

MEMORANDUM OPINION AND ORDER

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 12th day of October, A. D. 1942.

Appearances: Jesse J. Holland, for the Public Utilities Division of the Commission; Simpson, Thacher & Bartlett by Ira A. Hawkins, Jr., for National Power & Light Company.

National Power & Light Company[1] has made application for permission to extend the time within which shares of its preferred stock may be exchanged for shares of common stock of Houston Lighting & Power Company under the terms of an exchange offer approved by us on December 24, 1941.[2] The present terminal date is October 13, 1942, and authority is requested to extend the date to and including December 15, 1942.

The exchange offer has now been operative approximately 8½ months. During this period a total of 105,578 shares of National preferred have been tendered for exchange, or 37.7% of the original amount thereof outstanding. National has divested itself of 189,672 shares of Houston's common stock, so that it now holds 310,328 shares thereof as compared with 500,000 shares owned by it on January 30, 1942.

The application for the extension alleges, and P. B. Sawyer, President of National, has testified, that although National was authorized to proceed with the "Dealer-Manager" program on June 15, 1942, a week elapsed before the registration of Houston's common stock under the Securities Act of 1933, as amended, could be completed; in consequence, the program did not actually become operative until June 22, 1942. Furthermore, it is asserted that the Dealer Managers required considerable time thereafter to complete their organization of a group of registered security dealers throughout the country to participate in the program as members of the dealer group. National also stresses the fact that at least two months of the period which was available to the Dealer Managers were summer months, a time when "it is difficult to consummate security transactions due to the absence of many people on vacation." Finally, it is urged that the uncertainty regarding pending Federal Tax legislation has had a tendency to delay numerous holders of National's preferred stock in making the exchange, and that if the offer is extended until a reasonable time after the enactment of definitive tax legislation, there is reason to believe that substantial amounts of National's preferred stock may be tendered for exchange.

Conclusions: As we have indicated previously, approximately 8½ months have elapsed since the exchange offer became effective. We think that sufficient time has passed to permit of a thorough canvass of National's preferred stockholders, and that no useful purpose can be served by prolonging the period indefinitely. However, in light of the testimony as to special retarding factors which existed during the past two months, we think that the requested extension to December 15 may be granted.

In reaching this conclusion we have also considered the possible effect of an extension upon the carrying forward of a dissolution program for National Power & Light Company pursuant to our order of August 23, 1941.[3] On this point it was testified that the Houston exchange program will not occupy any substantial portion of the time of National's officers, and there appears to be no other reason why the dissolution program should be retarded by reason of the exchange offer.

As indicated, there is substantial doubt as to the necessity or desirability of any extension of the exchange offer beyond the date of December 15 now proposed. However, if National should determine in the future to apply for further extension beyond such date, we think that the interest of investors requires that such application be filed not later than November 23, 1942. On the other hand, if no extension is to be applied for, notice of the termination of the offer shall be mailed to all preferred stockholders of National not later than November 23, 1942.

It is so ordered.

By the Commission.

Secretary.

[1] A registered holding company under the Public Utility Holding Company Act of 1935 and a subsidiary of Electric Bond and Share Company, also a registered holding company under the Act.

[2] Holding Company Act Release No. 3211. In brief, under the terms of the exchange offer each holder of National's preferred stock may exchange all or any part thereof, in full share amounts to the extent of 90% of the portion of such stock presented for exchange, for common stock of Houston on the basis of two shares of Houston's common stock for each share of National's preferred stock. The remaining 10% of National's preferred stock tendered for exchange will be stamped as ineligible for participation in the exchange offer and returned to the holder thereof. The exchange offer became effective on January 30, 1942, for the 60 day period ending March 31, 1942, which date was subsequently extended by National for an additional period of 60 days ending on June 1, 1942. During the 120 day period mentioned, authority to solicit exchanges was limited by the terms of our order to regular officers and employees of National.

Early in May 1942, National filed an amendment to its declaration in this proceeding setting forth a program designed to facilitate exchanges under the offer. The program contemplated that National would retain Smith, Barney & Co., Lazard Freres & Co., and Blyth & Co., Inc., ("Dealer Managers") to develop and handle the details of a plan to facilitate exchanges. On June 15, 1942, we permitted said amendment to become effective, and also granted National authority to extend the period of the exchange offer for not more than 60 days from June 15, 1942. (Holding Company Act Release No. 3612.) Subsequently, on August 13, 1942, upon application by National, we permitted a further extension for an additional period of 60 days ending on October 13, 1942. (Holding Company Act Release No. 3734.)

PART 503—GENERAL ORDERS

TRANSACTIONS BY PERSONNEL OF THE OFFICE OF ALIEN PROPERTY CUSTODIAN

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned hereby issues the following regulation:

§ 503.8 *General Order No. 8.* (a) No person connected directly or indirectly with the Office of Alien Property Custodian shall effect or cause to be effected for personal profit or benefit any sale or purchase of, or other transaction in, or otherwise deal or participate in any property or interest therein concerning which the Alien Property Custodian has acted, or may hereafter act under the provisions of the Trading with the enemy Act of October 6, 1917, as amended, or pursuant to the powers delegated to the Alien Property Custodian by the President under Executive Order No. 9095, as amended.

(b) This order shall apply to all transactions of the kind above described whether made directly by, for or on account or behalf of any person connected directly or indirectly with the Office of Alien Property Custodian, or in which such person has any beneficial interest. Employees are considered to have a beneficial interest in transactions of their husbands or wives, and therefore such transactions shall be deemed to come within the provisions of this Order.

(c) Any person connected directly or indirectly with the Office of Alien Property Custodian who owns or has any interest in any property or interest therein concerning which the Alien Property Custodian has acted or may hereafter act shall notify the Alien Property Custodian of such ownership or interest immediately upon the execution of this order or the taking of such action by the Alien Property Custodian, as the case may be. (E.O. 9095, 9193; 7 F.R. 1971, 5205)

In testimony whereof, I have hereunto set my hand and seal this 17th day of September, 1942.

TITLE 10—ARMY: WAR DEPARTMENT

Chapter X—Areas Restricted for National Defense Purposes

[Public Proclamation No. 12]

PART 102—CONTROL OF LIGHTING WITHIN RESTRICTED ZONES

WASHINGTON, OREGON AND CALIFORNIA; ZONE OF RESTRICTED LIGHTING

Headquarters Western Defense Command and Fourth Army, Presidio of San Francisco, California.

October 10, 1942.

To: The people within the States of Washington, Oregon and California, and to the Public Generally:

Whereas, current developments and further investigations indicate the military necessity for certain changes in and additions to the provisions of Public Proclamation No. 10, dated August 5, 1942,[1] this Headquarters:

Now, Therefore, I, J. L. DeWitt, Lieutenant General, U. S. Army, by virtue of the authority vested in me by the President of the United States and by the Secretary of War and my powers and prerogatives as Commanding General of the Western Defense Command, do hereby declare that:

1. The present situation requires as a matter of military necessity that sections 2, 3, and 5 (paragraphs (b), (c) and (e) of § 102.1) of said Public Proclamation No. 10 be, and they are hereby amended, as of the effective dates hereinafter provided, so that said Public Proclamation No. 10, from section 1 to 5, (paragraph (a) to (e) of § 102.1) inclusive, will read as follows:

§ 102.1 *Zone of restricted lighting; Washington, Oregon and California.* (a) The present situation requires as a matter of military necessity that a zone of restricted lighting be established within Military Areas Nos. 1 and 2, and that illumination within said zone of restricted lighting be extinguished or controlled in such manner and to such extent as may be necessary to prevent such illumination from aiding the operations of the enemy.

(b) Pursuant to the determination and statement of military necessity in paragraph (a) of this section, a Zone of Restricted Lighting, as particularly described in Exhibit A hereof,[2] and as generally shown on the map made a part hereof and marked Exhibit B,[2] is hereby designated and established. Illumination within the entire area of said zone of restricted lighting shall be extinguished or controlled at all times at night from sunset to sunrise, as follows:

(1) *Signs, floodlighting, display and interior lighting.* Illuminated signs and ornamental lighting of every description which are located out-of-doors, and floodlighting which illuminates buildings or signs (including but not limited to all exterior advertising signs, billboards, display lighting, theatre marquee signs, illuminated poster panels, and building outline lighting), and all interior light sources (as hereinafter defined) which emit direct rays above the horizontal out-of-doors, shall be extinguished. The words, "light sources," as used herein are intended and shall be construed to mean and include any light generating elements and the bright portion of any reflector, lens, luminaire, transparency, or other equipment associated herewith for the control or diffusion of light. This paragraph (b) (1) shall not apply to illumination for industrial or protective purposes except to the extent provided for in paragraph (b) (2) of this section.

(2) *Illumination of outdoor areas; street and highway lights.* Illumination of outdoor areas and industrial and protective illumination, shall be controlled as follows:

(i) Except as provided in paragraph (b) (2) (ii) of this section, illumination on all outdoor areas (including but not limited to automobile service station yards, outdoor parking areas, recreation areas and outdoor structures and roofs) shall not exceed one foot candle at any point when measured on a horizontal plane at any level of such outdoor areas, and all outdoor light sources shall be shielded so that no direct rays from the light source are emitted above the horizontal. All interior lighting of every description shall be reduced or controlled so that it does not contribute more than one foot candle of illumination upon any outdoor area. All street and highway lights shall also be shielded so that each light source emits no more than ten per cent of its total lamp lumens at angles above the horizontal. Provided the foregoing requirements are met, any further reduction or extinguishment of street or highway illumination which would unnecessarily aggravate traffic hazards is not required.

(ii) Variation from the foregoing requirements shall be permitted in the case of illumination for industrial and protective purposes, and from industrial processes, whether interior or exterior, but not including street or highway lights, only when and to the extent that it is necessary to vary from such requirements in order to achieve and maintain maximum efficiency; but only with the written approval of the Ninth Regional Civilian Defense Board, obtained in advance.

(3) *Traffic signs and signals.* Illuminated signs and signals which are authorized or maintained by governmental authority for the purpose of controlling or directing street or highway traffic shall be shielded so that no direct rays from the light source are emitted above the

horizontal in respect to lights mounted ten feet or more above the ground, or above an angle of more than six degrees above the horizontal in respect to lights mounted less than ten but more than three feet above the ground, or above an angle of more than twelve degrees above the horizontal in respect to lights mounted less than three feet above the ground. Relative variations in the upward limit of light are permissible to compensate for grades.

(4) *Navigation and railroad lights.* Authorized lights necessary to facilitate air or water navigation, authorized railroad signal lights, and headlights of railroad locomotives when in motion, are hereby excepted from all the provisions of this proclamation.

(c) In addition to the restrictions hereinbefore imposed, illumination within that part of the zone of restricted lighting which is visible from the sea, as hereinafter defined, shall be further diminished or obscured at all times at night from sunset to sunrise, as follows:

(1) *Street, highway and traffic lights.* Street and highway lights, and illuminated signs (but not signals) which are authorized or maintained by governmental authority for the purpose of controlling or directing street or highway traffic and which are visible from the sea, shall be so shielded that they are not visible from the sea at night and so that no direct rays from the light source are emitted above the horizontal.

(2) *Residential, commercial and industrial windows.* No lighting shall be permitted behind windows or glazed doors visible from the sea unless they are covered by drapes or shades.

(3) *Street and highway traffic.* Within areas visible from the sea, but subject to the exceptions hereinafter stated, vehicles shall operate at night with no more than two lighted driving lamps, regardless of the direction of travel, and each such lamp shall provide a maximum of not more than 250 beam candlepower. Normal rear lights, license plate lights and clearance lights (where required by law) are permitted. Vehicles which are classified as authorized emergency vehicles under the applicable Federal, State or local law, when operated by authorized personnel, and when displaying an illuminated red spotlight, and when responding to a fire alarm, or when in the immediate pursuit of an actual or suspected violator of the law, or when going to or transporting a person who is in apparent need of immediate emergency medical or surgical care, or when responding to some other emergency involving the protection of life or property, shall be excepted from the foregoing provision.

(4) *Industrial and protective illumination.* Light sources for industrial purposes and light from industrial processes within areas visible from the sea, shall comply with the requirements of paragraph (b) (2) of this section, and shall also be shielded so that they are not visible from the sea at night: *Provided,* That variations from these requirements may be permitted in the case of illumination for industrial and protective purposes, and from industrial processes, whether interior or exterior (but not including street or highway lights), only when and to the extent that it is necessary to vary from such requirements in order to achieve and maintain maximum efficiency; but only with the written approval of the Ninth Regional Civilian Defense Board, obtained in advance.

(5) *Other illumination.* Except as hereinabove provided in paragraph (c), all other lights visible from the sea are prohibited at night, including but not limited to light from fires, bonfires, parked cars, flashlights and lanterns.

(6) *Definition of "visible from the sea."* The phrase "visible from the sea," as used herein, is intended and shall be construed to mean and include the following:

Visible at any time from the waters of the Pacific Ocean, or from the waters of the Straits of Juan de Fuca lying south of a line extending due east from the most southerly point of Vancouver Island and west of a line running due north and south through the easternmost point of the easterly boundary line of the City of Port Townsend, Washington, or visible from any of those bodies of water located on the shoreline of the State of California generally known and described as follows:

Santa Monica Bay;
Santa Barbara Channel;
San Luis Obispo Bay;
Estero Bay; and
Monterey Bay;

Provided, however, That the waters of San Francisco Bay, lying easterly of a line extending from Point Bonita through Mile Rock, is not intended and shall not be construed to be a part of the sea; and solely for the purposes of paragraph (c) (3) of this section, concerning street and highway traffic, the phrase, "areas visible from the sea," is also intended and shall be construed to mean and include that portion of streets or highways which may not in fact be visible from the sea but which is within areas generally visible from the sea.

(d) Any person violating any of the provisions of this proclamation, or orders issued pursuant thereto, is subject to immediate exclusion from the territory of the Western Defense Command, and to the criminal penalties provided in Public Law No. 503, 77th Congress, approved March 21, 1942, entitled "An Act to provide a penalty for the violation of restrictions or orders with respect to persons entering, remaining in, leaving, or committing any act in military areas or zones."

(e) The Ninth Regional Civilian Defense Board is hereby designated as the primary agency to aid in the enforcement of the foregoing provisions. It is requested that the civil law enforcement agencies and State and local governmental bodies within the areas affected by this Proclamation assist the Ninth Regional Civilian Defense Board in the enforcement hereof.

2. This proclamation shall become effective October 25, 1942, except those provisions of paragraph (b) (2) (i) hereof, concerning street and highway lights, which shall become effective November 12, 1942.

3. The recitals set forth in the first three paragraphs of said Public Proclamation No. 10 are hereby reaffirmed. Except as hereinbefore expressly amended, all the provisions, and determinations expressed in said Public Proclamation No. 10 shall remain in full force and effect.

[SEAL] J. L. DEWITT,
Lieutenant General, U. S. Army, Commanding.

Chapter II—Administrator of Civil Aeronautics, Department of Commerce

[Amendment 11]

PART 600—DESIGNATION OF CIVIL AIRWAYS

REDESIGNATION OF RED CIVIL AIRWAY NO. 20

October 13, 1942.

Acting pursuant to the authority vested in me by section 302 of the Civil Aeronautics Act of 1938, as amended, I hereby amend Part 600 of the Regulations of the Administrator of Civil Aeronautics as follows:

By amending § 600.10219,[1] *Red civil airway No. 20 (Sault Ste. Marie, Mich., to Wash., D. C.)* to read as follows:

§ 600.10219 *Red civil airway No. 20 (Sault Ste. Marie, Mich., to Washington, D. C.)* From the Sault Ste. Marie, Mich., radio range station via the intersection of the center lines of the on course signals of the southwest leg of the Sault Ste. Marie, Mich., radio range and the northeast leg of the Traverse City, Mich., radio range; and the Traverse City, Mich., radio range station; to the Saginaw, Mich., radio range station. From the intersection of the center line of the on course signal of the northwest leg of the Cleveland, Ohio, radio range and the U. S.-Canadian Border, via the Cleveland, Ohio, radio range station; and the Akron, Ohio, radio range station, to the intersection of the center lines of the on course signals of the southeast leg of the Cleveland, Ohio, radio range and the west leg of the Pittsburgh, Pa., radio range. From the Pittsburgh, Pa., radio range station, via the Martinsburg, W. Va., radio range station; to the Washington, D. C., radio range station.

(Sec. 302, 52 Stat. 985; 49 U.S.C. 452).

This amendment will become effective 00:01 E.S.T., October 15, 1942.

L. L. EDWARDS

§ 3.99 (b) *Using or selling lottery devices—In merchandising.* In connection with offer, etc., in commerce, of respondent's nuts or nut products, or any other products, (1) selling, etc., nuts or nut products, or any other merchandise, so packed and assembled that sales of said merchandise to the public are to be made or, due to the manner in which such merchandise is packed and assembled at the time it is sold by respondent, may be made by means of a game of chance, gift enterprise or lottery scheme; (2) supplying, etc., dealers, or others, with assortments of packages of nuts or nut products which are to be used or, due to the manner in which such merchandise is packed and assembled at the time it is sold by respondent may be used to conduct a lottery, gaming device or gift enterprise in the sale or distribution of such nuts or nut products to the public; (3) packing, etc., in the same assortment packages of nuts or nut products for ultimate sale to the public which individual packages of nuts or nut products are of uniform appearance but some of which contain coins or other United States money; and (4) selling, etc., any merchandise by means of a lottery, game of chance or gift enterprise; prohibited. (Sec. 5, 38 Sat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45(b) [Cease and desist order, L. L. Edwards Docket 4797, October 12, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 12th day of October, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of respondent, in which answer respondent admits all the material allegations of fact set forth in said complaint, and states that he waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent L. L. Edwards, an individual, his representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of his nuts or nut products, or any other products, in commerce, as commerce is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Selling or distributing nuts or nut products, or any other merchandise, so packed and assembled that sales of said merchandise to the public are to be made or, due to the manner in which such merchandise is packed and assembled at the time it is sold by respondent, may be made by means of a game of chance, gift enterprise or lottery scheme;

(2) Supplying to or placing in the hands of dealers, or others, assortments of packages of nuts or nut products which are to be used or, due to the manner in which such merchandise is packed and assembled at the time it is sold by respondent may be used to conduct a lottery, gaming device or gift enterprise in the sale or distribution of such nuts or nut products to the public;

(3) Packing or assembling in the same assortment packages of nuts or nut products for ultimate sale to the public which individual packages of nuts or nut products are of uniform appearance but some of which contain coins or other United States money;

(4) Selling or otherwise disposing of any merchandise by means of a lottery, game of chance or gift enterprise.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-112]

CITY OF PAWTUCKET, RHODE ISLAND

The City of Pawtucket, Rhode Island, has for some time been engaged in the construction at Hammond Pond Park of a park, playground, and recreational project and the erection of a municipal stadium and other buildings. The project is incomplete but during the period immediately prior to June 1, 1942, the principal baseball field and a large grandstand and bleachers overlooking it were completed. On June 8, 1942, the City gave an order to certain contractors to construct a chain link fence costing $8400 and do certain other work. Shortly thereafter the chain link fence was placed in position around the field and the other work done.

Supplementary Conservation Order No. L-41-a[1] provided that any construction primarily for the amusement of the public, with the exception of strictly temporary construction and playgrounds for children, should be terminated on June 6, 1942. An athletic field of this type, equipped with a large grandstand is not strictly temporary construction nor is it a playground for children. Therefore, the construction of the chain link fence and the other work constituted a violation of Supplementary Conservation Order No. L-41-a. At the time the City ordered this construction, it was fully aware of the restrictions contained in Supplementary Conservation Order No. L-41-a[1] provided that any construction unreasonable and unjustified construction of the provisions of said order.

This violation of Supplementary Conservation Order No. L-41-a has hampered and impeded the war effort of the United States by diverting scarce materials to uses unauthorized by the War Production Board. In view of the foregoing, *It is hereby ordered:*

§ 1010.112 *Suspension Order S-112.* (a) The City of Pawtucket, Rhode Island, is hereby directed to take down and remove the chain link fence partially surrounding the athletic field at Hammond Pond Park which fence was installed in violation of Supplementary Conservation Order No. L-41-a and is further directed thereafter not to dispose of the said fence except to the Army or Navy of the United States or as specifically directed by the Director General for Operations.

PART 1293—HAND TOOLS SIMPLIFICATION

[Amendment 2 to Appendix A to Schedule I to Limitation Order L-157]

Appendix A to § 1293.2 *Schedule I*[1] *to Limitation Order L-157* is hereby amended in the following respects:

1. Paragraph (3) *Blade finishes,* is hereby amended by striking out said paragraph (3) and substituting the following:

(3) *Blade finishes.* Black or natural finish is obtained by dipping the blade in its natural state, except that it may be wire brushed to remove scale or rust, in lacquer, or lacquer with an asphaltum base, or other suitable protective coating; the blade shall not be pickled before being wire brushed. Full polished finish is obtained by pickling the blade, finishing on roughing and finishing polishing wheels, and dipping it in lacquer, lacquer with an asphaltum base, or other suitable protective coating. No hand shovels, spades, scoops, or telegraph spoons shall be finished in other than black or natural finish, except moulders' shovels and grain scoops, which may be full polished on the face only, and except shovels delivered to the Army or Navy of the United States, which shovels shall be finished in accordance with the procurement specifications of the War Department or Navy Department as the case may be.

2. Paragraph (5) *Handle finish,* is hereby amended by striking out said paragraph (5) and substituting the following:

(5) *Handle finish.* Neither long handles, nor the stems of D handles, shall be painted or otherwise finished than by sanding and waxing, except all shovels delivered to the Army or Navy of the United States, which shovels shall be painted in accordance with specifications of the War Department or the Navy Department as the case may be. Any metal used in the construction of D handles may be given a protective coating, or the entire D may be so coated, but only so far along the stem as is necessary to cover any metal used in the construction of the D.

3. TABLE 3—*Scoops and Telegraph Spoons* is hereby amended by striking out said Table 3 and substituting the following:

PART 3065—SILICA GEL

[Amendment 1 to General Preference Order M-219]

Section 3065.1 *General Preference Order M-219*[1] is hereby amended in the following respects:

1. By striking from paragaph (b) (1) of said § 3065.1 the words and letter "paragraph (c) hereof" and inserting in lieu thereof the words and letter "paragraph (e) hereof".

2. By changing the designation of paragraphs (c) (d) and (e) of said § 3065.1 to "(e)", "(f)" and "(g)".

3. By adding two new paragraphs to said § 3065.1, designated paragraphs (c) and (d) respectively as follows:

(c) *Small order exemption.* The specific authorization provided for in paragraph (b) (1) hereof, shall not be required with respect to the delivery by any person of one hundred and twenty-five (125) pounds or less of silica gel to any one person in any one month, or to the acceptance of delivery by any one person in any one month, from all sources, of one hundred and twenty-five (125) pounds or less of silica gel. Each person desiring to make small order deliveries of silica gel pursuant to this paragraph (c) shall apply for authorization to make small order deliveries pursuant to paragraph (e) (2) (ii) hereof, and the aggregate amount of small order deliveries made by any such person during any one month shall not exceed the amount of such deliveries which he is specifically authorized to make, *Provided, however,* That authorization to make small order deliveries pursuant to this paragraph (c) shall not be required with respect to small order deliveries by any one person where the aggregate amount of such deliveries during any one month does not exceed one hundred and twenty-five (125) pounds of silica gel.

(d) *Special exemption.* The specific authorization provided for in paragraph (b) (1) hereof, shall not be required with respect to the delivery or acceptance of delivery of any silica gel incorporated in, or forming a part of, any finished product or subassembly.

4. By changing the designation of paragraph (e) (2) (ii) of said § 3065.1 (which paragraph was designated paragraph (c) (2) (ii) prior to this amendment) to "(e) (2) (iii)".

5. By adding a new subdivision to paragraph (e) (2) of said § 3065.1 (which paragraph was designated paragraph (c) (2) prior to this amendment) designated paragraph (e) (2) (ii) as follows:

(ii) *Column 1.* If authorization to make small order deliveries under paragraph (c) hereof is requested, insert "Aggregate Small Order Deliveries" in column 1 after completing the list of customers requiring in excess of one hundred and twenty-five (125) pounds of silica gel and specify in column 4 the aggregate amount of small order deliveries requested to be authorized.

(P.D. Reg. 1, as amended, 6 F. R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2(a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 16th day of October 1942.

PART 3100—FURNACE TYPE CARBON BLACK

[General Preference Order M-244]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of furnace type carbon black for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3100.1 *General Preference Order M-244*—(a) *Definitions.* (1) "Producer" means any person producing furnace type carbon black.

(2) "Distributor" means any person who purchases furnace type carbon black for resale without further processing.

(3) "Furnace type carbon black" means a black produced by thermal decomposition and includes the soft and semi-reinforcing blacks but excludes the channel carbon black and lamp blacks.

(b) *Restrictions on delivery and use.* (1) Subject to paragraph (c) hereof, on and after November 1, 1942 no producer or distributor shall use or deliver furnace type carbon black, and no person shall accept delivery of furnace type carbon black from a producer or distributor, except as specifically authorized or directed by the Director General for Operations.

(2) Authorizations or directions with respect to deliveries to be made or accepted in each month, beginning with November, 1942, will so far as practicable be issued by the Director General for Operations prior to the commencement of such month, but the Director General for Operations may at any time (including the period prior to November 1, 1942), in his discretion and notwithstanding the provisions of paragraph (c) hereof, issue directions with respect to deliveries to be made or accepted or with respect to the use or uses which may be made or may not be made of material to be delivered or then on hand.

(3) Each person specifically authorized to accept delivery of furnace type carbon black shall use such material for the purpose authorized, and only for such purpose, except as otherwise specifically directed.

(c) *Small order exemption.* No specific authorization shall be required for:

(1) Acceptance of delivery by any person in any one calendar month of 100 lbs. or less of furnace type carbon black in the aggregate: *Provided,* That such person has not been specifically authorized to accept delivery of any quantity of such material during such month;

(2) The delivery by any producer or distributor to any person who shall certify to him in writing that he is entitled pursuant to paragraph (c) (1) hereof to accept delivery; and

(3) The use by any producer in any calendar month of 100 lbs. or less of furnace type carbon black in the aggregate.

(d) *Applications and reports.* (1) Each person seeking authorization to accept delivery of furnace type carbon black, during any calendar month, beginning with December, 1942 (except as provided in paragraph (c) hereof), whether for his own consumption or resale, shall file application therefor on or before the 15th day of the month preceding the month for which authorization for delivery is requested. For deliveries in November, 1942, application may be filed at any time. Applications by producers for authorization to use furnace type carbon black shall be filed in the same manner. In each case, the application shall be made on Form PD-600, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

---

[1] 7 F.R. 6997.

(i) Copies of Form PD-600 may be obtained at local field offices of the War Production Board.

(ii) Five copies shall be prepared, of which one shall be forwarded to supplier and three forwarded to the War Production Board, Chemicals Branch, Washington, D. C., Ref: M-244.

(iii) In the heading, under the name of chemical, specify furnace type carbon black; under WPB Order No., specify M-244; under unit of measure, specify pounds; under name of your company, specify name and mailing address; and specify the month and year for which authorization for acceptance of delivery is sought.

(iv) In Columns 1, 11 and 19, specify producer's trade name for product.

(v) In Columns 3, 20 and 22, specify primary product in terms of the following:

Passenger inner tubes.
Truck inner tubes.
Carcass stocks.
Manufacture of synthetic rubber (Specify type: "butyl", etc.).
Footwear (upper stocks).
Mechanical goods.
Insulated wire or cable covers.
Others (specify).

(vi) In Column 4, specify ultimate use of product (as for example, "army trucks", as opposed to "truck inner tubes" which may be the primary product in Columns 3, 20 and 22). Also specify in each case whether your customer is Army, Navy, other government agency, Lend-Lease or commercial customer. Also list specification numbers that may apply.

(2) Each person seeking authorization to make delivery of furnace type carbon black during any calendar month, beginning with December, 1942, shall file application on or before the 20th day of the month preceding the month for which authorization is requested. Applications for authorizations for November deliveries shall be filed as soon as possible after the issuance hereof. In either case, the application shall be made on Form PD-601, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD-601 may be obtained at local field offices of the War Production Board.

(ii) Prepare four copies and forward three certified copies to the War Production Board, Chemicals Branch, Washington, D. C., Ref: M-244.

(iii) Producers or distributors who have filed application on Form PD-600, specifying themselves as their suppliers, shall list their own names as customers on Form PD-601, and shall list their requests for allocation in the manner prescribed for other customers.

(iv) In the heading, under name of chemical, specify furnace type carbon black; under WPB Order No., specify M-244; under name of company, state your name and mailing address; under unit of measure, specify pounds; and state the month and year during which deliveries covered by the application are to be made.

(v) In Columns 3 and 8, specify producer's trade name for product.

(vi) Column 5 may, at your discretion, be left blank.

(vii) Names of customers to whom small order deliveries are to be made during the next month pursuant to paragraph (c) of this order need not be given, but insert in Column 1 "Total small order deliveries (estimated)," and in Column 4, the estimated quantity.

(viii) If it is necessary to use more than one sheet to list customers, number each sheet in order and show grand totals for all sheets on the last sheet, which is the only one that need be certified.

(3) The Director General for Operations may require each person affected by this order to file such other reports as may be prescribed, and may issue special directions to any such person with respect to preparing and filing Forms PD-600 and PD-601.

(e) *Notification of customers.* Each supplier shall notify his regular customers as soon as possible of the requirements of this order, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(f) *Miscellaneous provisions*—(1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of priorities regulations of the War Production Board, as amended from time to time.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C., Ref: M-244.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 16th day of October 1942.

PART 3053—CONVEYING MACHINERY AND MECHANICAL POWER TRANSMISSION EQUIPMENT

[Amendment 1 to General Limitation Order L-193]

Section 3053.1 *General Limitation Order L-193*[1] is hereby amended in the following respects:

1. Paragraph (b) is amended to read as follows:

(b) *Restrictions on acceptance and placing of orders.* (1) On and after the date of this order, no person shall place or tender, and no person shall accept, any restricted order, unless the order has been authorized by the Director General for Operations as provided in paragraph (d) below.

(2) On and after the date of this order, no person shall render engineering services, or make any bid or estimate, for any restricted order, and no person shall order or request any such engineering services or invite any such bid or estimate; except with respect to an order theretofore authorized by the Director General for Operations, in accordance with the provisions of paragraph (d) below.

(3) The provisions of paragraph (b) shall not apply to any order by and for the direct use of the Army, Navy, Maritime Commission or War Shipping Administration (as defined in paragraph (c) (3)) or to any engineering services or bid or estimate in connection therewith.

The provisions of paragraph (b) (2) above shall not apply to any engineering services in connection with any restricted order accepted by the manufacturer prior to October 7, 1942, or to any engineering services in connection with any bid or estimate which was in the process of formulation on that date.

2. Paragraph (d) is amended by adding at the end thereof the following subparagraph (3):

(3) The authorization of the Director General for Operations shall apply not only to the order by the original purchaser for the machinery or equipment covered by the above mentioned Form PD-681 or the application under subparagraph (2) above, but also to any orders for conveying machinery or mechanical power transmission equipment placed by such purchaser's suppliers in fulfillment of the authorized order. The original purchaser shall either (i) transmit a reproduction of the authorization of the Director General for Operations to his supplier of the authorized order or (ii) furnish him with the following certification (on the order or in an attached document):

> I hereby certify that the within (or attached) order has been authorized by the Director General for Operations under the provisions of paragraph (d) of General Limitation Order L-193, by authorization No. , dated , , covering the within described machinery or equipment.
>
> ---------------------- Company
>
> By ----------------------
> (authorized official)

The purchaser's supplier shall furnish a similar certification on or in connection with any restricted order which he places in fulfillment of the purchaser's authorized order.

Any such certification shall be signed by a duly authorized official of the purchaser or supplier making the certification and shall constitute a representation to the War Production Board, as well as to the person to whom addressed, of the facts certified therein.

3. Paragraph (e) is amended by striking the word "October" where it appears in the first line of the paragraph, and substituting in lieu thereof the word "November".

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 16th day of October 1942.

§ 1399.1 *Prohibition against renting or supplying services at higher than maximum prices.* (a) On and after May 11, 1942, regardless of any contract, agreement, lease or other obligation:

(1) No person shall lease or deliver any construction or road maintenance equipment at a rental price, or accept a rental price for such equipment, in excess of the maximum rental price established by this Maximum Price Regulation No. 134;

(2) No person in the course of trade or business shall rent or receive for rental any construction or road maintenance equipment at a rental price in excess of such maximum rental price, and no person in the course of trade or business shall pay a rental price for such equipment in excess of such maximum rental price;

(b) On and after October 22, 1942, regardless of any contract agreement, lease or other obligation:

(1) No person shall perform any operating or maintenance service at a charge in excess of the maximum charge established by this Maximum Price Regulation No. 134;

(2) No person in the course of trade or business shall receive or pay for any operating or maintenance service at a charge in excess of such maximum charge;

(c) No person shall agree, offer, solicit, or attempt to do any of the acts prohibited in paragraphs (a) and (b) of this section;

(d) The provisions of paragraphs (a) (2) and (b) (2) of this section shall not be construed to apply to (1) any war procurement agency of the United States or any contracting or paying officer thereof, or (2) the government of any country the defense of which the President of the United States deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to promote the defense of the United States" or to any agency of any such government. Any such war procurement agency or any contracting or paying finance officer thereof and any such government or any agency thereof shall be relieved of any and every liability, civil or criminal, imposed by this Maximum Price Regulation No. 134, or by the Emergency Price Control Act of 1942, as amended.

§ 1399.2 *Maximum rental prices*—(a) *Daily basis.* For any construction or road maintenance equipment leased by the day and:

(1) Which is not in actual use for more than 8 hours during one daily period, the maximum rental price shall be the rental price calculated upon the basis of the applicable rate "per day" in the Table of Rates set forth in Appendix A, incorporated herein as § 1399.15;

(2) Which is in actual use for more than 8 but not more than 16 hours during one daily period, the maximum additional rental price for such additional use shall be the rental price calculated upon the basis of 50% of such applicable rate "per day";

(3) Which is in actual use for more than 16 hours during one daily period, the maximum additional rental price for the total additional use over 8 hours shall be the rental price calculated upon the basis of 100% of such applicable rate "per day".

(b) *Weekly basis.* For any construction or road maintenance equipment leased by the week and:

(1) Which is not in actual use for more than 48 hours during one weekly period, the maximum rental price shall be the rental price calculated upon the basis of the applicable rate "per week" in the Table of Rates set forth in Appendix A, incorporated herein as § 1399.15;

(2) Which is in actual use for more than 48 but not more than 96 hours during one weekly period, the maximum additional rental price for such additional use shall be the rental price calculated upon the basis of 50% of such applicable rate "per week";

(3) Which is in actual use for more than 96 hours during one weekly period, the maximum additional rental price for the total additional use over 48 hours shall be the rental price calculated upon the basis of 100% of such applicable rate "per week";

(4) Which remains in the possession of the lessee for a part of a weekly period beyond one or more full weekly periods, the maximum rental price for such part of the weekly period shall be the higher of the following: (i) 1/7th of the applicable rate "per week" for each daily period, or part thereof, of possession or (ii) 1/48th of the applicable rate "per week" for each hour, or part thereof, of actual use: *Provided,* That if such equipment is in actual use during such part of a weekly period for more than 48 hours, the maximum rental price for such part of a weekly period shall be the rental price determined in accordance with subparagraph (1) of this paragraph, together with subparagraphs (2) or (3), whichever may be applicable.

(c) *Monthly basis.* For any construction or road maintenance equipment leased by the month and:

(1) Which is not in actual use for more than 240 hours during one monthly period, the maximum rental price shall be the rental price calculated upon the basis of the applicable rate "per month" in the Table of Rates set forth in Appendix A, incorporated herein as § 1399.15;

(2) Which is in actual use for more than 240 hours during one monthly period, the maximum rental price for each additional hour, or part thereof, of actual use shall be the rental price calculated upon the basis of 1/480th of such applicable rate "per month";

(3) Which remains in the possession of the lessee for a part of a monthly period beyond one or more full monthly periods, the maximum rental price for such equipment for such part of the monthly period shall be the higher of the following: (i) 1/30th of the applicable rate "per month" for each daily period, or part thereof, of possession or (ii) 1/240th of the applicable rate "per month" for each hour, or part thereof, of actual use: *Provided,* That if such equipment is in actual use during such part of a monthly period for more than 240 hours, the maximum rental shall be the rental price determined in accordance with subparagraphs (1) and (2) of this paragraph.

§ 1399.3 *Rates most favorable to lessee.* Notwithstanding the provisions of § 1399.2, if any construction or road maintenance equipment is leased by the day and the rental price thereof calculated upon a daily basis exceeds the rental price calculated upon a weekly basis or upon a monthly basis, or if such equipment is leased by the week and the rental price thereof calculated upon a weekly basis exceeds the rental price calculated upon a monthly basis, the maximum price shall be the rental price calculated upon the basis most favorable to the lessee. This section shall apply even where the periods of rental are not consecutive, if the lessee in such case is willing to rent such equipment continuously and the interval between the termination of the initial period of rental and the commencement of the subsequent period of rental to the same lessee does not exceed thirty days. In such case, the maximum rental price shall be calculated as if the rental periods were consecutive.

§ 1399.4 *Minimum rental period.* (a) Notwithstanding the provisions of §§ 1399.1 and 1399.2, a lessor who, on April 15, 1942, observed an established practice of requiring a minimum period of rental for any construction or road maintenance equipment may continue the same practice for such equipment: *Provided,* That such lessor shall, on or before November 2, 1942, unless he has already done so, file a report with the Office of Price Administration, Washington, D. C., explicitly setting forth the nature of such practice, the construction or road maintenance equipment to which such practice applies, and copies of leases, invoices, or published rental lists and other relevant proof showing that such practice was in effect on April 15, 1942.

§ 1399.5 *Maximum rental prices on other bases.* (a) Except as otherwise provided in § 1399.15, Appendix A, for any construction or road maintenance equipment leased on a "per hour" or other basis not provided for in § 1399.2, the maximum rental price shall be:

(1) Determined in accordance with the provisions of paragraph (a) of § 1399.2, if such equipment is in the lessee's possession for not more than 4 consecutive daily periods;

(2) Determined in accordance with the provisions of paragraph (b) of § 1399.2, if such equipment is in the lessee's possession for more than 4 consecutive daily periods but not more than 3 consecutive weekly periods;

(3) Determined in accordance with the provisions of paragraph (c) of § 1399.2, if such equipment is in the lessee's possession for more than 3 consecutive weekly periods.

(b) The provisions of § 1399.3 shall apply to the determination of a maximum rental price pursuant to this section.

§ 1399.6 *Maximum charges for operating or maintenance services*—(a) *Maximum prices for services with established charges.* (1) If for any operating or maintenance service a supplier had an established charge in effect on March 31, 1942, the maximum charge to any purchaser or lessee for such service shall be the net charge which the supplier would have received on that date from a purchaser or lessee of the same class. "Established charge in effect" means the charge provided in published service charge sheets or the charge regularly quoted, whether such charge was included within the "rental" under a contract on a "fully operated" or similar basis, or was a separate charge for such service. If on March 31, 1942, however, a lessor leased construction or road maintenance equipment on a "fully operated" or similar basis and also on a "bare" basis, the established charge in effect on March 31, 1942, for the operating or maintenance services provided in the contract for such equipment on the "fully operated" or similar basis, when supplied in connection with the rental of such equipment, shall be the difference between the "rental" price in effect on March 31, 1942 of such equipment on the "fully operated" or similar basis and on the "bare" basis. "Net charge" means the amount charged to the purchaser after adjustment for all applicable extra charges, discounts and other allowances in effect on March 31, 1942.

(2) On or before November 2, 1942, every supplier of operating or maintenance services shall file with the Office of Price Administration, Washington, D. C., if he has not already done so, all his established charges in effect on March 31, 1942, for operating or maintenance services, a list of all services for which charges were regularly quoted on March 31, 1942, together with such charges, and a list of all discounts, allowances or extra charges in effect on that date.

(b) *Maximum prices for services without established charges.* (1) If for any operating or maintenance service a supplier had no established charge in effect on March 31, 1942, the maximum charge for such service shall be a charge which has been (i) determined on the basis of the following: Labor rates in effect on March 31, 1942, material prices in effect on that date, not to exceed the applicable maximum prices therefor, and the method of computing service charges, if any, in use by such supplier on that date, or if there was no such method, by a method appropriate to the service to be rendered and resulting in a price bearing a normal relation to the maximum price of a competitive supplier of the same or similar service, (ii) reported pursuant to subparagraph (2) of this paragraph and (iii) either approved or not disapproved by the Office of Price Administration within 30 days after receipt of such report. The Office of Price Administration may disapprove such charge in writing within such 30-day period and upon such disapproval the supplier shall recompute his proposed charge in accordance with the requirements of this paragraph and the suggestions contained in such disapproval and report the same pursuant to subparagraph (2) of this paragraph. Within five days prior to first filing such report and during such 30-day period, but not after such proposed charge shall have been disapproved by the Office of Price Administration, the supplier may quote, contract, or perform such operating or maintenance service at the proposed charge, but final settlement shall be made in accordance with the action of the Office of Price Administration on such report and, if required by the Office of Price Administration, refunds shall be made. If the first proposed charge is disapproved by the Office of Price Administration, the supplier shall not quote, contract, or supply any such service at a charge in excess of the charge suggested by the Office of Price Administration in its disapproval unless and until a proposed charge therefor has been recomputed, reported as herein provided and approved or not disapproved by the Office of Price Administration within 30 days after receipt of such report.

(2) The report required by subparagraph (1) of this paragraph shall be filed with the Office of Price Administration, Washington, D. C., and shall contain a description of the service, the proposed charge, and all relevant data relating to the determination of such charge, including evidence that the proposed charge was determined, so far as possible, on the basis of labor rates, material prices and the method of computing charges prescribed in subparagraph (1).

(c) *Flat rate for operating or maintenance services.* (1) If any supplier is required by an agency of the United States or desires to establish a flat hourly rate for any group of operating or maintenance services, the maximum charge for each service in such group shall be a charge which has been (i) calculated in such a way as to accomplish no increase in the weighted average of maximum charges for all services in such group, (ii) reported pursuant to subparagraph (2) of this paragraph, and (iii) either approved in writing or not disapproved by the Office of Price Administration within 30 days after receipt of such report. The Office of Price Administration may disapprove such charge in writing within such 30-day period and upon such disapproval the supplier shall recompute his proposed charge in accordance with the requirements of this paragraph and the suggestions contained in such disapproval and report the same pursuant to subparagraph (2) of this paragraph. Within five days prior to first filing such report and during such 30-day period, but not after such proposed charge shall have been disapproved by the Office of Price Administration, the supplier may quote, contract or perform such operating or maintenance services at the proposed charge, but final settlement shall be made in accordance with the action of the Office of Price Administration on such report and, if required, by the Office of Price Administration, refunds shall be made. If the first proposed charge is disapproved by the Office of Price Administration, the supplier shall not quote, contract, or supply any such services at a charge in excess of the charge suggested by the Office of Price Administration in its disapproval unless and until a proposed charge therefor has been recomputed, reported as herein provided and approved or not disapproved by the Office of Price Administration within 30 days after receipt of such report. If at any time the supplier shall, relative to the entire amount of services then being rendered at a particular flat rate, increase the services which had a low maximum charge hereunder or decrease the services which had a high maximum charge hereunder so that the weighted average of charges for all services then being rendered in such group has been increased over the weighted average of maximum charges for all services in such group, the Office of Price Administration may disapprove such maximum charge, but such disapproval shall not be retroactive.

(2) The report required by subparagraph (1) of this paragraph shall be filed with the Office of Price Administration, Washington, D. C., and shall contain a description of the services to which such flat rate is to be applied, the proposed flat rate, the rates or charges for such services in effect on March 31, 1942, or determined in accordance with paragraph (b) of this section, and an indication of the propor-

tion of the supplier's total business accounted for by each such service.

§ 1399.7 *"Fully operated" and similar contracts.* If any construction or road maintenance equipment is leased on a "fully operated" basis or on any other basis whereby the consideration represents payment both for the rental of such equipment and for the performance of any operating or maintenance service, such consideration shall not exceed the aggregate of the maximum rental price herein provided for such equipment and the maximum charge herein provided for such service, and the lessor shall separately itemize on the invoice the rental price and the service charge. This section shall apply whether or not equipment was leased on a "fully operated" or other lump sum basis in March 1942.

§ 1399.8 *Less than maximum prices.* Lower rental prices and lower charges for operating or maintenance services than those set forth in this Maximum Price Regulation No. 134, may be charged, demanded, paid, or offered.

§ 1399.9 *Evasion.* It shall be a violation of this Maximum Price Regulation No. 134, to effect a price increase above the applicable maximum rental price or maximum service charge by making a charge for transportation of construction or road maintenance equipment to or from the job on a basis not heretofore customarily used, by hereafter establishing or extending a minimum rental period for any construction or road maintenance equipment, by changing an adjunct or an accessory tool of any construction or road maintenance equipment to obtain a capacity higher than the manufacturer's rated capacity for such equipment, or by way of commission, service, or other charge or requirement, or by way of premium or other privilege, or in any other manner.

§ 1399.10 *Records and reports*—(a) *Records.* Persons subject to this Maximum Price Regulation No. 134, shall keep available for inspection by representative of the Office of Price Administration for a period of two years records of the following:

(1) *By the lessor of construction or road maintenance equipment.* Records of each lease or rental agreement subject hereto showing the name and address of the lessee, the items of equipment leased, the date of the lease, the actual period of lease, the total rental price paid, the method by which it was calculated, the construction project or locality for which the equipment was leased, and any payments to the lessor, in connection with such equipment, in addition to the rental price.

(2) *By the supplier of operating or maintenance services.* Records of all such services performed after the effective date of this Maximum Price Regulation No. 134, showing the name of the person for whom such services were performed, the date of the transaction, identification of the services providing a reference to a price list or to production records, and the net charge therefor, and, in addition, records showing as precisely as possible the basis upon which maximum charges for operating or maintenance services are determined.

(b) *Additional or substituted records and reports.* Every person subject to this Maximum Price Regulation No. 134, shall keep such other records and submit such other reports, including periodic financial statements, as the Office of Price Administration may from time to time require in writing, either in addition to or in substitution for records and reports herein required.

§ 1399.11 *Petitions for amendment*—(a) *Amendments.* Persons seeking modification of this Maximum Price Regulation No. 134, or an adjustment or exception not provided for therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1, issued by the Office of Price Administration.

(b) *Special amendments*—(1) *Counties of the State of Michigan.* Notwithstanding the provisions of § 1399.2, the maximum rental price for any construction or road maintenance equipment leased or furnished to the State of Michigan by the Board of County Road Commissioners of any County of the State of Michigan shall be the rental price agreed upon between the State of Michigan and its Counties on July 21, 1942, as set forth in the rate sheets filed with the Office of Price Administration on August 17, 1942.

§ 1399.12 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 134, are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 134, or any price schedule, regulation, or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest District, State, or Regional Office of the Office of Price Administration or its principal Office in Washington, D. C.

§ 1399.13 *Definitions.* (a) When used in this Maximum Price Regulation No. 134, the term

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successors or representatives of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Construction or road maintenance equipment" means any machinery or equipment specifically set forth in the Table of Rates in Appendix A, incorporated herein as § 1399.15.

(3) "Rental price" means the amount charged for the use or possession of any construction or road maintenance equipment.

(4) "War procurement agency" includes the War Department, the Department of the Navy, the United States Maritime Commission, the Lend-Lease Section of the Procurement Division of the Treasury Department and the following subsidiaries of the Reconstruction Finance Corporation: Rubber Reserve Company, Metals Reserve Company, Defense Plant Corporation, and Defense Supplies Corporation, or any agency of any of the foregoing.

(5) "Operating or maintenance service" means furnishing an operator, supervisor, mechanic or oiler for the operation of construction or road maintenance equipment and also means any operation in the repair and maintenance of construction or road maintenance equipment, including the supplying of fuel, oil, lubricants and repair parts in connection therewith, whether or not any of the foregoing is rendered under a contract on a "fully operated" or similar basis.

(6) "Daily period" means a period of 24 consecutive hours.

(7) "Weekly period" means a period of 7 consecutive daily periods.

(8) "Monthly period" means the period from any day in one month to the corresponding day in the succeeding month, if any, or if none, to the end of such succeeding month; except that for the purposes of § 1399.3 the term "monthly period" means a period of 30 daily periods.

(9) "Fully operated basis" refers to a contract in which the lessor, for the consideration paid by the lessee, rents construction or road maintenance equipment, furnishes the operator, supervisor, mechanic and/or oiler, supplies the necessary fuel, oil, grease and other lubricants and performs all the repairs and maintenance operations necessary to keep the equipment in working order.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 as amended shall apply to other terms used herein.

§ 1399.14 *Effective date.* This Maximum Price Regulation No. 134, (§§ 1399.1 to 1399.10 inclusive) shall become effective May 11, 1942.

§ 1399.14a *Effective dates of amendments.* (a) Amendment No. 1 (§ 1399.15) shall become effective May 11, 1942.

(b) Amendment No. 2 (§ 1399.11 (a)) shall become effective September 8, 1942.

(c) Amendment No. 3 (§§ 1399.1 to 1399.15) shall become effective October 22, 1942.

§ 1399.15 *Appendix A—Table of Rates.* Rental rates in this Table of Rates, unless otherwise provided therein, do not include charges for operator, supervisor, mechanic or oiler, or for fuel, oil or other lubricants, or for repairs or maintenance: *Provided,* That the lessor may not make any charge in addition to the maximum

rental price herein provided because of usual and ordinary wear and tear.

TITLE 46—SHIPPING

Chapter II—Coast Guard: Inspection and Navigation

Subchapter F—Marine Engineering

PART 50—GENERAL PROVISIONS

PART 55—PIPING SYSTEMS

AMENDMENTS TO REGULATIONS AND APPROVAL OF EQUIPMENT

By virtue of the authority vested in me by R. S. 4405, 4418, 4429, 4430, 4433, 4488, 4491, as amended, 49 Stat. 1544 (46 U.S.C. 375, 392, 407, 408, 411, 481, 489, 567), and Executive Order No. 9083, dated February 28, 1942 (7 F.R. 1609), the following amendments to the Inspection and Navigation Regulations and approval of miscellaneous items of equipment for the better security of life at sea are prescribed:

The first undesignated paragraph of § 50.1 is amended to read as follows:

§ 50.1 *Basis and application of rules.* This subchapter contains specifications and requirements for materials, design, construction, installation, and inspection of boilers, unfired pressure vessels and appurtenances thereof, also piping, valves, fittings, flanges, safety valves, etc., upon the strength and efficiency of which safety of life is dependent, and which are intended for maximum temperatures of 1000° F. Parts 50 to 57, inclusive, apply to installations contracted for or built on or after 1 July 1935. Part 58 applies only to installations contracted for or built prior to 1 July 1935.

Section 55.19-3(s) is deleted and the following new paragraphs (s)(1) and (s)(2) are substituted therefor:

§ 55.19-3 *Detail requirements.* * * *

(s) (1) All valves, flanges and fittings shall be legibly marked with the manufacturer's name or registered trademark and the primary service pressure rating for which he guarantees them in service: *Provided,* That small "finished" or polished non-ferrous products such as trycocks or petcocks need not be marked.

(2) Steel valves, flanges and fittings shall be tested by their manufacturer to a hydrostatic pressure in accordance with the requirements of tables P-10 and P-11. Bronze, cast iron or malleable iron valves, flanges and fittings for steam service or other services at temperatures exceeding 150° F. shall be tested by their manufacturer to a hydrostatic pressure of not less than 2½ times their steam working pressure. Bronze valves and fittings for high pressure hydraulic or air services at temperatures not exceeding 150° F. shall be tested by their manufacturer to a hydrostatic pressure of not less than 1½ times their hydraulic or air working pressure.

MISCELLANEOUS ITEMS OF EQUIPMENT APPROVED

The following items of equipment for the better security of life at sea are approved:

Life Raft

18-person catamaran type life raft (Dwg. No. 7, dated 13 September 1942), submitted by Dougherty's Body Works, Lancaster, Pa.

Life Floats

40-person rectangular hollow balsa wood life float (Dwg. dated 11 July 1942), manufactured by General Store Equipment Corporation, New York, N. Y.

Life Preserver

No. SAKJ-17 adult kapok life preserver (Revised) (Dwg. No. SAKJ-17, dated 13 August 1942, Rev. 22 September 1942), Approval No. B-170, manufactured by Seaway Manufacturing Co., Inc., New Orleans, La. (Approved for general use and for use with lifesaving suits)

Life Preserver Light

Dutch Admiral life preserver light (Dwg. dated 22 June 1942, Rev. 25 September 1942), submitted by Henry A. S. Van Daalen, 17 East 42nd St., New York, N. Y.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B-1]

HARMAN COAL CO.

ORDER OF DISMISSAL WITH RESERVATIONS

This proceeding was instituted by the Bituminous Coal Division (the "Division"), pursuant to section 4 II (h) of the Bituminous Coal Act of 1937 (the "Act"), and § 304.14 of the Rules and Regulations for the Registration of Distributors ("Distributors' Rules"), by a Notice of and Order for Hearing dated October 9, 1941, said Order having been subsequently amended and supplemented by Order dated November 12, 1941, both of which orders were duly served upon the Respondent, in order to investigate and determine whether Harman Coal Company, a registered distributor, Registration No. 4002, of 50 Broad Street, Columbus, Ohio, and violated certain provisions of the Act and the Distributors' Rules promulgated pursuant to section 4 II (h) of the Act.

A hearing having been held before W. A. Cuff, a duly designated Examiner of the Division at a hearing room thereof in Columbus, Ohio, on December 8, 1941; the Examiner having made and entered his report, proposed findings of fact, proposed conclusions of law and recommendation of the Examiner in the matter dated August 10, 1942, in which it was found that Harman Coal Company, registered distributor, Registration No. 4002, violated section 4 II (h) of the Act, paragraphs (a), (e) and (f) of the agreement by registered distributor signed by William S. Harman, President, Harman Coal Company, on July 29, 1939, Order No. 295 of the Division dated June 14, 1940, and Order No. 301 of the Division, dated August 8, 1940 by:

(a) Accepting a discount of 70 cents per net ton from the effective minimum price of $1.65 per net ton f. o. b. the mine on 254.80 net tons of 2 inch slack coal shipped in four carload lots and purchased from C. E. Haymaker, a code member in District No. 4, doing business as Paramount Coal Company at its Paramount Mine, in Hocking County, Ohio, Mine Index No. 170, during October 1940 for resale and resold to Longview State Hospital, Carthage, Ohio, in its own name, the maximum allowable discount being 12 cents per net ton;

(b) Failing to furnish, or cause to be furnished to the Division currently as issued true copies of all resale copies or orders entered into by respondent with its customers and all invoices to its vendees as required by Division Order 295, dated June 14, 1940, and Division Order 301, dated August 8, 1940;

The Examiner having recommended therein that an order be entered providing that the registration of Harman Coal Company as a Registered Distributor, Registration No. 4002, be suspended for a period of sixty (60) days from the date thereof;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs, and no exceptions and supporting briefs having been filed;

The undersigned having determined after consideration of the record that the proposed findings of fact and the proposed conclusions of law of the Examiner should be approved and adopted as the findings of fact and the conclusions of law of the undersigned;

It appearing, however, that the Director has heretofore, on April 15, 1942, in a proceeding known as Docket No. 1695-FD, ordered that the registration of Harman Coal Company, a registered distributor, Registration No. 4002, be revoked, effective fifteen (15) days thereafter; and

It appearing, therefore, unnecessary, at this time, to take further action in this matter, but that, nevertheless, jurisdiction should be reserved for the purpose of taking appropriate action should Respondent at any time make application for reregistration as a distributor or for any other purpose;

Now, therefore, it is ordered, That the proposed findings of fact and the proposed conclusions of law of the Examiner be, and the same are hereby approved and adopted as the findings of fact and the conclusions of law of the undersigned;

It is further ordered, That in the event Respondent at any time hereafter makes application for registration as a distributor, the Division may require as a condition precedent to the granting of such application, the repayment by Respondent of all distributor's discounts from the effective minimum prices, unlawfully accepted and retained by Respondent prior to April 28, 1942, the effective date of said revocation, and that jurisdiction be and it is hereby reserved for such purpose and for the purpose of taking such other action in this proceeding as may be appropriate.

Dated: October 14, 1942.

LUND BROTHERS

PROCEEDING FOR REVOCATION OF LICENSE

To: Lund Brothers, Warren, Oregon; specification of charges and notice of hearing.

You are hereby charged with violation of the Federal Explosives Act in:

(1) That on or about August 29, 1942, you stored explosives of a quantity greater than 25 pounds, not in the process of manufacture, otherwise than in a magazine which was properly constructed, safely located and securely locked or otherwise protected against theft;

(2) That on or about August 29, 1942, you stored explosives on premises without conspicuously displaying thereon a sign containing the words "Explosives—Keep Off".

Each of the two items set out above constitutes, if true, a violation of the Federal Explosives Act (55 Stat. 863), or the regulations pursuant thereto. Item (1) constitutes a violation of section 17 (a) of the regulations, item (2) a violation of section 12 of the Act and sections 17 (b) and 20 (c) of the regulations.

Unless by letter postmarked not more than 15 days from the date of this notice (1) you deny each and every one of the charges specified above or set out a legal excuse for those that are admitted or deny that the act charged constitute violations of the Federal Explosives Act or of the regulations issued pursuant thereto and (2) demand that you be heard on your answer to those charges, I shall forthwith revoke the vendor's license heretofore issued to you under the Federal Explosives Act.

If, after denying each and every one of the charges specified above or after setting up a legal excuse for those charges that are admitted or after denying that the acts charged constitute violations of the Federal Explosives Act or of the regulations issued pursuant thereto, you demand that you be heard on your answer to those charges, you will be heard on November 16, 1942, at 10 o'clock in the morning before J. Howard Bird, Mining Engineer, United States Bureau of Mines, Seattle, Washington, or by such other representative of the Director of the Bureau of Mines as he shall designate, at the office of the Bureau of Mines in the Federal Building, Seattle, Washington, or on the same date and at the same time before me or my representative at the office of the Bureau of Mines in the Interior Building, Washington, D. C. Your choice between Seattle, Washington, and Washington, D. C., as a hearing place must be clearly indicated in the letter in which you demand a hearing. The hearing will be informal but you may appear with counsel if you so choose.

A copy of the Federal Explosives Act and a copy of the regulations issued under its authority are enclosed.

Dated at Washington, D. C. this 9th day of October 1942.

Lorsch, the last known address for whom was represented to the undersigned as being in Dure-et-Loire, France, in and to certain real property, together with all fixtures, improvements and appurtenances thereto, situated at 112 East 78th Street, New York, New York, and more particularly described as set forth in Exhibit A attached hereto and made a part hereof,

is property within the United States owned by a national of a designated enemy country (Germany), and determining that to the extent that such national is a person not within a designated enemy country, such person is controlled by a designated enemy country (Germany), or a person within such country, and the national interest of the United States requires that such person be treated as a national of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 54-52]

PUGET SOUND POWER AND LIGHT CO., ET AL.

NOTICE OF FILING OF AMENDED PLAN AND ORDER FOR HEARING

In the matter of Puget Sound Power and Light Company and Engineers Public Service Company.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 14th day of October, 1942.

Engineers Public Service Company, a registered holding company, having on the 14th day of May, 1942, filed an application pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 for approval of a plan for the recapitalization of Puget Sound Power and Light Company, a subsidiary company of said Engineers Public Service Company, which plan provided in substance that: (1) Puget should reclassify its existing prior preference stock so that holders thereof would receive 2½ shares of new preferred for each share of existing prior preference; (2) that Puget should reclassify its existing preferred stock so that holders thereof would receive 1⅗ shares of new common stock for each share of existing preferred; and (3) that Puget should reclassify its existing common stock so that holders thereof would receive 1/22 of a share of new common stock for each share of existing common, as a result of which the present common stock would have received 12.4% of the new common stock proposed to be issued; and

The Commission by its notice of and order for hearing dated the 29th day of May, 1942, having given notice of the filing of such plan and having ordered a hearing thereon; and hearings on said plan pursuant to said notice of and order for hearing having been held; and Engineers Public Service Company having on the 14th day of October, 1942, filed an amended plan for the recapitalization of said Puget Sound Power and Light Company, which plan in substance provides as follows:

The percentage of the new common stock to be received by the present common stock of Puget is reduced from 12.4% to 3.03% reducing the number of shares to be issued from 59,926 shares to 13,183 shares. The arrears on the prior preference stock will be reduced by the amount of $275,000, namely, from $3,025,000 to $2,750,000 by the payment of an additional dividend of $2.50 per share before the consummation of the plan.

The authorized capital of the company now consisting of 110,000 shares of prior preference stock without par value, 500,000 shares of preferred stock without par value and 2,000,000 shares of common stock without par value will be changed into an authorized capital stock of $35,528,750 consisting of $13,750,000 of preferred stock dividend into 275,000 shares of preferred stock of the par value of $50 each (hereinafter called "Preferred Stock") and $21,778,750 of common stock divided into 435,575 shares of common stock of the par value of $50 each (hereinafter called "Common Stock").

110,000 shares of the existing prior preference stock without par value of the company heretofore authorized and now outstanding will be changed into and reclassified as 275,000 shares of preferred stock of the par value of $50 per share; 18,005 shares of the existing preferred stock without par value of the company heretofore issued and reacquired and held in the Treasury of the Company will be cancelled and the remaining 263,995 shares of the existing preferred stock without par value of the company now outstanding will be changed into and reclassified as 422,392 shares of common stock of the par value of $50 each, and 1,318,388 shares of the existing common stock without par value of the company now outstanding will be changed into and reclassified as 13,183 shares of common stock of the par value of $50 each. All rights of the holders of existing prior preference stock and preferred stock to accumulate and unpaid dividends will be cancelled.

The amended plan is made conditional upon the issue and sale of $52,000,000 principal amount of First Mortgage Bonds, Series A, 3½% due 1972 and $8,000,000 principal amount of Debentures, 3% due 1951, said amounts being subject to reduction (as specified in the plan) upon the receipt of the proceeds of certain condemnation awards.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be reconvened for the purpose of taking testimony with respect to said amended plan:

It is ordered, That a hearing be reconvened on October 26, 1942, at 10:00 o'clock, A. M., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, before William W. Swift, the trial examiner heretofore designated to preside at the hearings herein.

It is further ordered, That without limiting the scope of the issues presented by said amended plan otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether the plan as amended is feasible.

(2) Whether the plan as amended is necessary to effectuate the purposes of section 11 (b) of the Act and is fair and equitable to the persons affected thereby.

(3) What provisions, if any, should be included in the plan to ensure that effective voting control and management are vested in the persons entitled to vote as a result of the consummation of the plan.

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order by registered mail to Puget and Engineers not less than seven days prior to the date hereinbefore fixed as the date of the hearing; and that notice of said hearing is hereby given to subsidiaries of Puget and Engineers, the security holders of Puget, Engineers and subsidiaries thereof, consumers of said companies, all States, municipalities and political subdivisions of States within which are located any of the utility assets of Puget or under the laws of which any of such companies are incorporated, all State commissions, State securities commissions and all agencies, authorities or instrumentalities of one or more States, municipalities or other political subdivisions having jurisdiction over Puget or Engineers or any subsidiaries thereof or over any of the businesses, affairs, or operations of any of them; that such notice shall be given further by a general release of the Commission, distributed to the press and mailed to the mailing list for releases isued under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER not later than seven days prior to the date hereinbefore fixed as the date of hearing.

By the Commission.

(c) The holders of 56,819 shares of 7% Cumulative Prior Preference stock, $100 par value, upon which dividends have not been paid since January 1, 1933, and are accrued in the amount of $3,762,222.33 as at June 15, 1942, will receive approximately 66,635 shares or 28% of the common stock of PGE or approximately 1.17 shares for each share of said Prior Preference stock.

3. PEPCO'S holdings of 154,705 shares representing all the common stock of its subsidiary, Portland Traction Company. ("Traction"), will be distributed in the following manner:

(a) The aforementioned Group "A" holders of PEPCO bonds will receive approximately 109,099 shares of common stock of Traction or approximately 6.9 shares for each $1,000 bond.

(b) The aforementioned Group "B" holders of PEPCO bonds will receive approximately 2,075 shares of common stock of Traction or approximately 5.91 shares for each $1,000 bond.

(c) The aforementioned holders of 7% Cumulative Prior Preference Stock of PEPCO will receive approximately 43,530 shares or 28% of the common stock of Traction or approximately .77 share for each share of said Prior Preference Stock.

4. There will be organized under the laws of the State of Oregon, a corporation bearing the name "Portland Electric Power Realization Corporation" ("Realization") with an authorized capital stock consisting of 5,681,900 shares of preferred stock, $1 par value, and 124,812,350 shares of common stock, with a stated value of $1 per share. The preferred stock shall not be entitled to receive dividends save and except in liquidation. The assets of Realization which it will receive from PEPCO are as follows:

(a) 23,180 shares of $6 cumulative preferred stock of Consolidated Electric and Gas Company or any stock which shall have been received by PEPCO upon any recapitalization of said Consolidated Electric and Gas Company.

(b) $16,000 principal amount of Collateral Trust Bonds, Series A, and $9,000 principal amount of Collateral Trust Bonds, 6% Series of Consolidated Electric and Gas Company.

(c) A cause of action of PEPCO's against Central Public Utility Corporation to recover 21,000 shares of $6 preferred stock of Consolidated Electric and Gas Company.

(d) A cause of action of PEPCO's against The Chase National Bank of the City of New York arising out of the issue of $40,000,000 first and refunding 4½% bonds of PGE and the transfer of the electrical generation and distribution properties of PEPCO to PGE, which cause of action bears suit No. 962, now pending in the District Court of the United States for the District of Oregon.

(e) The right to receive new $2 preferred stock of PGE (described below in detail) in an amount which will represent the difference between the amount of any reduction of PGE's indebtedness to The Chase National Bank (which is now being litigated in the District Court of the United States for the District of Oregon and bears suit No. 427) and the cost of such litigation which the court shall find to be properly chargeable to PGE.

(f) Miscellaneous causes of action, assets and cash.

5. The articles of incorporation of PGE will be amended so as to provide for the authorization of 100,000 shares of $2 preferred stock, which shall be entitled to receive dividends at the rate of $2 a year prior to any declaration of dividends on the common stock of PGE and to participate ratably with said common stock in any earnings in excess of $2 a year dividends upon said common stock. The said new $2 preferred stock shall have no voting rights except that after a default in the payment of dividends for a period of 24 months, it shall have sole voting rights. Upon liquidation, the holders of such stock shall be entitled to $40 a share plus all accumulated and unpaid dividends prior to any distribution of the common stock.

6. The aforementioned holders of the 7% Cumulative Prior Preferred Stock of PEPCO will receive in the aggregate such amount of the preferred stock, $1 par value, of Realization as will equal the difference between their claim of $9,443,791.29 as at June 15, 1942 and the value of the securities of PGE and Traction which they are to receive as outlined above, in the event that the value of such securities is determined not to be equal to the amount of such claim.

7. The holders of 61,943 shares of 6% Cumulative First Preferred Stock, $100 par value, of PEPCO upon which there are accumulated dividends since November 1, 1932 in the amount of $3,577,208.25 as at June 15, 1942, will receive common stock of Realization on a share for share basis.

8. The holders of 30,357.35 shares of 7.2% Cumulative First Preferred Stock, $100 par value, of PEPCO upon which there are accumulated dividends since November 1, 1932 in the amount of $2,103,764.35 as at June 15, 1942, will receive common stock of Realization on a share for share basis.

9. The holders of 32,512 shares of $6 First Preferred Stock, no par value, of PEPCO upon which there are accumulated dividends since November 1, 1932 in the amount of $1,877,568 as at June 15, 1942, will receive common stock of Realization on a share for share basis.

10. The plan gives no recognition to the $6 Second Preferred Non-Cumulative Stock of PEPCO of which there are outstanding 3,586 shares, $1 par value, nor to the common stock of PEPCO of which there are outstanding 988 shares, $1 par value.

11. Incidental to the aforementioned distributions, the plan provides for the following transactions:

(a) PGE will assume $9,729 of net current liabilities and a $145,000 mortgage and will pay PEPCO $316,661 for certain properties now owned by Cazadero Real Estate Company and Little White Salmon Land Company, both of which are presently wholly-owned subsidiaries of PEPCO. Thereafter, Cazadero Real Estate Company and Little White Salmon Land Company will be dissolved.

(b) Traction will assume $8,426 of net current liabilities and will issue and deliver to PEPCO 23,574 shares of common stock, with a stated value of $1,626,992 in return for

1. PEPCO's interurban railway properties,

2. PEPCO's car shops and car houses which are now leased to Traction for an annual rental of $29,872, and

3. Certain real estate in Oregon City, Oregon, now owned by Cazadero Real Estate Company and used as a freight terminal.

12. Traction will assume or pay all creditors and claims arising against the interurban operation, and Realization will assume or pay all other current accounts of PEPCO including all taxes.

13. As soon as practicable PGE will proceed to sell the stock which it owns in Seattle Gas Company and will sell or distribute in kind to its stockholders the shares of $6 Preferred Stock of Consolidated Electric and Gas Company which it owns, or the stock of said company which it may receive upon any recapitalization thereof.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and the consumers for a hearing to be held with respect to such plan, either as filed or as modified, or any other plans which may be proposed by any person having a bona fide interest in the reorganization, in accordance with the provisions of section 11 (f) of the Act:

It is ordered, That hearing on such plan under the applicable provisions of said Act and rules of the Commission will be held on November 9, 1942 at 10:00 A. M., E. W. T. in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pa.,.on such day the Hearing Room Clerk in Room 318 will advise as to the room where such hearing will be held.

[2] 7 F.R. 2966, 3242, 3783, 4545, 4618, 5193, 6064.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the issues to be considered in this proceeding, particular attention will be directed at said hearing to the following matters and questions:

(1) Whether the proposed plan is fair and equitable to the persons affected.

(2) Whether the proposed plan is feasible.

(3) To what extent, if at all, the proposed plan should be modified or amended to render it feasible and fair and equitable to the persons affected.

(4) Whether the various transactions set forth in connection with the proposed plan meet the requirements of applicable sections of the Public Utility Holding Company Act of 1935, particularly sections 7, 10, 11 and 12 thereof, and the Rules and Regulations promulgated thereunder, including (but without limitation) the following:

(a) The acquisition by PGE of certain properties now owned by Cazadero Real Estate Company and Little White Salmon Land Company in consideration of the assumption of $9,729 of net current liabilities and a $145,000 mortgage and the payment of $316,661.

(b) The acquisition by Traction of PEPCO's interurban railway properties, PEPCO's car shops and car houses and certain real estate in Oregon City, Oregon, now owned by Cazadero Real Estate Company and used as a freight terminal in consideration of the assumption by Traction of $8,426 of net current liabilities and the issuance to PEPCO of 23,574 shares of Traction's common stock.

(c) The issuance by Realization of preferred and common stock.

(d) The issuance by Portland General Electric Company of preferred stock.

(e) The sale or disposition by PEPCO of the stock of Seattle Gas Company and Consolidated Electric and Gas Company.

(5) Whether the plan should be approved.

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing copy of this order by registered mail to Thos. W. Delzell and R. L. Clark, Independent Trustees of Portland Electric Power Company not less than twenty-five days prior to the date hereinbefore fixed as the date of the hearing; and that notice of said hearing is hereby given to subsidiaries of said Portland Electric Power Company, the bondholders and stockholders of said Portland Electric Power Company and subsidiaries thereof, consumers of said companies of States, municipalities and political subdivisions of States within which are located any of the utility assets of Portland Electric Power Company and subsidiaries thereof or under the laws of which any of such companies are incorporated, all state Commissions, state securities commissions, and all agencies, authorities or instrumentalities of one or more States, municipalities or other political subdivision having jurisdiction over Portland Electric Power Company or any subsidiaries thereof or over any of the businesses, affairs, or operations of any of them; that such notice shall be given further by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER not later than fifteen days prior to the date hereinbefore fixed as the date of hearing.

It is further ordered, That Thos. W. Delzell and R. L. Clark, Independent Trustees, on or before October 24, 1942, mail to all known bondholders at their last known addresses and to all stockholders of record of said Portland Electric Power Company copies of this Notice of and Order for Hearing.

It is further ordered, That any persons desiring to be heard in connection with this proceeding or proposing to intervene herein shall file with the Secretary of this Commission on or before November 7, 1942 his request or application therefor as provided by Rule XVII of the Rules of Practice of the Commission.

By the Commission.

Chapter I—Civil Service Commission

PART 18—WAR SERVICE REGULATIONS

REAPPOINTMENT AND REINSTATEMENT, AMENDMENT

Section 18.8 *Reappointment and reinstatement* issued, as amended, on September 26, 1942 (7 F.R. 7723) is amended to read as follows:

§ 18.8 *Reappointment and reinstatement.* Subject to the prior approval of the Commission, a former civilian employee of the executive branch of the Federal government may be reinstated (or reappointed) by war service appointment to any position which is covered by these regulations and for which he establishes the requisite qualifications. Such reinstatement must be for actual service and not primarily for the purpose of bringing the person within the provisions of the Civil Service Retirement Act, as amended.

Persons reinstated under this section will be required to serve a trial period of one year in accordance with § 18.5 (c) of this chapter. (E.O. 9063, 7 F.R. 1075)

NOTE: This section supersedes Civil Service Rule IX, 5 CFR, Part 9, with respect to positions covered by these regulations.

By the United States Civil Service Commission.

TITLE 12—BANKS AND BANKING

Chapter II—Board of Governors of the Federal Reserve System

PART 222—CONSUMER CREDIT

INSTALMENT SALES; CHARGE ACCOUNTS

On October 14, 1942, the Board of Governors of the Federal Reserve System amended Part 222 in the following respects to become effective October 26, 1942:

1. Section 222.4 entitled *Installment sales*[1] is amended by adding the following new paragraph:

§ 222.4 *Instalment sales.* * * *

(e) *"Approvals", "demonstrators", etc.* In case a listed article is delivered in anticipation of an instalment sale of that article or a similar article (such as a delivery "on approval", "on trial", or as a "demonstrator"), the registrant shall require, at or before the time of such delivery, a deposit equal to the down payment that would be required on such an instalment sale.

2. Section 222.5 entitled *Charge accounts*[2] is amended by adding the following two new paragraphs (g) and (h), and by changing paragraph (f) to read as follows:

§ 222.5 *Charge accounts.* * * *

(f) *"Authorization" of small items.* In case a registrant makes a charge sale of a listed article the cash price of which is $5.00 or less, he shall not be deemed to have violated § 222.5 (b) if the person authorizing such sale on behalf of the Registrant acts in good faith without knowledge that the customer's charge account is in default, provided the registrant, promptly upon discovery that such charge account is in default and in any event within 15 days from the date of sale, makes a request of the customer that he either return the article or else pay for it in full immediately.

(g) *Small defaults.* A charge account shall not be deemed to be "in default" within the meaning of §§ 222.5 (c) or 222.12 (m) if the amount in default is less than $2.00.

(h) *"Approvals", "demonstrators", etc.* When a charge account is in default, the registrant shall not deliver any listed article to the obligor in anticipation of a sale of that article or a similar article (such as a delivery "on approval", "on trial", or as a "demonstrator"). When a charge account is not in default and the registrant makes such a delivery of any article, the delivery (unless it is in anticipation of an instalment sale) shall be treated for the purposes of this regulation as a charge sale made on the date of the delivery.

(Sec. 5 (b), 40 Stat. 415, as amended by sec. 5, 40 Stat. 966, sec. 2, 48 Stat. 1, sec. 1, 54 Stat. 179; sec. 301, Pub. Law 354, 77th Congress; 12 U.S.C. 95 (a) and Sup., and E.O. No. 8843, dated August 9, 1941)

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Orders, Serial No. 1982]

ORDER PERMITTING THE ADMINISTRATOR TO DESIGNATE IDENTIFICATION MARKS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 14th day of October 1942.

It appearing to the Board:

1. That in the coastal areas of and in other places in the continental United States, flight of aircraft other than military aircraft and aircraft used in scheduled air transportation has been restricted by the creation of vital defense areas; and

2. That certain public aircraft registered pursuant to the provisions of section 501 of the Civil Aeronautics Act of 1938, as amended, owned or operated by agencies of the Federal Government of the United States, are subject to these restrictions; and

3. That pilots of such aircraft encounter difficulties in obtaining clearance to fly into or through such vital defense areas, which difficulties arise largely from the fact that the said aircraft bear civil identification marks; and

4. That the Administrator is not permitted to assign to such aircraft other or different identification marks than those set forth in § 60.32 of the Civil Air Regulations; and

5. That the difficulty in obtaining clearance for such aircraft into or through vital defense areas impedes the war effort;

The Board finds that its action is necessary to the war effort;

Now therefore, pursuant to sections 205 (a) and 601 of the Civil Aeronautics Act of 1938, as amended: *It is ordered:*

Notwithstanding the limitations contained in § 60.32 of the Civil Air Regulations, the Administrator may assign, upon application by the registered owner, or by the operator with the consent of the registered owner, to any public aircraft owned or operated by the Federal Government of the United States or any agency thereof, an identification mark consisting of any number, letter, symbol, or combination thereof as he in his discretion may see fit, *Provided:*

1. That the Administrator find in each case that the assignment of such an identification mark will promote the war effort;

2. That any authorization granted hereunder shall expire not later than midnight of the last day of the sixth full calendar month after the expiration of the war;

3. That prior to assigning any such identification mark the Administrator shall ascertain that the consent of the armed forces of the United States has been obtained for the display on the particular aircraft of the identification proposed to be assigned; and

4. That any authorization given hereunder shall be limited to the display of such identification mark within the continental limits of the United States only, unless such number, letter, or symbol be preceded by the roman capital letter N; and

5. That any aircraft bearing identification marks pursuant to an authorization granted hereunder shall be subject to the provisions of the Civil Air Regulations to the same extent as though it were identified as an "NC" aircraft.

By the Civil Aeronautics Board.

Secretary.

[Amendment 21-10 Civil Air Regulations]

PART 21—AIRLINE TRANSPORT PILOT RATING

REEXAMINATION

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 14th day of October 1942.

Acting pursuant to sections 205 (a), 601 and 602 of the Civil Aeronautics Act of 1938, as amended, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective October 14, 1942, Part 21 of the Civil Air Regulations is amended as follows:

1. By striking § 21.29 and inserting in lieu thereof the following:

§ 21.29 *Reexamination.* (a) An applicant who has failed any prescribed theoretical examination may apply for reexamination at any time after the expiration of 30 days from the date of such failure or after he has received not less than 5 hours instruction in each subject failed from a person employed by an airline to instruct in such subject or from whichever one of the following persons is appropriate:

(1) A certificated airline transport pilot;

(2) A certificated ground instructor rated for the subject;

(3) A person qualified to instruct in the theory of instrument flight.

(b) An applicant who has failed to pass any prescribed practical examination or test may apply for reexamination only after (1) he has logged at least 5 additional hours of flying solely by instruments and at least 5 additional hours of dual flight instruction with a certificated flight instructor or a certificated airline transport pilot, or (2) he has acquired such part of the above practice or instruction as may, in the opinion of the Administrator, warrant reexamination. Upon meeting the requirements of this paragraph (b) an applicant for reexamination shall be deemed to meet the 5 hours solo flight time requirements set forth in § 21.161 (b).

(c) Applicant shall present a statement from the instructor indicating that he has given the required instruction and that he deems the applicant qualified to pass the flight test or that part of the theoretical examination in which such instruction was given, whichever is appropriate.

2. By amending the table of contents to conform to this amendment.

By the Civil Aeronautics Board.

PART 61—SCHEDULED AIR CARRIER RULES

WEATHER REPORTS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 14th day of October 1942.

Acting pursuant to sections 205 (a), 601, and 604 of the Civil Aeronautics Act of 1938, as amended, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective October 14, 1942, Part 61 of the Civil Air Regulations is amended as follows:

By striking the phrase "15 minutes" as it appears in § 61.602 (c) and inserting in lieu thereof the phrase "30 minutes."

By the Civil Aeronautics Board.

PART 61—SCHEDULED AIR CARRIER RULES

INSTRUMENT FLIGHT; TRIAL APPROACHES

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 12th day of October 1942.

Acting pursuant to sections 205 (a) and 601 of the Civil Aeronautics Act of 1938, as amended, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective December 1, 1942, Part 61 of the Civil Air Regulations is amended as follows:

By adding a new § 61.7302 to read as follows:

§ 61.7302 No pilot shall, at any airport, let-down below his last approved cruising altitude when he has received United States Weather Bureau information indicating that either the ceiling or visibility is below the authorized minimum for landing at that airport.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Grand Rapids Factory Show Rooms, Inc., et al., Docket 4626, October 12, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 12th day of October, A. D. 1942.

In the Matter of Grand Rapids Factory Show Rooms, Inc., and Morris Zisblatt, Meyer Zisblatt, Sam Zisblatt, and Lillian Zisblatt.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of respondents Grand Rapids Factory Show Rooms, Inc., Meyer Zisblatt and Sam Zisblatt (service of the complaint not having been obtained upon the other respondents), in which answer said respondents admit all the material allegations of fact set forth in said complaint, except as to the continuation in business after June, 1940, of the respondent Grand Rapids Factory Show Rooms, Inc., and state that they waive all intervening procedure and further hearing on said facts, and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That said respondents, Grand Rapids Factory Show Rooms, Inc., a corporation, and its officers, and Meyer Zisblatt and Sam Zisblatt, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of furniture in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the words "Grand Rapids," or any simulation thereof, as a part of respondents' corporate or trade name, or otherwise representing, directly or by implication, that the furniture sold by respondents is obtained principally from Grand Rapids, Michigan.

2. Using the words "Grand Rapids," or any simulation thereof, to designate, describe, or refer to furniture which is not in fact manufactured in Grand Rapids, Michigan.

3. Misrepresenting in any manner the place of origin or manufacture of respondents' furniture.

4. Using the term "Factory Show Rooms," or any other term of similar import, as a part of respondents' corporate or trade name, or otherwise representing that respondents' place of business is a factory show room.

5. Using the phrase "Direct from factory to you," or any other phrase of similar import, to designate, describe or refer to the character of respondents' business, or otherwise representing that respondents own or operate a factory or that respondents' furniture is sold direct from the factory to the consumer, or that the prices at which respondents sell their furniture are wholesale prices.

It is further ordered, That said respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It is further ordered, That this proceeding be, and it hereby is, closed as to respondents Morris Zisblatt and Lillian Zisblatt without prejudice to the right of the Commission, should the facts so warrant, to reopen the proceeding and resume trial thereof in accordance with its regular procedure.

By the Commission.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1619]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-I, § 328.21 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-II, and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof; Commencing forthwith, the Shipping Point, Railroad and Freight Origin Group appearing in the aforesaid Supplement R-I for the coals of Mine Index No. 5497 shall be as therein shown instead of the Shipping Point, Railroad and Freight Origin Group heretofore applicable to this mine; Commencing forthwith, the Shipping Point appearing in Supplement R-II for the coals of Mine Index No. 3261 shall be as therein shown instead of the Shipping Point heretofore applicable for this mine; Commencing forthwith, the Seam Designation appearing in Supplement T for the coals of Mine Index No. 5609 shall be as therein shown instead of the Seam Designation heretofore applicable to this Mine.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: September 29, 1942.

[SEAL] DAN H. WHEELER,
Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 8

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter A—General Provisions

PART 903—DELEGATIONS OF AUTHORITY

[Supplementary Directive 1O]

§ 903.18 *Further delegation of authority to the Office of Price Administration with reference to rationing of fuel oil.* (a) In order to permit the efficient rationing of fuel oil, the authority delegated to the Office of Price Administration in § 903.1 Directive No. 1, is hereby extended to include the following:

(1) The exercise of rationing control over the sale, transfer, delivery or other disposition of fuel oil by any person to any consumer, in cases in which either such person or such consumer is within the limitation area, and over the use of fuel oil by any person: *Provided*, That such authority shall not include the power;

(i) To limit or restrict the quantity of fuel oil obtainable by the Army, Navy, Marine Corps, or Coast Guard of the United States or by government agencies or other persons to the extent to which they acquire fuel oil for export to and consumption or use in any foreign country; and

(ii) To deny fuel oil to any person for the operation of oil burning equipment (other than equipment furnishing heat or hot water to any building or structure) for the reason that such equipment can be converted to the use of a fuel other than fuel oil, except where the denial of fuel oil is recommended by the Office of Petroleum Coordinator for War and approved by the Director General for Operations.

(2) The requiring of the delivery of such coupons, certificates or other evidences as the Office of Price Administration may prescribe, as a condition to the sale, transfer, delivery or other disposition of fuel oil by any person to any other person in cases in which either person is within the limitation area.

(b) The authority of the Office of Price Administration under this supplementary directive shall include the power to regulate or prohibit the sale, transfer, delivery or other disposition of fuel oil to, or the acquisition or use of fuel oil by, any person who has acted in violation of any rationing regulation or order prescribed by the Office of Price Administration.

(c) The Office of Price Administration is authorized, in accordance with the provisions of Executive Order No. 9125, and to the extent that it may deem necessary to the enforcement of the authority delegated in paragraphs (a) and (b) of this supplementary directive:

(1) To require records and reports and to make audits of the accounts and inspections of the facilities of any person wherever located, involved directly or indirectly in the sale, transfer, delivery, or other disposition of fuel oil to or from any point in the limitation area; and

(2) To require any person wherever located, who is involved, directly or indirectly, at any stage in the distribution of fuel oil which is ultimately sold, transferred, delivered or otherwise disposed of in the limitation area (whether by such person or by other persons), or which is ultimately used in the limitation area, to comply with any rule, regulation or procedure promulgated or established pursuant to the authority delegated in paragraph (a) of this supplementary directive.

(d) As used in this supplementary directive, the term "fuel oil" means any liquid petroleum product commonly known as fuel oil, including grades No. 1, 2, 3, 4, 5 and 6, whether or not blended or rebranded, such as Bunker C, Diesel oil, kerosene, range oil, and gas oil. The term also includes any other liquid petroleum product having the same specifications as the above designated grades and used for the same purposes as such grades.

The term "person" means any individual, partnership, corporation, association, government or governmental agency, and any other organized group or enterprise; the term "consumer" means any person who uses fuel oil for any purpose, including use as a component part of any manufactured article, material or compound; the term "limitation area" means the States of Connecticut, Delaware, Florida (east of the Apalachicola River), Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Ohio, Pennsylvania, Rhode Island, South Carolina, South Dakota, Vermont, Virginia, West Virginia, Wisconsin, and the District of Columbia.

(e) This supplementary directive shall become effective October 16, 1942.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-113]

IDEAL SEATING CO.—IDEAL CAST PRODUCTS CO.

Ideal Seating Company, Grand Rapids, Michigan, is a corporation engaged in the manufacture of public seating. Ideal Cast Products Company, Grand Rapids, Michigan, is a foundry which is operated as a division of Ideal Seating Company. During the months of March, April and June, 1942, the company filed with the War Production Board PD-69 forms requesting allocations of pig iron, which applications contained misrepresentations in that they indicated that non-defense orders bore an A-1-a preference rating. Such misrepresentations constituted violations of General Preference Order M-17[2] and Priorities Regulation No. 1.

During the period from May 5, 1942, to June 19, 1942, the company put into process in the manufacture of theater chairs, quantities of iron in excess of the quantities it was permitted to use for that purpose during that period under the provisions of General Conservation Order M-126.

These violations of General Preference Order M-17, General Conservation Order M-126 and Priorities Regulation No. 1 have impeded and hampered the war effort of the United States by diverting scarce materials to uses unauthorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered* That:

§ 1010.113 *Suspension Order S-113.* (a) Deliveries of material to Ideal Seating Company, its successors and assigns, or to Ideal Cast Products Company, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned or applied to such deliveries by means of preference rating orders, general preference orders, or any other order or regulation of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(b) No allocation shall be made to Ideal Seating Company, its successors and assigns, or to Ideal Cast Products Company, its successors and assigns, of any material the supply or distribution of which is governed by any order of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) Nothing contained in this order shall be deemed to relieve Ideal Seating Company or Ideal Cast Products Company, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on October 20, 1942, and shall expire on January 20, 1943, at which time the restrictions contained in this order shall be of no further effect.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 17th day of October 1942.

PART 1095—COMMUNICATIONS

[Interpretation 1 to Preference Rating Order P-130 as Amended September 8, 1942]

MAINTENANCE, REPAIR, OPERATING SUPPLIES AND OPERATING CONSTRUCTION

The following interpretation is hereby issued by the Director General for Operations with respect to § 1095.3 Preference Rating Order P-130, as amended September 8, 1942.[1]

Question has been asked as to the meaning of the phrase "equipment of a superseded type" as employed in paragraph (a) (7) (i) of Order P-130, as amended September 8, 1942.

Telephone and telegraph equipment is of a "superseded" type, within the meaning of this subparagraph, if it is usable, in its present state of repair, by the operator in a practical manner in his existing plant and is not currently being put into service, and in addition is either:

(a) No longer manufactured or carried by the manufacturer as a regular item for sale to operators; or

(b) Of such character that, were it not for the present and reasonably anticipated service requirements of the war program, the operator would not place it back into service or would dispose of it by sale as usable equipment or as junk.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 17th day of October 1942.

ERNEST KANZLER,
Director General for Operations.

PART 1095—COMMUNICATIONS

[Preference Rating Order P-132]

§ 1095.15 *Preference Rating Order P-132*—(a) *Definitions.* For the purposes of this order:

(1) "Operator" means any individual, partnership, association, business trust, corporation, receiver, or any form of enterprise whatsoever, whether incorporated or not, the United States, the District of Columbia, any state or territory of the United States and any political, corporate, administrative or other division or agency thereof, to the extent engaged in rendering wire telegraph, cable or related communication services (exclusive of such services rendered by operators of telephone communication systems) within, to, or from the United States, its territories or possessions.

(2) "Material" means any commodity, equipment, accessory, part, assembly, or product of any kind.

(3) Without regard to whether or not the expenditures therefor are for any reason required to be recorded in the operator's accounting records in accounts other than maintenance and repair:

(i) "Maintenance" means the upkeep of an operator's property and equipment in sound working condition.

(ii) "Repair" means the restoration, without thereby increasing existing facilities, of an operator's property and equipment which has been rendered unsafe or unfit for service by wear and tear, damage, destruction of parts, or similar cause.

(4) "Operating supplies" means any material which is essential to and consumed in the operation of wire telegraph, cable, or related communication services by an operator but does not include any material which is physically incorporated in whole or in part in the property or equipment of the operator.

(5) Material for maintenance, repair or operating supplies for the purpose of this order shall not include material used for:

(i) The improvement of an operator's property or equipment through the replacement of material which is still usable in the existing property or equipment with material of a better kind, quality, or design;

(ii) Additions to or expansion of the operator's existing property or equipment.

(6) "Operating construction" means:

(i) The use of materials by an operator for construction (other than buildings) occasioned by the connection, disconnection, changes in, or relocation of, wire telegraph or cable apparatus or related equipment to provide service;

(ii) The relocation or installation of central office equipment as a part of the common switching and/or trunking facilities to meet traffic requirements and provide the necessary channels through which the existing traffic load may be trunked and connection established to enable full use to be made of the existing line terminals but not including the addition of line terminals;

(iii) Rearrangements or changes in existing line plant in order to obtain a more effective or fuller use of such plant: *Provided, however,* That no line capacity shall be added thereto.

(7) "Operator's inventory of material" means all items of new and/or salvaged material and supplies on hand whether held for current use or for sale as junk, until physically incorporated into plant by way of maintenance, repair, operating construction or otherwise, and without regard to whether or not such items of material are carried in the operator's accounting records under "Material and Supplies Account," exclusive nevertheless of:

(i) Any equipment of a presently inactive or superseded type, reserved by an operator for re-use as a practical measure of conservation to meet probable future operating contingencies;

(ii) Any material identified for use in projects which have been specifically authorized by the War Production Board upon application of an operator;

(iii) Any operating supplies which are in the process of being consumed by an operator.

(b) *Assignment of preference rating.* (1) Subject to the terms of this order, the following preference ratings are hereby assigned to operators:

(i) A-1-a for deliveries to an operator of material required by him for maintenance, repair, operating supplies, or operating construction;

(ii) For deliveries to an operator of material required by him for the construction of facilities necessary to serve defense projects bearing a rating of A-1-c or better, the same rating as is assigned to such defense project; except that where such project is assigned two or more ratings and both or all of these are A-1-c or better, such deliveries to an operator are assigned the lowest of the ratings assigned to such defense project.

(2) *Application and extensions of ratings.* The ratings assigned by subparagraph (b) (1) above shall be applied and extended in accordance with Priorities Regulations Numbers 1 and 3, as amended from time to time.

(3) In addition to the requirements of paragraph (b) (2) above, an operator:

(i) In order to apply the preference rating assigned by paragraph (b) (1) (ii), shall first file Form PD-683 with the Communications Branch, War Production Board, Washington, D. C., Ref: P-132, setting forth in detail the appropriate information requested on such form, and in addition thereto, such other information as may be from time to time required.

The Director General for Operations will then notify the operator whether and to what extent the application is approved. A copy of such notification shall be furnished by the operator to any supplier to evidence the proper rating granted pursuant to the provisions of this order.

(c) *Restrictions on use of rating.* (1) The preference ratings hereby assigned shall not be applied by an operator:

(i) To obtain deliveries of material containing copper, iron, steel, or nickel where such metals could be eliminated from said material by the substitution of less scarce metals without serious loss of efficiency in the use of said material;

(ii) To obtain material for replacement of equipment and/or facilities except for essential requirements of maintenance, repair or protection of existing service;

(iii) To obtain material for the installation of additional telegraph, cable and related equipment and/or facilities unless the same are reasonably required to meet the known or fairly anticipated demands for telegraph and related service required by persons engaged in direct defense or charged with responsibility for public health, welfare or security including, but not limited to, those in the service categories shown in Schedule A attached, where their employment in direct defense or their responsibilities for public health, welfare or security require such service for the proper discharge of such duties; or unless required to provide for the installation of, or additions to, public telegraph facilities to meet essential public requirements;

(iv) To obtain material for operating construction as defined in paragraph (a) (6) where the cost of material in any single case exceeds $500; or, at the option of the operator and with the approval of the Director General for Operations to obtain material for operating construction as defined in paragraph (a) (6) in excess of a total amount for each calendar quarter as determined by the Director General for Operations upon the application of the operator. In the event an operator elects to comply herewith by the use of this option, and a specific amount of material for operating construction has been approved by the Director General for Operations, then such operator shall be exempt from the provisions as to the use of material for operating construction set forth in paragraph (e) (2) below.

(d) *Reports.* (1) Each operator affected by this order shall execute and file such reports and questionnaires with the War Production Board as may from time to time be requested by the Director General for Operations.

(e) *Restrictions on deliveries, inventory and use.* (1) On and after October 15, 1942, except as provided in paragraph (e) (3) below, no operator who has applied the rating assigned hereby shall at any time accept deliveries of material (whether or not rated pursuant to the provisions of this order) to be used for any purpose:

(i) Until the dollar value of the operator's inventory of material shall have been reduced to a practical working minimum. Such practical working minimum shall in no event exceed 27½% of the dollar value of material used for all purposes during the calendar year 1940.

(ii) Where the receipt thereof shall increase the dollar value of the operator's inventory of material to an amount in excess of normal requirements which in no event shall exceed 27½% of the dollar value of material used for all purposes during the calendar year 1940.

(2) Except as provided in paragraph (e) (3) below, no operator who has applied the rating assigned hereby shall, during any calendar quarterly period, use material for maintenance, repair, operating supplies and operating construction the aggregate dollar value of which shall exceed 110% of the aggregate dollar value of such material used during the corresponding quarter of 1940, or, at the operator's option, 27½% of the aggregate dollar value of such material used during the calendar year 1940.

(3) (i) Any operator whose average value of inventory of material for the five calendar years prior to January 1, 1942, did not exceed $10,000, shall be exempt from the provisions of paragraph (e) (1) above.

(ii) Any operator whose use of material for the year 1942 does not exceed $10,000, shall be exempt from the provisions of paragraph (e) (2) above.

(iii) Material delivered pursuant to paragraph (b) (1) (ii) shall be exempt from the provisions of paragraphs (e) (1) and (e) (2).

(iv) From time to time, the Director General for Operations may determine that certain operators are exempt in whole or in part from the restrictions contained in paragraphs (e) (1) and (e) (2) above.

(f) *Sales of material from excess stock.* Any operator may sell to any other operator material from the seller's excess stocks or inventories: *Provided,* That a preference rating of A-1-c or higher assigned by this order, or any preference rating certificate, order, or other direction issued by the Director General for Operations is applied or extended to the operator selling such material; and any such sale shall be expressly permitted within the terms of paragraph (c) (2) (iii) of Priorities Regulation No. 13.

(g) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and, upon conviction, may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining deliveries of, or from processing or using, material under priority control, and may be deprived of priorities assistance.

(h) *Communications.* All reports to be filed, appeals and other communications concerning this order should be addressed to: War Production Board, Communications Branch, Washington, D. C. Ref., P-132.

PART 1095—COMMUNICATIONS

[General Conservation Order L-204]

The fulfillment of requirements for the defense of the United States has created a shortage of materials for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1095.20 *General Conservation Order L-204*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, receiver or any form of enterprise whatsoever, whether incorporated or not.

(2) "Telephone set" means an assemblage of apparatus including a telephone transmitter, a telephone receiver, and their immediately associated devices and wiring for use in telephone communication. It shall not include any telephone set the design and construction of which is substantially different from the telephone sets which have been heretofore manufactured and sold as standard telephone sets, and which has been so designed and constructed as to meet unusual and special requirements for use in combat or for combat equipment, and which is manufactured for delivery to and for the account of:

(i) The Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast Guard, the Civil Aeronautics Administration; or

(ii) The government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, Netherlands, Norway, Poland, Russia, Turkey, United Kingdom, including its dominions, Crown Colonies and Protectorates, and Yugoslavia; or

(iii) Any other country, including those of the Western Hemisphere, now or hereafter designated, pursuant to the Act of March 11, 1941 entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(3) "Manufacturer" means any person who manufactures or assembles telephone sets. It shall not include any person to the extent that he is engaged in the repair or reconditioning of used telephone sets.

(4) "Factory sales value" means the aggregate net value of all sales of telephone sets including both domestic sales and sales for export, produced by a manufacturer at his regular selling price.

(b) *General restrictions.* (1) Each manufacturer shall limit his production of telephone sets:

(i) During the fifteen-day period beginning on the 17th day of October, 1942, and ending on the 31st day of October, 1942, to 4% of the total factory sales value of telephone sets produced by him in the calendar year 1941.

---

[1] 7 F.R. 7090.

(ii) During the second fifteen-day period beginning on the 1st day of November, 1942, and ending on the 15th day of November, 1942, to 2% of the total factory sales value of telephone sets produced by him in the calendar year 1941.

(2) No manufacturer shall produce telephone sets on or after the 16th day of November, 1942.

(c) *Records.* All manufacturers affected by this order shall keep and preserve for not less than two years accurate and complete records concerning production and sales of telephone sets.

(d) *Reports.* Each manufacturer affected by this order shall file such reports and questionnaires with the War Production Board as may from time to time be required by the Director General for Operations.

(e) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from process or use of, material under priority control, and may be deprived of priorities assistance.

(g) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may apply for relief by addressing a letter to the War Production Board, setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(h) *Communications.* All reports to be filed, appeals and other communications concerning this order should be addressed to: War Production Board, Communications Branch, Washington, D. C. Ref: L-204.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 17th day of October 1942.

ERNEST KANZLER,
Director General for Operations.

PART 1191—COFFEE

[Amendment 5 to Conservation Order M-135]

Paragraph (f) of § 1191.1 *Conservation Order M-135*[1] is amended to read as follows:

(f) *Advance deliveries.* Within 10 days before the beginning of any quota period, any roaster may make advance delivery of not more than one-fifth of his quota for that period and any wholesale receiver may accept advance delivery of not more than one-fifth of his quota for that period.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 17th day of October 1942.

PART 1001—TIN

[Amendment 1 to General Preference Order M-43, as Amended June 17, 1942]

Paragraph (f) of § 1001.1 *General Preference Order M-43, as amended June 17, 1942*[2] is hereby amended to read as follows:

(f) *Restrictions on sales and deliveries of certain tin products.* Hereafter, except as provided by Priorities Regulation 13, with respect to "special sales", no person shall sell or deliver, and no person shall purchase or accept delivery of any solder having a tin content of more than 16% by weight, any tin-bearing babbitt, tin-bearing foil, or tin oxide, except where such delivery is:

(1) By a seller in the usual course of a retail business in which the seller is regularly engaged; or

(2) In fulfillment of a purchase order to which a preference rating of A-9 or higher shall have been assigned; or

(3) In fulfillment of a purchase order specifying that such material is to be used for maintenance or repair of existing equipment, and carrying a preference rating of A-10; or

(4) Of solder to be used in the manufacture or sealing of cans, as defined in Conservation Order M-81, and subject to all the provisions, limitations and restrictions of Conservation Orders M-81 and M-86, as either may be from time to time amended; or

(5) Of foil having a tin content of not more than 30% by weight, for dental use pursuant to a purchase order to which a preference rating of A-10 shall have been assigned; or

(6) Of foil having a tin content of not more than 16% by weight, for use in electrotyping, pursuant to a purchase order to which a preference rating of A-10 shall have been assigned.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 19th day of October 1942.

PART 1153—FLUORESCENT LIGHTING FIXTURES

[Limitation Order L-78, as Amended]

Section 1153.1 *General Limitation Order L-78*[1] is hereby amended to read as follows:

§ 1153.1 *General Limitation Order L-78*—(a) *Definitions.* For the purpose of this order:

(1) "Fluorescent lighting fixture" means any equipment employing, or used in connection with an electric light source (but excluding an incandescent light source) in which (i) visible light for illuminating purposes is produced by the passage of electric current through vaporized mercury, or (ii) visible light for illuminating purposes is produced due to the effects of ultra-violet radiation on substances exposed to such radiation, including, but not limited to the following; (*a*) a hot cathode fluorescent lighting fixture, (*b*) a cold cathode fluorescent lighting fixture, (*c*) a rectified fluorescent lighting fixture, (*d*) a Cooper-Hewitt type fixture, (*e*) a Mercury type fixture, and (*f*) a portable fluorescent lighting fixture known as a mechanic's lamp, and any other portable fluorescent lighting fixture designed for use in conjunction with any industrial machine, tool, assembly bench or other similar factory equipment.

"Fluorescent lighting fixture" does not include any tube, bulb, or replaceable fluorescent starter, or portable lamp, commonly known as bed lamps, floor lamps, wall lamps, table lamps and desk lamps.

(2) "Industrial fluorescent lighting fixture" means a fluorescent lighting fixture which fixture is designed and constructed to illuminate an area of a factory, workshop or similar plant in which area manufacturing, assembling, or other industrial functions are performed.

(3) "Non-industrial fluorescent lighting fixture" means any fluorescent lighting fixture other than an industrial fluorescent lighting fixture.

(4) "Maintenance" means the minimum upkeep necessary to the continued and safe operation of any fluorescent lighting fixture.

(5) "Repair" means the restoration of any fluorescent lighting fixture to a sound working condition after wear and tear, damage, destruction or failure of any part has made it unfit or unsafe for service.

(6) "Blocked inventory" means component parts of fluorescent lighting fixtures or material which has been put in process to manufacture fluorescent lighting fixtures or component parts thereof, which component parts or material was in the possession of any person on April 20, 1942, having been acquired by such person or a predecessor in title of such person, pursuant to orders placed by him or such predecessor in title on or before April 2, 1942.

(7) "Reflector" means that part of a fluorescent lighting fixture which redirects the light emitted from the tube, bulb, tubes or bulbs in such fixture in a desired direction. Reflector does not include a wiring channel, wireway, raceway, or any locknuts, screws, bolts, washers or other devices for the purpose of connecting a reflector to such channel, wireway or raceway.

(b) *Restrictions*—(1) *Manufacture.* Notwithstanding any contract or agreement to the contrary, no person shall manufacture or assemble any fluorescent lighting fixture or any component part of any fluorescent lighting fixture, except:

(i) A fluorescent lighting fixture, other than a rectified fluorescent lighting fixture, or any component part of any fluorescent lighting fixture manufactured or assembled from:

(*a*) Materials which were acquired by him subsequent to February 28, 1942, pursuant to orders or contracts bearing a preference rating of A-1-j or better, or bearing any preference rating assigned under the Production Requirements Plan; provided, however, a non-industrial fluorescent lighting fixture may only be manufactured or assembled from such materials upon written authorization from the Director General for Operations.

(*b*) Materials which were acquired by him subsequent to February 28, 1942, and were in his possession on April 20, 1942, pursuant to orders placed by him on or before April 2, 1942, or

(*c*) Component parts of a fluorescent lighting fixture acquired by him from a person having possession of such component parts on April 20, 1942, pursuant to an order placed by such person having such physical possession on or before April 2, 1942.

(ii) Any component part of a rectified fluorescent lighting fixture, provided that such part is used for purposes of maintenance and repair and is manufactured or assembled from materials acquired by him subsequent to February 28, 1942.

(2) *Manufacture of reflectors for fluorescent lighting fixtures.* On and after October 31, 1942, no person shall manufacture or assemble a reflector containing any metal for a fluorescent lighting fixture, except:

(i) To fill a contract or order for the manufacture, assembly, sale or delivery of a fluorescent lighting fixture entered into by such person prior to October 17, 1942: *Provided,* That notwithstanding any such contract or order, no delivery of any such metal reflector shall be made subsequent to November 16, 1942, but nothing in this paragraph shall prevent the sale and delivery of such metal reflector if completely manufactured or assembled on the date of issuance of this amendment, or if manufactured or assembled for use with a fluorescent lighting fixture of the type set forth in paragraph (a) (1) (ii) (*f*), or

(ii) To manufacture or assemble such reflector for a fluorescent lighting fixture designed and constructed for the operation of a 400 watt or a 3,000 watt mercury vapor tube, bulb, tubes or bulbs, or

(iii) To manufacture or assemble such reflector for a fluorescent lighting fixture employing a hot or cold cathode tube, bulb, tubes or bulbs, and which fixture is specifically designed and constructed to prevent combustible dust from collecting upon such tube, bulb, tubes or bulbs, or other electrical devices of such fixture, in accordance with the specifications established by Article 32 of the National Electrical Code, 1940 Edition, for Class II hazardous locations, or

(iv) To fill a specific purchase order or contract of the Navy of the United States for such reflector to be used on board a ship.

(3) *Sale and delivery.* Notwithstanding any contract or agreement to the contrary, no person shall sell or deliver any new fluorescent lighting fixture (that is any fluorescent lighting fixture which has never been used by an ultimate consumer) or any new component part of any fluorescent lighting fixture, except that:

(i) A person who regularly in the course of his business sells fluorescent lighting fixtures or component parts of fluorescent lighting fixtures, may sell and deliver:

(*a*) Any such fixture or component part to a manufacturer or assembler of fluorescent lighting fixtures, or to any other person who regularly in the course of his business sells fluorescent lighting fixtures or component parts thereof, but only for resale of such fixture, component part or component parts assembled by such other person into a fluorescent lighting fixture; or

(*b*) Any such fixture to any of the following governmental departments or agencies or to any person buying for the account of such departments or agencies: Maritime Commission, Navy Department, War Department, Metals Reserve Company, War Shipping Administration or any corporation organized under section 5 (d) of the Reconstruction Finance Corporation Act as amended;

(ii) And any person may:

(*a*) Sell and deliver, pursuant to an order or contract bearing a preference rating of B-2 or better, a fluorescent lighting fixture which such fluorescent lighting fixture was manufactured or assembled on or before June 1, 1942, or which was manufactured or assembled from blocked inventory;

(*b*) Sell and deliver a fluorescent lighting fixture manufactured or assembled subsequent to June 1, 1942, pursuant to an order or contract bearing a preference rating of A-1-j or better;

---

[1] 7 F.R. 2579, 3033, 4474, 6984, 7804.

(*c*) Sell and deliver any component part of any fluorescent lighting fixture, pursuant to an order or contract bearing a preference rating of A–1–j or better, or bearing any preference rating assigned under the Production Requirements Plan;

(*d*) Sell and deliver a cold cathode fluorescent lighting fixture or a hot cathode fluorescent lighting fixture designed and constructed for the operation of a tube, bulb, tubes or bulbs, no individual tube or bulb to have a rated wattage in excess of 30 watts, which fixture is manufactured or assembled from blocked inventory;

(*e*) Sell and deliver any component part of any fluorescent lighting fixture: *Provided*, That such person is engaged in the business of the manufacture and assembly of fluorescent lighting fixtures, and that the person purchasing or receiving such fixture is also engaged in the same business, and any such sale and delivery shall be deemed to be permitted under the provisions of Priorities Regulation No. 13;

(*f*) Sell and deliver any component part of any fluorescent lighting fixture which is sold or delivered for the purposes of maintenance or repair;

(*g*) Deliver a fluorescent lighting fixture or any component part of any fluorescent lighting fixture to be used solely for purposes of demonstration, test or storage of such fluorescent lighting fixture or component part thereof; and a person having title to a fluorescent lighting fixture or component part thereof may deliver such fluorescent lighting fixture or component part thereof from one branch, division or section of a single enterprise to another branch, division, or section of such enterprise;

(*h*) Sell and deliver upon authorization of the Director General for Operations, fluorescent lighting fixtures reported by such person on Form PD–499 to be in his inventory as of June 2, 1942 (said form having been received by the War Production Board on or before August 1, 1942): *Provided*, That on such form the type of operation of such person was declared to be that of retailer: *And provided further*, That he shall make application to the War Production Board on Form PD–556 for permission to make such sale and delivery.

(c) *Avoidance of excessive inventories.* No person shall accumulate an inventory of any material (whether raw, semi-processed or processed) for manufacture into any fluorescent lighting fixture in excess of the minimum amount of such material necessary to maintain production of fluorescent lighting fixtures to the extent permitted by this order.

(d) *Records.* All persons affected by this order shall keep and preserve for not less than two (2) years accurate and complete records concerning inventories, production and sales.

(e) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Reports.* Each person to whom this order applies shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time request.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(h) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may apply for relief by addressing a letter to the War Production Board.

(i) *Applicability of priorities regulations.* This order as amended and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board as amended from time to time.

(j) *Applicability of other orders.* Insofar as any other order issued by the Director General for Operations, or to be issued by him hereafter, limits the use of any material to a greater extent than the limits imposed by this order, the restrictions of such other order shall govern, unless otherwise specified therein.

(k) *Routing of correspondence.* Reports to be filed and other communications concerning this order shall be addressed to the War Production Board, Building Materials Branch, Washington, D. C., Ref: L–78.

PART 3113—PULPWOOD

[General Preference Order M–251]

The fulfillment of requirements for the defense of the United States has created in certain areas and is expected to create in other areas a shortage in the supply for defense, for export and for private account, of wood for pulp and lumber, and has created a shortage in the supply for defense, for export and for private account of various materials and facilities required for the production of pulpwood; and the following order is deemed necessary and appropriate in the public interest and to promote national defense:

§ 3113.1 *General Preference Order M–251*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Pulpwood" includes wood of any species and in any form commonly delivered to a manufacturer of woodpulp for the manufacture of woodpulp, except those species and forms defined in and subject to the following orders of the War Production Board: M–186, M–228, M–229 and M–234.

(3) A "holder of pulpwood" is any person who holds or accumulates pulpwood for manufacture by himself into woodpulp.

(4) To "hold" or "accumulate" pulpwood means to have or obtain control of a supply of pulpwood whether by production or purchase directly by the holder, by production or purchase by an affiliate or subsidiary or by one branch, division or section of a single enterprise or by production or purchase by any other person for delivery to or for the account of the holder.

(c) *Reports of receipts, consumption and inventory of pulpwood.* Each producer of woodpulp shall on or before the 5th day of each month (beginning with the 5th day of November, 1942) file with the Pulp and Paper Branch of the War Production Board, Reference M–251, for each mill operated by him located elsewhere in the United States than in the states of Washington and Oregon, Form PD–656, and for each mill operated by him located in the state of Washington or the state of Oregon, Form PD–661, showing the monthly receipts, consumption and inventory of pulpwood at and for such mill, according to the instructions accompanying such form.

(d) *Control of pulpwood in areas of shortage.* Whenever the Director General for Operations determines that there prevails in any area a shortage in the supply of any type or types of pulpwood required for the production of materials needed in the public interest and for national defense, he may issue a schedule defining such area and such type or types

of pulpwood, and may thereupon, according to the degree of the shortage and the immediacy of the need, and as specified in such schedule,

(1) Allocate specific quantities of pulpwood of the type or types defined held or accumulated in such area from and to specific persons;

(2) Direct holders of pulpwood in such area to maintain in their holdings or accumulations of pulpwood of the type or types defined a stated quantity or percentage, either uniform for all such holders or particular for any, to be known as a "Reserve Supply", available for disposition by the Director General for Operations, from which the Director General for Operations may from time to time authorize or direct the delivery of specific quantities to specific persons and/or the manufacture of specific quantities into the specific products, and the Director General for Operations may in addition from time to time allocate specific quantities of any pulpwood of the type or types defined held or accumulated in such area, although not a part of such "Reserve Supply", from and to specific persons; and provide procedures for applying for and granting such authorizations, directions and allocations;

(3) Direct that no person, or no person of a specified class, may consume, process, deliver or accept delivery of any pulpwood of the type or types defined held or accumulated in such area except upon specific authorization or direction by the Director General for Operations, and provide procedures for applying for and granting such authorization or direction; and/or

(4) Limit or prohibit particular uses of pulpwood of the type or types defined held or accumulated in such area. In any allocation, authorization or direction issued by the Director General for Operations pursuant to clause (1), (2) or (3) of the foregoing paragraph, the Director General for Operations may require the person to whom such allocation, authorization or direction is issued to manufacture, from the pulpwood which is the subject thereof, particular types and quantities of woodpulp or other wood product or impose upon the use of such pulpwood by such person any other conditions necessary and appropriate in the public interest and for national defense. Such allocations, authorizations and directions and any conditions attached thereto, and any limitations or prohibitions issued pursuant to clause (4) of the foregoing paragraph, shall be made to insure the satisfaction of requirements, direct and indirect, for the defense of the United States and for essential civilian supply, may be made in consideration of the possible dislocation of labor, the effect of the local shortage on the national supply of products manufactured from pulpwood and woodpulp, the problems of transporting such products into and out of the area defined, and the necessity of keeping a plant in operation so that it may be able to fulfill war orders and essential requirements, and may be made in the discretion of the Director General for Operations, without regard to preference ratings.

(e) *Miscellaneous provisions* — (1) *Records.* All persons affected by this order shall keep and preserve, for not less than 2 years, complete records concerning their receipts, inventories, and consumption or other disposition of pulpwood.

(2) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(3) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time request.

(4) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(5) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: Pulp and Paper Branch, War Production Board, Washington, D. C., Ref.: M–251.

PART 1421—IRON AND STEEL FOUNDRY PRODUCTS

[MPR 241]

MALLEABLE IRON CASTINGS

A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.* In the judgment of the Price Administrator, the maximum prices established by this Maximum Price Regulation No. 241 are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended. So far as practical, the Price Administrator has advised and consulted with members of the industry which will be affected by this regulation.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250 and in accordance with Procedural Regulation No. 1,[1] issued by the Office of Price Administration, Maximum Price Regulation No. 241 is hereby issued.

Sec.
1421.101 Maximum prices for malleable iron castings.
1421.102 Applicability of the General Maximum Price Regulation.
1421.103 Less than maximum prices.
1421.104 Export sales.
1421.105 Federal and state taxes.
1421.106 Adjustable pricing.
1421.107 Petitions and applications for amendment, adjustment or exception.
1421.108 Evasion.
1421.109 Enforcement.
1421.110 Records and reports.
1421.111 Filing of prices and pricing methods.
1421.112 Transfers of business or stock in trade.
1421.113 Maximum prices for new sellers other than transferees.
1421.114 Definitions.
1421.115 Effective date.
1421.116 Appendix A: Maximum prices for malleable iron castings.
1421.117 Appendix B: Procedure for adjustment of maximum prices.
1421.118 Appendix C: Form for request for review of order denying application for adjustment.
1421.119 Appendix D: Regional Offices and states and territories covered.

AUTHORITY: §§ 1421.101 to 1421.119, inclusive, issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250; 7 F.R. 7871.

In the judgment of the Price Administrator, it is necessary and proper to establish maximum prices for sales of malleable iron castings by a specific maximum price regulation.

§ 1421.101 *Maximum prices for malleable iron castings.* (a) On and after October 21, 1942, regardless of any contract, agreement, lease or other obligation, no person shall sell or deliver malleable iron castings, and no person shall buy or receive malleable iron castings in the course of trade or business, at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1421.116; and no person shall agree, offer, solicit or attempt to do any of the foregoing: *Provided*, That (1) if the purchaser shall receive from the seller a written affirmation that to the best of his knowledge, information, and belief the price charged does not exceed the maximum price established by this Maximum Price Regulation No. 241, and if in such case the purchaser shall have no knowledge of the maximum price and no cause to doubt the accuracy of the affirmation, the purchaser shall be deemed to have complied with this section and (2) where the contract of sale has been entered into on or before October 20, 1942, the parties thereto may make and accept deliveries of the castings required or specified in such contract and the seller may render bills or invoices for such castings to the purchaser at the contract price, subject to adjustment of said price in accordance with the maximum prices established by this Maximum Price Regulation No. 241 within a period not to exceed 30 days after the billing or invoicing.

---

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 971, 3663, 6967.

(b) The provisions of paragraph (a) of this section prohibiting purchasers from paying in excess of the maximum prices shall not be applicable to any war procurement agency or any contracting officer thereof, and any such contracting officer or any paying finance officer shall be relieved of any or every liability, civil or criminal, imposed by this Maximum Price Regulation No. 241 or by the Emergency Price Control Act of 1942, as amended.

(c) The provisions of this section shall not be applicable to sales or deliveries of malleable iron castings to a purchaser if prior to October 21, 1942 such castings have been received by a carrier other than a carrier owned or controlled by the seller for shipment to such purchaser.

§ 1421.102 *Applicability of General Maximum Price Regulation.* The provisions of this Maximum Price Regulation No. 241 supersede the provisions of the General Maximum Price Regulation with respect to sales and deliveries for which maximum prices are established by this regulation.

§1421.103 *Less than maximum prices.* Lower prices than those set forth in this Maximum Price Regulation No. 241 may be charged, demanded, paid or offered.

§1421.104 *Export sales.* The maximum price at which a person may export any malleable iron castings shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[2] issued by the Office of Price Administration.

§1421.105 *Federal and state taxes.* Any tax upon, or incident to, the sale, delivery, processing, or use of a malleable iron casting, imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, shall be treated as follows in determining the seller's maximum price for such castings:

(a) *As to a tax in effect between October 1 to October 15, 1941.* (1) If the seller paid such tax, or if the tax was paid by any prior vendor, irrespective of whether the amount thereof was separately stated and collected from the seller, but the seller did not customarily state and collect separately from the purchase price during the period from October 1 to October 15, 1941, inclusive, the amount of the tax paid by him or tax reimbursement collected from him by his vendor, the seller may not collect such amount in addition to the maximum price, and in such case shall include such amount in determining the maximum price under this Maximum Price Regulation No. 241.

(2) In all other cases, if, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased, and in such case the seller shall not include such amount in determining the maximum price under this Maximum Price Regulation No. 241.

(b) *As to a tax or increase in a tax which becomes effective after October 15, 1941.* If the statute or ordinance imposing such tax or increase does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax or increase actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

§ 1421.106 *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery. Where a petition or application for amendment or for adjustment or for exception under § 1421.107 has been duly filed, a seller may make sales, deliveries or offers of sale at prices adjustable in accordance with the disposition of such petition or application and shall refund to the purchaser any moneys or other consideration paid which are in excess of the maximum price.

§ 1421.107 *Petitions and applications for amendment, adjustment or exception.* (a) Any person seeking relief from a maximum price or prices established under this Maximum Price Regulation No. 241 for a particular malleable iron casting or particular group of malleable iron castings, may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Appendix B, incorporated herein as § 1421.117, and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant.

(b) Any person seeking general relief from the maximum prices or from the formula or method of determining maximum prices established under this Maximum Price Regulation No. 241 may present the special circumstances of his case in a petition for an order of adjustment or exception. Such petition shall be filed with the Office of Price Administration, Washington, D. C., in accordance with Procedural Regulation No. 1,[3] and shall set forth the facts relating to the hardship to which such maximum prices or formula or method subjects the applicant together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942, as amended and of this Maximum Price Regulation No. 241 to eliminate the danger of inflation.

(c) Persons seeking any modification of this Maximum Price Regulation No. 241 or an adjustment or exception not provided for therein, may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1,[3] issued by the Office of Price Administration.

(d) Supplementary Order No. 9,[4] issued by the Office of Price Administration dealing with applications for adjustment of maximum prices of commodities sold pursuant to Government contracts or subcontracts shall not be applicable with respect to malleable iron castings.

§ 1421.108 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 241 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to malleable iron castings, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge or discount, premium or other privilege, or by tying-agreement, or other trade understanding or otherwise; without limiting the generality of the foregoing, the price limitations set forth in Maximum Price Regulation No. 241 shall not be evaded by improper classification of any malleable iron castings, improper application of extras, splitting of orders into small quantities or exchange of patterns in order to increase prices, or by decreasing or discontinuance of cash discounts.

§ 1421.109 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 241 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 241 or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest district, state, field or regional office of the Office of Price Administration, or its principal office in Washington, D. C.

§ 1421.110 *Records and reports.* (a) Each person selling malleable iron castings shall preserve and keep for inspection by the Office of Price Administration for so long a period as the Emergency Price Control Act of 1942 as amended remains in effect, all available records of prices, costs, pricing methods, delivery charges, allowances and discounts on all sales of malleable iron castings made by such seller during the period from October 1, 1941 to October 20, 1942, inclusive.

(b) Each person making a sale of malleable iron castings on or after October 21, 1942 shall keep for inspection by the Office of Price Administration for so long a period as the Emergency Price Control Act of 1942, as amended, remains in effect, complete and accurate records of each such sale, showing (1) the date thereof, (2) the name and address of the buyer and seller, (3) the list price, if any, on the date of sale, (4) net price after adjustment for discounts or other allowances, and (5) where the sale is made pursuant to a contract or agreement entered into on or after October 21, 1942, and the total selling price exceeds fifty dollars, summary of the calculations made in computing the maximum price. The data specified in (1), (2), (3) and (4) of this paragraph (b) shall be kept for inspection by the Office of Price Administration for the same period by each person making a purchase of malleable iron castings in the course of trade or business.

(c) Each person making a purchase or sale of malleable iron castings in the course of trade or business shall submit such reports to the Office of Price Administration and keep such other records in addition to or in place of the records required in paragraphs (a) and (b) of this section as the Office of Price Administration may from time to time require.

§ 1421.111 *Filing of prices and pricing methods.* (a) Each person selling malleable iron castings shall file with the appropriate Regional Office of the Office of Price Administration within thirty days after the effective date of this Maximum Price Regulation No. 241, three copies, duly certified as being true and correct copies, of his published price lists in effect between October 1 and October 15, 1941, inclusive, and a statement, duly signed and sworn to, submitted in triplicate, of his customary extras, discounts, and allowances in effect during such period; if such person had no such published price lists or no such customary extras, discounts and allowances, he shall file a sworn statement to that effect with the appropriate Regional Office. A list of the Regional Offices of the Office of Price Administration and the states and territories covered is set forth in Appendix D, incorporated herein as § 1421.119.

(b) Each person selling malleable iron castings shall file with the appropriate Regional Office of the Office of Price Administration within sixty days after the effective date of this Maximum Price Regulation No. 241, information, on and in the detail required by forms which will be made available to him, as to wage rates, overhead rates, cost of materials, profit margins and pricing methods in effect for such seller at each of his foundries between October 1 and October 15, 1941, inclusive, and for such other periods specified in such forms.

§ 1421.112 *Transfers of business or stock in trade.* If the business, assets or stock in trade of any person producing malleable iron castings are or have been sold or otherwise transferred after October 15, 1941, and the transferee carries on the business or continues to produce the same type of malleable iron castings in an establishment separate from any other establishment previously owned or operated by him, the maximum prices of the transferee shall be the same as those to which his transferor would have been subject if no such transfer had taken place, and his obligations to keep records sufficient to verify such prices shall be the same. The transferor shall either preserve and make available, or turn over, to the transferee all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record and filing of price provisions, of this regulation.

§ 1421.113 *Maximum price for new sellers other than transferees.* Every person engaged in, or who proposes to engage in, the business of selling malleable iron castings who was not in such business at his present foundry at any time between October 1 to October 15, 1941, inclusive, and who is not a transferee as described in § 1421.112 shall apply to the Office of Price Administration, Washington, D. C., for a method, and shall adhere to the method so given, of determining maximum prices for malleable iron castings sold by him.

§ 1421.114 *Definitions.* (a) When used in this Maximum Price Regulation No. 241 the term:

(1) "Administrator" means the Price Administrator of the Office of Price Administration, Washington, D. C., or such person as he may appoint or designate to carry out any of his duties.

(2) "Appropriate Regional Office" means the Regional Office of the Office of Price Administration for the region in which is located the foundry of the seller.

(3) "Export" or "export sale" means any sale of a malleable iron casting located within the continental United States by a seller in the continental United States to a purchaser outside thereof in which the casting sold is transported from the continental United States to a point outside thereof and includes any sale of the exported casting by an agent of the exporter or by a corporation owned or controlled by the exporter within a period of two years after the date of shipment of the casting from the continental United States: *Provided*, That it shall not include such a sale if the agent or subsidiary has processed, fabricated or otherwise substantially changed the form of the casting exported, or if the sale by the agent or subsidiary is through a regularly established retail outlet owned or operated by the agent or subsidiary.

(4) "Machinery service" means any operation in the processing, machining, welding, treating, finishing, testing, inspecting, adjusting, maintaining, repairing or rebuilding of a malleable iron casting owned by another or of a product owned by another, which, as a result of such operation, becomes a malleable iron casting.

(5) "Malleable iron castings" means all ferrous castings sold to railroads and other classes of purchasers having a definite ductility resulting from an annealing process and known as malleable iron, pearlitic malleable iron or by a trade name. The term includes such ferrous castings sold either with or without subsequent processing thereon, such as (without limitation), machining, galvanizing, plating and japanning, but does not include malleable iron castings sold by the manufacturer of another commodity as component parts of such other commodity or as repair parts for such other commodity when such repair parts are covered by a maximum price regulation or price schedule other than the General Maximum Price Regulation.

(6) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(7) "Pricing method" means the formula by which the seller computes a price for malleable iron castings, whether such formula is described to the purchaser or is merely the seller's device for computing costs of labor and materials, other costs, and margin, mark-up or profit.

(8) "Published price list" means a list or schedule of prices for a number of malleable iron castings in which such castings are designated either by weight or quantity or both, or by name or pattern number, submitted by the seller to more than one purchaser or prospective purchaser of the types of castings represented in the list or schedule.

(9) "Purchaser of the same class" refers to the practice adopted by the seller in setting different prices for malleable iron castings during the period from October 1 to October 15, 1941, inclusive, for sales to different purchasers or kinds of purchasers (for example, wholesaler, jobber, retailer, government agency, public institution, individual consumer) or for purchasers located in different areas or for different quantities or grades or under different conditions of sale.

(10) "Substantially the same" when used with reference to two or more malleable iron castings, means that they are substantially the same in design, specifications and weight, and that they are produced by the same type of pattern equipment.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

(§§ 1421.101 to 1421.119, inclusive) shall become effective October 21, 1942.

§ 1421.116 *Appendix A: Maximum prices for malleable iron castings*—(a) *Castings substantially the same as those which the seller contracted or agreed to sell between October 1 and October 15, 1941, inclusive, or for which prices were quoted in the seller's published price list during such period.* The maximum price for each such casting shall be the highest net price at which the seller contracted or agreed to sell such casting to a purchaser of the same class between October 1 and October 15, 1941, inclusive, or, if there were no such contract or agreement of sale, the highest net price quoted for such casting to a purchaser of the same class between October 1 and October 15, 1941, inclusive, is the seller's published price list: *Provided,* That if the seller has contracted or agreed to sell or has quoted in his published price list such casting at a particular price to a specified purchaser between October 1 and October 15, 1941, inclusive, he may not exceed such price on sales or deliveries of such casting to the same purchaser. "Net price" means the contract or agreed or quoted price, as the case may be, adjusted for all applicable customary charges, discounts, quantity differentials or other allowances in effect for the seller between October 1 and October 15, 1941, inclusive.

(b) *Castings which are not substantially the same as those which the seller contracted or agreed to sell between October 1 and October 15, 1941, inclusive, or those for which prices were quoted in the seller's published price lists during such period.* The maximum price for each such casting shall be computed by the seller on the following basis:

(1) *Pricing method.* (i) The seller shall employ the applicable pricing method which was in use at the foundry on October 15, 1941, and which has been or will be filed with the Office of Price Administration in accordance with § 1421.111 herein, employing each of the pricing factors reflected in such method at the levels prevailing at such time, except as specified in subparagraphs (3), (4) and (5) hereinbelow, including: labor rates (applied in accordance with subparagraph (2) below); material costs (applied in accordance with subparagraph (3) below); overhead (burden) rates (applied in accordance with subparagraph (4) below); subcontracted machinery service costs (applied in accordance with subparagraph (5) below); mark-up, margin or profit (applied in accordance with subparagraph (6) below).

(ii) The price arrived at by use of the pricing method shall be adjusted for all applicable customary charges, discounts, quantity differentials or other allowances in use at the particular foundry on October 15, 1941, inclusive, in sales to a purchaser of the same class.

(2) *Labor rates.* (i) Labor costs shall be based upon the labor rates prevailing in the foundry on October 15, 1941, for each classification of labor. If at such time average or piece rates were used, such average or piece rates must be applied, and, in computing such piece rates, the seller shall use the base hourly rates and method in effect for him on October 15, 1941.

(ii) The amount of overtime labor required may be taken into account in computing the cost of labor: *Provided,* That overtime labor costs shall be computed on the basis of the labor rates specified in the preceding subparagraph (2) (i) and that no mark-up, margin, overhead or profit factors shall be based upon that part of the labor cost which is in excess of the straight-time cost.

(3) *Direct material costs.* The seller shall compute direct material costs on a basis no higher than the actual costs to him of such materials, not to exceed the applicable maximum prices thereof established by the Office of Price Administration, and, in determining whether items of material costs are direct or indirect, the seller shall employ the same classifications and criteria which he used on October 15, 1941.

(4) *Overhead (burden) rates.* The seller shall determine overhead or burden rates on the basis of labor, material and other costs, for the period from January 1 to June 30, 1942, adjusting, however, labor costs (both direct and indirect) actually incurred during such period according to the allowable labor rates as specified in subparagraph (2) of this paragraph (b). In computing and applying such overhead rates, and in determining whether items of costs are direct or indirect, the seller shall employ the identical method used on October 15, 1941, and, in particular, (i) if his method of computing overhead rates on October 15, 1941 was based in whole or in part on a normal rate of production expressed in terms of tonnage or other measure of production, he shall continue to use such method, and (ii), if his method of computing overhead rates on October 15, 1941, was based in whole or in part on actual production expressed in terms of tonnage or other measure of production, he shall continue to use actual production factors determined by the amount of such production for the period from January 1 to June 30, 1942, inclusive.

(5) *Subcontracted machinery service costs.* To the extent that the pricing method includes or is based on prices paid for subcontracted machinery services, the seller shall use the actual prices paid or to be paid for such services, not in excess of the maximum prices established for such services by the Office of Price Administration, together with such additional charge, if any, as was in effect for such seller on October 15, 1941 for such subcontracted machinery services: *Provided,* That no overhead, mark-up margin or profit may be figured on such additional charge.

(6) *Mark-up, margin or profit.* The seller shall use the mark-up, margin or profit which he used at the foundry on October 15, 1941, for the same type or classification of castings and customers, and which has been or will be filed with the Office of Price Administration in accordance with § 1421.111.

(c) *Reports and recomputation of maximum prices of malleable iron castings priced in accordance with paragraph (b) of this section.* (1) When a seller first computes a maximum price for any such casting for which he has no previous production experience, he shall compute such maximum price in accordance with the provisions of paragraph (b) of this section and he shall employ in his pricing method his best estimates of the number of man-hours of labor, amount of defectives, kinds and quantities of materials and other costs which will be required or incurred in the production of such casting. The seller shall, however, on subsequent contracts of sale for the same casting made after actual production thereof, recompute the maximum price of such casting in accordance with the provisions of paragraph (b) of this section, employing in his pricing method the number of man-hours of labor, amount of defectives, kinds and quantities of materials and other costs actually required or incurred in the production of such casting: *Provided,* That the seller shall not be required to recompute such maximum price as hereinbefore specified after he has gained sufficient production experience with such casting to enable him to calculate his costs thereof with reasonable accuracy.

(2) In any case in which a seller, in accordance with the preceding subparagraph (1) of this paragraph (c), recomputes a maximum price which is higher than the maximum price earlier estimated, he shall file a report with the appropriate Regional Office of the Office of Price Administration containing:

(i) Description of the malleable iron casting;

(ii) The maximum price prior to the price increase;

(iii) The new maximum price;

(iv) An explanation of the higher price (in terms of the pricing method and of the appropriate cost factors reflected in such pricing method): *Provided,* That if the price of the malleable iron casting previously has been reported pursuant to this subparagraph (2) without objection from the Office of Price Administration, the seller shall not be required to report subsequent sales or deliveries at the same or a lower price.

§ 1421.117 *Appendix B: Procedure for adjustment of maximum prices under § 1421.107* (a). (a) An application for adjustment shall be made on, and in the detail required by, forms to be obtained from the Office of Price Administration, Washington, D. C., or from any of its Regional Offices.

(b) *Application must be verified.* An application for adjustment shall be signed by the applicant and shall contain a statement, signed and sworn to by the applicant, that the statements made in the application are known by him to be true and correct.

(c) *Place for filing application and number of copies.* An original and two copies of an application for adjustment may be filed either with the appropriate Regional Office of the Office of Price Administration or with the Office of Price Administration, Washington, D. C. Any application filed in Washington, D. C., may be transmitted by the Office of Price

Administration to the appropriate Regional Office for action by that Office.

(d) *Action by Regional Offices.* After due consideration, the Regional Office may, by order, grant, in whole or in part, or deny any application for adjustment which is properly pending before it. The decision of the Regional Office shall be accompanied by a statement of the reasons for its action. In cases of unusual difficulty or importance, the Regional Office shall refer the application for decision to the Administrator in Washington, D. C.

(e) *Review by Administrator.* Any applicant whose application for adjustment has been denied in whole or in part by the Regional Office may, within fifteen days after the date on which such order of denial was mailed to him, file with the Regional Office a request for review by the Administrator of the order of denial. Requests for review shall be filed on OPA Form 341:1 set out in Appendix C, incorporated herein as § 1421.118. Such form may be obtained from any field office of the Office of Price Administration or may be copied by the applicant from Appendix C.

(f) *Action by Administrator.* After due consideration, the Administrator may, by order, grant in whole or in part, or deny any application for adjustment which:

(1) Is properly before the Administrator on request for review of action by a Regional Office;

(2) Is filed with the Office of Price Administration, Washington, D. C., and not transmitted to a Regional Office for action; or

(3) Is filed with the appropriate Regional Office but is referred for decision to the Administrator by that Office. The decision of the Administrator shall be accompanied by a statement of the reasons for his action.

(g) *Protest of denial of application.* Any applicant whose application for adjustment is denied in whole or in part by the Administrator may, within sixty days after the issuance of the Administrator's order finally denying such application, file a protest against such order in accordance with the provisions of Procedural Regulation No. 1.[1]

Part 1315—Rubber and Products and Material of Which Rubber Is a Component

[Revised Tire Rationing Regulations,[1] Amendment 38]

TIRES AND TUBES, RETREADING AND RECAPPING OF TIRES, AND CAMELBACK

Sections 1315.501 (a) (1), 1315.503 (b), 1315.602, 1315.603 (a), 1315.609, 1315.610 (a) and 1315.803 (c) (2) are amended; a new subparagraph (5) is added to § 1315.501 (d), a new subdivision (i) is added to § 1315.503a (a) (1); a new subparagraph (12) is added to § 1315.504 (a) and a new subdivision (iv) is added to § 1315.802 (c) (2), as follows:

Tires and Tubes for Vehicles Eligible Under List B

§ 1315.501 *Eligibility of List B passenger automobiles for retreaded or recapped tires or for new Grade II tires.* (a) (1) The Board may issue a certificate authorizing the holder to accept delivery of retreaded or recapped tires for a passenger automobile or to obtain retreading or recapping services for a tire for a passenger automobile to an applicant who meets the requirements of paragraph (b), (c), and (d) of this section: *Provided, however,* A certificate issued to equip an automobile eligible under subparagraph (12) of § 1315.504 (a) shall authorize the holder to obtain only recapping services and Parts A and B of such certificate shall be marked by the Board "valid only for recapping services."

* * * * *

(d) * * *

(5) That, if he is applying under subparagraph (12) of § 1315.504 (a), he possesses a tire carcass capable of being recapped.

* * * * *

§ 1315.503 *Eligibility of List A and List B passenger automobiles for new passenger tires of an obsolete type.* * * *

(b) The applicant must establish that the vehicle to be equipped is a passenger automobile included in paragraphs (a) to (d) of § 1315.405 or in subparagraphs (1) to (11) inclusive of § 1315.504 (a).

* * * * *

§ 1315.503a *Eligibility of List B Vehicles for Tubes.*

(a) * * *

(1) * * *

(i) A person applying under subparagraph (12) of § 1315.504 (a) shall be granted a certificate for a new tube only if he establishes that the tube will be used in a tire which has been recapped pursuant to a certificate issued under that subparagraph.

* * * * *

§ 1315.504 *Eligibility classifications; List B.* * * *

(a) * * *

(12) Regular transportation of workers to and from their places of employment, provided that at least four passengers including the driver are carried. If the capacity of the automobile is less than four, it must be regularly utilized to its full capacity. Applicants under this subparagraph must possess a recappable tire carcass and shall be issued a certificate for recapping services only.

* * * * *

§ 1315.602 *Application for authority to purchase new passenger tires of an obsolete type.* Any person who operates a passenger automobile using passenger tires of an obsolete type as defined in paragraph (d) of § 1315.503, and who believes that his passenger automobile comes within one of the classifications set forth in paragraphs (a) to (d) of List A or in subparagraphs (1) to (11) inclusive of § 1315.504 (a) may file with the Board an application for authority to purchase new passenger tires of an obsolete type. Separate application for each vehicle requiring new passenger tires of an obsolete type must be made on OPA Form No. R-1 and OPA Form No. R-1A.

§ 1315.603 *List B applications for authority to purchase retreaded or recapped tires or retreading or recapping services or new Grade II Tires.* (a) Any person who believes that his passenger automobile comes within § 1315.504 (a) may file with the Board an application for authority to purchase retreaded or recapped tires, or retreading or recapping services: *Provided, however,* A person applying under subparagraph (12) of § 1315.504 may file an application only for recapping services. Such application shall be filed on OPA Form No. R-1 and OPA Form No. R-1A. A separate application for each passenger automobile for which tires are sought must be filed. Before the Board acts favorably upon any application under this paragraph, the applicant must make a full and complete showing of necessity.

* * * * *

§ 1315.609 *Allotment by the Board upon applications for new passenger tires of an obsolete type.* The Board shall grant a certificate for permission to purchase new passenger tires of an obsolete type to an applicant applying for such tires for a vehicle eligible under paragraphs (a) to (d) inclusive of List A or subparagraphs (1) to (11) inclusive of § 1315.504 (a) and who satisfies the requirements of § 1315.503. The allotment of new passenger tires of an obsolete type is not limited by quota and the Board may allot such tires to all applicants who otherwise satisfy the requirements of these regulations.

§1315.610 *Allotment by the Board upon applications for List B vehicles.* (a) The Board shall grant certificates, not in excess of its applicable quota for the entire month, authorizing the purchase of retreaded or recapped tires or retreading or recapping services for tires to be mounted on passenger automobiles eligible under § 1315.504 (a) when the applicant has satisfied the requirements of § 1315.501: *Provided,* That:

(1) No such certificate shall be issued if there is pending any application for a passenger automobile eligible under § 1315.405 (List A) which has not been satisfied.

(2) No certificate shall be issued to a person applying under subparagraph (12) of § 1315.504 (a) if there is pending any unsatisfied application for a passenger automobile eligible under either § 1315.405 (a) (List A) or subparagraphs (1) to (11) inclusive of § 1315.504 (a) (List B).

(i) The Board shall consider applications and issue certificates under subparagraph (12) of § 1315.504 (a) only between the twentieth and last day of each month.

* * * * *

§ 1315.802 *Permitted and prohibited deliveries of retreaded or recapped tires.* * * *

(c) * * *

(2) * * *

(iv) No person shall deliver recapped tires in exchange for Part B of a certificate marked "valid only for recapping services," unless such Part B is accompanied by a recappable carcass.

* * * * *

§ 1315.803 *Permitted and prohibited deliveries of camelback.* * * *

(c) * * *

(2) No delivery provided in subparagraph (1) may be made except in exchange for the replenishment portion of a certificate (Part B of OPA Form No. R-2 (Revised)), or the replenishment portion of a receipt (Part B of OPA Form No. R-12) for either retreaded or recapped tires, recapping services or camelback issued pursuant to § 1315.804, or the replenishment portion (Part B) of the certificate authorizing the purchase of an initial allotment of camelback issued pursuant to § 1315.805. No person shall transfer Part B of OPA Form R-2 (Revised), and no person shall accept such transfer, unless the transferor first endorses his name and address thereon.

(i) Upon presenting the appropriate part of a certificate or receipt, any person may purchase only the type of camelback specified thereon from a person dealing in or making camelback. The purchaser may present the replenishment portion (Part B) of a retreaded or recapped tire certificate, or of a certificate for recapping services, the replenishment portion (Part B) of an allotment of camelback certificate, or the replenishment portion (Part B) of a receipt for either retreaded or recapped tires, recapping services or camelback. When using the replenishment portion of a receipt for camelback or the replenishment portion of an allotment of camelback certificate, he may purchase the number of pounds of camelback specified thereon. If he uses the replenishment portion of a retreaded or recapped tire certificate or of a certificate for recapping services or the replenishment portion of a receipt for retreaded or recapped tires or recapping services, he may purchase the number of pounds of camelback specified in the table appearing below in this subdivision.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—General Land Office

[Circular No. 1517]

Subchapter H—Grazing

PART 160—GRAZING LEASES

AMENDMENT OF GRAZING LEASE REGULATIONS

Sections 160.10, 160.15, 160.17, 160.18 and 160.19 of Title 43 of the Code of Federal Regulations are hereby amended to read as follows:

AUTHORITY: §§ 160.10, 160.15 and 160.17 to 160.19, inclusive, issued under sec. 15, 48 Stat. 1275, sec. 5, 49 Stat. 1978; 43 U.S.C. 315m.

§ 160.10 *No right conferred by application, prior to lease.* As the issuance of a lease is discretionary, the filing of an application for a lease will not in any way create any right in the applicant to a lease, or to the use of the lands applied for, pending the execution of a lease.

§ 160.15 *Action on applications.* Upon receipt of an application, the register of the district land office will assign the current serial number thereto, note the same on his records, and if all is found to be regular, forward the original to the General Land Office, and the duplicate to the regional field examiner for the region in which the lands are situated. The original and duplicate application should be accompanied with a status report by the register of all the lands applied for.

§ 160.17 *Action by register receiving the quadruplicate copy of application.* The register of the land office receiving the quadruplicate copy will furnish a report to the General Land Office and the proper regional field examiner as to the status of the land in his district embraced in the application for lease. The remaining administrative work up to the point of issuing the lease will be handled through the office in which the complete application was filed.

§ 160.18 *Information to be reported by Branch of Field Examination.* Upon receipt of the duplicate copy of an application or petition for renewal, the proper regional field examiner will have an investigation made and submit a report to the General Land Office as to the applicant's qualifications, and also as to the pertinent facts relating to any and all conflicting applications, especially those where the questions of preference rights and the extent thereof are involved.

§ 160.19 *Additional information to be included in report.* The report of the regional field examiner should also include a statement as to the carrying capacity of the lands applied for and the value of the lands for grazing purposes, due regard being given to the number and kind of livestock to be grazed. It should also recommend the rental value to be charged, the term of the lease to be granted, and any other recommendations which may be helpful in the adjudication of the application.

FRED W. JOHNSON,
Commissioner.

A complaint dated January 16, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), having been duly filed in the above-entitled matter on January 16, 1942, by the Bituminous Coal Producers Board for District No. 6, complainant, with the Bituminous Coal Division (the "Division"); and

A joint application of Cove Hill Coal Company and the Wheeling Valley Coal Corporation, dated July 2, 1942, for disposition of this proceeding and of the matter of Wheeling Valley Coal Corporation, Docket No. B-189, without formal hearing pursuant to § 301.132 of the Rules of Practice and Procedure before the Division, having been duly filed with the Division on July 3, 1942, and an amendment thereto having been duly filed with the Division on August 3, 1942, and an agreement between Cove Hill Coal Company and the Collector of Internal-Revenue for the District of West Virginia (the "Agreement"), being attached to and made part of said joint application, as amended; and

It appearing from said joint application, as amended, that Cove Hill Coal Company consented to revocation of its code membership and to the imposition of a tax in the amount of $5,759.05, payment of which is a condition precedent to its unconditional restoration of membership in the Code pursuant to section 5 (c) of the Act, with the understanding that upon payment of 50% of said tax its code membership shall be conditionally restored subject to the further conditions that the remainder thereof shall be paid in eight equal monthly installments beginning August 1, 1942, and that, upon failure to pay any installment payment as provided in said Agreement, any order of conditional restoration of Cove Hill Coal Company to membership in the Code shall thereupon become void and of no further force nor effect; and

An Order having been issued herein on September 22, 1942, granting the said application, as amended, revoking and cancelling the membership of the Cove Hill Coal Company in the Bituminous Coal Code (the "Code") as of ten days from the date of said Order, and providing, pursuant to section 5 (c) of the Act, for the payment to the United States of a tax in the amount of $5,759.05 as a condition precedent to the restoration of Cove Hill Coal Company to membership in the Code, directing conditional restoration of Cove Hill Coal Company to membership in the Code upon payment of 50% of said tax as agreed in said joint application, as amended, and permanently enjoining and restraining Cove Hill Coal Company from violating the Act, the Code, and rules and regulations thereunder; and

An application for conditional restoration of code membership having been duly filed with the Division on October 1, 1942, by Cove Hill Coal Company from which it appears that Cove Hill Coal Company has paid to said Collector of Internal Revenue the sum of $3,593.70, which payment represents 50% of the said tax plus the amount of installment payments due on August 1 and September 1, 1942, respectively, and has mailed to the Collector of Internal Revenue the amount of the installment payment due on October 1, 1942, pursuant to said Agreement and said Order;

Now, therefore, it is ordered, That the membership of the Cove Hill Coal Company in the Code be, and the same hereby is, conditionally restored effective simultaneously with the effective date of revocation and cancellation, provided in said Order, dated September 22, 1942, upon the following terms and conditions:

In the event of default by Cove Hill Coal Company in making any installment payment as agreed in said joint application, as amended, such conditional restoration of code membership shall become wholly ineffective as of October 2, 1942, the entire balance of said tax then owing shall become due and payable and all coal sold or otherwise disposed of by said Cove Hill Coal Company on and after October 2, 1942, shall be subject to the 19½ percent tax provided by section 3520 (b) (1) of the Internal Revenue Code.

It is further ordered, That upon payment of said tax in full in accordance with the terms of said joint application, as amended, said Cove Hill Coal Company shall submit to the Division the receipt therefor issued by said Collector of Internal Revenue or a statement by said Collector that said tax has been paid in full and thereupon an order shall be issued restoring said Cove Hill Coal Company to full and unconditional membership in the Code as of the effective date of revocation and cancellation of its code membership provided by said Order, dated September 22, 1942.

Dated: October 16, 1942.

Flash Coal Company, et al.

ORDER POSTPONING HEARINGS

In the matter of Julius Kauzlarich and Tony Kauzlarich, individually and as co-partners, doing business under the name and style of Flash Coal Company; Willis E. Davis; Arthur L. Petty and Lemar Denison, individually and as co-partners, Code Members.

The above-entitled matter of Julius Kauzlarich and Tony Kauzlarich, individually and as co-partners, doing business under the name and style of Flash Coal Company, Docket No. B-305, having been heretofore scheduled for hearing on October 22, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division (the "Division") at the District Court Room, Centerville, Iowa, and a subpoena duces tecum having been issued on October 5, 1942, requiring Julius Kauzlarich, Mystic, Iowa, to appear to testify and give evidence at the aforesaid time and place or at any other time or place to which the aforesaid hearing may be postponed or continued, and to bring with him and produce at said hearing certain books and records described in said subpoena duces tecum; and

The above-entitled matter of Willis E. Davis, Docket No. B-330, having been heretofore scheduled for hearing on October 29, 1942, at a hearing room of the Division at the Federal Court Room, Grand Junction, Colorado; and

The above-entitled matter of Arthur L. Petty and Lemar Denison, individually and as co-partners, Docket No. B-329, having been heretofore scheduled for hearing on October 31, 1942, at a hearing room of the Division at the Court House, Price, Utah, and a subpoena having been issued on October 5, 1942, requiring Arthur L. Petty, Emery, Utah, to appear to testify and give evidence at the aforesaid time and place or at any other time or place to which the aforesaid hearing may be postponed or continued; and

The Director deeming it advisable that said hearings should be postponed;

Now, therefore, it is ordered, That the hearing in the above-entitled matter of Julius Kauzlarich and Tony Kauzlarich, individually and as co-partners, doing business under the name and style of Flash Coal Company, Docket No. B-305, be postponed from October 22, 1942, at 10 a. m. to October 30, 1942, at 2 p. m. at a hearing room of the Division at the District Court Room, Centerville, Iowa, before the officer or officers previously designated to preside at said hearing.

It is further ordered, That said Julius Kauzlarich be required to appear to testify and give evidence in the matter of Julius Kauzlarich and Tony Kauzlarich, individually and as co-partners, doing business under the name and style of Flash Coal Company at 2 p. m. on October 30, 1942, at the place hereinabove designated instead of at the time mentioned in said subpoena duces tecum and bring with him the books and records described in said subpoena duces tecum.

It is further ordered, That the hearing in the above-entitled matter of Willis E. Davis, Docket No. B-330, be postponed from October 29, 1942, at 10 a. m. to November 4, 1942, at 10 a. m. at a hearing room of the Division at the Federal Court Room, Grand Junction, Colorado, before the officer or officers previously designated to preside at said hearing.

It is further ordered, That the hearing in the above-entitled matter of Arthur L. Petty and Lemar Denison, individually and as co-partners, Docket No. B-329, be postponed from October 31, 1942, at 10 a. m. to November 6, 1942, at 10 a. m. at a hearing room of the Division at the Court House, Price, Utah, before the officer or officers previously designated to preside at said hearing.

It is further ordered, That said Arthur L. Petty be required to appear to testify and give evidence in the matter of Arthur L. Petty and Lemar Denison, individually and as co-partners, at 10 a. m. on November 6, 1942, at the place hereinabove designated instead of at the time mentioned in said subpoena.

District Board 1

ORDER GRANTING TEMPORARY RELIEF

In the matter of the petition of District Board No. 1 for the establishment of temporary price classifications and minimum prices for the coals of the Black Prince #2 Mine (Mine Index No. 3607) of Lee B. Humphrey (The Humphrey Brick & Tile Company).

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been filed with this Division by the above-named party, requesting the temporary establishment of an "H" classification for lake cargo shipment during the present lake season for 18,000 to 20,000 tons of coal in Size Groups 3 and 4 of the Black Prince #2 Mine (Mine Index No. 3607) of Lee B. Humphrey (The Humphrey Brick & Tile Company) located in the D Seam of Subdistrict 5 of District 1; and

Petitioner having represented that the coals of Black Prince #2 Mine (Mine Index No. 3607) have been classified "E" in Size Groups 3 and 4 for all shipments except truck, that Lee B. Humphrey (The Humphrey Brick & Tile Company) has uncovered 18,000 to 20,000 tons of coal of poorer quality than normally mined from the D Seam of Subdistrict 5, and that the producer has been unable to sell this coal at a price classification of "E" but could dispose of it for shipment via the Great Lakes at a lower classification; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter, although a copy of the petition has been served upon the Secretaries of District Boards 2 to 8, inclusive, and the Bituminous Coal Consumers' Counsel; and

District Boards 2, 3, 4, 6, 7 and 8 and the Bituminous Coal Consumers' Counsel having indicated to the Division that they have no objection to the granting of the relief as requested; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That commencing forthwith, the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck is supplemented to include the price classification of "H" for approximately 20,000 tons of coal of the Black Prince #2 Mine (Mine Index No. 3607) which is of poorer quality than coal normally mined from the D Seam in Subdistrict 5 of District 1 when sold for lake cargo shipment during the remainder of the present lake season.

It is further ordered, That concurrently with such shipments and prior to the close of the present lake season Lee B. Humphrey (The Humphrey Brick & Tile Company) shall file, by appropriate affidavits, statements to the effect that such coal shipped by this producer for lake cargo during the present lake season is of poorer quality than coal normally mined from the D Seam in Subdistrict 5 of District 1, and shall state the tonnage shipped pursuant to the temporary relief given in this order.

It is further ordered, That the order granting temporary relief herein shall be subject to further order of the Division.

Wheeling Valley Coal Corporation, West Virginia, Code Member

ORDER CONDITIONALLY RESTORING CODE MEMBERSHIP

A complaint dated January 16, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), having been duly filed in the above entitled matter on January 16, 1942, by the Bituminous Coal Producers Board for District No. 6, complainant, with the Bituminous Coal Division (the "Division"); and

A joint application of Wheeling Valley Coal Corporation and Cove Hill Coal Company dated July 2, 1942, for disposition of this proceeding and of the Matter of Cove Hill Coal Company, Docket No. B-190, without formal hearing, pursuant to § 301.132 of the Rules of Practice and Procedure before the Division, having been duly filed with the Division on July 3, 1942, and an amendment thereto having been duly filed with the Division on August 3, 1942, and an agreement between Wheeling Valley Coal Corporation and the Collector of Internal Revenue for the District of West Virginia (the "Agreement") being attached to and made part of said joint application, as amended; and

It appearing from said joint application, as amended, that Wheeling Valley Coal Corporation consented to revocation of its code membership and to the imposition of a tax in the amount of $5,750.14, payment of which is a condition precedent to its unconditional restoration of membership in the Code pursuant to section 5 (c) of the Act, with the understanding that upon payment of 50% of said tax its code membership shall be conditionally restored subject to the further conditions that the remainder thereof shall be paid in eight equal monthly instalments beginning August 1, 1942, and that, upon failure to pay any instalment payment as provided in said Agreement, any order of conditional restoration of Wheeling Valley Coal Corporation to membership in the Code shall thereupon become void and of no further force nor effect; and

An Order having been issued herein on September 22, 1942, granting the said application as amended, revoking and cancelling the membership of Wheeling Valley Coal Corporation in the Bituminous Coal Code (the "Code") as of ten days from the date of said Order, and providing, pursuant to section 5 (c) of the Act for the payment to the United States of a tax in the amount of $5,750.14 as a condition precedent to the restoration of Wheeling Valley Coal Corporation to membership in the Code, directing conditional restoration of Wheeling Valley Coal Corporation to membership in the Code upon payment of 50% of said tax as agreed in said joint application, as amended, and permanently enjoining and restraining Wheeling Valley Coal Corporation from violating the Act, the Code, and rules and regulations thereunder; and

An application for conditional restoration of code membership having been duly filed with the Division on October 1, 1942, by Wheeling Valley Coal Corporation from which it appears that Wheeling Valley Coal Corporation has paid to said Collector of Internal Revenue the sum of $3,593.70, which payment represents 50% of the said tax plus the amount of instalment payments due on August 1, and September 1, 1942, respectively, and has mailed to said Collector of Internal Revenue the amount of the instalment payment due on October 1, 1942, pursuant to said Agreement and said Order;

Now, therefore, it is ordered, That membership of the Wheeling Valley Coal Corporation in the Code be, and the same hereby is, conditionally restored effective simultaneously with the effective date of revocation and cancellation, provided in said Order dated September 22, 1942, upon the following terms and conditions:

In the event of default by Wheeling Valley Coal Corporation in making any instalment payment as agreed in said joint application, as amended, such conditional restoration of code membership shall become wholly ineffective as of October 2, 1942, the entire balance of said tax then owing shall become due and payable and all coal sold or otherwise disposed of by said Wheeling Valley Coal Corporation on and after October 2, 1942, shall be subject to the 19½ percent tax provided by section 3520 (b) (1) of the Internal Revenue Code.

It is further ordered, That upon payment of said tax in full in accordance with the terms of said joint application, as amended, said Wheeling Valley Coal Corporation shall submit to the Division the receipt therefor issued by said Collector of Internal Revenue or a statement by said Collector that said tax has been paid in full and thereupon an order shall be issued restoring said Wheeling Valley Coal Corporation to full and unconditional membership in the Code as of the effective date of revocation and cancellation of its code membership provided by said Order dated September 22, 1942.

The Bennett and Brassart Coal Co.

ORDER POSTPONING HEARING

In the matter of the petition of The Bennett and Brassart Coal Co., code member in district No. 15 for a reduction in the effective minimum price for ½'' x 0 slack coals produced from the B & B Mine, mine index No. 1387, in District No. 15.

A hearing in the above-entitled matter having been scheduled to be held on October 19, 1942, at a hearing room of the Bituminous Coal Division, at 536 Dwight Building, 1004 Baltimore Avenue, Kansas City, Missouri; and

It appearing advisable to postpone said hearing from October 19, 1942 to November 10, 1942;

Now, therefore, it is ordered, That the hearing in the above-entitled matter be, and it hereby is, postponed from October 19, 1942 to November 10, 1942.

It is further ordered, That the time within which petitions of intervention may be filed in such matter be, and it hereby is, extended from October 14, 1942 to November 4, 1942.

In all other respects the Notice of and Order for Hearing entered in this matter on September 16, 1942, as amended by the Order of September 19, 1942, shall remain in full force and effect.

District Board No. 8

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 8 for the establishment of temporary and permanent price classifications for all coals otherwise unclassified in District No. 8 in size groups 24 to 27, inclusive.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 30, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, Washington, D. C. On such day the Chief of the Records Section will advise as to the room where such hearing will be held.

It is further ordered, That D. C. McCurtain or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 24, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 8 for the establishment of temporary and permanent price classifications and minimum prices for all coals otherwise unclassified in District No. 8 in Size Groups 24 to 27, inclusive.

SUGAR AND RELATED PRODUCTS INDUSTRY

HEARING ON MINIMUM WAGE RATES

Notice of public hearing before Industry Committee No. 50 for the purpose of receiving evidence to be considered in recommending minimum wage rates for the Sugar and Related Products Industry.

In conformity with the Fair Labor Standards Act of 1938, 52 Stat. 1060, and § 511.11 of Part 511 of the Rules and Regulations issued pursuant thereto, notice is hereby given to all interested persons that a public hearing will be held beginning at 11:00 a. m. January 5, 1943, in the College Room of the Hotel Astor, New York City, for the purpose of receiving evidence to be considered by Industry Committee No. 50 in determining the highest minimum wage rates for the Sugar and Related Products Industry, which, having due regard to economic and competitive conditions, will not substantially curtail employment.

The term "Sugar and Related Products Industry" is defined in Administrative Order No. 162, issued October 8, 1942, as follows:

> The production of sugar, molasses, and syrups, of all types, made wholly or in part from maple sap, sugar beets, sugarcane, sorgo, or any derivative therefrom, and the production of beet pulp, bagasse, lime cake and related byproducts: *Provided, however,* That fountain syrups commonly and commercially so known shall not be included in this definition.
>
> The production of any products covered under this definition shall be deemed to begin with the loading of the raw materials at the farm.

The definition of the sugar and related products industry covers all occupations in the industry which are necessary to the production of the products covered by this definition, including clerical, maintenance, shipping and selling occupations: *Provided, however,* That in a wholesaling or selling department of a manufacturing establishment clerical, maintenance, shipping and selling employees, the greater part of whose work relates to the sale of articles which have been purchased for resale or of articles not covered by this definition, shall not be deemed to be covered by this definition: *And provided, further,* That where an employee covered by this definition is employed during the same work week at two or more different minimum rates of pay, he shall be paid the highest of such rates for such work week unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

Industry Committee No. 50 was created by Administrative Order No. 162, referred to above. It is charged, in accordance with the provisions of the Fair Labor Standards Act of 1936 and Rules and Regulations promulgated thereunder, with the duty of investigating conditions in the Sugar and Related Products Industry and recommending to the Administrator minimum wage rates for all employees thereof who within the meaning of said Act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by the provisions of section 13 (a) and employees coming under the provisions of section 14.

Any person who, in the opinion of the Committee, has a substantial interest in the proceeding and is prepared to present material pertinent to the question under consideration, may appear on his own behalf or on behalf of any other person. Persons desiring to appear are requested to file with E. L. Warren, Director of the Wage Determination Branch, Wage and Hour Division, U. S. Department of Labor, 165 West 46th Street, New York City, prior to December 15, 1942; a Notice of Intention to Appear containing the following information:

> (1) The name and address of the person appearing.
>
> (2) If he is appearing in a representative capacity, the name and address of the person or persons whom, or organization which, he is representing.
>
> (3) A brief summary of the material intended to be presented.

LEARNER EMPLOYMENT CERTIFICATES

NOTICE OF ISSUANCE TO VARIOUS INDUSTRIES

Notice of issuance of special certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that special certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F. R. 2862) to the employers listed below effective October 15, 1942.

The employment of learners under these certificates is limited to the terms and conditions as designated opposite the employer's name. These certificates are issued upon the employer's representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The certificates may be cancelled in the manner provided for in the regulations and as indicated on the certificate. Any person aggrieved by the issuance of these certificates may seek a review or reconsideration thereof.

ALLEGANY GAS COMPANY

ORDER FIXING DATE FOR HEARING AND SUSPENDING SUPPLEMENTAL RATE SCHEDULE

OCTOBER 13, 1942.

It appearing to the Commission that:

(a) Allegany Gas Company has on file a rate schedule and supplements thereto designated in the files of the Commission as Allegany Gas Company Rate Schedule FPC No. 3 and Supplements Nos. 1 and 2, thereto, providing for the sale of natural gas to Crystal City Gas Company for resale for ultimate public consumption for domestic, commercial, industrial or other use;

(b) On August 28, 1942, Allegany Gas Company submitted to the Commission for filing a supplemental rate schedule dated July 27, 1942, designated Supplement No. 3 to Allegany Gas Company Rate Schedule FPC No. 3, providing for increased rates or charges for said sale of natural gas to Crystal City Gas Company and requested that the increased rates or charges be allowed to take effect as of July 1, 1942;

(c) By letter of September 5, 1942, and in accordance with the Provisional Rules of Practice and Regulations under the Natural Gas Act, Allegany was requested to submit additional information with respect to Supplement No. 3 to Allegany Gas Company Rate Schedule FPC No. 3, which information was submitted on September 14, 1942; without waiving full compliance with the Provisional Rules of Practice and Regulations, September 14, 1942, was considered to be the filing date of Supplement No. 3;

(d) Unless suspended by order of the Commission, Supplement No. 3 to Allegany Gas Company Rate Schedule FPC No. 3 will become effective as of October 14, 1942, pursuant to the provisions of the Natural Gas Act and the Provisional Rules of Practice and Regulations thereunder;

(e) The schedule of increased rates or charges contained in Supplement No. 3 to Allegany Gas Company Rate Schedule FPC No. 3 may result in excessive rates or charges to Crystal City Gas Company or place an undue burden upon ultimate consumers of natural gas; moreover, the proposed increased rates or charges have not been shown to be justified;

The Commission finds that:

It is necessary, desirable and in the public interest that the Commission enter upon a hearing concerning the lawfulness of the proposed increased rates or charges and that said proposed increased rates or charges be suspended pending such hearing and the decision thereon;

The Commission, upon its own motion, *Orders*, That:

(A) A public hearing be held on November 25, 1942, at 9:45 a. m. in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates or charges, subject to the jurisdiction of the Commission, contained in Supplement No. 3 to Allegany Gas Company Rate Schedule FPC No. 3 for the sale of natural gas to Crystal City Gas Company for resale for ultimate public consumption for domestic, commercial, industrial, or any other use;

(B) Pending such hearing and decision thereon, the schedule of increased rates or charges contained in Supplement No. 3 to Allegany Gas Company Rate Schedule FPC No. 3, except insofar as it may provide for the sale of natural gas for resale for industrial use only, be and it hereby is suspended until February 14, 1943, or until such time thereafter as said supplemental rate schedule shall be made effective in the manner prescribed by the Natural Gas Act;

(C) During the period of suspension, the rates or charges collected and received by Allegany Gas Company from Crystal City Gas Company, as provided in Allegany Gas Company Rate Schedule FPC No. 3 and Supplements Nos. 1 and 2 thereto, except insofar as they may be for the sale of natural gas for resale for industrial use only, shall remain and continue in full force and effect;

(D) At the hearing, the burden of proof to show that the proposed increased rates or charges are just and reasonable shall be upon the Allegany Gas Company;

(E) Interested State Commissions may participate in said hearing as provided in § 67.4 of the Provisional Rules of Practice and Regulations under the Natural Gas Act.

By the Commission.

ALLEGANY GAS COMPANY

ORDER FIXING DATE FOR HEARING AND SUSPENDING RATE SCHEDULE

OCTOBER 13, 1942.

It appearing to the Commission that:

(a) Allegany Gas Company has on file a rate schedule and supplement thereto designated in the files of the Commission as Allegany Gas Company Rate Schedule FPC No. 5 and Supplement No. 1 thereto, providing for the sale of natural gas to North Penn Gas Company for resale for ultimate public consumption for domestic, commercial, industrial or other use;

(b) On August 28, 1942, Allegany Gas Company submitted to the Commission for filing a rate schedule dated July 27, 1942, designated Allegany Gas Company Rate Schedule FPC No. 10, providing for increased rates or charges for certain sales of natural gas to North Penn Gas Company;

(c) The natural gas proposed to be sold to North Penn Gas Company at the increased rates or charges constitutes a portion of certain purchases of natural gas by Allegany from New York State Natural Gas Corporation to meet Allegany's increased requirements;

(d) By letter of September 5, 1942, and in accordance with the Provisional Rules of Practice and Regulations under the Natural Gas Act, Allegany was requested to submit additional information with respect to Allegany Gas Company Rate Schedule FPC No. 10, which information was submitted on September 14, 1942; without waiving full compliance with the Provisional Rules of Practice and Regulations, September 14, 1942, was considered to be the filing date of said Rate Schedule FPC No. 10;

(e) Unless suspended by order of the Commission, Allegany Gas Company Rate Schedule FPC No. 10 will become effective as of October 14, 1942, pursuant to the provisions of the Natural Gas Act and the Provisional Rules of Practice and Regulations thereunder;

(f) The schedule of increased rates or charges contained in Allegany Gas Company Rate Schedule FPC No. 10 may result in excessive charges to North Penn Gas Company or place an undue burden upon ultimate consumers of natural gas; moreover, the proposed increased rates or charges have not been shown to be justified;

The Commission finds that:

It is necessary, desirable and in the public interest that the Commission enter upon a hearing concerning the lawfulness of the proposed increased rates or charges and that said proposed increased rates or charges be suspended pending such hearing and the decision thereon;

FEDERAL SECURITY AGENCY.

Food and Drug Administration.

[Docket No. FDC-36]

CANNED PEAS

PROPOSED ORDER AMENDING DEFINITION AND STANDARD OF IDENTITY

It is proposed that, by virtue of the authority vested in the Federal Security Administrator by the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 401, 52 Stat. 1046, 21 U.S.C. 1940 ed. 341 and sec. 701, 52 Stat. 1055, 21 U.S.C. 1940 ed. 371) and on the basis of the evidence received at the above-entitled hearing duly held pursuant to notice thereof issued by the Federal Security Administrator on April 23, 1942 (7 F.R. 3066), the following order be promulgated:

Findings of Fact

1. The green color of peas is due primarily to their content of chlorophyll (R., pp. 53-5, 58, 650, 760-1).[1]

2. One of the constituents of the chlorophyll molecule is magnesium (R., pp. 55-9, 717).

3. When peas are picked from the vine the intensity of their green color begins to decrease. This decrease continues as peas are shelled and held, is accelerated when they are canned, and continues while they are in storage (R. pp. 28-9, 156-63, 166, 719-20, 743-4, 739-40, 748-56, 974-8).

4. This decrease in intensity of color is due to the conversion of the chlorophyll into pheophytin through loss of the magnesium from the chlorophyll molecule. Pheophytin is not green but is olive drab in color. There is no known method applicable to peas whereby the pheophytin can be converted back into chlorophyll (R., pp. 29, 59-60, 65-6, 67, 83).

5. Under the process by which peas are ordinarily canned, they are shelled, washed, blanched in hot water, sealed in cans in a water solution of salt and sugar, and heated in a retort for 35 minutes at 240° F., when in cans of the size most frequently sold or for a time and temperature equivalent in their destructive effect on microorganisms when in cans of other sizes.

6. When peas are so canned, the process of conversion of chlorophyll into pheophytin is sufficiently near completion within a short time after canning that the peas are no longer green but are olive drab or straw-colored (R. pp. 59, 102, 67).

7. Peas in their natural state are slightly on the acid side of the neutral point (pH 7) between acidity and alkalinity. A well-recognized but little understood phenomenon is that their acidity slowly but continuously increases during the canning process and subseqent storage. This is expressed chemically as a decrease of pH and the decrease continues until an equilibrium, sometimes as low as pH 5, is reached (R., pp. 67-8, 105, 708, 102).

8. The rate of conversion of chlorophyll to pheophytin proceeds rapidly in an acid medium. In an alkaline medium the rate of conversion is greatly retarded. The time and temperature to which the peas are subjected before canning and the time and temperature during heat processing and in storage after canning also affect the rate of conversion (R., pp. 58, 60, 67-8, 102, 751-5).

9. It has recently been found that by converting the naturally acid medium surrounding the chlorophyll in peas to a state of mild alkalinity, and by regulating the times and temperatures of holding, processing, and storing, the rate of conversion of chlorophyll to pheophytin can be substantially retarded (R., pp. 68, 105, 136, 153, 156-7, 334, 340-1, 363, 534, 751-5).

10. Such regulation of times and temperatures within the limits found desirable for this purpose has no material effect upon the identity of canned peas and does not conflict with the definition and standard of identity for canned peas now in effect (R., pp. 48, 942, 944, 956).

11. For the conversion of the naturally acid state of the peas to one of alkalinity, certain alkalizing chemicals not permitted by the definition and standard of identity for canned peas have been found to be suitable. These chemicals are sodium carbonate, calcium hydroxide, and magnesium hydroxide (R., pp. 35-37, 69, 76, 78, 80, 88, 107, 60-9, 618-9, 620-22, 680, 688-90).

12. Sodium carbonate must be used as such, but calcium hydroxide and magnesium hydroxide may be used as such or obtained by the use of calcium oxide and magnesium oxide which, when they come into contact with water, are promptly converted into the respective hydroxides (R., pp. 35, 75, 76, 78-80, 90-1).

13. Sodium carbonate is useful in an aqueous solution of approximately 2 percent concentration for a pre-blanch soak of about 30 minutes at room temperature for the reason that it retards the destruction of chlorophyll at the beginning of the blanch. An alkali in the blanch water does not suffice for this purpose since it does not penetrate the peas rapidly enough to raise their pH to an alkaline level before extensive destruction of chlorophyll occurs from the heat of blanching. (R., pp. 34, 76, 90, 91, 631).

14. The sodium of the sodium carbonate replaces unidentified elements in the peas, according to a principle known as "the base exchange theory" whereby different basic elements in combination with other substances in solution are held to exchange positions continuously. It is a reasonable conclusion from this principle that some of the sodium carbonate enters into the composition of the finished canned peas, and there is no authoritative evidence to the contrary even though the peas are thoroughly washed after the treatment with sodium carbonate solution (R., pp. 71-2, 74-77, 495-6, 1159-60, 1168).

15. The proponents of the alkalizing process could have shown positively that sodium carbonate does not enter into the composition of the peas, if such were the case, by comparative quantitative analyses for sodium of the pre-blanch and blanch solutions before and after soaking and blanching, but no such analysis was reported among the voluminous analytical data entered of record (R., pp. 71, 77, 1159-60, 1169).

16. Alkaline substances other than sodium carbonate would be equally effective in controlling the pH of the peas during the holding period, but such other substances, in quantities sufficient to control the pH, make the peas tough or impair their taste or are otherwise unsuitable or impracticable (R. pp. 76, 631, 633-5).

17. Sodium carbonate has a softening effect upon the texture of peas during the pre-blanch treatment (R., pp. 74-5, 496, 702).

18. In order to restore to the peas a texture comparable to their natural texture and at the same time to maintain the pH of the peas throughout the blanching process at an alkaline level, the blanch water must be made alkaline by a substance having a hardening effect (R., pp. 74-6, 78-9, 669).

19. The only blanch solution which has been found suitable for this purpose, and which is employed for about the same time and at the same temperature used for blanching peas canned by the ordinary method, is an aqueous solution of approximately 0.04 percent of calcium hydroxide or approximately 0.03 percent of calcium oxide. When blanched in this solution the calcium actually enters into the composition of the peas, as shown by chemical analyses. The reaction presumably follows the principle of base exchange (R., pp. 35, 79, 669, 1041).

20. From their observation of such phenomena experienced chemists do not believe that there is a complete exchange of calcium for the sodium added in the pre-blanch solution (R., pp. 1169).

21. When the alkalizing process is used, the blanched peas are washed to remove free calcium hydroxide and are then sealed in the container with an aqueous packing medium (R., pp. 36, 696).

22. To offset the drift toward acidity referred to in finding 7, and thus to retard the conversion of chlorophyll to pheophytin, it is necessary to incorporate a reserve of alkali in the canned peas, since the quantity of alkalis remaining in the peas from the pre-blanch and blanching is not enough to provide such a reserve in the finished product (R., pp. 106-7, 112).

23. The only substance found suitable for this purpose, by reason of the fact that it provides such a reserve without impairing the natural characteristics of peas, is magnesium hydroxide. This is added to the packing medium in a quantity of about 0.1 percent of the weight of the medium (R., pp. 80, 88, 92, 621-2).

24. The quantity of magnesium hydroxide added, together with the effect of the constituents of peas and other ingredients of the finished product, determines the ultimate pH of the peas and liquid within the can (R., pp. 106-107, 200-1, 631-5, 649).

25. If the canned peas are too alkaline, undesirable flavors and odors foreign to canned peas are developed (R., pp. 635, 690, 701).

26. It is therefore necessary to limit the alkalinity of the finished product, and the most feasible, objectively determinable method of so doing is to prescribe a limit on the pH of the contents of the can (R., p. 702).

27. It has been determined that the maximum pH that can be reached without danger of undesirable effects on canned peas is 8.0 (R., p. 702).

28. A method regarded by experienced chemists as accurate and desirable for determining pH, from the standpoint of both the pea canning industry and enforcement officials, is the method known as the glass electrode method (R., pp. 19, 458).

29. To avoid undue loss of chlorophyll through long heating, the heat process for alkalized peas, after they are sealed in the can, is only 7 minutes, but the temperature of processing is 260° F., when in the size of can most frequently sold. This is the equivalent, in its destructive effect on microorganisms causing spoilage, to the process of 35 minutes at 240° F. used for ordinary canned peas in cans of the same size (R., pp. 38, 52, 818, 823).

30. As a final precaution against undue loss of chlorophyll before purchase by the ultimate consumer, proponents of the alkalizing process recommend that peas canned by that process be stored at a temperature not over 55° F. (R., pp. 340, 755).

31. Under the definition and standard of identity now in effect, canned peas are prepared from one of four pea ingredients, two of which are succulent and two of which are dried. The proponents of the alkalizing process advocate its use for succulent peas only, and regard it as unsuitable for use in canning dried peas since such peas, in the process of maturing, lose widely varying proportions of their chlorophyll and are of nonuniform color, and when canned by such process their already undesirable lack of uniformity in color is emphasized (R., pp. 697, 698, 713, 804, 972).

32. Extensive investigations of the effects of sodium carbonate, calcium hydroxide, and magnesium hydroxide as used in the alkalizing process have failed to show any harmful effects upon the nutritive value of canned peas (R., pp. 639, 987-8, 1009).

33. Sodium carbonate, calcium hydroxide, and magnesium hydroxide, used as described in the preceding findings, are suitable optional ingredients of canned peas prepared from succulent peas (R., pp. 75, 698).

34. Consumers are concerned to know when chemicals are added to canned peas (R., pp. 321-2, 325-6).

35. The use of the alkalizing chemicals sodium carbonate, calcium hydroxide, and magnesium hydroxide in canned peas without informing the purchasers thereof would not promote honesty and fair dealing in the interest of consumers (R., pp. 1182-3).

36. Sodium carbonate, calcium hydroxide, and magnesium hydroxide are the common names of the chemicals used in the alkalizing process for canned peas; such chemicals belong to a group commonly known as "alkalis" (R., pp. 1162-4, 1181).

Upon the basis of the foregoing detailed findings of fact, it is found and concluded that it will promote honesty and fair dealing in the interest of consumers to amend the regulation fixing and establishing a definition and standard of identity for canned peas so as to permit the use as optional ingredients in succulent canned peas of sodium carbonate, calcium hydroxide, and magnesium hydroxide in the quantities specified in the following amendments to the regulation and to require that such substances be named on the label of canned peas in which they are used.

Wherefore the regulation fixing and establishing a definition and standard of identity for canned peas is amended as follows:

Regulation

1. Section 51.000 (c) is amended to read:

(c) The following optional ingredients may be used:

---

[1] The page references to certain relevant portions of the record are for the convenience of the reader. However, the findings are based upon a consideration of all the evidence of record at the hearing and not solely on that portion of the record to which reference is made.

(1) Salt;
(2) Sugar;
(3) Dextrose;
(4) Spice;
(5) Flavoring;
(6) Artificial coloring;

and in case optional pea ingredient (1) or (2) is used,

(7) Sodium carbonate, calcium hydroxide, and magnesium hydroxide in such quantity that the hydrogen ion concentration of the finished canned peas, as determined by the glass electrode method, is not more than pH 8.

2. Section 51.000 (f) is amended by renumbering subparagraph (6) as subparagraph (7) and inserting immediately before such subparagraph a new subparagraph reading:

(6) If optional ingredient (c) (7) is used, the label shall bear the statement "Traces of sodium carbonate, calcium hydroxide, and magnesium hydroxide added"; but in lieu of such statement the label may bear the statement "Traces of alkalis added."

Any interested person whose appearance was filed at the hearing may, within 20 days from the date of publication of this proposed order in the FEDERAL REGISTER, file with the Hearing Clerk of the Federal Security Agency, Office of the Assistant General Counsel, Room 2242, South Building, 14th Street and Independence Avenue SW., Washington, D. C., written exceptions thereto. Exceptions shall point out with particularity the alleged errors in the proposed order, and shall contain specific references to the pages of the transcript of the testimony or to the exhibits on which each exception is based. Such exceptions may be accompanied with a memorandum or brief in support thereof.

[Special Order ODT B-27]

SALISBURY, MD.—CAPE CHARLES, VA.

MOTOR VEHICLE PASSENGER SERVICE COORDINATION

Order directing Coordinated Operation of Passenger Carriers by Motor Vehicle Between Salisbury, Maryland, and Cape Charles, Virginia.

Upon consideration of the application for authority to coordinate motor vehicle service in the transportation of passengers, filed with this Office by Pennsylvania Greyhound Lines, Inc., Cleveland, Ohio, and Eastern Shore Transit Co., Inc., Cape Charles, Virginia, and in order to assure maximum utilization of the facilities, services, and equipment of common carriers of passengers by motor vehicle, and to conserve and providently utilize vital equipment, material, and supplies, including rubber, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. Pennsylvania Greyhound Lines, Inc. and Eastern Shore Transit Co., Inc. (hereinafter called "carriers"), respectively, in the transportation of passengers on the routes served by them between Salisbury, Maryland, and Cape Charles, Virginia, as common carriers by motor vehicle, shall:

(a) Honor each other's tickets between all points common to their lines where equal fares apply and divert to each other traffic routed between such points for the purpose of relieving overloads and reducing the operation of additional equipment and extra sections;

(b) Adjust and establish schedules to eliminate duplication of times of departure of the respective carriers and provide reasonable frequency of service throughout the day;

(c) Wherever practicable eliminate duplicate depot facilities and commission ticket agencies, and, in lieu thereof, utilize joint depot facilities and joint commission ticket agencies. Contracts, agreements, and arrangements for any such joint facilities and agencies shall not extend beyond the effective period of this order. At such depot facilities and commission ticket agencies used jointly by the carriers, service, travel information, and ticket sales shall be impartial, without preference or discrimination for or against either of such carriers;

(d) Each operate a through service of not to exceed three round trips daily.

2. The carriers forthwith shall file with the Interstate Commerce Commission in respect of transportation in interstate or foreign commerce, and with each appropriate State regulatory body in respect of transportation in intrastate commerce, and publish in accordance with law, and continue in effect until further order, tariffs or appropriate supplements to filed tariffs, setting forth any changes in the fares, charges, operations, rules, regulations, and practices of each carrier which may be necessary to accord with the provisions of this order, together with a copy of this order; and forthwith shall apply to said Commission and each such regulatory body for special permission for such tariffs or supplements to become effective on one day's notice.

This order shall become effective October 24, 1942, and shall remain in full force and effect until further order of this Office.

Issued at Washington, D. C., this 17th day of October 1942.

[Supplementary Order O. D. T. 3 Revised-2]

R-B FREIGHT LINES, INC.—G & P TRANSPORTATION CO.

MOTOR VEHICLE TRANSPORTATION SERVICE COORDINATION

Upon consideration of the application for authority to coordinate motor vehicle service in the transportation of commodities, generally, filed with this Office by R-B Freight Lines, Inc., Aberdeen, South Dakota, and G & P Transportation Company, St. Paul, Minnesota, as governed by § 501.9 of General Order O. D. T. No. 3, Revised, as amended,[1] and good cause appearing therefor, *It is hereby ordered*, That:

1. R-B Freight Lines, Inc. shall:

(a) Discontinue the transportation of all less-than-truckload shipments originating at or moving through its terminals at either Minneapolis or St. Paul, Minnesota, or Aberdeen, South Dakota, destined to all intermediate points on U. S. Highway No. 12 between Minneapolis or St. Paul, Minnesota, on the one hand, and Aberdeen, South Dakota, on the other, and shall divert such shipments to the G & P Transportation Company.

(b) Accept from the G & P Transportation Company all less-than-truckload shipments originating at or moving through its terminals at either Minneapolis or St. Paul, Minnesota, or Aberdeen, South Dakota, destined to Redfield, Clark, and Watertown, South Dakota, on U. S. Highways Nos. 212 and 281, and transport such shipments on its own vehicles to destination.

2. G & P Transportation Company shall:

(a) Discontinue the transportation of all less-than-truckload shipments originating at or moving through its terminals at either Minneapolis or St. Paul, Minnesota, or Aberdeen, South Dakota, destined to all intermediate points on U. S. Highways Nos. 212 and 281, and divert such shipments as are destined to Redfield, Clark, and Watertown, South Dakota, to the R-B Freight Lines, Inc.; and divert to the Western Transportation Company all such shipments destined to points intermediate on U. S. Highways Nos. 212 and 281, between Minneapolis or St. Paul, Minnesota, on the one hand, and Aberdeen, South Dakota, on the other, except Redfield, Clark, and Watertown, South Dakota.

(b) Accept from the R-B Freight Lines, Inc. all less-than-truckload shipments originating at or moving through its terminals at Minneapolis or St. Paul, Minnesota, or Aberdeen, South Dakota, destined to all intermediate points on U. S. Highway No. 12 between Minneapolis or St. Paul, Minnesota, on the one hand, and Aberdeen, South Dakota, on the other, and transport such shipments on its own vehicles to destination.

3. The carrier to whom any such shipment shall have been diverted shall forward such shipment on the billing and pursuant to the tariff rate and the rules and regulations of the carrier issuing the bill of lading.

4. The carriers forthwith shall file with the Interstate Commerce Commission, in respect of transportation in interstate or foreign commerce, and with each appropriate State regulatory body, in respect of transportation in intrastate commerce, and publish, in accordance with law, and continue in effect until further order, tariffs or appropriate supplements to filed tariffs, setting forth any changes in the fares, charges, operations, rules, regulations, and practices of each carrier which may be necessary to accord with the provisions of this Order; and forthwith shall apply to said Commission and to each such regulatory body for special permission for such tariffs or supplements to become effective on one day's notice.

5. A copy of this Order shall be filed forthwith with the Interstate Commerce Commission and with the appropriate State regulatory authorities.

6. Nothing contained herein shall be so construed as to permit or require the motor carriers herein named to perform any transportation service which is not authorized or sanctioned by law.

This Order shall become effective on the 17th day of October, 1942, and shall remain in full force and effect until further order of this Office.

Issued at Washington, D. C., this 17th day of October 1942.

OFFICE OF PRICE ADMINISTRATION

[Order 26 Under RPS 64]

ORIGINAL ENAMEL RANGE COMPANY

APPROVAL OF MAXIMUM PRICES

Order No. 26 under Revised Price Schedule No. 64—Domestic Cooking and Heating Stoves.

On August 7, 1942, the Original Enamel Range Company, Belleville, Illinois, filed an application pursuant to § 1356.1 (d) of Revised Price Schedule No. 64 for approval of the maximum price for a new model coal and gas range, designated in the application as Model No. 442.

Due consideration has been given to the application and an opinion, issued simultaneously herewith, has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250, *It is hereby ordered:*

(a) Original Enamel Range Company may sell, offer to sell, deliver or transfer Model No. 442 at a maximum price of $66.98 f. o. b. factory to dealers, subject to discounts, allowances and terms no less favorable than those in effect as to Model No. 400, under § 1356.1 (a) (1) of Revised Price Schedule No. 64.

(b) This Order No. 26 may be revoked or amended by the Price Administrator at any time.

(c) Unless the context otherwise requires, the definitions set forth in § 1356.11 of Revised Price Schedule No. 64 shall apply to the terms used herein.

(d) This Order No. 26 shall become effective on the 17th day of October 1942.

Issued this 16th day of October 1942.

LEON HENDERSON,
Administrator.

[Suspension Order 142]

RANDALL M. WALKER

ORDER RESTRICTING TRANSACTIONS

Randall M. Walker, doing business as Walker Oil Company, Walker Chevrolet Company and Tank Car Station No. 5, in Jesup, Georgia, hereinafter called respondent, was duly served with a notice of specific charges of violations of Ration Order No. 5A, Gasoline Rationing Regulations,[1] issued by the Office of Price Administration. Pursuant to said notice and stipulations made by respondent with respect thereto, a hearing upon such charges was held September 17, 1942, in Atlanta, Georgia. There appeared a representative of the Office of Price Administration and respondent. The evidence pertaining to such charges was presented before an authorized presiding officer. Such evidence having been considered by the Deputy Administrator.

It is hereby determined that:

(1) On July 22, 1942, respondent was both a dealer in and an intermediate distributor of gasoline having a place of business at Jesup, Georgia.

(2) Respondent has violated § 1394.1601 of the Gasoline Rationing Regulations in that on July 22 and July 24, 1942, in his registrations with Wayne County, Georgia, War Price and Rationing Board, he represented that the total inventory of gasoline that he had on hand as a dealer and intermediate distributor as of 12:01 A. M. July 22, 1942, was 2699 gallons, whereas the total inventory of said gasoline was in fact 6888 gallons and respondent thereby obtained inventory coupons in an amount 4189 gallons in excess of that to which he was then entitled.

The violations of the Gasoline Rationing Regulations by respondent have interferred with the effective administration and enforcement of the Gasoline Rationing Regulations which have been prescribed in the public interest to promote the national defense. It appears to the Deputy Administrator from the evidence before him that further violations of the Gasoline Rationing Regulations by respondent are likely unless appropriate administrative action is taken,

It is therefore ordered, That: (a) Within three (3) days after the effective date of this order respondent shall surrender to the War Price and Rationing Board, Wayne County, Georgia, bulk, inventory or other gasoline rationing coupons for a total amount of 4189 gallons of gasoline and upon such surrender said Board shall cancel the same.

(b) During the period in which this Suspension Order shall be in effect, respondent shall not sell, transfer or deliver any gasoline to any consumer.

(c) Any terms used in this order that are defined in the Gasoline Rationing Regulations shall have the meaning therein given them.

(d) This Suspension Order No. 142 shall become effective 12:01 A. M. October 22, 1942, and unless sooner terminated, shall expire 12:01 A. M. November 21, 1942.

(Pub. Law 421, 77th Cong.; sec. 2 (a) of Pub. Law 671, 76th Cong., as amended by Pub. Law 89, 77th Cong., and by Pub. Law 507, 77th Cong.; E.O. 9125, 7 F.R. 2719; W.P.B. Dir. 1 and Supp. Dir. 1H; 7 F.R. 562, 3478, 3877)

Issued this 16th day of October 1942.

Deputy Administrator,
In charge of Rationing.

ORDER DENYING EXCEPTION

Order 1 under Maximum Price Regulation 127—Finished Piece Goods—Docket 3127-541.

On July 16, 1942, Irwin Levine, Esq., 261 Broadway, New York, New York, filed a petition on behalf of R. Goperstein Company, 152 Madison Avenue, New York, New York, for an exception pursuant to § 1400.82 (i) (3) of Maximum Price Regulation No. 127. Due consideration has been given to the petition, and an opinion in support of this Order No. 1 has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 as amended, and Executive Order No. 9250, and in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration, *It is hereby ordered*, That said petition be, and it hereby is, denied.

(a) This order shall become effective October 17, 1942.

Issued this 16th day of October 1942.

Order 2 under Maximum Price Regulation 127—Finished Piece Goods—Docket 3127-479.

On June 24, 1942, Milton C. Blum, Inc., 357 Fourth Avenue, New York, New York, filed a petition for exception pursuant to § 1400.82 (i) (3) of Maximum Price Regulation No. 127. Consideration has been given to the petition and an opinion in support of this Order No. 2 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 as amended, and Executive Order No. 9250, and in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration, *It is hereby ordered:*

(a) Milton C. Blum, Inc., is granted an exception from the provisions of § 1400.82 (i) (2) (v) of Maximum Price Regulation No. 127 and may sell and deliver the 600 pieces of finished piece goods purchased by the said Milton C. Blum,

ORDER GRANTING EXCEPTION

Order 3 under Maximum Price Regulation 127—Finished Piece Goods—Docket 3127-61.

On May 8, 1942, Mouakad Bros., Inc., 512 Seventh Avenue, New York, New York, filed a petition for exception pursuant to § 1400.82 (i) (3) of Maximum Price Regulation No. 127. Consideration has been given to the petition and an opinion in support of this Order No. 3 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250, and in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration, *It is hereby ordered:*

(a) Mouakad Bros., Inc., is granted an exception from the provisions of § 1400.82 (i) (2) (v) of Maximum Price Regulation No. 127 and may sell and deliver the 70,991 yards of finished piece goods purchased by the said Mouakad Bros., Inc., on April 10, 1942, from Theo. H. Davies & Company, Ltd. of 165 Broadway, New York, New York.

(b) The sale and delivery of the 70,991 yards of finished piece goods shall be subject to the following conditions:

(1) The price of the goods sold shall not exceed the price provided for wholesalers and jobbers in § 1400.82 (i) (1) of Maximum Price Regulation No. 127.

(2) The restrictions set forth in §§ 1400.82 (i) (2) (ii) and 1400.82 (i) (2) (iv) are specifically made applicable to any sales made pursuant to the permission herein granted.

(c) All prayers of the petition not granted herein are denied.

(d) Unless the context otherwise requires, the definitions set forth in § 1400.81 of Maximum Price Regulation No. 127 shall apply to the terms used herein.

Order 4 under Maximum Price Regulation 127—Finished Piece Goods—Docket 3127-517.

On July 1, 1942, Edward P. Stahel and Company, Inc., 354 Fourth Avenue, New York, New York, filed a petition for exception pursuant to § 1400.82 (i) (3) of Maximum Price Regulation No. 127. Consideration has been given to the petition and an opinion in support of this Order No. 4 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 as amended, and Executive Order No. 9250, and in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration: *It is hereby ordered:*

(a) Edward P. Stahel and Company Inc., is granted an exception from the provisions of § 1400.82 (i) (2) (v) of Maximum Price Regulation No. 127 and may sell and deliver the 5,611.5 yards of all-Bemberg rayon yarn-dyed fabric, which the said Edward P. Stahel had on hand July 1, 1942.

(b) The exception granted herein shall be subject to the following provisions:

(1) The sale and delivery of the yarn-dyed fabrics shall be at a price not to exceed that provided for wholesalers and jobbers in § 1400.82 (i) (1) of said Regulation No. 127.

(2) The restrictions set forth in §§ 1400.82 (i) (2) (ii) and 1400.82 (i) (2) (iv) are specifically made applicable to any sales of jobbed goods made pursuant to the permission herein granted.

(c) All prayers of the petition not granted herein are denied.

(d) Unless the context otherwise requires, the definitions set forth in § 1400.81 of Maximum Price Regulation No. 127, shall apply to the terms used herein.

(e) This Order No. 4 shall become effective October 17, 1942.

Issued this 16th day of October 1942.

LEON HENDERSON,
Administrator.

[Order 5 Under MPR 127]

HOFMANN-STONE, INC.

ORDER GRANTING EXCEPTION

Order 5 under Maximum Price Regulation 127—Finished Piece Goods—Docket 3127-361.

On June 5, 1942, Hofmann-Stone, Inc., 230 Fifth Avenue, New York, New York, herein called petitioner, filed a petition for exception pursuant to § 1400.82 (i) (3) of Maximum Price Regulation No. 127. Consideration has been given the petition and an opinion in support of this Order No. 4 has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250, and in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration, *It is hereby ordered:*

(a) Hofmann-Stone, Inc., is granted an exception from the provisions of § 1400.82 (i) (2) (v) of Maximum Price Regulation No. 127 and may insofar as it purchases finished piece goods and acts as a jobber thereof, charge a markup on such jobbing sales not in excess of that provided for wholesalers and jobbers under § 1400.82 (i) (1) of said regulation.

(b) The permission granted to the above named company is subject to the following conditions:

(1) That the percentage of goods sold by said company as a jobber shall not be greater than 16% of its annual total sales of finished piece goods.

(2) The restrictions imposed by § 1400.82 (i) (2) (ii) and (i) (2) (iv) are specifically made applicable to the jobbing sales made by petitioner under the permission granted by this order.

(3) Said company may not charge such jobber's markup with respect to finished piece goods purchased from a person controlling, controlled by or under common control with such company.

(4) Said company shall file with the Office of Price Administration, Washington, D. C., on or before the 10th day of November 1942, a report showing the total dollar volume of sales of finished piece goods (whether for immediate or future delivery) which such company made during the preceding month and showing that portion thereof (in dollar volume) constituted sales of converted goods and jobbed goods respectively. Said company shall file a similar report each month up to and including a report on or before January 10, 1943. Thereafter said company shall file a similar report quarterly giving the information called for above. Said company shall keep for inspection by the Office of Price Administration for a period of not less than two years complete and accurate records necessary to verify such reports.

(c) All prayers of the petition not granted herein are denied.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective October 17, 1942.

Issued this 16th day of October 1942.

LEON HENDERSON,
Administrator.

ALRO CONVERTING CORP.

ORDER GRANTING EXCEPTION

Order 6 under Maximum Price Regulation 127—Finished Piece Goods—Dockets 3127-192 and 3127-482.

On May 18, 1942 and June 23, 1942, Alro Converting Corp. of 1410 Broadway, New York, New York, filed the above petitions for exception pursuant to § 1400.82 (i) (3) of Maximum Price Regulation No. 127. Consideration has been given to the petitions and an opinion in support of this order No. 6 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under the authority vested in the price administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250, and in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration: *It is hereby ordered:*

(a) Alro Converting Corp. is granted an exception from the provisions of § 1400.82 (i) (2) (v) of Maximum Price Regulation No. 127 to the extent and only to the extent provided in paragraphs (b) and (c) below.

(b) Said Company may sell and deliver, and agree, offer, solicit and attempt to sell and deliver, the specific goods described in subparagraphs (1) and (2), at prices set forth in paragraph (c):

(1) That portion of 76,000 yards of printed piece goods purchased from Tabin-Picker and Company, Chicago, Illinois, which were not sold and delivered at the time of the issuance of Maximum Price Regulation No. 127;

(2) The 969 yards of black Luana, construction of which is 108 48-150 denier acetate warp, 42½″ Read 15's Spun Rayon Filler; and 6304⅞ yards of black 2-way Flake Spun Rayon construction of which is 44x42—all Spun Rayon, purchased on April 10, 1942 from the Sterling Company, Chicago, Illinois;

(c) The above goods shall be sold at a price not in excess of that price provided for wholesalers and jobbers in § 1400.82 (i) (1) of said Maximum Price Regulation No. 127.

(d) All prayers of the petitions not granted herein are denied.

(e) Unless the context otherwise requires definitions set forth in § 1400.81 of Maximum Price Regulation No. 127 shall apply to the terms used herein.

(f) This order No. 6 shall become effective October 17, 1942.

Issued this 16th day of October 1942.

[Suspension Order 143]

H. J. HICKEY AND M. H. HICKEY

ORDER RESTRICTING TRANSACTIONS

H. J. Hickey and M. H. Hickey, copartners doing business as Young Ice Cream Company, Montgomery, Alabama, hereinafter called respondents, were duly served with a notice of specific charges of violation of Rationing Order No. 3, The Sugar Rationing Regulations, issued by the Office of Price Administration. Pursuant to said notice, a hearing upon said charges was held in Montgomery, Alabama, on September 11, 1942. There appeared a representative of the Office of Price Administration and respondents. The evidence pertaining to the charges was presented before an authorized presiding officer. Such evidence having been considered by the Deputy Administrator, *It is hereby determined,* That:

(1) On April 28, 1942, respondents registered for the Young Ice Cream Company, an industrial user of sugar located at 121 Bell Street, Montgomery, Alabama, and filed OPA Form R-310 with local rationing board No. 51-1, Montgomery, Alabama.

(2) Respondents have violated § 1407.83 of the Sugar Rationing Regulations in that on said OPA Form R-310 respondents declared that the inventory of sugar owned by them on April 28, 1942, was 5100 pounds, whereas the inventory of sugar owned by respondents on that date was, in fact, 9554 pounds, as respondents then knew or should have known. Respondents thereby obtained a Sugar Purchase Certificate authorizing them to accept delivery of sugar in an amount 4454 pounds in excess of that to which they were then entitled.

(3) On June 1, 1942, respondents learned that officials of the Office of Price Administration had discovered the violation of the Sugar Rationing Regulations above set forth. Thereafter, respondents did not take delivery of 4,500 pounds of the sugar allotted to them for July and August 1942.

Because of the scarcity of sugar in the United States, the violation of the Sugar Rationing Regulations by respondents resulted in the diversion of sugar from military and essential civilian uses into nonessential uses in a manner contrary to public interest and detrimental to national defense. And it appearing to the Deputy Administrator from the evidence before him that further violations of the Sugar Rationing Regulations by respondents are likely unless appropriate administrative action is taken. *It is therefore ordered:*

(a) That the allotment of sugar for which respondents would otherwise be eligible under the Sugar Rationing Regulations for the months of November and December 1942, shall be reduced by 5,000 pounds.

(b) Any terms used in this suspension order that are defined in the Sugar Rationing Regulations shall have the meaning therein given them.

(Pub. Law 421, 77th Cong.; Sec. 2 (a) of Pub. Law 671, 76th Cong, as amended by Pub. Law 89, 77th Cong. and by Pub. Law 507, 77th Cong.; E.O. 9125 (7 F.R. 2719); W.P.B. Dir. No. 1 and Supp. Dir. No. 1E (7 F.R. 2965))

Issued and effective this 16th day of October 1942.

PAUL M. O'LEARY,
Deputy Administrator
In Charge of Rationing.

[Order 3 Under MPR 152]

VINCENNES PACKING CORPORATION. VINCENNES, IND.

APPROVAL OF MAXIMUM PRICES

Order No. 3 under Maximum Price Regulation No. 152—Canned Vegetables.

On September 15, 1942, the Vincennes Packing Corporation, filed an application for specific authorization to charge a particular maximum price pursuant to § 1341.22 (d) of Maximum Price Regulation No. 152. It has been sufficiently demonstrated to the Price Administrator that this applicant is unable to establish a maximum price for No. 10 tomato puree pursuant to the pricing provisions of § 1341.22.

Due consideration has been given to the information submitted by the applicant with respect to 1942 pack No. 10 containers of tomato puree, of 1.050 plus, specific gravity. The No. 10 container size of this product was not sold by the applicant heretofore.

For the reasons set forth in the opinion and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250, 7 F.R. 7871, *It is hereby ordered*, That:

(a) The Vincennes Packing Corporation may sell, offer to sell or deliver and any person may buy, offer to buy or receive No. 10 containers of tomato puree, 1942 pack, 1.050 plus, specific gravity at a price no higher than $5.50 per dozen, f. o. b. factory.

(b) This Order No. 3 may be revoked or amended by the Price Administrator at any time.

(c) Unless the context otherwise requires, the definitions set forth in § 1341.30 of Maximum Price Regulation No. 152 shall apply to terms used herein.

(d) This Order No. 3 shall become effective on October 19, 1942.

Issued this 17th day of October 1942.

LEON HENDERSON,
Administrator.

AMERICAN SMELTING AND REFINING CO.

IMPORTS OF DORE

Order 1 under § 1387.1 (b) of Maximum Price Regulation 198—Imports of Silver Bullion.

An opinion setting forth the grounds upon which this order is based is issued simultaneously herewith and has been filed with the Division of the Federal Register.

Pursuant to the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, Executive Order No. 9250, and § 1387.1 (b) of Maximum Price Regulation No. 198, *It is hereby ordered*, That:

(a) American Smelting and Refining Company, 120 Broadway, New York, New York, may import dore from the Honduras properties of the New York and Honduras-Rosario Mining Company at a price not in excess of that established by Maximum Price Regulation No. 198 for silver bullion in standard commercial bars, calculated on the basis of silver content, less 1½ cents per ounce of gross weight of such dore: *Provided, however*, That, there may be added to such price the value of the gold content of the dore calculated at a price not in excess of $34.9125 per ounce.

(b) This Order No. 1 may be revoked or amended by the Price Administrator at any time.

(c) This Order No. 1 shall become effective October 19, 1942.

Issued this 17th day of October 1942.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 59–58]

INDIANA SERVICE CORPORATION, ET AL.

NOTICE OF AND ORDER INSTITUTING PROCEEDINGS

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 16th day of October, 1942.

In the matter of Indiana Service Corporation, Clarence A. Southerland and Jay Samuel Hartt, trustees of the estate of Midland Utilities Company, respondents.

The Commission having examined the corporate structure of Indiana Service Corporation, a subsidiary of Clarence A. Southerland and Jay Samuel Hartt, trustees of the estate of Midland Utilities Company, a registered holding company, which in turn is a subsidiary of Hugh M. Morris, trustee of the estate of Midland United Company, also a registered holding company, and the files and records of the Commission with respect thereto, and said examination having disclosed data establishing or tending to establish that:

1. Midland Utilities Company, a public utility holding company, is a Delaware corporation, which is and has been since June 9, 1934, in reorganization under section 77B of the Bankruptcy Act, as amended, under the jurisdiction of the United States District Court for the District of Delaware. Clarence A. Southerland and Jay Samuel Hartt were appointed Trustees of the Estate of Midland Utilities Company on October 24, 1938. Clarence A. Southerland and Jay Samuel Hartt, as trustees of the estate of Midland Utilities Company, are a registered holding company under the Public Utility Holding Company Act of 1935.

2. Indiana Service Corporation is a corporation organized under the laws of the State of Indiana and maintains a principal office in the city of Fort Wayne, State of Indiana. Indiana Service Corporation is engaged in the generation, purchase, transmission, and distribution of electrical energy in the north-central and northeastern parts of Indiana, including the city of Fort Wayne. Gas service is furnished in the city of Delphi and water service in the town of Churubusco in the State of Indiana. Indiana Service Corporation operates the transportation system in Fort Wayne by means of street cars, trolley coaches, and motor coach feeder lines. The company also operates an electric interurban railway line between Fort Wayne and Garrett, Indiana, for the transportation of freight, the largest portion of which is coal for use in the company's generating plant in Fort Wayne.

A condensed balance sheet, per books, of the company, as of December 31, 1941, is as follows:

Assets and other debits		
Plant and property		$16,951,337.18
Current assets		2,245,259.46
Other physical assets		970,931.75
Other assets		16,450.59
Deferred debits:		
Preferred stock discount and expense	$306,991.45	
Unamortized debt discount and expense	335,484.39	
Prepayments and deferred charges	40,487.80	
		682,963.64
Total assets and other debits		20,866,942.62
Liabilities and other credits		
Current liabilities		$812,514.76
Contributions in aid of construction		228,338.11
Reserves:		
Depreciation:		
Utility plant	$837,974.75	
Street railway property	74,923.35	
Trolley coach and bus	105,037.36	
Miscellaneous reserves	67,048.88	
		1,084,984.34
Deferred liabilities		76,521.19
Long term debt (owned by public)		12,115,683.20
Debt to parent, including interest		3,868,927.40
Preferred stock (owned by public)		3,032,800.00
Common stock (1% owned by public)		7,380,000.00
Surplus (deficit)		*7,732,826.38
Total liabilities and other credits		20,866,942.62

*Denotes a red figure.

3. As of December 31, 1941, utility plant and railway property per books of Indiana Service Corporation amounted to $16,951,337. As of the same date of retirement reserve amounted to $1,017,935 or 6.01% of utility plant and railway property.

4. Included in the plant and property account of the company are certain items which have been classified by the company as Proposed Plant Adjustments (F.P.C. Account #107). These total $221,992. Of this amount the company proposes to charge $187,421.00 against Earned Surplus, $37,002.00 against Depreciation Reserve, and $2,431.00 against Contributions in Aid of Construction.

5. A segregation of the gross plant account, the depreciation reserve by classes of utilities, the resultant net plant account by classes of utilities, and the percent of reserve to gross plant account, per books, as at December 31, 1941, were as follows:

Type of property	Gross plant account	Depreciation reserve	Net plant account	Percent of depreciation reserve to gross plant account
Electric, gas, water and common	$12,234,500	837,975	$11,396,525	6.85
Street railway	3,523,500	74,923	3,448,577	2.13
Trolley coach and motor bus	738,000	105,037	632,963	14.23
Interurban railway	455,000	None	455,000	
Total plant account	16,951,000	1,017,935	15,933,065	6.01

6. Indiana Service Corporation proposes to convert the city railway in Fort Wayne to a trackless electric trolley system. When the present investment in the street railway system is written off, earned surplus will be charged in the approximate amount of $2,678,600.

7. There is recorded on the balance sheet of Indiana Service Corporation, as of December 31, 1941, an item in the amount of $970,932 representing land and buildings not used in rendering utility service. The principal portion of such property was formerly used in railway operations, and it is anticipated that its disposition will result in a substantial loss thereby further increasing the existing earned surplus deficit.

8. Dividends have not been paid on the 7% cumulative preferred stock of Indiana Service Corporation since 1932. As of December 31, 1941, the accumulated unpaid dividends on this class of stock amounted to $69.13 per share or a total of $947,495.

9. Dividends have not been paid on the 6% cumulative preferred stock of Indiana Service Corporation since 1932. As of December 31, 1941, the accumulated unpaid dividends on this class of stock amounted to $59.25 per share or a total of $984,786.

10. Dividends have not been paid on the common stock since 1930.

11. The setting up of adequate reserves to absorb the loss expected to result from the abandonment of the street railway property ($2,678,600) for preferred stock dividends in arrears ($1,932,281) and the write-off of plant adjustments ($187,421) would increase the earned surplus deficit as at December 31, 1941, to approximately $12,531,128.

12. It is probable that the finally adjusted deficit in surplus will exceed this figure since the depreciation reserve appears to be inadequate.

13. The capital structure, including surplus, of Indiana Service Corporation, per books, as of December 31, 1941, and adjusted to give effect to (a) cumulative preferred stock dividends in arrears, (b) a full reserve for the eventual write-off of the street railway property (except that property which is useful in other operations), and (c) the write-off of Plant Adjustments Account 107 is shown below:

14. As of December 31, 1941, per books, the ratio of total debt, excluding alleged debt to Clarence A. Southerland and Jay Samuel Hartt, trustees of Midland Utilities Company, to net fixed property, adjusted to reflect the write-off of the street railway property (except that property which is useful in other operations), and Plant Adjustments (F.P.C. Account No. 107) amounted to 93 per cent. As of the same date, per books, the ratio of total debt, including the alleged debt to parent company, to net fixed property, as adjusted (plus other net assets) amounted to 104 per cent.

As of the same date, total debt and preferred stock (including cumulative dividend arrears) amounted to 136 per cent. of total net fixed property as adjusted, plus other net assets.

15. The following tabulation sets forth Gross Income and Deductions therefrom, per books, of Indiana Service Corporation, for the last six calendar years together with the resulting dividend coverages:

17. By reason of the failure to pay preferred stock dividends, as described in paragraphs 8 and 9 above, all of the preferred stock of Indiana Service Corporation has acquired certain voting rights, to the extent of one vote per share.

18. As of December 31, 1941, the distribution of voting power among the various classes of stockholders of Indiana Service Corporation was as follows:

	Votes	*Percent*
7% Cumulative preferred	13, 706	1. 7
6% Cumulative preferred	16, 622	2. 2
Common	738, 000	96. 1
Total	768, 328	100. 0

19. As of December 31, 1941, Clarence A. Southerland and Jay Samuel Hartt, trustees of the estate of Midland Utilities Company, owned 728,840.73 shares, or approximately 98.7 per cent. of the outstanding common stock of Indiana Service Corporation.

20. As of December 31, 1941, Indiana Service Corporation was indebted to Clarence A. Southerland and Jay Samuel Hartt, trustees of the estate of Midland Utilities Company, in the amount of $2,739,000, evidenced by 5% demand notes, plus accrued interest thereon in the amount of $1,129,927.40. These advances were made over a period of approximately four years, beginning on May 1, 1929 and ending on June 29, 1933.

It therefore appearing to the Commission, in the light of the foregoing, that it is appropriate and in the public interest, and in the interest of investors and consumers, to institute proceedings against Indiana Service Corporation, and Clarence A. Southerland and Jay Samuel Hartt, trustees of the estate of Midland Utilities Company, under sections 11 (b) (2), 15 (f), and 20 (a) of the Public Utility Holding Company Act of 1935, to determine whether certain orders should be entered pursuant to the provisions of said sections:

Wherefore, *It is ordered,* That proceedings be instituted pursuant to sections 11 (b) (2), 15 (f) and 20 (a) of the Act and that Indiana Service Corporation and Clarence A. Southerland and Jay Samuel Hartt, trustees of the estate of Midland Utilities Company, are hereby made respondents in these proceedings, and said respondents shall file with the Secretary of the Commission on or before the 24th day of November 1942, their answers admitting, denying or otherwise explaining their positions with respect to the allegations heretofore made in paragraphs 1 to 20 of this order. Such answers may also include a statement by respondents of their views as to what action, if any, should be taken to bring about a fair and equitable distribution of voting power among the security holders of Indiana Service Corporation; to restate the plant account, depreciation reserve, capital accounts, surplus and other accounts, so as to segregate, dispose of, and eliminate write-ups and intangibles in the plant, investment and other accounts, set up adequate reserves for retirements and depreciation of plant and property, and make other adjustments in conformity with the standards of the Public Utility Holding Company Act of 1935, with respect to Indiana Service Corporation; and to take such other action as may be necessary or appropriate under the provisions of sections 11 (b) (2), 15 (f), and 20 (a) of said Act with respect to said respondents.

It is further ordered, That a hearing be held on the 14th day of December, 1942, at 10 o'clock a. m., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated on such date by the hearing room clerk in room 318, for the purpose of determining the following matters and questions:

1. Whether voting power is unfairly or inequitably distributed among security holders of Indiana Service Corporation;
2. What action, if any, is necessary and should be required to be taken by Indiana Service Corporation, for the purpose of effecting an equitable distribution of voting power among its security holders;
3. Whether the debt owed by Indiana Service Corporation to its parent, the estate of Midland Utilities Company, is an unnecessary corporate complexity in the holding company system of the estate of Midland Utilities Company;
4. What action, if any, is necessary and should be required to be taken by respondents to ensure that the corporate structure of the holding company system, insofar as the relationship of the estate of Midland Utilities Company and Indiana Service Corporation is concerned, is not unduly complicated;
5. Under what circumstances the debt of Indiana Service Corporation owing to Clarence A. Southerland and Jay Samuel Hartt, trustees of the estate of Midland Utilities Company arose, and whether it is permissible, necessary, or appropriate that said debt should be subordinated, in whole or in part, to the publicly held securities of Indiana Service Corporation, in the process of redistributing voting rights, if such redistribution is finally ordered;
6. What action, if any, is necessary and should be required to be taken by Indiana Service Corporation to restate its plant account, depreciation reserve, capital accounts, surplus and other accounts, so as to segregate, dispose of, and eliminate write-ups, intangibles or other inflationary items in the plant, investment or other accounts, set up adequate reserves for depreciation of plant and property, and make other adjustments in conformity with the standards of the Public Utility Holding Company Act of 1935; and
7. What other or further action, if any, should be required to be taken by the respondents to meet the requirements of sections 11 (b) (2), 15 (f), and 20 (a) of the Public Utility Holding Company Act of 1935.

At the outset of said hearing, consideration will be given to such issues, if any, as may arise from the allegations in paragraphs 1 to 20 hereof, in respondents' answers hereinbefore provided for, and in any other papers filed herein by interested persons. To the extent that any allegations set forth above are not controverted in the respondents' answers and are not controverted by any other interested person, such facts shall be deemed to be admitted for the purposes of this proceeding.

It is further ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearings in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all the powers granted to the Commission under section 18 (c) of said Act and to a Trial Examiner under the Commission's Rules of Practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order by registered mail to Indiana Service Corporation, and to Clarance A. Southerland and Jay Samuel Hartt, trustees of the estate of Midland Utilities Company, respondents, not less than 30 days prior to the date hereinbefore fixed within which respondents may file their answers; and that notice of the entry of this order and of said hearing is hereby given to all security holders of Indiana Service Corporation and of the Estate of Midland Utilities Company, to all consumers of said Indiana Service Corporation, to all states, municipalities and political subdivisions of states within which are located any of the utility assets of Indiana Service Corporation, to all state commissions, state securities commissions and all agencies, authorities or instrumentalities of one or more states, municipalities or other political subdivisions having jurisdiction over Indiana Service Corporation, or over any of the businesses, affairs or operations of said respondents, and to all other persons, such notice to be given by a general release of the Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and by publication of this order in the FEDERAL REGISTER not later than 30 days prior to the date hereinbefore fixed within which respondents may file their answers.

It is further ordered, That jurisdiction be and is hereby reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues or questions which may arise in these proceedings, and to take such other action as may appear necessary to the orderly and economical disposition of the issues involved.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

At any time thereafter such declarations or applications, as filed or as amended, may become effective or may be granted as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act. All interested persons are referred to said declarations or applications which are on file in the office of said Commission for a statement of the transactions therein proposed, which are summarized as follows:

Associated Electric Company proposes to acquire $3,602,000 principal amount of it own 4½% bonds, refunding series, due April 1, 1956, from Metropolitan Edison Company, for a cash consideration of $1,548,860, plus accrued interest, the consideration being determined upon the basis of 43% of principal amount. It is further proposed that Associated Electric Company acquire $2,222,000 principal amount of its own 4½% bonds, due January 1, 1953, from Staten Island Edison Corporation, for a cash consideration of $955,460, plus accrued interest, the consideration also being determined upon the basis of 43% of principal amount. Application-declarants state that the consideration was determined on the basis of the estimated fair market value of the bonds to be acquired as of September 17, 1942 (the date of the offer of purchase). Among the factors stated to be considered in determining the consideration were the past and present market prices of the Associated Electric Company 4½% bonds, due January 1, 1953, and the size of the blocks involved. It is further stated that, as there are no publicly held bonds of the 1956 maturity, it was necessary to be guided by the market action with respect to the 1953 maturity.

Associated Electric Company states that it desires to consummate the transactions in order to reduce its outstanding funded debt with consequent saving in annual interest requirements. Metropolitan Edison Company and Staten Island Edison Corporation state that they desire to consummate the transactions in order to dispose of their cross-holdings of securities in the same holding company system, and that the cash proceeds will be used partially to retire their own presently outstanding indebtedness.

By the Commission.

Secretary.

TITLE 28—JUDICIAL ADMINISTRATION

Chapter I—Department of Justice

PART 30—TRAVEL AND OTHER CONDUCT OF ALIENS OF ENEMY NATIONALITIES

APPLICATION FOR CERTIFICATES OF IDENTIFICATION

Section 30.51[1] is amended to read as follows:

§ 30.51 *Persons required to apply.* Except as hereinafter expressly excluded by § 30.52, persons in the United States (including Puerto Rico and the Virgin Islands) required to apply for certificates of identification, and otherwise to comply with these regulations, are as follows:

(a) All aliens who are of the age of 14 years or upward and who are German or Japanese citizens or subjects.

(b) All aliens of the age of 14 years or upward and who at present are stateless but who, at the time at which they became stateless, were German or Japanese citizens or subjects.

(c) All aliens, of the classes described in paragraphs (a) and (b) of this section, who have not reached the age of 14 years at the time that applications for certificates of identification are required, shall from that time forward and so long as the said Presidential Proclamation dated January 14, 1942, shall remain in effect, immediately upon reaching the age of 14 years, present themselves at the nearest appropriate post office or such other place as may be hereafter designated, and make application for such certificate of identification.

Section 30.52 is amended by revising paragraphs (a), (b) and (c) by redesignating paragraph (d) as paragraph (e) and by adding thereto a new paragraph marked (d).

Section 30.52 will now read as follows:

§ 30.52 *Persons not required to apply.* Classes of aliens not required to apply for certificates of identification, or otherwise to comply with these regulations, include the following:

(a) German or Japanese citizens, or subjects who, before December 7, 1941, in the case of former Japanese subjects and before December 8, 1941, in the case of former German citizens, became citizens of any nation other than Germany or Japan: *Provided,* That such persons have not, by special license or otherwise, retained their status as German or Japanese citizens or subjects.

(b) Austrians or Austrian-Hungarians (Austro-Hungarians), who registered as such under the Alien Registration Act of 1940, provided that such persons have not at any time voluntarily become German or Japanese citizens or subjects.

TITLE 29—LABOR

Chapter II—National Labor Relations Board

PREVENTION OF UNFAIR LABOR PRACTICES; INVESTIGATION AND CERTIFICATION OF REPRESENTATIVES

EXCEPTIONS, ETC.

By virtue of the authority vested in it by the National Labor Relations Act, approved July 5, 1935, the National Labor Relations Board hereby issues the following amendments to its Rules and Regulations — Series 2 — as amended (General Rules and Regulations) which it finds necessary to carry out the provisions of said Act. Said amendments to the Rules and Regulations—Series 2—as amended, shall become effective upon the signature of the original amendments by the members of the Board, and upon the publication thereof in the FEDERAL REGISTER.

Sections 202.33[1] and 203.9,[2] National Labor Relations Board Rules and Regulations—Series 2—as amended, are hereby amended in the following manner: § 202.33 is amended by inserting the words "and brief" immediately following the word "exceptions" in the second sentence of the first paragraph thereof. Section 203.9 is amended by substituting for the last sentence thereof the following new sentences, "Should any party desire to file a brief with the Board, the original and three copies thereof shall be filed with the Board at Washington, D. C., within seven days after the close of the hearing. Immediately upon such filing, the party filing the same shall serve a copy thereof upon each of the other parties." As amended, §§ 202.33 and 203.9, Rules and Regulations—Series 2—as amended, shall read as follows:

PART 202—PROCEDURE UNDER SECTION 10 OF THE ACT FOR THE PREVENTION OF UNFAIR LABOR PRACTICES

§ 202.33 *Exceptions; time for filing; where to file; service on parties; extension of time; effect of failure to include matter in exception.* Within fifteen days from the date of the entry of the order transferring the case to the Board, pursuant to § 202.32, any party may file with the Board at Washington, D. C., an original and four copies of a statement in writing setting forth such exceptions to the Intermediate Report or to any other part of the record or proceeding (including rulings upon all motions or objections) as he relies upon, together with the original and four copies of a brief in support thereof. Immediately upon the filing of the statement of exceptions and brief, the party filing the same shall serve a copy thereof upon each of the other parties and shall file a copy with the Regional Director. Upon proper cause shown, the Board may extend the period within which to file a statement of exceptions or brief.

No matter not included in a statement of exceptions may thereafter be objected to before the Board, and failure to file a statement of exceptions shall operate as a submission of the case to the Board on the record.

Should any party desire permission to argue orally before the Board, request therefor must be made in writing to the Board within ten days after the date of the entry of the order transferring the case to the Board (or in Board cases the date of filing the Intermediate Report), pursuant to § 202.32. The Board shall notify the parties of the time and place for oral argument, if such permission is

granted. (Sec. 6 (a), 49 Stat. 452; 29 U.S.C.).

PART 203—PROCEDURE UNDER SECTION 9 (c) OF THE ACT FOR THE INVESTIGATION AND CERTIFICATION OF REPRESENTATIVES

§ 203.9 *Proceedings before Board; briefs; further hearing; direction of election; certification of representatives.* The Board shall thereupon proceed, either forthwith upon the record, or after oral argument or the submission of briefs, or after further hearing, as it may determine, to direct a secret ballot of the employees in order to complete the investigation, or to certify to the parties the name or names of the representatives that have been designated or selected, or to make other disposition of the matter. Should any party desire to file a brief with the Board, the original and three copies thereof shall be filed with the Board at Washington, D. C. within seven days after the close of the hearing. Immediately upon such filing, the party filing the same shall serve a copy thereof upon each of the other parties. (Sec. 6 (a), 49 Stat., 452; 29 U.S.C.).

Signed at Washington, D. C., this 19th day of October 1942.

Chapter VII—War Manpower Commission

[General Order 1]

PART 901—TRANSPORTATION OF WORKERS

TRANSPORTATION OF WORKERS TO NON-FERROUS METAL PRODUCING AREAS

By virtue of and pursuant to the authority vested in me by Executive Orders 9139 and 9247, and by the letter of the President dated October 8, 1942, allocating certain sums from the Emergency Fund for the President, National Defense, 1942 and 1943, to the War Manpower Commission, I hereby prescribe the following regulations:

Sec.
901.1 Administration of transportation program.
901.2 Prerequisites to transportation.
901.3 Persons for whom transportation provided.
901.4 Transportation of persons.
901.5 Transportation of household effects.
901.6 Payment of or reimbursement for transportation.
901.7 Conformity with standardized Government transportation regulations.
901.8 Determination of liability for reimbursement in the event of breach of contract.

AUTHORITY: §§ 901.1 to 901.8, inclusive, issued under E.O. 9139, 9247; 7 F.R. 2919, 7379.

§ 901.1 *Administration of transportation program.* The United States Employment Service in the War Manpower Commission, through such of its officers or employees as may be designated by operations bulletins or otherwise for that purpose, shall enter into necessary transportation agreements with workers and employers on behalf of the United States, and administer the disbursement of funds and all other operational aspects of the transportation program, including the issuance of detailed operations instructions consistent with these regulations.

§ 901.2 *Prerequisites to transportation.* (a) No transportation shall be provided for any worker, his dependents, and household effects and no reimbursement shall be made to any worker for transportation, or to any employer for advances made by him to any worker for transportation unless (1) reasonably adequate use is being made of the local labor supply at the proposed place of employment, and (2) the employer and the worker have entered into a contract of employment which includes the provisions contained in forms provided by the United States Employment Service for such purpose. Such contract shall provide for a ninety-day period of employment beginning on the day the worker begins travel to the place of employment, and shall include provisions for reimbursement to the United States by the worker or the employer as the case may be, of the costs of transportation furnished pursuant to these regulations in the event that the employment is terminated without good cause prior to the expiration of such ninety-day period.

§ 901.3 *Persons for whom transportation provided.* Transportation may be provided for a worker qualified for mining employment and not to exceed three dependents of any such worker, from points in the continental United States to places of employment in the non-ferrous metal industry in States west of the Mississippi River. For the purposes of these regulations, "dependent" means a wife or minor child of the worker or a person whose support the worker has assumed in good faith, provided that the worker maintains a bona fide family relationship in his home with such wife, child or other person.

§ 901.4 *Transportation of persons.* (a) Travel shall be by (1) railroad or licensed bus line; (2) privately-owned automobile.

(b) Travel by railroad or bus shall be by the most economical usually traveled route from the point of departure to the place of employment. Coach tickets shall be used when the travel is for a short distance, and tourist tickets, including tourist berth, shall be used when travel is for longer distances that require night travel.

(c) Reimbursement for travel by privately-owned automobile shall be computed as follows:

(1) To a worker or dependent traveling alone, the cost of transportation between the point of departure and the place of employment by railroad, or if no available direct railroad facilities, then by bus, or if no direct railroad or bus facilities, then five cents per mile, but in no event to exceed five cents per mile from the point of departure to the place of employment by the shortest usually traveled route;

(2) To a worker traveling with one or more other workers or with one or more of his dependents, or to a dependent traveling with one or more other dependents, five cents per mile from the point of departure to the place of employment by the shortest usually traveled route. Where a group of workers, a worker and his dependents, or a group of dependents travel together in the same automobile, allowance for such automobile transportation shall be made on the basis of travel by one person only.

(d) As used in this section, the "point of departure" may be either the place where the contract required under § 901.2 is entered into by the worker, or the worker's home, whichever is authorized in the particular case.

§ 901.5 *Transportation of household effects.* Transportation of household effects shall be by freight or motor van line, whichever is the more economical as determined by published tariffs for shipments by freight and by competitive bids for shipments by motor van lines. Household effects transported pursuant to these regulations shall not be in excess of 2,500 pounds gross for a worker without dependents and 5,000 pounds gross for a worker with dependents, these maximum weights to include crates, boxes, and other containers. Packing, crating, drayage, unpacking, and uncrating shall be included in the cost of transportation. The evaluation of property as declared for shipping purposes shall not exceed that at which the lowest freight rate would apply. Any charges in excess of those herein provided for shall be paid by the worker in advance.

§ 901.6 *Payment of or reimbursement for transportation.* (a) Travel by railroad or bus line shall be upon standard Government transportation requests and shipment of household effects shall be on standard Government bills of lading. Charges for drayage, packing, crating, unpacking, or uncrating shall be paid only upon prior authorization, upon presentation of standard voucher, and after certification by the officer or employee of the United States Employment Service by whom such services were authorized that the services were performed and that payment should be made.

(b) Reimbursement for travel by privately-owned automobile will be allowed only if authorization therefor has been granted prior to the commencement of such travel. When travel by privately-owned automobile has been so authorized, the worker shall be entitled to reimbursement upon presentation of standard voucher and statement of travel by motor vehicle and shall be paid only after certification by an officer or employee of the United States Employment Service at an appropriate local United

States Employment Service office that the travel was performed and that payment should be made.

(c) Reimbursement to an employer for funds advanced to a worker in order to enable him to proceed to his new place of employment by privately-owned automobile will be allowed only if authorization for such travel and advance has been made prior to the commencement of such travel. When such travel and advance have been so authorized, the employer shall be entitled to reimbursement in accordance with such prior authorization on the same basis and to the same extent and subject to the same conditions upon which reimbursement would be made to the worker as aforesaid, upon presentation by the employer of a voucher together with evidence that the worker reported to the place of employment. Such reimbursement will be paid only after certification by an officer or employee of the United States Employment Service at an appropriate local United States Employment Service office that the travel was performed and that payment should be made.

§ 901.7 *Conformity with standardized Government transportation regulations.* Whenever practicable and to the extent pertinent to and not inconsistent with the foregoing sections of these regulations, standardized Government regulations applicable to the travel of civilian officials and employees of the several departments and independent establishments of the Federal Government and to the transportation of their household effects shall govern the transportation of workers, their dependents and household effects pursuant to these regulations.

§ 901.8 *Determination of liability for reimbursement in the event of breach of contract.* In the event that an employer fails to afford opportunity for employment for the period of employment, or a worker fails to commence and complete travel to the place of employment and thereafter to perform services for the period of employment, as provided in the contract required under § 901.2 of these regulations, the regional director of the War Manpower Commission for the region in which the place of employment is located is authorized and directed to determine whether or not a claim for reimbursement to the United States for transportation costs shall be made. If a claim so made is not paid within a reasonable time, the regional director of the War Manpower Commission for such region is authorized and directed to make a final determination, on behalf of the Chairman of the War Manpower Commission, as to all matters involved in such claim, except that if disagreement exists with respect to whether or not a termination of employment prior to the expiration of the period of employment was for good cause, the regional director shall refer that question to an appropriate local area War Manpower Committee. Such committee shall promptly afford the worker and the employer affected a fair opportunity to present evidence on such question and on the basis of such evidence and such other evidence as it may adduce shall submit its recommendations with respect thereto to the regional director. If the regional director does not concur in such recommendations, the matter shall be referred to the regional War Manpower Committee whose decision in the matter shall be final.

PAUL V. MCNUTT,
Chairman.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1632]

PART 323—MINIMUM PRICE SCHEDULE, DISTRICT NO. 3

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 3 for the establishment of additional price classifications and minimum prices for the coals of certain mines in District No. 3.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of additional price classifications and minimum prices for the coals of certain mines in District No. 3; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 323.8 (*Special prices*—(d) *By-product, horizontal and vertical retort, or water gas use*) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: September 29, 1942.

[SEAL] DAN H. WHEELER,
Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 3

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 10 for the establishment of price classifications and minimum prices for coals produced in District No. 10 for which price classifications and minimum prices have not heretofore been established.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals produced by the truck mine of William Blender, known as Blender Mine No. 2, Mine Index No. 1603.

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: September 30, 1942.

[SEAL] DAN H. WHEELER,
Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 10

NOTE: The material contained in this supplement is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 330, Minimum Price Schedule for District No. 10 and supplements thereto.

TITLE 32—NATIONAL DEFENSE

Chapter VI—Selective Service System

MASSACHUSETTS

WAIVER OF LOCAL BOARD PHYSICAL EXAMINATION

Waiving Local Board physical examination in the State of Massachusetts in certain cases.

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885), as amended, and the authority vested in me by the rules and regulations prescribed thereunder, and more particularly the provisions of § 623.35 of the Selective Service Regulations, I hereby waive the requirement that registrants be physically examined by an examining physician in the manner provided in Part 623, Selective Service Regulations, when the cases of such registrants have been appealed to the board of appeal under the provisions of Part 627, Selective Service Regulations, without the registrant having been first physically examined before the classification by the local board and I hereby direct that the classification of such registrants by the board of appeal be completed in the manner provided in § 623.51 (f), Selective Service Regulations, without such physical examination by local board examining physicians.

Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 1010—SUSPENSION ORDERS

[Suspension Order S-99]

SUN OIL CO.

Sun Oil Company, a Delaware Corporation, is engaged in the marketing of fuel oil. During the months of April, May and June, the Washington District office of the Sun Oil Company made deliveries of motor fuel to fourteen service stations in excess of the amounts permitted to be so delivered in accordance with the provisions of Limitation Order L-70.[2] The total excess of deliveries of motor fuel thus made was 142,730 gallons.

At all times while deliveries of motor fuel were being made, the Sun Oil Company through its Washington District Office was fully aware of the provisions contained in Limitation Order L-70 governing the amount of motor fuel which may be delivered to each service station and, therefore, deliveries of motor fuel in excess of the amounts permitted under the provisions of Limitation Order L-70 constituted a wilful violation of that order. However, during the months of July and August, the company decreased deliveries to the aforementioned service stations in an effort to correct the previous excess of deliveries of motor fuel.

These violations of Limitation Order L–70 have impeded and hampered the war effort of the United States by diverting motor fuel to uses unauthorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered*, That:

§ 1010.99 *Suspension Order S–99.* (a) Sun Oil Company shall not deliver or cause to be delivered, directly or indirectly, in any calendar month, to any of the fourteen service stations listed below, any motor fuel, as the same is defined in Limitation Order L–70, in excess of 25 per cent of the Normal Gallonage of such service stations for such month, computed in accordance with the provisions of Limitation Order L–70 without the benefit of any adjustments under paragraph (e) of that order:

PART 1029—FARM MACHINERY AND EQUIPMENT AND ATTACHMENTS AND REPAIR PARTS THEREFOR

[Limitation Order L–170]

The fulfillment of requirements for the defense of the United States has created a shortage of critical materials entering into the manufacture of farm machinery and equipment and attachments and repair parts therefor, for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1029.10 *Limitation Order L–170—* (a) *Applicability of priorities regulations.* (1) This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(2) *Protection of production schedules.* Producers of any items of farm machinery and equipment and repair parts under the terms of this order may, notwithstanding the provisions of Priorities Regulation No. 1, as amended, schedule

their production of such items as if the orders therefor bore a rating of AA–3.

(b) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Producer" means any person, other than a supplier, engaged in the manufacture of farm machinery and equipment or of repair parts for farm machinery and equipment, whose aggregate quota therefor, as determined by paragraphs (c) and (d) hereof, will exceed $10,000 in terms of anticipated net sales for the period November 1, 1942, to October 31, 1943, inclusive: *Provided*, That,

(i) No person who did not manufacture any farm machinery and equipment or repair parts in 1940 or 1941, shall manufacture any such products of an aggregate value exceeding $2,500, and

(ii) No state prison institution shall engage in the manufacture of any such products until such time as it has received a specific quota from the Director General for Operations.

(3) "Class A producer" means any producer whose total net sales (including sales of all affiliates of such producer) of all products during the calendar year 1941 exceeded $10,000,000 in value (including domestic sales and exports).

(4) "Class B producer" means any producer whose total net sales (including sales of all affiliates of such producer) of all products during the calendar year 1941 exceeded $750,000 but did not exceed $10,000,000 in value (including domestic sales and exports).

(5) "Class C producer" means any producer whose total net sales (including sales of all affiliates of such producer) of all products during the calendar year 1941 did not exceed $750,000 in value (including domestic sales and exports).

(6) "Affiliate" of a producer means any subsidiary thereof, any subsidiary of such a subsidiary, any parent company, and any subsidiary of such a parent company.

(7) "Supplier" means any person engaged in the manufacture (for sale to a producer) of materials, parts, assemblies or sub-assemblies to be physically incorporated into farm machinery and equipment or repair parts manufactured by such producer, or to be resold by such producer as repair parts.

(8) "Distributor" means any person not a producer whose business consists, in whole or in part, of the sale of farm machinery and equipment or attachments and repair parts from inventory, and includes wholesalers, jobbers, retailers and other persons performing similar functions.

(9) "Farm machinery and equipment" means agricultural machinery, mechanical equipment and implements (including all attachments used in conjunction therewith) used for the production or care of crops, livestock, livestock products, or other produce on a farm (or elsewhere in the case of poultry), including irrigation and drainage equipment (excluding tile), horseshoes (including muleshoes), horseshoe nails, harness hardware and water well casing; but excluding repair parts, and also excluding all of the following: tracklaying type tractors, equipment ordered by the United States Department of Agriculture or other United States Government agencies, buildings and repairs thereto, fencing, poultry nettings and wire, wire fencing, bale ties or straps, oil well casing and water pipe, nails (other than horseshoe nails) and sundry hardware.

(10) "Attachment" for farm machinery and equipment means a supplementary appliance which may be added to an otherwise complete machine to extend the utility of such machine.

(11) "Repair parts" means all types of replacement parts considered separately or as assemblies which are manufactured for use and used in the repair and maintenance of farm machinery and equipment, and shall include plow shares and shapes.

(12) "Base production" means the weight of a producer's total production of any item of farm machinery and equipment during either the calendar year 1940 or 1941, in whichever year such weight was the greater; except that, as to items which are bracketed together in Schedule A, the base production shall be the weight of the total production of each group of items so bracketed.

(13) "Material" means any commodity, equipment, accessory, part, assembly or product of any kind, which will be physically incorporated into any item of farm machinery and equipment or repair parts.

(14) "Weight" means the net shipping weight of any item of farm machinery and equipment which is completely manufactured, or completely fabricated and ready for shipment in knock-down form.

(15) "Schedule A" means the schedule of quota percentages attached hereto and made a part hereof, as amended from time to time. If any item of farm machinery and equipment or repair parts is not specifically listed or otherwise provided for in such schedule, the quota percentage therefor shall be deemed to be 0%.

(16) "Lend-lease order" means any order for farm machinery and equipment or repair parts placed by any agency of the United States Government in response to a requisition filed pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(c) *General restrictions on production for domestic use (including "concentration of production").* (1) Except as provided in paragraph (g) hereof, and subject to the provisions of paragraphs (c) (2), (c) (3) and (e) hereof, during the period November 1, 1942, to October 31, 1943, inclusive, no producer shall:

(i) Manufacture, for sale in the continental United States, a total quantity by weight of any item of farm machinery and equipment listed in Schedule A in excess of that quantity obtained by multiplying the applicable quota percentage (designated in the appropriate column of said Schedule A for Class A producers, Class B producers and Class C producers respectively) for such item by his base production of such item for such sale; except that wherever, in said Schedule A, two or more items are bracketed together and only one quota percentage assigned thereto, such percentage shall be applied to such producer's total base production of all such bracketed items, and the total permissible weight thus determined may be distributed among all or any one or more of such bracketed items at his election;

(ii) Manufacture, for sale in the continental United States, a total quantity of repair parts of a value (manufacturer's current selling price at the factory) in excess of an aggregate of 130% of one-half the total value (manufacturer's selling price at the factory during 1940 and 1941) of his entire net sales of repair parts during the calendar years 1940 and 1941 combined;

(iii) Manufacture, for sale in the continental United States, any farm machinery and equipment requiring rubber tires;

(iv) Sell in the continental United States any quantity of farm machinery and equipment or repair parts which is in excess of the quantity thereof authorized to be manufactured for such sale by the provisions of this order.

(2) The Director General for Operations may, by specific directions issued to any one or more producers, increase or decrease any such producer's quotas as to all or any one or more items authorized to be produced by him by this paragraph (c), and may transfer any portion of such quotas between any such producers (including the transfer thereof from producers located in critical areas as the same may be designated from time to time by the War Manpower Commission).

(3) As to any portion of any such producer's quota as so established which he may decide not to produce at any time after November 1, 1942, he shall immediately notify the War Production Board, so that appropriate action can be taken to transfer such portion of his quota.

(d) *General restrictions on production for export.* (1) Except as provided in paragraph (g) hereof, and subject to the provisions of paragraphs (d) (2), (d) (3) and (e) hereof, during the period November 1, 1942, to October 31, 1943, inclusive, no producer shall manufacture for shipment, or ship:

(i) To all foreign countries within any group of countries listed respectively on Schedules B–1, B–2, B–3, B–4, B–5, and B–6, attached hereto and made a part hereof, as amended from time to time, a quantity of farm machinery and equipment and repair parts in the aggregate in excess of a designated percentage (listed respectively on each such schedule) of one-half the net shipping weight of the total quantity thereof exported by said producer during the calendar years 1940 and 1941 in the aggregate to all such countries within the particular group;

(ii) To Canada a quantity of any item of farm machinery and equipment or attachments and repair parts (as listed in Schedule B–7, attached hereto and made a part hereof, as amended from time to time) in excess of that quantity obtained by multiplying the quota percentage designated in said Schedule B–7 for such item by the quantity thereof shipped by said producer to Canada during the calendar year 1940;

(iii) To any foreign country (including Canada and territories and possessions of the United States) any farm machinery and equipment requiring rubber tires.

(2) Except as to items destined for Canada (Schedule B–7) and for territories and possessions of the United States (Schedule B–6), no producer shall fabricate or process any material to be physically incorporated into any item of farm machinery and equipment which may be authorized to be manufactured for export by paragraph (d) (1) above, unless and until he has received a direct purchase order:

(i) Covered by an export license issued by the Board of Economic Warfare, or

(ii) Covered by a lend-lease order, or

(iii) Approved by the Office of Lend-Lease Administration.

To the extent that any such producer decides not to accept any such order for items within his authorized export quota, or intends not to produce any such items, he shall immediately notify the War Production Board, so that appropriate action can be taken to transfer the quota for such items.

(3) The Director General for Operations may, by specific directions issued to any one or more producers, increase or decrease any such producer's quotas as established by paragraph (d) (1) above, and may transfer any portion of such quotas between any such producers (including the transfer thereof from producers located in critical areas as the same may be designated from time to time by the War Manpower Commission).

(e) *Further restrictions on production*—(1) *Restrictions on production for specific periods.* The Director General for Operations may from time to time issue supplementary orders (or specific directions to any one or more producers) governing the production of all or any one or more items of farm machinery and equipment or repair parts for specified monthly, bi-monthly or quarterly periods. On and after the effective date of any such supplementary order or specific direction, no producer affected thereby shall, notwithstanding the provisions of this Order L–170, manufacture any such item during the period specified except in accordance with the terms of such supplementary order or specific direction.

(2) *Items containing iron and steel.* On and after November 1, 1942, no producer shall put into process any iron or steel (excluding screws, nails, rivets, bolts, or wire, strapping or small hardware for joining or other similar essential purpose) to make any of the following items of farm machinery and equipment:

Barnyard stock tanks.
Bee hives.
Butter churns.
Butter molds.
Canopies for electric brooders.
Cattle stalls.
Corn cribs.
Doubletrees.
Farm gates.
Grain bins.
Grit boxes.
Guide handles.
Hobbles (all types).
Hog troughs.
Laying nests.
Livestock feeders.
Marking poles.
Milk stools.
Nick yokes.
Poultry feeders.
Singletrees.
Stanchions.
Stock pens.
Thills.
Tongues.
Weaners.

(f) *Overproduction under Order L–26.*[1] Any items of farm machinery and equipment or attachments and repair parts which have been manufactured and/or sold by any producer prior to November 1, 1942, and which are in excess of such producer's authorized quota under Limitation Order L–26 (including all amendments thereto and appeals granted thereunder), shall be deducted from such quotas as may be authorized for such producer by the provisions of this order or subsequent orders: *Provided,* That no such deduction shall constitute a condonation of any violation of any order or regulation of the War Production Board.

(g) *Exceptions.* (1) To the extent that the weight of any item or items of a producer's quota as established by paragraph (c) (1) hereof has been or will be increased by his substituting for more critical materials entering into such item or items any one or more of the following materials: glass or other ceramic products, plain concrete, fibre board, wood fibre products, plywood (unrestricted binder), gum and other hardwood lumber, softwood lumber (subject to the restrictions of order M–208 and all other M and L orders),

such increased weight shall not operate to reduce the number of units which he could have otherwise manufactured pursuant to paragraph (c) (1) above. In addition, if any such producer has made, or shows that he can make, in any item or items of his quota as established by paragraphs (c) and (d) hereof, a substitution of any of the materials listed above for more critical materials entering into such item or items, he may apply by letter to the Director General for Operations for reconsideration of his quota, based on such substitution.

(2) Any item of farm machinery and equipment or attachments and repair parts which was manufactured for sale within the continental United States by a producer within his authorized quota under Limitation Order L–26 (including all amendments thereto and appeals granted thereunder), and which is, prior to November 1, 1942, completely manufactured, or completely fabricated and ready for shipment in knock-down form, may be sold on and after such date without reference to the provisions of this order.

(3) Nothing in paragraph (d) of this order shall be deemed to prohibit or control the shipment of any item of farm machinery and equipment or attachments and repair parts which:

(i) Was manufactured for export by a producer within his authorized quota under paragraph (c) (1) (iii) of Limitation Order L–26 (including all amendments thereto and appeals granted thereunder), and

(ii) Is covered by either an export license issued by the Board of Economic Warfare or by a lend-lease order, dated prior to November 1, 1942, (except as to items destined for Canada and territories and possessions of the United States), and

(iii) Is, prior to such date, completely manufactured or completely fabricated and ready for shipment in knock-down form.

Any such items for export which, prior to November 1, 1942, are in production or on order but not completely manufactured or ready for shipment in knock-down form, shall be deducted from such export quotas as may be authorized for such producer by the provisions of this order or subsequent orders, and shall not be manufactured on and after such date except in accordance with the provisions of paragraph (d) above.

(h) *Restrictions on sales for domestic use.* Subject to such directions as may be issued from time to time as to rationing control, by, or pursuant to delegations from, the Director General for Operations,

(1) On and after November 1, 1942, no person shall sell any item of new farm machinery and equipment (except horseshoes, muleshoes and horseshoe nails) which he knows or has reason to know will not be used in the hands of the ultimate consumer for the production or care of crops, livestock, livestock products, or other produce on a farm (or elsewhere in the case of poultry), except to fill a contract or purchase order bearing a preference rating of A–9 or higher;

(2) On and after November 1, 1942, no distributor shall sell or deliver to a consumer any new repair part which he knows or has reason to know will not be incorporated reasonably promptly into farm machinery and equipment in the possession of such consumer.

(i) *Inventory provisions.* (1) On and after November 1, 1942, no distributor shall:

(i) Keep in his inventory, in his possession or under his control, for a period of more than thirty days, any used, traded-in, imperfect or non-usable item of farm machinery and equipment or repair parts which cannot be reconditioned, but must dispose of the same through the customary disposal or scrap channels; or

(ii) During any consecutive three months period (or four months period as to distributors not located in either the Eastern or Central War Time Zones), place regular stock orders for a quantity of any item of repair parts in excess of his estimated requirements of such item for that period, taking into consideration inventory of like parts on hand. The restrictions of this paragraph (i) (1) (ii) shall not apply to emergency orders for any item of repair parts to be used in the current three (or four) months period: *Provided,* That the distributor shall file with his order to the producer for any such emergency item a certificate in substantially the following form:

CERTIFICATE FOR EMERGENCY ORDER

I hereby certify that the repair part(s) specified in the attached order is(are) essential for the emergency repair of farm machinery and equipment.

(Signed) ______________________
Firm, partnership, or corporation
By: ______________________
Title of individual
____
Address of firm, partnership, or corporation

A copy of each such certificate shall be retained by the distributor as a part of his records.

(2) On and after November 1, 1942, any producer may sell to any other producer any material in his inventory which is in excess of his requirements for the items of farm machinery and equipment and repair parts permitted to be manufactured by the provisions of this order. Such sales shall be expressly permitted within the terms of paragraph (c) (3) of Priorities Regulation No. 13 as amended.

(j) *Standardization, simplification, substitution, and conservation of critical materials.* (1) In the manufacture of any item of farm machinery and equipment or repair parts, no producer shall use any alloy steel, stainless steel, aluminum, magnesium, copper, brass, bronze, zinc, nickel, tin, cadmium or fabricated rubber products for any purpose where the use of other less critical materials will not impair the efficiency of operation of such item.

(2) The Director General for Operations may from time to time issue supplementary orders or schedules establishing required specifications with respect to the production of any item or items of farm machinery and equipment and repair parts. "Required specifications" may include requirements to standardize or simplify the types, sizes or models of, or the specifications for, any such item or items; to eliminate, reduce or conserve the use of critical materials in the production thereof; and to substitute less critical for more critical materials in the production thereof. On and after the effective date of any such supplementary order or schedule, no farm machinery and equipment and repair parts affected thereby shall be produced, fabricated, assembled, or delivered, if such production, fabrication, assembly, or delivery is prohibited by the terms thereof.

(k) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(l) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(m) *Reports.* (1) All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time request.

(2) Each producer shall file not later than thirty days after the issuance date of this order a report of his production quotas on Form PD–629.

(3) Each producer shall file by the 10th day of each month a report on Form PD–630 of his production during the preceding month, the first report to be made on or before December 10, 1942.

(4) Each producer affected by paragraph (d) hereof shall file by the 10th day of each month a report on Form PD–387 (revised) of his shipments during the preceding month (starting with November, 1942) to all foreign countries (including all countries listed on Schedules B–1, B–2, B–3, B–4, B–5, B–6, and B–7).

(n) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, materials under priority control and may be deprived of priorities assistance.

(o) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him in comparison with others similarly situated, may appeal to the War Production Board, setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(p) *Communications.* All communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Farm Machinery and Equipment Branch, Washington, D. C. Ref.: L–170.

(q) *Inconsistent orders.* This order supersedes as of November 1, 1942, Limitation Order L–26, and Supplementary Limitation Orders L–26–a[2] and L–26–d,[3] and all amendments thereto and appeals granted thereunder.

Issued this 19th day of October 1942.

ERNEST KANZLER,
Director General for Operations.

SCHEDULE A

SCHEDULE OF QUOTAS COVERING THE DOMESTIC PRODUCTION OF FARM MACHINERY AND EQUIPMENT AND REPAIR PARTS THEREFOR FOR THE PERIOD NOVEMBER 1, 1942, TO OCTOBER 31, 1943

Quotas for repair parts are expressed as a percentage of the average dollar value of all repair parts sold during the years 1940 and 1941. Quotas for new machinery and equipment including attachments are expressed as a percentage of the weight of each item produced during 1940 or 1941, whichever was higher. Producers of these items must use the percentages set forth in the respective columns, depending upon whether they are Class A, Class B, or Class C producers. Production of "bracketed items" may be distributed among all or any one or more items included in the particular bracket so long as the total weight of material used does not exceed that determined by the quota percentage assigned to the particular bracket.

Any item of farm machinery and equipment not provided for in this Schedule A shall not be manufactured, unless specifically exempted by Order L–170.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Regulation 1, § 944.18, Interpretation 1]

The following official interpretation is hereby issued with respect to § 944.18 of Priorities Regulation No. 1, as amended:

The impression has arisen that orders and regulations of the War Production Board which restrict the sale, transfer or delivery of materials, products or equipment, need not be observed in the case of sales made by auctioneers, receivers, trustees in bankruptcy, and other cases where the assets of a business are being liquidated. This impression is erroneous.

All orders and regulations of the War Production Board which control the sale, transfer or delivery of any material, product or equipment, apply to sales made by any person, whether for his own account or for the account of others, and all restrictions upon accepting delivery apply to acceptance of delivery at any type of sale, except as otherwise provided in Priorities Regulation No. 13 with respect to "special sales" or as otherwise provided in any other applicable regulation or order. Any sale made in violation of any order or regulation or any delivery accepted in violation of any order or regulation, subjects parties to all penalties provided by law, including liability for prosecution under Title III of the Second War Powers Act, which specifies penalties up to $10,000 or imprisonment for one year or both.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of October 1942.

ERNEST KANZLER,
Director General for Operations.

PART 1054—LEAD AND TIN SCRAP

[Supplementary Order M–72–a, as Amended October 20, 1942]

TINNED AND DETINNED SCRAP

Section 1054.2 *Supplementary Order M–72–a* is hereby amended to read as follows:

(a) *Additional definitions.* For the purposes of this order:

(1) "Tinned scrap" means scrap consisting of tin plate, whether clippings, used tin cans, or in any other form.

(2) "Detinned scrap" means tinned scrap which has been treated by a chemical or electro-chemical detinning process so that it contains not more than $\frac{3}{10}$ of one percent of tin by weight.

(3) "Tin plate clippings" means tinned scrap consisting of new or reclaimed tin plate, generated in the manufacture of cans, closures, or other articles.

(b) *Restrictions on tinned scrap and terne plate scrap.* Except with specific permission of the Director General for Operations:

(1) *Iron and steel producers.* No person shall deliver tinned scrap or used cans made of terne plate (as terne plate is defined in Supplementary Order M–21–e, as amended) to a producer of steel or iron products (as defined in Order M–21, as amended), and no such producer shall accept delivery of tinned scrap or used cans made of terne plate.

(2) *Tin plate clippings.* No person shall deliver or accept delivery of tin plate clippings except where delivery is made to a broker or dealer or a detinning plant. Subject to the restrictions of Order M–21–e, and other applicable orders, the provisions of this paragraph (b) (2) do not prohibit a manufacturer from using himself, in further manufacturing operations, tin plate clippings generated in the course of his operations.

(3) *Tinned scrap.* No person shall deliver or accept delivery of tinned scrap except where delivery is made to or for the account of a broker or dealer for sale or resale by him in the form received, a municipal department or agency, a shredding or detinning plant, a plant engaged in the precipitation of copper, or if the scrap is in the form of used tin cans, a person regularly engaged in the collection of rubbish or trash.

The restrictions of this paragraph (b) (3) shall not apply to deliveries of used tin cans to or for the account of any person for reuse by him in packing any product which is permitted to be packed in tin cans by existing or future orders of the War Production Board; nor shall any of the provisions of this paragraph (b) (3) apply to tinned scrap in the form of crown or screw caps or similar closures for tin cans or other containers.

(4) *General permission to acquire used tin cans.* In appropriate cases general permission to acquire used tin cans will be granted, upon such terms and conditions as the Director General for Operations may impose, to persons other than those permitted to accept delivery under paragraphs (b) (3), (b) (5) or (b) (6) of this order, who should make application for such permission by letter addressed to the War Production Board, Washington, D. C., Reference: M–72–a. If the applicant for such permission is a manufacturer of crown caps or is engaged in the business of bottling or distributing beverages, he shall execute and file with his letter of application a certificate substantially in the form of Exhibit 1 annexed to this order, and when authorized shall be held responsible for using his best efforts, in cooperation with official local collecting agencies to collect for such agencies all cans smaller than size No. 10.

(5) *Collection, segregation and disposal of used tin cans in counties on Schedule A.* On and after November 4, 1942, no person (including a municipal department or agency) in any of the counties listed in Schedule A, who is regularly engaged in collecting rubbish or trash shall:

(i) Reject any used tin cans offered him in the usual course of his collection of rubbish or trash;

(ii) Mingle any used tin cans, collected by him, with any other refuse, rubbish, or trash;

(iii) Dispose of any used tin cans, collected by him in any manner other than by delivering such cans;

(*a*) Directly to a shredding or detinning plant or a plant engaged in the precipitation of copper, or to a duly authorized agent of any such plant; or

(*b*) To a municipal department or agency for delivery by such department or agency to a shredding or detinning plant or a plant engaged in the precipitation of copper, or a duly authorized agent of any such plant.

(6) *Collection, segregation and disposal of prepared used tin cans in areas on Schedule B.* On and after November 17, 1942, no person (including a municipal department or agency) who is regularly engaged in collecting rubbish or trash, within any municipality having a population of 25,000 or more located in any of the areas listed on Schedule B, shall:

(i) Reject any prepared used tin cans offered him in the usual course of his collection of rubbish or trash;

(ii) Mingle any prepared used tin cans which were segregated at the time of their collection, with any other refuse, rubbish or trash;

(iii) Dispose of any such segregated and prepared used tin cans in any manner other than by delivering such cans:

(*a*) Directly to a shredding or detinning plant or a plant engaged in the precipitation of copper, or to a duly authorized agent of any such plant; or

(*b*) To a municipal department or agency for delivery by such department or agency to a shredding or detinning plant or a plant engaged in the precipitation of copper, or a duly authorized agent of any such plant.

For the purpose of this paragraph (b) (6), the term "prepared used tin cans" means tin cans from which the contents have been emptied and the labels and ends removed; which have been thoroughly cleaned so as to remove all organic matter, and have had their sides flattened.

(c) *Restrictions on sales of detinned scrap.* Except with specific permission of the Director General for Operations, no person producing detinned scrap at a detinning plant located in any of the counties listed in Schedule A hereto shall deliver detinned scrap produced at such plant except to a plant engaged in the precipitation of copper.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125; 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of October 1942.

ERNEST KANZLER,
Director General for Operations.

EXHIBIT 1

CERTIFICATE OF MANUFACTURER OF CROWN CAPS, BOTTLER OR DISTRIBUTOR UNDER PARAGRAPH (b) (4) OF SUPPLEMENTARY ORDER M–72–a

NOTE.—This form may be reproduced for use by an applicant for permission to acquire used tin cans under the provisions of paragraph (b) (4) of the foregoing Supplementary Order M–72–a.

The undersigned hereby certifies to the War Production Board that in the event that the undersigned is granted permission to acquire used tin cans pursuant to the accompanying letter of application therefor, the following terms and conditions with respect to the handling and disposition of such cans by the undersigned, and all other terms and conditions which may be imposed by the War Production Board will be strictly complied with:

1. *No. 10 and larger cans.* The bodies of such cans may be used for the manufacture of crown caps: *Provided,* That in the preparation of the cans before use for the manufacture of crown caps the cans shall be cleaned; both ends shall be removed and delivered to shredding or detinning plants; the side seams and end rings shall also be removed and may be delivered to shredding plants, but must not be delivered to detinning plants; all residual scrap remaining after the manufacture of crown caps from the bodies of the cans shall be delivered to shredding or detinning plants; with the result that at least 50% by weight of the detinnable scrap represented by all such used cans when acquired will be finally received by shredding or detinning plants.

2. *All other cans.* All cans other than those of the size of No. 10 or larger are to be delivered to shredding or detinning plants. Such cans as are to be delivered to detinning plants are to be cleaned, both ends are to be removed and the bodies flattened.

PART 1068—CANS MADE OF TINPLATE OR TERNEPLATE

[Amendment 4 to Conservation Order M–81, as Amended June 27, 1942]

Section 1068.1 *Conservation Order M–81, as amended June 27, 1942* is hereby amended as follows:

1. The following sentences are hereby deleted from paragraph (c) (3):

If cans are opened for repacking the contents thereof, every can larger than No. 12 (603 x 812) shall be thoroughly cleaned and reused as long as the tin coating permits, and then sent to a detinning plant for salvage of the tin and scrap steel; and every can sized No. 12 (603 x 812) or smaller shall be reused or sent to a detinning plant for salvage of the tin and scrap steel. Such cans shall be sent to a detinning plant in carload lots, or in less than carload lots whenever shipping costs render shipment practical.

2. Item No. 1 of Exhibit B, entitled "Apples, including Crabapples and Applesauce," is hereby deleted.

3. Item No. 7 of Meats in Table II is hereby amended to read as follows:

Bulk sausage meat, containing, by weight, not to exceed 3½ percent cereal and not to exceed 3 percent added water; and only when packed without casings and cooked entirely in the can. 125 percent of 1940 Pack.

4. Item No. 7 of Table III, entitled "Insecticides," is hereby deleted.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of October 1942.

ERNEST KANZLER,
Director General for Operations.

PART 1117—GAS MASKS AND ANTI-GAS DEVICES

[General Limitation Order L–57, Amendment 1]

Part 1117—Gas Masks, is amended to read:

Part 1117—Gas Masks and Anti-Gas Devices

Paragraphs (a) (3), (b) (2), and (b) (3) respectively, of § 1117.1 *General Limitation Order L–57*[1] hereby are amended to read as follows:

(a) * * *

(3) "Anti-gas device" means any device, equipment, ointment, preparation, instrument, clothing or other material, except a gas mask, claimed or purported to be adapted for use by civilians for protection against, or warning or detection of, enemy gas attack or held or advertised for sale for any such use.

(b) * * *

(2) No person shall accept delivery of any material to be physically incorporated in any unapproved gas mask or unapproved anti-gas device.

(3) No person shall sell or deliver any material which he knows or has reason to believe will be used in the manufacture of any unapproved gas mask or unapproved anti-gas device.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2(a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of October 1942.

PART 1160—COAL STOKERS

[General Limitation Order L–75, as Amended October 20, 1942]

Section 1160.1 *General Limitation Order L–75* is hereby amended to read as follows:

§ 1160.1 *General Limitation Order L–75*—(a) *Definitions.* For the purposes of this order,

(1) "Coal stoker" means any device designed and produced for the purpose of feeding coal as a fuel to a combustion chamber; including, but not limited to, any feed screw, ram, spreader, or moving grate. Coal stokers shall not include any device designed and produced for the purpose of feeding coal as a fuel to a locomotive.

(2) "Class A coal stoker" means any coal stoker which has a grate area of 36 square feet or less, and a coal feeding capacity in excess of 60 pounds per hour.

(3) "Class B coal stoker" means any coal stoker which has a maximum coal feeding capacity not in excess of 60 pounds per hour.

(b) *General restrictions*—(1) *Restrictions on orders for Class A coal stokers.* No person shall place an order for the manufacture of a Class A coal stoker unless such order is accompanied by the authorization of the Director General for Operations on PD 668. Any order so authorized by the Director General for Operations shall be deemed a "rated order" for the purposes of § 944.2 of Priorities Regulation No. 1.

(2) *Restrictions on delivery.* On and after the 4th day of November, 1942, notwithstanding any contract or preference rating, no manufacturer of a Class A coal stoker shall deliver or transfer any such stoker except:

(i) In accordance with specific authorization given by the Director General for Operations.

(ii) Such Class A stokers as are listed as unfilled orders in the schedule required to be filed with the War Production Board by paragraph (b) (3) of this order.

The Director General for Operations may, in his discretion, at any time before delivery of a Class A stoker by a manufacturer, revoke or modify any authorization for the delivery of a Class A stoker granted under the provisions of this paragraph (b).

(3) *Filing of schedule of production and delivery by manufacturers of Class A coal stokers.* On the 4th day of November, 1942, each manufacturer of Class A coal stokers shall file, by registered mail, a schedule of production and delivery with the War Production Board, Plumbing and Heating Branch, Washington, D. C., setting forth the following information:

All unfilled orders for Class A coal stokers received on or before the 4th day of November, 1942; a brief description of each stoker (including feeding capacity in pounds per hour and extent of completion); the schedule date of each delivery and the name and address of the person ordering each stoker, together with any preference rating applied or extended to such delivery.

No manufacturer shall change the date of any delivery as so scheduled to a later date without specific authorization from the Director General for Operations.

(4) *Specific exemptions.* Until the 23rd day of November, 1942, the provisions of this paragraph (b) shall not apply to any order for Class A coal stoker to be used by the Army, Navy, Maritime Commission or War Shipping Administration of the United States.

(5) *Restriction on manufacture of Class B stokers.* No person shall manufacture a Class B stoker.

(c) *Manufacture of replacement parts.* Nothing in this order shall be construed to prohibit or restrict the manufacture of replacement parts for any type of coal stoker.

(d) *Avoidance of excessive inventories.* No person shall accumulate inventories of any materials (whether raw, semi-processed or processed) for manufacture into coal stokers in excess of the minimum amount necessary to maintain production of coal stokers to the extent permitted by this order.

(e) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(f) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(g) *Reports.* Each manufacturer to whom this order applies shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time request.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(i) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may apply for relief by addressing a letter to the War Production Board setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(j) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(k) *Applicability of other orders.* Insofar as any other order issued by the Director General for Operations, or to be issued by him hereafter, limits the use of any material to a greater extent than the limits imposed by this order, the restrictions of such other order shall govern, unless otherwise specified therein.

(l) *Routing of correspondence.* Reports to be filed and other communications concerning this order shall be addressed to the War Production Board, Plumbing and Heating Branch, Washington, D. C., Ref: L–75.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of October 1942.

ERNEST KANZLER,
Director General for Operations.

PART 1246—CHEMICAL COTTON PULP

[Conservation Order M–157, as Amended October 20, 1942]

Section 1246.1 is hereby amended to read as follows:

§ 1246.1 *Conservation Order No. M–157*—(a) *Definitions.* For the purpose of this order:

(1) "Chemical cotton pulp" means pulp manufactured by chemically purifying raw cotton fibres, sometimes described as "cotton linter pulp" or "cottonseed hull shavings pulp."

---

[1] 7 F.R. 1674.

(2) "Producer" means any person producing chemical cotton pulp.

(3) "Consumer" means any person who purchases or accepts delivery of chemical cotton pulp for use or resale.

(b) *Restrictions on deliveries of chemical cotton pulp.* (1) No producer shall deliver chemical cotton pulp, and no person shall accept delivery of chemical cotton pulp from a producer, except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (d), or as provided in paragraph (c).

(2) Each person specifically authorized to accept delivery of chemical cotton pulp shall use such chemical cotton pulp for the purpose authorized, except as otherwise specifically directed by the Director General for Operations.

(3) The Director General for Operations in his discretion may at any time issue special directions to any person with respect to the use or delivery of chemical cotton pulp by such person, notwithstanding the provisions of paragraph (c) hereof, or special directions to any producer with respect to the kinds of chemical cotton pulp which he may or must manufacture, the amount of his monthly production which he shall withhold as a reserve, and the disposition of such production reserve.

(c) *Exemptions.* Specific authorization of the Director General for Operations shall not be required with respect to deliveries by a producer (which may be made without regard to preference ratings) of two thousand (2,000) pounds or less of chemical cotton pulp in any one month (in lots of not more than five hundred (500) pounds to any one consumer in any one month), and the acceptance by a consumer of delivery of five hundred (500) pounds or less of chemical cotton pulp in any one month.

(d) *Applications and reports.* (1) Each consumer seeking authorization to accept delivery of chemical cotton pulp during any calendar month shall file application on or before the 5th day of the month preceding the month for which authorization for use or delivery is requested. Such application shall be made on Form PD–600 in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–600 may be obtained at local offices of the War Production Board.

(ii) Five copies shall be prepared, of which three certified copies shall be sent to the War Production Board, Chemicals Branch, Washington, D. C., Ref: M–157, and one (with Tables II, III and IV blank) shall be forwarded to the supplier. A separate set of forms shall be prepared for each plant location of the applicants, and for each supplier from whom pulp is requested.

(iii) In the heading, under name of chemical, specify chemical cotton pulp; under War Production Board order number, specify M–157; under unit of measure, specify short tons (2,000 lbs.); under name of company, specify name and mailing address; under delivery destination, show plant location; fill in supplier's name and his shipping point; and specify the month and year for which authorization for acceptance of delivery is sought.

(iv) In Columns 1, 11 and 19, specify "loose" or "sheeted".

(v) In Column 2, specify quantity of chemical cotton pulp requested for each use listed in Column 4.

(vi) In Column 3, specify primary product in terms of the following:

Viscose products.
Cellulose acetate products.
Cellulose nitrate products.
Cupra-ammonium products.
Acetate propionate.
Acetate butyrate.
Ethyl cellulose.
Methyl cellulose.
Other (specify).

(vii) In Column 4, specify product use in terms of the following:

Rayon filament yarn (other than high-tenacity).
Rayon staple fibre.
Rayon high-tenacity yarn.
Plastics (molding compounds).
Plastics (sheets, rods and tubes).
Film (photographic).
Film (other than photographic).
Surface coatings (lacquers, paints, etc.).
Explosives (military propellants).
Explosives (other than military propellants).
Meat casings.
Other (specify).

(viii) In columns 12 and 15 show separately, amounts on hand and amounts in transit directed to the applicant and subject to a bill of lading.

(ix) Leave Table IV blank on all copies, and Tables II and III blank on supplier's copy.

(2) Each consumer who has not filed an application on Form PD–600 pursuant to paragraph (d) (1) above during any month and who on the first of such month had on hand one ton (2,000 lbs.) or more of chemical cotton pulp, shall file a report on or before the 5th day of such month. Such report shall be made on Form PD–600, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–600 may be obtained at local offices of the War Production Board.

(ii) Two copies shall be prepared, of which one certified copy shall be sent to the War Production Board, Chemicals Branch, Washington, D. C., Ref: M–157. A separate set of forms shall be prepared for each plant location.

(iii) In the heading, under name of chemical, specify chemical cotton pulp; under War Production Board order number, specify M–157; under unit of measure, specify short tons (2,000 lbs.); under name of company, specify name and mailing address; and leave delivery destination, supplier and his shipping point blank.

(iv) Leave Tables I, III and IV blank, filling in only Table II.

(v) State "last month" in heading of table II (the month preceding the month in which report is filed).

(vi) In column 11, specify "loose" or "sheeted".

(vii) In columns 12 and 15 show separately amounts on hand and amounts in transit directed to the reporting consumer and subject to a bill of lading.

(3) Each producer shall, on or before the 15th day of each month, file a report and apply for authorization to make deliveries during the next month. Such application and report shall be made on Form PD–601, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–601 may be obtained at local offices of the War Production Board.

(ii) Prepare five copies, of which four certified copies shall be forwarded to the War Production Board, Chemicals Branch, Washington, D. C., Ref: M–157. A separate set of forms shall be prepared for each plant location.

(iii) Suppliers who have filed application on Form PD–600, specifying themselves as their suppliers, shall list their own names as customers on Form PD–601, and shall list their request for allocation in the manner prescribed for other customers.

(iv) In the heading, under name of chemical, specify chemical cotton pulp; under War Production Board order Number, specify M–157; under name of company, state name and mailing address; state plant location and check producer box; state the month and year during which deliveries covered by the application are to be made; and under unit of measure, specify short tons (2,000 lbs.).

(v) Fill in Tables I and II, leaving only Columns 6 and 7 blank.

(vi) In Column 1 group customers by grade ("loose" first, and "sheeted" second), and list customers alphabetically in each group.

(vii) In Column 3, specify "loose" or "sheeted" grades as stated in customer's Form PD–600.

(viii) The supplier may, if he wishes, leave Column 5 blank.

(ix) In Column 8, specify "loose" or "sheeted".

(x) Stocks shown in Columns 10 and 13 should be the actual stock on hand at the time stated, excluding chemical cotton pulp in process or subject to a bill of lading, directed to a consumer.

(xi) If it is necessary to use more than one sheet to list customers, number each sheet in order and show grand totals for all sheets on the last sheet, which is the only one that need be certified.

(e) *Special provisions governing applications and reports.* (1) The Director General for Operations may require each person affected by this order to file such other reports as may be prescribed, and may issue special directions to any such person with respect to preparing and filing Forms PD–600 and PD–601.

(2) Each producer who consumes all or part of his production of chemical cotton pulp shall treat the production and consumption parts of his operations as separate divisions within the meaning of paragraph (f) (3) hereof, and in his separate capacity as a consumer and as a producer shall file all the applications and reports required by paragraph (d).

(3) Each producer shall notify the War Production Board of the cancellation of any authorized delivery or of inability to make any authorized delivery

as soon as possible after he has notice of such fact.

(f) *Miscellaneous provisions*—(1) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of War Production Board priorities regulations, as amended from time to time.

(2) *Records.* In addition to the records required to be kept by Priorities Regulation No. 1, as amended, each producer and each consumer shall retain for a period of not less than two years copies of all purchase orders for chemical cotton pulp, whether accepted or rejected, segregated from all other purchase orders or filed in such manner that they can readily be produced for inspection by representatives of the War Production Board.

(3) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of chemical cotton pulp shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(4) *Violations.* Any person who wilfully violates any provision of this order or who in connection with this order wilfully conceals a material fact or wilfully furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(5) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C. Ref: M–157.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of October 1942.

ERNEST KANZLER,
Director General for Operations.

PART 1284—BALSA

[Amendment 1 to General Conservation Order M–177]

Section 1284.1 *General Conservation Order M–177*[1] is hereby amended in the following respects:

1. By amending paragraph (a) to read as follows:

(a) *Definitions.* For the purposes of this order:

(1) "Balsa" means the wood of the several species of the genus *Ochroma* in the form of logs, hewn timbers, blocks or lumber, including boards, planks, dimension, squares, cants, flitches, timbers and other sawed forms, whether rough or dressed, but does not include scrap balsa.

(2) "Scrap balsa" means balsa waste unavoidably accumulated as the result of breakage of balsa while in transit or in the process of handling; or as the result of trimming defective portions from defective boards; or in processing boards in the course of manufacturing any of the products specified in paragraph (c) of this order.

2. By adding to paragraph (d) a new subparagraph (3) as follows:

(3) The restrictions of this order shall not apply to the sale, delivery or use of any balsa which on August 3, 1942 had been manufactured into any length and width but not exceeding ⅜ inch in thickness, or into any length and thickness but not exceeding 2½ inches in width, or into any width and thickness but not exceeding 10 inches in length.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of October 1942.

PART 1293—HAND TOOLS SIMPLIFICATION

[Limitation Order L–157, Schedule I, Amendment 3]

Section 1293.2 *Schedule I to Limitation Order L–157* is hereby amended in the following respects:

Paragraph (c) *Effective date of simplified practices* is hereby amended by striking out said paragraph (c) and substituting the following:

(c) *Effective date of simplified practices.* (1) On and after September 1, 1942, no hand shovels, spades, scoops or telegraph spoons which do not conform to the sizes and standards established by paragraph (b) hereof (and set forth in the Appendix hereto) shall be produced or delivered by any producer or accepted by any person from any such producer except:

(i) Hand shovels, spades, scoops and telegraph spoons, not so conforming may be produced by a producer from any material in the hands of such producer on August 10, 1942, and delivery of any such shovels, spades, scoops and telegraph spoons may be accepted; or

(ii) With the express permission of the Director General for Operations.

(2) On and after August 10, 1942, no material for the manufacturing of hand shovels, spades, scoops or telegraph spoons shall be accepted by any producer which does not conform to the sizes and standards set forth in Appendix A attached hereto.

Amendment No. 1 to Appendix A to Schedule I issued August 4, 1942, is hereby amended by striking out the first three lines thereof reading as follows:

Appendix A to § 1293.1 (Schedule I to Limitation Order L–157) is hereby amended in the following respects:

and substituting therefor the following:

Appendix A to § 1293.2 (Schedule I to Limitation Order L–157) is hereby amended in the following respects:

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2(a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of October 1942.

PART 3088—MOBILE HOUSING

[Limitation Order L–205]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of metal and other materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the war effort:

§ 3088.1 *Limitation Order L–205*—(a) *Definitions.* For the purposes of this order:

(1) "Mobile housing unit" means a mobile house or an expansible mobile house.

(2) "Mobile house" means a portable shelter designed and constructed to be used as a human habitation and to be towed or transported without being dismantled or substantially changed in form.

---

[1] 7 F.R. 5985.

(3) "Expansible mobile house" means a mobile house so constructed that an overall dimension thereof may be enlarged by mechanical operation to increase the cubic content, or such dimension may be reduced by the same operation in reverse.

(4) "Running gear" means any undercarriage used for the transportation of a mobile housing unit, including wheels, axle and springs or any part thereof.

(5) "Copper" means unalloyed copper metal including unalloyed copper metal produced from scrap.

(6) "Copper base alloy" means any alloy metal in the composition of which the percentage of copper metal by weight equals or exceeds 40% of the total weight of the alloy including alloy metal produced from scrap.

(b) *Restrictions on manufacture of mobile housing units.* (1) On and after the 27th day of October 1942, notwithstanding any agreement, contract or preference rating to the contrary, no person shall manufacture any mobile housing unit except to fill a specific order which:

(i) Has been placed with him prior to the 27th day of October 1942, by the National Housing Agency or a person authorized by the National Housing Agency; or

(ii) Is placed with him on or subsequent to the 27th day of October 1942, by the National Housing Agency or by a person authorized in writing by the National Housing Agency to order a mobile housing unit, such order bearing a rating of AA–5 or better.

(2) On and after the 27th day of October 1942, notwithstanding any contract, agreement or preference rating to the contrary, no person shall manufacture a mobile house except a mobile house:

(i) Containing, exclusive of any running gear, heater, stove, icebox, water bucket and unattached or movable furniture, iron and steel not to exceed two hundred and seventy-five (275) pounds; and

(ii) Containing, inclusive of the drop cord, copper or copper base alloy as permitted by the limitations established under General Conservation Order M–9–c, but in no case to exceed more than three (3) pounds; and

(iii) Having a maximum interior body length of twenty-two (22) feet and six (6) inches; and

(iv) Constructed and built in accordance with specifications approved by the National Housing Agency or a person authorized in writing by the National Housing Agency to purchase or receive delivery of such a mobile housing unit.

(3) On and after the 27th day of October 1942, notwithstanding any agreement, contract or preference rating to the contrary, no person shall manufacture an expansible mobile house except an expansible mobile house:

(i) Containing, exclusive of any running gear, plumbing equipment, heater, stove, icebox, water bucket and unattached or movable furniture, iron and steel not to exceed three hundred and ten (310) pounds; and

(ii) Containing inclusive of the drop cord, copper or copper base alloy as permitted by the limitations established under General Conservation Order M–9–c, but in no case to exceed more than five (5) pounds; and

(iii) Constructed and built in accordance with specifications approved by the National Housing Agency or a person authorized in writing by the National Housing Agency to purchase or receive delivery of such a mobile housing unit.

(4) Notwithstanding any contract, agreement or preference rating to the contrary, no person shall construct more than one hundred and fifty (150) mobile housing units during the period from the 20th day of October 1942, to the 1st day of November 1942, and any calendar month thereafter.

(c) *Restrictions on sale of mobile housing unit.* No manufacturer of a mobile housing unit shall sell or deliver any such unit manufactured or assembled subsequent to the 27th day of October 1942, except to the National Housing Agency or a person authorized by the National Housing Agency to purchase or receive such mobile housing unit, provided any such order received by him subsequent to the 27th day of October 1942, shall bear a preference rating of AA–5 or better.

(d) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales (including sale or delivery of scrap).

(e) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Reports and communications.* (1) Each person affected by this order shall execute and file with the War Production Board such reports and questionnaires as may be requested by the Board from time to time.

(2) All reports required hereunder, and all communications concerning the order shall be addressed to: War Production Board, Lumber and Lumber Products Branch, Washington, D. C., Reference: L–205.

(g) *Violations and false statements.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(h) *Appeals.* Any person affected by this order, who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may apply for relief by addressing a letter in triplicate to the War Production Board, Lumber and Lumber Products Branch, Washington, D. C., Ref.: L–205, setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

PART 3090—X-RAY EQUIPMENT

[General Limitation Order L–206]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply for defense, for private account and for export of the materials entering into the manufacture of x-ray equipment; and the following order is deemed necessary and appropriate in the public interest and to promote the war effort:

§ 3090.1 *General Limitation Order L–206*—(a) *Definitions.* For the purposes of this order:

(1) "X-ray equipment" means the following radiographic equipment (including non-medical industrial radiographic equipment), fluoroscopic equipment and therapy equipment: power units; radiographic, fluoroscopic, and therapy tables; photo-fluorographic units; cassette changers; tube stands; stationary grids; and bucky diaphragms. The term shall not include used or rebuilt equipment, nor any parts, accessories or appliances used in connection with radiography, fluoroscopy or therapy, other than the items specifically named above.

(2) "Power unit" means a high-voltage transformer (with or without rectifying tubes) and control for x-ray use.

(3) "Radiographic, fluoroscopic or therapy table" means a table adapted for placing a patient in a position for radiography, fluoroscopy or therapy, and may be either stationary or tilting.

(4) "Photo-fluorographic unit" means an instrument for photographing the image cast by x-rays through a patient on a fluoroscopic screen. It includes a camera, supporting stand, and fluoroscopic screen. It is also known as a "photo-roentgen unit" or a "photo-fluorograph."

(5) "Cassette changer" means equipment designed to hold two cassettes (one protected from x-rays by a lead shield, and one in the radiographic field) which is constructed to interchange the position of the cassettes.

(6) "Tube stand" means a tubular or frame support (mounted on a base which is either mobile or stationary) which is designed to hold the carriage of an x-ray tube head and allow its vertical movement.

(7) "Stationary grid" means a flat plate made of strips of material which offer little resistance to x-rays and which serve as spacers for strips of lead foil.

It is used in radiography and fluoroscopy to reduce secondary radiation. It is also known as a "wafer grid".

(8) "Bucky diaphragm" means a mechanism incorporating a stationary grid in a movable carriage which is designed to eliminate secondary radiation and grid shadows from the x-ray film.

(9) "Manufacturer" means any person engaged in the manufacturing, fabricating or assembling of x-ray equipment.

(b) *Restrictions on the manufacture of x-ray equipment.* No manufacturer shall manufacture, continue the manufacture of, or assemble any models or types of x-ray equipment other than the permitted number of models of the types set forth and described in Schedule A, attached hereto.

(c) *Restrictions on the sale and delivery of x-ray equipment.*

(1) No person shall sell, transfer, or deliver any x-ray equipment except:

(i) To the Army or Navy of the United States, the United States Maritime Commission and the War Shipping Administration, or

(ii) To persons (such as hospitals, medical departments of industrial concerns, and other persons desiring to receive x-ray equipment) who have filed Form PD–556 pursuant to paragraph (d) of this order, and have been specifically authorized on such form by the Director General for Operations to receive x-ray equipment.

(2) No person shall receive or accept transfer or delivery of any x-ray equipment if he knows or has reason to believe that the transfer or delivery of such x-ray equipment is prohibited by the terms of paragraph (c) (1) of this order.

(d) *Applications on Form PD–556.* Each person seeking authorization, as permitted by paragraph (c) (1) (ii) of this order, to receive x-ray equipment shall prepare Form PD–556 (copies of which form may be obtained at the local offices of the War Production Board) in the manner prescribed therein, subject to the following instructions:

(1) The form should be filed only by the person (transferee) desiring to receive x-ray equipment and not by the person (transferor) desiring to make delivery of such equipment.

(2) Applicants are not required to fill in section (6).

(3) Under section (5) give the following information:

(i) State whether or not you have in use any X-ray equipment, as defined in paragraph (a) (1) of this order. If so, (1) describe such equipment, (2) state the average number of patients per week on which such equipment is now used, and (3) state whether the equipment applied for would be used to replace existing equipment or is needed for expansion of existing facilities.

(ii) State how you now accomplish the work for which the equipment applied for would be used.

(iii) State what attempts you have made to obtain used or rebuilt equipment.

(iv) Give any other pertinent information which bears on the question of your need for the equipment for which application is made.

(e) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production, sales, and deliveries.

(f) *Reports.* All persons affected by this order shall file such reports as may be required from time to time by the War Production Board.

(g) *Appeals.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board (Ref: L–206) setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(h) *Applicability of Priorities Regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board as amended from time to time.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(j) *Communications to War Production Board.* All communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Health, Safety and Technical Supplies Branch, Washington, D. C., Ref.: L–206.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 20th day of October 1942.

ERNEST KANZLER,
Director General for Operations.

SCHEDULE A

Permitted number of models	Permitted types	Description of permitted types
1	Power unit	Not to exceed 100 milliamperes at 90 KVP. Self-rectifying, with mobile control.
1	Power unit	Not to exceed 200 milliamperes at 100 KVP. Full wave rectification, of a 2-tube design; either mobile or stationary control, or both.
1	Power unit	½ Microfarad condenser discharge.
1	Power unit	Therapy unit, not to exceed 160 KVP.
1	Power unit	Therapy unit, not to exceed 250 KVP.
1	Dental x-ray unit.	Wall model, not to exceed 15 milliamperes at 80 KVP.
1	Dental x-ray unit.	Floor model, not to exceed 15 milliamperes at 80 KVP.
1	Vertical fluoroscope.	Power unit not to exceed 15 milliamperes at 90 KVP.
1	Portable unit	Power unit not to exceed 15 milliamperes at 85 KVP. A portable unit is one that is easily disassembled and transported. It may be equipped with or without casters, and with either a collapsible or non-collapsible stand.
1	Mobile or bedside unit.	Power unit not to exceed 30 milliamperes at 90 KVP. It is specially designed for moving on its own casters.
1	Army field unit	Light duty, with a power unit not to exceed 15 milliamperes, manufactured in accordance with the specifications of the Army of the United States.
1	Army field unit	Power unit not to exceed 30 milliamperes, manufactured in accordance with the specifications of the Army of the United States.
1	Army tilting fluoroscopic unit.	Light weight table, containing power unit not to exceed 15 milliamperes at 90 KVP, manufactured in accordance with the specifications of the Army of the United States.
1	Army field table	Manufactured in accordance with the specifications of the Army of the United States.
1	Tilting table	Radiographic and fluoroscopic table, with or without mounting for fluoroscopic tube. The model may be hand-operated (hand crank or rocker) or motor driven, or both.
1	Stationary table	Horizontal bucky table.
1	Tube stand	Radiographic, with single column.
1	Tube stand	Superficial therapy, with single column.
1	Tube stand, or other support.	Deep therapy. (The manufacturer may choose either a tube stand or any other type of support, but not both.)
2	Cassette changer	Vertical or horizontal, with or without bucky diaphragm.
1	Stationary grid	Size 14″ x 17″; either flat or curved, with focal film distance of 36″ if flat, or 43″ (plus or minus 1 inch) if curved; grid ratio 5 to 1; 50 lead strips per inch.
1	Stationary grid	Size 17″ x 17″; with focal film distance of 36″; grid ratio 5 to 1; 50 lead strips per inch.
1	Stationary grid	Size 12″ x 16″; with focal film distance of 30″; grid ratio 5 to 1; 50 lead strips per inch.
1	Bucky diaphragm.	Size 17″ x 17″; with focal film distance of 36″; grid ratio 5 to 1; 50 lead strips per inch. May be constructed for either portable or table mounting.
2	Photo-fluorographic unit.

PART 3099—ACETIC ANHYDRIDE

[General Preference Order M–243]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of acetic anhydride, as hereinafter defined, for defense, for private account and for export; and

the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3099.1 *General Preference Order M–243*—(a) *Definitions.* (1) "Acetic anhydride" means acetic anhydride, ethanoic anhydride, acetyl oxide or acetic oxide of any grade and from whatever source derived.

(2) "Producer" means any person engaged in the production of acetic anhydride and includes any person who has such acetic anhydride produced for him pursuant to toll agreement.

(3) "Distributor" means any person who has purchased or purchases acetic anhydride for purposes of resale.

(b) *Restrictions on delivery and use.* (1) Subject to paragraph (c) hereof, on and after November 1, 1942, no producer or distributor shall deliver or use acetic anhydride, and no person shall accept delivery of acetic anhydride from a producer or distributor, except as specifically authorized or directed by the Director General for Operations.

(2) Authorizations or directions with respect to deliveries to be made or accepted in each month, beginning with November, 1942, will so far as practicable be issued by the Director General for Operations prior to the commencement of such month, but the Director General for Operations may at any time (including the period prior to November 1, 1942), at his discretion and notwithstanding the provisions of paragraph (c) hereof, issue directions with respect to deliveries to be made or accepted or with respect to the use or uses which shall or shall not be made of the material to be delivered or then on hand.

(3) Each person specifically authorized to accept delivery of acetic anhydride shall use such material for the purpose authorized, and only for such purpose, except as otherwise specifically directed.

(c) *Small order exemption.* (1) Any person may accept delivery of, and any producer may use, 54 gallons or less of acetic anhydride in the aggregate during any one calendar month without specific authorization provided that such person has not been specifically authorized to use or accept delivery of any quantity of acetic anhydride during such month; and

(2) Any producer or distributor may deliver acetic anhydride without specific authorization to any person who shall certify to him in writing that he is entitled pursuant to paragraph (c) (1) hereof to accept delivery, provided that:

(i) No producer shall deliver in the aggregate in any month pursuant to this paragraph (c) an amount in excess of one per cent (1%) of his estimated production of acetic anhydride for such month; and

(ii) No producer or distributor shall make deliveries during any month pursuant to this paragraph (c) if such deliveries will prevent completion of any deliveries which have been specifically authorized for such month.

(d) *Applications and reports.* (1) Each person seeking authorization to accept delivery of acetic anhydride during any calendar month, beginning with December, 1942 (except as provided in paragraph (c) hereof), whether for his own consumption or resale, shall file application therefor on or before the 15th day of the month preceding the month for which authorization for delivery is requested. Where delivery or use is to be in November, 1942, such application may be filed at any time. In either case, such application shall be made on Form PD–600, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–600 may be obtained at local field offices of the War Production Board.

(ii) Five copies shall be prepared, of which one shall be forwarded to supplier and three forwarded to the War Production Board, Chemicals Branch, Washington, D. C., Ref.: M–243.

(iii) In the heading, under name of chemical, specify acetic anhydride; under WPB Order No., specify M–243; under unit of measure, specify pounds; under name of your company, specify name and mailing address; and specify the month and year for which authorization for acceptance of delivery is sought.

(iv) Leave blank Columns 1, 11 and 19.

(v) In Columns 3, 20 and 22, specify primary product in terms of the following:

Aspirin.
Synthetic vitamins.
Other pharmaceuticals.
Explosives.
Cellulose acetate.
Cellulose acetate butyrate.
Cellulose acetate propionate.
Synthetic fibers.

and in the event that your purchases are for resale, specify "resale".

(vi) In Column 4, specify ultimate use of product (as, for example, "rayon yarn", as opposed to "cellulose acetate" which would be the primary product called for in Columns 3, 20 and 22), and also specify in each case whether your customer is Army, Navy, other government agency, Lend-Lease, or commercial customer.

(2) Each producer or distributor seeking authorization to make delivery of acetic anhydride during any calendar month, beginning with December, 1942, shall file application on or before the 20th day of the month preceding the month for which authorization is requested. For deliveries in November, 1942, application shall be made as soon as practicable after the issuance hereof. In either case, such application shall be made on Form PD–601, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–601 may be obtained at local field offices of the War Production Board.

(ii) Prepare four copies and forward three certified copies to the War Production Board, Chemicals Branch, Washington, D. C., Ref.: M–243.

(iii) Producers and distributors who have filed application on Form PD–600, specifying themselves as their suppliers, shall list their own names as customers on Form PD–601, and shall list their requests for allocation in the manner prescribed for other customers.

(iv) In the heading, under name of chemical, specify acetic anhydride; under name of company, state your name and mailing address; under unit of measure, specify pounds; and state the month and year during which deliveries covered by the application are to be made.

(v) In listing customers in Column 1, group customers according to the preference ratings applicable to the material they are ordering, thus:

Group I—Orders with AAA to A–1–k ratings.

Group II—Orders with A–2 to A–10 ratings.

Group III—Orders with B–1 to B–8 ratings.

Group IV—Orders without preference ratings.

and list all customers in each group alphabetically. The names of customers to whom small order deliveries are to be made during the next month pursuant to paragraph (c) of this order need not be given, but insert in Column 1 "Total small order deliveries (estimated)", and in Column 4 specify the estimated quantity. If it is necessary to use more than one sheet to list customers, number each sheet in order and show grand totals for all sheets on the last sheet, which is the only one that need be certified.

(vi) Leave blank Columns 3, 6 and 8.

(vii) Column 5 may, at your discretion, be left blank.

(3) The Director General for Operations may require each person affected by this order to file such other reports as may be prescribed, and may issue other and further directions to any such person with respect to preparing and filing Forms PD–600 and PD–601.

(e) *Notification of customers.* Each supplier shall notify his regular customers, as soon as possible, of the requirements of this order, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(f) *Miscellaneous provisions.* (1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of priorities regulations of the War Production Board, as amended from time to time.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C. Ref: M–243.

Chapter XI—Office of Price Administration

Part 1305—Administration

[Supplementary Order 23]

REMOVAL OF REQUIREMENT OF NOTARIZATION OF REPORTS

A statement of the considerations involved in the issuance of this supplementary order, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1305.27 *Removal of requirement of notarization of reports.* (a) On and after the effective date hereof no report filed pursuant to any price regulation heretofore issued by the Office of Price Administration need be sworn to or affirmed.

(b) "Price regulation," as in this supplementary order, means a price schedule effective in accordance with the provisions of section 206 of the Emergency Price Control Act of 1942, a maximum price regulation or temporary maximum price regulation issued by the Office of Price Administration, or any amendment or supplement thereto or order issued thereunder.

(c) This Supplementary Order No. 23 (§ 1305.27) shall become effective October 24, 1942.

(Pub. Laws 421 and 729; E.O. 9250, 7 F.R. 7871.)

Issued this 19th day of October 1942.

Part 1340—Fuel

[RPS 88,[1] Amendment 34]

PETROLEUM AND PETROLEUM PRODUCTS

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and has been filed with the Division of the Federal Register.*

A new subparagraph (8) is added to § 1340.159 (b) as set forth below:

§ 1340.159 *Appendix A: Maximum prices for petroleum and petroleum products.* * * *

(b) *Petroleum products.* * * *

(8) Notwithstanding the provisions of other subparagraphs of this paragraph and § 1340.159 (c), where a seller of fuel oil of Grade No. 5 or lighter, was giving free oil burner service to purchasers located in the corporate limits of Baltimore City and the counties immediately bordering on Baltimore City, including Baltimore County, Anne Arundel County, Howard County, Harford County, and Carroll County, such seller may make additional charges for servicing such purchaser's oil burner on the following basis:

(i) Each call one dollar and fifty cents ($1.50).

(ii) In addition to the basic charge for a call authorized under subdivision (i) a charge of one dollar and fifty cents ($1.50) may be made for performance of a vacuum cleaning job once in any single twelve-month period, and a charge of one dollar ($1.00) may be made for performance of an Orsat or other instrument analysis of flue gases or products of combustion once in a single twelve-month period.

§ 1340.158a *Effective dates of amendments.* * * *

(hh) Amendment No. 34 (§ 1340.159 (b) (8) to Revised Price Schedule No. 88 shall become effective October 24, 1942: *Provided, however,* That buyers who have already made contracts with sellers to pay for service rendered at a certain rate in the event that such a charge would be authorized by the Office of Price Administration may be charged therefore in accordance with the terms of such contract if such charges do not exceed what could be charged under the terms of subparagraph (8).

Part 1351—Food and Food Products

[MPR 243]

PITTED AND MACERATED DOMESTIC DATES AND DOMESTIC DATE PRODUCTS

In the judgment of the Price Administrator, the maximum prices established by this regulation for pitted and macerated domestic dates and domestic date products are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, the Act of Congress approved October 2, 1942, entitled "An Act to amend the Emergency Price Control Act of 1942, to aid in preventing inflation and for other purposes" and the Executive Order No. 9250, dated October 3, 1942.

A statement of the considerations involved in the issuance of this Regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

The maximum prices established herein are not below prices which will reflect to the producers of domestic dates prices for their products equal to the higher of the prices required by the provisions of the Emergency Price Control Act of 1942, as amended and the said Executive Order No. 9250.

Therefore, under the authority vested in the Price Administrator by the aforesaid Acts and Executive Order, and in accordance with the provisions of Procedural Regulation No. 1,[1] Maximum Price Regulation No. 243 is hereby issued.

Authority: §§ 1351.901 to 1351.913, inclusive, issued under Pub. Law 421, and 729, 77th Cong.; E.O. 9250.

§ 1351.901 *Prohibition against dealing in pitted domestic dates, macerated domestic dates and domestic date products above maximum prices.* (a) On and after October 24, 1942, regardless of any contract or other obligation, no processor or primary distributor shall sell or deliver any pitted domestic dates, macerated domestic dates or domestic date products at a price higher than the maximum price established pursuant to this Maximum Price Regulation No. 243.

(b) No person in the course of trade or business shall buy or receive any pitted domestic dates, macerated domestic dates or domestic date products from a processor or primary distributor at a price higher than the maximum price established by this Maximum Price Regulation No. 243; and

(c) No processor, primary distributor or other person shall agree, offer, solicit, or attempt to do any of the foregoing.

§ 1351.902 *Maximum prices of processors for packaged pitted domestic dates, macerated domestic dates and domestic date products.* (a) The maximum price, f. o. b. plant, for sales of packaged pitted domestic dates by a processor shall be three cents per ounce.

(b) The maximum price, f. o. b. plant, for sales of macerated domestic dates by a processor shall be fifteen cents per pound.

(c) The maximum price, f. o. b. plant, for sales of domestic date products by a processor shall be twenty-eight and one-half cents per pound when sold in bulk or in packages containing more than one pound, and thirty-one cents per pound when sold in packages containing one pound or less.

(d) The maximum prices established herein include brokerage. The seller shall maintain his customary cash discounts and his quantity discounts to different classes of purchasers.

§ 1351.903 *Maximum prices of primary distributors for pitted domestic dates, macerated domestic dates and domestic date products.* (a) The maximum price, f. o. b. primary distributor's warehouse, for sales of packaged pitted domestic dates, macerated domestic dates or domestic date products by a primary distributor shall be the actual cost to the primary distributor plus seven per cent of such cost.

(b) The actual cost to the primary distributor shall be the cost of the item plus freight less any discount or allowance to the primary distributor.

(c) For the purposes of this Maximum Price Regulation No. 243 a primary distributor means a person who refrigerates and warehouses pitted domestic dates,

macerated domestic dates or domestic date products and makes sales thereof to wholesalers, institutional or commercial users.

(d) In the event that any other maximum price regulation heretofore or hereafter issued by the Office of Price Administration establishing maximum prices for sales of packaged pitted domestic dates, macerated domestic dates or domestic date products at wholesale, shall define a wholesaler in such manner as to include a primary distributor as defined in this section, such primary distributor, when making sales of such items to wholesalers, institutional or commercial users, shall compute his maximum price solely pursuant to the provisions of this section and not pursuant to the provisions of such other maximum price regulation.

(e) The primary distributor shall maintain his customary cash discounts and his quantity discounts to different classes of purchasers.

§ 1351.904 *Less than maximum prices.* Lower prices than those established by this Maximum Price Regulation No. 243 may be charged, demanded, paid or offered.

§ 1351.905 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 243 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to pitted domestic dates, macerated domestic dates and domestic date products, alone or in conjunction with any other commodity or by way of any commission, service, transportation or other charge or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1351.906 *Records.* (a) Every processor who makes sales of packaged pitted domestic dates, macerated domestic dates or domestic date products after the effective date of this Maximum Price Regulation No. 243 shall make and preserve for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942 remains in effect, all records of the same kind as he has customarily kept, relating to the prices which he charged for any of such items sold after the effective date of this regulation.

(b) Every primary distributor who makes sales of packaged pitted domestic dates, macerated domestic dates or domestic date products after the effective date of this Maximum Price Regulation No. 243 shall make and preserve for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942 as amended, remains in effect, all his records, bills, invoices or other documents which are used as the basis of computing his maximum prices hereunder and all records of the same kind as he has customarily kept, relating to the prices which he charged for any of such items sold after the effective date of this regulation.

§ 1351.907 *Enforcement.* Persons violating any provisions of this Maximum Price Regulation No. 243, are subject to the criminal penalties, civil enforcement actions and suits for treble damages provided for by the Emergency Price Control Act of 1942.

§ 1351.908 *Petitions for amendment.* Persons seeking a modification of this Maximum Price Regulation No. 243, may file a petition therefor in accordance with the provisions of Procedural Regulation No. 1, issued by the Office of Price Administration.

§ 1351.909 *Applicability.* The provisions of this Maximum Price Regulation No. 243 shall be applicable only in the United States and the District of Columbia.

§ 1351.910 *Export sales.* The maximum price at which a person may export pitted domestic dates, macerated domestic dates and domestic date products shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[2] issued by the Office of Price Administration.

§ 1351.911 *Applicability of the General Maximum Price Regulation.* This Maximum Price Regulation No. 243 supersedes the provisions of the General Maximum Price Regulation with respect to sales or deliveries of packaged pitted domestic dates, macerated domestic dates and domestic date products by processors or primary distributors, for which maximum prices are established by this regulation.

§ 1351.912 *Definitions.* (a) When used in this Maximum Price Regulation No. 243 the term:

(1) "Person" includes an individual, corporation, partnership, association, any other organized group of persons, legal successors or representatives of any of the foregoing and includes the United States, or any agency thereof, any other government, or any of its political subdivisions and any agency of any of the foregoing.

(2) "Processor" means a person who pits, macerates or grinds domestic dates.

(3) "Pitted domestic dates" means domestic dates from which the pits have been removed, but which otherwise remain whole.

(4) "Macerated domestic dates" means domestic dates from which the pits have been removed and which have been cut into two or more pieces or have been chopped, sliced or ground.

(5) "Domestic date products" means any product containing ninety per cent or more by weight of macerated domestic dates combined with other ingredients.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1351.913 *Effective date.* This Maximum Price Regulation No. 243 (§§ 1351.901 to 1351.913, inclusive) shall become effective October 24, 1942.

Issued this 19th day of October 1942.

PART 1394—FUEL OIL

[Ration Order 11]

FUEL OIL RATIONING REGULATIONS

Preamble. The shortage of fuel oil and other petroleum products in the eastern states has become one of the most critical problems confronting the nation. Prior to 1941, approximately 95% of the fuel oil used in the East was shipped by oil tanker from other areas. The diversion of tankers to other routes, since the outbreak of the war, has caused a sharp reduction in shipments and a consequent supply shortage of serious proportions.

It is essential to guarantee the continued availability of adequate supplies of fuel oil for military and naval use and for industrial and agricultural operations. At the same time, provision must be made for the scarcely less critical domestic uses upon which civilian life has become dependent. Intensive efforts have therefore been made to increase shipments by railroad tank car and other transportation facilities. Tank cars have been withdrawn from other routes, to serve the Eastern states. Oil stocks in adjacent mid-western areas have been and are being drawn upon, in order to reduce the shortage and alleviate the hardships in the East. As a result of these efforts, tank car shipments to the East coast have been increased to an extent not previously thought possible. However, the shortage remains acute. Furthermore, the withdrawal of stocks and of transportation facilities from adjacent areas has already produced a shortage in other localities. The area of shortage is thus moving westward, and an acceleration of that movement is an almost inevitable consequence of the measures taken to avoid a shortage of disastrous proportions in the East.

In order to provide for equitable distribution of fuel oil in the areas of shortage, a system of rationing control must be adopted. Accordingly, the War Production Board has directed the Office of Price Administration to ration fuel oil in thirty eastern and midwestern states, and in the District of Columbia.

Ration Order No. 11 is issued pursuant to that directive. It makes provision for an unrestricted supply of fuel oil for military and naval uses and for existing industrial, commercial and agricultural operations which, in a war economy, cannot generally be curtailed. The reduction of demand to the available supply is sought to be achieved largely by a curtailment of the use of fuel oil for heating premises and for hot water, virtually the only classes of uses which can be uniformly reduced without directly impeding the war effort. In order to avoid the unnecessary use of fuel oil, rations are denied altogether where equipment using non-scarce fuels is available, or where oil burning equipment furnishing heat or hot water to premises other than private dwellings can be converted to the use of a non-scarce fuel. To that end, Ration Order No. 11 is integrated with the conversion program of the Office of the Petroleum Coordinator.

For the purpose of determining heat and hot water rations, private dwellings and premises other than private dwellings receive significantly different treatment.

In the case of private dwellings, the heat ration is limited by a range reflected in tables computed on the basis of a heat loss formula. The formula was devised to determine normal fuel oil requirements of a private dwelling in a given area. By appropriate adjustments, it can be used to determine the requirements of an average house or of a well insulated house with high oil burner efficiency. Such adjustments, reflected in the tables, are used to fix the maximum and minimum of the range within which the heat ration is determined. The maximum of the range represents, roughly, the requirements of a home of slightly less than average efficiency. The minimum represents the requirements of a well-insulated home, with an efficient burner. The heat ration is then determined on the basis of 66⅔% of past consumption, within the limits of the range described above. The ration may not, in any event, exceed the maximum of the range, nor may it be less than either the minimum of the range or 85% of past consumption (whichever is less).

The domestic hot water ration for private dwellings is determined on the basis of occupancy.

In the case of premises other than private dwellings, both heat and hot water rations are determined on the basis of 66⅔% of past consumption, with no limiting range.

Since heating requirements vary according to weather conditions, the rationed area is divided into thermal zones and subzones. The figures used for computing heat rations differ in each subzone, in order to reflect varying weather conditions. Moreover, the coupons issued for heat rations are of an indefinite gallonage value, thus permitting adjustments to weather conditions during the coming winter. Additional flexibility is provided by using differently colored coupons in each thermal zone, so that different values can be assigned to correspond to temperature variations in the different zones.

Auxiliary heat and hot water rations are made available in special cases, where an additional supply of oil is required for reasons of health or for the performance of certain commercial or industrial operations.

In order to control distribution, transfers of fuel oil may be made only in exchange for coupons or other tokens authorized by Ration Order No. 11. All members of the trade are required to register with their Local Board, to state their initial inventory, and to keep records of their transactions. Primary suppliers, to whom coupons and other evidences ultimately flow, are required to make periodic reports to the Office of Price Administration.

Accordingly, pursuant to the authority vested in the Administrator by Executive Order No. 9125, issued by the President on April 7, 1942, and Directive No. 1 and Supplementary Directive No. 1–O of the War Production Board, issued on January 24 and October 16, 1942, respectively. *It is hereby ordered*, That:

DEFINITIONS

§ 1394.5001 *Definitions.* (a) When used in this Ration Order No. 11:

(1) "Additional facilities" means any equipment designed to use fuel oil, other than internal combustion engines or equipment used for domestic cooking or lighting purposes, which was installed subsequent to July 31, 1942.

(2) "Allowable ration" means the number of gallons of fuel oil used as a base for determining the number and value of fuel oil coupons to be issued to an applicant.

(3) "Alternate fuel" means any fuel other than a petroleum product, electricity, natural gas, manufactured gas, or mixed natural and manufactured gas.

(4) "Base period" means the period from June 1, 1941 to May 31, 1942, inclusive.

(5) "Board" means a War Price and Rationing Board established by the Office of Price Administration.

(6) "Coal spraying equipment" means any equipment designed to use or using fuel oil or any other petroleum product for the purpose of applying such fuel oil or other petroleum product to coal.

(7) "Consumer" means any person acquiring fuel oil for use, including use as a component part of any manufactured article, material, or compound other than fuel oil. The term includes dealers and suppliers to the extent that they use fuel oil, or acquire fuel oil for use rather than for transfer.

(8) "Converted facilities" means any fuel oil burning equipment which was designed to use an alternate fuel and which has been converted to the use of fuel oil.

(9) "Convertible facilities" means any fuel oil burning equipment which can be converted to the use of an alternate fuel: *Provided*, That such equipment shall be deemed convertible only if the materials necessary for such conversion are on hand and the required labor is available or if such materials and labor can be obtained without unreasonable difficulty or expense, and only if an alternate fuel is available.

(10) "Dealer" means any person, including a supplier, who operates a regular place of business at or from which fuel oil is regularly transferred to consumers. The term also includes any person who operates a tank truck or tank wagon for the transfer of fuel oil directly to consumers and who does not maintain stationary fuel oil storage tanks.

(11) "Domestic," as applied to cooking or lighting, means cooking or lighting in a household for the benefit of the family occupying such household, and not for profit.

(12) "Domestic hot water" means hot water used in a private dwelling for household and lavatory purposes and for cleaning premises; it does not include hot water used as an integral part of any commercial, industrial, agricultural, or extractive process.

(13) "Evidence" means a token designed by the Office of Price Administration to represent a right to receive a transfer of fuel oil, and exchangeable for such fuel oil. The term includes coupons, acknowledgments of delivery, inventory coupons, exchange certificates and export certificates. The term does not include Delivery Receipts on Form OPA R–1125.

(14) "Family" means either one person maintaining a household or two or more persons maintaining a common household.

(15) "Fuel oil" means any liquid petroleum product commonly known as fuel oil, including grades Nos. 1, 2, 3, 4, 5, and 6, whether or not blended or rebranded, such as Bunker C, Diesel oil, kerosene, range oil and gas oil. The term also includes any other liquid petroleum product having the same specifications as the above designated grades used for the same purposes as such grades.

(16) "Heating year" means the period from October 1, 1942, to September 30, 1943, inclusive.

(17) "Inventory coupon" means a one-gallon or one hundred-gallon coupon so designated by the Office of Price Administration representing unfilled storage capacity of a dealer or secondary supplier, or used for such other purpose as may be provided in Ration Order No. 11.

(18) "Issuing Board" means the War Price and Rationing Board which issued a specified ration.

(19) "Limitation area" means the states of Connecticut, Delaware, Florida (east of the Apalachicola River), Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Ohio, Pennsylvania, Rhode Island, South Carolina, South Dakota, Vermont, Virginia, West Virginia, Wisconsin and the District of Columbia.

(20) "Non-occupational use" means use for a purpose other than carrying on a business, gainful work, or work which contributes to the war effort or to the public welfare.

(21) "Person" means any individual, partnership, corporation, association, government or government agency, or any other organized group or enterprise.

(22) "Primary supplier" means:

(i) Any person who refines fuel oil within the limitation area; or

(ii) Any person who makes a first transfer of fuel oil within the limitation area from stationary storage facilities within the limitation area; or

(iii) Any consumer who maintains an establishment within the limitation area at which delivery of fuel oil for his own use is taken by pipeline, barge, tank ship, or railroad tank car, on direct shipment from without the limitation area; or

(iv) Any person, whether within or without the limitation area, who does not maintain stationary storage facilities within the limitation area, and who sends or brings fuel oil into the limitation area and transfers it to a person other than a primary supplier as defined in subdivisions (i), (ii) or (iii) of this subparagraph.

A person shall be deemed to be a primary supplier only with respect to the establishments or facilities maintained by him at or from which operations described in subdivisions (i), (ii), (iii) or (iv) of this subparagraph are carried on, and with respect to establishments which are replenished solely on a stock transfer basis, rather than on a sales basis, from establishments at or from which operations described in subdivision (i), (ii), (iii) or (iv) of this subparagraph are carried on: *Provided*, That if such person does not maintain stationary storage facilities, he shall be deemed to be a primary supplier with respect to all the mobile facilities operated by him within the limitation area.

(23) "Private dwelling" means a building or structure designed for the occupancy of fewer than four (4) families, but does not include a rooming house, boarding house, dormitory, lodging house or hotel in which four (4) or more rooms are regularly rented or available for rental, nor does it include a building in which less than seventy percent (70%) of the total floor space is used for residential purposes.

(24) "Ration," as the context requires, means either a right to acquire and use fuel oil, evidenced by coupons or Delivery Receipts issued by a Board, or the amount of fuel oil acquired in exchange for such coupons or Delivery Receipts.

(25) "Residual oil" means fuel oil commonly known as residual oil (as opposed to distillate oil), including grades No. 5 and 6, and all blended or rebranded fuel oils having the same specifications as commercial standard grades No. 5 and 6. The term also includes all fuel oils having a viscosity of more than 85 seconds (Saybolt Universal at 100 degrees F.).

(26) "Secondary supplier" means any person, other than a primary supplier, who is engaged in the business of transferring fuel oil for resale: *Provided*, That any person who receives fuel oil on consignment from a primary supplier, title to the fuel oil remaining in the primary supplier until the time of transfer by the consignee, shall not with respect to such fuel oil be deemed to be a secondary supplier, but shall, for all the purposes of this Ration Order No. 11, be deemed to be an agent of such primary supplier with respect thereto.

(27) "Space heater" means any oil burning equipment (including portable heaters) designed to heat the space adjacent to such equipment, without the use of pipes or ducts for conveying heat to such space.

(28) "Standby facilities" means equipment (other than fireplaces) in serviceable operating condition designed to use an alternate fuel, for the operation of which a supply of such fuel is available.

(29) "State" includes the District of Columbia.

(30) "Supplier" means a primary supplier, a secondary supplier, or both.

(31) "Thermal Zone A" means the states of Maine, New Hampshire, Vermont, Michigan, Wisconsin, Minnesota, North Dakota and South Dakota; that part of the State of New York north of, and including, the counties of Washington, Saratoga, Montgomery, Otsego, Herkimer, Oneida, Lewis and Jefferson; and that part of the State of Iowa north of, and including, the counties of Allamakee, Winneshiek, Chickasaw, Floyd, Cerro Gordo, Hancock, Kossuth, Palo Alto, Clay, O'Brien and Sioux.

(32) "Thermal Zone B" means the states of Massachusetts, Rhode Island, Connecticut, New Jersey, Pennsylvania and Nebraska; that part of the State of New York south of, and including, the counties of Rensselaer, Albany, Schenectady, Schoharie, Delaware, Chenango, Madison, Onondaga, Oswego, Cayuga, Wayne, Monroe, Orleans and Niagara; that part of the State of Ohio north of, and including, the counties of Columbiana, Jefferson, Belmont, Noble, Morgan, Perry, Hocking, Pickaway, Fayette, Clinton, Greene, Montgomery and Preble; that part of the State of Indiana north of, and including, the counties of Union, Fayette, Rush, Hancock, Marion, Hendricks, Putnam, Parke and Vermilion; that part of the State of Illinois north of, and including, the counties of Edgar, Coles, Shelby, Christian, Sangamon, Morgan, Scott and Pike; that part of the State of Missouri north of, and including, the counties of Pike, Ralls, Monroe, Randolph, Chariton, Livingston, Caldwell, Clinton and Buchanan; that part of the State of Iowa south of, and including, the counties of Clayton, Fayette, Bremer, Butler, Franklin, Wright, Humboldt, Pocahontas, Buena Vista, Cherokee and Plymouth; and that part of the State of Kansas north of, and including, the counties of Atchison, Jackson, Shawnee, Pottawatomie, Riley, Clay, Cloud, Mitchell, Osborne, Rooks, Ellis, Trego, Gove, Lane, Scott, Wichita and Greeley.

(33) "Thermal Zone C" means the states of Delaware, Maryland, District of Columbia, Virginia, West Virginia and Kentucky; that part of the State of Ohio south of, and including, the counties of Monroe, Washington, Athens, Vinton, Ross, Highland, Brown, Clermont, Warren and Butler; that part of the State of Indiana south of, and including, the counties of Franklin, Decatur, Shelby, Johnson, Morgan, Owen, Clay and Vigo; that part of the State of Illinois south of, and including, the counties of Clark, Cumberland, Effingham, Fayette, Montgomery, Macoupin, Greene and Calhoun; that part of the State of Missouri south of, and including, the counties of Lincoln, Montgomery, Audrain, Boone, Howard, Saline, Carroll, Ray, Clay and Platte; and that part of the State of Kansas south of, and including, the counties of Wyandotte, Leavenworth, Jefferson, Douglas, Osage, Wabaunsee, Geary, Dickinson, Ottawa, Lincoln, Barton, Russell,

Hodgeman, Rush, Ness, Finney, Kearny and Hamilton.

(34) "Thermal Zone D" means the states of North Carolina, South Carolina, Georgia and that part of the State of Florida lying east of the Apalachicola River.

(35) "Transfer" means to sell, give, exchange, lease, lend, deliver, receive, supply or furnish, and includes the acquisition of title by legal process or operation of law, such as, but not limited to, the acquisition of title by will, inheritance or foreclosure; it also includes the use by any dealer or supplier of fuel oil held by him; but does not include the creation of a security interest or security title involving no change of possession. Delivery to a carrier for shipment, or by a carrier in the course of or in completion of shipment, shall not be deemed a transfer to or by such carrier.

(36) "Unit," as applied to a coupon, means the amount of fuel oil, as fixed from time to time, by order or direction of the Office of Price Administration, for which a coupon bearing the imprint "one unit" may be exchanged.

(37) "Washington Office" means the Office of Price Administration in Washington, D. C.

(b) Where the context so requires, words in the singular shall include the plural, words in the plural shall include the singular, and the masculine gender shall include the feminine and neuter.

SCOPE OF RATION ORDER NO. 11

§ 1394.5051 *Territorial limitations.* Except as otherwise expressly provided, Ration Order No. 11 shall apply only within the limitation area as defined in subparagraph (19) of paragraph (a) of § 1394.5001.

§ 1394.5052 *Scope of restrictions.* Nothing in Ration Order No. 11 shall be construed to limit the quantity of fuel oil which may be acquired:

(a) By or for the account of the Army, Navy, Marine Corps, Coast Guard, War Shipping Administration, or Maritime Commission, of the United States; or

(b) By any person, for export to and consumption or use in any foreign country.

JURISDICTION OF BOARDS

§ 1394.5101 *Jurisdiction of Boards over issuance of rations.* For the purposes of Ration Order No. 11, a Board shall have jurisdiction over:

(a) Persons who have applied to such Board for a ration, or who have registered with it; and

(b) The issuance of rations:

(1) For the operation of any stationary oil burning machinery or equipment in the area assigned to such Board;

(2) For the operation of any mobile oil burning equipment, including vehicles and watercraft, customarily garaged, stationed or kept in the area assigned to such Board;

(3) For any use, not specified in subparagraphs (1) and (2) of this paragraph, in the area assigned to such Board;

(4) For the operation of any stationary or mobile oil burning machinery or equipment, customarily used outside the limitation area; or for any other use outside the limitation area;

(5) To any person who shows good cause for failure to make application to the Board having jurisdiction pursuant to the provisions of subparagraphs (1), (2) or (3) of this paragraph; any person applying for a ration pursuant to this subparagraph shall furnish to the Board with which he files his application the address of the Board having jurisdiction pursuant to the provisions of such subparagraphs (1), (2), or (3); and

(c) Other matters specifically provided for in Ration Order No. 11.

RESTRICTIONS ON ISSUANCE OF RATIONS

§ 1394.5151 *Restrictions on issuance of rations.* (a) No ration shall be issued or used:

(1) For the operation of additional facilities or converted facilities unless:

(i) In the case of new construction, the additional facilities were specified in the construction contract and the foundation under the main part of the structure in which the additional facilities were to be installed was completed prior to July 31, 1942; or

(ii) In the case of converted facilities, the conversion was completed prior to July 31, 1942; or

(iii) In the case of either additional or converted facilities, the person using them cannot use and alternate fuel either because it is unavailable or because technical utilization factors prevent its use;

(2) For the operation of fuel oil burning equipment if standby facilities are available and can be used as a substitute for such equipment, unless such standby facilities are operated in such manner as to take the place of such equipment to the maximum extent and to effect the maximum reduction in fuel oil requirements; the allowable ration for the operation of such equipment shall be reduced by the amount of fuel oil which can be saved by maximum utilization of such standby facilities;

(3) For the operation of convertible facilities for furnishing heat or hot water, or both, to premises other than private dwellings, except to the extent necessary to operate such facilities until the earliest date when conversion can be completed;

(4) For the operation of oil burning equipment for the purpose of cooling space (other than hospital space) for human occupancy;

(5) For furnishing heat or hot water to premises to the extent that such premises are supplied with heat or hot water as a by-product of an industrial process or of the production of power;

(6) For the operation of any space heater in premises adequately served by central heating facilities, except as otherwise provided in Ration Order No. 11;

(7) For the operation of a passenger automobile, as defined in Ration Order No. 5A or 5C of the Office of Price Administration;

(8) For the operation of coal spraying equipment.

(b) The provisions of this section shall not apply to equipment with respect to which an exception has been granted by the War Production Board pursuant to Limitation Order L–56, as amended.

(c) Any dealer or supplier who has made a transfer of fuel oil to a consumer in exchange for a coupon note in accordance with Limitation Order L–56, as amended, of the War Production Board, for the operation of convertible facilities for which a ration may not be obtained pursuant to subparagraph (3) of paragraph (a) of this section, may obtain inventory coupons representing the amount so transferred, by applying to the Board which denied such ration. The Board shall issue to such dealer or supplier, in exchange for such note, inventory coupons equal in gallonage value to the amount so transferred, less any amount which may have been returned to such dealer or supplier by such consumer. Upon issuance of such coupons, the Board shall require the cancellation and surrender of such coupon note.

COUPON SHEETS

§ 1394.5201 *Class 1 and Class 2 coupon sheets.* (a) Class 1 and Class 2 coupon sheets (Form OPA R–1105 and Form OPA R–1106, respectively) shall contain coupons with a value of one (1) and ten (10) units, respectively. Such coupon sheets shall also contain coupons of a definite gallonage value.

(b) Unit value coupons on Class 1 and Class 2 coupon sheets shall be valid, for the transfer of fuel oil to a consumer, only in the thermal zone designated thereon and only during the valid periods indicated below:

(1) In Thermal Zone A:

Coupons Numbered	*Valid Period*
1	Up to and including December 13, 1942.
2	From November 30, 1942, to January 20, 1943, inclusive.
3	From January 7, 1943, to February 22, 1943, inclusive.
4	From February 9, 1943, to March 31, 1943, inclusive.
5	From March 18, 1943, to September 30, 1943, inclusive.

(2) In Thermal Zone B:

Coupons Numbered	*Valid Period*
1	Up to and including December 16, 1942.
2	From December 3, 1942, to January 19, 1943, inclusive.
3	From January 6, 1943, to February 20, 1943, inclusive.
4	From February 7, 1943, to March 26, 1943, inclusive.
5	From March 13, 1943, to September 30, 1943, inclusive.

(3) In Thermal Zone C:

Coupons Numbered	*Valid Period*
1	Up to and including December 17, 1942.
2	From December 4, 1942, to January 18, 1943, inclusive.
3	From January 5, 1943, to February 16, 1943, inclusive.
4	From February 3, 1943, to March 20, 1943, inclusive.
5	From March 7, 1943, to September 30, 1943, inclusive.

(4) In Thermal Zone D:

Coupons Numbered	*Valid Period*
1	Up to and including December 19, 1942.
2	From December 6, 1942, to January 16, 1943, inclusive.
3	From January 3, 1943, to February 19, 1943, inclusive.
4	From February 6, 1943, to March 20, 1943, inclusive.
5	From March 7, 1943, to September 30, 1943, inclusive.

(c) Definite value coupons on Class 1 and Class 2 coupon sheets shall be valid for the transfer of fuel oil to a consumer only during the period of validity of the coupon sheet, as noted thereon by the issuing Board.

(d) Class 1 and Class 2 coupon sheets shall be issued as rations for heat or both heat and hot water in any premises.

§ 1394.5202 *Class 3, 4, 5 and 6 coupon sheets.* (a) Class 3, 4, 5 and 6 coupon sheets (Forms OPA R–1107, 1108, 1109, and 1110, respectively) shall contain coupons of a definite gallonage value of one (1), five (5), twenty-five (25) and one hundred (100) gallons, respectively. Coupons on such coupon sheets shall be valid for the transfer of fuel oil to a consumer only during the period of validity of the coupon sheets, as noted thereon by the issuing Board.

(b) Class 3, 4, 5 and 6 coupon sheets shall be issued as rations for any purposes authorized by Ration Order No. 11 other than those specified in paragraph (d) of § 1394.5201.

HEAT AND HOT WATER RATIONS

§ 1394.5251 *Persons entitled to rations for heat and hot water.* The owner of the premises served by, or the person controlling the use of, oil burning equipment designed for, and furnishing, heat or hot water, or both, to all or part of any premises, may obtain a ration for the operation of such equipment for such purpose during the heating year.

§ 1394.5252 *Applications for rations for heat and hot water; general provision.* (a) Application for a ration for heat or hot water, or both, may be made to a Board, on or after October 22, 1942. Application may be made either by the owner of the premises served by the equipment, or by the person controlling the use of the equipment, or by the agent of either of them.

(b) A separate application shall be made for each unit of oil burning equipment serving the premises and such application shall cover only the part of the premises served by such unit, except that if two or more units of oil burning equipment serving a single building are under common ownership or control, a single application may be made for all such units.

(c) If two or more persons are entitled to apply for a ration for the same unit of oil burning equipment, application may be made by either of such persons, or by all jointly.

§ 1394.5253 *Same; establishment of fuel oil consumption during base period; certifications as to purchases.* An applicant for a ration for heat or for heat and hot water in any premises or for hot water in premises other than a private dwelling, shall establish fuel oil consumption in the premises for such purpose during the base period. He shall, except for good cause shown, obtain from each dealer or supplier from whom fuel oil was purchased for such use during the base period, a certification showing the total amount of fuel oil purchased from such dealer or supplier during the base period for the equipment for which the application is made. A certification from each such dealer or supplier shall be annexed to and submitted with the application.

§ 1394.5254 *Same; determination of fuel oil consumption for heat and hot water during base period.* (a) The amount of fuel oil (if any) actually consumed during the base period in furnishing heat or hot water, or both, to the premises for which the application is made, shall be determined by the Board. Such determination shall be made subject to the following requirements:

(1) The amount claimed by the applicant to have been consumed must be supported by or reconciled with the total purchases shown in the certifications furnished pursuant to § 1394.5253.

(2) If the certifications so furnished cannot be reconciled with the amount claimed to have been consumed, consumption during the base period shall be deemed not to have exceeded (and may in any event be found to have been less than) the amount evidenced by such certifications plus the capacity of any storage tank or other container maintained for supplying the equipment for which the application is made.

(3) The applicant may establish that the amount stated in any such certification is incorrect. If the Board finds that the amount stated in any certification is incorrect, it shall, in determining consumption, take into account the amount actually purchased.

(b) If the applicant fails to obtain or to furnish the required certification from any dealer or supplier, but shows good cause for such failure, fuel oil consumption during the base period shall be deemed not to have been established. In such case the allowable ration shall be determined in accordance with the provisions of paragraph (a) (3) of § 1394.5256, or paragraph (c) of § 1394.5261, whichever is applicable. If no good cause is shown for such failure, no ration may be issued.

§ 1394.5255 *Application for ration for heat or domestic hot water in private dwellings.* (a) Application for a ration for the operation of oil burning equipment furnishing heat or domestic hot water, or both, to all or part of a private dwelling shall be made on Form OPA R–1100. The applicant shall supply the information required by that form.

(b) If application is made by a person other than the owner of the premises, a certification by the owner or his agent as to the accuracy of the statements made with respect to the premises and the oil burning equipment used therein, shall be annexed to the application: *Provided, however,* That such certification shall not be required if the applicant shows good cause for his failure to obtain it.

§ 1394.5256 *Determination of allowable ration for heating private dwelling.* (a) The allowable ration for heating private dwelling premises during the heating year shall be 66⅔% of the amount of fuel oil consumed (as adjusted for temperature variations from the norm, pursuant to § 1394.5257) in heating such premises during the base period, except that:

(1) If 66⅔% of such adjusted consumption exceeds the maximum of the range established pursuant to § 1394.5258, the allowable ration shall be such maximum;

(2) If 66⅔% of such adjusted consumption is less than the minimum of such range, the allowable ration shall be either such minimum or 85% of such adjusted consumption, whichever is less;

(3) If consumption during the base period cannot be determined or is deemed not to have been established (as provided in paragraph (b) of § 1394.5254), or if such consumption is, for any reason (other than weather conditions), not representative of normal fuel oil requirements for heating the premises during the heating year, the allowable ration shall be the midpoint of such range.

(b) If one or more children less than four (4) years of age regularly occupy the premises, the allowable ration for the operation of the oil burning equipment heating such premises shall be increased by:

(1) 125 gallons, in Thermal Zone A.
(2) 100 gallons, in Thermal Zone B.
(3) 75 gallons, in Thermal Zone C.
(4) 50 gallons, in Thermal Zone D.

§1394.5257 *Same; determination of adjusted fuel oil consumption during base period.* Fuel oil consumption in heating private dwelling premises during the base period shall be determined and adjusted, for the purposes of § 1394.5256, in the following manner:

(a) The total amount of fuel oil used in the premises during the base period for heat or for both heat and hot water shall be determined pursuant to § 1394.5254;

(b) The amount of fuel oil (if any) used for hot water shall be deducted from such total. If fuel oil was used, during all or part of the base period, for supplying domestic hot water, the amount so used shall, in the absence of proof to the contrary, be deemed to have been twenty (20) gallons per month for the first person, plus five (5) gallons per month for each additional person, regularly occupying the premises while fuel oil was used for such purpose;

(c) The amount of fuel oil used during the base period for heating the premises shall be multiplied by the percentage specified in Column 1 of Table I for the thermal sub-zone in which the premises are located. The product shall, for the purposes of paragraph (a) of § 1394.5256, be deemed to be the amount of fuel oil consumed during the base period as adjusted for temperature variations from the norm.

§ 1394.5258 *Same; determination of range.* (a) The maximum and minimum of the range within which the allowable ration for heating private dwelling premises shall be determined, for the purposes of paragraph (a) of § 1394.5256, shall be obtained by multiplying the floor area of the premises, computed pursuant to paragraph (b) of this section by:

(1) The maximum and minimum number of gallons per square foot of floor area, as shown in subcolumn (a) of Column 2 of Table I for the thermal subzone in which the premises are located, if the application is made for a ration for the operation of central heating equipment; or

(2) The maximum and minimum number of gallons per square foot of floor area, as shown in subcolumn (b) of Column 2 of Table I for the thermal subzone in which the premises are located, if the application is made for a ration for the operation of space heaters, except that if application is made both for space and central heating equipment used for heating the same premises at different times, the maximum and minimum for both types of equipment shall be determined pursuant to subcolumn (a).

(b) In computing the floor area of the premises for the purposes of paragraph (a) of this section, only necessary living and sleeping quarters and space used for occupational purposes shall be included: *Provided,* That in no event shall a total area in excess of 2,000 square feet for the first person, plus 600 square feet for the second person and 300 square feet for each additional person, regularly occupying the premises covered by the application, be included in determining the range.

§ 1394.5259 *Determination of ration for domestic hot water in private dwelling.* The allowable ration for supplying domestic hot water to private dwelling premises shall be 66⅔% of the figure obtained by adding twenty (20) gallons for the first person plus five (5) gallons for each additional person, regularly occupying such premises, and multiplying the sum by the number of months during the heating year in which a ration for hot water is required.

§ 1394.5260 *Application for ration for heat or hot water in premises other than private dwellings.* (a) Application for a ration for the operation of oil burning equipment designed for, and furnishing, heat or hot water, or both, to all or part of any premises other than a private dwelling shall, except as provided in paragraph (a) of § 1394.5268 be made on Form OPA R–1101. The applicant shall supply the information required by that form.

(b) In the cases specified in paragraph (c) of this section, the applicant shall annex to his application a certification by a qualified plumber, architect or heating engineer showing the amount of fuel oil needed during the heating year to meet the normal heating requirements or the normal hot water requirement (or both, as the case may be) of the premises for which the application is made. Such certification shall be based on an examination of the application and an inspection of the premises; the engineer, architect or plumber furnishing such certification shall take into consideration the construction of the premises, the purposes for which the premises are used and the weather conditions in the locality in which the premises are situated, and shall base his estimate on the standards established in and recommended by the Manual of the American Society of Heating and Ventilating Engineers (1942 ed.).

(c) The certification described in paragraph (b) of this section shall be required in the following cases:

(1) If fuel oil was not used during the base period for the purpose for which the application is made, or if consumption during the base period was, for any reason (other than weather conditions), not representative of normal fuel oil requirements during the heating year; or

(2) If the certifications required by § 1394.5253 cannot be obtained, or if such certifications cannot be reconciled with the amount of fuel oil claimed by the applicant to have been used during the base period for heat, or hot water, or both (as the case may be).

§ 1394.5261 *Determination of allowable ration for heat or hot water in premise other than private dwellings.* (a) The allowable ration for heating premises other than private dwellings during the heating year shall be 66⅔% of the amount of fuel oil consumed (as adjusted for temperature variations from the norm, pursuant to § 1394.5262) in heating such premises during the base period.

(b) The allowable ration for supplying hot water to premises other than private dwellings during the heating year shall be 66⅔% of the amount of fuel oil consumed in supplying hot water to the premises during the base period, subject to such adjustment as may result from the operation of paragraph (c) of § 1394.5262.

(c) If consumption during the base period cannot be determined or is deemed not to have been established (as provided in paragraph (b) of § 1394.5254), or if such consumption is, for any reason (other than weather conditions), not representative of normal fuel oil requirements during the heating year, the allowable ration for heat, or hot water, or both, shall be 66⅔% of the normal fuel oil requirements of the premises for such purpose or purposes, as determined by the Board.

(d) If application is made for a ration for the operation of space heaters in premises other than private dwellings and if the premises heated thereby are regularly occupied by one or more children under four (4) years of age, the allowable ration for the operation of such space heaters for heating such premises shall be increased by the amount specified in paragraph (b) of § 1394.5256, for the thermal zone in which the premises are located.

§ 1394.5262 *Same; determination of adjusted fuel oil consumption during the base period.* Fuel oil consumption during the base period in heating premises other than private dwellings (and, to the extent provided in paragraph (b) of this section, in supplying hot water to such premises) shall be determined and adjusted for the purposes of § 1394.5261, in the following manner:

(a) The total amount of fuel oil used for heating the premises during the base period shall be determined pursuant to § 1394.5254; or

(b) If fuel oil was consumed and a ration is required, both for heat and for hot water, the total amount used for both purposes shall be determined pursuant to § 1394.5254. If fuel oil was consumed both for heat and for hot water, and a ration is required for heat only, the amount used for hot water during the base period shall be deducted from the total consumed.

(c) The amount of fuel oil used during the base period for heat, or for both heat and hot water (as determined in accordance with paragraph (a) or (b) of this section) shall be multiplied by the percentage specified in Column 1 of Table I for the thermal sub-zone in which the premises are located. The product shall, for the purposes of paragraphs (a) and (b) of § 1394.5261, be deemed to be the amount of fuel oil consumed during the base period, adjusted for temperature variations from the norm.

§ 1394.5263 *Issuance of rations for heat or hot water for entire heating year.* (a) After determining the allowable ration for heat or hot water, or both, the Board shall issue Class 1 or Class 2 Coupon Sheets containing coupons representing the allowable ration less the amount of fuel oil on hand for the operation of the equipment for which the application is made. Such amount on hand shall be determined in accordance with the provisions of § 1394.5451, except as provided in paragraph (b) of this section.

(b) Where application is made prior to November 1, 1942:

(i) If the capacity of the fuel tank or tanks maintained for supplying the equipment is two hundred and fifty (250) gallons or more, the Board may assume, in the absence of satisfactory proof of actual inventory, that the amount of fuel oil on hand as of October 1, 1942, was not less than two hundred and fifty (250) gallons; or

(ii) If the capacity of such tank or tanks is less than two hundred and fifty (250) gallons, the Board may assume, in the absence of satisfactory proof of actual inventory, that the amount of fuel oil on hand as of October 1, 1942 was not less than the capacity of such tank or tanks.

§ 1394.5264 *Same; heat or both heat and hot water.* Where a ration is allowed for heat or both heat and hot water, the Board shall issue Class 1 or Class 2 coupon sheets containing coupons in the amount provided in § 1394.5263, in accordance with following provisions:

(a) All unit value coupons shall be issued on the basis of ten (10) gallons per unit;

(b) The coupons shall be divided equally, insofar as possible, among all the valid periods described in paragraph (b) of § 1394.5201;

(c) If the gallonage for which coupons are to be issued is not a multiple of ten (10), the coupons shall be issued to the next higher multiple of ten (10).

§ 1394.5265 *Same; hot water only.* Where a ration is allowed for hot water (but not for heat) the Board shall issue Class 3, 4, 5 or 6 coupon sheets containing coupons in the amount provided in § 1394.5263. Such coupons shall be issued for use until the end of the heating year, except as provided in § 1394.5268.

§ 1394.5266 *Same; applications made on or after November 1, 1942; heat or both heat and hot water.* (a) If application is made on or after November 1, 1942, for a ration for heat or both heat and hot water, the allowable ration shall be determined in accordance with § 1394.5256 or § 1394.5261, whichever is applicable. One-fifth of the allowable ration shall be deemed allocable to each thermal period specified in paragraph (c) of this section. The Board shall deduct from the allowable ration:

(1) The amount allocable to any expired thermal period; and

(2) The percentage of the amount allocable to the current thermal period shown by Table II for the number of days elapsed between the beginning of such period and the date of application.

(b) The Board shall issue Class 1 or Class 2 coupon sheets containing coupons equal in gallonage value to the allowable ration (after all deductions pursuant to paragraph (a) of this section) less the amount of fuel oil on hand on the date of the application for the operation of such equipment, in accordance with the following provisions:

(1) All currently valid unit value coupons shall be issued on the basis of their current unit value and all subsequent coupons on the basis of ten (10) gallons per unit;

(2) The coupons to be issued shall be divided proportionately, insofar as possible, among all unexpired thermal periods.

(c) The thermal periods referred to in paragraphs (a) and (b) of this section shall be:

(1) In Thermal Zone A:

Thermal Period No. 1. Up to and including November 29, 1942.

Thermal Period No. 2. From November 30, 1942, to January 6, 1943, inclusive.

Thermal Period No. 3. From January 7, 1943, to February 8, 1943, inclusive.

Thermal Period No. 4. From February 9, 1943, to March 17, 1943, inclusive.

Thermal Period No. 5 From March 18, 1943, to September 30, 1943, inclusive.

(2) In Thermal Zone B:

Thermal Period No. 1 Up to and including December 2, 1942.

Thermal Period No. 2. From December 3, 1942, to January 5, 1943, inclusive.

Thermal Period No. 3. From January 6, 1943, to February 6, 1943 inclusive.

Thermal Period No. 4. From February 7, 1943, to March 12 ,1943, inclusive.

Thermal Period No. 5. From March 13, 1943, to September 30, 1943, inclusive.

(3) In Thermal Zone C:

Thermal Period No. 1. Up to and including December 3, 1942.

Thermal Period No. 2. From December 4, 1942, to January 4, 1943, inclusive.

Thermal Period No. 3. From January 5, 1943, to February 2, 1943, inclusive.

Thermal Period No. 4. From February 3, 1943, to March 6, 1943, inclusive.

Thermal Period No. 5. From March 7, 1943, to September 30, 1943, inclusive.

(4) In Thermal Zone D:

Thermal Period No. 1. Up to and including December 5, 1942.

Thermal Period No. 2. From December 6, 1942, to January 2, 1943, inclusive.

Thermal Period No. 3. From January 3, 1943, to February 5, 1943, inclusive.

Thermal Period No. 4. From February 6, 1943, to March 6, 1943, inclusive.

Thermal Period No. 5. From March 7, 1943, to September 30, 1943, inclusive.

(d) Where application is made for a ration for equipment furnishing both heat and domestic hot water to a private dwelling, the apportionment and deduction required by paragraph (a) of this section shall not be applicable to the allowable ration for domestic hot water, which shall be determined solely in accordance with § 1394.5259, regardless of the date of application.

§ 1394.5267 *Same; applications made on or after November 1, 1942, for hot water only.* If application is made on or after November 1, 1942, for a ration for hot water (but not for heat) in premises other than private dwellings, the allowable ration shall be determined in the manner provided in paragraph (b) of § 1394.5261. The Board shall deduct from the allowable ration, the part thereof corresponding to the part of the heating year which has elapsed between October 1, 1942, and the date of application. The Board shall issue Class 3, 4, 5 or 6 coupon sheets containing coupons equal in gallonage value to the allowable ration (after the deduction hereinabove required) less the amount of fuel oil on hand for the operation of such equipment on the date of application.

§ 1394.5268 *Hot water rations: special cases.* (a) The owner, or the person controlling the use of, oil burning equipment designed for, and furnishing, hot water for a purpose directly related to the public health or safety, or as an integral part of a commercial, industrial, agricultural or extractive process (if such equipment is not used for furnishing heat or for furnishing hot water for any other purpose), may obtain a ration for such purpose by applying on form OPA R-1102. No such ration may be obtained for use during the period of validity of any ration issued for the operation of such equipment pursuant to an application made on Form OPA R-1100 or Form OPA R-1101. Such ration may be obtained for three (3) month periods.

(b) The allowable ration for the operation of such equipment shall, in such case, be the amount of fuel oil needed for such purpose for the three (3) month period beginning with the date on which the ration is required, or, in the case of an application made prior to November 1, 1942, for the three (3) month period beginning October 1, 1942.

(c) After determining the allowable ration, the Board shall issue Class 3, 4, 5 or 6 coupon sheets containing coupons equal in gallonage value to the allowable ration less the amount of fuel oil on hand for the operation of such equipment. Such amount shall be determined in accordance with the provisions of § 1394.5451.

§ 1394.5269 *Rations for vendors of heat and hot water.* (a) The owner, or the person controlling the use of, oil burning equipment designed for, and furnishing, heat or hot water, or both (by means of live steam, or otherwise) to a building or structure (other than the one in which such equipment is located) which is not owned or controlled by him, may obtain a ration for the operation of such equipment for such purpose during the heating year.

(b) Application for a ration for such purpose shall be made to a Board, on or after October 22, 1942, on Form OPA R-1102, by the owner or by the person controlling the use of the equipment, or by the agent of either of them. The applicant shall supply the information required by the form.

(c) The allowable ration for the heating year for such purpose shall be $66\frac{2}{3}\%$ of the amount of fuel oil consumed (as adjusted in the manner provided in paragraph (c) of § 1394.5262) for that purpose during the base period.

(d) After determining the allowable ration, the Board shall issue coupons in accordance with the provisions of § 1394.5264, or § 1394.5265, whichever is applicable.

(e) If application is made on or after November 1, 1942, for a ration for heat or both heat and hot water, the Board shall make the deductions from the allowable ration required by paragraph (a) of § 1394.5266 and shall issue coupons in accordance with the provisions of paragraph (b) of that section.

(f) If application is made on or after November 1, 1942, for a ration for hot water only, the Board shall make the deductions from the allowable ration required by, and shall issue coupons in accordance with, the provisions of § 1394.5267.

AUXILIARY RATIONS

§ 1394.5301 *Persons entitled to auxiliary rations.* (a) The owner, or the person controlling the use of, oil burning equipment designed and used for furnishing heat or hot water, or both, to all or part of any premises, who during the period of validity of a heat or hot water ration for such equipment, requires, or who has used, fuel oil for the operation thereof for one or more of the purposes specified in § 1394.5303 or §1394.5306, and who finds that due to such requirements or use, the ration issued for furnishing heat or hot water to such premises is insufficient, may obtain an auxiliary ration: *Provided,* That no auxiliary ration may be obtained for the operation of convertible facilities.

(b) Such ration may be allowed only if the applicant has taken all possible

steps (within the limits of his financial ability) to secure maximum heating efficiency of the equipment and to eliminate loss of heat due to the condition of the premises.

§ 1394.5302 *Applications for auxiliary rations.* (a) Application for an auxiliary ration may be made to a Board, on or after November 2, 1942, on Form OPA R-1104. The applicant shall supply the information required by that form and such other information as the Board may require. He shall specify the period (not to exceed the balance of the heating year) during which such auxiliary ration is required.

(b) The applicant shall annex to his application a certification by a qualified plumber, architect or heating engineer, showing the minimum number of gallons of fuel oil (over and above the ration previously issued) needed for the purpose for which the application is made, during the period for which the auxiliary ration is required and the improvements and adjustments (if any) which have been made or which are required to secure maximum heating efficiency and minimum loss of heat.

§ 1394.5303 *Auxiliary rations for heating premises.* Auxiliary rations for heating premises may be allowed for any of the following purposes, under the conditions specified, if a higher temperature is required for such purposes than that which can be maintained in the premises by use of the heat ration previously issued:

(a) For conducting an industrial, agricultural or extractive process, or a research or experimental operation, depending upon temperature control: *Provided,* That the applicant must submit with his application a certification by a qualified expert, who is familiar with such process or operation, as to the temperature required therefor;

(b) For the performance of work essential to the war effort, if the work is of such a nature that the worker performing it can operate efficiently only at a higher temperature: *Provided,* That the applicant must submit with his application a certification by a qualified expert, who is familiar with such work, as to the minimum temperature required for the efficient performance thereof;

(c) For the care and treatment of patients in a hospital or sanatorium: *Provided,* That the applicant must submit with his application a certification by the medical director of such establishment as to the minimum temperature required for such purpose;

(d) For the care and maintenance of exhibits in an aquarium, zoological or botanical garden, art gallery, museum or similar establishment, to which the public is admitted, and which is maintained by an educational or eleemosynary institution, or by a government agency: *Provided,* That the applicant must submit with his application a certification by a qualified expert as to the temperature required for the care and maintenance of such exhibits;

(e) For the care, in premises other than those specified in paragraph (c) of this section, of a person who is ill or infirm: *Provided,* That the applicant must submit with his application a certification by a duly licensed physician or surgeon, or by a public health nurse, as to the temperature required for the care and treatment of such person and as to the period during which such temperature is required: *Provided further,* That in the case of premises other than a private dwelling, an auxiliary ration for the purpose specified in this paragraph may be obtained only for use in a space heater;

(f) For the examination or treatment of the sick in premises (other than those specified in paragraph (c) of this section) regularly used by a duly licensed physician or surgeon: *Provided,* That the applicant must submit with his application a certification by such physician or surgeon as to the temperature required for such purpose: *Provided further,* That, in the case of a building other than a private dwelling, an auxiliary ration for the purpose specified in this subparagraph may be obtained only for use in a space heater, unless such building is used primarily for such purpose;

(g) For the care of children under 4 years of age, or of aged persons, in a building used primarily as an orphanage, school, or home for the aged: *Provided,* That the applicant must submit with his application a certification by a duly licensed physician or surgeon as to the temperature required for such establishment.

§ 1394.5304 *Same; determination of allowable auxiliary ration.* The allowable auxiliary ration for heating premises shall be the amount of additional fuel oil required for the purpose, and during the period, for which the auxiliary ration is needed. Such allowable ration shall not exceed the amount required for obtaining the necessary additional heat in the portion of the premises in which such additional heat is needed.

§ 1394.5305 *Same; issuance of auxiliary heat ration.* After determining the allowable auxiliary ration for heating premises, the Board shall issue Class 1 or Class 2 coupon sheets containing coupons equal in gallonage value to the allowable ration, subject to the following provisions:

(a) All currently valid coupons shall be issued on the basis of their current unit value and all subsequent coupons on the basis of ten (10) gallons per unit;

(b) If the period for which an auxiliary ration is allowed covers more than one of the thermal periods specified in paragraph (c) of § 1394.5266, the coupons to be issued shall be divided proportionately, insofar as possible, among all thermal periods in which the ration is to be used;

(c) If the auxiliary ration is allowed for replacing fuel oil previously used by the applicant, currently valid coupons only shall be issued.

§ 1394.5306 *Auxiliary rations for hot water.* Auxiliary rations for hot water may be allowed for any of the following purposes, under the conditions specified, if more hot water is required for such purpose than can be obtained by use of the hot water ration previously issued:

(a) For a purpose directly related to the public health or safety, or for use as an integral part of a commercial, industrial, agricultural or extractive process: *Provided,* That the applicant must submit with his application a certification by a qualified expert, who is familiar with the hot water requirement for such purpose, showing the additional amount of hot water required therefor: *Provided, further,* That no such auxiliary ration may be obtained during the period of validity of a hot water ration issued pursuant to § 1394.5268;

(b) For the care and maintenance of exhibits in an aquarium, zoological garden or similar establishment, to which the public is admitted, and which is maintained by an educational or eleemosynary institution, or by a government agency: *Provided,* That the applicant must submit with his application a certification by a qualified expert as to the additional amount of hot water required for the care and maintenance of such exhibits.

(c) For the care and treatment of a sick person in a private dwelling: *Provided,* That the applicant must submit with his application a certification by a duly licensed physician or surgeon, or by a public health nurse, as to the amount of hot water required for the care and treatment of such person and as to the period during which such hot water is required.

§ 1394.5307 *Same; determination of allowable ration.* The allowable auxiliary ration for hot water shall be the amount of additional fuel oil required for the purpose and during the period for which the auxiliary ration is allowed.

§ 1394.5308 *Same; issuance of auxiliary hot water ration.* After determining the allowable auxiliary ration for hot water, the Board shall issue Class 3, 4, 5 or 6 coupon sheets containing coupons equal in gallonage value to the allowable ration.

§ 1394.5309 *Unavoidable loss of fuel oil.* (a) A consumer who sustains an unavoidable loss, by theft, fire, or accident, of fuel oil acquired in accordance with the provisions of Ration Order No. 11, may apply immediately after the loss occurs, in writing, to the Board which issued a ration to such consumer pursuant to which such fuel oil was acquired, for coupons equal in gallonage value to amount of the fuel oil so lost. The applicant shall state:

(1) The time, manner and circumstances of such loss;

(2) The steps taken to prevent further loss;

(3) The number of gallons of fuel oil so lost.

(b) If the Board is satisfied that the applicant has sustained an unavoidable loss of fuel oil, by theft, fire or accident, and that the applicant has taken all possible steps (within the limits of his financial ability) to prevent such further loss, it may, in its discretion, issue Class 3, 4, 5 or 6 coupon sheets containing coupons equal in gallonage value to the amount of fuel oil so lost. The Board shall make the entries required by § 1394.5452 on the coupon sheet issued and shall affix a validating stamp thereto. A coupon sheet issued pursuant to this section shall be valid for a three (3) month period.

DOMESTIC COOKING AND LIGHTING RATIONS

§ 1394.5351 *Persons entitled to rations for domestic cooking and lighting.* The owner, or the person controlling the use of, oil burning equipment designed and used for domestic cooking or lighting may obtain a ration for such purpose. Such rations may be obtained for three (3) month periods, except as provided in § 1394.5355.

§ 1394.5352 *Application for ration for domestic cooking and lighting.* (a) Application for a ration for the operation of equipment used for domestic cooking or lighting may be made to a Board, on or after October 22, 1942, on Form OPA R–1103. The applicant shall supply the information required by that form.

(b) A separate application shall be made for each unit of oil burning equipment, except that if two or more units of oil burning equipment serve a single family, a single application shall be made for all such units.

(c) Application may be made by the owner of the equipment, by the person controlling the use of such equipment, or by the agent of either of them. If two or more persons are entitled to apply for a ration for the same unit of oil burning equipment, application may be made by either of such persons or by all jointly.

§ 1394.5353 *Determination of allowable ration for domestic cooking.* (a) Subject to the provisions of paragraph (b) of this section, the allowable ration for all units of cooking equipment used for domestic cooking for a single family shall be the amount of fuel oil needed for such purpose during the three (3) month period beginning with the date on which the ration is required, or, in the case of an application made prior to November 1, 1942, during the three (3) month period beginning October 1, 1942.

(b) The maximum allowable ration for domestic cooking shall be twenty (20) gallons per month, if fewer than six (6) persons are regularly served by the equipment; or twenty-four (24) gallons per month, if six (6) or seven (7) persons are regularly served. If more than seven (7) persons are regularly served, the maximum shall be increased by one (1) gallon per month for each additional person.

§ 1394.5354 *Determination of allowable ration for domestic lighting.* (a) Subject to the provisions of paragraph (b) of this section, the allowable ration for all units of lighting equipment providing domestic lighting for a single family, shall be the amount of fuel oil needed for such purpose during the three (3) month period beginning with the date on which the ration is required, or in case of an application made prior to November 1, 1942, during the three (3) month period beginning October 1, 1942.

(b) The maximum allowable ration for domestic lighting shall be:

(1) For the months of October to March, inclusive: Four (4) gallons per month per person for the first three (3) persons regularly using the equipment, and two (2) gallons per month for each additional person up to seven (7); if more than seven (7) persons regularly use the equipment the maximum shall be increased by one (1) gallon per month for each additional person over seven (7);

(2) For the months of April to September, inclusive: Three (3) gallons per month per person for the first three (3) persons regularly using the equipment, and one (1) gallon per month for each additional person up to seven (7); if more than seven (7) persons regularly use the equipment, the maximum shall be increased by one-half (½) gallon per month for each additional person over seven (7).

§ 1394.5355 *Issuance of rations for domestic cooking or lighting.* After determining the allowable ration for domestic cooking or lighting, the Board shall issue Class 3, 4, 5 or 6 coupon sheets containing coupons equal in gallonage value to the allowable ration less the amount of fuel oil on hand for the operation of such equipment, determined in accordance with the provisions of § 1394.5451: *Provided,* That if the allowable ration less the amount of fuel oil on hand is less than fifty (50) gallons, the Board shall determine the allowable ration for the remainder of the heating year and shall issue coupons for that entire period.

COMMERCIAL MOTOR VEHICLES

§ 1394.5401 *Rations for commercial motor vehicles.* (a) The owner or the person controlling the use of a commercial motor vehicle (as defined in General Order No. 21 of the Office of Defense Transportation) may obtain a ration for the operation of such vehicle. Such rations may be obtained for three (3) month periods, except as provided in paragraphs (f) and (h) of this section.

(b) Application for a ration for the operation of a commercial motor vehicle shall be made to a Board, on or after October 22, 1942, on Form OPA R–1102 (or, in the case of a farm vehicle, on Form OPA R–1103) by the owner, or by the person controlling the use, of the vehicle, or by the agent of either of them. The applicant shall supply the information required by the form. A single application may be made for all commercial motor vehicles for which the applicant requires a ration.

(c) Application for a ration for the operation of a commercial motor vehicle which is subject to the jurisdiction of the Interstate Commerce Commission and which is operated both within and without the limitation area may, at the option of the applicant, be made by completing Form OPA R–1102, in the manner prescribed by paragraph (b) of this section, and by forwarding such application to the Washington Office which will issue a ration in accordance with the provisions of this section. The Washington Office will, in its discretion, designate a special board to pass upon such applications.

(d) No ration may be obtained or used for the operation of a commercial motor vehicle after the date when the operation of such vehicle without a Certificate of War Necessity is prohibited by General Order No. 21 of the Office of Defense Transportation, unless such certificate has been issued and is outstanding for such vehicle.

(e) Except as provided in paragraph (f) of this section, the allowable ration for the operation of such vehicle shall be the number of gallons approved in the Certificate of War Necessity issued for such vehicle for the quarterly period during which the ration is to be used.

(f) In the case of an application for a ration for use prior to December 31, 1942, the allowable ration shall be the amount of fuel oil needed for the operation of such vehicle:

(1) From October 1, 1942, to December 31, 1942, inclusive, if the application is made prior to November 1, 1942; or

(2) From the date the ration is required through December 31, 1942, if the application is made on or after November 1, 1942:

Provided, That the allowable ration shall not exceed the amount used for the operation of such vehicle during the corresponding period of the preceding year, unless the applicant shows good cause for the increased requirements.

(g) After determining the allowable ration, the Board shall issue Class 3, 4, 5 or 6 coupon sheets containing coupons equal in gallonage value to the allowable ration less the amount of fuel oil on hand for the operation of such vehicle. Such amount shall be determined in accordance with the provisions of § 1394.5451.

(h) If application is made before December 31, 1942, but after a Certificate of War Necessity has been issued for the vehicle, the applicant may obtain, on one application, both the ration for the balance of 1942 and the ration for the first quarter of 1943.

MISCELLANEOUS USES

§ 1394.5402 *Rations for miscellaneous uses.* (a) The owner, or the person controlling the use, of any oil-burning equipment used for a necessary purpose not otherwise specified in this Ration Order No. 11 (or any person requiring fuel oil for any necessary purpose other than the operation of oil-burning equipment) may obtain a ration for such purpose. Such rations may be obtained for three (3) month periods.

(b) Application for a ration for a necessary purpose not otherwise specified in this Ration Order No. 11, shall be made to a Board on or after October 22, 1942. Application shall be made:

(1) On Form OPA R–1102, if the ration is required for any commercial, industrial or governmental purpose; or

(2) On Form OPA R–1103, if the ration is required for any domestic, institutional or agricultural purpose. The applicant shall supply the information required by the form.

(c) The allowable ration shall, except as provided in pargaraph (d) of this section, be the amount of fuel oil needed for such purpose during the three (3) month period beginning with the date on which the ration is required, or, in the case of an application made prior to November 1, 1942, during the three (3) month period beginning October 1, 1942: *Provided,* That the allowable ration shall not exceed the amount used for such purpose during the corresponding period of the preceding year, unless the applicant shows good cause for the increased requirements.

(d) The allowable ration for non-occupational use of a boat, for the three (3) month period referred to in paragraph (c) of this section, shall not exceed the number of gallons equal to four (4) times the manufacturer's rated horsepower of the motor or motors propelling such boat, or one hundred and twenty-five (125) gallons, whichever is less.

(e) After determining the allowable ration, the Board shall issue Class 3, 4, 5 or 6 coupon sheets containing coupons equal in gallonage value to the allowable ration less the amount of fuel oil on hand for the purpose for which the ration is required. Such amount shall be determined in accordance with the provisions of § 1394.5451.

GENERAL PROVISIONS WITH RESPECT TO ISSUANCE OR RATIONS

§ 1394.5451 *Determination of fuel oil inventory.* Before issuing a ration, the Board shall determine the amount of fuel oil on hand for the use for which the ration is required. The date as of which such amount is to be determined shall be:

(a) October 1, 1942, in the case of an application made prior to November 1, 1942; or

(b) The date of application, in the case of an application made on or after November 1, 1942.

§ 1394.5452 *Notations on coupon sheets; validating stamp.* (a) At the time of issuing a coupon sheet, the Board shall enter thereon the name and address of the person to whom it is issued and the number and kind of coupons issued therewith. The Board shall also enter on such coupon sheet the date on which it becomes valid (or October 1, 1942, in the case of an application made prior to November 1, 1942) and the date on which it expires. Such dates shall be, respectively, the first and last day of the period for which the ration is issued.

(b) The Board shall affix a validating stamp to each coupon sheet issued and shall inscribe on such stamp the serial number of such coupon sheet. No coupon sheet and no coupons thereon shall be valid for any purpose unless it bears a validating stamp, so affixed.

§ 1394.5453 *Issuance of delivery receipts.* (a) Where an applicant requires residual oil for purposes other than the operation of equipment furnishing heat or hot water, he may request the Board to issue to him Delivery Receipts, on Form OPA R–1125, instead of coupons. The Board may, in such case, issue Delivery Receipts in lieu of coupons.

(b) At the time of issuing a Delivery Receipt, the Board shall enter on the stub attached thereto, the number and address of the issuing Board, the name and address of the person to whom the Delivery Receipt is issued and the amount of residual oil which may be transferred in exchange therefor (which shall be equal to the value of the coupons in lieu of which such Delivery Receipt is issued). The Board shall affix a validating stamp to the Delivery Receipt stub, in the manner required by paragraph (b) of § 1394.5452, and shall enter on such stub the period of validity of the Delivery Receipt, in accordance with the provisions of paragraph (a) of § 1394.5452.

(c) The Board may issue as many Delivery Receipts as the applicant requires. When more than one Delivery Receipt is required, the Board shall fasten together and issue Delivery Receipts bearing consecutive serial numbers, placing the one bearing the lowest serial number on top. It shall make the entries required by paragraph (b) of this section on the stub of the Delivery Receipt bearing the lowest serial number and shall affix the validating stamp thereto. It shall also enter thereon the serial numbers of all Delivery Receipts so issued.

§ 1394.5454 *Acknowledgments of delivery.* (a) Acknowledgments of delivery, on Form OPA R–544 (Revised), to be used for the acquisition of fuel oil by or for the account of the Army, Navy, Marine Corps, War Shipping Administration, Coast Guard and Maritime Commission, of the United States, will be issued by the Washington office to the Washintgon headquarters of such agencies. Any such form bearing the signature of an authorized officer, agent or employee of any of such agencies shall be valid as an authorization of transfer of fuel oil to or for the account of such agency by any person to whom it is presented, to the extent of the gallonage thereon stated. In the event that an acknowledgment form is not available, a receipt on an official letterhead of such agency, bearing such authorized signature, and supplying the information required by Form OPA R–544 (Revised), may be used in lieu of such acknowledgment form. Such form or receipt may be used as an evidence for purposes of replenishment.

(b) If any of the information required by Form OPA R–544 (Revised) is military or naval information of a secret character, such information may be omitted.

(c) A Board to which an Acknowledgment of Delivery, or a receipt on an official letterhead, executed in accordance with paragraph (a) of this section, is delivered pursuant to § 1394.5723, shall cancel such acknowledgment or receipt and forward it to the agency, or in the case of the Army or Navy, to the activity, if any, named thereon.

§ 1394.5455 *Insertion of serial numbers on coupons; signature on coupon sheet.* An applicant shall sign each coupon sheet issued to him, and shall insert on each coupon the serial number of the coupon sheet to which such coupon is attached. No coupon shall be valid until the coupon sheet to which it is attached has been signed as required, and the serial number of such coupon sheet has been inserted on the coupon.

§ 1394.5456 *Lost or destroyed coupon sheets or delivery receipts.* (a) In the event of the loss, destruction or mutilation of any coupon sheet or delivery receipt, the person to whom such coupon sheet or delivery receipt was issued may apply to the issuing Board for replacement thereof.

(b) Such application shall be made in writing, under oath or affirmation, and shall set forth:

(1) The name and address of the applicant;

(2) The date and place of issuance, and, if possible, the expiration date and the serial number of such coupon sheet or receipt;

(3) A description of the premises, vehicle, boat, equipment or process for which the coupon sheet or receipt was issued;

(4) A statement of the number and value of unused and unexpired coupons attached to the coupon sheet, or of the amount of residual oil acquired in exchange for receipts (if any) which were issued together with the receipts so lost, destroyed or mutilated;

(5) A description of the manner and circumstances of the loss, destruction or mutilation.

(c) If the Board is satisfied that such coupon sheet or delivery receipt has been lost or destroyed, or so damaged or mutilated as to be rendered unfit for use, it may, in its discretion, issue a coupon sheet of the same gallonage value (or a delivery receipt limited to the same gallonage value) as that sought to be replaced; it shall enter on any coupon sheet (or delivery receipt) issued, the expiration date that appeared on the coupon sheet (or delivery receipt) replaced.

(d) No person receiving a coupon sheet or delivery receipt under paragraph (c) of this section shall use, attempt to use, or permit the use of the original coupon sheet or receipt. A damaged or mutilated coupon sheet or receipt shall be surrendered to the Board.

§ 1394.5457 *Disposition of found coupon sheet or delivery receipts.* (a) Any person who finds a coupon sheet, coupon or other evidence, or a Delivery Receipt, shall within five (5) days surrender it to any Board.

(b) The Board to which a coupon sheet, coupon or other evidence, or delivery receipt is surrendered pursuant to paragraph (a) of this section shall forward it through the State Director to the issuing Board.

§ 1394.5458 *Exchange for currently valid coupons.* (a) A person to whom a Class 1 or Class 2 coupon sheet has been issued, who, because of transportation difficulties, must acquire fuel oil in excess of the amount obtainable by the use of his currently valid coupons, may apply, in writing, to the issuing Board for currently valid coupons in exchange for coupons of the series which will next become valid.

(b) If the Board finds that, due to transportation difficulties, it is necessary for the applicant to take delivery of fuel oil in excess of the amount obtainable by the use of his currently valid coupons, it may, in its discretion, issue a coupon sheet containing currently valid coupons to the extent required. It shall detach from the applicant's coupon sheet, coupons not yet valid, equal in number and unit value, to the currently valid coupons issued.

(c) The Board shall make the entries required by § 1394.5452 on the new coupon sheet and shall affix a validating stamp thereto.

§ 1394.5459 *Same; where ration insufficient for current period.* (a) A person to whom a Class 1 or Class 2 coupon sheet has been issued, who finds that his fuel oil on hand and his currently valid coupons are insufficient to meet his minimum heating requirements, may apply to the issuing Board for currently valid coupons in exchange for coupons of the series which will next become valid.

(b) Such application may be granted only if the applicant:

(1) Has maintained a temperature not in excess of sixty-five (65) degrees Fahrenheit) in the premises for which the ration was issued (except for a purpose specified in § 1394.5303); and

(2) Has taken all possible steps (within the limits of his financial ability) to secure maximum heating efficiency of the oil burning equipment and to eliminate loss of heat due to the condition of the premises.

(c) Such application may be made to a Board, on or after November 16, 1942, on Form OPA R–1104. The applicant shall supply the information required by that form and such other information as the Board may require.

(d) The applicant shall submit with his application a certification by a qualified plumber, architect or heating engineer showing the improvements and adjustments (if any) which have been made, or which are required, to secure maximum heating efficiency and minimum loss of heat.

(e) If the Board finds that the applicant has satisfied the requirements of paragraph (b) of this section, it shall determine the number of gallons of additional fuel oil required for use in heating the premises until the valid date of the next series of coupons. It shall then issue a coupon sheet containing currently valid coupons, to the extent required, in accordance with the procedure set forth in paragraphs (b) and (c) of § 1394.5458.

§ 1394.5460 *Exchange of indefinite value for definite value coupons.* (a) Any consumer may exchange, at the issuing Board, currently valid unit value coupons for definite value coupons, on the basis of the current value of the unit value coupons exchanged.

(b) The Board shall issue a Class 3, 4, 5, or 6 coupon sheet containing coupons to the extent required.

(c) The Board shall make the entries required by § 1394.5452 on the new coupon sheet and shall affix a validating stamp thereto. The Board shall enter, as the expiration date of such coupon sheet, the last date, specified in § 1394.5201, on which the unit value coupons exchanged would be valid for the transfer of fuel oil to a consumer.

EXPIRATION AND REVOCATION OF RATIONS

§ 1394.5501 *Expiration of rations.* All rations shall expire at midnight on the date entered by the issuing Board on the coupon sheets (or on the stub of the Delivery Receipt) issued therefor.

§ 1394.5502 *Same: Cessation of use or change in ownership, control or use.* A ration shall expire:

(a) Upon cessation of use for the purpose for which it was issued; or

(b) Upon cessation of use of the oil burning equipment for which it was issued, by the person to whom it was issued; or

(c) Upon change in ownership of, or control over, such equipment: *Provided*, That a ration issued to any person for the operation of oil burning equipment furnishing heat, or hot water, or both, to any premises, shall not expire upon a change in ownership of such premises, if there is no change in the occupancy thereof and if such person retains control over such equipment.

§ 1394.5503 *Surrender of expired coupon sheets and delivery receipts.* (a) No ration may be used and no coupon sheet or delivery receipt shall be valid, after the expiration thereof, for the transfer of fuel oil to a consumer.

(b) Within five (5) days after the expiration of any ration, the person to whom it was issued shall, except as provided in paragraph (e) of this section, surrender to the issuing Board all coupon sheets (and all delivery receipts and stubs) representing such ration.

(c) Within five (5) days after all coupons on a coupon sheet have been detached, the person to whom such coupon sheet was issued shall surrender it to the issuing Board.

(d) Within five (5) days after all delivery receipts issued to any person have been used, such person shall surrender to the issuing Board the stubs from which they were detached.

(e) In the following cases, a coupon sheet issued as a ration for heat, or hot water, or both, in private dwellings shall, upon expiration of the ration, be surrendered in the manner provided:

(1) Where a ration issued to a person other than the owner of the premises has expired by reason of the cessation of use of such equipment by such person or by reason of a change in control over such equipment, such person shall, immediately after such cessation of use or change in control, surrender the coupon sheet to the owner of the premises; the owner shall demand the coupon sheet from such person.

(2) Where a ration issued to the owner of the premises has expired by reason of a change in ownership, he shall, at the time of such change in ownership, surrender the coupon sheet to the new owner; the new owner shall demand such coupon sheet from such former owner.

(f) Both the person who surrenders a coupon sheet pursuant to paragraph (e) of this section and the person to whom it is surrendered, shall execute the certificate of surrender appearing on the coupon sheet. Upon the request of the person surrendering such coupon sheet, a duplicate of the certificate of surrender shall be prepared and furnished to him. Within five (5) days after such surrender of a coupon sheet, the person to whom it was surrendered shall forward it, together with the certificate of surrender, to the issuing Board.

(g) If a person is unable to surrender a coupon sheet as required in paragraph (e) of this section, he shall surrender it to the issuing Board within five (5) days after such expiration. If the person required by paragraph (e) of this section to demand a coupon sheet is unable to obtain it from the person required to surrender it, he shall immediately notify the issuing Board.

§ 1394.5504 *Application for reissuance of expired rations.* (a) If a ration has expired by reason of a change in ownership of, or control over, oil burning equipment furnishing heat, or hot water, or both, to any premises, but such change in ownership or control involves no change in the occupancy of such premises, the person acquiring ownership or control (or his agent) may apply to the issuing Board for reissuance of such ration. Such person may not obtain a ration (other than an auxiliary ration) for the operation of such equipment during the balance of the period of which such expired ration was issued, except in the manner provided in this section.

(b) An application pursuant to paragraph (a) of this section shall be made in writing and shall set forth:

(1) The name and address of the applicant;

(2) The address of the premises served by such equipment;

(3) The date on which the applicant acquired ownership of, or control over, such equipment;

(4) The name of the person from whom he acquired such ownership or control;

(5) A certification that such change of ownership or control did not involve a change in the occupancy of the premises; and

(6) A request for reissuance of the expired ration to him.

§ 1394.5505 *Reissuance of expired rations.* (a) Upon application for reissuance of a ration pursuant to § 1394.5504, the Board shall issue to the applicant coupon sheets containing the same number and kind of coupons as were contained on the expired coupon sheets.

(b) After such reissuance, the applicant may use any fuel oil in the fuel supply tank of such equipment, or in a storage tank or other container maintained for supplying such equipment, without any further surrender of coupons.

§ 1394.5506 *Issuance of new rations.* Except as otherwise provided in this Ration Order No. 11, a transferee of any oil burning equipment shall be required to make a new application for a ration therefor, on his own behalf, in accordance with the provisions of § 1394.5551: *Provided*, That such transferee may not obtain a ration unless a *bona fide* transfer is involved.

§ 1394.5507 *Suspension and revocation of rations.* (a) All coupon sheets, coupons, acknowledgments of delivery, inventory coupons, exchange certificates, export certificates, and delivery receipts shall be and remain when issued the property of the Office of Price Administration. Such Office may refuse to issue, and may suspend, cancel, revoke, or recall any ration and may require the surrender and return of any coupon sheet, coupon, acknowledgment of delivery, inventory coupons, exchange certificate, export certificate, or delivery receipt during suspension or pursuant to cancellation, whenever it deems it to be in the public interest to do so.

(b) Upon certification by the Office of Defense Transportation that any person to whom a ration has been issued has been found by it to have violated an order of such Office, and upon recommendation by such Office that a ration or any part thereof, issued to such person, be revoked, the Office of Price Administration will revoke such ration, or such part thereof.

(c) Upon recommendation of the Office of Petroleum Coordinator of War, approved by the Director General for Operations, that fuel oil be denied to a person who owns, or controls the use of, convertible facilities used for purposes other than furnishing heat or hot water to any building or structure, the Office of Price Administration will revoke any ration issued to such person for such use.

(d) Any ration issued to a person not entitled thereto on the basis of the facts stated in the application, may be revoked by the issuing Board, and the Board may order that any coupon sheets or delivery receipts issued therefor be surrendered. The Board may, in its discretion, issue such ration as it find him entitled to receive, pursuant to the provisions of Ration Order No. 11, in place of the ration revoked.

§ 1394.5508 *Authority of regional administrators, state directors and district managers to suspend and revoke rations and require the surrender of coupon sheets and coupons.* (a) The several Regional Administrators of the Office of Price Administration within their respective Regions, and such State Directors or District Managers as may be designated by the Regional Administrators for such purpose, are authorized to determine whether any ration, coupon sheet, Delivery Receipt, inventory coupon, or other coupon (whether or not issued) should be suspended, cancelled, revoked, recalled, or surrendered, and may, after a hearing held in accordance with the provisions of this section, suspend, cancel, revoke, recall, or require the surrender of any such ration, coupon sheet, delivery receipt, or coupon in any case in which the Regional Administrator, State Director or District Manager, as the case may be, finds either:

(1) That a ration holder was not entitled to receive the ration issued; or

(2) That a person has transferred, assigned, received or accepted, or has in his possession any coupon sheet, coupon or delivery receipt (whether or not such coupon sheet or Delivery Receipt was issued as a ration and whether or not such coupon was issued as a ration or as part of a coupon sheet) otherwise than in accordance with the provisions of Ration Order No. 11.

(b) The hearing shall be conducted by a presiding officer who shall be appointed or designated by the Regional Administrator or such person as he may authorize to make such an appointment or designation. The presiding officer shall preside at the hearing, administer oaths and affirmations, and rule on the admission and exclusion of evidence.

(1) Notice of any hearing to be held pursuant to this section shall be served on the respondent not less than five (5) days prior to such hearing. The notice shall state the time and place of the hearing, the charges against the respondent, and the purpose for which the hearing is to be held.

(2) The hearing shall be conducted by the presiding officer in such manner as will permit the respondent to present evidence and argument to the fullest extent compatible with fair and expeditious determination of the issues raised in the hearing. To this end:

(i) The respondent shall have the right to be represented by counsel of his choosing;

(ii) The rules of evidence prevailing in courts of law or equity shall not be controlling;

(iii) The presiding officer, having due regard to the need for expeditious decision, shall afford reasonable opportunity for cross-examination of witnesses.

(3) A stenographic transcript of the hearing shall be made, a copy of which shall be made available to the respondent at his request upon the payment of a reasonable fee.

(4) A copy of any order issued pursuant to this section shall promptly be served on the respondent.

(c) Any person against whom an order is issued pursuant to the provisions of this section on the ground that the ration holder to whom a ration was issued was not entitled to such ration on the basis of the facts appearing in his application may appeal to the Regional Administrator from an order of a District Manager or from an order of a State Director, and to the Deputy Administrator in Charge of Rationing from an order or decision on appeal of the Regional Administrator. In making any such appeal, the appealing party shall file with the official who issued the order appealed from a statement in writing setting forth his objections to the decision and the grounds for the appeal. The statement must be filed not later than thirty (30) days after receipt of notice of the decision. Within five (5) days after receipt of the statement, such official shall send it to the official appealed to together with the entire record. The official appealed to may request the appealing party to appear before him or to furnish such additional information as he may deem pertinent and shall render his decision on the appeal within five (5) days after receipt of the statement and record, and, in cases of apparent emergency, within twenty-four (24) hours, if possible. He shall promptly notify the appealing party, in writing, of his decision.

(d) Any person against whom an order is issued pursuant to the provisions of this section on any ground other than that set forth in paragraph (c) of this section may file in the Office of the Secretary, Office of Price Administration, Washington, D. C., a petition for reconsideration of such order. Such petition may be accompanied by any affidavits or briefs which the person filing such petition desires to submit. Within a reasonable time after the filing of a petition for reconsideration, the Administrator, or such person as he may designate for such purpose, shall affirm, modify, rescind, or stay such order, or direct that a further hearing be held thereon.

RENEWAL OF RATIONS AND ISSUANCE OF FURTHER RATIONS

§ 1394.5551 *Renewal of rations.* (a) At any time within thirty (30) days prior to the expiration of any ration, or at any time thereafter, application for a further ration may be made.

(b) An application for a further ration, for use upon or after expiration of the current ration, shall be made and passed upon in the same manner as an original application.

(c) Except as provided in §1394.5552, no further ration may be issued for use, or used, prior to the expiration of the current ration.

§1394.5552 *Further rations for use prior to expiration date of current rations.* (a) A further ration may be obtained for use prior to the original expiration date of the current ration:

(1) Where the current ration has expired pursuant to § 1394.5502; or

(2) Where a current ration for domestic cooking or lighting issued pursuant to § 1394.5355 is insufficient due to an increase in the number of persons served by or using the equipment for which such ration was issued; or

(3) Where, due to a change in circumstances or miscalculation of needs, a current ration issued pursuant to §§ 1394.5268, 1394.5401 or 1394.5402, fails to meet the applicant's requirements.

(b) Application for such further ration shall be made in the same manner as an application for an original ration. The applicant shall annex to the application a statement showing:

(1) That the current ration is insufficient to meet his needs for more than thirty (30) days from the date of the application; and

(2) The reason or reasons why a further ration will be needed for use prior to the expiration date of the current ration.

(c) If the Board finds that, for one of the reasons specified in paragraph (a) of this section, the current ration is insufficient to meet the applicant's requirements, it may grant a further ration for use prior to the expiration date of the current ration.

(d) All of the provisions of Ration Order No. 11 applicable to the determination and issuance of an original ration shall apply to the determination and issuance of a further ration pursuant to this section, except as provided in paragraph (e) of this section.

(e) No further ration shall be granted under this section which would permit the applicant to obtain fuel oil in excess of the maximum gallonage to which he would be entitled for any three (3) month period under §§ 1394.5353, 1394.5354 or paragraph (d) of § 1394.5402.

(f) When granting a further ration for use prior to the original expiration date of an unexpired current ration, the Board shall redetermine the expiration date of such current ration. Such redetermination shall be based on the Board's estimate of the date on which such current ration will be exhausted. The Board shall thereupon note such redetermined expiration date on the application for such current ration and on the coupon sheet (or on the stub of the delivery receipt) issued therefor. The redetermined date shall be deemed to be the expiration date of such current ration for all the purposes of Ration Order No. 11. The further ration shall then become valid on the day following such redetermined expiration date.

RESTRICTIONS ON USE OF RATIONS AND FUEL OIL

§ 1394.5601 *Restrictions as to purpose.* No person shall use a ration, or permit the use of a ration issued to him, for any purpose other than that for which it was issued.

§ 1394.5602 *Rations not transferable.* No ration shall be transferred or assigned and no person shall accept such transfer or assignment. A ration may, however, be used by any person entitled to the use of the equipment for which it was issued, if such use is for the purpose for which the ration was issued and if there has been no change in the ownership of or control over such equipment.

§ 1394.5603 *Restrictions on consumption of fuel oil.* On or after November 1, 1942, except as provided in §§ 1394.5602, 1394.5658, and paragraph (b) of § 1394.5505, no person shall consume fuel oil unless such fuel oil was acquired by him or on his behalf in exchange for valid coupons or other evidences, or delivery receipts: *Provided,* That fuel oil included in a consumer's inventory pursuant to § 1394.5451, with respect to which a deduction has been made, or with respect to which coupons or other evidences, or delivery receipts, have been surrendered to a Board pursuant to paragraph (b) (2) of § 1394.5659, shall be deemed to have been acquired in exchange therefor.

§ 1394.5604 *Redemption of coupon notes.* (a) Any person may transfer coupons or other evidences, or delivery receipts, acquired by him in accordance with the provisions of Ration Order No. 11:

(1) To the lawful holder of a coupon note issued by him pursuant to Limitation Order L–56, as amended, for the purposes of redeeming such note; or

(2) To a person to whom he was required to issue such a note.

(b) Within fifteen (15) days after the effective date of this Ration Order No. 11, every person who executed a coupon note pursuant to Limitation Order L–56, as amended (or who was required to execute such a note by the provisions of that Order), shall surrender to the person to whom the note was given (or was required to be given) coupons or other evidences, or delivery receipts, acquired by such person in accordance with the provisions of Ration Order No. 11, equal in gallonage value to the number of gallons for which such notes were executed (or required).

RESTRICTIONS ON TRANSFERS TO AND BY CONSUMERS

§ 1394.5651 *Restrictions on transfers to consumers.* Except as provided in § 1394.5664, on and after November 1, 1942, notwithstanding the terms of any contract, agreement, or commitment, regardless of when made, no person other than a dealer or supplier shall transfer or offer to transfer fuel oil to a consumer and no consumer shall accept a transfer of fuel oil from any person other than a dealer or supplier.

§ 1394.5652 *Transfers to consumers.* (a) On and after November 1, 1942, notwithstanding the terms of any contract, agreement, or commitment, regardless of when made, no dealer or supplier shall transfer fuel oil from within or without the limitation area to a consumer within the limitation area, or from within the limitation area to a consumer without the limitation area, and no consumer shall accept such transfer except in exchange for valid coupons or other evidences, or delivery receipts, authorized by this Ration Order No. 11.

(b) No consumer who is a primary supplier shall accept a transfer of fuel oil for his own use in excess of the amount for which a ration has been issued to him.

§ 1394.5653 *Transfers to consumers in exchange for coupons.* Fuel oil may be transferred to consumers (and consumers may accept such transfers) in exchange for coupons attached to Class 1, 2, 3, 4, 5 and 6 coupon sheets under the following conditions:

(a) Transfer may be made only to the person named on the coupon sheet, or to his agent.

(b) The transferor must require presentation of the coupon sheet at the time of the transfer and must, at such time, detach therefrom coupons equal in gallonage value to the amount of fuel oil transferred, except that if the transfer is made in the absence of the transferee or his agent, the transferee shall, within twenty-four (24) hours after such transfer, forward the coupon sheet to the transferor and the transferor shall detach therefrom coupons equal in gallonage value to the amount of fuel oil transferred. After detaching such coupons, the transferor shall return the coupon sheet to the transferee.

(c) Transfer may be made only during the period of validity noted on the coupon sheet (or in the case of Class 1 and Class 2 coupon sheets, only during the valid period of the coupon in exchange for which the transfer is to be made) and only in exchange for coupons valid in the thermal zone in which the transfer is made.

(d) At the time of detaching coupons from a coupon sheet, the transferor (or his agent) shall sign a certification on such coupon sheet, showing the name and address of the transferor, the date of the transfer, the amount of fuel oil transferred and the number and kind of coupons detached by the transferor.

(e) No transfer of fuel oil may be made in exchange for a coupon if:

(1) Such coupon was detached from the coupon sheet prior to the transfer; or

(2) Such coupon does not bear a serial number (inscribed pursuant to § 1394.5455) corresponding to the serial number of the coupon sheet to which it is attached; or

(3) The coupon sheet to which such coupon is attached does not bear a validating stamp affixed by a Board pursuant to paragraph (b) of § 1394.5452.

§ 1394.5654 *Deposit of coupon sheets.* (a) A consumer may, at his option, deposit his coupon sheet with the dealer or supplier from whom he intends to acquire fuel oil. Transfer against a coupon sheet so deposited may be made only in accordance with the provisions of § 1394.5653.

(b) Within forty-eight (48) hours after the expiration of a coupon sheet so deposited (or within forty-eight (48) hours after all coupons on such sheet have been detached in accordance with the provisions of § 1394.5653), the dealer or supplier with whom it was deposited shall return such coupon sheet to the consumer who deposited it with him. Within forty-eight (48) hours after the return of such coupon sheet, such consumer shall inspect the record of deliveries appearing thereon and shall certify that he has made such an inspection by writing across the face of such coupon sheet the date of inspection and his name. He shall thereupon surrender the coupon sheet to the issuing Board. If the record of deliveries contains any inaccurate statement with respect to the date or amount of any delivery, or if the gallonage value of the coupons detached from such coupon sheet does not correspond to the total amount of fuel oil transferred to him in exchange for such coupons, the consumer shall, when surrendering such coupon sheet, report such fact in writing to the issuing Board.

(c) A dealer or supplier shall return a coupon sheet deposited with him, within forty-eight (48) hours after a request for such return made by the consumer who deposited it.

§ 1394.5655 *Transfers to consumers in exchange for acknowledgments of delivery and delivery receipts.* (a) Transfer may be made to or for the account of any agency specified in paragraph (a) of § 1394.5454, in exchange for an acknowledgment of delivery, on Form OPA R–544 (Revised), bearing the signature of an authorized officer, agent, or employee of such agency, or in exchange for a receipt issued in lieu of such acknowledgment in accordance with the

provisions of paragraph (a) of § 1394.5454.

(b) Transfer (of residual oil only) may be made to a consumer (and a consumer may accept such transfer) in exchange for a delivery receipt (Form OPA R–1125) under the following conditions:

(1) Transfer may be made only if the stub to which such delivery receipt is attached (or a stub with a lower serial number attached thereto) bears a validating stamp affixed by a Board pursuant to § 1394.5453.

(2) Transfer may be made only to the person (or the agent of the person) named on, and only during the period of validity entered by the Board on, the delivery receipt stub bearing the validating stamp.

(3) Transfer may be made only if the serial number of the delivery receipt corresponds to the serial number of the stub to which it is attached.

(4) Transfer may be made of an amount of fuel oil not in excess of the balance authorized to be delivered, as shown on the delivery receipt stub attached to the receipt against which transfer is being made.

(5) At the time of transfer, both the transferee and the transferor shall sign the delivery receipt, after entering thereon the date of the transfer and the amount of residual oil transferred. The transferor shall then enter such date and amount on the delivery receipt stub; he shall thereupon deduct the amount of the transfer from the balance shown on such stub and shall enter the new balance both on that stub and on the stub attached to the delivery receipt (if any) bearing the next higher serial number. Both the transferor and the transferee shall then certify as to the accuracy of the entries made by signing the stub. The receipt shall then be detached by the transferor and the stub retained by the transferee. Where delivery of residual oil is made in the absence of the transferee or his agent, the transferee shall, within twenty-four (24) hours after such transfer, execute a delivery receipt in the manner required above and forward it to the transferor with its stub and all prior stubs (if any) attached, for the certification and entries hereinabove required; the transferor shall make such entries, detach the receipt and return the stub to the transferee.

§ 1394.5656 *Records to be kept by dealers and suppliers.* Every dealer and supplier shall keep a record of each transfer to a consumer of a quantity of fuel oil in excess of ten (10) gallons. Such record shall show the name and address of the transferee, the date of the transfer, the amount (and, in the case of residual oil, the grade) of fuel oil transferred and the number and serial numbers of coupons (or delivery receipts) detached. Such records shall be preserved for at least one year. No such record need be kept of a *bona fide* separate transfer of ten (10) gallons or less in exchange for coupons on a Class 3 or 4 coupon sheet.

§ 1394.5657 *Transfers for export.* (a) Any person (other than a primary supplier) who desires to obtain fuel oil for export to any insular or territorial possession of the United States, or to any foreign country, may execute and submit Part A of an export certificate on Form OPA R–560 (Revised), in duplicate, to any Board. Such certificate shall state the amount of fuel oil required for export, the proposed date and port of exportation and the name and address of the person desiring to export the fuel oil. The Board shall retain the duplicate copy of the certificate and shall endorse and return the original copy to such person. The original copy, bearing the endorsement of the Board, shall constitute an evidence to authorize the transfer of the amount of fuel oil stated thereon: *Provided,* That such certificate bearing the endorsement of an authorized official of the Federal government or any agency thereof shall be valid without endorsement by a Board, as an evidence to authorize the transfer of fuel oil to such government or agency, for the purpose of export or for the purpose of retransfer by such government or agency for export. If any of the information required by Form OPA R–560 (Revised) is military or naval information of a secret character, it may be omitted.

(b) Within thirty (30) days after submission to, and endorsement of, an export certificate by a Board, the person who procured such endorsement and acquired fuel oil pursuant to such certificate shall submit to the Board which endorsed the certificate, a copy of a shipper's export declaration (Commerce Form 7525) bearing a notation of an authorized customs official to the effect that to the best of his knowledge and belief the amount of fuel oil therein stated has been exported by such person. The Board shall attach the copy of the declaration submitted to the copy of the certificate on file. If the Board is not satisfied with the authenticity of the copy of the declaration or in the event that none has been presented to the Board within thirty (30) days after endorsement of the certificate, the Board shall send the file of the case to the Washington Office for investigation.

(c) Any dealer or secondary supplier who has, after September 30, 1942, exported fuel oil to an insular or territorial possession of the United States or to a foreign country, and who has not acquired such fuel oil pursuant to the provisions of paragraph (a) of this section, may obtain replenishment for the amount of fuel oil so exported by executing and presenting to a Board Part B of an export certificate on Form OPA R–560 (Revised) and submitting therewith a copy of a shipper's export declaration (Commerce Form 7525) bearing the notation of an authorized customs official to the effect that to the best of his knowledge and belief the amount of fuel oil thereon stated was so exported by such dealer or secondary supplier. The Board, if it is satisfied that fuel oil in the amount stated in such certificate was exported by such dealer or supplier, shall endorse such certificate and return it to him and shall retain a copy of the declaration for its files. Such certificate, bearing the endorsement of a Board, shall constitute an evidence to authorize a transfer of the amount of fuel oil stated thereon.

(d) No person acquiring fuel oil pursuant to the provisions of paragraph (a) of this section may use such fuel oil for any purpose other than for export to an insular or territorial possession of the United States or to a foreign country.

(e) Nothing in this section shall be construed to authorize the export of fuel oil other than in accordance with the laws of the United States and the rules and regulations of the Board of Economic Warfare or of any other department or agency of the United States.

(f) Any person who has exported fuel oil which he acquired in exchange for a coupon note pursuant to Limitation Order L–56, as amended, of the War Production Board, may obtain coupons for redemption of such note by applying to a Board in accordance with the procedure set forth in paragraph (c) of this section and stating the purpose of his application.

§ 1394.5658 *Transfer of vehicle, boat or equipment.* Nothing in Ration Order No. 11 shall be deemed to forbid the transfer of fuel oil actually in the fuel supply tank of a vehicle or boat, or of equipment used for purposes other than furnishing heat or hot water to buildings or structures, in conjunction with a lawful and bona fide transfer of such vehicle, boat or equipment itself; or the consumption by the transferee, in such vehicle, boat or equipment, of fuel oil actually in the fuel supply tank thereof at the time of transfer.

§ 1394.5659 *Transfers without exchange of coupons.* (a) Subject to the provisions of paragraph (b) of this section, nothing in Ration Order No. 11 shall be deemed to forbid:

(1) Transfers of fuel oil by legal process or by operation of law; or

(2) Transfers of fuel oil in a storage tank or other container maintained by a consumer as part of an enterprise or establishment, or in the fuel supply tank of equipment furnishing heat or hot water to buildings or structures, in conjunction with a lawful and *bona fide* transfer of such enterprise, establishment or equipment.

(b) Any person to whom a transfer of the character described in paragraph (a) of this section is made, shall forthwith report such transfer and the amount of fuel oil transferred in connection therewith, to the Board having jurisdiction over the area in which such fuel oil is located. Such person, if a dealer or supplier, shall surrender to the Board, together with such report, coupons or other evidences, or delivery receipts, equal in gallonage value to the amount of fuel oil transferred. Such person, if not a dealer or supplier, may either:

(1) Transfer all or any part of such fuel oil in exchange for coupons or other evidences, or delivery receipts, equal in gallonage value to the amount of fuel oil so transferred, and shall immediately surrender such coupons or other evidences, or delivery receipts, to the Board for cancellation; or

(2) Consume such fuel oil to the extent of any ration issued to him, for the purpose for which such ration was is-

sued: *Provided,* That he shall, in such case, surrender to the Board for cancellation, coupons or other evidences, or delivery receipts, equal in gallonage value to the amount of fuel oil consumed or to be consumed: *And provided further,* That if, at the time of transfer, no ration had been issued to such transferee, he need not surrender such coupons, evidences, or receipts to the Board but shall, before consuming such fuel oil, apply for a ration and, in such application, report to the Board as fuel oil on hand, the fuel oil so acquired.

§ 1394.5660 *Upstream transfers by consumers.* (a) Subject to the provisions of paragraph (b) of this section, nothing in Ration Order No. 11 shall be deemed to forbid transfers of fuel oil by consumers to dealers or suppliers. Any consumer who makes such a transfer shall forthwith report to the Board having jurisdiction over the area in which such fuel oil is located, the date of such transfer, the name and address of the transferor and transferee, and the amount of fuel oil so transferred.

(b) A dealer or supplier to whom a transfer of the character described in paragraph (a) of this section is made, shall forthwith report to such Board the date of such transfer, the name and address of the transferor and transferee, and the amount of fuel oil so transferred. He shall surrender to such Board, together with such report, coupons or other evidences, or Delivery Receipts, equal in gallonage value to the amount of fuel oil transferred.

§ 1394.5661 *Discrimination in transfers to consumers.* On and after November 1, 1942, no dealer or supplier shall discriminate, in the transfer of fuel oil, among consumers entitled to acquire fuel oil under this Ration Order No. 11.

§ 1394.5662 *Rights of parties to contracts for transfer of fuel oil.* If the performance of any contract or agreement for the transfer of fuel oil is prevented by Ration Order No. 11, no party thereto shall be liable for failure to perform such contract or agreement, except that any person who has received or has had the benefit of any deposit or other consideration on account of such contract shall be liable upon demand to return such deposit or other consideration, or to pay the fair value thereof, in the event that the consideration has been materially altered in condition or cannot be returned.

§ 1394.5663 *Transfers of fuel oil from the limitation area to persons outside the limitation area.* (a) Except as provided in paragraphs (b) and (c) of this section, on and after November 1, 1942, notwithstanding the terms of any contract, agreement or commitment, regardless of when made, no person shall transfer or offer to transfer fuel oil from within the limitation area to any point in the continental United States without the limitation area, and no person shall accept such transfer.

(b) A dealer or supplier may transfer fuel oil from within the limitation area to a consumer without the limitation area, in exchange for coupons or other evidences, or Delivery Receipts.

(c) A primary supplier who has obtained written authorization from the Washington Office may transfer fuel oil from within the limitation area to a person other than a consumer without the limitation area. Application for such authorization shall be made in writing to the Washington Office. Such application shall set forth:

(1) Type and amount of fuel oil to be transferred;

(2) Name and address of the transferor and of the transferee;

(3) Tank car mileage of shipment to be made;

(4) Tank car mileage between point to which fuel oil is to be shipped and the source of fuel oil supply, outside the limitation area, nearest to that point.

The Washington Office may, in its discretion, issue the authorization requested.

§ 1394.5664 *Transfers by Army or Navy.* (a) The Army or Navy of the United States may transfer fuel oil acquired pursuant to § 1394.5655, in exchange for coupons or delivery receipts equal in gallonage value to the amount of fuel oil transferred: *Provided,* That such transfers may not be made to consumers who can obtain fuel oil from dealers or suppliers without unreasonable difficulty. The Army and Navy shall forward to the Control and Audit Unit, Fuel Oil Rationing Branch, Office of Price Administration, Washington, D. C., on or before the 25th day of each month, a statement showing the amount of fuel oil so transferred during the preceding calendar month, and shall submit coupons or delivery receipts, or an exchange certificate representing such coupons or delivery receipts, equal in gallonage value to the amount of fuel oil so transferred.

(b) A transfer of fuel oil made pursuant to paragraph (a) of this section shall not constitute the Army or Navy a dealer or supplier with respect to the establishment from which the transfer is made.

REPLENISHMENT AND AUDIT REGISTRATION

§ 1394.5701 *Registration of suppliers and dealers.* (a) Every primary supplier shall, on October 27 or 28, 1942, register with a Board (on Form OPA R–1116, in duplicate) during the hours provided by the Board, the following matters, together with such other information as may be required by such form:

(1) His name, firm name and business address.

(2) His total fuel oil storage capacity and his total inventory of fuel oil on hand as of 12:01 a. m. on October 1, 1942.

(3) The location of, and the storage capacity and inventory on hand at, each establishment included in the registration, or, if he does not maintain stationary storage facilities, the number of mobile and portable units included in the registration, the capacity of each unit and the vehicle license number of each mobile delivery unit. If more than one establishment or mobile unit is included in the registration, the registrant shall attach a schedule or schedules to Form OPA R–1116, supplying the information required with respect to each such establishment or mobile unit.

(4) A statement as to whether he:

(i) Refines fuel oil within the limitation area; or

(ii) Makes a first transfer of fuel oil within the limitation area from stationary storage facilities within the limitation area; or

(iii) Maintains a consumer establishment within the limitation area at which delivery of fuel oil is taken for his own use by pipe-line, barge, tank ship, or railroad tank car, directly from without the limitation area; or

(iv) Sends or brings fuel oil into the limitation area (although he does not operate stationary storage facilities within the limitation area) and transfers it to anyone other than a primary supplier as defined in subdivisions (i), (ii), and (iii) of paragraph (a) (22) of § 1394.5001.

A single registration may be made by such primary supplier for all the establishments and mobile facilities with respect to which he is a primary supplier, and may be made at any Board within the limitation area. A primary supplier who maintains more than one accounting and financial office may, at his option, make a separate registration with respect to each such office, and shall include in such registration all establishments which report to such office.

(b) Every dealer and secondary supplier transacting business within the limitation area shall, on October 27 or 28, 1942, register with a Board (on Form OPA R–1116, in duplicate) during the hours provided by the Board, the following matters, together with such other information as may be required:

(1) His name, firm name, business address and type of business.

(2) His total fuel oil storage capacity.

(3) His total inventory of fuel oil on hand as of 12:01 a. m. on October 1, 1942.

Separate registration shall be made by each such dealer and secondary supplier for each place of business within the limitation area where fuel oil is transferred by him, and shall be made at each respective Board having jurisdiction over the area in which such place of business is located: *Provided,* That if such dealer or secondary supplier has no stationary storage facilities, he shall register for all his mobile delivery facilities, with the Board having jurisdiction over the area in which he has his main office: *Provided, further,* That any person, any part of whose operations with respect to a given establishment falls within the definition of a primary supplier, shall register as a primary supplier with respect to such establishment, pursuant to paragraph (a) of this section.

§ 1394.5702 *What constitutes fuel oil on hand.* The registrant shall register all fuel oil on hand, whether in storage tanks, tank trucks, tank cars delivered to railroad sidings, drums, mobile containers, or other containers (but not fuel oil in the fuel supply tank of oil burning equipment). The registrant shall not

register fuel oil in transit which did not arrive at his place of business prior to 12:01 a. m. on October 1, 1942. Fuel oil shipped prior to 12:01 a. m. on October 1, 1942, but received by the transferee after 12:01 a. m. on such day, shall be included in the inventory of the transferor and shall be deemed to have been transferred after 12:01 a. m. on October 1, 1942.

§ 1394.5703 *What constitutes storage capacity.* The registrant shall register the total capacity of all stationary fuel oil storage facilities in use as of 12:01 a. m. on October 1, 1942, but not the capacity of tank trucks, tank wagons, drums, or other mobile containers, except that a dealer or supplier who maintains no stationary fuel oil storage facilities shall register the total capacity of all his mobile or portable facilities.

§ 1394.5704 *Issuance of registration certificates.* Upon determining that the information submitted by the registrant on Form OPA R–1116 is accurate, the Board shall by authorized signature grant application for registration. In the case of a dealer or secondary supplier, the Board shall file the duplicate and return the original to the registrant. In the case of a primary supplier, the Board shall at once mail the original and duplicate to the Control and Audit Unit, Fuel Oil Rationing Branch, Office of Price Administration, Washington, D. C. The Control and Audit Unit shall assign a registration number to the registrant and return the original to him and the duplicate to the issuing Board. Every registrant shall retain the original as a certificate of registration at the establishment or office with respect to which registration was made, and shall present it at any time that it is requested by a Board or by any authorized representative of the Office of Price Administration.

§ 1394.5705 *Issuance of inventory coupons.* (a) The Board shall, at the time of granting the application for registration of a dealer or secondary supplier, issue to the registrant inventory coupons in the amount of the difference between the total registered fuel oil storage capacity and the total amount of fuel oil on hand at the establishment or in the facilities registered.

(b) A one-hundred-gallon inventory coupon, or a Class 1 or Class 2 coupon, may, at any time subsequent to registration, be exchanged by a dealer or secondary supplier, at any Board within the limitation area, for an equivalent amount of one-gallon inventory coupons.

§ 1394.5706 *Restriction on use of inventory coupons.* Every dealer and secondary supplier shall retain all inventory coupons issued to him at the place of business with respect to which they were issued, and shall not exchange his inventory coupons except to the extent that any delivery exceeds the value of consumer coupons or other evidence, available for exchange: *Provided, however,* That one-gallon inventory coupons may be used to make up the difference between the number of gallons in any delivery and the nearest composable sum of the values of consumer coupons or other evidences.

RESTRICTIONS ON TRANSFERS TO DEALERS AND SUPPLIERS

§ 1394.5707 *Restriction on transfers.* Except as provided in § 1394.5708, on and after November 1, 1942, no primary supplier within or without the limitation area, and no dealer or supplier within the limitation area, shall transfer or offer to transfer fuel oil to any dealer or supplier within the limitation area, and no dealer or supplier within the limitation area shall accept such transfer, except in exchange (made at the time of the actual transfer of fuel oil or in advance thereof) for valid coupons bearing an inscribed serial number, or for other evidences, equal in gallonage value to the amount of the fuel oil transferred, or (where transfer is regularly made on a temperature adjustment basis) equal in gallonage value to the adjusted amount of fuel oil transferred. No exchange of coupons or other evidences shall accompany a transfer of fuel oil directly from without the limitation area to a primary supplier within the limitation area, or a transfer from one primary supplier to another primary supplier.

§ 1394.5708 *Absentee deliveries.* Where a dealer or supplier elects to transfer fuel oil to another dealer or supplier in the absence of the transferee or his agent, or where delivery is made by common or contract carrier or by pipe line, the transferee shall, where the exact amount to be transferred is known, mail or deliver to his transferor, in advance of the transfer, coupons or other evidences of an equal gallonage value, or he may, at the option of the transferor, forward to such transferor, within five (5) days after the transfer, coupons or other evidences equal in gallonage value to the number of gallons transferred.

§ 1394.5709 *Upstream transfers.* Any primary supplier who receives a transfer or return of fuel oil from a dealer or secondary supplier who is within the limitation area, or any secondary supplier who receives a transfer or return of fuel oil from a dealer who is within the limitation area, when the transfer or return is other than in connection with a transfer of the place of business or mobile facilities of such dealer or supplier, shall deliver to the dealer or supplier making the transfer or return, coupons or other evidences equal in gallonage value to the amount of fuel oil so transferred or returned.

§ 1394.5710 *Regulation of other agencies.* Nothing in Ration Order No. 11 shall be construed to authorize any transfer of fuel oil which would be in contravention of any regulation or order of any department or agency of the United States.

USE OF COUPONS AND OTHER EVIDENCES

§ 1394.5721 *Preservation of coupons; coupon sheets.* Each dealer and supplier shall affix the coupons received by him directly from consumers to a coupon sheet (Form OPA R–120), in the manner directed thereon. Separate coupon sheets shall be maintained for coupons of each type, and only coupons of the same class, gallonage value, and from the same thermal zone, may be attached to any one such sheet.

§ 1394.5722 *Summary of coupons, other evidences, and delivery receipts.* Each dealer and supplier shall, prior to every delivery by him, to his transferor or to a Board, of coupons or other evidences, prepare, in duplicate, on Form OPA R–1117, a summary of coupons, other evidences, and delivery receipts in the manner directed thereon, certifying the number of each type of coupon and other evidence and the number of delivery receipts to be delivered. A separate summary shall be prepared for coupons and other evidences, and delivery receipts, from each thermal zone. No delivery receipt shall be delivered by a dealer or supplier to any person, except to a Board pursuant to paragraph (b) of § 1394.5723. The original of the summary shall be delivered by the dealer or supplier attached to his coupons, or other evidences, and delivery receipts. The copy shall be retained by him at his place of business for a period of not less than one year. All such summaries received by a transferor in connection with a transfer of fuel oil shall be recapitulated in his own summary; such summaries need not be included with coupons and other evidences forwarded by him, but his own summary shall equal the total gallonage represented by all coupons and other evidences forwarded by him.

§ 1394.5723 *Exchange of coupons or acknowledgments.* (a) A supplier may at any time deliver to any Board in the limitation area coupons or other evidences, including exchange certificates, and obtain in return an exchange certificate or certificates (on Form OPA R–1118) equal to the gallonage value of the coupons or other evidences delivered. Such supplier shall attach to such coupons or other evidences the summary required by § 1394.5722. The Board shall furnish him in return an exchange certificate equal in gallonage value to the value of the coupons or other evidences delivered. Exchange certificates shall be prepared in duplicate by the Board and shall be signed both by the supplier and by an authorized agent or member of the Board. The duplicate of such certificate shall be retained for the files of the Board.

(b) A dealer or supplier who has transferred fuel oil to consumers in exchange for delivery receipts (Form OPA R–1125) shall submit such receipts to any Board within the limitation area, attached to a summary as required by § 1394.5722. The Board shall issue to him, in exchange for such receipt, an exchange certificate equal in gallonage value to the amount shown on the receipt. No delivery receipt may be used as an evidence for purposes of replenishment.

§ 1394.5724 *Certification of shortage.* Dealers and secondary suppliers may apply by certification (Form OPA R–549, Revised) for compensation for unavoidable losses or destruction of fuel oil or coupons, other evidences, or delivery receipts. Application for compensation for losses occurring as the result of normal operations, such as, but not limited to, evaporation and storage tank seam-sweat, may be made only once every three months. Application for compensation for extraordinary losses, such as, but not limited to, any unavoidable loss or destruction of coupons, other evidences, or delivery receipts, or unavoidable losses of fuel oil by theft, fire, or accident, may be made immediately after the loss occurs. The certification of shortage shall be submitted to the Board having jurisdiction over the area in which such dealer or secondary supplier has the place of business to which the shortage is to be attributed, and shall show the nature and quantity of such shortage with a full explanation of the reasons therefor. If, on consideration of the certification presented and of such other information as it may require, the Board finds that the applicant has incurred the shortages claimed, that such shortages were not incurred as a result of acts performed in violation of Ration Order No. 11, and that the claimed shortage of fuel oil is reasonable, the Board shall file the certification and issue to the applicant inventory coupons equal to the amount of the established shortage.

RECORDS, AUDITS AND INSPECTIONS

§ 1394.5731 *Reports by primary suppliers.* (a) On or before the twenty-fifth day of each month, commencing with the twenty-fifth day of November 1942, every primary supplier shall forward to the Control and Audit Unit, Fuel Oil Rationing Branch, Office of Price Administration, Washington, D. C., a report, on Form OPA R–1119, showing, in addition to all other information required by the form, the matters set forth below, and every primary supplier shall forward, together with such statement, exchange certificates as required below:

(1) If the primary supplier is in the category described in subdivision (i) or (ii) of paragraph (a) (22) of § 1394.5001, he shall show the total amount of fuel oil transferred by him within (and to consumers without) the limitation area, during the preceding calendar month and shall submit coupons or evidences equal in gallonage value to the amount of such transfers less the amount transferred to primary suppliers.

(2) If the primary supplier is in the category described in subdivision (iii) of paragraph (a) (22) of § 1394.5001, he shall show (and shall submit exchange certificates equal in value to) the total amount of fuel oil transferred to him during the preceding calendar month; and he shall show also the total amount of fuel oil consumed by him during the preceding calendar month.

(3) If the primary supplier is in the category described in subdivision (iv) of paragraph (a) (22) of § 1394.5001, he shall show and shall submit exchange certificates equal in gallonage value to the amount of fuel oil brought or sent into the limitation area and transferred to persons other than primary suppliers during the preceding calendar month.

(b) A separate report shall be made with respect to each registration certificate issued to such primary supplier, and such report shall cover all places of business included in the registration certificate.

§ 1394.5732 *Records to be kept by certain dealers and suppliers.* Every person, whether within or without the limitation area, who makes a transfer of fuel oil to any dealer or supplier within the limitation area shall furnish to such dealer or supplier an invoice, delivery ticket, or other customary document of transfer, showing the name and address of the transferee and the date and amount of the transfer. Every such transferee shall retain the delivery ticket, or other document so furnished him, at his place of business for a period of at least one year from the date of the transfer.

§ 1394.5733 *Inspection of records and facilities.* All records, reports, forms, accounts, or other documents required by Ration Order No. 11 to be prepared and kept by any person, and the fuel oil facilities of any person, shall be subject to the inspection of the Office of Price Administration and its employees, and by such other personnel as the Office of Price Administration may designate. Such inspection may be made at the establishment or office of any such person during regular business hours, or, in the case of matters prepared on forms of the Office of Price Administration, at any time and place designated by the Office of Price Administration.

NEW REGISTRATIONS

§ 1394.5741 *Registration of new or reopened business.* Any person who opens or reopens, as a dealer or supplier, a place of business which is required to be registered under the provisions of § 1394.5701, but which has not been so registered, shall, prior to making or receiving a transfer of fuel oil within the limitation area (or from within to a consumer without the limitation area) register, in the manner provided in §§ 1394.5701 to 1394.5703, inclusive, and shall, if such person is a dealer or secondary supplier, receive inventory coupons in the manner provided in § 1394.5705.

§ 1394.5742 *Dealer or secondary supplier who becomes primary supplier.* Any dealer or secondary supplier within the limitation area who becomes a primary supplier as to any place of business shall forthwith deliver to the Board having jurisdiction over the area in which such place of business is located, his certificate of registration, and coupons and other evidences (and delivery receipts), equal in gallonage value to the total unfilled capacity of his fuel oil storage facilities, and shall thereupon register as a primary supplier in the manner provided by paragraph (a) of § 1394.5701.

§ 1394.5743 *Transfer of entire business.* (a) If the entire place of business of any primary supplier is transferred, the transferee may acquire the fuel oil inventory of the transferor without the surrender of coupons or other evidences. The transferee shall obtain, and the transferor shall furnish, the certificate of registration in which such place of business is included, and the transferee shall then endorse such certificate at the office of the Board which issued it, specifying in such endorsement the place of business or facilities transferred and the fuel oil on hand at the time of such transfer. The endorsement shall constitute a certification by the endorser that he has acquired from the transferor the place of business and the amount of fuel oil specified in such endorsement. The Board shall forward such endorsed certificate to the Control and Audit Unit, Fuel Oil Rationing Branch, Office of Price Administration, Washington, D. C. The transferor shall submit to the Control and Audit Unit, together with his monthly report to such Unit for the period during which the transfer of the place of business was made, exchange certificates representing all coupons and other evidences which he is required to submit with respect to such place of business, but has not yet submitted, pursuant to the provisions of § 1394.5731. The transferor shall, if he continues as a primary supplier with respect to any place of business included in the endorsed certificate of registration, re-register such place of business, with any Board, in the manner provided in §§ 1394.5701 to 1394.5703, inclusive.

(b) If the entire place of business of any dealer or secondary supplier is transferred, the transferee of the business may acquire the fuel oil inventory of the transferor without the surrender of coupons or other evidences. The transferee of such place of business shall obtain, and the transferor shall furnish, the certificate of registration of such place of business, and valid coupons or other evidences in an amount equal to the fuel oil storage capacity unfilled at the time of the transfer of such place of business. The transferee shall then endorse, at the office of the Board having jurisdiction over the area in which such place of business is located, the original certificate of registration and the duplicate on file at the Board, and the Board shall retain the original and the duplicate on file. Such endorsement shall constitute a certification by the endorser that he has acquired from the transferor the place of business registered in the certificate and fuel oil stocks, plus coupons or other evidences, together equal in gallonage value to the total fuel oil storage capacity of the place of business transferred. If the transferee registers as a primary supplier with respect to such place of business, he shall surrender to the Board all the coupons and other evidences received from the transferor.

(c) The transferee of a place of business shall, after complying with the requirements of paragraphs (a) and (b) of this section, register, on Form OPA R–1116, in the manner required by § 1394.5701, except that no inventory coupons shall be issued to such transferee: *Provided, however,* That inventory coupons shall be issued, in the manner provided in § 1394.5705, to a transferee who registers as a dealer or secondary supplier with respect to a place of business transferred to him from a primary supplier.

§ 1394.5744 *Cessation of business as a dealer or secondary supplier.* Any dealer or secondary supplier who disposes of his stocks of fuel oil and terminates his operations as to any place of business without transferring such business to another person for continued operation, shall, at the time of final closing, surrender the original certificate of registration, together with coupons or other evidences equal in gallonage value to the total capacity of the fuel oil storage facilities registered for such place of business, to the Board having jurisdiction over the area where it is located.

§ 1394.5745 *Cessation of business as a primary supplier.* (a) Any primary supplier who ceases to be a primary supplier as to any place of business registered by him shall, immediately after such cessation, advise the Control and Audit Unit, Fuel Oil Rationing Branch, Office of Price Administration, Washington, D. C., and shall surrender, to any Board, the registration certificate in which such place of business was included. He shall, if he continues in business as a primary supplier with respect to any other place of business included in such certificate, execute a new certificate of registration for such other place of business in the manner required by §§ 1394.5701 to 1394.5703, inclusive. If the primary supplier terminates operation as a primary supplier at all places of business included in such certificate, he shall submit to the Control and Audit Unit, together with his monthly report to such Unit for the period in which he terminated operations, exchange certificates representing all coupons and other evidences which he is required to submit with respect to such place of business, but has not yet submitted, pursuant to the provisions of § 1394.5731.

(b) Any primary supplier who ceases to be a primary supplier as to any place of business registered by him, but who continues in the business of transferring fuel oil at such place of business, shall, in addition to complying with the requirements of paragraph (a) of this section, register as a dealer or secondary supplier with respect to such place of business, pursuant to paragraph (b) of § 1394.5701, and shall receive inventory coupons therefor pursuant to § 1394.5705.

(c) The Board shall forward the surrendered registration certificate and the original and duplicate of the new registration certificate (if any), as a primary supplier, to the Control and Audit Unit. The Control and Audit Unit shall cancel the surrendered certificate, and shall return the original of the new certificate, if any, to the registrant, in the manner provided by § 1394.5704.

§ 1394.5746 *Change of storage capacity.* Any dealer or secondary supplier in any manner altering the total capacity of his stationary fuel oil storage facilities, or, if he has no stationary storage facilities, of his mobile facilities, or converting such facilities to the storage of a product other than fuel oil, shall surrender his original certificate of registration, for cancellation, to the Board by which it was issued, and shall obtain a new certificate of registration in the manner provided by §§ 1394.5701 to 1394.5705 inclusive. The Board shall attach to its duplicate copy of the new certificate the original and the copy of the cancelled certificate. Where the capacity of fuel oil storage facilities is decreased, the dealer or secondary supplier shall surrender to the Board coupons or other evidences equal in gallonage value to the amount of the decrease. Where the capacity of fuel oil storage facilities is increased, the Board shall issue to the dealer or secondary supplier, in the manner described in § 1394.5705, inventory coupons equal in gallonage value to the amount of the increase.

APPEALS

§ 1394.5751 *Who may appeal.* Any person directly affected by the action of a Board, State Director, or Regional Administrator taken with reference to any application, petition, or other matter before such Board, State Director, or Regional Administrator under Ration Order No. 11 may appeal from such action pursuant to the provisions of §§ 1394.5752 to 1394 5757, inclusive.

§ 1394.5752 *Time within which appeal must be brought.* Notice of a Board's action shall be given, either at the Board's office or by mail, to an applicant or petitioner, or to the agent of either. The appeal must be brought within thirty (30) days after such mailing or the giving of such other notice.

§ 1394.5753 *Appeals to state director; how brought.* Appeals from the action of a Board shall be to the State Director and shall be brought by a person entitled to bring such appeal under § 1394.5751, in the following manner:

(a) A statement of appeal shall be filed in duplicate with the Board. The statement of appeal shall state the basis for the appeal, setting forth the specific section or sections of Ration Order No. 11 claimed to be inconsistent with the action appealed from, and any other facts deemed by the applicant to be pertinent. The statement of appeal may be accompanied by documentary evidence supporting the appeal.

(b) Within five (5) days of such filing, the Board shall forward one (1) copy of the statement and an explanation of its reasons for taking the action appealed from, together with all pertinent records of papers, to the State Director, unless the Board shall, within such five (5) day period, upon reconsideration, reverse the action appealed from. If the Board disagrees with the version of the facts contained in the appellant's statement of appeal or in other papers in the record, the Board shall note the respects in which its version of the facts differs.

(c) The Board shall retain the other copy of the statement of appeal and shall keep a record thereon showing the date on which the Board notified the appellant of the action appealed from, the date on which the statement of appeal was filed, and the date the statement of appeal and other papers were sent to the Director.

§ 1394.5754 *Action by state director.* (a) The State Director shall maintain an appeals docket. He shall assign a number to each appeal when it reaches him, and shall enter such number, together with the name of the appellant and the name and number of the Board from whose action the appeal is taken, the action taken on appeal, and the date on which a copy of his decision was mailed to the appellant.

(b) The State Director may require the appellant to present additional pertinent information.

(c) Appeals shall be decided by the State Director, who may affirm, modify, or reverse the action of the Board. The decision shall be in writing and one (1) copy shall be mailed to the appellant and one to the Board. The decision shall direct the Board to take such action as may be necessary to give effect thereto.

(d) If no statement of appeal to the Regional Administrator is filed with the State Director within thirty (30) days after the appellant has been notified of the State Director's decision, the record shall be closed and thereafter there shall be no further right of appeal. The record shall remain on file in the State Director's office, except that documents which are necessary to present or future action of the Board shall be returned to the Board.

§ 1394.5755 *Appeals to regional administrator; how brought.* Except as provided in § 1394.5508 an appeal to the Regional Administrator may be made in the following manner from an adverse decision of the State Director, whether such decision is in a matter which came before the State Director on appeal or in a matter which came before him for original decision:

(a) A statement of appeal shall be filed in duplicate with the State Director, who shall retain one copy for his files. The statement of appeal shall state the basis for the appeal, setting forth the specific section or sections of Ration Order No. 11 claimed to be inconsistent with the action appealed from, and any other facts deemed by the appellant to be pertinent. The statement of appeal may be accompanied by documentary evidence supporting the appeal.

(b) Within five (5) days of such filing, the State Director shall forward the other copy, together with his decision and all other pertinent records or papers, to the Regional Administrator, unless the State Director shall, within such five (5) day period, upon reconsideration, reverse his decision.

§ 1394.5756 *Action by regional administrator.* (a) The Regional Administrator shall maintain an appeals docket and shall assign a number to each appeal when it reaches him, and shall enter such number, together with the name of the appellant, the name of the State Director, the name and number of the Board, the action taken by the Regional Administrator, and the date on which a copy of the Regional Administrator's decision was mailed to the appellant.

(b) The Regional Administrator may require the appellant to present additional pertinent information.

(c) Appeals to the Regional Administrator shall be decided by the Regional Administrator who may affirm, modify, or reverse the decision of the State Director. The decision shall be in writing and copies shall be mailed to the appellant, the Board, if an action of the Board is involved, and to the State Director. The decision shall direct the Board or the State Director to take such action as may be necessary to give effect thereto.

(d) If no statement of appeal to the Washington Office is filed with the Regional Administrator within thirty (30) days after the appellant has been notified of the Regional Administrator's decision, the record shall be closed and shall be returned to the State Director's office, where it shall remain on file, except that documents which are necessary to present or future action of the Board shall be returned to the Board. Thereafter there shall be no further right of appeal.

§ 1394.5757 *Appeal to Washington Office; how brought.* Except as provided in § 1394.5508, an appeal to the Washington Office may be made in the following manner from an adverse decision of the Regional Administrator, whether such decision is in a matter which came before the Regional Administrator on appeal or in a matter which came before him for original decision:

(a) A statement of appeal shall be filed in duplicate with the Regional Administrator, who shall retain one (1) copy for his files. The statement of appeal shall state the basis for the appeal, setting forth the specific section or sections of Ration Order No. 11 claimed to be inconsistent with the action appealed from, and any other facts deemed by the appellant to be pertinent. The statement of appeal may be accompanied by documentary evidence supporting the appeal.

(b) Within five (5) days of such filing, the Regional Administrator shall forward the other copy, together with his decision and all other pertinent records or papers, to the Washington Office, unless the Regional Administrator shall, within such five (5) day period, upon reconsideration, reverse his decision.

(c) It shall be within the discretion of the Washington Office to pass upon or to refuse to pass upon an appeal. The Washington Office may require any appellant to furnish additional pertinent information.

(d) The Washington Office shall notify the appellant, the Regional Administrator, the State Director, and the Board, in writing, either:

(1) Of its refusal to pass upon the appeal; or

(2) Of its decision affirming, modifying, or reversing the decision of the Regional Administrator. The Washington Office shall direct the Board to take such action as may be necessary to give effect thereto.

(e) When the Washington Office has acted upon the appeal or has refused to act upon it, the record of the case shall be returned to the office of the State Director where it is to be filed, except that documents which are necessary to present or future action of the Board shall be returned to the Board. Thereafter there shall be no further right of appeal.

PERSONNEL AND ADMINISTRATION

§ 1394.5771 *Personnel.* (a) Ration Order No. 11 shall be administered by the Office of Price Administration, its Regional Administrators, State Directors, War Price and Rationing Boards, and such other administrative personnel as it may designate.

(b) No person participating in the administration of Ration Order No. 11 shall act officially in connection with any matter arising thereunder as to which he has any interest, by reason of business connection or relationship by blood, marriage, or adoption.

§ 1394.5772 *Powers and duties.* The persons appointed to administer or to assist in the administration of Ration Order No. 11 shall have such powers and duties as are herein described and as the Office of Price Administration has assigned or may from time to time assign to them.

§ 1394.5773 *Records of applications.* (a) Except as provided in paragraph (b) of this section, each Board shall maintain a file of all applications for rations passed upon by it or received by it from any other Board.

(b) A Board, after passing upon an application for a ration pursuant to subparagraph (5) of paragraph (b) of § 1394.5101 shall forward such application through the State Director to the Board having jurisdiction pursuant to subparagraphs (1), (2) or (3) (as the case may be) of that paragraph.

§ 1394.5774 *Appearances before boards.* The Board may require any applicant for a ration to appear before it for examination and to produce such witnesses or evidence as it may deem material.

§ 1394.5775 *Inspections.* The Office of Price Administration or any duly authorized employee, representative or agent thereof may at any reasonable time inspect or require the inspection of any premises or oil burning equipment for which an application for a ration has been made, or of any fuel oil storage facilities.

VALUE OF UNIT; VALID PERIOD OF COUPONS

§ 1394.5781 *Value of unit.* The Washington Office will from time to time, by order, fix the value of a unit. Such order may vary the value of a unit with respect to the area in which or time when a coupon is used.

§ 1394.5782 *Valid period of coupons.* The Washington Office may from time to time, by order, change the valid period of coupons on Class 1 and 2 coupon sheets.

PROHIBITIONS

§ 1394.5801 *Prohibitions.* (a) No person shall transfer, receive a transfer of, or possess or use, fuel oil except in accordance with the provisions of Ration Order No. 11.

(b) No person shall transfer or assign, and no person shall receive a transfer or assignment of any coupon sheet, coupon, acknowledgment of delivery, inventory coupon, exchange certificate, export certificate or Delivery Receipt (whether or not such coupon sheet or Delivery Receipt was issued as a ration and whether or not such coupon was issued as a ration or as part of a coupon sheet) except in accordance with the provisions of Ration Order No. 11.

(c) No person shall have in his possession any coupon sheet, coupon, acknowledgment of delivery, inventory coupon, exchange certificate, export certificate or delivery receipt (whether or not such coupon sheet or delivery receipt was issued as a ration and whether or not such coupon was issued as a ration or as part of a coupon sheet) except the person, or the agent of the person, to whom such coupon, coupon sheet, acknowledgment of delivery, inventory coupon, exchange certificate, export certificate or delivery receipt was issued, or by whom it was acquired, in accordance with the provisions of Ration Order No. 11.

(d) No person shall deface, mutilate, alter or destroy any coupon, coupon sheet, other evidence, or delivery receipt.

(e) No person shall counterfeit or forge a coupon, coupon sheet, other evidence, or delivery receipt.

(f) No person shall transfer, receive a transfer of, possess, or use any forged, altered, or counterfeited coupon, coupon sheet, other evidence, or delivery receipt.

(g) The provisions of paragraphs (a), (b), (c), (d), and (f) of this section shall not be applicable to public officials acting in the performance of their official duties.

(h) No person shall wilfully spoil or destroy fuel oil.

(i) No person shall offer, solicit, attempt, or agree to do any act in violation of Ration Order No. 11.

ENFORCEMENT

§ 1394.5802 *Criminal prosecutions.* (a) Any person who knowingly falsifies an application, or any other record, report, or certificate made pursuant to or required by the terms of Ration Order No. 11 or who otherwise knowingly furnishes false information to any Board or any other agent, employee, or officer of the Office of Price Administration, or falsifies, or who conceals or covers up a material fact, by any trick, scheme, or device, or who makes or causes to be made any false or fraudulent statements, or representations, in any matter within the jurisdiction of the Office of Price Administration, may upon conviction be fined not more than $10,000, or imprisoned for not more than ten years, or both, and shall be subject to such other penalties or action as may be prescribed by law. Any person who conspires with another person to perform any of the foregoing acts or to violate any provision of Ration Order No. 11 may upon conviction be fined not more than $10,000, or imprisoned for not more than two years, or both, and shall be subject to such other penalties or action as may be prescribed by law.

(b) Any person who wilfully performs any act prohibited, or wilfully fails to perform any act required, by any provision of Ration Order No. 11 may upon conviction be fined not more than $10,000, or imprisoned for not more than one year, or both, and shall be subject to such other penalties or action as may be prescribed by law.

§ 1394.5803 *Suspension orders.* Any person who violates Ration Order No. 11 may, by administrative suspension order, be prohibited from receiving any transfers or deliveries of, or selling or using or otherwise disposing of, any fuel oil or other rationed product or facility. Such suspension order shall be issued for such period as in the judgment of the Administrator, or such person as he may designate for such purpose, is necessary or appropriate in the public interest and to promote the national security.

[Order 101 Under § 1499.3 (b) of GMPR]

AMERICAN METAL COMPANY, LIMITED

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 as amended, and Executive Order No. 9250, and § 1499.3 (b) of the General Maximum Price Regulation, *It is hereby ordered:*

§ 1499.965 *Maximum prices at which The American Metal Company, Limited, may sell and deliver gilding metal to brass mills.* (a) The maximum prices at which The American Metal Company, Limited, may sell and deliver gilding metal to any brass mill shall be:

Shapes	*Maximum Price f. o. b. Carteret, N. J.*
Cakes and billets	Cost of metals plus $22 per net ton.
Gates and ends	Cost of metals.

(b) When used in this Order No. 101, the term:

(1) "Gilding metal" shall mean material of the following analysis:

Copper	89 to 91%
Iron	0.05% maximum.
Lead	0.05% maximum.
Zinc	Balance.

(2) (i) "Cost of metals" shall mean the purchase price including all delivery charges paid by The American Metal Company, Limited, for the electrolytic copper and special high grade zinc used in manufacturing the gilding metal: *Provided,* That the purchase price paid is not in excess of the maximum price established by the Price Administrator for such metals:

Except that whenever The American Metal Company, Limited, in manufacturing gilding metal, uses metals refined by it, the purchase price of such metals shall be deemed to be the maximum price established by the Price Administrator for such metals.

(ii) The metal cost, as defined above in paragraph (b) (2) (i) of this Order No. 101, shall be apportioned among cakes, billets, gates and ends in direct proportion to the respective weights of such products whenever any two or more of them result from one melting operation.

(3) "Cake" shall mean a casting 4 inches by 13 inches by a length not exceeding 50 inches.

(4) "Billet" shall mean a casting between 4 and 5 inches in diameter and not exceeding 50 inches in length.

(5) "Gates and ends" shall mean the by-products resulting from casting gilding metal into cakes and billets.

(c) This Order No. 101 may be revoked or amended by the Price Administrator at any time.

(d) This Order No. 101 (§ 1499.965) shall become effective October 20, 1942.

[Order 61 Under § 1499.18 (b) of GMPR]

THE GOSMAN COMPANY

Order No. 61 under § 1499.18 (b) of the General Maximum Price Regulation—Docket No. GF3–86.

For the reasons set forth in an opinion issued simultaneously herewith, *it is ordered:*

§ 1499.861 *Adjustment of maximum prices for cases of 24 bottles, 16 ounce soft drinks, sold by The Gosman Company.* (a) The Gosman Company of Baltimore, Maryland, may sell and deliver, and any person may buy and receive from The Gosman Company cases of 24 bottles 16 ounces soft drinks, at a price not higher than 90 cents per case.

(b) The adjustment granted in paragraph (a) is subject to the condition that The Gosman Company shall not change its customary allowances, discounts or other price differentials unless such change results in a lower price.

(c) All persons who purchased soft drinks in 16 ounce bottles from the Gosman Company shall be notified in writing by the Applicant herein on or before the first delivery after the effective date of this order, as follows:

"The Office of Price Administration has permitted us to raise our maximum price for sales to you of case of 24 bottles of soft drinks, 16 ounce size, from 80 cents to 90 cents per case. This amount represents only that part of cost increases which we were unable to absorb and it was granted with the understanding that retail prices would not be raised. The Office of Price Administration has not permitted you or any other seller to raise maximum prices for sales of our soft drinks, 16 ounce size. In order that we may continue to provide you with this size, it will be necessary for you to accept this reduction in your margin."

(d) All prayers of the application not granted herein are denied.

(e) This Order No. 61 may be revoked or amended by the Price Administrator at any time.

(f) This Order No. 61 (§ 1499.861) is hereby incorporated as a section of Supplementary Regulation No. 14 which contains modifications of maximum prices established by § 1499.2.

PART 1388—DEFENSE-RENTAL AREAS

[Supplementary Amendment 6 to Maximum Rent Regulations]

HOUSING ACCOMMODATIONS OTHER THAN HOTELS AND ROOMING HOUSES

The first sentence of paragraph (a) and paragraph (d) of §§ 1388.16, 1388.66, 1388.116, 1388.166, 1388.216, 1388.266, 1388.316, 1388.366, 1388.416, 1388.466, 1388.516, 1388.566, 1388.616, 1388.666, 1388.716, 1388.766, 1388.816, 1388.866, 1388.916, 1388.966, 1388.1016, 1388.1656, 1388.1706, 1388.1756, 1388.1806, 1388.2056, 1388.3056, 1388.4056, 1388.5056, 1388.6056, 1388.7056, 1388.8056, 1388.36 and 1388.136 of Maximum Rent Regulations Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 24, 25, 26, 27, 28, 33, 35, 37, 39, 41, 43, 45, 47, and 49, respectively, are amended to read as follows:

(a) So long as the tenant continues to pay the rent to which the landlord is entitled, no tenant shall be removed from any housing accommodations, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated, and regardless of any contract, lease, agreement or obligation heretofore or hereafter entered into which provides for entry of judgment upon the tenant's confession for breach of the covenants thereof or which otherwise provides contrary hereto, unless:

* * * * *

(d) (1) Every notice to a tenant to vacate or surrender possession of housing accommodations shall state the ground under this section upon which the landlord relies for removal or eviction of the tenant. A written copy of such notice shall be given to the Area Rent Office within 24 hours after the notice is given to the tenant.

No tenant shall be removed or evicted from housing accommodations, by court process or otherwise, unless, at least ten days prior to the time specified for surrender of possession and to the commencement of any action for removal or eviction, the landlord has given written notices of the proposed removal or eviction to the tenant and to the Area Rent Office, stating the ground under this section upon which such removal or eviction is sought and specifying the time when the tenant is required to surrender possession.

Where the ground for removal or eviction of a tenant is non-payment of rent, every notice under this paragraph (d) (1) shall state the rent for the housing accommodations, the amount of rent due and the rental period or periods for which such rent is due. The provisions of this paragraph (d) (1) shall not apply where a certificate has been issued by the Administrator pursuant to the provisions of paragraph (b) of this section.

(2) At the time of commencing any action to remove or evict a tenant, including an action based upon non-payment of rent, the landlord shall give written notice thereof to the Area Rent Office stating the title of the case, the number of the case where that is possible, the court in which it is filed, the name and address of the tenant, and the ground under this section on which removal or eviction is sought.

If a tenant has been removed or evicted under this paragraph (a) (6) from housing accommodations, the landlord shall file a written report on a form provided therefor before renting the accommodations or any part thereof during a period of six months after such removal or eviction.

(2) Removal or eviction of a tenant for occupancy by a purchaser who has acquired his rights in the housing accommodations on or after October 20, 1942 is inconsistent with the purposes of the Act and this Maximum Rent Regulation and would be likely to result in the circumvention or evasion thereof, unless (i) the payment or payments of principal made by the purchaser, excluding any payments made from funds borrowed for the purpose of making such principal payments, aggregate 33⅓% or more of the purchase price, and (ii) a period of three months has elapsed after the issuance of a certificate by the Administrator as hereinafter provided. For the purposes of this paragraph (b) (2), the payments of principal may be made by the purchaser conditionally or in escrow to the end that they shall be returned to the purchaser in the event the Administrator denies a petition for a certificate. If the Administrator finds that the required payments of principal have been made, he shall, on petition of either the vendor or purchaser, issue a certificate authorizing the purchaser to pursue his remedies for removal or eviction of the tenant in accordance with the requirements of the local law at the expiration of three months after the date of issuance of such certificate. In no other case shall the Administrator issue a certificate for occupancy by a purchaser who has acquired his rights in the housing accommodations on or after October 20, 1942, unless he finds that the vendor has or had a substantial necessity requiring the sale and that a reasonable sale or disposition of the accommodations could not be made without removal or eviction of the tenant, or unless he finds that other special hardship would result; under such circumstances the payment by the purchaser of 33⅓% of the purchase price shall not be a condition to the issuance of a certificate, and the certificate shall authorize the vendor or purchaser to pursue his remedies for removal or eviction of the tenant in accordance with the requirements of the local law.

Part 1388—Defense-Rental Areas

[Supplementary Amendment 8 to Maximum Rent Regulations]

HOUSING ACCOMMODATIONS OTHER THAN HOTELS AND ROOMING HOUSES

Sections 1388.12, 1388.62, 1388.112, 1388.162, 1388.212, 1388.262, 1388.312, 1388.362, 1388.412, 1388.462, 1388.512, 1388.562, 1388.612, 1388.662, 1388.712, 1388.762, 1388.812, 1388.862, 1388.912, 1388.962, 1388.1012, 1388.1652, 1388.1702, 1388.1752, 1388.1802, 1388.2052, 1388.3052, 1388.4052, 1388.5052, 1388.6052, 1388.7052, 1388.8052, 1388.32 and 1388.132 of Maximum Rent Regulations Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 16, 17, 18, 19, 20, 24, 25, 26, 27, 28, 33, 35, 37, 39, 41, 43, 45, 47, and 49, respectively are amended by adding the following paragraph (c) to such sections:

(c) Where a lease of housing accommodations was entered into prior to October 20, 1942, and the tenant as a part of such lease or in connection therewith was granted an option to buy the housing accommodations which were the subject of the lease, with the further provision that some or all of the payments made under the lease should be credited toward the purchase price in the event such option is exercised, the landlord, notwithstanding any other provision of this Maximum Rent Regulation, may be authorized to receive payments made by the tenant in accordance with the provisions of such lease and in excess of the maximum rent for such housing accommodations. Such authority may be secured only by a written request of the tenant to the Area Rent Office and shall be granted by order of the Administrator if he finds that such payments in excess of the maximum rent will not be inconsistent with the purposes of the Act or this Maximum Rent Regulation and would not be likely to result in the circumvention or evasion thereof. After entry of such order the landlord shall be authorized to demand, receive and retain payments provided by the lease in excess of the maximum rent for periods commencing on or after the effective date of this Maximum Rent Regulation. After entry of such order, the provisions of the lease may be enforced in accordance with law, notwithstanding any other provision of this Maximum Rent Regulation: *Provided, however,* That if at the termination of the lease the tenant shall not exercise the option to buy, the landlord may thereafter remove or evict the tenant only in accordance with the provisions of section 6 of this Maximum Rent Regulation. Nothing in this paragraph shall be construed to authorize the landlord to demand or receive payments in excess of the maximum rent in the absence of an order of the Administrator as herein provided. Where a lease of housing accommodations has been entered into on or after October 20, 1942, and the tenant as a part of such lease or in connection therewith has been granted an option to buy the housing accommodations which are the subject of the lease, the landlord, prior to the exercise by the tenant of the option to buy, shall not demand or receive payments in excess of the maximum rent, whether or not such lease allocates some portion or portions of the periodic payments therein provided as payments on or for the option to buy.

Sections 1388.15, 1388.65, 1388.115, 1388.165, 1388.215, 1388.265, 1388.315, 1388.365, 1388.415, 1388.465, 1388.515, 1388.565, 1388.615, 1388.665, 1388.715, 1388.765, 1388.815, 1388.865, 1388.915, 1388.965, 1388.1015, 1388.1655, 1388.1705, 1388.1755, 1388.1805, 1388.2055, 1388.3055, 1388.4055, 1388.5055, 1388.6055, 1388.7055, 1388.8055, 1388.35 and 1388.135 of Maximum Rent Regulations Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 24, 25, 26, 27, 28, 33, 35, 37, 39, 41, 43, 45, 47, and 49, respectively, are amended by adding the following paragraph (g) to such sections:

(g) No adjustment in the maximum rent shall be ordered on the ground that the landlord, since the date or order determining the maximum rent, has, as a part of or in connection with a lease of housing accommodations, granted the tenant an option to buy the accommodations which are the subject of the lease. Where a lease of housing accommodations was in force on the date determining the maximum rent, and the landlord had on that date, as a part of or in connection with such lease, granted the tenant an option to buy the accommodations which are the subject of the lease, the Administrator may, on or after the termination of such lease, on his own initiative or on application of the tenant, enter an order fixing the maximum rent on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable housing accommodations not subject to an option to buy on ———[1]

Part 1388—Defense-Rental Areas

[MRR 45, Amendment 2]

HOUSING ACCOMMODATIONS OTHER THAN HOTELS AND ROOMING HOUSES

The preamble and the first sentence and subparagraph (19) of paragraph (a) of § 1388.8051 of Maximum Rent Regulation No. 45 are hereby amended to read as follows:

In the judgment of the Administrator, rents for housing accommodations within each of the Defense-Rental Areas set out in § 1388.8051 (a) of this Maximum Rent Regulation No. 45, as designated in the designations and rent declarations issued by the Administrator on April 28, 1942, as amended, and on May 26, 1942, have not been reduced and stabilized by State or local regulation, or otherwise, in accordance with the recommendations set forth in the said Designations and Rent Declarations.

It is the judgment of the Administrator that by April 1, 1941, defense activities had not yet resulted in increases in rents for housing accommodations within each such Defense-Rental Area inconsistent with the purposes of the Emergency Price Control Act of 1942. The Administrator has therefore ascertained and given due consideration to the rents prevailing for housing accommodations within each such Defense Rental Area on or about March 1, 1942. The Administrator has made adjustments for such relevant factors as he has determined and deemed to be of general applicability in respect of such housing accommodations, including increases or decreases in property taxes and other costs.

In the judgment of the Administrator, the maximum rents established by this maximum rent regulation for housing accommodation within each such Defense-Rental Area will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942.

Therefore, under the authority vested in the Administrator by the Act, this Maximum Rent Regulation No. 45 is hereby issued.

§ 1388.8051 *Scope of regulation.* (a) This Maximum Rent Regulation No. 45 applies to all housing accommodations within each of the following Defense-Rental Areas (each of which is referred to hereinafter in this Maximum Rent Regulation No. 45 as the "Defense-Rental Area"), as designated in the Designations and Rent Declarations (§§ 1388.1201 to 1388.1205 and 1388.1251 to 1388.1255, inclusive) issued by the Administrator on April 28, 1942, as amended, and on May 26, 1942, except as provided in paragraph (b) of this section.

Part 1388—Defense-Rental Areas

[MRR 46A, Amendment 2]

HOTELS AND ROOMING HOUSES

The preamble and the first sentence and subparagraph (19) of paragraph (a) of § 1388.9001 of Maximum Rent Regulation No. 46A are hereby amended to read as follows:

In the judgment of the Administrator, rents for housing accommodations within each of the Defense-Rental Areas set out in § 1388.9001 (a) of this Maximum Rent Regulation No. 46A, as designated in the designations and rent declarations issued by the Administrator on April 28, 1942, as amended, and on May 26, 1942, have not been reduced and stabilized by State or local regulation, or otherwise, in accordance with the recommendations set forth in the said designations and rent declarations.

It is the judgment of the Administrator that by April 1, 1941, defense activities had not yet resulted in increases in rents for housing accommodations within each such Defense-Rental Area inconsistent with the purposes of the Emergency Price Control Act of 1942. The Administrator has therefore ascertained and given due consideration to the rents prevailing for housing accommodations within each such Defense-Rental Area on or about March 1, 1942. The Administrator has made adjustments for such relevant factors as he has determined and deemed to be of general applicability in respect of such housing accommodations, including increases or decreases in property taxes and other costs.

[1] The applicable date is to be inserted for each Maximum Rent Regulation. The respective date to be inserted for each Maximum Rent Regulation is as follows:

Nos. 1, 7, 9, 25, 39, 41, January 1, 1941; Nos. 2, 3, 4, 5, 6, 8, 11, 12, 13, 14, 15, 17, 18, 19, 20, 24, 26, 33, April 1, 1941; Nos. 10, 16, 27, 37. July 1, 1941; No. 47, October 1, 1941; Nos. 28, 35, 43, 45, 49, March 1, 1942.

In the judgment of the Administrator, the maximum rents established by this maximum rent regulation for rooms in hotels and rooming-houses within each such Defense-Rental Area will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942.

Therefore, under the authority vested in the Administrator by the Act, this Maximum Rent Regulation No. 46A is hereby issued.

§ 1388.9001 *Scope of regulation.* (a) This Maximum Rent Regulation No. 46A applies to all rooms in hotels and rooming houses within each of the following Defense-Rental Areas (each of which is referred to hereinafter in this maximum rent regulation as the "Defense-Rental Area"), as designated in the designations and rent declarations (§§ 1388.1201 to 1388.1205 and 1388.1251 to 1388.1255, inclusive) issued by the Administrator on April 28, 1942, as amended, and on May 26, 1942, except as provided in paragraph (b) of this section:

[Docket No. A-1634]

DISTRICT BOARD NO. 8

ORDER POSTPONING HEARING AND REDESIGNATING EXAMINER

In the matter of the petition of District Board No. 8 for a change in the price classifications and minimum prices for rail and truck shipments for the coals produced by High Point No. 1 Mine (Mine Index No. 241) of High Point Coal Company, a Code Member in District No. 8.

Petitioner, District Board No. 8, having moved that the hearing in the above-entitled matter, scheduled for October 20, 1942, at 10 o'clock in the forenoon of that day, be postponed to October 29, 1942, because counsel for petitioner will be engaged at other hearings before the Division and

It appearing that good cause for the postponement has been shown;

Now, therefore, It is ordered, That the hearing in the above-entitled matter be and it hereby is postponed from October 20, 1942, until 10 o'clock in the forenoon of October 29, 1942, at the place heretofore designated and before Examiner D. C. McCurtain vice Examiner Edward J. Hayes, heretofore designated.

[Docket Nos. A-1645, A-1645 Part II]

DISTRICT BOARD NO. 3

MEMORANDUM OPINION AND ORDER, ETC.

Memorandum opinion and order severing Docket No. A-1645 Part II from Docket No. A-1645 and granting temporary relief in Docket No. A-1645 Part II.

In the matter of the petition of District Board No. 3 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 3.

In the matter of the petition of District Board No. 3 for the establishment of price classifications and minimum prices for the coals of the Richard No. 21, Barrackville No. 41 and Dakota No. 42 mines of Bethlehem Steel Company.

The original petition in the above-entitled matter filed with the Division on September 21, 1942, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 prays for the establishment of temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 3.

As indicated in a separate order entered in Docket No. A-1645, a reasonable showing of necessity has been made for the granting of relief prayed for by the petitioner. However, in connection with the prayer contained in the original petition, it appears that no final determination should be made at this time with respect to the establishment of permanent price classifications and minimum prices for the coals of the Richard No. 21, Barrackville No. 41 and Dakota No. 42 Mines of Bethlehem Steel Company.

It appears that either, or both, Bethlehem Steel Company (F. A. Shick) or Industrial Collieries Corporation (M. L. Jacobs) are producers within the meaning of the Bituminous Coal Act of 1937 and, therefore, entitled to membership in the Bituminous Coal Code with respect to the coals produced at the aforesaid mines.

In view of the foregoing, it is deemed advisable at this time to establish only temporarily the proposed price classifications and minimum prices for the coals of the Richard No. 21, Barrackville No. 41 and Dakota No. 42 Mines of Bethlehem Steel Company.

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, It is ordered, That the portion of Docket No. A-1645 relating to the coals of the Richard No. 21, Barrackville No. 41 and Dakota No. 42 Mines of Bethlehem Steel Company be, and it hereby is, severed from the remainder of that docket and designated as Docket No. A-1645 Part II.

It is further ordered, That pending final disposition of the proceedings in Docket No. C-19, which will, among other things, determine whether either, or both, Bethlehem Steel Company (F. A. Shick) or Industrial Collieries Corporation (M. L. Jacobs) are producers within the meaning of the Bituminous Coal Act of 1937 and, therefore, entitled to membership in the Bituminous Coal Code with respect to the coals produced at the aforesaid mines, temporary relief is granted as follows: Commencing forthwith, the Schedules of Effective Minimum Prices for District No. 3 for All Shipments Except Truck and for Truck Shipments are supplemented to include the price classifications and minimum prices set forth in the Schedules marked Supplement "R" and Supplement "T" annexed hereto and made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, or within ten (10) days from the date of the final Order in Docket No. C-19, whichever is sooner, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

The price classifications and minimum prices set forth in the Schedules attached are based upon price classifications and minimum prices in effect on October 1, 1942, for comparable and analogous coals and already reflect the charges made in minimum prices by the Acting Director's Order of August 28, 1942, 7 F.R. 6943, in General Docket No. 21. The minimum prices in the attached Schedules do not differ, except in this regard, from the minimum prices proposed by the petitioner.

Dated October 14, 1942.

Director.

OFFICE OF ALIEN PROPERTY CUSTODIAN.

[Vesting Order 146]

FIVE PATENTS OF FOREIGN NATIONALS, AND INTERESTS OF VIKTOR KAPLAN AND J. M. VOITH IN CERTAIN CONTRACTS

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended,[1] and pursuant to law, the undersigned, after investigation, finding:

(a) That the property described as follows:

All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in and to those certain United States patents described as follows:

Patent Nos.	Names	Last known address	Dates	Inventors
1, 822, 778	Viktor Kaplan	Unterach, Austria	9- 8-31	V. Kaplan.
1, 884, 881	Carlos Schmitthenner	Heidenheim, Germany	10-25-32	C. Schmitthenner.
1, 939, 229	Carlos Schmitthenner	Heidenheim, Germany	12-12-33	C. Schmitthenner.
1, 957, 183	J. M. Voith, a copartnership	Heidenheim, Germany	5- 1-34	C. Schmitthenner.
2, 055, 196	J. M. Voith, a copartnership	Heidenheim, Germany	9-22-36	C. Fuchs.

is property in which nationals of foreign countries (Germany in regard to the four last named patents, Czechoslovakia in regard to the first named patent) have interests;

(b) That the property described as follows:

All right, title and interest of Viktor Kaplan, who is a citizen of Czechoslovakia, and whose last known address was represented to the undersigned as being Unterach, Austria, and of his assigns, next of kin, heirs and estate, in and to that certain contract dated February 1, 1932, by and between said Viktor Kaplan, as licensor, and S. Morgan Smith Company, as licensee, granting to the latter a license under United States Patent No. 1,822,778, and all income, profits, royalties and other property heretofore accrued or which may hereafter accrue to or in favor of the aforesaid Viktor Kaplan by virtue of such contract,

is property payable or held with respect to patents, or rights related thereto, in which interests are held by, and such property constitutes interests held therein by, a national of a foreign country (Czechoslovakia); and

(c) That the property described as follows:

All right, title and interest of J. N. Voith, Maschinenfabrik, whose last known address was represented to the undersigned as being Heidenheim, Germany, in and to that certain contract executed under date of September 12, 1927 and amended under dates of October 1, 1930, and February 18, 1936, by and between said J. M. Voith, Maschinenfabrik, and S. Morgan Smith Company, and all income, profits, royalties and other property heretofore accrued or which may hereafter accrue to or in favor of the aforesaid J. M. Voith, Maschinenfabrik, by virtue of such contract.

is property payable or held with respect to patents, or rights related thereto, in which interests are held by, and such property constitutes interests held therein by, nationals of a foreign country (Germany);

and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C. on September 15, 1942.

PATENTS OF ENEMY NATIONALS

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095,[1] as amended, and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in the patents the numbers of which are listed in Exhibit A attached hereto and made a part hereof, and the titles to which stand of record in the United States Patent Office in the names of the persons appearing therein,

is property in which nationals of a foreign country or countries have interests, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on September 24, 1942.

[Order 1 Under MPR 111]

C. L. Morron

ORDER GRANTING ADJUSTMENT

Order No. 1 under § 1370.9 (b) of Maximum Price Regulation No. 111—New Household Vacuum Cleaners and Attachments.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to the authority vested in me as Administrator by the Emergency Price Control Act of 1942 as amended, and Executive Order No. 9250, it is hereby ordered:

(a) C. L. Morron, doing business as Good Housekeeping Store is hereby authorized to sell and deliver, and any person may buy and receive from C. L. Morron, doing business as Good Housekeeping Store, those machines which he had on hand March 30, 1942 at prices no higher than those set forth below:

#200 "Magic Aire", cylinder type, 12-piece attachment set $66.49 net cash, exclusive of excise tax.

#201 "Magic Aire", cylinder type, 8-piece attachment set $51.23 net cash, exclusive of excise tax.

#153 Royal, Floor type, motor-driven brush $41.36 net cash, exclusive of excise tax.

subject to terms no less favorable than those which he had in effect during the period October 1 to 15, 1941.

(b) This order may be revoked or amended by the Administrator at any time.

(c) This Order No. 1 shall become effective October 20, 1942.

Issued this 19th day of October 1942.

Leon Henderson,
Administrator.

Alpert Packing Company

ORDER GRANTING PETITION FOR ADJUSTMENT

Order No. 4 under Maximum Price Regulation No. 169—Beef and Veal Carcasses and Wholesale Cuts—Docket No. 3169–153.

On September 28, 1942 Alpert Packing Company, 1490 Fairfax Avenue, San Francisco, California, filed a petition for adjustment or exception pursuant to § 1364.60 of Maximum Price Regulation No. 169 as amended. Due consideration has been given to the petition and an Opinion in support of this Order No. 4 has been issued simultaneously herewith.

For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 as amended, and Executive Order No. 9250 and in accordance with Procedural Regulation No. 1 issued by the Office of Price Administration, *It is hereby ordered:*

(a) Alpert Packing Company may sell and deliver and agree, offer, solicit, and attempt to sell and deliver cow carcasses of the grades hereinafter set forth and any person may buy and receive from the Alpert Packing Company such cow carcasses at prices not in excess of those established as follows:

	Per pound
Cow carcasses—commercial grade	18¢
Cow carcasses—utility grade	17½¢
Cow carcasses—cutter and canner grade	16½¢

(b) Alpert Packing Company shall mail or cause to be mailed to all persons who purchase cow carcasses from it for sale at wholesale or retail a notice reading as follows:

> The Office of Price Administration, by Order No. 4, effective October 20, 1942, pursuant to § 1364.60 of Maximum Price Regulation No. 169, has permitted us to raise our maximum price for sales to you of cow carcasses, commercial grade, from 17½¢ per pound to 18¢ per pound; cow carcasses, utility grade, from 17¢ per pound to 17½¢ per pound, and cow carcasses, cutter and canner grades, from 14¢ per pound to 16½¢ per pound.
>
> This amount represents only that part of cost increases which we were unable to absorb and it was granted with the understanding that wholesale and retail prices would not be raised. The Office of Price Administration has not permitted you or any other seller to raise maximum prices for sales of cow carcasses In order that we may continue to provide you with cow carcasses it will be necessary for you to accept reduction in your margin.

(c) All prayers of the petition not granted herein are denied.

(d) This Order No. 4 may be revoked or amended by the Price Administrator at any time. Unless the context otherwise requires, the definitions set forth in § 1364.62 of Maximum Price Regulation No. 169 shall apply to the terms used herein.

(e) This Order No. 4 shall become effective October 20, 1942.

Issued this 19th day of October 1942.

Heinz Riverside Abbatoir

ORDER GRANTING PETITION FOR ADJUSTMENT

Order No. 5 under Maximum Price Regulation No. 169—Beef and Veal Carcasses and Wholesale Cuts—Docket No. 3169–84.

On August 26, 1942, Heinz Riverside Abbatoir, 1900 Light Street, Baltimore, Maryland, filed a petition for adjustment pursuant to § 1364.60 of Maximum Price Regulation No. 169, as amended, requesting specific adjustment of its maximum prices established for the sale of certain beef and veal carcasses and wholesale cuts on the ground that such maximum prices caused substantial hardship and were abnormal in relation to the maximum prices established for competitors of similar products. Due consideration has been given to the petition and an opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the Opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 as amended and Executive Order 9250 and in accordance with Procedural Regulation No. 1 issued by the Office of Price Administration, *It is hereby ordered:*

(a) Heinz Riverside Abbatoir may sell and deliver and agree, offer, solicit and attempt to sell and deliver beef and veal carcasses and wholesale cuts of the grades hereinafter set forth and any person may buy and receive from the Heinz Riverside Abbatoir such beef and veal carcasses and wholesale cuts at prices not in excess of those established as follows:

	Cents
Beef carcasses and sides, choice grade, steer	23
Beef loins, choice grade, steer	32
Beef briskets, choice grade, steer	17
Beef hind quarters, choice grade, steer	27
Beef rounds, choice grade, steer	26
Beef trimmed short loins, choice grade steer	42
Veal carcasses and sides—choice grade	25
Veal hind saddles—choice grade	30

(b) Heinz Riverside Abbatoir shall mail or cause to be mailed to all persons who purchase beef and veal carcasses and wholesale cuts from it for resale a notice reading as follows:

> The Office of Price Administration by Order No. 5 effective October 20, 1942, pursuant to § 1364.60 of Maximum Price Regulation No. 169 has permitted us to raise our maximum prices for sales to you as follows:

Beef carcasses and sides—choice grade	From 22¢ to 23¢ per pound.
Beef loins—chioce grade	From 28¢ to 32¢ per pound.
Beef briskets—choice grade	From 14¢ to 17¢ per pound.
Beef hind quarters—choice grade	From 26¢ to 27¢ per pound.
Beef rounds—choice grade	From 25¢ to 26¢ per pound.
Beef trimmed short loins—choice grade	From 38¢ to 42¢ per pound.
Veal carcasses and sides—choice grade	From 23¢ to 25¢ per pound.
Veal hind saddles—choice grade	From 28¢ to 30¢ per pound.

> This amount represents only that part of cost increase which we were unable to absorb and it was granted with the understanding that wholesale and retail prices would not be raised. The Office of Price Administration has not permitted you or any other seller to raise maximum prices of beef and veal carcasses. In order that we may continue to provide you with those products it will be necessary for you to accept this reduction in your margin.

(c) All prayers of the petition not granted herein are denied.

(d) This Order No. 5 may be revoked or amended by the Price Administrator at any time.

(e) Unless the context otherwise requires, the definitions set forth in § 1364.62 of Maximum Price Regulation 169 shall apply in terms used herein.

(f) This Order No. 5 shall become effective October 20, 1942.

Issued this 19th day of October 1942.

PART 4—APPLICATION OF CUSTOMS LAWS TO AIR COMMERCE

BUFFALO LAUNCH CLUB SEAPLANE BASE

OCTOBER 19, 1942.

Buffalo Launch Club Seaplane Base, Buffalo, New York, redesignated as an airport of entry for a period of one year.[1]

The Buffalo Launch Club Seaplane Base, Buffalo, New York, is hereby redesignated as an airport of entry for civil aircraft and merchandise carried thereon arriving from places outside the United States, as defined in section 9 (b) of the Air Commerce Act of 1926 (U.S.C. title 49, sec. 179 (b)), for a period of one year from October 16, 1942.

TITLE 25—INDIANS

Chapter I—Office of Indian Affairs

Subchapter Q—Leases and Permits on Restricted Indian Lands

PART 177—AGRICULTURAL AND GRAZING LEASES, OSAGE INDIANS, OKLAHOMA

LEASING FEES

Section 177.15 is hereby added:

§ 177.15 *Fees.* When Indian land is leased (either by formal lease or revocable permit), subleased, or assigned (including renewals or extensions), for farming, grazing, farm-pasture, or business purposes, fees shall be fixed as follows:

Total Rental (To be paid by lessee, permittee, sublessee, or assignee):	*Fee*
Not to exceed $100.00	$1.00
$100.01-$250.00	2.50
$250.01-$500.00	5.00
For each additional $500 or fraction thereof	1.00

When, under the terms of the instrument, the occupant is to pay taxes accruing during the period, an amount equal to the estimated total amount of the taxes shall be included in the amount to be used in determining the fee to be charged. In the case of a sublease, subpermit, or assignment, the fee shall be based on the total amount yet to accrue under the instrument from the effective date of the transaction. When the lease or permit period is extended with the mutual consent of the parties concerned or the instrument provides for the extension of the lease period at the option of the occupant, and such an extension is made, then the fee shall be computed from the effective date on the same basis as the original instrument. The fee to be collected in case of crop-share or other non-cash rental leases or permits shall be based on (a) an estimate of the cash rental value of the acreage or (b) the estimated value of the lessors' share of the crops. (A) By changing the second sentence of the first paragraph of paragraph (a) to read as follows:

§ 3.27 (f)-1 *Dividends paid credit for distributions in liquidation*—(a) *Distributions which diminish earnings or profits.* * * * Thus, a distribution either in complete or partial liquidation of a corporation is treated by the Act as one constituting in part a distribution of, and being properly chargeable to, earnings or profits if:

(1) Under the provisions of section 115 (c), the amounts distributed in liquidation are treated as received in payment in exchange for the stock; and either

(2) The gain or loss, if any, from such exchange is recognized under the provisions of section 112; or

(3) The distribution within the provisions of section 112 (b) (6) is made in money or property other than stock or securities of such corporation or of another corporation, within the meaning of section 115 (h).

(B) By changing the last sentence of the last paragraph of paragraph (a) to read as follows:

* * * Except as otherwise provided in this subsection, no dividends paid credit is allowable with respect to such transactions.

(C) By changing the first sentence of paragraph (c) to read as follows:

(c) *Credit in respect of earnings or profits transferred under certain tax-free transactions.* If, as a result of one or more transactions described in section 112 for which no dividends paid credit is allowed, a corporation's earnings or profits accumulated after February 28, 1913, and its undistributed earnings or profits of the taxable year, shall have become the earnings or profits of another corporation subject to distribution as dividends by such other corporation, any dividend paid by the transferee corporation during that portion of the transferor's taxable year subsequent to the consummation of such tax-free transaction may, subject to the provisions of section 115, be apportioned and allocated to the transferor as a distribution out of such earnings or profits of the transferor.

(D) By changing the second sentence of the example in paragraph (c) to read as follows:

Example. * * * On December 1, 1936 the S Corporation, which keeps its books and makes its returns on the calendar year basis, had assets consisting solely of stock and securities in another corporation and on that date was completely liquidated in accordance with the provisions of section 112 (b) (6).

PAR. 2. Article 27 (h)-1 of Regulations 94 (§ 3.27 (h)-1, Title 26, Code of Federal Regulations) is amended by changing the second paragraph to read as follows:

§ 3.27 (h)-1 *Non-taxable distributions.* * * *

The effect of paragraphs (g) and (h) of section 27 is that no dividends paid credit is allowed with respect to any distribution (not including a distribution within the provisions of section 112 (b) (6) of money or property other than stock or securities as used in section 115 (h)) unless each of the shareholders of that class, who are subject to taxation under Title I for the period in which the distribution is made, receives a taxable dividend as a result of the distribution.

(This Treasury decision is issued under the authority contained in section 62 of the Revenue Act of 1936 (49 Stat. 1673, 26 U.S.C., Sup., 62), and interprets section 27 (f), and (h) of the Revenue Act of 1936 (49 Stat. 1667, 26 U.S.C., Sup., 27 (f) and (h)).)

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

PART 326—MINIMUM PRICE SCHEDULE, DISTRICT NO. 6

[Docket No. A-1667]

ORDER GRANTING TEMPORARY RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 6 for a change in the price classifications and minimum prices for the coals of Mine Index Numbers 208 and 194 in District No. 6.

A motion, considered herein as a petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting that the price classification C in Size Group 10 for the coals of Mine Index Nos. 208 and 194 in District No. 6 be deleted from the Schedules of Effective Minimum Prices for District No. 6 for All Shipments Except Truck; and

The motion stating that said price classification was recommended in error by District Board No. 6 in its original petition filed in Docket No. A-1378, since said Mine Index Nos. 208 and 194 produce coal by the deep mining method and since Size Group 10 classifications and prices are for substandard quality coal produced at mines by the stripping method; and

Price Classification C for Mine Index Nos. 208 and 194 in District No. 6 for All Shipments Except Truck, River, and Ex-River having been established by an order issued April 20, 1942, 7 F.R. 3511, in Docket No. A-1378, granting temporary relief and conditionally providing that such relief become final in sixty (60) days; and

It further appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition in the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, § 326.5 *Alphabetical list of code members* in the Schedules of Effective Minimum Prices for District No. 6 for All Shipments Except Truck and Supplement R-I attached to the order of April 20, 1942, 7 F.R. 6943, in Docket No. A-1378 are amended by deleting the Price Classification C in Size Group 10 for Mine Index Nos. 208 and 194 for All Shipments Except Truck, River, and Ex-River.

It is further ordered, That pleadings in opposition to the motion in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: October 19, 1942.

When an application is filed covering a number of commodities included within one of the above numbered groups, a license may be issued for only some of such commodities and the application rejected as to the others. In such case, the disapproved items will be blocked out before the license is issued.

§ 804.9 *Appeals from rejections of applications*[2] is hereby amended by adding the following new paragraph:

(c) If an application has been filed covering a number of commodities included within one of the groups set forth in paragraph (c) of § 804.2 and a license has been issued for only some of such commodities and the application rejected as to the others, the applicant may appeal as to the rejected items. The procedure for appeal shall be the same as that set forth in paragraph (b) of this section with the following exceptions:

(1) A certified copy of the original application may be submitted instead of a photostat.

(2) The new application shall include only the rejected items.

Chapter IX—War Production Board

Subchapter A—General Provisions

PART 903—DELEGATIONS OF AUTHORITY

[Directive 11]

DISPOSITION OF LIVESTOCK

§ 903.19 *Delegation of authority to the Secretary of Agriculture with respect to the disposition of livestock.* Pursuant to the authority vested in me by Executive Order No. 9024 of January 16, 1942, Executive Order No. 9040 of January 24, 1942, and Executive Order No. 9125 of April 7, 1942, and for the purpose of conserving supplies of livestock and securing the efficient distribution and slaughtering thereof in order to effectuate the war effort, *It is hereby ordered,* That:

(a) The Secretary of Agriculture is authorized and directed to perform the functions and exercise the power, authority and discretion conferred upon the President by section 2 (a) of the Act of June 28, 1940, (Pub. Law 671, 76th Cong.; 54 Stat. 676), as amended by the Act of May 31, 1941 (Pub. Law 89, 77th Cong.; 55 Stat. 236), and as further amended by the Act of March 27, 1942 (Pub. Law 507, 77th Cong.; 56 Stat. 176), with respect to the exercise of control over the disposition of livestock.

(b) The Secretary of Agriculture, under the authority of this directive, shall establish such controls respecting the sales, movement and disposition of livestock, including and class or grade thereof, as he may deem to be to the best interest of the war effort.

(c) As used in this directive, the term "livestock" means cattle, calves, sheep, and swine.

(d) The Secretary of Agriculture is authorized to require such reports and the keeping of such records, and to make such investigations, as he may deem necessary or appropriate for the administration of the powers conferred herein; and he may issue such regulations, orders, and directives, direct such inspection, and take such measures as he may deem necessary or appropriate for the effectuation of the powers conferred upon him by this directive.

(e) The Secretary of Agriculture may exercise the power, authority and discretion conferred upon him by this directive through such agencies and through such officials of the Government of the United States and in such manner as he may determine; and his decisions shall be final, subject to appeal to the Chairman of the War Production Board.

Subchapter B—Director General for Operations

PART 1229—ARSENIC

[General Preference Order M-152, as Amended October 21, 1942]

Section 1229.1 *General Preference Order M-152, as amended,* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of arsenic for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1229.1 *General Preference Order M-152*—(a) *Definitions.* For the purposes of this order:

(1) "Arsenic" means arsenious acid, also known as white arsenic and arsenic trioxide, whether in crude (black or gray) or refined form. The term includes any chemical derivative, or chemical compound, of arsenious acid.

(2) "Producer" means any person engaged in the production of arsenic and includes any person who has arsenic produced for him pursuant to toll agreement.

(3) "Distributor" means any person who has purchased, or purchases, arsenic for resale as such.

(b) *Restrictions on delivery and use.* (1) On and after November 1, 1942, no person shall, subject to the provisions of paragraphs (c) and (d) hereof, use any arsenic, regardless of when acquired, except as heretofore specifically authorized by the Director General for Operations pursuant to application under General Preference Order No. M-152 as in effect prior to this amendment, or as hereafter specifically authorized by the Director General for Operations upon application pursuant to paragraph (f) hereof.

(2) On and after January 1, 1943, no person shall, subject to the provisions of paragraphs (c) and (d) hereof, deliver, or accept delivery of, any arsenic except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (f) hereof.

(3) During the period commencing October 21, 1942, the effective date of this amendment, and ending December 31, 1942, no person shall, subject to the provisions of paragraphs (c) and (d) hereof, deliver, or accept delivery of, arsenic except in accordance with the provisions of General Preference Order No. M-152 as in effect prior to this amendment.

(4) Each person affected by this order shall comply with such directions as may be given from time to time by the Director General for Operations, with respect to the delivery or use of arsenic by any such person.

(c) *Small order exemptions.* The specific authorization provided for in paragraphs (b) (1) and (b) (2) hereof shall not be required with respect to, and the restrictions provided for in paragraph (b) (3) hereof shall not apply to:

(1) Use by any person of 650 pounds or less of arsenic during any calendar quarter in the manufacture or compounding of any medicinal chemical or medicinal preparation, or in research, testing, analytical or educational laboratories.

(2) Use by any person, for medicinal purposes, of any medicinal preparation containing arsenic.

(3) Delivery, or acceptance of delivery, by any person of arsenic for use for one or more of the purposes specified in paragraphs (c) (1) and (c) (2) hereof subject to the following conditions:

(i) Each supplier desiring to make small order deliveries of arsenic pursuant to this paragraph (c) aggregating in excess of 650 pounds of arsenic during any calendar quarter shall apply for authorization to make small order deliveries in accordance with the provisions of paragraph (f) (2) (ii) hereof, and the aggregate amount of small order deliveries made by any such supplier during any calendar quarter shall not exceed the amount of such deliveries which he is specifically authorized to make during such quarter.

(ii) Each person seeking delivery of arsenic for use for one or more of the purposes specified in paragraphs (c) (1) and (c) (2) hereof shall file with his supplier at the time of placing his order therefor, if the amount of arsenic covered by such order exceeds 25 pounds, a certificate to the effect that if the delivery covered by such order is made, the deliveree will not have received in excess of 650 pounds of arsenic during the current quarter and that the arsenic delivered will be used for one or more of the purposes specified in said paragraphs (c) (1) and (c) (2).

(d) *General exemption.* (1) The specific authorization provided for in paragraphs (b) (1) and (b) (2) hereof shall not be required with respect to, and the restriction provided for in paragraph (b) (3) hereof shall not apply to, delivery, acceptance of delivery, or use, of any chemical derivative, or chemical compound, of arsenious acid produced from arsenic delivered or used pursuant to specific authorization of the Director General for Operations or pursuant to paragraph (c) hereof. Any person delivering, accepting delivery of, or using, any chemical derivative, or chemical compound, of arsenious acid shall have the right to assume, unless he knows or has reason to believe the contrary to be true, that the arsenious acid used in the manufacture or compounding of such chemical derivative, or chemical compound, of arsenious acid, was delivered and used pursuant to specific authorization of the Director General for Operations or pursuant to paragraph (c) hereof.

(2) The specific authorization provided for in paragraph (b) (1) hereof shall not be required with respect to the use by the United States Army, Navy, Maritime Commission or War Shipping Administration of arsenic in their possession on October 21, 1942, the effective date of this amendment.

(e) *Inventory reports.* Each person, excepting the United States Army, Navy, Maritime Commission and War Shipping Administration, having an inventory of arsenic in excess of 650 pounds on the effective date of this amendment shall, unless such inventory was, in its entirety, acquired pursuant to specific authorization of the Director General for Operations issued under General Preference Order No. M-152 as in effect prior to this amendment, report to the War Production Board his inventory of arsenic as of November 1, 1942, which report shall be filed with the War Production Board (attention Chemicals Branch, Ref.: M-152) on or before November 10, 1942. The portion of any inventory acquired pursuant to specific authorization shall not be included in such report.

(f) *Applications and reports.* In addition to such other reports as may from time to time be required by the Director General for Operations:

(1) Each person seeking authorization to use or accept delivery of arsenic pursuant to paragraphs (b) (1) and (b) (2) hereof, shall apply for such authorization on Form PD-600. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 10th day of the month preceding the calendar quarter for which such authorization is requested and shall file with his supplier one copy of such form on or before the 10th day of such month if the supplier is a producer, or on or before the 5th day of such month if the supplier is a distributor, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "Arsenic" and order number "M-152, as amended October 21, 1942," and specify pounds as the unit of measure, and in addition to specifying the delivery destination, indicate the address to which communications should be directed.

(ii) *Columns 1, 11 and 19.* Specify "99+% As_2O_3", "95-99% As_2O_3", "90-95% As_2O_3", or "Less than 90% As_2O_3".

(iii) *Columns 3, 20 and 22.* In the case of a distributor seeking authorization to accept delivery of arsenic, specify "Resale pursuant to further authorization." In the case of a person seeking authorization to use arsenic, specify:

Calcium arsenate
Lead arsenate
Paris green
London purple
Zinc arsenate
Cattle dip
Sodium arsenite
Antimonial lead
Metallic arsenic.
Wood preservative
Arsenic trichloride
Arsenic acid
Glass
Other

If "Other" is specified, describe briefly.

(iv) *Column 4.* In the case of a distributor seeking authorization to accept delivery of arsenic, disregard. In the case of a person seeking authorization to use arsenic, specify:

Insecticides
Poison bait
Weed killer
Metallurgical
Structural lumber
Structural timber
Wood piling
Railroad ties
Wallboard
Optical and ophthalmic glass
Flat and structural glass
Ornamental glass
Glass tableware
Glass containers
Glass bulbs and tubing
Heat resisting glass
Fibre glass
Gas purification
Other

If "Other" is specified, describe briefly.

(2) Each person seeking authorization to deliver arsenic pursuant to paragraph (b) (2) hereof, shall apply therefor on Form PD-601. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 15th day of the month preceding the commencement of the calendar quarter for which such authorization is requested, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "Arsenic" and order number "M-152, as amended October 21, 1942," and specify pounds as the unit of measure, and in addition to specifying the plant or warehouse address, indicate the address to which communications should be directed.

(ii) *Column 1.* If authorization to make small order deliveries under paragraph (c) (3) (i) hereof is requested, insert "Aggregate Small Order Deliveries" in Column 1 after completing the list of customers requesting deliveries of in excess of six hundred and fifty (650) pounds of arsenic and specify in Column 4 the aggregate amount of each grade shown in Column 3 requested to be authorized.

(iii) *Columns 3 and 8.* Specify "99+% As_2O_3", "95-99% As_2O_3", "90-95% As_2O_3", or "Less than 90% As_2O_3".

(iv) *Table II.* In addition to showing production, indicate, in Columns 9, 11 and 14, imports with respect to each grade.

(3) Interim applications for authorization to deliver, accept delivery of, or use, arsenic will be considered only in exceptional cases.

(g) *Notification of customers.* Producers and distributors shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any such person from complying with the terms hereof.

(h) *Miscellaneous provisions.*—(1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board priorities regulations, as amended from time to time.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C., Ref.: M-152.

[MPR 121,[1] Amendment 7]

MISCELLANEOUS SOLID FUELS DELIVERED FROM PRODUCING FACILITIES

A statement of considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

A new paragraph (c) is added to § 1340.247a as set forth below:

§ 1340.247a *Petitions for adjustment.* * * *

(c) The Office of Price Administration or any regional office thereof may, either on application or on its own motion, adjust by order the maximum price of lignite established under this Maximum Price Regulation No. 121 whenever it appears in the case of any seller:

(1) That a shortage in the supply of lignite available to any locality which customarily relied thereon for its fuel supply exists or threatens to occur;

(2) That such local shortage will be substantially reduced or eliminated by adjusting the maximum prices established for lignite for such seller and for like sellers; and

(3) That action by adjustment of maximum prices will effectuate the purposes of the Emergency Price Control Act of 1942, as amended.

§ 1340.250a *Effective dates of amendments.* * * *

(g) Amendment No. 7 (§ 1340.247a (c)) to Maximum Price Regulation No. 121 shall become effective October 20, 1942.

(Pub. Laws 421, and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 20th day of October 1942.

PART 1401—SYNTHETIC TEXTILE PRODUCTS

[MPR 95]

WOMEN'S NYLON HOSIERY

The title, preamble, and §§ 1401.1 to 1401.10, inclusive, of Revised Price Schedule No. 95[2]—Nylon Hose, are amended, renumbered, and reissued as Maximum Price Regulation No. 95, Women's Nylon Hosiery.

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 95 has been issued simultaneously herewith and filed with the Division of the Federal Register.* In the judgment of the Price Administrator, the maximum prices established by this Maximum Price Regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 as amended and Executive Order No. 9250, Maximum Price Regulation No. 95 is hereby issued.

Sec.
1401.1 Transactions in nylon hosiery which are prohibited by this regulation.
1401.2 Maximum prices for nylon hosiery.
1401.3 Maximum prices for nylon hosiery not specifically priced in § 1401.2.
1401.4 Less than maximum prices may be charged.
1401.5 Information which must be furnished to ultimate consumers.
1401.6 Information which must be furnished to purchasers other than ultimate consumers.
1401.7 Relation between Maximum Price Regulation No. 95 and the General Maximum Price Regulation.
1401.8 Relation of this regulation to other Maximum Price Regulations.
1401.9 Evasion.
1401.10 Enforcement.
1401.11 Definitions.
1401.12 How this regulation may be amended.
1401.13 Geographical applicability of this regulation.
1401.14 Effective date.

AUTHORITY: §§ 1401.1 to 1401.14, inclusive, issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871.

§ 1401.1 *Transactions in nylon hosiery which are prohibited by this regulation.* On and after October 22, 1942, regardless of any contract or other obligation, no person shall:

(a) Sell or deliver any nylon hosiery at a price higher than the maximum price established by this regulation; or

(b) Sell or deliver any nylon hosiery for which a maximum price is not provided in § 1401.2 unless he receives from the Office of Price Administration, Washington, D. C., a specific maximum price therefor, as provided by § 1401.3; or

(c) Require a purchaser to buy or agree to buy any other hosiery or other article, service, package or wrapper in connection with a sale or delivery of nylon hosiery; or

(d) Buy or receive nylon hosiery in the course of trade or business at a price higher than the maximum price established by this regulation; or

(e) Do any other act which directly or indirectly increases above the maximum price the consideration paid by the purchaser for the nylon hosiery; or

(f) Offer, attempt or agree to do any of the acts prohibited by this regulation.

§ 1401.2 *Maximum prices for nylon hosiery*—(a) *Sales at retail.* The maximum prices for which nylon hosiery may be sold, delivered, or offered for sale at retail are the prices per pair set forth below in Table No. 1:

[2] 7 F.R. 1386, 1842, 1836, 2132, 5783.

(iii) "51 and 54 gauge" include 51 gauge and gauges which are higher than 51 gauge but lower than 57 gauge.

(2) *Yarn composition.* These tables of prices apply only to nylon hosiery made of continuous filament nylon yarn.

(3) *"All nylon" and "nylon leg".* (i) "All nylon" means hosiery knitted entirely of nylon yarn.

(ii) "Nylon leg" means hosiery in which the leg is knitted entirely of nylon whereas some other portion of the stocking is made of other material.

(4) *Sizes, lengths and dimensions.* Maximum prices for all lengths and dimensions including "out-sizes" and "proportioned" hosiery of each classification are the same.

(5) *"Lace", "non-run", "mesh" and other special constructions,* are included in these tables, and the maximum prices are the same for these constructions, as for other constructions in each classification.

(6) *"Cut and sewn" lace hosiery.* In cut and sewn lace nylon hosiery the gauge of the welt determines the gauge of the hosiery.

§ 1401.3 *Maximum prices for nylon hosiery not specifically priced in § 1401.2.* A seller who seeks a specific maximum price for any type of nylon hosiery for which a maximum price is not provided in § 1401.2 shall file with the Office of Price Administration in Washington, D. C., an application setting forth (a) a description in detail of the nylon hosiery for which a maximum price is sought; (b) a statement of the facts which differentiate such nylon hosiery from the nylon hosiery for which maximum prices are established under § 1401.2 of this regulation; and (c) such other information as may be required by the Office of Price Administration. No person shall sell, deliver, or offer to sell, such hosiery unless he receives specific authorization from the Office of Price Administration.

§ 1401.4 *Less than maximum prices may be charged.* Lower prices than the maximum prices established by this Maximum Price Regulation No. 95 may be charged, demanded, paid or offered.

§ 1401.5 *Information which must be furnished to ultimate consumers*—(a) *By posting.* On and after October 22, 1942, every person who sells or offers for sale nylon hosiery at retail shall post in a conspicuous place and in a manner plainly visible to the purchasing public in each department or portion of the premises where nylon hosiery is sold or offered for sale, the seller's maximum prices for nylon hosiery as established in this Regulation, and each type of hosiery shall be clearly identified therein with the same degree of detail as is required for marking such hosiery by § 1401.4 (b).

(b) *By marking.* On and after October 22, 1942, no person shall sell, deliver, or offer for sale nylon hosiery at retail unless there is firmly attached to each pair of such hosiery a stamp, tag, or other marking, which truthfully and clearly states in writing, identifying information as to the construction and price of the hosiery:

(1) *In the case of full fashioned hosiery.* (i) The words "full fashioned"; (ii) The gauge; (iii) The denier size of the leg yarn; (iv) The words "Ceiling Price" or "Our Ceiling" accompanied by the seller's maximum price under this regulation, (for example, "Ceiling Price $1.95"); (v) The word "irregulars" on all irregular hosiery, and the word "seconds" or "thirds" on all second quality hosiery.

(2) *In the case of circular knit hosiery.* (i) The words "circular knit"; (ii) The denier size of the leg yarn; (iii) The words "Ceiling Price" or "Our Ceiling" accompanied by the seller's maximum price under this regulation, (for example, "Ceiling Price $1.55"); and (iv) The word "irregulars" on all irregular hosiery and the word "seconds" or "thirds" on all second quality hosiery.

(3) *Abbreviations permitted.* In marking hosiery pursuant to this paragraph, sellers are permitted to abbreviate the following words in the forms set forth opposite each respectively:

Full fashioned	f.f.
Gauge	gg. (for example, "45 gg.").
Denier	den. (for example, "30 den.").
Circular knit	cir. knit
Irregulars	ir.
Seconds	2nd.
Thirds	3rd.

Abbreviation of required information is not permitted in posting.

§ 1401.6 *Information which must be furnished to purchasers other than ultimate consumers.* Every person who sells nylon hosiery to a purchaser other than an ultimate consumer shall, at the time of the delivery thereof, furnish to the purchaser thereof, the following:

(a) Written notification using the following words: "The specific maximum prices at which you may sell nylon hosiery have been fixed by Maximum Price Regulation No. 95 issued by the Office of Price Administration on October 20, 1942. No person may sell, deliver, or offer for sale nylon hosiery and no person may buy or receive nylon hosiery in the course of trade or business at prices higher than the maximum prices established by this regulation", and

(b) The text of § 1401.2 of this regulation unless they shall have been previously furnished by the seller or his representative.

§ 1401.7 *Relation between Maximum Price Regulation No. 95 and the General Maximum Price Regulation.*[2] The General Maximum Price Regulation shall not apply and this Maximum Price Regulation No. 95 shall apply to sales, deliveries and offers to sell or to deliver nylon hosiery. However, the following sections of the General Maximum Price Regulation are made a part of this regulation and each seller must comply with them:

(a) Federal and state taxes, (§ 1499.7).

(b) Current records, (§ 1499.12).

(c) Sales slips and receipts, (§ 1499.14).

(d) The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation shall apply to every person selling nylon hosiery at wholesale or retail.

§ 1401.8 *Relation of this regulation to other maximum price regulations*—(a) *Maximum Price Regulation No. 172.*[3] Maximum Price Regulation No. 172—Charges of Contractors in Apparel Industry—shall apply, and this Maximum Price Regulation No. 95 shall not apply to transactions for which maximum prices are established by Maximum Price Regulation No. 172.

(b) *Revised Maximum Export Price Regulation.*[4] Revised Maximum Export Price Regulation shall apply and this Maximum Price Regulation No. 95 shall not apply to sales and deliveries for which maximum prices are established by Revised Maximum Export Price Regulation issued by the Office of Price Administration.

§ 1401.9 *Evasion.* The provisions of this regulation shall not be evaded, whether by direct or indirect methods, in connection with any offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to any nylon hosiery, alone or in conjunction with any other commodity or by way of commission, service, transportation, or any other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1401.10 *Enforcement.* Persons violating any provisions of this Maximum Price Regulation No. 95 are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of licenses provided by the Emergency Price Control Act of 1942, as amended.

§ 1401.11 *Definitions*—(a) *Definitions incorporated by reference.* Unless the context otherwise requires or unless otherwise specifically provided herein, the definitions set forth in § 1499.20 of the General Maximum Price Regulation shall apply to the terms used herein.

(b) *Other definitions.* When used in this Maximum Price Regulation No. 95 the following terms shall have the meanings set forth below:

(1) "Manufacturer" means a person who sells, delivers or offers for sale nylon hosiery in a form substantially changed from the form in which he bought that nylon hosiery or the materials from which it was made:

(2) "Sale at wholesale" means a sale by a person who buys nylon hosiery and resells it, in any quantity, in a form substantially unchanged from the form in which he bought that nylon hosiery, to any person other than the ultimate consumer;

(3) "Sale at retail" means a sale, in any quantity, to an ultimate consumer;

(4) "Ultimate consumer" means a person (i) who buys nylon hosiery for a purpose other than that of reselling it and (ii) who did not sell or offer for sale nylon hosiery in any quantity on or before February 5, 1942; and

(5) "Nylon hosiery" means any women's full length hosiery in which (i) the leg or (ii) the leg and some portion of the stocking in addition to the leg, is made in whole or in part of nylon yarn.

(6) "Irregular hosiery" means nylon hosiery not of first quality which contains one or more imperfections which are limited to irregularities in dimensions, size, color, knit, or weave, without the presence in the hosiery of any obvious mends, runs, tears, or breaks in the fabric, or any substantial damage to the yarn or fabric itself;

(7) "Second quality hosiery" means nylon hosiery not of first quality containing runs, mends, irregularities, imperfections, or defects in material, construction or finish which are not so limited as to constitute the hosiery irregular.

§ 1401.12 *How this regulation may be amended.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Procedural Regulation No. 1[5] issued by the Office of Price Administration.

§ 1401.13 *Geographical applicability of this regulation.* This regulation shall be applicable to the continental United States and to the District of Columbia, but not to the territories and possessions of the United States.

§ 1401.14 *Effective date.* This Maximum Price Regulation No. 95 (§§ 1401.1 to 1401.14, inclusive) shall become effective on October 22, 1942.

Issued this 20th day of October 1942.

LEON HENDERSON,
Administrator.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Amendment 2 to Restriction Order 1[1]]

MEAT RESTRICTION

A new paragraph (c) of § 1407.910, a new § 1407.914a, and a new paragraph (b) of § 1407.925, are added to read as set forth below:

§ 1407.910 *When delivery takes place: transfers of possession for carriage or storage.* * * *

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, controlled meat shall be deemed to be delivered, for the purposes of § 1407.906 (a) (3) and (5), on the date of the invoice covering such controlled meat.

§ 1407.914a *Statements of deliveries from other slaughterers or non-quota slaughterers required.* (a) Every slaughterer shall prepare for each other slaughterer or non-quota slaughterer a statement of all controlled meat delivered to him by such other slaughterer or non-quota slaughterer during 1941 in deliveries of more than 5,000 pounds each or pursuant to any contract calling for delivery of more than 5,000 pounds. Such statement shall list the deliveries to each location of the slaughterer chronologically according to invoice date and shall show with respect to each delivery the following:

(1) The date and number of the invoice accompanying such delivery;

(2) Descriptions of the controlled meat of each type included in such delivery permitting conversion in accordance with the provisions of § 1407.913, the weight and conversion weight of controlled meat of each description contained therein, and the total conversion weight of controlled meat of each type in such delivery.

(3) The location of the plant or branch house from which such meat was delivered; and

(4) The location of the plant or branch house to which such meat was delivered.

(b) On or before November 2, 1942, every slaughterer required to prepare a statement pursuant to paragraph (a) of this section shall send by registered mail, return receipt requested, the original of each statement to the slaughterer or non-quota slaughterer who made the deliveries described therein.

(c) Every slaughterer shall attach to a duplicate of each statement sent by him the return receipt for the original of such statement, and shall file all such duplicate statements with the Office of Price Administration together with the registration statement filed pursuant to § 1407.914.

(d) No slaughterer, in computing his quota bases, shall include the conversion weight of any controlled meat delivered to him by another slaughterer or non-quota slaughterer unless he shall have complied with the provisions of this section with respect to such delivery.

(e) Every slaughterer, in computing his quota bases, shall use as the conversion weight of controlled meat delivered by him to other slaughterers during any base period as required in § 1407.906 (a) (5), the total conversion weight of controlled meat of each type delivered by him to other slaughterers as set forth in all statements sent to him pursuant to the provisions of this section.

(f) Within 14 days after receipt of any statement from a slaughterer pursuant to this section, a slaughterer or non-quota slaughterer may send to such slaughterer by registered mail, return receipt requested, a demand for a written statement correcting any inaccuracy claimed to exist therein. Unless such demand is sent within such period, the slaughterer receiving such statement shall be deemed to have delivered controlled meat as stated therein. If the slaughterer to whom a demand is sent complies with such demand, the slaughterer or non-quota slaughterer claiming such inaccuracy shall forward the written statement correcting it to the Office of Price Administration, and shall adjust his quotas accordingly. If a slaughterer fails to comply with such demand for correction within 10 days after his receipt thereof, the slaughterer or non-quota slaughterer who sent the demand may apply in writing to the Office of Price Administration for a determination of the facts concerning the contested delivery. Upon receipt of such application, the Office of Price Administration will notify all parties to such dispute of the manner in which evidence shall be submitted and the time allowed therefor. The Office of Price Administration will determine such dispute, and will notify the parties thereto of such determination and of any quota adjustments resulting therefrom.

PART 1499—COMMODITIES AND SERVICES

[Order 103 Under § 1499.3 (b) of GMPR]

HALLIBURTON OIL WELL CEMENTING CO.

Maximum prices authorized under § 1499.3 (b) of the General Maximum Price Regulation.

For the reasons set forth in an opinion issued simultaneously herewith: *It is ordered:*

§ 1499.967 *Authorization for Halliburton Oil Well Cementing Company to determine a maximum price for Constable Complex Coordination Test Apparatus.* (a) On and after October 20, 1942, the maximum price at which Halliburton Oil Well Cementing Company, a corporation having its principal place of business in Duncan, Oklahoma, (hereinafter referred to as "the manufacturer") may sell and deliver Constable Complex Coordination Test Apparatus, and at which any person may buy Constable Complex Coordination Test Apparatus from the manufacturer shall be determined in accordance with the following formula:

(1) Determine the unit direct cost for each Constable Complex Coordination Test Apparatus. The unit direct cost of each test apparatus shall be the sum of the cost per unit of direct labor and materials, computed on the basis of the following wage rates, material prices, and operating conditions:

(i) *Wage rates.* The wage rates applicable to the test apparatus being priced shall be the highest wage rates, in effect in the manufacturer's plant for any substantial portion of March, 1942, for each class of labor involved in the production of the product. If the manufacturer did not employ a given class of labor in March, 1942, he shall use the highest wage rate paid for any substantial portion of March, 1942, by the nearest employer operating under comparable conditions who employed that class of labor during that month.

(ii) *Material prices.* The price of any material used in the test apparatus shall be taken to be the highest price charged during March, 1942, (as defined below) by the manufacturer's March, 1942, supplier to the manufacturer or to a person of the same class as the manufacturer; or, lacking a March, 1942, supplier of the material, by the manufacturer's most recent supplier of the material; or, lacking both of these, by the manufacturer's potential supplier: *Provided,* That if the Office of Price Administration has established a lower maximum price for the sale of the material to the manufacturer by his supplier, such lower price shall govern. "Highest price charged during March, 1942" means:

(*a*) The highest price which the manufacturer's supplier charged to a person of the same class for delivery of the product or material during March, 1942; or,

(*b*) If the manufacturer's supplier made no such delivery during March, 1942, such supplier's highest offering price to a purchaser of the same class for delivery of the product or material during that month.

(iii) *Operating conditions.* Using the wage rates and material prices determined under (i) and (ii) the manufacturer shall compute the cost per unit of direct labor and materials for the test apparatus according to the methods customarily employed by him in computing his cost. He shall compute on the basis of productive techniques employed in his plant at the time of mailing the report required under paragraph (d) and on the basis of the volume of production he reasonably expects.

(2) Add to the unit direct cost as determined above an amount not exceeding $138.13.

(b) All discounts, trade practices, practices relating to charges and deposits for containers, and practices relating to the payment of shipping charges in effect in March, 1942, on the sale by this company of comparable apparatus shall apply to the maximum price as determined by the formula set forth in paragraph (a).

(c) When used in this Order No. 103 the term "Constable Complex Coordination Test Apparatus" means an apparatus manufactured under patent number 1,953,954 by the Halliburton Oil Well Cementing Company for use as a device for testing the potential flying ability of a person.

(d) Within ten days after a maximum price has been determined in accordance with this order, the manufacturer shall report that price to the Office of Price Administration in Washington, D. C., stating that the price was determined in accordance with the formula set forth in paragraph (a) and setting forth in detail the calculations made in determining that price. This report shall be filed under oath or affirmation and shall be filed in triplicate.

(e) On or before January 1, 1943, the manufacturer shall furnish the Office of Price Administration with a sworn statement of its sales of Constable Complex Coordination Test Apparatus during the period of September 15, 1942, to January 1, 1943, showing the date of each sale, the name and address of the buyer, the price received, and the quantity sold. Thereafter the above-mentioned seller shall submit such reports of its sales of Constable Complex Coordination Test Apparatus as the Office of Price Administration may, from time to time, require.

(f) Any selling price determined under this order shall be subject to adjustment at any time by the Office of Price Administration.

(g) This Order No. 103 may be revoked or amended by the Price Administrator at any time.

(h) This Order No. 103 (§ 1499.967) shall become effective October 20, 1942.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 20th day of October 1942.

TITLE 36—PARKS AND FORESTS

Chapter II—Forest Service

PART 261—TRESPASS

REMOVAL OF TRESPASSING HOGS FROM FENCED AREAS IN CERTAIN NATIONAL FORESTS

Whereas a number of hogs are trespassing and grazing on lands fenced for reforestation purposes on the Conecuh National Forest in Alabama, the DeSoto and Bienville National Forests in Mississippi, the Kisatchie National Forest in Louisiana, and the Angelina and Sabine National Forests in Texas; and

Whereas these hogs are injuring and causing mortality to pine trees on these fenced national-forest lands;

Now, therefore, by virtue of the authority vested in the Secretary of Agriculture by the Act of June 4, 1897 (30 Stat. 35; 16 U.S.C. 551), and the Act of February 1, 1905 (33 Stat. 628; 16 U.S.C. 472) the following order for the occupancy, use, protection, and administration of the Conecuh National Forest in Alabama, the DeSoto and Bienville National Forests in Mississippi, the Kisatchie National Forest in Louisiana, and the Angelina and Sabine National Forests in Texas, is issued:

§ 261.50 *Temporary closure from livestock grazing.* (a) The fenced areas on the Conecuh, DeSoto, Bienville, Kisatchie, Angelina, and Sabine National Forests are hereby closed to the grazing of hogs for the period beginning January 1, 1943, and ending December 31, 1947.

(b) Officers of the United States Forest Service are hereby authorized to dispose of all hogs found trespassing or grazing in violation of this order.

(c) Public notice of intention to dispose of such hogs shall be given by posting notices in public places or advertising in a newspaper of general circulation in the localities in which the above-named National Forests are located.

Done at Washington, D. C., this 19th day of October, 1942. Witness my hand and the seal of the Department of Agriculture.

PART 302—CONTRACTS WITH VESSEL OWNERS AND RATES OF COMPENSATION RELATING THERETO

CHARTER RATES ON VESSELS TRANSPORTING COAL

Amending § 302.64 of General Order No. 8 (Revised), Supplement No. 5[1] by striking out all of the table in § 302.64 and inserting in lieu thereof the following:

§ 302.64 *Basic rates.* Effective as of the date of delivery of the vessel to the War Shipping Administration under requisition, the charter rates on all vessels engaged in the coastwise transportation of coal, except excluded vessels referred to in § 302.66 hereof, shall be as follows:

	Per DWT per month
8,000 DWT and up	$3.85
7,000 to 7,999	4.10
6,000 to 6,999	4.40
5,000 to 5,999	4.75
4,000 to 4,999	5.15
3,500 to 3,999	5.35
3,000 to 3,499	5.60

PART 303—CONTRACTS FOR CARRIAGE ON VESSELS OWNED OR CHARTERED BY THE WAR SHIPPING ADMINISTRATION

BILL OF LADING CLAUSE

§ 303.23 *Bill of lading clause for cargo carried on public vessels of the United States.* The following clause will be conspicuously printed or stamped on all Bills of Lading issued by War Shipping Administration agents pursuant to General Order No. 16:[2]

If the goods herein covered are carried on a vessel which is a Public Vessel of the United States, War Shipping Administration, on behalf of the United States, hereby assumes all liabilities it would have with respect to the carriage of such goods if the vessel were a merchant vessel except with respect to cargo owned by the United States or any Agency or Department thereof and lend-lease cargo. This clause is to be construed only as an agreement that such cargo carried on a Public Vessel shall be treated as though the carrying vessel were a merchant vessel with respect to liabilities for loss or damage to such cargo.

PART 305—INSURANCE

[General Order 6, Supp. 4]

WAR RISK INSURANCE; AUTOMATIC COVERAGE ON IMPORT CARGOES AND ON CARGOES SHIPPED TO TERRITORIES AND POSSESSIONS OF UNITED STATES

Pursuant to the authority contained in the Merchant Marine Act of 1936, as amended, the following additional rules and regulations for the underwriting of Cargo War Risk insurance under Warshipopencargo Policy Form are hereby promulgated:

Supplementing § 305.60. The following clause is deemed to be incorporated in Part II of Warshipopencargo Policy Form as Clause No. 16. (Exclusion of specified goods from coverage under Warshipopencargo Policy Form.)

16. This policy does not cover shipments of: (1) Dressed and Undressed Furs, (2) Soap and Toilet Preparations, (3) Metal Articles, (4) Art Works and Antiques, all as defined in the United States Department of Commerce "Statistical Classification of Imports" in sections of Code Classification numbered respectively, (1) 0700.0–0738.8, (2) 8711.0–8731.2, (3) 6835.0–6905.0, and (4) 9610.0–9670.3.

With respect to Warshipopencargo Policies which have heretofore been issued, Clause 16 is effective as to shipments:

(a) Under Ocean Bills of Lading dated on and after 15 days from the date of the publication of this supplement in the FEDERAL REGISTER, or

(b) If Ocean Bills of Lading not issued, under equivalent shipping documents dated on or after said date, or

(c) If no Ocean Bills of Lading or equivalent shipping documents are issued or the same are undated, laden on overseas vessel on and after said date, and

With respect to new applications for new Warshipopencargo Policies, Clause 16 becomes effective forty-eight hours after the date of the publication of this supplement in the FEDERAL REGISTER.

[2] 7 F.R. 5246, 6566.

Amending § 305.60 of Warshipopencargo Policy Part II by deleting Clause 12 and substituting the following therefor:

§ 305.60 *Standard form of Warshipopencargo policy.* * * *

12. It is warranted that not later than the 25th day of each calendar month, the Assured will file with the Underwriting Agent closing reports in the manner and form required by such regulations as may be promulgated by the War Shipping Administration from time to time of all shipments coming within the scope of this policy.

(1) As to inward shipments as defined in Supplement No. 4 to General Order No. 6, which inward shipments have arrived at port of destination during the preceding calendar month, and with respect to which inward shipments inability to so arrive by reason of loss, frustration or other similar cause has come to the knowledge of the assured during the preceding calendar month, and

(2) As to outward shipments as defined in Supplement No. 4 to General Order No. 6, which attached under the policy during the preceding calendar month.

And will pay premium thereon at the rate prescribed by the War Shipping Administration and in effect:

(a) On date of Ocean Bill of Lading, or

(b) If Ocean Bill of Lading not issued, on date of equivalent shipping document, or

(c) If no Ocean Bill of Lading or equivalent shipping document issued, or if same are undated, on date goods are laden on overseas vessel.

Clause 12 of said Part II as herein amended shall become effective forty-eight hours after the date of the publication of this supplement in the FEDERAL REGISTER.

Amending § 305.60 of Warshipopencargo Policy Part II by deleting Clause 13 and substituting the following therefor:

13. It is warranted that the Assured will at all times maintain with the War Shipping Administration a Collateral Deposit Fund, or that in lieu of such Collateral Deposit Fund a Surety Bond in form prescribed by the War Shipping Administration will be filed with the Underwriting Agent and maintained in full force and effect, for the purpose of securing the payment of premium hereunder. The Policy shall be automatically voided (except as to shipments which have heretofore attached) in the event the Assured fails to maintain such a Collateral Deposit Fund or such a Surety Bond in an amount sufficient so that at all times such amount is in excess of the unpaid premium due with respect to any and all risks which have attached under the terms of the policy. Such Collateral Deposit Fund or Surety Bond must be maintained in accordance with all rules and regulations of the War Shipping Administration.

With respect to Warshipopencargo Policies which have heretofore been issued, Clause 13 of Part II as herein amended is effective as to shipments:

(a) Under Ocean Bills of Lading dated on or after 15 days from the date of the publication of this supplement in the FEDERAL REGISTER, or

(b) If Ocean Bills of Lading not issued, under equivalent shipping documents dated on or after said date, or

(c) If no Ocean Bills of Lading or equivalent shipping documents are issued or the same are undated, laden on overseas vessel on or after said date,

With respect to new applications for new Warshipopencargo Policies, Clause 13 of Part II as herein amended becomes effective forty-eight hours after the date of the publication of this supplement in the FEDERAL REGISTER.

Supplementing § 305.60 Amendment to Part II of Warshipopencargo Policy Form. Effective with the date of the publication of this Supplement in the FEDERAL REGISTER, the following clause is hereby added to Warshipopencargo Policy Form, Part II (§ 305.60) as Clause 17:

17. No shipment of cargo coming within the scope of this policy shall attach hereunder subsequent to the sailing of the carrying vessel from the original port of loading with respect to such cargo. Notwithstanding the foregoing provision, an Assured may specially declare to his Underwriting Agent any shipment excluded from coverage by the preceding sentence, in which event insurance shall attach hereunder, if vessel and interest insured is safe in port on date of such declaration, or shall attach upon the safe arrival of vessel and interest insured at first port thereafter, warranted no known or reported loss of or damage to said vessel and interest insured at time of attachment.

Amending § 305.82 Further Amendment to Standard Form of Part I of Warshipopencargo Policy (§ 305.59). Effective forty-eight hours from the date of the publication of this supplement in the FEDERAL REGISTER, the second paragraph of Part I of Warshipopencargo Policy Form as set forth in §§ 305.82 and 305.59 is deleted and the following is substituted at § 305.82 therefor:

§ 305.82 *Amendment to Standard Form Part I of Warshipopencargo Policy.* * * *

In consideration of a Collateral Deposit Fund or Surety Bond to be established in accordance with Clause 13 of Part II of this policy, and of premiums computed and paid as provided in Clause 12, Part II of this policy, WAR SHIPPING ADMINISTRATION by this policy of insurance hereby insures ---------------- -- against War Risks as specified in Part II with respect to all imports to the Continental United States, excluding Alaska (except as to such imports as may be specifically excluded from this policy by special agreement noted hereon by endorsement and except as to such goods which the Assured may purchase under terms requiring the seller to place War Risk Insurance thereon) shipped or consigned to or by the Assured and for his account and risk or shipped or consigned to or by other parties for the account and at the risk of the Assured:

a. Under Ocean Bills of Lading dated on and after --------------------, or

b. If Ocean Bills of Lading not issued, under equivalent shipping documents dated on or after said date, or

c. If no Ocean Bills of Lading or equivalent shipping documents are issued or the same are undated, laden on over-seas vessel on and after said date.

For the purpose of this insurance, goods insured hereunder shall be valued at ------- -- --

Amending § 305.50 by deleting paragraph (b) (1) Regulations prescribed by War Shipping Administration for maintenance of either a Collateral Deposit Fund or Surety Bond and substituting the regulations hereinafter set forth effective forty-eight hours after the date of the publication of this supplement in the FEDERAL REGISTER:

§ 305.50 *Rules of procedure on open cargo war risk insurance on import cargoes.* * * *

(b) (1) It is necessary for an Assured to comply with the requirements of Clause 13 of Part II (§ 305.60) of Warshipopencargo Policy at all times.

An applicant desiring to establish a Collateral Deposit Fund in compliance with the requirement of Clause 13 of Part II (§ 305.60) of Warshipopencargo Policy must deposit with an Underwriting Agent of the War Shipping Administration, by whom the policy is to be issued, a certified check or cashier's check payable to the order of the Treasurer of the United States in an amount not less than $1,000, together with a letter of transmittal in quadruplicate in accordance with the form set forth in General Order No. 6, Supplement No. 1 and designated therein i–(4), (§ 305.54). Such a deposit when received will be held by War Shipping Administration under a serial number assigned thereto.

In the event any Assured fails to pay any premium due under any Warshipopencargo Policy issued by or on behalf of the War Shipping Administration as the same becomes due and payable, such default will give the War Shipping Administration the right to cancel the policy in accordance with its terms and to deduct such due amounts from such Assured's Collateral Deposit Fund.

Changes for amounts not less than $500 and by multiples of $500, in the amount of the Assured's Collateral Deposit Fund may be effected by the Assured at any time. The effect of any action taken by an Assured shall be the sole responsibility of the Assured, and shall in no manner relieve the Assured of the responsibility imposed by Clause 13 of Part II (§ 305.60) of the Warshipopencargo Policy.

Increase in the amount of the Collateral Deposit Fund will become effective upon the date of the receipt by the Underwriting Agent (meaning thereby, the particular Underwriting Agent of the War Shipping Administration by whom the policy was issued to the Assured) of a valid certified check or cashier's check payable to the order of the Treasurer of the United States accompanied by the transmittal form executed in quadruplicate by the Assured.

Decrease in the amount of the Collateral Deposit Fund will become effective, except as to shipments which at the time of the application for decrease have then attached under the Warshipopencargo Policy and on which premium has not been paid in full, upon the date of the receipt (as acknowledged) by the specified Underwriting Agent of Form No. (1) (§ 305.88) executed by the Assured in quadruplicate. Where Form No. (1) (§ 305.88) properly filled out is receipted for by an Underwriting Agent, the effect is such that with respect to all shipments which have not then attached, the Assured admits for all purposes except the actual repayment of that part of the Collateral Deposit Fund that actual repayment has been made.

Upon receipt by the Underwriting Agent of Form No. (1) (§ 305.88) requesting a decrease in the amount of the Collateral Deposit, it shall be the duty of the Underwriting Agent to immediately transmit the same to the Clearing Organization.

Unless an Assured has substituted a Surety Bond in an amount at least equal to the Collateral Deposit Fund before receipt by the specified Underwriting Agent of Form No. (1) (§ 305.88), (or unless the War Shipping Administration has waived in writing the requirement for the maintenance of a Collateral Deposit Fund for a Warshipopencargo Policy issued to an Assured which is a department or agency of the United States or acting on behalf of such a department or agency), an Assured will not become entitled to reimbursement by the War Shipping Administration of the Collateral Deposit Fund until a closing report is filed and premium has been paid in full with respect to all shipments which had attached at the time of the receipt by the Underwriting Agent of the application for decrease and an affidavit executed in quadruplicate as prescribed on Form No. 2 (§ 305.89) has been filed with the Underwriting Agent.

No decrease, other than for complete withdrawal of the Collateral Deposit, will be accepted which would bring the amount of deposit lower than the required minimum deposit of $1,000.

Whenever an Assured becomes entitled to a refund of the Collateral Deposit in whole or in part, by reason of the cancellation of the Warshipopencargo Policy, (or, by reason of the waiver by War Shipping Administration of the requirement of maintaining the Collateral Deposit Fund on a Warshipopencargo Policy issued to an Assured which is a department or agency of the United States or acting on behalf of such a department or agency) or, by reason of the substitution of a Surety Bond in place and stead of the Collateral Deposit Fund, as hereinbefore provided, War Shipping Administration, will, upon completion of the foregoing requirements, cause payment to be made by the Treasury of the United States to the party in whose name the Collateral Deposit was established.

The foregoing language shall not be construed as a requirement that an Assured who hereafter originally makes a collateral deposit must begin the deposit with a sum of money in an equal multiple of $500, or who has already established a deposit, must change the sum of money on deposit to an equal multiple of $500.

Amending § 305.50 (b) (2). The regulations appearing in paragraph (b) (2) of General Order No. 6, Supplement No. 1 are hereby supplemented by additional regulations as follows:

Changes in amount not less than $500 and by multiples of $500 of an Assured's Surety Bond may be effected by the Assured at any time. The effect of any action taken by an Assured shall be the sole responsibility of the Assured and shall in no manner relieve the Assured of the responsibility imposed by Clause 13 of Part II (§ 305.60) of the Warshipopencargo Policy. Increases in the amount of a Surety Bond will become effective upon the date of the receipt by the specified Underwriting Agent of a valid endorsement to the Surety Bond, countersigned by the Surety Company, accompanied by transmittal Form No. 3 (§305.90) executed by the Assured in quadruplicate.

Decrease in the amount of the Surety Bond will become effective, except as to shipments which at the time of the receipt by the Underwriting Agent of the application for decrease have then attached under the Warshipopencargo Policy and on which premium has not been paid in full, upon the date of the receipt by the specified Underwriting Agent of a valid endorsement to the Surety Bond countersigned by the Surety Company accompanied by transmittal Form No. 3 (§ 305.90) executed by the Assured in quadruplicate.

No decrease, except for cancellation, will be accepted which would bring the amount of the Surety Bond lower than the required minimum amount of $1,000.

Whenever an Assured becomes entitled to cancellation of a Surety Bond by reason of the cancellation of the Warshipopencargo Policy, (or, by reason of the waiver by War Shipping Administration of the requirement of maintaining a Surety Bond for a Warshipopencargo Policy issued to an Assured which is a department or agency of the United States or acting on behalf of such a department or agency) or, by reason of the substitution of a Collateral Deposit Fund of at least equal amount in place and stead of the Surety Bond, War Shipping Administration will cause a release to be executed; and hereby authorizes its Underwriting Agents to execute the release as set forth in Form No. 6 (§ 305.93) which must be forwarded to the Clearing Organization. Such releases must not be effective sooner than, and shall be of even date with, (i) the effective date of the cancellation of the policy when the cancellation of the Surety Bond is for that reason, or, (ii) the date of a written directive of War Shipping Administration waiving the requirement of the Surety Bond where the cancellation if for that reason, or (iii) the time when the Collateral Deposit Fund has been established when the concellation of the Surety Bond is for that reason.

The foregoing language shall not be construed as a requirement that an Assured who hereafter originally files a surety bond must procure a surety bond in an amount which is an equal multiple of $500, or who has already filed a surety bond, must change the amount of the surety bond to an equal multiple of $500.

§ 305.84 *Regulations for cancellation of a Warshipopencargo policy.* Effective with the date of the publication of this Supplement in the FEDERAL REGISTER, the following regulations are prescribed for cancellation of Warshipopencargo Policy:

Upon the filing with the specified Underwriting Agent of an application for cancellation of a Warshipopencargo Policy on Form No. 5, (§ 305.92) executed in quadruplicate by the Assured, together with the original Warshipopencargo Policy, cancellation of the Assured's Warshipopencargo Policy wil be effected with respect to all risks which have not attached prior to the effective date of cancellation (which must be a date not sooner than fifteen days following receipt by the specified Underwriting Agent of the application for cancellation.)

Such cancellation shall not effect the obligation of the Assured to file closing reports with respect to all risks which attached prior to the effective date of cancellation and to pay all unpaid premium.

Within four months of the effective date of cancellation, unless otherwise agreed by War Shipping Administration in writing, the Assured must file a closing report of all shipments covered by the Warshipopencargo Policy for which closing reports have not been previously filed. The Assured shall be required to mark this closing report "Final Closing Report on Cancellation of Policy", and file an affidavit on Form No. 9 (§ 305.96) executed by the Assured in quadruplicate. Thereafter when all unpaid premium has been paid, the Assured becomes entitled to a refund of the Collateral Deposit, or cancellation of the Surety Bond in accordance with the foregoing provisions of this Supplement No. 4 to General Order No. 6. (§§ 305.84 to 305.97 inclusive.)

§ 305.85 *Regulations governing declarations of shipments of cargo under Warshipopencargo policy.* Effective with the date of the publication of this Supplement in the FEDERAL REGISTER, the following regulations governing declarations of shipments of cargo under Warshipopencargo Policy Form are prescribed:

For the purpose of declaring shipments of cargo insured by a Warshipopencargo Policy, each such shipment must be classified as either an inward or an outward shipment.

Classification shall be determined by reference to the geographical location of the Assured under a Warshipopencargo Policy with respect to the movement of the shipment. For the purpose of determining the geographical location of the Assured the address stated in the application for the Warshipopencargo Policy shall be deemed the Assured's geographical location.

Thus, if an Assured has stated in his application that his address is in Hawaii, and the Assured's Warshipopencargo Policy covers shipments (a) of manufactured goods from the United States to Hawaii and (b) of pineapple from Hawaii to the United States, the geographical situation of the Assured in relation to the movement of said shipments would be such that (1) would be classified inward and (2) would be classified outward.

Each provisional and closing report of shipments must keep distinct the classification of outward or inward by reporting all outward shipments on one report and all inward shipments on one report, and in an instance where a single insured voyage presents a combination of an inward and outward shipment, the Assured must declare the entire voyage on the inward shipment form, as the same will be deemed an inward shipment for the purposes of reporting.

Shipments classed as outward are not required to be reported provisionally.

Whenever a sea passage is made with respect to cargo covered under a Warshipopencargo Policy by a barge or sailing vessel the Assured shall be required to note that fact upon the closing report.

An Assured reporting for one calendar month must not include therein a report of a shipment due to be reported in the report for the next succeeding calendar month. Thus, the report of January closing shipments filed in February should not include February closings.

Amending § 305.50 (3)-(d) Effective with the date of the publication of this Supplement in the FEDERAL REGISTER, the second paragraph of section "(d) Closing Reports" of General Order No. 6, Supplement No. 1 (§ 305.50 (d) (3)) is hereby deleted and the following regulations are substituted:

In the event that the Assured has no shipments for any preceding calendar month to report during any given month, the standard form of closing report must nonetheless be filed as prescribed herein and either or both of the following statements depending upon their applicability to the Assured must be noted thereon:

(i) It is certified that no inward shipment coming within the scope of this policy arrived at destination during the preceding calendar month, and that during the preceding calendar month no knowledge has come to the Assured of an inward shipment covered under the terms of the policy which will not arrive by reason of loss, frustration or other similar cause.

(ii) It is certified that no outward shipment coming within the scope of this policy was made.

One certified or cashier's check in payment of the premiums due under sets of inward and outward reports for the same period will be acceptable.

Amending § 305.59 *Standard form of Warshipopencargo Policy Form Part 1.* Effective forty-eight (48) hours after the date of the publication of this Supplement in the FEDERAL REGISTER the Cancellation Clause appearing in Part 1 of Warshipopencargo Policy Form is deleted and the following Cancellation Clause is substituted therefor:

This policy may be cancelled at any time upon 15 days written or telegraphic notice to or by the Assured or 15 days subsequent to the publication of a notice of cancellation in the FEDERAL REGISTER: *Provided, however,* That no such cancellation shall terminate this policy with respect to any shipments which have become at risk under the terms hereof prior to the effective date of such notice.

§ 305.86 *Additional regulations.* The following additional regulations are hereby promulgated to become effective with the date of the publication of this Supplement in the FEDERAL REGISTER.

In support of a claim for loss, an Assured shall be required to file as part of his proofs of loss, a certificate on Form No. 7 (§ 305.94) properly executed.

For an application for revision in the terms of coverage in a Warshipopencargo Policy an Assured must use Standard Form No. 8 (§ 305.95).

Amending § 305.51 *Application for open policy.* Effective with the publication of this Supplement in the FEDERAL REGISTER, the Standard Form of Application for an Open Policy set forth in paragraph (i-11) of General Order No. 6, Supplement No. 1 (§ 305.51) is deleted and Standard Form of Application Form No. 10 (§ 305.97) is hereby substituted therefor.

Amending § 305.61 *Standard form of surety bond.* Effective 48 hours after the date of the publication of this Supplement in the FEDERAL REGISTER the Standard Form of Surety Bond (i-11) (§ 305.61) set forth in General Order No. 6, Supplement No. 1 is amended by deleting the words "Resident Vice President" and "Resident Assistant Secretary" appearing at the end thereof, and by adding the following language:

NOTE. War Shipping Administration requires the signature by or on behalf of the Assured to appear on this bond.

§ 305.61 *Standard form of surety bond.* (a) Effective 48 hours after the publication of this Supplement in the FEDERAL REGISTER approval is hereby given for the accomplishment of a surety bond by the surety company through one of the following methods:

(1) Accomplished by an officer with an attest.

(2) Accomplished by an Attorney-in-fact with the attest by another Attorney-in-fact.

(3) Accomplished by signature by a single Attorney-in-fact with no attest, but the surety company's seal affixed to the document.

(b) Effective forty eight (48) hours after the date of the publication of this Supplement in the FEDERAL REGISTER whenever a bond is used in procuring the issuance of a Warshipopencargo Policy, the Standard Form of Surety Bond as set forth in Paragraph (i-11) of General Order No. 6, Supplement No. 1 (§ 305.61) with respect to paragraphs 2 and 3 of said form must contain the following language at paragraphs 2 and 3:

The condition of this obligation is such that whereas ------------------------------ Principal, under application dated the ------ ------------ day of ---------------, 19--, has applied for the issuance of a Warshipopencargo Policy by War Shipping Administration, and

Whereas, War Shipping Administration has agreed to accept this bond as a guarantee of the payment of all premiums due and payable under the terms and conditions of such Warshipopencargo Policy when issued, or endorsements thereto or modifications thereof, whether or not consented to by the surety.

Amending § 305.53 *Affidavit to be attached to closing report.* Effective with the date of publication of this Supplement in the FEDERAL REGISTER, the Standard Form of Affidavit to be attached to a closing report set forth in General Order No. 6, Supplement No. 1, as paragraph (i) (3) (§ 305.53) is deleted and form No. 11 substituted therefor.

The following forms Nos. 1 to 11 inclusive are hereby prescribed as the respective Standard Forms for use in carrying out the provisions of the foregoing sections:

§ 305.98 *Standard optional endorsement No. XII.* Notwithstanding the provisions of General Order No. 6, Supplement No. 3 (§ 305.73) with respect to the limitation of the amount collectible in the event of loss under a Warshipopencargo Policy, an Assured may hereafter endorse such a policy to cover all shipments of goods coming within the scope of the Assured's Warshipopencargo Policy according to the provisions of the following Standard Optional Endorsement No. XII.

Standard optional endorsement No. XII. It is understood and agreed that with respect to all shipments coming within the scope of this policy, the provisions of Part I hereof set forth in Paragraphs (a) (b) (c) (d) (Sec. 305.73 Part I of the Warshipopencargo Policy) limiting the amount collectible in the event of loss are hereby deleted and the following substituted therefor: "In the event of loss the Assured shall be required to file an affidavit to the effect that the amount claimed does not exceed the actual bona fide pecuniary loss to the Assured, exclusive of any allowance for anticipated or accrued profit arising out of the insured venture. Such affidavit shall be subject to the provisions of section 35 (a) of the Criminal Code."

All other terms and conditions remain unchanged.

An Assured who had a Warshipopencargo Policy in effect on September 15, 1942, which has been continuously maintained in effect with respect to all its provisions to the date of the publication of this Supplement in the FEDERAL REGISTER, may request his Underwriting Agent to endorse the Assured's Warshipopencargo Policy with the above endorsement retroactively to September 15, 1942, provided request for retroactive application of the endorsement is made within seven days from the date of the publication of this Supplement in the FEDERAL REGISTER. Except as aforesaid the Underwriting Agent must not endorse a Warshipopencargo Policy with Standard Optional Endorsement No. XII retroactively.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1562]

DISTRICT BOARD 17

ORDER REDESIGNATING TRIAL EXAMINER AND CHANGING PLACE OF HEARING

In the matter of the petition of District Board No. 17 for revision of the effective minimum prices for coals produced and shipped by rail from mines in Subdistricts Nos. 11, 12, 15 and 16 in District No. 17 to destinations in Market Area 203.

A hearing upon the original petition in the above-entitled matter convened at Washington, D. C., on October 5, 1942, pursuant to a Notice of and Order for Hearing entered therein on September 2, 1942.

District Board No. 17, the original petitioner, was not represented at the above-mentioned hearing nor was any evidence introduced in support of the relief requested in the original petition.

Accordingly, the hearing was continued pending further order of the Director.

Petitioner has requested that the place of hearing in this matter be changed to Denver, Colorado, and it appears that the granting of such request will not result in inconvenience to either the Division or interested persons.

Now, therefore, it is ordered, That the place of hearing in the above-entitled matter be, and it hereby is, changed from Washington, D. C., to a hearing room of the Division at the Circuit Court Room, Post Office Building, Denver, Colo.

It is further ordered, That the hearing in the above-entitled matter be resumed on November 20, 1942, at 10 o'clock in the forenoon of that day at the place above designated.

It is further ordered, That D. C. McCurtain shall preside at such hearing vice Edward J. Hayes.

Dated: October 20, 1942.

COLORADO FUEL & IRON CORP.

ORDER POSTPONING HEARING

In the matter of the application of Colorado Fuel & Iron Corporation for exemption pursuant to section 4-A of the Bituminous Coal Act of 1937.

A hearing in the above-entitled matter having heretofore been scheduled for 10 o'clock in the forenoon of October 26, 1942, at Circuit Court Room, Post Office Building, Denver, Colorado, and it appearing appropriate that the said hearing should be postponed;

Now, therefore, it is ordered, That the hearing in the above-entitled matter be, and it hereby is, postponed from 10 o'clock in the forenoon of October 26, 1942, to 10 o'clock in the forenoon of November 19, 1942 at the Circuit Court Room, Post Office Building, Denver, Colorado.

SAHARA COAL COMPANY, CODE MEMBER

ORDER GRANTING APPLICATION

Order granting application filed pursuant to § 301.132 of the Rules of Practice and Procedure for disposition hereof without formal hearing and cancelling hearing, and cease and desist order.

A complaint dated November 10, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act") having been duly filed on November 12, 1941 by the Bituminous Coal Producers Board for District No. 10, a District Board ("Complainant"), with the Bituminous Coal Division (the "Division") alleging that the Sahara Coal Company, a code member (the "Code Member") which operates the Sahara No. 5 Mine, Mine Index No. 156, located in Saline County, Illinois, in District No. 10, wilfully violated the provisions of the Act, the Bituminous Coal Code (the "Code") the Schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck as amended (the "Schedule") and rules, regulations and orders promulgated by the Division pursuant to the Act as more fully set forth in the complaint; and

The complaint and Notice of and Order for Hearing herein dated January 14, 1942 having been duly served on the Code Member on January 23, 1942; and

An application dated February 16, 1942 of the Code Member, pursuant to § 301.132 of the Rules of Practice and Procedure before the Division, having been duly filed with the Division on February 16, 1942, and a supplemental application dated February 19, 1942, pursuant to said § 301.132 having been duly filed on February 21, 1942; and

The hearing herein having been postponed by order dated February 23, 1942, to a date and place to be thereafter designated by appropriate order; and

Notice of the filing of said application and supplemental application having been published in the Federal Register on March 9, 1942, pursuant to said § 301.132 and a conformed copy thereof having been duly mailed to the Complainant herein; and

Said notice of filing having provided that interested parties desiring to do so might within fifteen (15) days from the date of said notice file recommendations or requests for informal conferences with respect to said application and supplemental application; and

The Code Member having admitted in said application and supplemental application that it wilfully violated the Act, the Code, and rules and regulations thereunder as alleged in the complaint herein and having consented among other things to the disposition hereof by the entry herein of a cease and desist order; and

Complainant herein having on February 19, 1942 filed with the Division its written consent to the disposition of this matter by the issuance of a cease and desist order herein; and

An informal conference with respect to said application and supplemental application thereto having been held at a hearing room of the Division on July 8, 1942, at Washington, D. C.;

Now, therefore, pursuant to the authority vested in the Division by section 4 II (j) of the Act authorizing it to adjust complaints of violations and to compose differences of the parties thereto, upon the said application and supplemental application filed pursuant to said § 301.132 of the Rules of Practice and Procedure for disposition without formal hearing of the charges contained in the aforesaid complaint filed herein, upon said consent of the Complainant herein, and upon evidence in the possession of the Division:

It is hereby found that:

(A) Sahara Coal Company is a corporation organized and existing under and by virtue of the laws of the State of Delaware, is authorized to do business in the State of Illinois, and is engaged primarily in the production and distribution of bituminous coal.

(B) Sahara Coal Company filed with the Division its code acceptance dated June 18, 1937 which became effective as of June 20, 1937, since which time Sahara Coal Company has been and now is a code member in District No. 10. During the period when the violations hereinafter found occurred, Sahara Coal Company was engaged in mining coal produced at the Sahara No. 4 Mine, Mine Index No. 1571, the Sahara No. 5 Mine, Mine Index No. 156, the Sahara No. 10 Mine, Mine Index No. 157, and the Sahara No. 16 Mine, Mine Index No. 1518, all located in District No. 10. The entire production of the said Sahara Nos. 4 and 5 Mines and a portion of the coal produced at the said Sahara Nos. 10 and 16 Mines was transported as run of mine coal to the Central Preparation Plant of the Code Member at Harrisburg, Illinois, where the run of mine coal produced at the aforesaid mines was washed and then screened or crushed into various sizes. After the coal was prepared and processed at the said Central Preparation Plant it was sold to various purchasers.

(C) The Central Preparation Plant of the Sahara Coal Company is equipped with modern machinery consisting of washing equipment, crushers, and classifying screens for the production of washed prepared coal. The run of mine coal produced at the mines of Code Member enters the plant and is washed and prepared by passing in a continuous flow through a series of washers, crushers, and classifying screens. At certain points in the preparation process, certain sizes are prepared which may be segregated from the continuous flow of coal in the plant and loaded separately for shipment or which may be reassembled with other component sizes to form a single size of coal.

Among the various sizes of coal prepared at the said plant, Sahara Coal Company prepared 1″ x ⅜″ washed screened coal (Size Group No. 19), 1½″ x 1″ washed screened coal (Size Group No. 18) and ⅜″ x ½ m.m. washed carbon (Size Group No. 25). Each of these three sizes, by virtue of the construction of said Central Preparation Plant, could be loaded directly from the plant into rail cars for shipment to purchasers or could be reassembled to form screened 1½″ x ½ m.m. washed screened coal (Size Group No. 24).

Sahara Coal Company also prepared 1″ x 0 coal (Size Group No. 24) by crushing in said plant the 1½″ x 1″ washed screenings (Size Group No. 18), which could likewise be mixed with the various sizes of washed screenings or loaded directly from the plant into rail cars for shipment.

Sahara Coal Company prepared at this plant a special coal for small stoker use having outside dimensions of 1½″ x 1 m.m., which it sold as "washed stoker screenings." When preparing such "washed stoker screenings," Sahara Coal Company mixed with the entire production of the washed screened 1″ x ⅜″ coal (Size Group No. 19) the entire production of the 1″ x 0 coal (Size Group No. 24) crushed from the 1½″ x 1″ washed screenings (Size Group No. 18), and a small proportion (less than 5%) of ⅜″ x 0 coal (Size Group No. 25). Such "washed stoker screenings," which were considered by Sahara Coal Company as a manufactured product, were a mixture which, in comparison to 1″ x 1 m.m. washed screenings (Size Group No. 24) had a very substantially smaller proportion of fines which were qualitatively more satisfactory for small stoker use.

The Sahara Coal Company engaged in the practice of mixing coal in this manner and selling such "washed stoker screenings," as Size Group No. 24 coals, both before and after, as well as during the period of the violations alleged in the complaint herein.

(D) By virtue of the provisions of Price Instruction No. (A) 4 and No. (A) 5 in the Schedule, which are applicable in the absence of a specific price instruction to the contrary, when two or more sizes of coal are mixed the minimum price for such mixture is the minimum price for the size contained in such mixture having the highest minimum f. o. b. mine price, with the exception that the term "mixture" does not include the reassembling of component size groups into one size group having the normal top and bottom dimensions, the normal qualitative characteristics and the normal size consist for such size group. Since the facts found in paragraph (C) hereof show that the said "washed stoker screenings" were a "mixture" and not "reassembled screenings," Sahara Coal Company therefore wilfully violated section 4 II (e) and section 4 II (i) (8) of the Act, Part II (e) and Part II (i) (8) of the Code and Rule 8 of section XIII of the Marketing Rules and Regulations by selling as Size Group No. 24 during the period October 1, 1940 to February 18, 1942, both dates inclusive, "washed stoker screenings" prepared in the aforesaid manner, including the coal sold as alleged in the complaint herein, whereas the effective minimum f. o. b. mine price for such "washed stoker screenings" a manufactured mixture of Size Group No. 19, Size Group No. 24, and Size Group No. 25 coals, was the applicable effective minimum price for Size Group No. 19 coals for rail shipment.

(E) On the basis of violations described in paragraphs (C) and (D) hereof, Sahara Coal Company should be directed to cease and desist from all violations of the Act, the Code and rules and regulations thereunder.

Now, therefore, on the basis of the above findings, said admissions and consent filed by Sahara Coal Company pursuant to § 301.132 of the Rules of Practice and Procedure and said consent filed by the Complainant herein;

It is ordered, That the said application and supplemental application be and the same hereby are granted; and

It is further ordered, That the hearing herein heretofore postponed by order dated February 23, 1942, to a date and place to be thereafter designated by appropriate order be and the same hereby is cancelled; and

It is further ordered, That Sahara Coal Company, its representatives, servants, agents, officers, employees, attorneys, receivers, and successors or assigns and all persons acting or claiming to act on its behalf or in its interest cease and desist and they hereby are permanently enjoined and restrained from violating the Bituminous Coal Act, the Bituminous Coal Code and rules and regulations issued thereunder; and

It is further ordered, That upon any failure to comply with the restraining provisions of this Order, the Division may apply to any Circuit Court of Appeals of the United States having jurisdiction for the enforcement hereof, or take other appropriate action.

Dated: October 19, 1942.

[Docket No. 601-FD]

AMERICAN ROLLING MILL CO.

NOTICE OF AND ORDER FOR HEARING

In the matter of the application of the American Rolling Mill Company for exemption pursuant to section 4-A of the Bituminous Coal Act of 1937.

An application for a determination of the status of the coal produced at the Nellis Mine, Mine Index No. 346, and at the Marting Mine, Mine Index No. 320, of the American Rolling Mill Company in District No. 8, having been filed by the above-named applicant pursuant to the second paragraph of Section 4-A of the Bituminous Coal Act of 1937;

It is ordered, That a hearing in the above-entitled matter, under the applicable provisions of said Act and the rules of the Division, be held on November 16, 1942, at 10 o'clock in the forenoon of that date at a hearing room of the Bituminous Coal Division in Washington, D. C. On such day the Chief of the Records Section in the offices of the Division, Washington, D. C., will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said applicant and to all other parties herein and to all persons and entities having an interest in these proceedings and eligible to become a party herein. Any person or entity eligible under section VII (i) of the Rules of Practice and Procedure before the Bituminous Coal Division may file a petition for intervention not later than fifteen (15) days after the date of the issuance of this Notice of and Order for Hearing.

Notice is hereby given that:

(1) Within fifteen (15) days from the date of the issuance of this Notice of and Order for Hearing, the applicant and each interested party shall file with the Division a concise statement in writing of the facts expected to be proved by such person at the hearing. Interested parties shall also file a written intervention in compliance with Rule VIII of the aforesaid Rules of Practice and Procedure. The statements of facts shall be considered as pleadings and not as evidence of the facts therein stated. The affirmative evidence offered by a party at the hearing shall be limited to the said statements of facts filed by such party.

(2) If no written statement of the facts expected to be proved at the hearing is filed by the applicant within the 15-day period, in the absence of extenuating circumstances, the application shall be deemed to have been withdrawn on the expiration of said period in accordance with the provisions of Rule VII (g) of the aforesaid Rules of Practice and Procedure.

(3) If the applicant does not appear and offer evidence in support of its statements of facts, in the absence of extenuating circumstances, the application shall be deemed to have been withdrawn in accordance with the provisions of section VII (g) of the aforesaid Rules of Practice and Procedure.

(4) The burden of proof in this proceeding shall be on the applicant.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the application, other matters necessarily incidental and related thereto, which may be raised by amendment to the application, petitions of intervenors or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this application.

The matter concerned herewith is in regard to the application of The American Rolling Mill Company for a determination of the status of coal produced at its Nellie Mine, Mine Index No. 346, and at its Marting Mine, Mine Index No. 320, in District No. 8. The said application alleges that such coal is exempt from Section 4 of the Act because it is coal produced, transported and consumed by the applicant within the meaning of section 4 II (1) of the Bituminous Coal Act of 1937.

Dated: October 20, 1942.

[Docket No. A–1660]

DISTRICT BOARD NO. 2

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 2 for the revision of Rule 1 (I) of section VII of the marketing rules and regulations established by the Division.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on November 17, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, Washington, D. C. On such day the Chief of the Records Section will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Cuff or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 12, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to a petition filed by District Board No. 2 requesting a revision of Rule 1 (I) of section VII of the Marketing Rules and Regulations established by the Division, which provides, among other things, that the seller shall charge interest after the due date of the account, by adding thereto the following:

> This rule shall not be applicable in the case of sales of bituminous coal made to domestic consumers for private residence heating.

Dated: October 20, 1942.

[Docket No. B–245]

DOWLING COAL COMPANY

ORDER GRANTING APPLICATION, ETC.

In the matter of Lawrence H. Dowling, doing business as Dowling Coal Company, registered distributor, registration No. 2472.

Order granting application filed pursuant to § 301.132 of the rules of practice and procedure before the division, suspending registration as a distributor, directing distributor to cease and desist from further violations, and cancelling hearing.

The above-entitled matter having been instituted by the Bituminous Coal Division (the "Division") pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors (the "Distributor's Rules") by a Notice of and Order for Hearing, dated May 29, 1942, and served on the said Lawrence H. Dowling, doing business as Dowling Coal Company (the "Distributor") on June 5, 1942, to determine whether the said distributor had violated the Bituminous Coal Act of 1937 (the "Act"), the Bituminous Coal Code (the "Code"), and orders, rules and regulations thereunder, and his Distributor's Agreement, dated April 23, 1940, as more fully set out in said Notice of and Order for Hearing; and

This matter having been scheduled for hearing on June 30, 1942, at a hearing room of the Division in Washington, D. C., pursuant to said Notice of and Order for Hearing, and having been postponed by an order of the Acting Director issued on June 25, 1942, to a time and place to be thereafter designated; and

An application based upon admissions for the disposition of the above-entitled matter without formal hearing, (the "Application"), pursuant to § 301.132 of the Rules of Practice and Procedure Before the Division (the "Admission Rules"), dated June 22, 1942, having been filed by said distributor with the Division on said date; and

A notice that said application had been filed by said distributor with the Division, and providing that interested parties desiring to do so may file recommendations or request for informal conference in respect to said application within fifteen (15) days from July 4, 1942, the date of said notice, having been published in the FEDERAL REGISTER, pursuant to said Admission Rules, on July 7, 1942, and it appearing that no such recommendations or requests have been filed; and

It appearing from said application as amended by said distributor's affidavit dated July 6, 1942, and filed with the Division on July 7, 1942, that said distributor (1) admits having committed the acts and having failed to take action resulting in the violations of the Act, the Code and orders and regulations thereunder, and his Distributor's Agreement, which are alleged in paragraphs 1 to 5, inclusive, of the Notice of and Order for Hearing issued herein on May 29, 1942, and in addition thereto that he made deliveries after thirty (30) days after the effective dates of spot orders for coal purchased from C. A. Hughes & Company, Cresson, Pennsylvania, a code member, and New England Coal & Coke Company, a subsales agent for Koppers Coal Company, a code member, and consents to the entry of an order herein (a) directing said distributor to return to code members the discounts or commission which were unlawfully accepted and retained by him as set forth in the violations alleged in paragraphs 1 to 4, inclusive, of said Notice of and Order for Hearing, (b) suspending his registration as a distributor for a period of sixty (60) days from the date of the service of such order and (c) directing said distributor to cease and desist from further violations of the Act, the Code and orders and regulations thereunder, and his Distributor's Agreement; and

It further appearing from said application that the distributor represents that he has not, to the best of his knowledge and belief, committed any violations of the Act, the Code, or regulations thereunder other than those described in said application; and

It further appearing from said affidavit by said distributor dated July 6, 1942, and his supplemental affidavit dated August 6, 1942, and filed with the Division on August 24, 1942, that said distributor has repaid to the code members, referred to in paragraphs 1 to 4, inclusive, of the said Notice of and Order for Hearing, the discounts totalling $154.73 which said distributor had accepted and retained on the coal purchased for resale from said code members;

Now, therefore, pursuant to the authority vested in the Division by section 4 II (h) of the Act and § 304.14 of the Rules and Regulations for the Registration of Distributors, and upon the basis of the admissions contained in said application, as supplemented by the aforesaid affidavits which were heretofore filed with the Division, and upon other evidence in the possession of the Division:

I. It is hereby found that:

1. A verified Application for Registration as a Registered Distributor and Agreement by Registered Distributor, dated April 23, 1940, was filed with the Division on April 25, 1940, by Lawrence H. Dowling, an individual, trading and doing business under the name and style of Dowling Coal Company, 424 Bell Building, Manchester, New Hampshire; and

2. Pursuant to section IV of the Rules and Regulations for Registration of Distributors, which appear as Appendix A to the Order of the National Bituminous Coal Commission (the "Commission") issued in General Docket No. 12 on March

24, 1939, as amended by an order of said Commission issued in said General Docket on June 20, 1939, which orders were adopted and ratified by an order of the Division issued on July 1, 1939, said Application and Agreement were approved, the said Lawrence H. Dowling, doing business as aforesaid, was registered as a distributor, effective as of April 27, 1940, and Certificate of Registration No. 2472 was issued to the said Lawrence H. Dowling, trading and doing business as Dowling Coal Company; and that said distributor has been since the last mentioned date and is now acting as a registered distributor.

II. It is hereby further found that said distributor:

1. During the period January 20, 1941, to March 28, 1941, both dates inclusive, purchased for resale and resold to the Emerson Manufacturing Company, approximately 274 net tons of run of mine coal produced by Forks Coal Mining Company, a code member in District No. 1, at its Hughes No. 11 Mine, Mine Index No. 219, at $2.20 per net ton, the applicable minimum f.o.b. mine price for said coal; and in said transaction accepted and retained a discount of 25 cents per net ton from said mine price, which discount was in excess of the maximum allowable discount of 12 cents per net ton prescribed by the Division in the Order of the Director issued in General Docket No. 12, on June 19, 1940, resulting in a violation by said distributor of paragraph (a) of his Agreement;

2. On or about January 9, 1941, purchased for resale and resold to Tilton Worsted Mills, Tilton, New Hampshire, approximately 54.15 net tons of run of mine coal produced by J. Bruce Anderson, an individual doing business as Helen Jennings Coal Company, a code member producer at his Helen Jennings Mine, Mine Index No. 660, located in District No. 1, whereas minimum prices, temporary or final, had not been established by the Division for said coal, thereby participating in a violation by said code member of the order issued in General Docket No. 19, on October 9, 1940, resulting in a violation by the said distributor of paragraph (e) of his Agreement;

3. During the period January 20, 1944, to February 25, 1941, both dates inclusive, purchased for resale and resold to said Tilton Worsted Mills, Tilton, New Hampshire, approximately 110 net tons of run of mine coal produced by said J. Bruce Anderson, at his aforesaid mine, at $2.45 per net ton, the applicable minimum f. o. b. mine price for said coal, and in said transaction accepted and retained a discount of 17 cents per net ton from said minimum price, which discount was in excess of the maximum allowable discount of 12 cents per net ton prescribed by the Division in the Order of the Director issued in General Docket No. 12, on June 19, 1940, resulting in a violation of paragraph (a) of his Agreement;

4. On or about September 23, 1941, granted settlements or allowances of twenty-five (25) cents per net ton to Manchester Gas Company, Manchester, New Hampshire, and to Public Service Company, Manchester, New Hampshire, on claims for alleged substandard preparation on the resale to said purchasers of approximately 486 net tons of 1¼" nut and slack coal produced by said J. Bruce Anderson, an individual doing business as Helen Jennings Coal Company, at his aforesaid mine, and purchased for resale by said Distributor from said code member, the granting of which settlements or allowances by said Distributor resulted in the resale of said coal to said purchasers at prices below the minimum therefor established by the Division in the Schedule of Effective Minimum Prices for District No. 1. For All Shipments Except Truck, as amended and supplemented by Order of the Director entered in Docket No. A–663, dated April 18, 1941, without complying with the provisions of section X of the Marketing Rules and Regulations, resulting in violations by said distributor of Rule 1, subparagraphs (a), (b), (c), and (d) of said section X, Section 4 Part II (e) of the Act, Part II (e) of the Code, and paragraphs (b), (e) and (f) of his Agreement;
